What the Blue Eagle means to you and how you can get it

The President's Reemployment Program is advancing to complete success. No such epoch-making demonstration of the unity of a whole people against a national danger has ever been made. In this vast surge of patriotism it is necessary to keep our common purpose always clear. When 125,000,000 people attempt to act as one, there are sure to be some misunderstandings. It is time to resume as clearly as possible the aim of the whole endeavor and the duty of each individual. That is the purpose of this message—to state efficiently, clearly and the simple rules for common guidance.

This Agreement binds you to put its terms into effect from the time you sign the Certificate of Compliance of December 31, 1933, but when the President has approved a Code for your trade or industry, that Code takes the place of this Agreement.

Not to employ any factory or mechanical worker or artisan more than a minimum wage.

This fixes the minimum wage which you must pay for and mechanical workers and artisans. The following schedule may help you to figure out the proper rate:

- If your business is in a town of less than 2,500 population, 37½ cents per hour.
- For the home trade, 35 cents per hour.
- In cities of 500,000 or over, 37½ cents per hour.
- In pay any of the classes of employees mentioned in paragraph 2 less than $15 per week in any city of over 500,000 population, or in the immediate trade of any employer.

As outlined in the explanation of paragraph P. R. A., the President plans to have all business govern itself under Codes, operated by the President, the States and the cities. The President has also appealed to the States and cities to take action permitting them to do likewise.

Anti-Profiteering

1. No to increase prices and mark-ups.
2. No to raise wages.
3. No to cut working hours.
4. No to lower wages.

Appropriate Adjustments

(b) To wages and salaries to bring the wages of your employees to the guaranteed minimum rate.

(c) To wages and salaries of employees in your business to bring the wages of your employees up to the guaranteed minimum rate.
