FOUND DEAD

Arthur Adams a Well Known Young Man Meets Death Alone.

Arthur Adams, the 19 year old son of Craig Adams, who lives a few miles north of Murray, was found dead Sunday morning by his father, who had gone in search of him after finding the horse driven by this dead boy Saturday night, at home Sunday morning without a driver.

Young Adams was in town Saturday afternoon and in company with several other young men went to a party at the residence of Mr. Cunningham, who lives north west of town. It is said the boy had been drinking and that he was placed in his buggy at Cunningham's residence by his companions and that he started toward home. In passing through a lane near the Holcomb place the horse attempted to avoid a mud hole in the road and Adams was thrown out of the buggy into the mud and water, and was there found almost completely submerged by his father. The body was carried home and a coroner's jury empaneled and an inquest held Sunday morning. A verdict was rendered in accordance with the facts as above set forth.

Deceased was a well known young man, industrious and had many warm friends. The body was buried Monday at Green Plains.

Ganderbone's Dec. Forecast.
(Copyright 1917 by C. H. Bietz.)

December, of the drifting snow
And yule-log blazing bright;
December, when the cold winds
blow.

Across the fields of white;
When winter's ring is in the
ground

And the nights are clear and
still,
And the boys go belly-buster
down

The slick and shiny hill.
December of the Christmas tree
And childhood's brightest dream;
December of the ecstasy
Of hallowed Christmas eve;
When the last, sweet lullaby is
sung

And children's whispers cease,
And the wee sweet stockings all
are strung
Along the mantel-piece.

December of the drum and horn
And bundles slyly hid;
December of the one great morn-
ing of mornings for a kid;
When the chiming of sweet and
mellow bells

Are welcoming the dawn,
And the house rocks with the
merry yells
Of kids with nighties on.

December was the ninth month
in the old Roman calendar, and
its name is from decem (ten).
When Julius Caesar became Big
Stick of the empire, the month
contained but twenty-nine days.
He added two more—one more
to make ready for Christmas,
and another to recover from it.
Christmas gifts originated with
the Greeks. Hence the saying,
"Beware of the Greeks bearing
gifts." Santa Claus was invent-
ed by the toy manufacturers of
Neuremberg, Germany, where
the Teddy Bears came from.

The motto for this month will
be, "Shut the door!" Mr. Roose-
velt and Mr. Bryan will be the
leading presidential candidates,
and prohibition will continue the
burning issue. The liquor inter-
ests will build walls around Pe-
oria, Ill., St. Louis, Louisville
and Milwaukee, and their war
balloons will make daily observa-

tions of the movements of Mrs.
Nation.

The Anti Saloon League has
consented to let the Winter Sol-
stice of this year begin at 7 p.
m. on the 22nd; but there must
be no drinking, and every one
must be in by Curfew. The 21st
will be the shortest day in the
year. This will be on Saturday,
and if you are at church next
day and stay for the sermon, you
will notice that the 22d. is much
longer.

The moon will be full on the
19th, and the sign of the zodiac
for the month will be Capricorn-
us the Goat. This will make
butter go up, and send kids to
Sunday school.

The old mill pond will freeze
again.

And every one will skate;
The mollycoddle, modest swain,
Will thither go with Kate.

She'll slip in such a way that she
Will see a brilliant star,
And he will deeply blush to see
How long her stockings are.

The money scarce will quiet
down—unhappy circumstance—
and money will frequent again
the pockets of our pants. The
new gold coins they're making
now without "In God We Trust,"
will turn up in the hat at church
as prized as any dust. The scrip
we have will be retired, and real
dough will look good, but the old
subscriber will insist on paying
up with wool.

On the 2nd Speaker Cannon
will assemble at Washington,
where he will re-elect himself
and resume the enactment of law
in the presence of the Democr-
atic minority and other onlookers.
The final edition of the Presi-
dent's message will be read.
Wall street will be given another
physic; and it will be officially
declared that this country cannot
exist half capital and half water.

Mr. Fairbank will take refuge
in the dignity of the Senate from
his cocktail persecutors, and sev-
eral new members will be taken
into that exclusive club of multi-
millionaires. Congress assem-
bled will take up great public
questions like the need for a new
federal building at Podunk and
Coyote Center; the growing de-
mand for a more elastic currency,
and why nobody will stay in the
army at the generous inducement
of \$13 a month and found—dead
in the Philippines.

Persons born under the sign of
Capricornus the Goat are great
orators, thinkers and teachers;
self-conscious and not meddle-
some; good story tellers, eat too
much, have style and pride, talk
too much, are distrustful, and
can keep a secret (if males).
They are selfish, and never get
the hot end of it in an exchange
of Christmas gifts. They con-
tinue to hang up their stockings
when it is a hardship upon others
to fill them. Girls born in Cap-
ricornus are hard to win, gener-
ally preferring a parrot to the
stork.

The want-wolf's wail will ride
the blast
Where poverty prevails;
A few late laggard geese will
pass
With winter on their tails.

The sleigh will jingle up the
road the lines around the whip,
and George and Nellie, in the
robes, will love's own honey sip.
The sleigh will hit a 10 foot bank,
and they'll go rolling down, with
Nellie's foot in George's face—
and walk six miles to town.

The new rules for farmers pro-
mulgated by the Farmhand's
Union will go into effect on the
1st, viz: Farmers will provide
automobiles for all help, and will
serve as chauffeurs; they will eat
at the second table, and sleep in
the hayloft; they will rise at 4
do the chores, and serve break-
fast to the hands in bed at 9;

they will provide a phonograph
and the current magazines; hands
will supervise the farm work
from 11 to 12, and from 2 till 3;
the earnings of the farm will be
placed in a bucket every Satur-
day and poured through a ladder
placed horizontally, with the
ends on two chairs; what goes
through, the hands get—and
what sticks on the rungs goes to
the farmer.

Santa Claus will make the
usual rounds on the night of the
24th. Mr. will get cigars, neck-
wear and mustache cups. Ladies
will get the money—which they
would much rather have. Chil-
dren will get the stomach ache
and its complications.

And then comes January ill
To plague us with some ancient
lill
As only January can
Disturb the happiness of man.

Then Leap Year dread shall
come again with Nineteen Hun-
dred Eight; when womankind of
growing years and single up to
date, will hit the bachelor's
plain trail—the unpropitious
wretch—and make that worthy
for awhile exceeding hard to
ketch.

A Most Enjoyable Affair.

The W. O. W. gave an enter-
tainment at their hall here Thurs-
day evening. They entertained
about 250 invited guests with fine
music, speeches by the young
people, Misses Nell Patterson,
Bettie Chrisman, Opal Kelley,
Cecil Chrisman, Lula Johnson,
Master Norman Chrisman, Frank
Myers and Harold Hendley. The
Hon. R. Wells made an address
which was enjoyed by all, after
which came the most enjoyable
part of the affair—a table about
one hundred feet long loaded
with all the good things to eat,
such as turkey, ham, chicken,
pies, cakes, fruits and many
other good things.

After everyone had eaten until
they were satisfied, short but in-
teresting talks were made by
quite a number.

R. T. Wells, J. A. Edwards,
Jim Banks and others from the
Murray lodge were present.

It was a very pleasant and en-
joyable affair, and those who
were lucky enough to be present
will long remember the occasion
as one of the most pleasant that
has occurred in the history of
Hazel.—Hazel News.

How Diphtheria is Contracted.

One often hears the expres-
sion, "My child caught a severe
cold which developed into diph-
theria," when the truth was
that the cold had simply left the
little one particularly suscep-
tible to the wandering diphtheria
germ. When Chamberlain's
Cough Remedy is given it quick-
ly cures the cold and lessens the
danger of diphtheria or any
other germ disease being con-
tracted. For sale by Dale &

FIRE BUGS

Attempts Made Last Thursday Night to Burn Tobacco Factories

The timely discovery of a fire,
of incendiary origin, started in
the west end of the Murray As-
sociation Warehouse Co's. build-
ing on Depot street near the de-
pot last Thursday night prevent-
ed the destruction of much prop-
erty.

Chief of Police Roberts made
the discovery soon after the fire
was started and turned in the
alarm, and with the assistance
that soon arrived had the danger-
ous looking blaze under control
and soon extinguished.

Within an hour after the first
fire was put out a second alarm
was turned in and this time the
fire was discovered in the R.
Downs' factory building, that is
adjoining the building used by
the warehouse company. The
second blaze was started near a
tank of gasoline and was discov-
ered just in time to prevent the
explosion of the oil and the total
destruction of the whole block
of property.

The reason for the attempted
burning of this property is
shrouded in complete mystery.
In the block is an association
warehouse, association prizeing
house and Regie contract firm
doing business. There exists
the very best of feeling between
all the tobacco interests of this
county and no charge can be
made that relations between as-
sociation and non-association in-
terests are responsible for the oc-
currence.

The city council met in extra
session Friday and placed five
extra police on duty as night
guards in the tobacco district and
will keep this force employed
until after the tobacco season is
over.

While the occurrence is re-
grettable there can be no doubt
but that it can only be attribut-
able to the depravity of some fa-
natic.

When To Go Home.

From the Bluffton, Ind., Ban-
ner: "When tired out, go
home. When you want consola-
tion, go home. When you want
fun, go home. When you want
to show others that you have re-
formed, go home and let your
family get acquainted with the
fact. When you want to show
yourself at your best go home
and do the act there. When
you feel like being extra liberal
go home and practice on your
wife and children first. When
you want to shine with extra
brilliance go home and light up
the whole household." To which
we would add, when you have a
bad cold go home and take
Chamberlain's Cough Remedy
and a quick cure is certain. For
sale by Dale & Stubblefield.

Met Horrible Death.

Miss Ola Harris, of near
Browns Grove, met death Mon-
day in a most horrible manner.
She was outside the yard fence
at her father's home sweeping
together and burning leaves
when her clothing was ignited

by the fire. Her mother, who
was with her, attempted to
smother the burning clothing and
upon finding she could not ex-
tinguish the fire the girl ran to
the cistern and a half bucket of
water was dashed over her, but
before a second bucket of water
could be drawn her clothing was
burned off and she was horribly
burned all over the body. The
accident occurred at about 2
o'clock in the afternoon and
death followed Monday night at
9 o'clock.

Deceased was a daughter of
Mack Harris and was about 18
years of age, and one of the most
popular girls of that section of
the county.

The remains were laid to rest
Tuesday in the Antioch ceme-
tery.

Badly Mixed Up.

Abraham Brown, of Wint-
ton, N. Y., had a very remark-
able experience; he says: "Doc-
tors got badly mixed up over me;
one said heart disease; two
called it kidney trouble; the
fourth, blood poison, and the
fifth stomach and liver trouble;
but none of them helped me; so
my wife advised trying Electric
Bitters, which are restoring me
to perfect health. One bottle
did me more good than all the
five doctors prescribed." Guar-
anteed for blood poison, weak-
ness and all stomach, liver and
kidney complaints, by H. D.

R. K. WARD

Death of The Former Well Known Young Business Man of Hopkinsville.

The Hopkinsville, Ky., New
Era of the 27th ult., contains the
following notice of Rufus K.
Ward's death:

Death came very unexpected-
ly to R. K. Ward, Jr., this morn-
ing shortly before noon at his
home on South Virginia street.

Mr. Ward had been ill of ty-
phoid fever for the past three
weeks, and three days ago his
condition was regarded as criti-
cal. Last night his symptoms
were markedly for the better and
this condition was continued
when his physicians examined
him this morning.

Shortly after they left his re-
sidence he underwent a change
and when the physicians again
arrived at the house, in answer
to an imperative summons, they
found the patient in a dying con-
dition with every indication of an
internal hemorrhage.

Throughout the entire time of
his illness, the condition of Mr.
Ward's heart had caused the
doctors much uneasiness, and
the weakness of that organ was
the prime cause of his death.

Mr. Ward had been living here
for the past three or four years,
he moving to Hopkinsville from
Murray, Ky. Since his residence
in this city he had followed the
insurance business, in which field
he was very successful. Both in
business and social circles he
was held in the highest esteem.

He was about 35 years of age and
was a member of the Christian
church. His wife and two chil-
dren survive him. Mrs. Ward
was formerly Miss Holton, a sis-
ter of Henry Holton, formerly of
this city, and Mrs. Thomas P.
Cook and a niece of Mrs. W. H.
Elgin, of this place.

PROMINENT HOSPITALS SAY

PE-RU-NA IS EFFICIENT IN RELIEVING ALL CATARRHAL DISEASES.

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES

CATARRH of the respiratory organs
is a common ailment in Canada for
at least two-thirds of the year.

This condition is no doubt caused by
the long, severe winters experienced in
this part of the continent.

Therefore, when Peruna was discov-
ered by Canadian people to be a reliable
remedy for these catarrhal diseases, it
at once became a popular medicine, not
only among individuals and in families,
but in the great hospitals, where it was
used as a preventative and relief in
hundreds of cases.

These institutions do not hesitate to
give their endorsement of the remedy
which has been so helpful in the treat-
ment of their poor and sick.

Among these institutions is that of
the Sisters of Good Shepherd, who gave
the following endorsement:

The Peruna Company,
Columbus, Ohio.

Having used Peruna for the past few
months, for our sick and poor, we are
happy to say that it has given us great
satisfaction.

The Sisters of the Good Shepherd,
August 20, 1903.

Montreal.

After a continued use of the remedy,
this institution has found no reason to
change its good opinion of the remedy
and expresses its satisfaction in the fol-
lowing terms:

Montreal, Nov. 7, 1903.
We found Peruna a relief in several
cases.

We can say it is a good tonic and we
are very thankful.

Sisters of the Good Shepherd.

When catarrh once fastens itself upon
the system it becomes an obstinate dis-
ease to eradicate.

A systemic remedy—one that reaches
every internal organ of the body—is an
absolute necessity.

Peruna is just such a remedy. It
searches out the cause of the disease,
healing and strengthening the mucous
membranes, and thus giving Nature an
opportunity to perform her part of the
restorative process.

One of the many hospitals which have
found Peruna of value in treating old and
obstinate cases of catarrh is the Hospital
St. John, who write, as follows:

"We are happy to tell you that your
Peruna has given us satisfaction. Three
patients have tried it, one in years old,
Henri Dupuis, afflicted with catarrh, is
much relieved, more than he has been
for a number of years."

"A young girl, 15 years old, had an
obstinate cough, which half a bottle of
Peruna caused to disappear."

"As to myself, two bottles have con-
vinced me that Peruna is magnificent
as a tonic."

"Before the treatment I could not
walk for a quarter of an hour without

experiencing much fatigue. Now I can
walk a mile easily."

"Through these three cases we desire
to make known to the public the ef-
ficiency of your remedy."

Hospital St. John, of St. Johns,
Province of Quebec.

A letter received from the same
institution reads as follows:

"Three weeks ago I wrote to tell
you how satisfactory we found
Peruna. We recommend it highly for
colds, coughs, catarrh and neuritis."

"I have used it myself as a tonic with
the best results, taken as directed, half
a teaspoonful every half hour."

Mrs. Etta Hooker, Dundurn, Sask.,
S. W. T. Canada, writes:

"I suffered with pelvic catarrh until
I wrote to Dr. Hartman, and after tak-
ing treatment as he advised, I can say
I am now cured of this most trying
affliction, for which I am truly thank-
ful. I think Peruna the best medicine
for catarrh. I never felt better in my
life than I do at present."

Peruna not only promptly relieves
coughs and colds in their first stages,
but is equally prompt and efficient in
catarrhal diseases in the chronic stage.

Of course, it is only reasonable to
suppose that a great deal less medicine
will be necessary to cure a slight attack
of catarrh than would be required to
relieve the ailment after it had been al-
lowed to become chronic.

7,923 Acres.

Chairman Swann took all association pledges to Guthrie with him this week and turned them over to headquarters. Before he left the amount of this county's crop pledged to the association was found to be 7,923 acres. Estimating the crop at 1,000 pounds to the acre the association will handle 7,923,000 pounds. Reduce the average weight of the crop to 900 pounds to the acre, which is a very conservative estimate, and the pledged crop amounts to 7,130,700 pounds.

Different in Texas.

Friends of E. H. Haley, the Murray horseman, whose stock has many Paducah admirers, have received clippings from Dallas, Fort Worth and San Antonio, Tex., papers giving accounts of his success at the Texas horse show. Last week Mr. Haley entered his stock at the San Antonio horse show and received the lion's share of the prizes. His pair of harness horses, Surrey and Barefield, captured the first prize of \$500 over horses valued at \$7,000 a pair. His saddle horse entered here was given a first prize of \$200. Mr. Haley has won prizes amounting to over \$5,000 during the past two months that he has been on the fair and show circuit in the south. The San Antonio Sunday Express gave Mr. Haley a page write-up, with pictures of himself and stock.—Paducah Sun.

The Ledger desires to thank the Sun for giving publication to the article. The Sun will recall that Mr. Haley attended a Paducah horse show (?) not a great many months ago and has not forgotten the treatment accorded the Murray horseman.

How I Cured Sweeney and Fistula.

"I want to tell you how I saved one of our horses that had a fistula. We had the horse doctor out and he said it was so bad that he did not think he could cure it, and did not come again. Then we tried Sloan's Liniment and it cured it up nicely."

"One day last spring I was plowing for a neighbor who had a horse with sweeney, and I told him about Sloan's Liniment and he had me get a bottle for him, and it cured his horse all right, and he goes off now like a colt."

"We had a horse that had sweeney awfully bad and we thought it was never going to be any good, but we used Sloan's Liniment and it cured it up nicely. I told another neighbor about it and he said it was the best Liniment he ever used."

"We are using Sloan's Sore Colic Cure and we think it is all right."—A. D. BRUCE, Aurelia, Ia.

MIXED OFTEN

Druggists Hear Much Praise for This Simple Home-Made Mixture.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water.

This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys, cleansing the clogged up pores of the eliminative tissue, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

The druggists in this neighborhood say they can supply the ingredients, which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by H. D. Thornton & Co., druggist, 50c. and \$1.00. Trial bottle free.

Secretary Cotelyou, with the approval of the President, has announced an issue of Panama bonds to the extent of \$50,000,000. The Treasury will also issue interest-bearing certificates of indebtedness to run for one year to the extent, if necessary, of \$100,000,000. This action is the result of the series of night conferences at the White House, ending with Saturday night.
