The Seminole

The Seminole, long standing crack train of the Illinois Central, and the train that has hauled more pleasure seekers and land prospectors to Florida than any other train in the country, is now operated in two sections all the way through. The Seminole has been operated in two sections over certain sections of the route for sometime, which is very unusual for this time of the year, but recently the travel became so heavy that the I. C. was forced to operate the train in two sections all the way through. One section is solid Pullman, the other carrying mail, express, day coaches and a diner. Both sections now have dining car service, and are pulled over the Tennessee Division by the large mountain type locomotive, which insures on time service. The schedule of the train has also been shortened considerably, between Chicago and Jacksonville. This change was made on the recent issue of the new time table, when the schedules and numbers of several trains were changed. It is anticipated in railroad circles that the travel both to and from Florida this year will be the heaviest ever experienced, and for that reason the Illinois Central plans to inaugurate the Florida, which is the De Luxe train to Florida, about the 18th of next month. This is a month and a half earlier than this train has been started before, and will operate daily, and if travel continues to increase as it has in the last few months, this train will doubtless be operated in two sections, however, that is not anticipated at this time, as it is thought that the two sections of The Seminole, together with The Florida, will amply take care of the travel both to and from the playgrounds in Florida.

Both The Seminole and The Florida are wonderful trains, and the comfort and accommodations on both are not excelled on any railroad. The Illinois Central has spared nothing to make these trains all that they are claimed to be, and we understand, have recently installed a radio set in the observation car on The Seminole in order that its patrons may enjoy the Nation's programs as they hasten on to their destination. If you are going to Florida—ride The Seminole or The Florida, and enjoy your trip.

Business Increasing on I. C.

It is reported that the business on the Illinois Central is materially increasing, and already a campaign has been started to load cars to their full capacity in order to avoid a possible car shortage. The I. C. is urging all shippers to see that cars are fully loaded, and that no space is wasted, in order that more cars will be available to handle the heavy fall and winter business. Cotton loading has started and the I. C. has already put on extra force at a number of the heavy cotton loading stations, to promptly take care of the business. All employees in the train service who have been cut off have been recalled and a few new men have been employed, preparatory to handling the increased business. It is thought that with the business which will be delivered to the I. C. by the G. & S. I. railroad, which road was recently acquired by the Illinois Central, that business will be much better in the future than heretofore, all of which must pass through Fulton en route east or north, and will necessarily increase the work on the Tennessee Division. We understand that Camp No. 1 of Nelson & Company will move into Fulton and commence work on the new yard just as soon as they have completed the work at this camp, which will probably be around the 15th or 30th of next month and that the installation of the new yards will

be pushed through, in order to have trackage room to take care of the expected increase in business. The construction of the new yard will also increase the personnel at Fulton, and will in many ways benefit our city. The work on the new Edgewood line is progressing rapidly, and the finishing touch to the road bed will probably start in the spring, followed thereafter by laying the rail. Everything possible will be done, we are informed, to complete the line on schedule time, as outlined by President Markham when the work was first started.

Arm Broken

The friends of Mrs. T. F. Moore, associate editor of The Leader, regret to learn of her painful accident several days ago when she fell and suffered a broken arm just above the wrist. She is reported resting easy today and will soon be out again.

BILL BOOSTER SAYS

AIN'T GOT MUCH TIME TO WORRY OVER THE WAY PEOPLE ARE BUYING AUTOMOBILES, BECAUSE THE AUTO IS ADDING YEARS TO THEIR LIFE, MIGHT AS WELL BE BUYING CARS AS CEMETERY LOTS, I SAY! THE AUTO PAYS BIG DIVIDENDS IN HEALTH AND HAPPINESS!

W. C. T. U.

The local W. C. T. U. closes its 15th year with this month. The record made is the best in its history. Its work is along preventive lines.

Mrs. J. J. Owen, who has made a most excellent president, retires to take the department of young people's work.

Mrs. R. B. Beadles, who has been so long as corresponding secretary, under the new regime, becomes superintendent of publicity.

Mrs. A. H. Gregory, who has made a most faithful treasurer for years, has been re-elected. The Union meets each first and third Wednesday.

The State Convention will be held in Bowling Green, October 13 to 16. The Fulton delegates will report 103 paid members which is a net gain of 32. Lost by removal, 5, and by death, 1 member.

Collected for all purposes, \$210.00 which is splendid when one remembers the dues are \$1 per year.

The Union maintains a box of literature and magazines at the passenger station.

A most successful booth and rest room were conducted at the county fair.

1600 leaflets and 260 papers were distributed.

The outlook for the new year is most encouraging, with the following corps of officers:

Mrs. J. M. Chambers, Sr., president; Mrs. J. J. Owen, active vice-president; vice-presidents from the churches: Mesdames T. M. White, Will Terry, A. H. Gregory, Ed H. Heywood, Fred Worth and D. M. Baulch; Mrs. E. H. Lovell, cor. sec.; Mrs. J. E. Shannon, rec. sec.; Mrs. A. H. Gregory, treasurer; Superintendents of departments: Mrs. Lovell, Americanization; Mrs. Redfearn, Bible in Schools; Mrs. Read, Child Welfare; Mrs. Berninger, Exhibits and Fairs; Mrs. Wolfgram, Evangelistic; Mrs. Gray, Flower Mission; Mrs. Owen, Young People; Mrs. Beadles, Publicity.

The Union is glad to have three charter members retain their membership here, though living elsewhere. They are Mrs. Jennie K. Hill, Rocky Mt., N. C.; Mrs. L. M. Smith, Buffalo, N. Y.; and Mrs. G. C. Wells, Memphis, Tenn. A visit from Mrs. Smith is anticipated this fall.

This fall season is a big button season. We are well fixed with this line at 5c and 10c a doz. Baldrige Variety Store.

Mrs. Hattie Fields is visiting her daughter, Mrs. E. C. Rice, in Springfield, Mo.

King Cotton's Triumph In Fulton

On our rounds the past week, we visited the Fulton gin—just about the liveliest place of interest to be found in this vicinity. On entering the office of the Fulton Gin Company, Joe Davis, the manager, gave us a warm welcome and showed us over the plant. It was really interesting to see how quickly the cotton was ginned and baled ready for shipment. But perhaps the most interesting part of our visit was to learn that more than two hundred cotton growers in this vicinity had already delivered cotton to the Fulton gin this season. Really, we didn't know that many were growing cotton in the entire county, and for fear that some doubting Thomases may read this article, we are publishing the names of those who had made deliveries up until Saturday afternoon and received the cash for the fleecy staple. Of course, we understand that many of the growers from a distance bring their cotton to Fulton because top notch market prices are paid—9 cents for seed cotton last Saturday.

It doesn't seem so very long ago that Lon Jones, Joe Davis, and other live business men of Fulton were boosting the growing of cotton in this vicinity as a money crop, and we are glad to see this year, a substantial planting of cotton on a commercial scale. The crop shows a high yield and good quality. The industry in this vicinity has grown rapidly within the past few years and will undoubtedly continue to grow. We believe the splendid returns from the acreage will lead to the planting of nearly twice as much next year. Cotton is a sure money crop. No waiting for your money on this crop, and the boll weevil has not reached us.

The Fulton gin opened this season on September 5, and the following planters had made deliveries up until Saturday afternoon:

H. L. Veatch, Jno. Beard, Mary Ann Roberts, A. J. Butts, W. H. Finch, L. J. Douthitt, Manuel O'Rear, D. C. Nugent, W. W. Jackson, E. C. Wade, King Henderson and Hornsby, P. B. Dobson, J. B. Raising Chickens In Fulton Vicinity

Profitable Industry, Says W. C. Latta.

In company with C. S. Whitley of Union City, and Guy Gingles of Fulton, the editor visited the country home of W. C. Latta a few miles north of the city Sunday afternoon. For more than an hour Mr. Latta royally entertained us, imparting his knowledge and experience in raising poultry. We had never seen quite so many chickens at one time before. As far as our eye could reach we saw chickens—beautiful Leghorns as white as snow—several thousand, including his brother's flock across the road—a sight worth while.

While Mr. Latta is a successful farmer, his hobby is chickens. Some years ago he started in a small way, but the industry has grown to such proportions that it requires practically all of his attention with the assistance of his good wife and sons. Last Spring he sold hundreds of settings and thousands of chicks, besides chickens for market and thousands of dozens of eggs during the year. His income is around \$3.35 per hen, non-setters. In season he operates two Buckeye incubators of 600 capacity each. His brother and father also operate several Buckeye incubators and raise poultry on a large scale.

Mr. Latta says this vicinity offers unlimited opportunities for poultry raisers. Nowhere in the state are conditions in every respect more favorable than here.

From his flock many have secured the best strains of White Leghorns to start with and are happy over results.

OFF FOR SCHOOL

Among the Fulton boys and girls who are attending school out of town are the following: Lena Evelyn Taylor, Martha and Sarah Cathron Smith, Lawson Yates and J. C. Hancock—Vanderbilt.

Florence Wade—Conservatory of Music, Louisville, Ky.

Tom Wright has moved his restaurant to the building at the corner of Fourth and Depot Sts. Mr. Wright has built up quite a reputation on home-cooked pies and was forced to move to larger quarters.

Death of Herschel Bradley.

(Union City Commercial)
J. H. Bradley, Western Union operator and train dispatcher at the passenger depot in Union City, died suddenly on Tuesday morning, September 15, 1925, at 4:05 o'clock, of acute indigestion. Mr. Bradley ate lunch at the cafe and died forty-five minutes after eating. He had, however, been suffering slightly with stomach trouble for some months.

Deceased was 36 years of age, born and reared at Cayce, Ky. He came to Union City fourteen years ago to take up the work at the depot here, and continued in this responsible assignment with very high service credits and the confidence of the employers.

Mr. Bradley was married to Miss Grace Evans about fourteen years ago, and Mrs. Bradley survives with two children, Charles and Margie.

Charlie Tibbs is Pardoned from Pen; Served Four Years.

Charlie Tibbs, who has been in the penitentiary at Eddyville since July 1921, serving an eight-year sentence for the charge of murdering his wife at Water Valley February 3, 1920, has been granted a parole along with six "lifers" and sixteen other prisoners of the institution, says the Mayfield Messenger.

Tibbs returned to Graves county on the night of February 2, 1920, having been separated from his wife one week and living in Akron, Ohio. On the following day, shortly after noon, he went to his wife's home in Water Valley and shot and instantly killed her and her sister, Mrs. Ola Bennett, then turned the pistol upon himself. For several weeks he was seriously ill and in a dying condition.

He was placed in the county jail and indictments of voluntary manslaughter were returned by the March grand jury, 1920. He was tried and sentenced to serve eight years for the killing of his wife.

Sold Hardware

Stock at Troy.

G. R. McDade, of Troy, was in the city Monday, looking after his interests as a probable candidate for the State Senate from Weakley, Lake and Obion counties. Mr. McDade has sold his mercantile interests at Troy to John O. Bennett, formerly manager of the Troy Mills.

Mr. McDade is arranging his business to make a close canvass for the Senate. He was formerly representative from Obion and knows the trek and the ins and outs of political campaigning. He aspires to succeed the Hon. Seldon Maiden, and so does Representative Bratton, of this part of the county. The fight will be made for the Democratic nomination.—Union City Commercial.

Clinton Doctor Arraigned at Paducah.

Dr. J. F. Berry is Charged With Illegal Sale of Narcotics.

(Paducah News-Democrat)

Dr. J. F. Berry, prominent physician of Clinton, Ky., was held to the federal grand jury yesterday under a \$500 bond after being arraigned before U. S. Commissioner Walter Blackburn on a charge of violating the national narcotic law. The doctor was brought from Clinton in custody of Ollie Barnett, deputy United States marshal, after evidence for his arrest was given recently by federal agents.

The doctor is said to have sold narcotics to federal officers without a prescription on three occasions. During the month of August, federal agents claim that the physician disposed of 10,000 grains of various opiates to Clinton addicts. Conditions in the town are the worst for its size than any in the state, according to federal authorities. There are over fifty known addicts.

School Opening at Beclerton in New Building.

(Clinton Gazette)

The Beclerton High School held its opening last Monday morning. The new school building, which has been recently completed, was all in readiness, and the spacious auditorium was well crowded with parents, patrons and visitors for the occasion. Mr. E. J. Bennett presided.

After a song, "America," Rev. Riggs offered the invocation, after which he delivered a splendid address, which was greatly appreciated.

A vocal solo by Mrs. Shirley was followed by W. S. Scholes, secretary of the County Board of Education, in a good talk. He spoke of the hearty co-operation between the board and Beclerton patrons, and highly commended them in the progress made. Mr. Scholes also told of the improvement in the schools of the county, showing the great advance that had been made.

A well rendered instrumental trio was preceded by a talk by A. E. Stein, editor of the Gazette. The speaker highly commended the community for its accomplishments in rearing such a fine building, and complimented the spirit of civic pride manifested. He dwelt upon the value of education and the sacrifice necessary to obtain best results. He pleaded for the get-together spirit between parents and teachers in securing the best results, and predicted a most successful school year.

Mr. Ward, of the Shiloh neighborhood, made a happy talk and told of the efforts of the County Board to improve school conditions.

After a vocal duet, short talks were made by Dr. Hunt, Prof. Tarter, Dr. Bushart and each of the teachers.

The assignment of teachers for the school are as follows:

High School—John Kirksey, principal; Lucille Hicks, assistant.

Seventh and Eighth Grades—Jewell Robey.

Fourth, Fifth and Sixth Grades—Irene Bockman.

First, Second and Third Grades—Grace Brown.

FULTON

"Not the oldest, nor yet the youngest; not the richest, nor yet the poorest; not the largest nor yet the least; but take it all in all, for men and women, for flocks and herds, for fields and skies, for happy homes and loving hearts, the best place outside of Heaven the Good Lord ever made."

Home-Town Patriotism.

You feel proud of your wife and children, don't you? And if you can do anything to make the home pleasant and the conditions easier for them, you will do it willingly.

Why not enlarge the sphere of your affections a little and take the town you live in on the same footing as your family? Why not be proud of it, do everything you can for it. If public improvements are needed, urge them and vote for them.

We want to see Fulton known as one of the finest and most progressive little towns in the state. If every citizen will support its trade, forward its interests and show a pride in all its conditions, our ambition will soon be fulfilled.

Fulton Band Furnishes Music at Jackson

For Big Klansmen's Parade—Fifteen Chapters Represented.

Jackson, Tenn., Sept. 18th.—With a band from Fulton, Ky. in the lead, and with representatives from fifteen chapters in this section participating with the Jackson organizations, the Knights of the Ku-Klux Klan to the number of 200 or more staged a masked parade here last night, the route taking them over the business section of the city. The parade was a feature of the West Tennessee klan klonverse, which was held here yesterday. A number of candidates were initiated into the mysteries of the order last night in the klan assembly room in the Stovall Building with the Shelby county team in charge. The next klonverse will be held in Memphis.

No attempts to make arrests were made last night, even though the klansmen were masked. At a previous parade of the klan, one member went masked in order to make a test case of the old masking law of 1867, but the grand jury failed to indict. The klan maintains that its masking is not in violation of that law, inasmuch as there is no intimidation or fear produced by them. indications are that the klan in this section will not again be molested on the masking law of 1867.

Former Fulton Man Opens Store at Mayfield.

One of the several substantial new business institutions of our city, says the Mayfield Messenger, is the Charles Store, which will open for business on or about October 1st in the building at the corner of South Seventh and South streets, known for many years as the S. T. Day corner.

The Charles Store will deal exclusively in ladies' ready-to-wear and millinery, and the stock will be large and varied.

Charles Cohn, a former resident of Fulton, but in recent years of Cincinnati, will conduct the business, and he has secured a long-time lease on the building. He arrived in the city several days ago and has since been making preparations for the opening.

Mrs. Cohn arrived this morning from Cincinnati, and at present they are making their home at Hotel Mayfield.

REVIEW

GOLDEN TEXT—"Whom having not
seen, ye love; in whom, though now ye
see him not yet believing, ye rejoice
with joy unspeakable and full of
glory"—1 Peter 1:8.

PRIMARY TOPIC—Paul's Love for
His People.

JUNIOR TOPIC—Paul's Best Wishes
for His People.

**INTERMEDIATE AND SENIOR TOP-
IC**—How the Gospel Spread.

**YOUNG PEOPLE AND ADULT TOP-
IC**—The Power of the Gospel.

The method of review must always
be determined largely by the genius
of the teacher and the condition of
the class. For this review, two meth-
ods are suggested:

1.—The Biographical. This can be
used in all the grades excepting, per-
haps, the beginners. When skillfully
presented, living, active personalities
appeal to the heart and imagination
of all ages. Among the interesting
characters appear Paul, Luke, Silas,
Timothy, Barnabas, Mark, Lydia, the
Philippian jailer, James and the slave
girl at Philippi. These characters can
be assigned to the members of the
class the preceding week.

2. The Summary Method. This in-
volves the presentation of the salient
points, and the central outstanding
message of each lesson. The follow-
ing suggestions are offered:

July 5.

The sending forth of Paul and Bar-
nabas marked the beginning of for-
eign missions as the deliberately
planned enterprise of the church. The
Holy Spirit selected and sent out
these missionaries, showing that the
true method of world evangelization
is to have spirit-sent men to preach
the gospel.

July 12.

The grand theme of Paul's preach-
ing was justification by faith. Those
who receive Christ as their Saviour
are freely justified from all things.
Jesus took the place of the sinner
that the sinner might have His place
(11 Cor. 5:21). This is the missionary
message for all times.

July 19.

At Lystra Paul and Barnabas "so"
preached the gospel that a great mul-
titude believed. Only that which
brings conviction of sin and induces
repentance in Christ can be said to be
preaching in the biblical sense.

July 26.

Receiving the Gentiles on the simple
condition of faith in Christ provoked
a spirit of controversy in the church.
Through Christ the middle wall of
partition was broken down so that in
this dispensation God makes no dis-
tinction between Jew and Gentile.

August 2.

James shows to the Jewish believ-
ers scattered abroad, who were pass-
ing through sore trials and persecu-
tions, that true religion was to re-
ceive with meekness the engrated
Word, and live a self-restrained, un-
selfish life, treading the tongue, help-
ing those in need, and keeping un-
spotted from the world.

August 9.

Because of differences of opinion
over John Mark, Paul and Barnabas
separated. God overruled their con-
tention to the wider dissemination of
the gospel.

August 16.

The believer has been born twice,
of the flesh and of the Spirit. A mor-
tal conflict goes on within him. The
Christian's victory over the flesh is
by yielding to the Holy Spirit, who
dwells within.

August 23.

On the second missionary journey
Paul attempted to preach in Asia
Minor, but the Holy Spirit shut the
doors against him. At Troas he had
the explanation in the vision of a man
from Macedonia calling him to preach
the gospel in Europe. Divine guid-
ance is as truly through closed doors
as through open doors.

August 30.

Because of the casting out of an
evil spirit from a slave girl at Phil-
ippi, Paul and Silas were imprisoned.
As they were singing God's praises
in the jail, God miraculously delivered
them.

September 6.

To be in Christ is to have gain
above the best things in the world.
Those who are in Christ will have

September 13.

Though unselfishly preaching the
Word of God, Paul was hated and
persecuted by the Jews.

September 20.

Because Paul had experienced the
life in Christ, and knew whom he had
believed, he with undaunted courage
went about preaching the gospel.

Boost, but Don't Knock.

To promote the interests of
your own community at the
expense of another avails little.
You may live in the best place
on earth, but if you try to build
it up by tearing down some other
community, the very instrument
you use will prove to be a boom-
erang.

There is no place on the face
of the earth that has no faults,
and the best places are those
that live, not at the expense of
someone else, but out of the full-
ness of their own generosity to-
ward all the rest of the earth.

It is perfectly proper to tell
the world about the advantages
of your city, but when you do it
don't point out the disadvantages
some neighbor may have. This
neighbor may know of disadvan-
tages that your city may have,
and may be inclined to retaliate.

The most profitable way is to
boost your own city; herald its

advantages to the world, and in
turn give the rest of the world
credit for what it has coming.
In this way you will earn the co-
operation of your neighbors and
will have the other fellow boost-
ing for you—the best kind of ad-
vertising you can get.

COMMON SENSE IN PUBLIC SCHOOL STUDIES

The public schools of San
Francisco are making an ex-
periment which will be watch-
ed with keen interest in all
parts of the country. They are
going back to the "Three R's."
That is to say, they have resolved
to dispense with education-
al frills and to devote the ma-
jor part of the time in the ele-
mentary classes to dealing with
reading, writing and arithme-
tic. The studies are not to be
confined to the "Three R's" by
any means. History, civics,
grammar and all the other ele-
mentary things are included;
but fads and fancies are to be
ruthlessly eliminated in an ef-
fort to give children the founda-
tions of knowledge instead of
stuffing their brains with a lot
of virtually worthless informa-
tion that is forgotten as soon as
school days are over.

There has been talk of the
advisability of revising school
courses along these lines for a
long time. It has not been con-
fined to California. The cry
has been for more attention to
the fundamentals in primary
education. But those who ad-
vocate this have for the most
part been content merely to
talk about it. Out in Califor-
nia they took the bull by the
tary education law. It reduces
the course of studies from twen-
ty-seven to twelve subjects. In
order not to make this too rig-
id it is provided that any county
or city may add three others if
deemed necessary. This is get-
ting down to brass tacks. It
would be rash to say that all
the new studies that have been
introduced into the elementary
schools in recent years are use-
less. The purpose of the new
law is not to eliminate all, but
to make them subordinate to
the things that are absolutely
essential for the child, particu-
larly for the one that can only
continue at school for the min-
imum length of time.

The main trouble with most
public schools is that they try
to do too much. Even in the
lower grades the pupils have
almost more books than they
are able to carry. We have too
many fingers in the education-
al pie. Some person or group
of persons becomes enamored
with the idea that the future of
the country depends upon a
particular new subject, and
forthwith steps are taken to
add it to the curriculum until
the helpless child is so weight-
ed down that it loses sight of
the studies that are all impor-
tant.

In late years many have been
appalled at the lack of knowl-
edge of elementary subjects on

the part even of high school
graduates. They acquire a
smattering of many things and
are proficient in few or none.
It takes the better part of a
lifetime to acquire a real educa-
tion. Much or most of it comes
after the formal school or col-
lege days. The function of the
elementary scholastic should be to
lay the foundations in the es-
sentials. If they do this they
will fulfill the purpose for
which they were created, and
we may rest assured that as
time goes on we shall have few-

Find Nitro In Paducah Bank Building

Six ounces of nitro-glycerine
and a complete set of burglar
tools, the kind used by safe-blow-
ers, were found hidden Saturday
morning about 11 o'clock in a
small electrical and storage room
on the second floor of the City
National bank building at Padu-
cah. The discovery was made by
a telephone repairman after he
had found a dynamite fuse while
fixing wires. He took the fuse,
capped and timed for one min-
ute, to Charles B. Whittemore,
former chief of police, who was
in an office on the second floor.

Mr. Whittemore hurried to the
room and the rest of the safe-
blowing instruments were found
wrapped in a bundle on the top
of an electric meter box. Two
small bottles of nitro-glycerine
were contained in the bundle
along with six one-minute dynamite
fuses. The tools consisted
of a nine-pound sledge hammer,
two steel chisels, a crow bar, and
two steel punches. Each instru-
ment was brand new and never
had been struck.

Following the discovery the po-
lice department was notified and
Assistant Chief of Police Kelly
Franklin and Detective Joe Shell-
man started an immediate inves-
tigation under orders of Chief of
Police Gus Rogers. Every effort
possible was made to keep the
discovery as great a secret as
possible. A number of clues have
developed since Saturday but de-
tectives refused to make them
known.

AUTUMN

And now comes the
time of the year to
prepare for the new
season!

When Autumn leaves begin to fall and bracing winds re-
mind us all of the approaching Winter season, it is well to
give thought to your wearing apparel. In our climate tem-
perature changes are sudden, coming often without warning
and catching us unprepared. It is well, then, that you take
heed; do not delay, let us sweetly clean your household fur-
nishings and wearing apparel—they will be returned in a
"jiffy" ready. Suits, Coats, Dresses, Blankets, Curtains
and other woollens for winter use should be sent to us now.

Dry Cleaning Department

In addition to laundry work, we dry clean all sorts of clothing. We
clean handkerchiefs, gloves, hosiery, fine waists and blouses, furs, rugs,
carpets, coats, suit overcoats, fine dresses and coat suits. There is
no longer any need of discarding articles because they are soiled. Call
130 and let us show you what we can do to restore the new look which
you want.

This service means a saving in money to you. Many an old suit
or overcoat, which you think is useless, can be restored to active service
by our process. We employ the latest machinery and the most expert
workmen, and the results will surprise you. Call us today, and let us
prove our statements.

Sports Clothes

DO YOU remember the days when you saved all your old clothes to play golf or tennis in? "Anything's good enough for the finks," you said. It isn't that way today. The baggy old trousers and sweater are about as much out of date as mother's old pongee duster and long-flowing motor veil she wore in 1905.

The keynotes for the up-to-date sports outfit are comfort, durability and a certain air of careless elegance. The so-called golf suit is the ideal outfit for almost all sports. It consists of knickers and loose-fitting coats with inverted plaits at the back to permit an easy swing of club or racket. Tweeds are the most popular materials with flannels and homespuns not far behind. One very practical suit is a four-piece, consisting of coat, vest, trousers and knickers, combining in one suit all the essentials for sports and business. Knickers are being made with knitted cuffs, which, being close-fitting, allow the cuff of the golf hose to cover them and show to advantage.

Sweaters are being worn in every conceivable pattern and color, the gayer the better. The high "turtle" collars are very popular. Wool hose and sweater have struck up an affinity and are purchased in sets to match. The cap is trying to intrude itself as a triangle to the situation, but where the hose and sweaters match it is better, in the interests of variety, to have a cap that tones with, but does not match, the rest of the costume. The cuff of the fancy hose must be plain for good taste.

SCHOOL

We must hurry back to school. To mind our teacher as a rule; Our play is finished for a while. So we must study with a smile.

The holidays have passed away. The snow upon the ground will stay; But to school we all must go, And learn our lessons all just so.

Yes, indeed, everyone will learn. And the teacher's praise, justly earn; For our mothers love children bright. So we will work with all our might.

—Annie Mae Hendon.

THE VALUE OF AN EDUCATION

An education is the most valuable need of the day. It is priceless, which is to say, it cannot be valued in dollars and cents.

A person who is not educated is not counted in the world today. The higher positions are calling the High School and College graduate.

Our parents are paying a great price to educate us, and when you win honor for yourself you are also winning honors for the parents who sacrificed so much to give you what you needed.

Education not only develops you mentally, but also physically, for in the larger schools of the country they have gymnasiums.

The uneducated millionaires of the country would gladly give up their fortunes for the education of a high school girl or boy. It was by a mighty effort that they were able to attain such wealth, and it would be impossible were they living in the next century. Therefore we should be glad that we have the opportunity of going to school and should take advantage of it.

GRACE A. HILL.

A VERY INTERESTING TALK

Mr. Cheek, former superintendent of the Fulton Schools, made a very interesting talk to the Junior High School pupils, Monday morning.

He said in his talk, "It is not natural for a man to work in one line many years and then drop out and forget it. Therefore, I am as much interested in the progress of the Fulton school as I was twenty or more years ago when I stood on this same platform as a teacher."

"Then there were only three graduates from High School. We did not have as many pupils in the entire school system as you now have in Junior High. This will give you some idea of the progress of the schools."

"As I look into your faces I see some looking worried, as if the burden they carry is very heavy, while some of you look as though you are carrying it along without any trouble."

"You all have seven laws which make up your burden. They are: to obey the laws of your parents, of the school, the city, the district, the county, the State, and the United States. By your faces I can see whether or not you have disobeyed the laws, and whether or not your conscience is hurting you. I hope not."

Mr. Cheek's talk was appreciated, and we hope he will come back to see us.

**LITTLE LOFTON, JR.,
PASSES AWAY**

The funeral of Lofton, Jr., the little son of Mr. and Mrs. Irby Holder was held Monday evening at three o'clock. Rev. C. H. Warren, pastor of the First Baptist Church, conducted the services and spoke in words of tenderest sympathy and comfort, of deepest Christian hope and promise. The singing was soft and sweet. Burial followed at Fairview. Sympathy of the entire community go out to the bereaved parents in the loss of their sweet little child.

Only the memory of the lovely boy is left, yet how sweet, how uplifting its influence, for after all, death is but the slipping off of the outer body.

**AUTO DRIVERS, "WATCH
YOUR STEP"**

Auto drivers should "Watch their step" if they use a ferry, for, according to the Globe-Democrat, General Manager Renest Smith of the American Automobile Association, has warned the members of that association that the Sixty-eighth Congress of the United States passed a law that it would be unlawful for any owner or driver of an automobile to allow his motor to run after boarding a ferry boat or to start his engine until the ferry had been made fast to the dock or slip after making a crossing or trip. The fine in such case is fixed at not to exceed \$500, for which the automobile shall be liable.

In other words, stop your engine as soon as parked on a ferry and don't start your engine again till the boat is properly tied up at its landing.

Plain clothes men are watching ferries and no warning is given the driver, but a report is turned into the collector of customs and the first the owner knows is that he has been fined \$500 for disobedience to the law, so as we said at the beginning, "Watch Your Step."

This law applies to all navigable streams of the United States.

**MISS NOLA FREEMAN

The Old Folks

Somewhere they are sitting—thinking. Resting in some quiet place, off the main load of life—waiting. Thinking of the good old days—thinking of you—wondering what you are doing. Waiting to hear from you. Wondering how you look now. Wishing they could see you. Have they a good portrait of you? But when was it taken? Not recently. Imagine them, with trembling hands, opening a big flat package and taking out a splendid likeness of you!

It's such a little trouble, and it would mean so much to them.

MISS ALICE MAJOR PASSES AWAY

The death angel entered the home of Miss Alice Major at McConnell early Monday morning and carried her spirit to the land of eternal bliss. The end was as peaceful as the close of a beautiful summer day, when daylight fades into night with increasing loveliness.

The deceased was a consecrated Christian and a member of Walnut Grove Church, where she will be sadly missed by a large circle of friends.

She is survived by three brothers: Dr. G. L. Major of this city, Mr. Joe Major of Alabama and a twin brother, Rev. John M. Major, of Armstrong, Md. One sister, Miss Nora Major, who lived at the home with her.

Rev. B. A. Walker conducted the funeral services Tuesday at Walnut Grove Church, interment following.

BRANN FAMILY HAS REUNION

The home of Mr. and Mrs. J. W. Gibbs was the scene of a beautifully planned reunion Sunday, when the Brann family with their children and grandchildren and a few invited guests gathered on the lawn to enjoy a dinner together there.

Those of the family who were present were Mr. and Mrs. J. C. Brann and family, Mr. and Mrs. Charlie Brann and family, Mr. and Mrs. S. A. McDade, Mr. and Mrs. George Knox and family, of Martin, Mr. and Mrs. Lewis Burke and family of Ruthville, Wayne Thomas and sons, Marion and Richard and Horton Brann.

Dr. G. F. Beeler of Clinton, is Charged With Illegal Sale of Narcotics

Dr. G. F. Beeler, the second physician of Clinton, Ky., to be arrested by federal agents for violating the Harrison Narcotic act, says the Paducah News-Democrat, was arraigned before U. S. Commissioner Walter Blackburn yesterday afternoon and held to federal grand jury under a \$500 appearance bond. The warrant for the physician's arrest was served by Ollie Barnett, deputy United States marshal.

Beeler is alleged to have sold narcotics to federal agents without a prescription.

KENTUCKY BRIEFS

Lexington—Members of the County Board of Education voted to refuse to accept the University High School as a county high school, which it was expected would be done as the result of a recent decision of the Court of Appeals.

Lexington—William Gullette, 23, son of J. G. Gullette, this city, aviator, died in a hospital at Los Angeles, Cal., as the result of injuries sustained when he fell from an airplane Sunday at Eagle air port, Los Angeles, according to word received by his family.

Bowling Green—A twenty-five barrel oil well was drilled in on the Cooper B. Jones lease, Barren River road, and three miles northwest of Bowling Green by W. Roy and Chester Hogan, brothers, and Walter S. McClanahan. The well is 440 feet. This is well No. 2 and No. 3 will be started soon.

Whitesburg—It is reported here that there now is less moonshining going on in the mountains than ever before on account of the scarcity of water due to the drought, and, it is said, some stills have been shut down completely. In addition, according to reports, the lack of rain is causing serious loss to timber owners.

Frankfort—Sam Colston, charged with the murder of Thorne Barton, garage owner, here last month, will be given a hearing on a motion for bail in the Franklin Circuit Court soon. Colston's motion for a continuance until the January, 1925, term in order to prepare his defense, was overruled by Judge B. G. Williams.

Paducah—A check-up of city and county automobile lists has revealed a large number of Paducah motor car owners who have not taken out their automobile licenses for the year 1925. Henry Bailey, city license inspector, said. Warrants will be taken out and the defendants arraigned in Police Court on charges of failure to procure city licenses.

Owensboro—Simon Goldfine, a merchant of Madisonville, Ky., filed a petition in bankruptcy in the office of the federal court clerk. Mr. Goldfine places his liabilities at \$17,788.81, of which \$15,322.04 are unsecured. His assets are placed at \$9,631.80, of which \$9,600 is made up for stock and fixtures. He asks the usual exemption allowed by law.

Carrollton—The body of Nathan Littrell, 40 years old, Vevay, Ind., who was drowned in the Ohio River August 14 when he fell off a Government dredge boat four miles above Carrollton, was recovered here. The crew of the steamer Queen City saw the body and notified persons on shore. Littrell is survived by his widow and several children.

Columbia—A tremendous flow of gas was struck in the J. H. Morgan well No. 1 at a depth of 145 feet which is being drilled on Crocus Creek, twelve miles south of Columbia, in Adair county, by the Wood-Haisler company. The flow is estimated at more than one million cubic feet per day. The drilling for oil was suspended until the gas pressure could be put under control.

Winchester—In a raid at the home of Mrs. Fred Richardson prohibition officers secured thirty gallons of moonshine liquor and arrested Mrs. Richardson and Bill (Country) Jones, of Lexington. The pair were taken to Lexington and arraigned before Commissioner Ward. The husband of the Richardson woman is serving a two years' sentence in the Atlanta penitentiary for bootlegging.

Pikeville—Mrs. B. F. Fleming of Heller, Ky., was accidentally shot by her husband while the two were in their home at Big Branch. It was learned recently. The shot pierced her liver. Mr. Fleming had finished cleaning his pistol and was hanging it up when it was discharged, he said. Dr. J. S. Preston, of the Pikeville general hospital, was called to Heller. Mrs. Fleming was brought to the hospital here. Her condition is serious.

Richmond—A team of twenty-six members of the Richmond Golf Club revenge a recent defeat at Lexington when it scored a 54 to 19 victory over representatives of the Ashland Country Club in an inter-city match played here. This victory means that Richmond has defeated every team with whom intercity matches have been played. Richmond has also defeated Paris and Winchester twice each. One match was dropped to Winchester.

Mayfield—The Mayfield Chamber of Commerce, through its board of directors, has decided upon a national advertising campaign for Mayfield and Graves county.

Madisonville—Because he killed his father at the request of the parent, Harold Logsdon, fourteen, of Ashyburg, Ky., was acquitted of a charge of murder in a preliminary hearing held in the County Court. "I asked him 'where?' and he pointed to his heart and said 'there,'" the boy testified.

LABOR GAIN SHOWN IN STATE FOR MONTH

U. S. Report Indicates Increase in Most Industries; Coal Situation Better.

Frankfort, Ky.—The United States Department of Labor Employment Service, in its industrial analysis for Kentucky for the month of August reported industrial employment conditions showed steady improvement throughout the State.

Increased employment was noted in coal mining, the textile industry, food and kindred products, building industry, highway construction, farm labor, and miscellaneous industries.

Although no particular large increase in forces was noted, the general outlook was analyzed as undoubtedly better. The surplus of unskilled labor, which has existed for some time past, was reported as being steadily absorbed.

A general improvement was noted in coal mining where an increased employment was reported with more mines on full time schedules. A shortage of labor was reported from some of the fields.

Although the increase in employment made in the lumber industry was small, the outlook for improvement was given as "very satisfactory" but a surplus of this class of labor still exists.

Improved conditions were noted in the textile industry with a slight increase in employment and virtually all mills reporting full time schedules.

Food and kindred products and miscellaneous industries made small gains while some employment loss occurred in the iron and steel plants.

Steady building programs throughout the State continue to offer employment to these tradesmen. Highway construction continues steady, offering employment to a large number of workers.

The farm labor situation was reported as better than for many years and today very satisfactory with the exception of a shortage of labor in some sections.

WINCHESTER YOUTH HELD IN BOYD DYNAMITING

Lindsay Blair Charged With Blowing Up Home of Cat- lettburg Judge.

Winchester, Ky.—Lindsay P. Blair, 24 years of age, was charged with dynamiting the home of Police Judge Plattner in Catlettburg, recently. Sheriff H. D. Clark of Boyd County, with deputies John McIntyre and Warner Plattner, arrived in Winchester with the warrants, and in company with Deputy Sheriff Dan Insko, went to the home of George Holland, near Ford, this county, where the Boyd County officers claimed Blair was in hiding. Holland is a brother-in-law of Blair. The prisoner made no resistance, and after being hustled into an automobile, was driven to this city and later taken to Ashland by automobile. Blair's wife was with him and accompanied the officers and her husband back to Catlettburg. Holland declares Blair, came to his home three weeks ago, ostensibly on a visit. According to Sheriff Clark, evidence in the hands of the officers indicates that three men were paid \$250 to blow up the Plattner home. He declared that the arrest of Blair would probably bring about the arrest of prominent persons in Boyd County, who were bitter against Judge Plattner on account of his relentless fight on the illicit liquor traffic. Blair denied his guilt and claimed he could easily prove an alibi. The arrest of Blair was kept a secret on request of Sheriff Clark, who was anxious to arrive at the Boyd County capital with his prisoner safely, before the news reached there. A reward of \$2,000 is offered for the guilty parties.

\$150,000 Park Bond Plan To Be Submitted To Voters

Paducah—The question of a \$150,000 bond issue for establishment of a system of parks in Paducah will be submitted to voters at the regular November election, it became known, when counsel for the park commission informed the board that the question need only be advertised thirty days before the election. Sentiment is believed to be in favor of the movement for adequate parks in the city, and members of the commission are hopeful that the bond issue will be carried. Detailed plans for the purchase of grounds and locations of parks in the event the bond issue carries have not yet been made, but a conference of the commission for this purpose is scheduled for an early date. A park for the use of the negro population would also be included in the commission's program.

Two Men Injured When Bridge Scaffold Falls

Bowling Green—John Harman was seriously injured and W. C. Broaden, foreman of the Vincennes Bridge company, was lightly hurt when a scaffold on the south end of the College street bridge gave way, dropping the men to the rocky bank of the river, thirty feet below. Harman was unconscious when picked up and his injuries may result in his death. Five men were on the scaffold when the accident occurred. The others were unhurt.

See the New Improved Hexagon Slab Slate Shingle

This wonderful roof has been one of the leaders for many years, was 12½ x 32, now made 12½ x 36, making a full THREE thickness roof when laid. Comes in four colors—Red, Green, Blue Black and Autumn Blend. Easy to lay, does not have the waste that most patterns do on the hips and in the valleys.

Its heavy tile-like pattern is distinctive. Guaranteed not to curl. It is truly a wonderful roof for either new work or over old wood shingles. We recommend this roof and guarantee your satisfaction.

A few of the many roofs of this kind, on new jobs, are: The Pickle Filling Station, Bungalow of H. W. Williams on Green Street, The Christian Church. Over old wood shingles: M. C. Payne home on Park Avenue, Dr. T. F. Thomson home, Eddings and Fourth.

These roofs over, then come in and let us show you "PERFECT ROOF."

Epworth Leagues, 7 p. m.
and all young people are urged to attend.

Preaching at 11 a. m., and 7:45 p. m., by pastor, Rev. Freeman. All invited to attend. Special music at all services.

Services last Sunday morning were conducted by Mr. H. T. Smith, in absence of the pastor, and the evening service by Rev. Riggs, Rev. Freeman being out of town on account of the illness and death of a sister, Miss Nola Freeman, of Martin. The church as a whole and many friends extend their heartfelt sympathy to him and family.

The Lamberth Circle met at the home of Mrs. W. R. Butt, Monday. The meeting opened with hymn, "Stand up for Jesus." A short business session followed, conducted by Mrs. Ed Thomas. The minutes were read and approved. A splendid social service report was given.

A card of thanks from Mrs. Lovelace was read. A letter from Mrs. Nichols, was also read. The Bible lesson and comments by Mrs. Thomas. Prayer by Mrs. Beadles. Discussion on social service by the members. Mrs. Hilliard read a poem, "Ease of the Load."

The meeting closed with prayer from the year book. During social hour the hostess served ice tea and sandwiches to a number of members and two visitors from the other circles.

The Junior Missionary Society will meet at the home of Laverne Jones today, Friday, a good program has been prepared by the children.

The Warner Blackards will meet Monday at the home of Mrs. Lee Rucker with Mrs. Rucker and Mrs. Trevor Wayne as hostesses.

Mr. and Mrs. W. G. and family spent the week end with the former's sister, Mrs. I. R. Nolen on Park Ave.

Mr. and Mrs. Urban Hughes have returned home after a visit to Mrs. D. W. Hughes on Second street.

Mrs. G. H. Dickey is visiting relatives in Milan this week.

Mrs. R. A. Brady went to Milan Wednesday on business.

The Senior Epworth League met last Sunday evening at its usual hour at the church. The meeting was opened with a song, followed with prayer. The scripture lesson was read by the president, Wade Joyner. After a short business session the meeting was turned over to the leader, Miss Lona Smith. The following program was much enjoyed by a large attendance. Piano solo, Gladys Bell and Mr. J. C. Cheek gave an interesting talk on the six greatest men in Well's history.

Everyone is cordially invited to attend these services.

Church News

Holy Communion Service was held at Clinton, Kentucky last Thursday at 11 a. m. Doctor Boyd was the celebrant. A very interesting service was held.

Mr. and Mrs. William Sherman of New York City are visiting Mrs. Sherman's father, Doctor Whitehead, of this city, and attended the service and communion last Sunday morning.

Robert Binford and Fred Carden left Sept. 18, for Lexington, Kentucky, where they will attend the State University the ensuing year.

Miss Jennie Combs, one of our choir members, went to Dallas, Texas, presumably on a vacation and has since married a Mr. Arnett, and will make her future home in the Texas city.

Mrs. Venie Fowler, another of our choir members, has resigned her position with the Franklin Dry Goods Company, and has taken up her residence in Dallas, Texas.

The extreme heat has caused the absence of quite a number of our members the last few weeks and it is hoped that as soon as the weather becomes a little cooler that the attendance will be considerably augmented.

Braids and Elastic for less. Baldridge's.

NEW BOOKS ADDED TO PUBLIC LIBRARY

The public library has recently ordered a number of new books and the list will be published next week, but in the meantime it is well to call attention to the fact that, now that the farmer's season of hurried work is over for the year, that he and his family can obtain plenty of good reading for the winter months by becoming a patron of the free library.

There is absolutely no charge for the use of these books, except when a book is kept out overtime, and even then, the small fine of two cents a day, is very little in case a book is not finished or overlooked.

The Woman's Club is doing a splendid work for the community in maintaining this library, and while the town dwellers make ample use of the opportunity, the rural community seems not to have realized what a good thing it is missing.

The library is open on Tuesdays, Thursdays and Saturdays from 2:30 to 5:30 p. m., and the librarian will be glad to explain the rules and assist new readers in making a selection of books.

You can get school supplies cheaper at the Star Bargain Sale. Baldridge's Variety Store.

FAIR AT MEMPHIS OPENS SATURDAY

The Tri-State Fair, which opens at Memphis Saturday afternoon, will be largely attended this year by people of Fulton and this vicinity. Some of our stockmen will have entries in the million dollar livestock show and will no doubt capture some of the blue ribbons. Our hogs will also share in the blue ribbon distribution, as well as our chickens.

Our Fall Sale will start Saturday 26, at 9 a. m., and last one week. Baldridge's Variety Store.
