The First County Court.

The following are the names of the nine justices of the peace who organized the first county court ever held in Marshall county:

James Brien, John T McElrath, Joseph Staton, Enos Faughn, Joel Gilbert, Robert Elliot, James Stice, Abolam Smith and William Price.

They were all commissioned and qualified on June 9th 1842, which was the date of the first county court ever held in this county.

The justice continued to hold the county courts until on June 9th 1851, when James Stice presented his commission, signed by his excellency John L Helm, governor of Kentucky at that time. At this date the first county judge presided over the county court, which was previously held by the justices of the peace, which assembled always on the first Monday in each month. It was on February 29th 1848 that fire destroyed the county and circuit clerk's offices together with all the papers belonging thereto, and it was on March 6th 1848, that the county court composed of the following justices, Joel Gilbert, Thomas McElrath, Francis H Clayton, Thomas L Goheen, Robert O Morgan and James Brien, made the following order in pursuance of an act of the general assembly, approved December 27th 1803 was made, to wit: That Robert O Morgan, Joel Gilbert, Francis H Clayton, Philander Palmer and Thomas McElrath be and they are hereby appointed commissioners to take deposition of witnesses relative to any or all the records and papers of this court, which were destroyed with the clerk's office on the night of the 29th of February ultimo, that commissions give ten days notice of their meetings.

For colds, croup, asthma, bronchitis and sore throat, use Dr. Thomas' Electric Oil, and get the genuine.

Rates for Tavern Keepers.

As it might be interesting to many of our readers to note the difference in the orders of the county courts, relative to the rates that tavern-keepers were allowed to charge, we append the following order which was made by Judge T. L. Goheen on Monday, January 5, 1855: Ordered that the tavern-keepers of this county be allowed to charge and be paid at the following rates for the ensuing 12 months, to-wit: For dieting each person per meal, 35c; lodging per night, 15c; for spirituous liquors costing \$3 per gallon, per drink, 10c; same costing less, 5c; whisky half pint, 10c; rum, gin, brandy or wine, half pint, 20c; single feed for horse, 35c.

On December 7, 1855, while Judge W. P. Lee was on the bench he fixed the following rates for one year for tavern-keepers: For dieting a person per meal, 50c; for lodging per night, 50c; common liquor per drink, 5c; good liquor per drink, 10c; half pint, 25c; gin, rum, brandy or wine, half pint, 30c; for feeding horse or other beast, 50c.

It will be seen from these orders that good whisky sold higher than bad, but in this day and time there is no bad whisky, but all sells at the same price. It will also be seen that 40 years ago the use of a bed for one night was not considered worth half as much as a meal, but now both are considered the same. It seems from the record that there have been no rates fixed by the county judge for the regulation of the rates for tavern-keepers since Dec. 1855.

"Potater" Day.

You Cry Out Against Rings and Cliques, and Yet

YOU FORM A GREAT MONOPOLY.

We were so crowded with reading matter last week, that an account of our "potater" day was left out until this week.

The first Monday in April has been known as "potater" day ever since April 6th 1842. It takes an old citizen to remember when the first Monday in April first became famous as potato day in this county. Nearly 50 years ago county court was established on the first Monday in each month and during all this long time, the day has never been changed, but is held on the same day in the same month now as when the county was first organized. This day was first called "potater" day away back in the fifties, by James Stice and John Peck, who were among the most successful sweet potato farmers in the county. These men had land well adapted to the cultivation of potatoes of this kind, and they planted and raised them in large quantities. They dug cellars, in which they were kept during any severe winter, until spring time. It mattered not how early the spring was, they would never take them up for sale until "potater" day in April. We can well remember when people came from all over the country, to get sweet potatoes of these two old men; but long since they have passed away, and hundreds of other men have become interested in the growth of this desirable vegetable, and now on the first Monday in April, instead of two or three wagons about count square, they can be seen in large numbers, loaded to the guards with the various varieties of sweet potatoes. Some of them come from 20 to 40 miles, leaving home on Sunday in order to get here early Monday morning, ready to enter the trade early. Every person who calculates to bed out potatoes makes no effort to get them until "potater" day, but early in the morning on that day, they begin coming in from the four corners with their bags under their arm, ready to purchase the required amount of sweet potatoes for their immediate crop. It makes no difference if a thousand men wanted to buy sweet potatoes on the first Monday in April, they are, so far as prices are concerned, at the mercy of the few who have their wagons loaded with them. The cause of this comes about in this way. When a wagon gets into town it will hardly sell any potatoes, until nearly all of the potato men are in, then the word is passed around, the combine is made, and a monopoly is formed. The price is put up about double what it is at their homes, and then the selling begins; and it is noised about that nearly all the potatoes rotted, and that there are not more than half enough to supply the demand, and the rush continues until every wagon is emptied, all at a good round price. Nearly all of these men, who sell potatoes to their neighbors so high, are bitter opposers of rings, cliques and combines until "potater" day, then they lay aside their love for their "fellow countrymen" until the potatoes are gone, and then they begin their usual cry against grinding monopolies. The amount of potatoes sold on that day is astonishing, for long before noon the stores are full of bags filled with potatoes, to go into all parts of the county. It is said that at least 1,500 people carried away more or less potatoes last Monday week. It was thought by the knowing ones that fully 500 bushels of potatoes were sold in Benton on that day. This, if nothing else, alone would certainly make the first Monday in April a great "potater" day in old Marshall.

The Spring.

Of all seasons in the year, is the one for making radical changes in

regard to health. During the winter, the system becomes to a certain extent clogged with waste, and the blood loaded with impurities, owing to lack of exercise, close confinement in poorly ventilated shops and homes, and other causes. This is the cause of the dull, sluggish, tired feeling so general at this season, and which must be overcome, or the health may be entirely broken down. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite spring medicine. It expels the accumulation of impurities through the bowels, kidneys, liver, lungs and skin, gives to the blood the purity and quality necessary to good health and overcomes that tired feeling.

Quincy troubled me for 20 years. Since I started using Dr. Thomas' Electric Oil have not had an attack. The oil cures sore throat at once. Mrs Letta Conrad, Standish, Mich., Oct. 24, 1883.

EVERY TWO AND A HALF MINUTES.

The blood makes a circuit of the body every 2½ minutes, delivering nutriment and taking back waste matter to be filtered out by the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease, such as dyspepsia, biliousness, constipation, headache, debility, and bad blood with its multiplied evils (boils, blotches, pimples, sores, eruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effete matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. B. removes all impurities of the blood from a common pimple to the worst scrofulous sore.

WED. EVENING, APRIL 13.

The Odd Fellows of Paducah are making extensive preparations to entertain members of the order from different parts of the country expected there at the Inter-state celebration the 26th inst.

There is hardly a voter in this county but desires the Second judicial district to be composed of Calloway, Marshall and McCracken counties. How long will it take our representatives to pass a law regulating the judicial districts? How long, oh! how long?

The state central committee of the third party has issued orders for the campaign. The county mass meetings are to be held in each county on April 30. These meetings are to select delegates to attend a convention at Paducah May 7th, to nominate a candidate for congress, and to select delegates to a state convention, June 8th, (place not yet named) which is to send delegates to the national convention at Omaha.

There is now but one man before the American democracy that stands any show of receiving the democratic nomination, and that man is no less a personage than Grover Cleveland. Since Mr Hill took his junketing trip over the south, trying to give himself a boom for the nomination, he has nearly passed out of the minds of the party as a possible candidate. We would not be surprised that he makes a formal withdrawal from the race ere these lines are in print. It seems that the "man of destiny" is a prominent character in the bosom of nearly all American democrats from Maine to Georgia and from the lakes to the gulf. Every day makes his nomination more sure and cer-

tain. There are but few democratic sections of the country but what are becoming more and more solicitous of Mr. Cleveland's nomination, and the nearer the time of the convention arrives, the more solid the country becomes for his third nomination. He is the very embodiment of the true principles of sterling democracy, and in almost every state when his name is mentioned, the cry is for Grover Cleveland for president. He is a true and able tariff reformer, sound on the money question and entirely honest. Cleveland will and ought to be the nominee of the next national democratic convention. Cleveland first, last and all the time is but the battle cry of 1892.

Hugh Mulholland, jr., the late postmaster at Paducah, was convicted last week in the United States court of embezzlement, or in plain language, of stealing registered letters. He was only tried on one charge, but was convicted in a very few minutes by the jury. The other cases were continued, while he was sent to Louisville jail to await the result of a motion for a new trial. Mr. Mulholland could have been a nice young man, but he could not stand success, and allowed gambling, drinking and other wayward habits to lead him into dishonesty, and as a result he is to-day a convicted felon and an inmate of Uncle Sam's bastille. It was a bad day for Mr. Mulholland when he asked the president to appoint him postmaster in a strange city among strange people.

Our representative in the legislature, Hon. J. C. Glenn, we notice voted against the World's fair appropriation bill. Why he is opposed to having his state represented in a respectable way at the World's fair we are unable to conjecture. There was no opposition to the bill that amounted to anything, among his constituents in this county, and so far we have heard of none in his county, and with such a sentiment among his constituents we can't understand why he would so far forget himself as a faithful representative as to vote against the appropriation. What excuse could such a public spirited, well informed man as Col. Sims, from Trigg county have to vote against such a bill? We are at a loss to understand it. Gentlemen, stand up for the welfare and advancement of your state, the whinings of demagogues to the contrary notwithstanding, and you will never fall.

Charles C. Moore, the defunct editor of the late lamented Blue Grass Blade, is now languishing in jail at Paris, Kentucky, serving out a 60 days sentence for criminal libel. The charge against him was for comparing the ladies of the Christian church at Paris to a woman who is the keeper of a bawdy house at Lexington and for other libelous language used in his paper. We are shocked to see in the columns of prominent and respectable newspapers words of sympathy for such a man. He may be glad that he lives in a part of the state where the people are willing to let such insults be punished by the courts, but if he were in some of the counties in this part of the state, and were to write an article comparing the ladies, not only of the Christian church, but any other church, to women in a bawdy house, he would soon be hanging to a limb of some sturdy oak. All such men, let them be prohibition, democratic or republican editors, that will allow their enthusiasm for any cause to publish wholesale slanders against innocent women, can do less harm in jail than out. He is nothing but a preacher, prohibition infidel crank, and if he continues as he has begun in the newspaper business, it will not be long until a jail will not hold him.

We are at a loss to understand why Representative Glenn, from Marshall and Lyon counties should vote against the World's fair appropriation bill in the face of the fact that it had no decided opposition either in this or Lyon county. Neither can we understand why such an able and well informed man as Col. Sims, of Trigg county, should lend his influence and vote against the appropriation. We are not surprised at such men as Birkhead, Pettit, Stewart Neal and Ayers voting against it, but we are certainly astonished at Sims, Glenn and Summers voting as they did against a Kentucky exhibit of \$100,000. How men, who have the welfare of their beloved state at heart, can vote against such an appropriation at this time, is more than we can see. However the bill passed, 56 for and 35 against it, showing that our representatives in this end of the state have less pride and enterprise than anywhere else. McCracken county's representative was the only one who had the courage to vote for Kentucky taking her place with the rest of the state.

ED. TRIBUNE:—If you will allow us a short space in your valuable paper, we have a few lines for you.

Burned on the night of the 10th inst., Joe Jones' stables and crib, together with three good mules, one mare, about 4,000 pounds of hay, 60 barrels of corn, a Labelle wagon and all his farming implements valued at about \$700. On last Tuesday evening, after the heavy rains, old "Uncle" Ab Darnall was told by some small children that the road was full of fish, so he took his bucket and went to the head of a small stream and caught 17 nice perch, all on dry land, the water having run down and left them. Several years ago the same thing happened just after a heavy rain.

Esq. S. S. Cope happened to a sad accident, last Sunday. He kicked at his old mare and missed her, his other foot slipped and he fell and crippled himself so he could not walk for several days. We are sorry for Mr. Cope, but feel good for the mare.

What does Allan Darnall mean by driving up and down the road so much?

Sharpe, Ky.

ED. TRIBUNE:—According to promise I send you the few items gathered the past few days.

The first thing I wish to do is to thank you for your paper, which has been a welcome visitor to our home.

Owing to their being no deaths, births, or marriages, news are scarce.

Politics will soon be the topic of the day. Candidates will soon be plentiful. Hon. John K. Hendricks, we notice, is a candidate for congress. "Choose ye this day whom ye will serve," Stone, Campbell, Robertson and Hendricks and probably W. R. Truitt.

Elder T. F. Harrison preached last Sunday to a large congregation at Mt. Moriah.

Rev. Cason has been holding a protracted meeting at the M. E. church. Don't know the result.

J. H. Johnson is doing a big business in the rehandling tobacco business.

LOUISVILLE, KY. NEW YORK, N.Y.

cal, were out on a visit last week. Andrew Adams, who has been sojourning in greener fields, for the past winter, has returned to his wife and family.

Mrs. Dr. R. J. Neal, after a pleasant visit to friends in this part of the county, returned to her home in Mayfield last Friday accompanied by Mrs. Martha Edwards.

Mr. Morris McCain will soon move his new wife into his new house.

Mr. Ed Sargent, who has been home on a vacation, returned to his work in the telegraph business. We understand a democratic club will soon be organized at Paducah.

With best wishes to the success of the Tribune and its editor, I am respectfully,
MISPAH.

The acreage of tobacco will be
increased in this county this year,
if all reports be true. The prepara-
tions for a new crop are very
extensive in all directions.

It is a truth in medicine that the
smallest dose that performs the
cure is the best. De Witt's Little
Early Risers are the smallest pills
will perform the cure and are the
best. Barry & Stephens.

are not prepared to say how true
the report is, but there is but little
doubt that the present reward of
\$200 will be augmented by a larger
sum.

Would you ride on a railroad that
uses no danger signals? That ought
to be a signal of danger. The safest
cure is Dr Wood's Norway Pine

Mrs Hamilton has the largest
stock of millinery goods ever
brought to this county. This will
be highly appreciated by the ladies
of old Marshall and will not
necessitate their going to Paducah
to buy their finer goods.

Bright people are the quickest to

A large crop of tobacco will be
planted this season in this part of

good living price this spring, and
the people will now plant a crop
large enough to reduce the prices
again.

tion as depot agent at Dexter. He
is a young man who has been apply-
ing himself very closely to the
study of the business of railroading

hard time of it since he came to
Benton, but by close attention to
business he has won the confidence
and respect of our people, and we
are confident he will give the rail-

Nearly all the diseases in the
southern states are produced from

J M Fisher became involved in a
difficultly last Sunday evening with
Ed Terrell, at the Terrell livery
stable in Paducah over a misunder-
standing about the hire of a horse

place which resulted in Mr Fisher
getting badly bruised up about the
face and eyes by being hit, as he
claims, three severe blows with a
pair of brass knuckles in the hands
of Ed Terrell.

The Benton Democratic Club
met Monday night with a good
attendance and added 16 names to
the roll of democratic voters of
this district. The meeting was
devoted to the interest of the club
and its organization more perfectly
completed. The democrats here-
abouts are becoming more and more
solicitous of the immediate growth
of the club, because they are now
convinced that in organization
there is strength. No especial work
has ever been done in this county
to cement the strength of the party
before any election until now.

Every democrat in this voting pre-
cinct should at once join the club.

Read what an eminent physician
has to say of the Gardner-Rogers
Cough and Consumption Cure:
MARTIN, TENN., June 8, 1885
G. R. C. & C. S. MAN'FG. CO.

DEAR SIRS--Rev. J. R. Hall, of
this county, called on me to pre-
scribe for him for what I thought at
the time to be consumption, as a
great many of his family and rela-
tives had died with the disease. I
think I have treated more than a
dozen and known of at least 15 of
Mr Hall's relatives who have all
died with the dreadful human de-
stroyer. I've been engaged in the
practice of medicine since 1867;
have never known so wonderful a
cure with any preparation. You
can publish this if you see proper
to do so.

Respectfully,
W. T. LAWLER, M. D.

The "Old Southern Harmony
Singing" will take place this year
on the fourth Sunday in May in the
court house in Benton. It was
stated that it would be held on the
third Sunday, but the month comes
in on Sunday which will make the
third, come on the 15th which is
a little too early, and to better suit
the weather and the people, it will
be held on the fourth Sunday which
will come on the 22nd day of the
month. We will give further notice
of it in due time, but it is well for
everybody to know on what day it
will be, in order to buy their
bonnets, hats, etc.

J M Rickman had his trial Sat-
urday before Judge Dupriest on a
warrant sworn out by John Raper
to have him bound over to keep the
peace. The trial lasted nearly half
of the day and resulted in the
judge binding him in a bond of \$2,
500 to appear at next circuit court.

The evidence was to the effect that
about six months ago Rickman
took Raper to one side at the old
Baptist association at New Hope
and told him that he (Raper) must
leave the country; that both of
them could not remain in this coun-
ty, and insisted on him setting a
time to leave. About six months
ago they met on the gravel road
between here and Paducah, when
Rickman said to Raper that he
had better comply with what he
told him at the association. Such
talk led Raper to believe his life
in danger, and he then wanted
Rickman bound over to keep the
peace, but instead of the county
judge binding him over for six

months or one year to keep the
peace he only bound him over to
appear at circuit court. It is said
the right kind of a bond was not
taken and that the bond was ex-
cessive. Mr Rickman gave bond
however and went home.

Gratifying to All.

The high position attained and
the universal acceptance and ap-
proval of the pleasant liquid fruit
remedy Syrup of Figs, as the most
excellent laxative known, illustrate
the value of the qualities on which
its success is based and are abun-
dantly gratifying to the California
Fig Syrup company.

Birmingham.

Ed, TRIBUNE--Mr. Mark Rey-
nolds, who was never known to tell
a lie, says that one day last week
he saw Bud Anderson and Lacy
Roberts at the forks of the road
about one mile west of this place,
near what is known as the "Back-
ham house place." They each had
a fishing rod and wanted to know if
there was good fishing now in Ten-
nessee river. He says that he knew
Bud Anderson but did not let An-
derson know that he knew him. He
says he could have captured them,
but wanted to wait for a larger
reward.

There is Great Excitement

Among rheumatic sufferers over
the new remedy that is being put up in
New York City. It is claimed there
has never been a case where it has
failed to cure. It is called Dr.
Drummond's Lightning Remedy for
rheumatism, and is sold for \$5 per
bottle. The remedy is certainly
making for itself a world-wide rep-
utation as the country is full of
rheumatism. The manufacturers
sell it on the absolute guarantee,
and offer to refund the money in
any case where it does not work a
perfect cure. Sent by express pre-
paid on receipt of price. Drum-

District Educational Association.

The programme and executive
committee of the First District
Educational association met at
Fulton Saturday March 12, 1892,
and besides arranging a programme
made the following arrangements,
which the teachers of the district
will do well to bear in mind:

1. The spring meeting at Paducah
will be June 27 and 28 instead
of in May. This change was made
in order that the association and
the state association would meet
about the same time.
2. There will be but one paper
read on each subject, and the sub-
ject will then be open for discus-
sion.
3. Those who agree to prepare
papers are expected to prepare
them whether they can be at the
meeting or not; and if they can not
be present they must send in their
papers to the president, who will
have them read by some one.
4. Those whose names appear
for discussion will not be permitted
to read a paper, but must make
their discussion orally.
5. The schools of the first dis-
trict are requested to make a special
effort have a display of school
work.

Paternal Duty.

By "C. J. Valentine."

The father who plunges into business so deeply that he has no leisure for domestic duties and pleasures, and whose only intercourse with his children consists in a brief word of authority, or a surly lamentation over their intolerable expensiveness, is equally to be pitied and to be blamed. What right has he to devote to other pursuits the time which God has allotted to his children? Nor is it an excuse to say that he cannot support his family in their present style of living without this effort. I ask by what right can his family demand to live in a manner which requires him to neglect his most solemn and important duties? Nor is it an excuse to say that he wishes to leave them a competence. Is he under obligation to leave them that competence which he desires? Is it an advantage to be relieved from the necessity of labor? Besides, is money the only desirable bequest which a father can leave to his children? Surely, well-cultivated intellects, hearts sensible to domestic affection, the love of parents and brethren and sisters; a taste for home pleasures; habits of order, regularity, and industry; hatred of vice and vicious men; and a lively sensibility to their excellence of virtue, are as valuable a legacy as an inheritance of property—simple property, purchased by the loss of every habit which would render that property a blessing.

John S. Edwards

Of Adams N. Y., makes the following sworn statement: Kenyon & Thomas: This is to certify that I knew your wonderful medicine, Dr. Hale's Household Ointment, well in cases of pneumonia. Last winter my mother, who is 75 years of age, was sick unto death with pneumonia. Both lungs were badly involved. The attending physician said she must die. As a last resort we commenced using your Dr. Hale's Household Ointment, applying it freely and thoroughly to the chest, keeping the lungs covered with hot flannels. She soon began to improve and in twelve hours the crisis was passed and she was out of danger, and is alive and well to day. Your remedy saved her life. John S. Edwards, Sworn and subscribed before me, Wm. H. Taylor, Notary Public, For Adams N. Y., J. R. Lemon's drug store.

More Prosperous.

A true sign that the condition of our people is improving and growing better, is in the fact that more mortgages have been paid off in the past two years by the farmers in this county, than in ten years before. They have not only paid much of their indebtedness, but have built new houses new barns and other wise improved their homes and increased their wealth. The standard of our farmers in many respects is growing better and of a higher order. They are taking a greater pride in churches, schools and society than ever before, in fact our people, in all respects, are improving and gradually growing more prosperous and happy than they have been for a long time.

Electric Bitters.

This remedy is becoming so well known and so popular as to need special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist, and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters—Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1.00 per bottle at J. R. Lemon's Drug store.

When you polish your stove, shave as much hard soap as you use of the polish, both together in a little water, and apply.

When Your Liver

Is torpid and sluggish, you cannot do business successfully. Everything goes wrong. You don't feel well. Get your liver in good working order by using Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It has no equal as a health restorer. For sale at J. R. Lemon's drug store.

A Woman's Good Name.

Many people who would recoil with horror from cutting a human creature's throat, which really does not hurt very much and only lasts a moment, will murder a woman's good name without remorse or compunction, and that hurts worse than death for a lifetime. It is a meaner crime than murder. We cry out; and rightly, too, against

the sensational and depraving habit of making heroes of robbers and cut-throats. It is a horrible thing to do. And yet I have less of hatred and loathing for the late Jesse James than I have for some people who have never been convicted of a capital crime, but whose tongues, we know, are worse than any knife that ever severed a human jugular.

It Should be in Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good.

Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery, has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at Lemon's Drug Store. Large bottles, 50c. and \$1. 50.

A London journal says that a young man had a younger sister by the name of Jessie, who was sent to a fashionable boarding school. When she went away he expressed the hope that she wouldn't acquire any of the affectations so often learned in such places. For almost a year he had no fault to find on this score. Then came a letter signed "Jessie," instead of Jessie. He replied as follows: "Dear Jessie: Your welcome letter received. Mamma and papa are well. Aunt Mary and Uncle George started for Glasgow yesterday. I have bought a new horse. You ought to see it. It is a beauty. Its name is Maudie. Your affectionate brother, SAMUEL."

The sister's next letter was signed "Jessie."

AFTER THE GRIP

And after the typhoid fever, diphtheria, pneumonia, or other prostrating diseases, Hood's Sarsaparilla is just what is needed to restore the strength and vigor so much desired, and to expel all poison from the blood. It has had wonderful success in many such cases.

Hood's pills not especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.

Miss Angelina Brooks, whose knowledge of kindergarten methods has rendered her an authority in that line, has been making a study of the curbstones children of New York. She finds that there are 141,000 boys and girls between the ages of 4 and 6 six years who spend their lives in the streets of New York and never see the inside of a school.

Dr. Hale's Household Cough Cure

Is a purely vegetable remedy prepared from rare medicinal plants, a perfect remedy for coughs, colds, hoarseness, loss of voice, whooping cough, bronchitis, the first stage of consumption, allays soreness of the lungs and chest, and gives perfect satisfaction. It is the greatest medicine of the age to strengthen the lung tissues. 25 and 50c. per bottle at J. R. Lemon's drug store.

Officer A. H. Bralley of the Fall River Police.

Is highly gratified with Hood's Sarsaparilla. He was badly run down, had no appetite, what he did eat caused distress and he felt tired all the time. A few bottles of Hood's Sarsaparilla effected a marvelous change. The distress in the stomach is entirely gone, he feels like a new man, and can eat anything with old-time relish. For all of which he thanks and cordially recommends Hood's Sarsaparilla. It is very important that during the months of March and April the blood should be thoroughly purified and the system be given strength to withstand the debilitating effect of the changing season. For this purpose Hood's Sarsaparilla possesses peculiar merit and it is the Best Spring Medicine.

The following just received, demonstrates its wonderful blood-purifying powers:

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen: I have had a rheumatism for a number of years, and for the past year one of my legs, from the knee down, has been broken out very badly. I took blood medicine for a long time with no good result, and was at one time obliged to walk with crutches. I finally concluded to try Hood's Sarsaparilla, and before I had taken one bottle the improvement was so marked that I continued until I had taken three bottles, and am now better than I have been in years. The inflammation has all left my leg and it is entirely healed. I have had such benefit from

Hood's Sarsaparilla that I concluded to write this voluntary statement.' F. J. Temple, Ridgeway, Mich. HOOD'S PILLS set easily, promptly and efficiently on the liver and bowels. Best disease pills.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt its duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper (15-23t) W. A. NOYES, 820 Powers' Block, Rochester, N. Y.

Two Bottles Cured Her.

CARROLL, Ia., July, 1891. I was suffering 10 years from shocks in my head, so much so that at times I didn't expect to recover. I took medicines from many doctors, but did not get any relief until I took Pastor Koening's Nerve Tonic; the second dose relieved me and 2 bottles cured me. S. W. PECK.

NEWPORT, Ky., February 20, 1891. For many years I was sickly and very nervous, so that the least thing would frighten me, and my sleep was unrefreshing and I was so weak as to be unable to do any housework. I was always ill-humored and depressed. Now everything is changed. Pastor Koening's Nerve Tonic (2 bottles) has helped me; I am like a new person, can work, sleep, and eat contentedly. I recommend this medicine at every opportunity. ELISA ROLL.

FREE—A Valuable Book on Nervous Diseases sent free to any address, and poor patients can also obtain this medicine free of charge. This remedy has been prepared by the Reverend Pastor Koening, of Fort Wayne, Ind., since 1858, and is now prepared under his direction by the KOENIG MED. CO., Chicago, Ill. Sold by Druggists at \$1 per bottle, 6 for \$5. Large Size, \$1.75, 6 Bottles for \$6.
