VOLUME XXXIV.—NO. 229

WALL ANNOUNCES TRUSTEES OF 21 SCHOOL DISTRICTS

EACH OF 28 DISTRICTS TO HAVE THREE TRUSTEES UNDER NEW LAW

The names of the three sub-district trustees in each of the 21 of the 28 school subdistricts in Fulton county were given out this week by J. R. Wall, county superintendent of schools. The last Legislature raised the number of trustees in each district from one to three, but left the power of appointing the trustees in the hands of the County Board of Education in cases where the district failed to hold an election.

Elections for sub-district trustees were held in eight of the 28 districts on July 2. The results were as follows:

Cayce: Allen Campbell, Hubert Wilkins and W. W. Koonce. Mr. Koonce was the trustee before and so was named chairman and will serve a one year term. Mr. Campbell will serve two years and Mr. Wilkins three. In the other districts the terms to be served and the chairmen have not been determined. The trustees will elect their chairman and draw lots for the one, two and three year terms. Mr. Wall said.

Crutchfield: B. Kearby, C. A. Einfeld and Char. Howell. Jordan: John D. Burrow, George Hardy and C. B. Evans. Sylvan Shade: L. B. McGehee, Roper, Jon Atwill, Roy Adams and Frank Henry. McFadden: Erwin Bard, O. C. Wolbertson and Cleveland Bard. Beech Grove: John Barnett, George Davis and Willie Thomas. Lodgepole: Tom Ballow, H. H. Harrison and Charles Patrick.

The county board has appointed the following trustees in the remaining white districts:

Blue Pond: Jim Childers, Frank Pate, Mrs. Emma Heatherly, Sycamore: W. Coffey, Allen King, Claude Jackson, Tyler Ward, Luten O. J. Readenour and Frank Hayes. Madrid Bend: Mrs. Edna Whitson (two more to be appointed). Fairview: Charles Ferrell, Jim Stenfield and Ira Edwards. Graves: L. T. Harding, J. E. Wigan and Ed Young. Walnut Grove: T. Oliver, Rob Hutchens and Crit Jackson. Stubbs: S. F. Rice, Fred Ward and T. C. Chappel. Montgomery: Will Everett, Roy Ballow and Herman Logan. Palestine: H. Porritt, Roy Bard and Clyde Burnett. Taylor: Wade Brown, Cornelia Goodwin and Carl Strand. Bondurant: E. Standridge, Mrs. Mikel and Alton Nipp.

The trustees for the seven colored districts of Phillips, Cayce, Lynn Grove, Brooks Chapel, Ledford, No. 9 Lake and Sasasfras Ridge, will be appointed by the board later on, Mr. Wall said, as none of them held elections on the appointed day.

COMMITTEE REPORTS

PROGRESS BEING MADE

The committee in charge of the work for promoting a Home Coming in Fulton during next month, reports that good progress has been made since yesterday. Those working in the cause state that they are getting splendid cooperation from the business men and believe that it will go over big.

Further reports will be given from day to day.

Paducah, Ky., July 28.—(AP).—Nine truck owners were fined in magisterial courts here today on charges of failure to equip their trucks with rear view mirrors. The fines were \$15 with \$10.50 costs each. W. V. Schiller, State Highway Patrolman, made the arrests.

WEATHER

Generally fair and cooler Friday; Saturday fair with moderate temperature.

THE MARKET at a GLANCE

NEW YORK
Stocks strongly extended despite profit-taking.
Bond firm; corporate issues resume rise.
Curb strong; utilities continue leadership.
Cotton higher; sugar lower.

Jordan School Being Rebuilt

The Fulton County Board of Education decided to rebuild the Jordan school, which was destroyed by the fire recently and has let the contract to J. J. Strother & Sons of Crutchfield who have started work on the new building. J. R. Wall, county superintendent of schools, told The Courier this week. The new building will be a one-story frame building, with two grade rooms and a large auditorium, with temporary partitions, which will divide it into two high school class rooms for the time being, Mr. Wall said. The old building was a story and a half, with the auditorium upstairs. The new building is being built on the site of the old one, but has been rearranged to give more room and will be modern in every particular.

DANNY BENEDICT

Thursday afternoon, July 28, 1932, the reaper entered the home of B. P. Benedict and took therefrom one of earth's fairest flowers, we called her "Danny" Miss Dudley Ann Porter was born in Carlisle County Kentucky March 1st 1897. She became the wife of B. P. Benedict January 25th 1880. Together they had traveled life's pathway for more than fifty two years. Danny had passed her seventy fifth year last March first. "Softly, so softly, the years have swept by thee, lightly with the tenderest care; Sorrow and death they have often swept nigh thee. Yet they have left thee but beauty to wear; Growing old gracefully; Gracefully fair. Danny became a Christian and united with the Hopewell Baptist Church, near Arlington Kentucky, at the age of fourteen. She died as she lived, in the triumph of a living faith. Danny was a REAL Christian. She possessed the rare quality of true friendship. Surviving her are her husband, B. P. Benedict, three daughters, Mrs. L. M. Robertson, Mrs. J. F. Wiseman and Mrs. Earle Taylor; nine grandchildren and four great grandchildren, and 1 sister Mrs. J. A. Smith of Edwardsville, Ill. Her friends are numbered by her acquaintances. She was a devoted member of the First Baptist church of Fulton Kentucky at the time of her death.

Funeral services were held from the First Baptist Church conducted by Rev. C. H. Warren assisted by Rev. E. Frank Adams of Paducah, Ky., and interment at Arlington, Ky. The pall bearers were her three sons in laws, whom she regarded as her own sons, and three of her grand sons. Sleep on, beloved, sleep, and take thy rest. Lay down thy head upon thy Savior's breast; We love thee well, but Jesus loves the best— Good night! Good Night! Good night— Calm is thy slumber as an infants sleep; But thou shalt wake no more to toil and weep; Thine is a perfect rest, secure and deep— Good night!

Until we meet again before His throne, Clothes in the spotless robes He gives His own. Until we know even as we are known— Good night!

EXPENDITURES IN PEN DEPARTMENT ARE HEAVILY CUT

BREWER REPORTS AVERAGE OF \$61,000 A MONTH SLICED OFF EXPENSE LISTS

Frankfort, Ky., July 28.—(AP).—B. T. Brewer, secretary of the board of public welfare, in a financial report given Governor Laffoon, said the cost of operating the state's charitable and penal institutions during the first six months of this year was cut down an average of \$64,000 a month from the preceding six months.

Brewer said the total cost of operating the state institutions the \$814,006.09 as against \$1,196,048.93 first six months of this year was for the preceding six months. He stated the per capita expenditure in the first six months of 1932 was cut to \$77.37, representing a decrease of \$36.57.

Waters Blames White House

Washington, July 28.—(AP).—From Walter W. Waters of Portland, Oregon, the regular commander of the "bonus expeditionary force," came the assertion tonight that "no matter what may happen from now on, the B. E. F. will carry on."

"If driven from Washington," he said in a statement, "it will organize elsewhere and continue the fight for justice for the veterans and the common people of the United States. We have come far now to quit."

"Every drop of blood shed today or that may be shed in days to come as the result of today's events can be laid directly on the threshold of the White House."

The Waters statement, telephoned to newspaper offices, included the assertion that a life was sacrificed "to serve the political interests of the administration."

The one time dictator of the bonus army watched from the sidelines while the men who formerly paid his allegiance swept completely out of his control.

Before federal troops arrived to push former service men off their encampments in front of a cloud of tear gas, Waters threw up his hands in a gesture of defeat.

He said frankly that he no longer had any control over the men.

2 SLAIN; 3 WOUNDED IN FIGHT AT CHURCH

Somerset, Ky., July 28.—(AP).—Deputy Sheriff Kenneth M. Brown was in a hospital here today so seriously wounded physicians feared he would be the third fatally from a fight at the Carter Grove Baptist Church at Quinton last night, following an attempt to arrest Dick East, accused of creating a disturbance.

Murphy Johnson, deputized to arrest Brown, was killed and Dick East's brother, Tom East, died later. Deputy Bunk Hardwick received serious wounds and Dick East was shot in an arm.

The fight started at a revival meeting. A call was sent to officers here and Brown and Johnson went to the scene. The exchange of shots followed. Brown was shot three times as the battle which started inside the church, was continued on the outside. All wounded were brought here for treatment.

COMMUNITY SINGING

There will be a community singing at the Primitive Baptist church Sunday afternoon, beginning at two o'clock. The public is cordially invited to attend. There will be quartets from Dukedom, Mayfield, Union City and Water Valley, as well as special singers from other places. Adv. 219-2t.

ONE VETERAN KILLED AS RIOTS BREAK OUT IN WASHINGTON—TROOPS CALLED

TWO OTHERS SERIOUSLY HURT IN FIGHT

Washington, July 28.—(AP).—Behind a blue mist of tear gas, federal troops today cleared the bonus army from their shanty village in the shadow of the capitol, where shortly before one veteran had been shot to death and others injured in fights with the police.

The soldiers were ordered to the scene by President Hoover after District of Columbia authorities admitted defeat.

Retreating suddenly before the rolling barrage of the doughboy's tear gas bombs, the dispirited bonus seekers trudged away in disorganized huddles, leaderless and thoroughly demoralized, seeking shelter in other open places far and wide through the city.

A few of them nursed minor bruises, the results of their brushes with the police and soldiers, but on the whole the infantrymen did their work without the exercise of actual physical force. Accompanying cavalrymen, however, rode their horses into the crowds on occasion to disperse them.

Old Camps Are Burned

First a plot of government land at Third and Pennsylvania Avenue, scene of the earlier clash, with the police, then other camps a few blocks farther from the capitol, were cleared by the soldiers and left in smoking ruins. The torch was applied by the military to shack and ten left behind by the departed squatters, and the ground made ready for the government building operations which federal authorities had decided should be no longer interrupted.

Walter W. Waters, the young Oregonian who led the bonus march to Washington, disclaimed responsibility for his followers' resistance to the first eviction order of the police, and said tonight he was through.

"The men got out of control," he said. "There was nothing and is nothing I can do to control them."

With bayonets flashing and dense clouds of smoke mounting over Pennsylvania Avenue as the troops advanced across the litter-strewn areas of the camps—already half-prepared by the wrecker for the building contractors to follow—the afternoon scene was like a leaf out of the book of the great war.

Giant Tanks Stand By

While cavalrymen held back thousands of spectators, infantrymen wearing masks moved methodically through the disputed area dropping their gas bombs. Across the broad avenue stood other troops ready to assist if needed, and on a side street giant army tanks and machine guns were prepared, to level off the shantytown which the veterans have stubbornly refused to evacuate.

Before the evacuation was completed the brilliant afternoon sun had difficulty penetrating the thick mist of rising gas veils.

Huge army trucks were on hand to carry off those who refused to move and the ambulance strength of the city was mobilized on the spot to care for casualties. Fire apparatus, with sire wide open, came charging into the area to see that the flames started by the troops did not spread too far.

At one camp in southwest Washington the troops encountered real resistance. When they began throwing tear gas into the block, the veterans who had learned something from their huddled bombs cast fast as they hit.

Vets Hurl Backstones

Then in a wild riot of helter-skelter riding the troops bore down on the mass thousands and hurled them back quickly. The veterans threw stones and stones, but the casualties were few.

Some bonus seekers refused to budge before the daisy, but the infantry followed through, and with the butts of their rifles pok-

Locals to Face Obion Sunday

BOTH TEAMS HAVE WON 19 OUT OF 23—HARD BATTLE ANTICIPATED

After several weeks on the road for Sunday base ball games the local nine will perform on the local diamond in the struggle of the year with the strong Obion Independents next Sunday afternoon at 3:30.

As is known the Fulton nine have been playing the best grade of base ball of any club in western Tennessee or Kentucky this year and will be at their best in this contest. Fulton has played 23 games to date this year and have emerged victorious in 19 of them. Obion has also had the same luck that Fulton has in number of games played, won and lost. This game promises to be very exciting and interesting from every standpoint as both clubs are well posted on each other.

The batteries for the Sunday affair will be Jackson and Stout for Fulton, and N. Daniels and Hale for Obion. Daniels has been very unfortunate in facing Fulton as he has never been able to pitch winning base ball against the local club.

ed the resisting men along in a furious, wild riot.

After clearing the disputed areas in Washington proper the troops were ordered to finish the day by breaking up camp Marks, the main encampment of the veterans on Anacostia river.

President Hoover in ordering out the troops, explained that many of those who remained after confinement were not veterans; many are communists and persons with criminal records.

By ordering the army to turn over all prisoners to civil authorities, was department officials avoided the necessity of declaring martial law in the capital.

Veterans Rush on Cops

The earlier clash with the police had been short and furious. Rushed by hundreds when they sought to clear out the occupants of a partly-demolished four-story brick building, a few policemen first used their night sticks to stem the attack, then began to shoot.

The veterans dropped back quickly, pell mell. They left behind William Hashka, 37, of Chicago, fatally wounded, and Eric Carlson, of Oakland, California, who was in a hospital tonight in a serious condition.

George Scott, a policeman, tonight was given a chance to survive a fractured skull received when veterans attacked police with bricks after being evicted from a building in the disputed area.

The troops arrived in Washington from nearby Virginia camps and forts. They assembled near the White House, and marched down Pennsylvania Avenue to the scene of the battle.

Headed by the cavalry, the troops moved down the avenue as if on parade. Flags were flying, arms were bright in the sun,

Gotham Body Attacks Pay

GROUP WOULD SLASH PAY OF WALKER AIDS GETTING \$5,000 OR MORE

New York, July 28.—(AP).—The City Affairs Committee has hoped into the discussion of municipal pay cuts with a sharply worded communication calling upon Mayor Walker to save \$25,000,000 a year by eliminating "the highly paid loafers in the upper salary brackets."

The committee condemned the Mayor's plan under which city employees would contribute a portion of their pay back to the city treasury, calling it an attempt "to saddle upon the army of city employees the \$25,000,000 cost of maintaining political snecures on high salaries."

The committee, which is composed of private citizens, alluded to "expensive department heads," and said:

"A Mayor who still leaves himself a salary of \$120 a day has no right to talk about economy."

It suggested a 20 per cent pay cut to all getting \$15,000 a year or more, scaling down to a 10 per cent cut at \$5,000 with no reductions under the figure.

Walker Claims Prosecution

SEABURY CAUGHT SCANDAL AND GOSSIP, MAYOR DECLARES

Albany, N. Y., July 28.—(AP).—Mayor Walker termed himself a special target of misrepresentation by a politically conceived inquiry in a slashing rebuttal tonight to the removal charges before Governor Roosevelt as a result of Samuel Seabury's investigation into the Walker administration of New York City.

In a 27,000 word answer the mayor traced the history of the legislative committee before which he appeared and made the counter charge that its inquiry was inspired by city, state and Republican organizations "to divert public attention from those responsible for the dreadful conditions of affairs throughout the nation."

Denies Analysis

He asserted that the request for his testimony before the committee was so timed that "my appearance at a public hearing could be staged as a climax just before the two national conventions."

Walker categorically denied the "analysis" of testimony which Seabury said showed him unfit to continue in office and made a broad legal and personal reply to both the Seabury case and the two other sets of charges pending before the governor.

At one point the mayor said: "Mr. Seabury merely sought gossip and scandal which he thought might reflect upon James J. Walker personally."

BARKLEY TO GIVE FIRST SPEECH TONIGHT

Louisville, Ky., July 28.—(Sp).—The statement of Senator Alben W. Barkley that he will stand squarely behind the platform of the Democratic party came just one day before he will open his state-wide campaign for re-nomination.

Tomorrow night he will deliver the first address of his drive for votes in a speech in the auditorium of the Seelbach Hotel. Though he has not yet completed his speaking program, he said it will probably include a hurried trip throughout the state.

Louisville, July 28.—(AP).—Announcement that U. S. Senator Barkley's opening campaign address will be broadcast over Station WHAS here Friday night beginning at 8:30 p. m. (C. S. T.) was made today.

PRESIDENT HOOVER PICKS FINAL NAME FOR CREDIT BODY

C. A. MILLER, UTICA, N. Y., BANKER, WILL HEAD CORPORATION

Washington, July 28.—(AP).—President Hoover today completed the reorganization of the \$3,500,000,000 Reconstruction Finance Corporation, naming Charles A. Miller, banker and lawyer of Utica, N. Y., as the seventh member of its board of directors.

Miller, a Republican, will be elected president of the corporation, filling the post left by Charles G. Dawes. Announcement of this choice followed a meeting between the President and the corporation directors in the White House.

Present in addition to the President and Miller, was Allee Pomerehne, Ohio Democrat, whose recent appointment to the corporation's directorate threw nominal control of the board away from the Republican members. Pomerehne is slated to be named chairman.

Although no longer legal members of the board, Eugene Meyer, former chairman, and Paul Bestor, a former director, also were present, as were all the directors except Jesse Jones of Houston.

Pomerehne Not Yet Elected

The conferees, as they left the White House, would say nothing except that the election of Pomerehne to the chairmanship of the board, as forecast by Mr. Hoover, had not yet taken place.

Between conferences, directors continued to press forward in their task of making loans to needy industries and to make rates for individual. A \$3,000,000 loan already has gone forward to Illinois.

Miller, 64 years old, is president of the Utica Savings Bank. After graduating from Harvard in 1890, he was admitted to the bar in Utica and later was chosen, vice president of the New York State Bar Association. While practicing law he interested himself in banking and became president of the New York State Bankers' Association in 1909.

Miller has been chairman of the regional committee of the Reconstruction Corporation's activities in the Second Federal Reserve District, embracing New York.

Duties Discussed

Pomerehne, Miller and Secretary Mills today held an early morning conference with Mr. Hoover at new duties were discussed. The erstwhile Ohio Senator and Government prosecutor in the Teapot Dome oil scandal spent the day in conference with his new colleagues before returning to his home for the week-end. He said he would take up his work here in earnest next Monday.

Pomerehne also conferred at the Treasury with Mills, Secretary Lamont, Daniel Willard of the Baltimore & Ohio, Hale Holden of the Burlington, W. W. Atterberry of the Pennsylvania and a number of other prominent railroad men.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Philip Humphrey announce the birth of an eight pound daughter, Dorothy Dale, born yesterday at their home in Tipton, Tenn. Both doing well. Mr. and Mrs. Humphrey formerly lived in Fulton and their many friends will be interested in this announcement.

MRS TURNER LEAVES HOSPITAL

The many friends of Mrs. A. J. Turney will be glad to know she was able to leave the hospital in Memphis Wednesday, and go to the home of her niece in the city, where she will remain a week before returning to her home here.

Automobile racing has grown so popular that promoters announce an increase in returns of 37 per cent over the previous year's figures.

COMMENT

By the Commentator

THE DUKEDOM ROAD

Ever since the Commentator has been living in Fulton, there has been much talk of building a hard surfaced road from Fulton to Dukedom. Wednesday the State Highway Commission let a contract for about one-half of this long-talked-of road. The contract calls for grade and drain and low-type surfacing, and amounts to about \$28,000. This is the sector in Graves County, consisting of four and one-half miles, and starts at Dukedom, coming this way, I suppose that work will be done right away.

Kentucky is going to get some two or three million dollars from the federal road fund and this should give plenty of funds to go right along with all projects that are let.

The remainder of the road to Fulton has not yet been advertised for letting. However, no doubt this will soon be done, and it looks as if the coming winter at least will be the last winter that the Dukedom road will be impassable. So, after many long years of talk and work, we are going to get a road to Dukedom at last.

Furthermore, it is the plan of the Highway Commission to extend this road to connect with other highways east of here, and this will furnish us a shorter highway to Murray, Paris and Hopkinsville.

DOWN WITH THE REDS

Reports from Pontiac, Mich., tell of alleged plots of Communists to wreck the financial structure of the country by circulating false rumors of difficulties of the banks in the large cities.

Police raided the room of a man there, said to be head of a ring which specializes in circulating these rumors. They are said to have found letters and other proofs of the plans of these miscreants. The prosecuting attorney of Oakland County, Mich., declared that the plot was organized by a ring of Communists in this country, and backed by the Soviets in Russia. The purpose of the conspiracy is said to be to incite a revolution in this country by further complicating the financial situation.

If this is true—and the police claim to have documentary evidence of its truth—these undesirable elements of our population should be deported so fast it would make their heads swim. This country is in no mood to quibble with such gentry as these. The sooner they are returned to their own Communist form of government the better it will be for us and for them. This country is not going to be any revolution. But such agitation as these can make lots of trouble just the same, and there is no need to be bothered with them. We have no laws which empower us to get rid of them, let us leave no time in enacting such and putting them at once into execution. America is still the land of opportunity and of freedom, but not for such as these.

ting them at once into execution. America is still the land of opportunity and of freedom, but not for such as these.

ARBUCKLE COMING BACK

Roscoe "Fatty" Arbuckle is coming back to the movies. Those of us whose memories of the movies go back as much as 12 or fifteen years will remember Arbuckle as one of the star comedians of the screen. He has not appeared since 1921, and there are many now who go to the movies who never heard of him. His retirement from picture-making was occasioned by a charge of murder in connection with the death of Virginia Rappe, film actress, in San Francisco. He was acquitted, but it was deemed wise not to let him appear in pictures. Warner Bros. have signed him for a two or three reel comedy, which will appear soon. Arbuckle had married recently a girl from Christian county, Ky. With other old timers in the movies, I shall welcome Fatty back.

Nursing and Hospital Experiment Found to Reduce Cost of Illness

NOVEL FEATURE IS USE OF "ATTENDANT NURSE" TO CARE MILD CASES AND ASSIST IN HOUSEWORK.

WASHINGTON (AP)—A plan providing nursing and hospital care at reduced cost, through payment of small annual fees by individuals to a community benefit association, has resulted in benefits to the public, the nurses, and the hospital in one community where it has been tried, Brattleboro, Vermont, according to a report made public by the Committee on the Costs of Medical Care. This committee on November 29 of this year will issue its final report and recommendations based on its exhaustive five-year investigations into the problems of the delivery of adequate scientific medical service to all the people.

A unique feature of the Brattleboro plan is the training and use of "attendant nurses" who are employed in simple cases where the services of a graduate nurse at high fees is not required, and who are available to assist in light household tasks if necessary.

The Brattleboro experiment is described by Allen Peebles, Ph.D., and Valeria D. McDermott, staff members of the committee, in a report, "Nursing Services and Insurance for Medical Care in Brattleboro, Vermont," the seventeenth to be published by the committee in the course of its five years of research. The report, which is now being printed by the University of Chicago Press, also contains evaluations of the Brattleboro nursing program written by Violet H. Hodgeson, assistant director, and Katherine Tucker, general director, of the National Organization for Public Health Nursing.

The report describes how the people of Brattleboro and surrounding towns distribute some of the costs of sickness more evenly. The plan takes the form of mutual benefit insurance providing for nursing and hospital service, either or both of which may be purchased by the same person. Chronic and maternity cases are not included in this service.

Premiums for nursing insurance are 50 cents a year for each child under 16, \$2 for single adults, and \$3 for married couples. Payment of this premium entitles a member flat home to receive the service of a full-time graduate nurse at one-third the regular rate. Or, if the sickness does not require the services of a graduate nurse, and it is desirable that some housekeeping service should also be done by the nurse, the member of the benefit association may obtain "attendant nurses" for one-half the regular charges.

The hospital benefit premiums are higher than the nursing premiums. Upon payment of \$1 a year for children, \$5 for single persons and \$7.50 for married couples, the hospital benefit association agrees to pay full costs above \$30, but not in excess of \$300, for an operation involving hospitalization, including the surgical charges for the operation. In non-surgical cases, with certain exceptions, it will pay one-half of the costs of regular hospital accommodations, excluding physicians' fees.

If suitable medical, hospital or nursing service cannot, for any reason, be obtained locally, provision is usually made to transfer the patient elsewhere, the same benefits applying.

OUT OF KEELERS' GOLF BAG

A Brick-Shower for Bobby

One afternoon in June, Bobby Jones, lately returned from a little trip to New York, was celebrating his return with a round at his home club, East Lake.

He was playing with his father, Bob Gardner, and Dana Belser. It began to rain furiously, and as the persistent, foursome were putting on the twelfth green a thoroughly inconsiderate bolt of lightning discharged itself into the adjacent fairway with a concomitant explosion of thunder that caused the champion to miss a six-footer by a large margin than had been noted since the spring of 1917, when a bee stung him behind his back.

With one accord the foursome departed toward the club house.

There is a good deal of kidding about the incident now. But it is a solemn probability that, had that foursome been wearing rubber-soled shoes instead of hobnails, every member might have been shaking hands with St. Peter within two minutes.

Wearing hobnails, they did not wish to enter the club house by the nearest door, into the great living room with its hardwood floor. So they were scurrying across the round lawn, formerly a practice putting green, just in front of the porte-cochers, when another bolt blasted a couple of tons of bricks from one peak of a tall twin chimney 60 feet above them.

The thunder was followed instantly by another roar, as a wagon-load of brick and mortar descended upon the veranda across which, but for the hobnailed shoes, the four golfers would have been moving.

Bobby and his father were walking under the same umbrella, and all around them came hurtling whole bricks and fragments of mortar. A chunk nearly as large as Bobby's head, which is no small head, crashed into the umbrella, ripped through, and glanced past Bobby's left shoulder, shredding the shirt sleeve and grazing his

arm. It buried itself level with the soft turf. That umbrella was abetting the hobnails. And Bobby's guardian angel was abetting both, for he was unhurt.

FILIPINOS APPEAL

DUSTED FARMERS RECEIVE NO REPLY TO PROTEST

We (AP)—who were driven from the Everglades colony last week by white neighbors, have appealed to President Hoover for protection until they can recover money invested in their crops and land leases.

The request was contained in a telegram sent to the President last Saturday by Camilo Osias, a member of the colony, but no reply has been received, they reported today.

The colony was driven from Canal Point district by a group of about 200 white farmers who had heard 3,000 more Filipinos were coming from California. The whites feared recurring of labor troubles that occurred in California two years ago.

MISSIONARY MEETING

The general meeting of the Woman's Missionary Society of the Methodist church for July, was held at the church. In the absence of the president, Mrs. W. R. Butt, presided over the business session. The meeting was opened with a song followed with prayer, led by Mrs. Binford.

The minutes of the last meeting were read by the secretary and approved. Mrs. R. E. Pierce was program leader, and was assisted in the devotional by Mrs. Louie Bard, Miss Mary Royster, in her most capable manner, discussed the political situation in China. Mrs. Milton Exum gave a reading which was much enjoyed and appreciated by all present. The meeting was adjourned with prayer, by Mrs. Butt.

RIVER VICTIM BURIED

Milton Ky., July, 27.—Gayle Bain, 21 years old, who drowned at Versailles, Ind., while attempting to rescue a girl companion, was buried here today. He was the son of Mr. and Mrs. Lee Bain of Os-

good, Ind., and was born here.

The Netherlands East Indies has become automobile struck and last year 8,299 American made cars were shipped there.

SUNNY DIP Swimming Pool

is now open for the season. Reduced rates make swimming inexpensive to all. Pool will be kept clean and sanitary at all times, with a life-guard on duty.

Special attention to swimming parties. Under direction of MRS. RAMSEY SNOW and MISS LILLIAN WADE

The Triumph of Beverage Perfection

The New *NuGrape*

MADE WITH WELCH'S GRAPE JUICE

From Maine to California millions are enjoying today the supreme achievement of the makers of NuGrape. Truly this is a gala day in the history of beverage making. It marks the final victory of science over the ancient King of all fruit Juices—King Grape Juice!

After years of expensive research our labors are rewarded. Our laboratory working in conjunction with the Welch Grape Juice Company, has produced a New NuGrape. A delicious, carbonated beverage deriving its entire flavor and color from Welch's Grape Juice.

Never before has there been a drink like this introduced to the American public. The New NuGrape has a smooth, fresh piquancy of flavor—a delightful, bracing tartness about

it that only the flavor of grape juice can give.

Try your first bottle today and if you don't think it's better than any artificial grape drink you ever tasted—write us, enclosing crown and we'll gladly refund you the small purchase price. Make sure though you get the genuine. The New NuGrape is now on sale everywhere for 5c.

BASEBALL

KY. UTIL. WINS

EASY BATTLE

SWAMP SWIFT PLANT TO TUNE OF 21 TO 2

Pounding Lucas from the first until the last inning yesterday afternoon the Ky. Util. Co boys were not satisfied with a 9 to 0 lead in the first two innings and went on to beat Swift by the over- whelming score of 21 to 2. This was Swift's third straight defeat for the second half and K. U. first victory. Five doubles and two sing- les netted six runs in the first in- ning. Two errors and three sing- les netted three more in the second. They were licked in the third and scored 1 in the 4th on an error and a single in the 5th with three men on bases, a single scored two of them and Jones then hit for the circuit to score three more, making 5 for the inning. In the next, the 6th, they got 1 on three singles, and in the 7th they once started not to quit scoring but after they had amassed 5 more on a double, three singles, another double, a base on balls and a tri- ple. That ended the scoring for K. U. with 21 runs and 22 hits. Swift scored theirs in the third and 7th innings. An error and a double netted their first run in the third. They missed a golden opportunity in the 4th Sullivan singled and Lucas doubled, but Sullivan was trapped off third and Lucas was trapped off second. Three straight singles in the 7th netted their other marker.

BEAUTIFUL GAME RESULTS IN 11 TO 5 SCORE FOR J. A. C.

Rock Taylor and his boys were out to win their second game last night and came home with the bacon to the tune of 11 to 5 over Elks Club in a very beautifully played game. Only 14 hits were garnered by both teams. J. A. C. making only 8 while Elks Club only collected 6. Numerous errors helped J. A. C. in their scoring as they only got 1 hit in the sec- ond, a double by Riddle, and scored five times. Three errors in the

third paved the way for two more runs and in the 8th three more errors helped immensely in scor- ing two more runs.

This victory places J. A. C. on even terms with K. U. who troun- ced the Swift plant yesterday af- ternoon.

The pitching of Riddle for J. A. C. was superb, with nine strike outs. He also was the hitting champ of the night, collecting two, dou- bles and scoring three times.

TODAY'S GAMES

CENTRAL AND MAIN STREET— O. K. LAUNDRY, WARNERS

The first game of the day will be between two clubs who are now tied for the league leadership. The second game of the day will be played between two clubs that are as far apart in the standing as they can possibly be.

The first game will see Central Avenue, who have not lost a game this half, and Main Street, who, also, have not lost a game this half. Both teams have won two and lost none.

The second game of tonight's game will be O. K. Laundry, who have not lost a game this half faces Warner, who have not won a game this half.

Both of these games will fur- nish the spectators with plenty of excitement from start to finish. Central and Main will be fight- ing for league leadership and O. K. Laundry will be fighting to keep up the pace that have been set- ting in the last few games. First game at 6 p. m. and the second game at 7:30.

CHICAGO SPAN SAVES

1,540,000 STEPS DAILY CHICAGO (AP)—Seventy thou- sand commuters, bypassing their way into the Chicago loop, are saved 1,540,000 steps and 140,000 minutes daily. It is estimated by a new pedestrian bridge linking the train level floor of the North Western station and the Daily News plaza.

The span, about 100 feet long, eliminates a dangerous street crossing and permits speeded traf- fic. It is claimed to be the first bridge built specifically to intro- duce greater safety to commuters.

SAVE REPAIR BILLS

Important parts are often over- looked in the average greasing job. Neglected chassis parts are the cause of many unnecessary repair jobs. Yet you can guard against this annoyance. Texaco Certified Lubrication service is better for any car. Every bearing is check- ed and greased—and with exactly the right lubricant the manufac- turer would recommend. No point is ever overlooked.

Texaco Certified Service Men nev- er trust to memory. They use the Texaco Check-chart. This chart shows plainly every part and the chart is approved by the manufac- turer. This does away with guess work and memory. It make lubri- cating an exact job.

Don't risk "hit or miss" lubri- cation. Regardless of price, it is the most mostly service you can buy. Texaco men are specialists. They know as much about the proper lubrication and care of your car as the service man of the dealer who sold it to you. They are trained for the work—required to take a spe- cial course with the Texaco Check- chart. The emblem that they show is proof that they are qualified to give you the very best.

There's nothing like Texaco Mar- tak Grease for chassis parts. It's been used for years by bus com- panies with remarkable savings. Texaco Certified Stations have special equipment to apply it.

We give the Certified Texaco Service. Give us a trial.

GOOD MEETING

We have just closed a great revival at the Methodist Church at Water Valley, Kentucky. Rev. Wayne A. Lamb doing the preaching. Bro. Lamb is one of the best revivalists in the Memphis Conference. He believes in the power of the Gospel to save to the uttermost. Interest in the meeting grew throughout the two weeks until the closing service. The house would not accommodate the crowds at night. There were forty-seven definite conversions and reclamations. Thirty-two joined the Methodist church and some will join other Churches. In the last Sunday morning service, representatives from nineteen families took their stand

AT THE MOVIES

Warner's Orpheum Today, Sylvia Sidney and Frederic March in "Merrily We Go To Hell". Added Cartoon and Musical Comedy.

The selection of Fredric March for the leading male role in Paramount's "Merrily We Go To Hell" which is a picture dramatization of Cleo Lucas' startling novel of a year ago, is not a casual choice of the casting office report studio officials.

The dramatic stature of Fredric March has increased materially in the eyes of the public in his latest films, "Strangers in Love" and "Dr. Jekyll and Mr. Hyde." In these pictures he reached the heights of dramatic artistry.

Today March stands almost alone in his capacity for an unusually great range of dramatic roles. It is this wide versatility that led Paramount officials to assign him his present, difficult role.

March for the first time co-stars with Sylvia Sidney, ends his engagement today at Warner Orpheum theatre. Adv.

FINDS HEADLESS BODY

Madisonville, Tenn., July 28.—(AP)—The decapitated body of an unidentified white man was found on the railroad tracks at Fagin, near here early this morning. The man appeared to be about 60 years of age. He was dressed in a blue shirt and trousers. A letter addressed to what appeared to be "T. R. Crowder, Niota," was found in a pocket.
