CIRCUIT CLERK CHARGED WITH RECKLESS DRIVING

A warrant was issued from the County Judge Walker at Hickman this week charging Justice Attebery, Circuit Clerk of Fulton County, with "operating an automobile on Public Highway 94 while intoxicated and in such a manner as to show utter disregard for public life, and by running his car over a mule and killing it, and in a hit-and-run manner," the warrant charged.

Rufus Blythe, 70, aged negro whose mule was killed by a hit-and-run driver Sunday night on Highway 94 near the Willingham Bottom, swore out the warrant charging Attebery. Mr. Attebery denied the charges, saying he did not strike the mule with his car, as alleged by the negro who died at his home near Hickman, Tuesday night.

Sheriff John Thompson served the papers on Attebery, who was later released under a \$1,000 bond pending a hearing on March 17 at the court house in Hickman.

Four Fulton boys were in an accident on the Hickman-Fulton highway Sunday night near the hour of midnight, in which their car and that of Mr. Attebery collided. This accident occurred near the home of Cartwright, which is on Highway 94, about four miles east of Hickman. The boys, Curtis Burns, driver, M. L. Parker, Jack Edwards and Leon McAlister, were freed from Hickman, and McAlister was going toward Hickman, it is stated.

The scenes of the two accidents, several miles apart, but on the same highway, and although Mr. Attebery states that he had an accident with the Fulton boys, he denies any knowledge of the accident in which the negro's mule was killed by a hit-and-run driver, it is alleged.

"Y" DOWNS FULTON N HICKMAN TUESDAY NIGHT

Tuesday night in Hickman the spectators who saw the basketball game between the Fulton Independents and the Bemis "Y" of Jackson, Tenn., went away satisfied that they had seen the best game ever played in Hickman. Bemis defeated Fulton 25 to 23 in a game that was featured by the spectacular pivot play of King Bemis' star center who is six foot six in six feet. He would pass to his forwards and guards at will is scoring when he wished. This team has been defeated only one time this year and then by the New York Original Celtics, world's champions.

This game was played for the benefit of rebuilding the Methodist church in Hickman which was destroyed by fire on Feb. 5, last. The largest crowd ever to assemble in the Hickman gym turned out for this performance with every one highly pleased.

LOCAL BUILDINGS TAKE ON NEW APPEARANCE

The Little Clothing Company has a new and attractive front since the exterior of the building has been given a new coat of paint.

The Coca Cola bottling works has undergone interior redecoration, with a coat of white paint at the top of the wall, and green for the lower half.

Doubtless as spring begins to spread over the community other improvements will follow in Fulton.

BUSINESS REVIEW PAGE PRESENTS LOCAL FIRMS

FEDERAL RELIEF ENDS MARCH 30TH UNLESS KY. PUTS UP OWN MONEY

The following telegram was received here early this week by T. M. Franklin, chairman of County Relief Committee, East end of Fulton county:

"Federal Relief Administration in Washington advises: First, that the CWA program in Kentucky is to be completely demolished on or before April 1st.

"Second: That if further Federal Relief is to be continued State and Local Governments must produce 25 percent in cash of total Relief funds. Present beer and whiskey taxes are totally inadequate to meet this demand. Unless your county can meet local needs from local funds or the Legislature provides adequate revenues to match Federal grants, relief in your county must cease midnight, March 31st. In the meantime relief given must be restricted to amounts required to avert actual suffering. March allotment will be sent you within the next few days." The telegram being signed by Thornton Witcox, Federal Relief Administrator for Kentucky.

SOUTHERN BELL REPRESENTATIVE WILL MEET CITY COUNCIL

Judge Herbert Carr, representing the Southern Bell Telephone & Telegraph Company, appeared before the city council Monday night, and stated that a representative of the telephone company would meet with the council some time in April for the purpose of discussing the improvement of the local telephone system.

Fulton has one of the largest and oldest battery-drop telephone systems in the country, it is believed, and the proposal to improve the local service is believed to be a good move by many citizens. If the city and telephone company can reach suitable agreement on rates under a new system, the plan would probably call for the installation of a flashlight system here.

GARDEN PROJECTS WILL OPEN SOON

With the coming of warmer weather and the planting season, plans are being laid for launching of the garden project in Fulton County, under the direction of the national relief administration. Homer Roberts, director of the garden project in the east end of the county, announced this week that he is accepting registrations by those desiring to obtain these garden seed under the provisions made for those who wish to take advantage of this program.

Last year an extensive program was conducted with much food being grown locally for consumption throughout the year. In addition considerable food was stored at canning time for winter use.

CITY COUNCIL IN REGULAR SESSION

The Fulton City Council, with all members present except Councilman Ivey met in regular monthly session at the mayor's office Monday night. After the minutes of previous session, reports and bills had been read new business was taken up. The project to paint the city hall came up for discussion, as it had been returned from the state CWA office for changes. It was proposed that if the city would furnish the materials CWA workers could paint the building. Action was left to Mayor Paul DeMyer.

It is believed, however, that it will be impossible to get the city hall painted now as the CWA program is just about over, ending on March 30th. It might be that labor could be diverted from another project to the painting of the city hall but this remains only a possibility.

Mrs. Buster Shuck spent last week with her parents, Mr. and Mrs. Bob Barham in Union City.

Kenton Ellis spent Tuesday in Memphis.

Mrs. Horace Young is reported quite ill.

SEEK RIGHT OF WAY FOR FULTON-DUKEDOM ROAD

GRIM WARNING TO VIOLATORS OF LAWS AS OFFICERS MAKE RAID

After a second attempt in the past few weeks to uncover "the goods," Deputy Sheriffs Bob White and Cornell Johnson, and Officers Bailey Huddleston, K. P. Dalton and Gyp McBride, were successful in discovering the "evidence" Tuesday morning, when they raided the Joe Allen stand on Fourth-st. It is alleged by local authorities. Getting a tip that a delivery was made the night before, they raided and discovered about four gallons hidden between the floor of the second story and the ceiling below.

Being right down town, quite a lot of excitement took place. Joe Allen, the offender of the state prohibition law, was taken to the city hall where after a brief hearing he was ordered to leave the city within three days, or go to jail.

This raid is grim warning to other violators of the prohibition act, that officers here are determined to stop flagrant violations.

YMBA PLANS BANQUET FRIDAY, MARCH 16TH IN COMMUNITY DRIVE

The Young Men's Business Association met Monday night at the Chamber of Commerce building with a good attendance present. O. L. Holmes, director of the transient service bureau at Paducah, was present, and explained the work being carried on at Paducah, where a permanent transient camp has been established. Mr. Holmes was in Fulton making a survey of the transient situation in Fulton.

County units are being set up throughout the state with buildings leased for housing these transients, who are drifting from one place to another the country over. Buildings were investigated here and also the transportation facilities determined. After examining the facts in the matter, it was the opinion of Mr. Holmes and those present at the meeting that transients could be easily sent from this point. Railway and bus connections are convenient regularly to Paducah. Therefore, it is believed advisable to establish a county transient relief unit here to keep transients moving on to Paducah.

Various reports were made on efforts being made to obtain factories in Fulton, and although several negotiations are underway, no definite information was released. In a round-table discussion many opinions were expressed in regard to the establishment of a local factor in modern factory building here. It was proposed that a small factory unit be organized locally, inasmuch as Fulton already has many facilities for doing this, with sufficient sales contacts and business heads available.

Friday night, March 16th was set as a date for holding a community-wide banquet. A committee on arrangements composed of L. Kasnow, H. H. Bugg and Smith Atkins, was appointed. The board of directors will meet in executive session this week to arrange the program for the banquet. The purpose of the banquet is to create a deeper and finer interest in the "forward Fulton" movement, and every citizen of the community is urged to be present and co-operate in these efforts.

Although the YMBA has been meeting once a month, it was decided Monday night that meetings would be held twice a month from now on, each second and fourth Tuesday nights.

FREE FOR ALL FIGHT IN NEGRO SECTION

Following a "free for all" fight in the negro section of Fulton, Jennie Bell Hodge, negroess, went to jail on a breach of peace charge, Dick Hodge, her one-eyed brother, who lost the sight of his other eye, while Paul Malone, another negro, who is alleged to have thrown the bottle which struck Hodge in his good eye, rests in jail awaiting trial.

"You never can tell what the results will be when one of these 'battle royals' starts."

Three Fulton men, Amos Colley, Joe Davis and Joe Browder, have been busy this week, in efforts to obtain right-of-way from property owners along the Fulton-Dukedom road for the construction of a state highway by the State Highway Department. Immediate action is necessary to obtain the co-operation of the state department, in improving this road, it is stated.

Deeds for the right of way must be signed and recorded before any step will be taken by the highway department. Right of way must be secured in three counties, Fulton, Dickson and Graves, because this road penetrates them all.

This road has been sought for many years, and it greatly needed as an all-weather outlet for those people residing in and around the Dukedom community.

"PIANO CASE" CREATES MUCH INTEREST HERE

Perhaps one of the most unusual trials to be held before Police Judge Adams this year was that of the "piano case" tried Tuesday. One peculiar thing about it, was the fact that the trial was conducted in the circuit court room at the City Hall here, where regular sittings have for several months. A large crowd was present as usual but there were no "tuneful" notes.

H. C. Cashen, representing one side of the faction, sought to obtain possession of a piano which had been used by a community singing organization which recently split after a falling out. Attorney H. F. Smith represented Mr. Cashen, and Attorney Steve Wiley represented C. L. Gardner and Dr. R. T. Rudd.

But after all was said and done the piano remains yet "undivided" and all members of the singing organization may use it, according to judicial decree, so there seems to be two courses of action open: both sides get together and work in harmony, or agree on a price for the piano, give or take.

FULTON ICE COMPANY MAKES IMPROVEMENTS

George N. Williams, engineer for the Fairbanks-Morse Company of St. Louis, has been engaged in the installation of a 140 horsepower diesel oil-burning engine at the Fulton Ice Company on Norman-st. One of the latest type engines now on the market is being installed with a complete electrical system included. This engine is replacing a large electric motor, which will be changed into a generator for the purpose of producing light and power at the ice plant.

RAMSEY SNOW ACCEPTS GOVERNMENT POST

Ramsey Snow of this city left early Monday morning on the Chickasaw for Fort Leavenworth, Kansas to accept government appointment. His position is in connection with CCC work in that territory, and the appointment calls for six months service.

Mr. Snow received a special delivery letter Sunday morning to the effect that he had obtained the appointment. Sunday afternoon a telegram followed, then on Sunday night he received written orders on the midnight train, telling him to report for duty immediately.

DR WRIGHT INJURED IN AUTO ACCIDENT

While returning last Thursday night from Union City where he visited his son, Hendon Wright, Dr. C. A. Wright of this city sustained a deep scalp wound and other painful injuries, when his car and another collided during a blinding rain storm. Dr. Wright's car was driven by his chauffeur. The chauffeur received two broken ribs and other injuries.

BETTER THAN NRA'S

Recently a bank, operated since 1864, published its statements. This bank has paid an annual dividend since it began of ten per cent and generally an extra two per cent, depositions—and there has been several since 1864—have not affected this institution materially, it has come on and on.

It has been a bank. It has not formed subsidiaries. It has not branched into other businesses. It has been a bank, not one single thing else, more or less.

Its success is partly attributable to its policy of tending to its own business. But more than that, the bank is successful because it has

followed the principles of "old-fashioned character, integrity and experience in owners and operators."

What sauce for the goose is also flavoring for the gander, everybody knows. And by the same token, old-fashioned character, integrity and experience in owners and operators will be good for any business, be it a bank or a hotel stand.

Character, integrity and experience can sound a death-knell to depositions. They can eliminate sensational investigations because they would never permit any cause for investigation.

They can stop cut-throat competition and rivalries that breed hatred and malice. They can elevate business to its rightful position, which is an honest living for honest men in an honest way.

Character, integrity and experience are better than NRA codes. They are the triplets that can bring a money bag back and keep it.

A sound banking institution—and men of character, integrity and experience, with foresight enough to build for the future with level heads—are real community assets.

LOW-DOWN AT FRANKFORT

It is generally known that the condition of the state government of Kentucky is suffering at the hands of unscrupulous politicians, pppp yycenn unnn eecymunuuu, and affairs of state are in a dreadful mess. This bunch of selfish grafters promise one thing to the voters and forsake them in the legislative halls.

It has been our contention all along that a lot of unnecessary expenditures are being made by the state, and numerous boards and commissions created which are not more than part of a gigantic political spoils system. A letter from the First Senatorial District, to A. Robbins, Editor of the Hickman Courier, gives a vivid inside glance on our state legislative bodies.

Senator Humphreys, who has always endeavored to protect the interests of the people voted for the compulsory primary bill, giving the people the right to elect men to represent them at Frankfort, has the following to say:

"The only chance for the ordinary people of the state of Kentucky, in either party, to obtain decent and uncontrolled government is for them to be permitted to express themselves at a primary. Any time a convention is called to nominate candidates more than 90% of the men and women voters of the state are disfranchised. I hold no hope for progressive and uncontrolled government in this state for many years to come.

"I am enclosing a copy of the so-called 'reorganization' bill, and upon noting the enumeration of boards abolished it will appear that it really is a reorganization bill. But when you go into it carefully you will find all these functions are merely transferred to another department, and in most cases, the salaries are raised. Instead of saving the state money, it is my humble opinion it will cost the state much money.

"I am of the opinion the Republicans will obtain the jobs which are ripped from the Auditor in payment of their support of this monstrosity. In my opinion it is not a reorganization bill, but only a rip-off putting honest men out of office. It is my humble opinion that instead of promoting good government in the state it will cause a system more expensive and complicated than the system under which we are now operating, and it will take the courts at least ten years to clarify some of its provisions.

"So far as the sales tax is concerned, I am not greatly interested. It may be as good revenue raising bill as could be produced. However, with extravagance running rampant in the State House, so far as I am concerned, I cannot vote for the sales tax, or any other bill that will raise a large amount to be squandered. I hate to take this stand, but as a combination of Republicans and Democrats have taken upon themselves to run rough shod over honest people, to deny them a primary and to force on them a fixed convention which will name candidates for office who have already agreed to loot the people, it seems to me the raising of revenues is their problem and not mine.

An unknown author describes marriage as a blank strip of cloth on which each party to the contract must color his and her own happiness by hand. Think it over.

RELIGION AND EDUCATION

No thoughtful business man wishes to see his family in any place where religion and education are not among the dominant things of the community or the section. Even though he may not himself be a Christian, and though he may not have the privilege of a college life, he at least wants to see his family surrounded by religious and educational advantages.

Some time ago a leading New York business man, deeming all belief in Christianity, was bluntly asked, "What do your children do on Sunday mornings?" His answer was "Of course, I send them to Sunday School." And in reply, when asked as to the reason why he did this when he professed not to believe in the teachings of Sunday Schools, his answer was, "I want them to have the kind of influence around them which is represented by the churches and the Sunday Schools."

That man, professing to have no belief in Christianity, was nevertheless unwilling that his children should grow up in an irreligious atmosphere. That is the thought which in one way or another dominates the lives of millions of people who are not themselves church attendants. These people realize that upon the foundation of religion rests the superstructure and the progress of all business interests and all civilization as we know it.

Wherever churches decay, morals and business inevitably decay. Blot out the churches of any community and all property would overnight decline at least fifty per cent, unless it were known that these churches would be immediately rebuilt. The world's progress has been made based on religion.

Education is another mighty factor in the welfare of any community or any section. Where educational facilities decay, there inevitably follows a movement of population away from that section, and a decay of business activity and of public and private morals. Our educational institutions, since they deal with humanity at its most impressive stage, exercise a tremendous influence in the life of a nation.

In the sixteen Southern States there are 76 state institutions. These embrace universities, colleges and normal schools. Every state is vying with every other state as to

which shall show the largest extension of school building operations, and the greatest advance in educational work from the primary grade to the highest university.

We feel justified therefore in emphasizing the religious and the educational side of Southern life as one at that—for the material as well as the moral and educational advancement of this section.

INSTALLMENT PLAN OF TAX PAYMENT ADOPTED BY PADUCAH

An installment tax payment plan, designed by City Manager L. V. Bean as a means of "saving many homes, especially those of the small home owners," was adopted unanimously this week by the Board of City Commissioners.

"It is my suggestion, Mr. Bean told the board, 'that we continue to make the discount of 3 per cent of the full amount if paid in April; 2 per cent of the full amount if paid in May. Further I suggest that during the month of April we accept a payment of 33 1-3 per cent or one-third, of the first half of the ad valorem taxes due; 33 1-3 per cent or one-third during the month of June, then on July 1, the penalty to apply on the remaining unpaid

balance of the first half as at the present."

POULTRY MEETINGS HELD IN COUNTY

J. E. Humphrey, Field Agent in Poultry from the College of Agriculture at Lexington, and Dr. T. P. Polk of the Department of Veterinary Science, College of Agriculture, were in Fulton County, Thursday and Friday, March 8th and 9th and held two poultry meetings with poultry raisers. One meeting was at the home of Coy Putman Thursday afternoon, and the other at the home of Malcolm P. Inman near Palestine Friday afternoon.

Mr. Humphrey discussed feeding, care and management of poultry flocks and the growing of chicks. Dr. Polk talked on the prevention of parasites and diseases that affect poultry. Visits were made to poultry raisers who are keeping flock records in co-operation with the poultry department of the College of Agriculture.

FREE DENTAL CLINIC

Dr. H. E. Prather, Fulton County Health Officer, has announced that Dr. E. A. Strode, dentist, will hold free dental clinics in this county from March 12 to March 17 under

the direction of the State Board of Health. They will be for children in the first and second grades, not over 8 years old.

Dr. Prather said the clinic here will be held in the city hall and that their purpose was both educational and preventive. Examinations have shown that many young children have defective teeth. The clinic will be open free to children whose parents are unable to pay for dental services.

FARMERS TO BE GIVEN
EMERGENCY CROP LOANS

Farmers seeking loans from the \$40,000,000 emergency crop loan fund will be directed in the near future where to apply in their respective communities, stated William I. Myers, Governor of the Farm Credit Administration. Rules and regulations covering such loans will soon be announced. Application forms are now being prepared.

It is required by the law that borrowers, as a condition to receiving an emergency loan, must furnish proof of co-operation with the Agricultural Adjustment Administration.

Each applicant must obtain clearance through or furnish a certificate of co-operation with the Agricultural Adjustment Administration. The production control associations will make available lists of those who have signed acreage control contracts. Farmers who are on this list, if otherwise eligible to borrow, will be able to obtain loans.

County councils of the production control associations will certify to representatives of the Farm Credit Administration the names of any farmers who, while not signing acreage control contracts, are co-operating by not increasing their production contrary to the acreage control program.

Where county councils have not been set up, Farm Credit Administration representatives will be in-

structed to make no loans to farmers who are planning to increase production.

For the time being, according to Governor Myers, the various regional emergency crop loan offices will handle the applications for loans from the \$40,000,000 fund, and those offices will be under the immediate direction of the Emergency Crop Loan division, which is placed under the supervision of the Production Credit Commissioner, S. M. Garwood and the Governor.

FULTON BULLDOGS WIN FIFTH DISTRICT TOURNAMENT

About the easiest task to confront the Bulldogs this year was the winning of the Fifth District basketball tournament which was held in the Science Hall last Friday and Saturday. Their first game was with Hickman whom they defeated 63 to 18. Then on Saturday night they disposed of Sylvan Shade 52 to 17. Running up a total of 115 points in the tournament to their opponents 36.

The first game of the tournament was late Friday night between Cayce and Sylvan Shade. Cayce was eliminated after a hard battle which they had won up and until the middle of the final quarter when Sylvan Shade forged ahead.

Then Friday night Fulton met and defeated the boys from Hickman 63 to 19 with Weaver and R. Hill dominating the Hickman boys by scoring 21 and 14 points respectively.

Saturday afternoon Sylvan Shade who defeated Cayce Friday night faced the Jordan team and after a rather stiff battle for a short while pulled away and left Jordan on the short end of a 49 to 26 score. This result entitled Sylvan Shade to face Fulton in the finals.

As the first quarter whistle blew

in this game the score stood Fulton 19, Sylvan Shade 4. Continuing their onslaught through the second period the Bulldogs topped the score of 38 to 11 as the half ended. Slowing up a bit Fulton with all the substitutes they were allowed to use they continued hitting the basket and the score stood 48 to 15 at the close of the third period. Dycus did all the scoring in the final period finding the basket twice to push the score up to 52 as against 17 for the visitors.

At the conclusion of the games Supt. J. O. Lewis presented to the captain of the Bulldogs, Myron "Stretchberry" Weaver, a beautiful trophy for his team winning the Fifth District tournament of Kentucky and to Captain Show of Sylvan Shade also a trophy for the runner-up position in the tournament.

The Bulldogs will go to Murray this week for the Regional meet to be held there, facing such teams as Bardwell, Symsonia, Arlington, Kitzey, Sylvan Shade, Wingo and New Concord, of which they have already defeated the strongest of the list this year. Fulton should also win this meet.

MORE CCC BOYS LEAVE IN APRIL

According to the latest reports at relief offices here and at Hickman more CCC boys will be called to camp in April. Information received in Fulton indicates that plans are being formulated for enlargement of these camps and Fulton County has been requested to report how many boys it can furnish.

The local relief office has advised state headquarters that the east end of Fulton county can provide 25 boys, and the same number could be obtained in the west end of the county. More information on these camps is expected in a few days.

MEMPHIS DIVISION WINS SAFETY CONTEST

As a result of a reduction of 67.2 per cent in personal injuries to employees on duty in 1933 as compared with 1932, the Memphis Division of the Illinois Central System has been awarded the L. A. Downs silver cup for one year in the annual system-wide safety contest. The closest competitor was the St. Louis Division, which achieved a 51.1 per cent reduction. The reduction for the entire system was 31.7 per cent. E. D. Holcomb is superintendent of the Memphis Division, with headquarters at Memphis. The Vicksburg Division was the winner in 1932.

MONTH OF MARCH WITH THE FISHERMAN

Down here at the office of The Fulton County News there hangs a calendar known as "the fisherman's calendar," which forecasts the good and bad days for fishing. The month of March got off to a good start with March 1-6 denoted as good fishing days. The remainder of the week Dame Luck starts her disappearing act, according to the calendar, and by Sunday, March 11, fishing will be rotten if you can believe the calendar forecast.

Then on March 16 the fish will begin to nibble again, and by March 22 they will be sinking corks going and coming, with the rest of the month good fishing, the calendar contends. Some of you big fishermen watch your dates, and report "your take" for the interest of other followers of the rod and reel.

Kramer Lumber Company

WE'VE BUILT THEM BETTER FOR YEARS

Located on Walnut Street from 403 to 505 will be found the offices and yards of the Kramer Lumber Company owned and operated by T. J. Kramer and J. H. Kramer and serving the community efficiently for the past ten years. This company has built on an enviable record when it comes to giving satisfaction in the lumber and building business.

Successful builders must do two things: erect better structures and keep costs down. We need only point out the many excellent buildings which we have built—

then show you data on costs to convince you that we are the logical choice for building contractors. When you are thinking of building a home, garage, cottages, or any other building of any kind let us make a bid and you will be convinced that we can give you satisfaction.

Your patronage is solicited and every order will receive dependable, prompt service. It is indeed fortunate to have the service of this organization at your demand.

Franklin Dry Goods Company

THE LEADING DEPARTMENT STORE

Conveniently located in the heart of the business district, on Main-st opposite the City Hall, you will find the large and spacious establishment of the Franklin Dry Goods & Clothing Company. This store bears a name which is both familiar and popular with people of this section as a place where they can feel completely at home while doing their shopping. Its friendly atmosphere has placed this store in an individual class as a shopping center for a wide area in this territory. This store has been serving the people of this community for over three decades and

in that time has built up an enviable record for quality merchandise and economical prices. Everyone who knows merchandise can appreciate the fine lines to be found on sale at Franklin's every day in the year.

Mr. Franklin came here as a young man and went into business, and during many years of faithful service in the community he has made hundreds of friends. His public-spirited attitude is commendable, and his sincere interest in the welfare of Fulton is to be praised.

The City National Bank

THE STRONG BANK

The City National Bank of this city has stood the test of "fire." All the flurries and storms of the depression failed to rock this institution and while other banks in all parts of the country were closing this bank remained open, and the depositors were protected. This bank has faith in our country and faith in our city—and the increasing number of new accounts this bank is receiving proves that the people of this community

have faith in the bank. This institution strives to merit the continued faith of its patrons as a safe and conservatively managed bank, affording the best banking service for those who desire it.

The City National Bank is "large enough to serve you; strong enough to protect you; and extends a welcome to all those seeking a safe and serviceable banking house."

Lowe's Cafe

K. R. LOWE, PROP.

EVERYTHING GOOD TO EAT

Prominently located in the very heart of the downtown business section on Lake Street is this truly modern restaurant. This establishment is operated by a true-blue ex-Service man, and employs only the finest skilled operators, cooks and clerks. The doors are never locked to their patrons for they provide 24-hour service. Special care is given to parties and banquets regardless of whether they are large or small.

Years of experience in the cafe business enables Mr. Lowe to care for his customers as they want to be cared for. Give

them at all times the best of service and the Best of Food. He specializes in Country Ham and Southern Style Cooked Foods—the Flavor is There!

It is a pleasure to review this establishment upon its efficient service, and to commend the manager upon his public-spirited policies. Delectable regular meals, short orders, plate lunches, sandwiches, cold drinks, candies, cigars, cigarettes, tobaccos are provided those who patronize this modern cafe, and the service is superb.

Fall & Colley Insurance Co.

J. A. COLLEY, MANAGER

The Fall & Colley Insurance Agency under the able management of J. A. Colley has made wonderful strides of progress in the insurance field in this community. This reliable firm is prepared to give the farmers of this section any kind of insurance protection they may need with the fees very reasonable. Mr. Colley is perhaps more familiar with farms in this area than most any other man in this section, for he makes many excursions into the rural districts in interest of his business.

B-sides being widely experienced in farm and automobile liability insurance, Mr. Colley devotes much time to civic work, and any movement that will benefit Fulton or surrounding community is always of interest to him. Fall & Colley's office is located on Main-st. first door west of the City Hall, and they are prepared to serve your wants in insurance, and it is always a wise policy to be protected in case of disaster.
