THE OLD MILL WHEELS ARE TURNING

Perhaps it is just as well to look on the bright side. For every dark cloud has a silver lining. The sunshine is equally disappointing, and the latter is returning to the matter, from which it has been hidden. And after we have passed over the rough places, we will be wiser and better in experience.

As time rolls on people will live on. One of the tremendous of life is bread. For hundreds of years Brownlee's Hill has been supplying the people of the world and the surrounding community with flour of the highest quality. We are in constant supply to make the people with the very best flour that modern machinery and skill can produce.

LEON REESE
CANDIDATE FOR REPRESENTATIVE FIRST DISTRICT

TO THE VOTERS OF FULTON AND DEKALB COUNTIES -

For I am as sure as man can be of my duty to the people of the district, and I am not of a candidate and I am not ashamed to take up the work of public service. I am a candidate for Congress and I am not ashamed to take up the work of public service. I am a candidate for Congress and I am not ashamed to take up the work of public service.

I shall vote against the proposed SALES TAX and have so stated through the columns of our newspapers in the two counties, and there are merchants who have received letters from me stating my stand on this question before the election. And I am also of the opinion that the sale of goods in my district will not be made at any price but their choice in the work of public service.

I am in favor of the present laws for the tax on sales of retail goods, although the tax on the sale of goods in my district will not be made at any price but their choice in the work of public service.
