BENTON MERCHANTS ARE DECORATING STORE WINDOWS FOR HOLIDAYS

More than \$6,500 was distributed here Monday to Christmas members by the Bank of Benton and the Bank of Marshall County. The 2 banks released their second Christmas Savings fund Wednesday and the amount shows an increase over the 1948 fund.

The monies will be channeled for the most part into Benton business houses, adding a boost to holiday shopping.

Both of the Banks in Benton announced this week the beginning of another Christmas Savings Club on December 1st.

The Christmas shopping season has already begun in some Benton stores, especially in the Toyland's in several different stores. Some merchants have begun decorating their stores for the holiday season and others are planning to follow shortly after Thanksgiving. No announcement has been made yet as to when decorations will go up around the court square.

The past two years have seen a great improvement in the interest shown by citizens to decorate shops, streets and windows for the holiday season.

## Robbers Fail To Crack Safe At Treas Lumber Co.

SAFE IS DAMAGED IN ATTEMPT TO FORCE FIRM'S MONEY

SEE OUR NEW DRESS THIS WEEK ? ?

It is not entirely a new dress—the Marshall Courier just has that NEW LOOK—8 columns in width, and as wide as anybody's newspaper, except, we believe, the Woodford County Sun, which used to be 9 columns wide.

Ours is not entirely new, but has been "remade" at a very small cost. It needs a few of the wrinkles pressed out, a hem here and a button hole somewhere else, but it will do us, and we hope you too, until . . . well until we get a complete new outfit.

Our tailor has our measurements and you may be surprised how we do look some day.

The public is invited to visit the showrooms of the Roberts Motor Co. and see the new 1950 Pontiac on display.

Lecl Williams, Manager of the National Store here, was in Nashville Monday on business.

Reports were current here this week, but not official, that the murder will be probed further at the next session of the grand jury.

It would be difficult to reckon the full value of the telephone to your business. A single call may close a deal worth hundreds of dollars—save an expensive trip—sign up a new account—or make a friend for your firm. Your telephone is a means of doing more business and doing it faster, better, more economically.

When you consider the many different ways it serves you, in comparison to the price you pay, telephone service stands out as a real bargain in your business.

And its value keeps increasing as service becomes faster and better and the number of customers and prospects you can call grows day by day.
