## SENATOR WALSH'S WIDOW CARRIES BODY TO CAPITAL

MONTANA SENATOR, ATTORNEY  
GENERAL-DESIGNATE  
DIES AT 74

En Route to Washington, March,  
2.—(AP).—Senator Thomas J.  
Walsh of Montana died of a heart  
attack early today near Wilson, N.  
C., as he was hurrying to the  
city of five days to Washington  
to take his place as Attorney Gen-  
eral in President-elect Roosevelt's  
Cabinet.

Mrs. Walsh, the former Senora  
Nieves Perez Chaumont de Truf-  
fin, whom he married in Havana  
Saturday, found him lying uncon-  
scious shortly after daybreak on  
the floor of their drawing room.  
He died at 7:10 o'clock.

Mrs. Walsh became almost hyster-  
ical as she told of his death,  
and required medical attention  
herself.

### Fell to Floor

Apparently the 73-year-old, gray  
haired Montana Democrat left  
his berth when seized with the at-  
tack and fell to the floor as he  
started to awaken his wife.

When Mrs. Walsh discovered  
the Senator on the floor, she  
screamed and called a porter. To-  
gether they lifted Senator Walsh  
to a berth and the porter raced  
through seven cars for Conductor  
Herbert Weathersbee. There was a  
faint pulse when the conductor  
arrived and he summoned Dr. Ri-  
chard J. Costello, of Cambridge,  
Mass. a passenger. Before the  
physician reached his side, the  
Senator was dead.

The body was removed from the  
train at Rocky Mount, N. C., and  
prepared for burial. It was dressed  
in the suit Senator Walsh wore  
when he took Senora Perez Chau-  
mont, the widow of a wealthy Ha-  
vana business man, as his bride.

At 3 o'clock the body was placed  
aboard a train for Washington.  
Funeral plans had not been defi-  
nitely fixed when the train left,  
but relatives said Senator Walsh  
would be buried in Helena, Mont.,  
beside the body of his first wife  
who died several years ago.

## Oil Station Is Robbed

The City Service Station No. 1 on  
Fourth Street Extension, operated  
by M. A. Cole, was broken into  
Wednesday night and the cash re-  
gister looted of one bunch of keys.  
The thief also walked off with an  
old overcoat. Entrance was gained  
by breaking out the glass window in  
the front door, and exit was made  
through the door, which was left  
open. This is the third time this  
filling station has been robbed, the  
two other times the Telephone  
Booth being robbed.

### W. C. T. U. MEETING

Sunday afternoon at 2 o'clock  
The W. C. T. U. will give a Tem-  
perance program, at The Mission  
215 Main street, to which the en-  
tire community is urged to at-  
tend. Just at this time the friends  
of prohibition and sobriety should  
bend every effort to hold our lines  
in the face of the greatest opposi-  
tion that has ever confronted us.  
Come to the Mission Sunday after-  
noon at 2 o'clock—Mrs. J. J.  
OWENS, President. Adv. 61-21.

## Economy Plan Up to Senate

DEMOCRATIC PROGRAMME WILL  
CUT \$200,000,000 FROM U. S.  
COSTS

Washington, March, 2.—(AP).—  
A programme to cut from between  
\$150,000,000 and \$200,000,000 from  
the cost of the Federal Govern-  
ment lay before President-elect  
Roosevelt tonight as a guide to  
ward economy.

Most of the alterations may be  
carried out through executive or-  
ders, provided the Senate approves  
tomorrow the conference report on  
the Treasury-Postoffice Depart-  
ment Supply Bill carrying broad  
authority for the incoming Presi-  
dent to reorganize the Govern-  
ment.

The House yesterday approved  
the conference report. Senate ad-  
option and signature by President  
Hoover remain for enactment.

The plan was drafted by Repre-  
sentative Lewis W. Douglas of Ariz-  
ona, who has been appointed Di-  
rector of the Budget, and Swager  
Sherley of Kentucky, a former  
chairman of the House Appropria-  
tions Committee, and a Roosevelt  
adviser.

Garner Cites Savings  
Speaker Garner the Vice-Presi-  
dent-elect in disclosing the com-  
pletion of the programme, said that  
if the next Congress would give the  
President power to reduce salaries  
and cut veterans compensation  
that between \$700,000,000 and \$800-  
000,000 could be saved annually.

The Douglas plan is one of the  
items on the Democratic budget  
balancing programme that will be  
submitted to the special session of  
the new Congress.

Another move, to set up a special  
Congressional budget balancing  
programme, is being considered by  
Democratic leaders. The details  
have not been worked out.

Under the economy provisions of  
the \$845,000,000 Treasury-Postof-  
fice Bill, Mr. Roosevelt will be em-  
powered to abolish bureaus and  
their functions, consolidate and  
transfer agencies. This may be  
done through executive orders, sub-  
ject to a two-thirds majority of  
both branches of Congress.

## LAFFOON EXTENDS HOLIDAY PERIOD UNTIL MARCH 11

GOVERNOR ACTS TO MAINTAIN  
SAFEGUARDS AGAINST OUT-  
SIDE WITHDRAWALS

Gov. Ruby Laffoon extended  
Kentucky's bank holiday through  
next week in a proclamation is-  
sued late Thursday afternoon at  
Frankfort.

Governor Laffoon said in his  
proclamation that he deemed it  
of "utmost importance that the  
resources of the people of Ken-  
tucky be conserved against the  
withdrawals of Kentucky funds by  
other States."

The Governor said he was ad-  
vised that the Federal Govern-  
ment is now attempting to devise,  
and will shortly promulgate, plans  
looking to the amelioration of  
present conditions.

The days of March 6, 7, 8, 9, 10  
and 11 are designated as days of  
Thanksgiving by the Governor.

Other than extending the holi-  
day, the proclamation did not ef-  
fect his first proclamation creating  
the present holiday period, issued  
Tuesday night. The first holiday  
period was for March, 1, 2, 3, and  
4. The intervening day of Sunday  
is a holiday, and was not designat-  
ed by the Governor as a holiday  
in either proclamation.

## Weakley Banks Are Reopened

CAME AS A THUNDERBOLT TO  
LOCAL BANKS—ACTION WILL  
FORCE RESTRICTIONS ON  
WITHDRAWALS

Martin, March, 3.—At a meeting  
of the Weakley County Bankers held  
late yesterday afternoon it was  
decided to open all Weakley Coun-  
ty banks this morning, with a  
restriction on withdrawals. The  
plan used will be similar to the  
plan in effect at Nashville. This  
restriction in withdrawals is made  
necessary by the closing of many  
banks and not because of any un-  
soundness on the part of the banks.

## Mapor Given More Blood

SECOND TRANSFUSION ORDER-  
ED FOR MAYOR

Miami, Fla., March, 2.—(AP).—  
A second blood transfusion was  
made today for Mayor Anton Cer-  
mak.

Dr. P. B. Welch, Miami, stomach  
specialist, who came out of retire-  
ment to assist in the Cermak case  
gave out the first information that  
the transfusion was decided upon.  
The work of pumping a pint of  
fresh blood into his veins was com-  
pleted at 2:05 p. m. Attending phy-  
sicians said the operation was suc-  
cessful. "His pulse firmed, and new  
color came into his face," said Dr.  
Frederick Tice.

Last week a pint of blood from  
the veins of Dr. R. Sam Mosel y.  
of the Jackson Memorial Hospital  
staff was pumped into Cermak's  
veins.

MISSIONARY SOCIETIES  
VISIT FULTON TODAY

The members of the Woman's  
Society of the First Christian  
church of Union City came to Ful-  
ton today to attend an all day  
meeting of the societies in the  
home of Mrs. Lon Berninger. Mem-  
bers of the societies from Hick-  
man and Mt. Herman are also in  
attendance. About 25 members  
came from Union City, and the  
total attendance was expected to  
run about 75.

## Victim Is Glad Ordeal Over

KIDNAPED BROKER DESCRIBES  
CAPTIVITY ENDED AS DOC-  
TOR PAYS \$50,000 RANSOM  
WIDE SEARCH IS DONE

Denver, March, 2.—(AP).—A ran-  
som of \$50,000 was paid shortly  
before Charles Boettcher II, 31-  
year-old heir to riches, was freed  
here last night, ending nearly se-  
venteen "days and nights of black-  
ness, discomfort and threats" in  
the hands of kidnappers.

It was revealed today that Dr.  
John M. Foster, young physician  
and friend of the kidnaped broker,  
kept a rendezvous with the abduc-  
tors in behalf of Claude K. Boet-  
cher, the multimillionaire father,  
and paid the demanded \$50,000.  
"Thank God, it's over," young  
Boettcher said.

The climax to the West's most  
amazing kidnapping came with start-  
ling suddenness. Shortly after 6  
o'clock last night Dr. Foster drove  
to a designated spot near the  
municipal airport.

The kidnappers were waiting. Al-  
though they remained out of sight  
themselves, they allowed the phy-  
sician a glimpse of their blind-  
folded victim. Foster dropped the  
bag containing the \$50,000 and  
raced for Denver to inform young  
Boettcher's family.

### THE DAY IN WASHINGTON

(By Associated Press)

Representative Rainey of Illi-  
nois was nominated by Democrats  
for speakership of House, which is  
equivalent to election, and Repre-  
sentative Byrns of Tennessee elected  
floor leader.

Senate and House adjourned out  
of respect to Senator Walsh (D.  
Mont.) as capital mourned his  
death early today.

Senator Enoch McAdoo (D., Cal.)  
advocated closing of New York  
Stock Exchange in present bank-  
ing situation.

House sent \$315,000,000 navy ap-  
propriation bill to White House.  
Senate judiciary committee ap-  
proved bill for 2-year moratorium  
on municipal bonds, but enact-  
ment of this session was doubtful.  
Speaker Garner announced com-  
pletion Democratic program to  
cut \$150,000,000 to \$200,000,000 from  
federal government costs.

ABOLISH AGENTS' OFFICES  
GRAVES COURT SAYS MOVE

MANDATORY UNDER RULING  
OF HIGH COURT

Mayfield, Ky., March, 2.—Citing  
a court of appeals ruling in a Rus-  
sell County case of Dec. 16, 1932,  
the Graves local court today voted  
unanimously to dispense with the  
services of County Agent G. C.  
Routt and Miss Florence M. Cobb,  
home demonstration agent, im-  
mediately. Routt has been here 10  
years and Miss Cobb six years.

Because of the shortage of avail-  
able funds and the low property  
assessment of Graves county, of-  
ficials said the move was manda-  
tory under the court of appeals  
ruling, which provided that "where  
there is outstanding floating in-  
debtedness against a county ex-  
ceeding its available funds, the em-  
ployment of a county agent and  
appropriation for salary would be  
avoided." A heavy penalty is pro-  
vided for failure of the magistrates to  
obey this decision.

The fiscal court last fall appro-  
priated \$1,500 as the county's part  
in salaries for farm extension work-  
ers. The court also voted to dis-  
continue the services of Mrs. Mary  
Belle Rhodes, executive secretary  
of the Red Cross, who has been in  
charge of charity and welfare in-  
vestigations for the county since  
Dec. 1, 1932.

ACTION ON SMITH BILL  
BY HOOVER UNCERTAIN

(By Associated Press)

Washington, March, 2.—Conflic-  
ting indications as to whether Presi-  
dent Hoover will sign the Smith  
emergency cotton relief bill today  
came from White House visitors.

## RAINEY IS CERTAIN TO BE SPEAKER IN NEW CONGRESS

SWITHTES BY TAMMANY LEAD-  
ER, BYRNS AID ILLINOIS RE-  
PRESENTATIVE'S CAUSE

Washington, March, 2.—(AP).—  
It seemed before the day was out  
that the name of Rainey of Illi-  
nois would join the list of Speak-  
ers of the House of Representa-  
tives after Cannon, Clark, Gilbert,  
Longworth and Garner.

Supporters of Representative Mc-  
Duffie of Alabama, party whip,  
would not concede, but Rainey's  
managers were confident. A party  
caucus in the late afternoon was  
stated.

Managers for Representative Byrns  
of Tennessee, third leading candi-  
date, frankly stated that Byrns  
had withdrawn to support Rainey.  
Byrns neither would deny nor af-  
firm the statement.

The Rainey and Byrns groups  
have opposed Speaker Garner on  
many policies.

Representative Cullen of New  
York, a leader, finally indicated  
his powerful Tammany delegation's  
support of Rainey.

The caucus nominates the Demo-  
cratic candidate for Speaker, and  
also choose a floor leader, Republi-  
cans already have named Snell  
for Speaker; but in view of the pre-  
ponderant majority for the other  
party, success for the Democratic  
nominee is a foregone conclusion.

Rainey gained additional support  
when Cresser of Ohio withdrew  
from the Speakership race, and an-  
nounced support of the Illinois  
member.

## Japanese Ring Doomed City

TROOPS WITHIN 75 MILES OF  
CAPITAL OF PROVINCE

Chinchow, Manchuria, March, 2.  
Japan's invading army has broken  
through the strongest Chinese  
defenses and tonight was less than  
75 miles from Jehol City.

The Sixteenth Infantry, under  
Gen. Tadashi Kawahara, poured  
into Chinchow this morning, pass-  
ing through without stopping, past-  
ured the town of Sautaoing, a  
few miles west, and kept right on  
to Peking, on the motor highway  
which leads to the capital.

Forces to Join

Gen. Kuniie Matsuda, command-  
ing the Eleventh Infantry, moved  
down from the north, having cap-  
tured Chienping, to join Gen. Ken-  
nosuke Mogi's Fourth Cavalry,  
which was waiting at Chifeng.

The cavalry took Chifeng with-  
out a fight, for when they came  
within sight of the city, Shi Wen-  
hua, the Chinese commander, al-  
ready had hoisted the flags of Ja-  
pan and Manchukuo. Apparently  
he was willing to throw in his lot  
with General Mogi and join in the  
final advance against Jehol City.

Dispatches from that capital  
this evening said that two Japan-  
ese planes had bombed the new  
airfield near the city.

Gen. Tang Yoo-Lin, provincial  
governor of Jehol, has given no  
sign of his intentions. The Japan-  
ese still hope he will surrender, as  
there are reports of friction be-  
tween Tang and Marshal Chang  
Hao-Liang, commander-in-chief  
in North China.

while the chief executive maintain-  
ed a strict silence upon his event-  
ual action.

Secretary Hyde, who conferred  
with Mr. Hoover, said he felt that  
the bill fails to touch four and a  
half million farmers, and indicat-  
ed he was unfavorable to it.

Senator Smith, Democrat, South  
Carolina, author of the measure,  
also conferred with the president  
and while not saying he had re-  
ceived assurance that it would be  
signed, asserted he was "more con-  
fident" after his call.

## Ben Sneed'n Here Tuesday

WILL TURN OVER VAULTS TO  
FINANCE COMPANY

Smith Atkins of the West Ken-  
tucky Finance Company, was no-  
tified this morning that Ben Sneed,  
receiver of the closed First  
National Bank, would be here  
Tuesday, March 7, for the purpose  
of turning over the vaults to the  
finance company. Mr. Sneed  
asked Mr. Atkins to notify all par-  
ties who might have papers in the  
vaults that he would turn over  
these papers on that date. It will  
be recalled that when the finance  
company bought the assets of the  
closed bank Mr. Sneed reserved  
the vaults until such time as all  
business connected with the bank  
could be wound up. The final di-  
vidend to depositors has not yet  
been paid, and it is thought that  
this may be done when Mr. Sneed  
comes back here. He has been  
in Illinois for some time since leav-  
ing here. The Leader could not  
ascertain whether the final di-  
vidend payment would be made at  
this time, although it is known  
that the checks have been in Wash-  
ington for some time. It was an-  
nounced several months ago that  
payment would be made before the  
first of the year, but some obsta-  
cle arose to prevent it.

## Roosevelt And Hoover Talk

PRESIDENT AND SUCCESSOR  
MAY DISCUSS ECONOMIC  
PROBLEMS

Washington, March, 2.—(AP).—  
Herbert Hoover and Franklin D.  
Roosevelt prepared tonight for a  
third pre-inaugural meeting as  
outgoing and incoming leaders of  
the nation—a conference schedul-  
ed as social but which may offer  
opportunities for economic and other  
talk.

While arrangements were being  
made for them to meet again to-  
morrow, the President cancelled his  
passage from New York Saturday  
for Panama and the Pacific coast.

It was stated formally at the  
White House that Mr. Hoover would  
spend several days in an unnam-  
ed New York hotel attending to  
"personal matters" and to affairs  
incident to three charitable organi-  
zations founded by him. He hopes  
to catch the next boat for Panama.  
What the President and Presi-  
dent-elect may discuss at the  
White House tomorrow was not  
disclosed by Presidential aids, but  
in entirely reliable quarters it was  
stated that the two men had sev-  
eral "personal matters" to talk  
over and that the conversation  
might extend further.

## Fain Talks To Lions Today

Rev. G. C. Fain, pastor of the  
First Methodist church, was the  
speaker at today's session of the  
Lions Club, and delivered a very  
thoughtful talk on the encourag-  
ing aspects of present day condi-  
tions. In the growth of interna-  
tional friendship, the spirit of kind-  
ness, the rise of democracy and the  
increase in the scientific spirit,  
Mr. Fain sees much encourage-  
ment. "What lies in the near fu-  
ture," he said, "no man can tell,  
but the long future can only be  
faith and promise to all thinking  
persons."

### POSTPONED

The meeting of the Art Depart-  
ment of the Woman's Club sched-  
uled for tomorrow afternoon, has  
been postponed until March 18.

Now is a good time to renew your  
subscription.

## LABOR VOICES ITS PROTEST AGAINST LABOR SECRETARY

AT SAME TIME NATION'S FEM-  
INISTS UNITE IN PRAISE OF  
ROOSEVELT'S CHOICE—RE-  
CALL HOOVER'S TROUBLE

(By Associated Press)

Washington, March, 2.—United  
feminism rose to praise Franklin  
D. Roosevelt today for appointing  
Frances Perkins to the cabinet, but  
the American Federation of Labor,  
in discordant note, officially de-  
clared that it can "never become  
reconciled" to the selection.

Thus, even before inauguration,  
the new president had brought  
down upon himself bitter criticism  
from a powerfully organized, social  
group. The "disapproval," however,  
had been anticipated.

The federation always has as-  
sumed that the labor secretary  
should be a person its leaders re-  
garded as acceptable, and has in-  
sisted on backing only a man from  
its own ranks.

President Hoover ran into the  
same disapproval when he named  
William N. Dook to the post. In  
fact, he went to the extent of de-  
claring he would brook no dicta-  
tion of his appointments. Though  
a union man, Dook was not af-  
filiated with the federation. The  
labor criticism was alone.

Women's organizations drafted  
enthusiastic telegrams and de-  
nounced them immediately to the  
Roosevelt home. Particularly they  
stressed pleasure that Mrs. Per-  
kins was chosen on the ground of  
personal fitness rather than sex.

The National Women's Party  
spoke through Mrs. Florence Bay-  
nard Hill, chairman of its na-  
tional council.

Retiring Representative Ruth  
Ryan Owen, former Gov. Nellie  
Taylor Ross, vice chairman of the  
Democratic national committee;  
Emily Newell Blair, former vice  
chairman, and Mrs. J. Borden Har-  
rison, all widely mentioned as fil-  
ling for public posts, of responsi-  
bility, concurred in the enthusi-  
asm.

William Green, president of the  
labor federation, expressed his or-  
ganization's disappointment thus:

"Labor has consistently contend-  
ed that the Department of Labor  
should be what its name implies  
and that the secretary of labor  
should be representative of labor,  
one who understands labor, labor's  
problems, labor's psychology, col-  
lective bargaining, industrial re-  
lations, and one who enjoys the  
confidence of labor."

"In the opinion of labor the  
newly appointed secretary of labor  
does not meet these qualifications.  
Labor can never become reconciled  
to the selection made."

JOHN W. RICHARDSON  
DIES YESTERDAY

Funeral services will be held to-  
morrow morning at 11 o'clock at  
the home of his son, J. Wesley  
Richardson, Jr., for John W. Rich-  
ardson, who died yesterday at the  
home, 306 Cedar street. Mr. Rich-  
ardson was 64 years old and had  
been ill for the past eight days.  
Rev. C. H. Warren will conduct the  
funeral services, and burial will  
be in Greenlee cemetery, in charge  
of Winstead-Jones & Co.

Surviving Mr. Richardson are  
two sons, Sidney E., of Wood River,  
Ill., and William J., of East St.

### COMMENT

**RELIEF METHODS IN KENTUCKY**  
Federal relief funds being loaned the states through the Reconstruction Finance Corporation are being distributed in Kentucky at the lowest cost of any state in the union, according to a federal representative of the R. F. C.

The Kentucky Relief Commission, of which Harper Gatton is Director, acting as the personal representative of Governor Laffoon, is to be commended for the efficient and economical administration of that money available in the state for the relief of the unemployed.

Out of every hundred dollars \$94.01 goes directly to those in distress. Only \$9.99 out of the hundred dollars is required to maintain the state administrative offices and the local organizations in each county which supervise distribution of the funds. That this is the lowest cost at which any state has been able to investigate the thousands of requests for aid, and distribute the money judiciously, reflects credit upon the method set up by the Director for the handling of a large task.

An unofficial relief commission, designated by Governor Laffoon to serve in an advisory capacity with Mr. Gatton, resigned some months ago. Explanation given for the action was a lack of authority. The law specifically delegates to the Governor of the state responsibility for distribution of the relief money. He cannot evade that responsibility or share it with others.

Governor Laffoon has chosen Mr. Gatton to perform this important task. Should he administer the money wastefully it would be to the discredit of the chief executive of the state. Since he has so organized the work that the maximum benefits are being received from the money by those in distress, such is justified action of the Governor in selecting Mr. Gatton for the task.

The record for intelligent economy in disbursement of relief money refutes the intimation of any impropriety as resignation of the Relief Commission suggested

to those minds which thought their action was in protest against practices subject to criticism.

From some persons and publications there has come criticism of the method by which the money is made available to those in need. The practice of compensating those who are given emergency employment by giving them merchandise orders for essential foods or necessary clothing, has been assailed. Yet the fact that methods applied in Kentucky have resulted in more cents out of every dollar going to the needy is in itself sufficient vindication of the plan followed.

President-elect Roosevelt is said to contemplate making a brief inaugural address, limiting it, perhaps, to 15 minutes. Such will be approved. It indicates that the new chief executive realizes that time for talk has passed—that action must supplant oratory.

### In Memory

In Memory of Mother, Mrs. Gertrude Davis, who died August 31, 1932.

Without the world is dark and dreary, the mists of a winter's morning hang low, chilling all nature into an apathy of silence, and yet here and there is to be seen a tiny green bud, more hearty than its mates, the herald of another spring, the embryo of a beautiful flower that shall be. The snows are gone, and in their wake there remains a dismal mire. Yet it is the moisture that shall nourish the spring flowers. Today mother within our hearts all is dark and dreary, the mists of sadness hang low and heavy, the ghosts of past joys experienced with you haunt us with memories of your love. We may doubt the love of others, yet we did know you did love your boys. You believed in God, you trusted your soul to Jesus, and gave your life in tolling for us. We shall never be able to pay the interest on the debt of gratitude we owe you, at heart we are defaulters; our thoughts continually dwell upon a scene as it occurred one August morning. The sun was tenderly awakening a sleepy world; transforming the vapors of darkness into beams of light; the dew was fresh upon the flowers that you so loved; the morning whistles were calling the workmen from beds of rest to get ready for a day of toil and effort, a call came from you mother and we who had stood by your bed through the long night, heard no sound, but we saw you answer by going. The Master Workman wished you to change your field of activity, we could but let you go and something within us seemed to go too. For there is left a void that does so ache and hurt and finds no rest. You had your faults mother like all people of earth you made mistakes but it was these traits that made you human, and capable of being our mother, and enabled us to hold the dearest things of life in common with you.

You sleep in beautiful Greenlee, within a few feet of where stood the old poplar tree, in front of the door of the little log school, where as a little girl you learned to read. Our hearts pulsate with hope that after the night comes the dawn, after the clouds the sunshine, and after toil rest, so shall the flowers bloom again, and the golden throated birds, with their coats of many colors shall return the southland to warble their love songs, mate and rear their young. That some where there is an eternal city where Jesus reigns and no sorrows come to cast a gloom,

where all have the heart of a lover, the imagination of a poet; the wisdom of a sage; the laughter of youth and faith shall become knowledge in its full reality. Mother your life to us was a sweet benediction, your going an inferno of suffering that burned away a lot of dross from our faith. Nevermore shall we hear your voice calling. Non other can call us as you did. Nevermore shall we hear your footsteps in the old farm home. Never again shall we see you walking about the farm as you so often did. But every place is a sacred memory of you that makes earth seem a great way off and heaven very near. Mother you gave your life in its full bloom to Jesus, and after long years wasted and pained by disease he gathered the shattered petals up to bloom for him where no palsy attacks limb or tongue where in nectar like tones you shall sing His praise forever. We miss you mother we cherish your memory and when the summons comes for us one by one we shall join you. This is the eternal fate of God.

Washington, Feb. 28.—(AP).—Hunters seeking interviews with Cordell Hull, the Roosevelt secretary of state, found today that in self-defense he had abandoned the policy of the open door.

The clatter of typewriters and other sounds of activity emerged from his office but the door was locked and repeated knockings, even by a messenger bearing a registered letter, brought no response.

### GIRL KILLED BY TRAIN

Lexington, Tenn., Feb. 28.—Miss Jewell Hall, 17, daughter of Riley H. Hall, was struck by an N. C. & St. L. Railway freight train and killed at the crossing of the railroad and the Perryville dirt road at 8 o'clock this morning.

The accident occurred as she was on route from the family home one and a half miles south of town to the Lexington school, where she was a student. The body was picked up by the train crew and brought here.

She is survived by her parents and three sisters.

### DEMOCRATIC FUND GETS STATE CHECK

New York, March, 1.—(AP).—Kentucky and Utah—the first States to reach their quota in the campaign to raise funds to wipe out the deficit of the Democratic National Committee—presented their checks to James A. Farley, the National Chairman, today.

Frederick A. Wallas of Kentucky presented his State's check. It was for \$15,000.

Former Gov. George H. Dern of Utah, President-elect Franklin D. Roosevelt's Secretary of War, brought his State's check to the national headquarters. It was for \$4,000.

### WORK ON THREE-SHIFT BASIS

Righ, Feb. 28.—Leningrad munition plants are working three shifts to produce guns and munitions for the Chinese government. It is also reported that Moscow has granted a large war credit to the Chinese and that deliveries are being made via caravans through Mongolia.

Hull took this step to avoid constant interruption from the dozens of diplomats as he works away at the routine tasks of winding up his of people who would like to be duties as a senator from Tennessee and preparing for the work ahead.

#### W. C. T. U. MEETING

The Woman's Christian Temperance Union met for its regular session at the Methodist church March 1. Meeting opened with song; Prayer by Mrs. Matheny, Devotional by Mrs. Horton, reading from 27th chapter of Matthew. The leader brought out the thought that the minority, by making lots of noise, and spending much money, have chosen to again legalize intoxicating drinks in the United States and the officers or governors of our nation have given in to their demands, saying, "I am innocent of this great curse which will blight our nation; see ye to it." We firmly believe that with God's help prohibition will be retained and this country will attain a greatness never before enjoyed by any nation. A few of the benefits of prohibition were given:

1. 177,000 saloons were closed.  
2. 90 percent of Keely Cure Institutes have been closed, for lack of patients.  
3. Took rule of nation out of hands of liquor traffic.

4. The depression is much worse in countries which have the saloon.

5. Save thousands from the temptation of the saloons.

Lack of space prevents giving all the points made, and those made did not include half the benefits of prohibition. Our government does not need money from licenses which allowed men to sell souls for dollars.

The W. C. T. U. will have charge of program at the Mission Sunday afternoon. This program was rehearsed. Adjourned to meet first Wednesday in April.

#### At the Theatre

Warner Orpheum Last Time Today STATE FAIR with 8 great stars headed by Will Rogers and Janet Gaynor. Also selected shorts. Saturday Big Double Feature Crime of the Century with Wynne Gibson and Jean Hersholt. And Ken Maynard in Dynamite Ranch. Also Serial Airmail Mystery.

"The Crime of the Century," mystery drama, done in reverse order, with the crime confessed be-

fore its actual commission, has been booked for the Orpheum theatre, where it will open Saturday. Stuart Erwin, Wynne Gibson and Frances Hersholt, Gordon Westcott and David Landau in principal supporting roles.

The story centers around Hersholt, an alienist who walks into a police station one night and begs the detectives on duty to lock him up. He had planned a perfect crime for that evening, he explains, and if the officers won't take him into custody, he'll commit it. The policemen, impressed, accompany him to his home. And there, while they look on, not only the murder he has planned, but a second one, takes place. A few unimportant-looking clues offer the only solution to the mystery. Stuart Erwin, as a police reporter, and Miss Dee, as the alienist's daughter, combine to solve it.

Ken Maynard in Dynamite Ranch and serial complete the bill.

Here's How You Can Have

# MORE LIGHT

For Your Electric Dollar

Most people do not get the full value of the electricity they buy and use for lighting purposes in the home, the store, the office or the shop. Observation of a few simple rules will prevent this waste of current and give more light for each lighting dollar expended.

**Keep lamps and reflectors clean.**

Tests recently made by our engineers prove that a month's accumulation of ordinary dust on electric lamps cuts down the amount of light they give by 25 per cent. So carefully wipe or wash all lamps and reflectors once a week.

**Use lamps of proper voltage.**

Don't use lamps marked "120-v" if the electric current in your home is 115 volts. Lamps of too high voltage for the current give 15 per cent less light than they should. Ask our local manager about the voltage.

**Use American-made lamps.**

Don't use cheap foreign-made lamps. They cost a few cents less, but they shed 20 per cent less light for a given wattage and they last only half as long as American standard lamps.

### PLANT OF PIERCE-CEQUIN & CO.

Pierce-Cequin & Company, lumber and building materials dealers, one of Fulton's leading industries was founded in 1898. Its first place of business was on Fourth street, about where the Bob White Motor Co. now is. In 1900 the present location on McDowell street was secured and the large plant began to grow and expand into its present amplitude. In that year, too, Mr. Will P. Murrell became manager and is still occupying that position.

Mr. Murrell was born and reared in this community, and married Miss Annie D. Pierce. They have one daughter, Mrs. Will Whitel. Mr. Murrell, in addition to building up his own business, has found time to devote to public work. He was a member of the City Council for twenty-two years and acting mayor during part of that time. He is a member of the Masons and Odd Fellows lodges and of the Methodist Church, taking leading parts in all these activities.

The Pierce-Cequin Company and its manager have always been ready when called upon to help in any public work, and their co-operation can always be counted upon when any civic movement is proposed that will mean a benefit to the community.

Mr. J. B. Cequin, founder of the company and active in its management until ill health compelled his retirement, deserves much credit for the splendid record the company has made. Mr. Cequin has been a leading citizen of Fulton for many years, and his influence has always been for the best in all community plans.

In some of the ads below each week there will be a mis-spelled word. The person finding the most mis-spelled words and writing the best essay of not more than one hundred words on "WHY I LIKE TO DO BUSINESS WITH THESE FIRMS," will be awarded a cash prize of \$15.00; the second best list of mis-spelled words and essay will be awarded \$10.00, and the third best will receive \$5.00. The contest is open to everyone except employees of the Leader and The Wireless and their families. This page will appear each week for the next fifteen weeks. Find the mis-spelled words each week. A blank for keeping a record of the mis-spelled words will be found on another page of this paper.
