\$100,000 FOR THE G. A. R.

Speaker Crisp probably wishes as sincerely as any man in or out of congress that the Bland free coinage bill had been finally disposed of last week, and that there were some honorable way of escaping a renewal of the fight this week. But there isn't. Nothing will satisfy either side but a decisive victory. Mr. Crisp's position in the fight, last week, was anything but pleasant to him. Although it had been some time ago decided that the free coinage of silver should not be made a party measure, he found himself confronted by a majority of the democrats in the house, together with eleven republicans and the alliance members, who favored free coinage, and a strong minority of democrats and seven-eighths of the republicans, among whom were some of the ablest and most experienced parliamentarians in the house, who were opposed to it. That the speaker, who has always been in favor of the free coinage of silver, found the roll of presiding officer a trying and difficult one to fill, to his own satisfaction, to say nothing of others, is not strange; and it is greatly to his credit that no serious fault was found with his rulings.

This week he will have it all to go through with again, as the committee on rules will report another special rule, calling up the silver bill, and it is expected, cutting off debate and filibustering of all sorts. It is probable that the contest over the adoption of this rule will be a bitter and exciting as were any of the fights in Oar Reed's billion dollar congress, and its result appears to be in doubt. Since last week's surprise the the prophets are all laying low and "sawing wood."

The out of town engagements made by the sub-committees of the committees on the World's Fair and on manufactures, of the house, are off, until the silver bill shall be finally disposed of by the house.

The house census committee has invited Gen. Francis A. Walker to tell what he thinks of the proposition for establishing a permanent census bureau.

Mr. Harrison has approved in a special message the bill appropriating \$100,000 for the G. A. R. encampment in this city, next September, but there is a good deal of opposition to the bill, on constitutional grounds. It is held that if it be proper for the general government to appropriate money for the entertainment of a national gathering of the members of one non-official organizations, it will be the same for all others.

Representative and Senator-elect Mills will not take his seat in the senate until the free coinage bill and the free wool bill are both finally disposed of by the house.

Certain friends of Mr. Harrison have been making an effort to make an alliance, offensive and defensive, with Secretary Rusk, to whom they have offered the second place on the ticket with Mr. Harrison, but Secretary Rusk, while personally in favor of the renomination of Mr. Harrison, hesitates to do anything that might prevent his accepting the nomination himself, should it be discovered that the convention was not favorably disposed towards Mr. Harrison. Besides Mr. Rusk has been requested by prominent republicans of his state to keep himself free from any entangling alliances with any other candidate, in order to give them a chance to work for his nomination.

The senate is going through another violent attack of the newspaper fever, and is pretending to be very much interested in discovering by what underhanded methods the wicked correspondents get the full details of everything done in executive sessions, where as every school-boy in Washington

knows that it is the senators themselves who furnish the correspondents with the news. The special occasion of this attack was the publication of what the senators said in executive session about the arbitration treaty, which they have informally concluded to ratify, but are as yet undecided whether to make a renewal of the modus vivendi a condition of its going into effect. They will decide this week.

There is a curious story going around concerning Mr. Harrison and Mr. Blaine. It says that Mr. Blaine attended the last cabinet meeting, and there for the first time learned the full extent of Mr. Harrison's management of the Behrings' Sea business, and that when asked to give his advice he declined to do so, saying in effect that he preferred having nothing to do with it.

It is denied at the navy department that any orders have been issued concerning the policing of Behrings' Sea, but it is well known that there are not enough revenue cutters in the Pacific to do the work, and that naval vessels will have to help if it is to be done.

The Anti-Free Pass Bill.
The following bill, which originated in the house of representatives, was read the first time in the senate on Thursday, and ordered to be printed, viz:

AN ACT prescribing penalties against railroads, steam-boats, and other common carriers for giving free passes and selling at reduced rates, not common to the public, tickets for transportation to state, district, city, town and county officers, members of the general assembly and judges of this commonwealth, and to prohibit such persons and officers from accepting and using such tickets or transportation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky: § 1. That no railroad company, steam-boat company, or other common carrier, shall hereafter knowingly give a free pass or passes, nor shall sell at reduced rates, not common to the public, tickets for transportation to any person holding any state, district, city, town or county office, or to any person who is a member of the general assembly or judge of this commonwealth; and in case such railroad company, steam-boat company, or other common carrier shall do so, and be convicted thereof, said company or party shall be guilty of a misdemeanor, and fined by a court of competent jurisdiction in a sum not less than one hundred dollars nor more than one thousand dollars for each offense, to be fixed by the jury or court trying the case.

§ 2. That no person holding a state, district, city, town or county office, nor any person who is a member of the general assembly or judge of this commonwealth, shall knowingly accept or use a free pass or passes, nor knowingly accept a ticket or tickets for transportation at reduced rates, not common to the public; and in case such person or officer shall do so, he shall forfeit his said office; and it shall be the duty of the courts and other tribunals having jurisdiction thereof to enforce this act and the provision of the constitution relating thereto, upon information of its violation.

Heartily, with relish, and without distress afterward? If not, we recommend to you Hood's Sarsaparilla, which creates a good appetite and so invigorates the stomach and bowels that the food is properly digested and all its nutriment assimilated.

Hood's Pills are purely vegetable, perfectly harmless effective, but do not cause pain or gripe. Be sure to get Hood's.

ED. TRIBUNE.—Seeing in your paper of March 16, a letter from Birmingham, reflecting on the rulings of Chairman Washam and the right of P. H. Styers as a delegate to the district and state conventions, we have agreed to answer that letter jointly, and in the first place we will say that the person that wrote said letter either intentionally misrepresented or did not have the correct data to write from. As to the publication of the minutes of the county convention, there was never any to publish, for there was no secretary, as the person who was elected secretary of the meeting, for some reason not known to us, failed to serve, and all that was ever published was the resolutions as adopted by the convention. Chairman Washam never gave P. H. Styers a false certificate. The credentials carried by P. H. Styers to the district convention were the resolutions as adopted by the convention. The Graves county delegation, through their henchman Styers, did not try to rule Col. Waller out of the district convention. If they had wanted to rule him out, they could, for Mr. J. H. Happy, of the Graves county delegation, was head of the committee on credentials. So there is about half the grievances in said letter thrown to the winds. As far as the rulings of Chairman Washam is concerned, if he made any mistake, it was an error of the head and not of the heart. It would be hard indeed to find a man that never studied parliamentary law to preside over a convention and make no mistakes. We can't say that the resolutions were drawn up by the Graves and McCracken county combinations. They were accepted by the convention, and if they were not satisfactory to anyone, it was their right and duty to oppose them in attendance at the convention, and if not in attendance they have no right to complain of what was done by the good people of Marshall county, who had responded to the call of their party.

publicans can come here and work any life in the party, we hope they will come again.

We think the convention held on the 7th of March, at Benton, done more towards building up the party in this county than anything that has been done, and everything that has been said and done to try and excite republicans has a tendency to build up the party in old Marshall. We expect to poll the largest vote next November than we ever have. The republican party will hang together, and don't you forget it. Don't know when we will hold another convention, but when we do we expect to get W. M. Reed to advise us on parliamentary law in conventions.

EVERY TWO AND A HALF MINUTES.

The blood makes a circuit of the body every 2½ minutes, delivering nutriment and taking back waste matter to be filtered out by the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease, such as dyspepsia, biliousness, constipation, headache, debility, and bad blood with its multiplied evils (boils, blotches, pimples, sores, eruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effete matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. B. removes all impurities of the blood from a common plume to the worst scrofulous sore.

Kerosene will take iron rust and fruit stains from almost every kind of goods, without injuring the fabric. Wash the soiled spot in kerosene as you would in water. The spots must be washed in the kerosene before they have been put into soap and water, or it will do no good.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasant to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

WED. EVENING, APRIL 6.

The storms in the west have
been severe, even worse than for
years.

W. R. Bush, a prominent young
lawyer of Smithland, died at the
home of his father last Saturday
of consumption.

is now Major McElrath. Suc-
cess to you major. From this day
forward there will be no toddlers
sweetened with sulphate of mag-
nesium when the governor is
present.

If Mr. Mills had served out his
term in the lower house of con-
gress he would have been in con-
gress 20 years. When they have
a good man in Texas, they know
what to do with him. They keep
him in congress.

The P. T. & A. railroad has
bought out the Tennessee Midland,
a railroad 135 miles long, which
reaches from Memphis to the
Tennessee river. The gap of 35
miles between Hollow Rock and
the Midland will be built right
away.

The democrats in this county
want a straight democratic pri-
mary, on the first Monday in
August, to nominate candidates
for county offices, and unless it is
given them, by the county com-
mittee, they will be dissatisfied.
Now it is the duty of the commit-
tee to reflect the will of the demo-
crats, and when it does, a primary
election will be called.

The governor has appointed
John C. McElrath, of Murray,
Calloway county, Aide-de-camp on
the staff of Adjutant General
Gross, with rank of major. This
brings an honor near us. There is
no man in Kentucky that looks
more like a major than John C.
McElrath. This is a good appoint-
ment and will give general satis-
faction in west Kentucky.

The Tribune has always been
for Mr. Carlisle for president, but
it has, within the past few weeks,
been clearly demonstrated, by the
spontaneous expressions of the
people, that Grover Cleveland is
the choice of the democracy be-
yond question, and it becomes our
duty to succumb to the will of the
people in this respect, and from
this day until date the influence of
the Tribune will be given to Mr.
Cleveland, which of course insures
his nomination, and ultimately his
election. Of course when Mr.
Hill understands the position the
Tribune now occupies, he will at

once withdraw from the canvass
and declare to his many admirers
that he is "not in it." We regret
very much to drive Mr. Hill out
of the field as a presidential as-
pirant, but we believe the good of
the party requires it, and when-
ever we believe it is best to dig
the political grave of a disturber,
we do not hesitate a moment to do
so. Our readers can rest assured
that from the date of this paper
Mr. Hill's chances for the demo-
cratic nomination will grow beau-
tifully less.

Now what have our enthusiastic
third party friends to say about
the unanimous election of R. Q.
Mills to the United States senate
in Texas, after blowing all over
the country last year that he would
be shelved, and one of their kind
elects? This clearly demonstrates
that they don't know what power
the democratic party has in such
a state as Texas. But neverthe-
less Mr. Mills is the United States
senator from Texas.

We are in receipt of the Educa-
tional Progress a neat little paper
published at Murray, in the inter-
est of the Murray Institute and
Normal College. We welcome it
to our sanctum and hope it may
live long and do a great work for
the upbuilding of the cause of
education in that town and county.
The typographical appearance is
seldom excelled, and is the work
of good men in the Wear Medicine
Co's Job printing department.

Col. Thos. P. Cook, an eminent
lawyer of Murray, will, in all
probability, become a candidate
for circuit judge in the Third judi-
cial district, as soon as the district
is established. Mr. Cook resides
at Murray, in Calloway county,
and is recognized as one of the
best men for that position in that
district. He is a good lawyer,
modest as a maiden, firm in his
convictions, and will in every way
make a good, capable, upright
judge.

Mayfield is now in the perfect
enjoyment of good water. That
beautiful little city has been scarce
of good water for nearly all of its
life, but through the enterprise
and push of its citizens, water
works have been built, and they
are now enjoying an abundance
of good, clear, healthy water.
The amount of money spent by
the city of Mayfield for water
works was the best money ever
spent by that city, and will do the
most good. No city can appreci-
ate the wonderful benefits derived
from a bountiful supply of water,
until it is in the possession of it.
We are glad that Mayfield's water
works is a success and satisfac-
tory to the people, for the amount
of money paid by them for haul-
ing water, will more than pay the
interest on the bonds.

The redistricting committee has
made another change in the sec-
ond district, and took Ballard
county off and put it with the
first district, leaving Marshall and
McCracken to compose the second.
We hope the McCracken county
delegation in the legislature will
get things fixed up to suit them.
In order that they may have the
district so that McCracken county
men may hold all of the offices,
would it not be well to make a
district out of McCracken alone.
Good common sense will teach
anyone that knows anything about
the situation, that the second dis-
trict ought to be composed of
more than two counties. Then,
if the first can use eight counties,
why is it that the second can't
use as many as three? It is said
that Mr. Quigly is the main source
of trouble in keeping Calloway or
any other county out of the sec-
ond district. If the representa-
tives from this end of the state
have nothing in view but to ar-
range districts for office hunters,
they had better step aside and let
others take charge, who have an
eye to business. Our representa-
tive, Mr. Glenn, is quiet on the
subject, from some cause, he so
far has never expressed himself
as to how he stands in the make-
up of districts this side of the river.
We would like to hear from him,
as to where he wants Calloway
county.

An Excursion For Love.

Nice Trip for Bachelors, Widows,
Widowers and Others.

It was quietly narrated along
the line of the railroad last week
that on Sunday a train would be
run especially in the interest of
old bachelors, widowers, old
maids, broke-down lovers; and, in
fact, for all persons whose hearts
had been made to bleed by men
and women with fickle hearts and
wicked ways. No one seemed to
know anything about the charac-
ter of passengers wanted, but
those who had in some way been
affected by love. But strange to
say, the railroad company never
sent out any circulars advertising
the trip, yet every man and woman
along the line knew of it, whose
hearts were beating time with
other hearts, and they were ready
to go.

Sunday morning when the train
was ready to pull out from Padu-
cah, the question was put to each
passenger, "were your heart ever
touched by love?" and unless an-
swered in the affirmative, they
were at once put off the train. A
large delegation came out from
Paducah, and the number was in-
creased at every station along the
line. The conductor said "we will
get no one at Benton, because no
such people live there." But how
mistaken he was; though the
morning sun was hardly up, yet
the familiar forms of John Peter-
son and Walter Dyeus were seen
rushing to the depot calling for
tickets to Murray, where they ex-
pected to meet some one who
would speak peace to their bosoms;
close upon their heels came J. M.
Fisher and George Oliver, crying
for round trip tickets to Paris,
Tenn. At Glade and Hardin the
number was increased, but not to
such an extent as it was at Dexter,
where Willie Peters, Miss Mattie
Jones, Miss Lou Walston and Mrs.
Genoa McCoy went aboard with
tickets for Paris. So the train
continued to fill up with lovers,
whose hearts beat both weak and
strong, until there was hardly
standing room.

The train coming this way in
the morning was filled with mar-
ried men who were out sky-lark-
ing, and small fry, such as Leonis
Starks, Rid Reed and others whose
hearts are just beginning to flut-
ter.

Of course on their way back,
the conductor, not knowing who
were married and who were not,
congratulated some of the couples
through mistake, that made some
cheeks grow crimson.

It is said that H. B. Swinney,
W. M. Reed and others cut quite a
dash while on the journey. No
newspaper man was allowed on
the train, and as a matter of course
we can't give the full particulars
as we would like.

We interviewed the heart-crush-
ers from this place, but they abso-
lutely refused to tell us what with
success they were blessed while
on their loving journey. We will
never forgive the railroad com-
pany; for, if we had known it, we
would have played the "masher"
in order to have witnessed the
sickening scenes on the train with
the tender and true.

Benton Democratic Club.

The Benton Democratic club
was organized last Wednesday
night at the court house in Benton
with much enthusiasm. W. M.
Reed being a member of the coun-
ty democratic committee, was
made president of the club and J.
M. Fisher and Dr. E. G. Thomas
vice-presidents. W. G. Dyeus was
elected secretary, W. M. Oliver
assistant secretary and J. H. Little
treasurer.

After the enrollment of 68 names
to the membership of the club,
Hon. James Campbell was intro-
duced to the democrats present,
and for about one hour he deliv-
ered one of the best democratic
speeches that has been made here
for years. The judge demonst-
rated beyond expectation his superior
knowledge of national politics.
He was invited here by a large
petition signed by a host of demo-
crats to make the opening speech
at the beginning of the work of
the club, and he did so to the full
satisfaction of all present. The
judge is a man well informed in
political economy, and his speeches
are always interesting to the
people.

After Judge Campbell closed
his arraignment of the republican
party, Judge Park was loudly
called for, after which he came to

the stand and for about 30 minutes
surprised his many friends as a
political speaker. He is one of
these matter-of-fact speakers, who
never speaks but he says some-
thing. He is also a student of
law and political economy, and is
one of the coming men in the
affairs of his country. His re-
marks, like those Judge Camp-
bell, were well received and his
speech loudly applauded.

After the speaking was over the
club adjourned to meet on next
Monday night, April 11, to further
complete its organization.

The next meeting of the club
will be a business one, in which
all of its members are expected to
be present. This club has made
a bright and favorable beginning,
and from the present outlook its
future is one of much good.

Other clubs will be organized in
different parts of the county, and
it will not be long until the county
democracy will be organized as
never before.

On account of the democracy
always being so strong in this
county, its interest has been al-
lowed to drag until many of its
members have been deceived away
by certain designing men, but now
they have a chance to come back
into its ranks, which many are
doing. The democracy will be
better prepared to do its work
well this year than for a long time.
Let every democrat go to work,
and do his duty, and a brilliant
victory will be won in the year
of 1892.

MURRAY, Ky., Feb. 11, 1888.

Having been familiar for

Female Society.

By "C. J. Valentine."

You know my opinion of female society. Without it, we should degenerate into brutes. This observation applies with tenfold force to young men, and those who are in the prime of manhood. For, after a certain prime of life, the literary man may make a shift (a poor one, I grant) to do without the society of ladies. To a young man, nothing is so important as a spirit of devotion (next to his Creator) to some amiable woman, whose image may occupy his heart; guard it from pollution, which besets it on all sides. A man ought to choose his wife, as Mrs. Primrose did her wedding-ring, for qualities that "wear well." One thing at least is true, that, if matrimony has its cares, celibacy has no pleasure. A Newton, or a mere scholar, may find employment in study; a man of literary taste can receive in books a powerful auxiliary; but a man must have a bosom friend, and children around him, to cherish and support the dreariness of old age.

Pronounced Hopeless, Yet Saved.

From letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in several bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at J. R. Lemon's drugstore, regular size 50¢ and \$1.00.

Inventions by Women.

The latest inventions by women consist of the following fearfully and wonderfully made things: A new device for sharpening scissors, an improvement in respirators, a new kind of lamp shade, which is warranted to really shade a lamp; an appliance for thimbles, which will cut thread, and a nice little home game which involves the use of musical chairs. Another woman is at work on a game which will be called table foot-ball.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure good health and you will have good looks. Electric Bitters is the great alterative and tonic acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at J. R. Lemon's drugstore, 50¢ per bottle.

An Italian scientist has discovered that the average bacillus has an especial detestation for tobacco. A bacillus that didn't detest cigarette smoke would be unworthy of the respect or esteem of any scientist. "There's good in all things," and it was only a question of time until somebody found good in the bacillus.

DR. HALE'S HOUSEHOLD TAR. Is the great blood purifier and nerve tonic. It acts upon all the secretions of the system, enabling the liver and kidneys to perform their proper functions, giving tone and strength to the nervous system, a certain cure for dyspepsia. Two months treatment for 50¢. Get a free sample at J. R. Lemon's drug store.

Gubernatorial Expenses.

There has been a good deal of loose talk and reckless figuring about the incidental expenses of the governor's mansion, drawn out by Mr. Pettit's resolution of inquiry. The efficient correspondent of the Louisville Post, Mr. Cronwell, has taken the pains to investigate the matter, with following result:

The following figures are furnished me relative to the cost of the executive mansion annually for the past eight years:

1883-4	\$7,687 62
1884-5	1,951 44
1885-6	3,520 27
1886-7	1,587 45

Total four years	\$14,736 73
Average per year	3,684 14

1887-8	\$5,130 71
1888-9	3,848 81
1889-90	2,055 76
1890-91	2,309 14

Total four years	\$11,344 42
Average per year	2,836 10

These figures cover the terms of Knott and Buckner, and they include the expenses of repairs and

refurnishing, the latter occurring every four years. They are taken from the auditor's report, and, as far as they go, they are accurate. They do not bear out Mr. Pettit's theory of the excessive cost of maintaining the gubernatorial mansion, though he claims to be able to show that his estimates are correct. He has not gone into detail, and consequently until he shows his figures, only his own opinion of them can be given.

WHY DON'T YOU STOP

Coughing before the entire mucous membrane lining the air passages leading to the lungs becomes inflamed, as it surely will be from a cough neglected. There is but one remedy that gives instant relief and cures quickly. Dr. Hale's Household Cough Cure cures every kind of cough from a simple cold to incipient consumption. 25 and 50¢ per bottle at J. R. Lemon's.

Foster on the Treasury Balance.

Secretary Foster said, in discussing the condition of the treasury, that there was nearly always \$24,000,000 in the disbursing officers' hands, and that was practically current funds, for while the treasury's balance might only show a net balance of \$30,000,000, the subsidiary silver and money in national banks actually took the place of money in the hands of disbursing officers, leaving at all times \$31,000,000 in available funds over and above the \$100,000,000 gold reserve. Counting the \$23,000,000 in subsidiary silver and the government money in national banks, the total available assets, exclusive of the \$100,000,000 gold reserve, would be \$64,000,000.

BEN D. BELL.

Druggist of Lexington, Ky., says that Dr. Hale's Household remedies (consisting of Dr. Hale's Household Cough Cure, Dr. Hale's Household Ointment, and Dr. Hale's Household Tea) are the best sellers he has ever had in his store. This is owing to the great merit of these popular remedies. They invariably give great satisfaction, save many doctors' bills and work wonderful cures. Everybody should use them. 25 and 50¢ sizes at Lemon's.

300,000 a Week.

The St. Louis Republic proves, by sworn statement, that 33,777 new, paid, yearly subscribers (exclusive of renewals) were added to the mail lists of the "Twice-a-Week" Republic during the months of December and January just past, and shows, by fac-simile post office receipts, that more than 150,000 copies of each issue or exceeding 300,000 every week, were actually mailed during that time. The history of American newspapers has never presented a more wonderful record of success. The people are quick to distinguish between stage coach and railroad service. The "Twice-a-Week" Republic is issued every Tuesday and Friday for only one dollar a year, and is unquestionably the best and cheapest newspaper published in the United States. Sample copies free. Address, The Republic, St. Louis, Mo.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1871 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, to **W. A. NOYES,** (15-23) 820 Powers' Block, Rochester, N. Y.

ARE YOU 20 YEARS NAUGHT?

ESTABLISHED 1868.

★ These are PIANO HAMMERS—they alone actuate the tone. OTHER makers talk and think more about CASES. We have a process by which the felt covering REMAINS elastic and uncompressed after years of HARD PLAYING. All other hammers get MATTED DOWN like an old MATTRESS, and soon yield tiny tones—not music.

WE GIVE IT AWAY. The reason why pianos carry high prices on the catalogue, and the SYSTEM of DISCOUNTS with frank and candid inside information, worth many dollars—WHATEVER PIANO YOU BUY.

We also send, post paid, an elegant Illustrated Catalogue, explaining above, and very large colored illustrations. The FURNITURE part of the "Wing" Piano is worthy of its interior merits.

Learn what we have to whisper, then BUY WHERE YOU WILL. If we are chosen, distance is no consideration—We pay the freight.

OUR PIANOS HAVE WON our own confidence. Hence we send freely on trial, AND, with every WING piano bought, there goes a signed warrant for NINE LONG YEARS.

Write today a LITTLE BIT (postal) and get what COST US MANY TIMES AS MUCH—beautiful illustrations, etc.
