The Leader will carry your
message to the people of
this community.

ESTABLISHED 1885.

FULTON, KY., FRIDAY AFTERNOON, AUGUST 25, 1933.

VOLUME XXXV.—NO. 224.

LAFFOON TAX BILL PASSES FIRST TEST BY 49 TO 41 VOTE

3 OPPONENTS OF PLAN JOIN GROUP FAVORING MAJO- RITY REPORT

Frankfort, Ky., Aug. 24.—(AP)—An effort in the House of the Legislature today to kill the emergency gross receipts tax measure for relief purposes was defeated. The bill came under fire immediately after a majority of Revenue and Taxation Committee No. 1 reported it with a recommendation that it be passed. Chairman Fred Beshear, Hopkins County, and five other members of the committee submitted the favorable report. Denny P. Smith, Christian County, who with Charles Sexton, Carter County, signed an unfavorable minority report, then brought on a parliamentary skirmish with a motion to substitute the minority for the majority report. If the motion had carried, the bill would have been killed.

Three representatives committed to vote against the bill on its merits, helped to defeat the motion. The vote was 49 to 41.

Bill Given First Reading.
The measure, designed to raise \$3,000,000 to supplement Federal relief funds of \$8,000,000, was given first reading and will come up for consideration on its merits Saturday or Monday.

A tactical victory was claimed for the Administration forces. Speakers for the Administration, however, will lose three of the representatives who voted against the bill today. More than fifty of the fifty-one emergency measures will have to be voted on in the future.

Lieut. Gov. A. B. Chandler, a leader of the group opposed to the gross receipts tax, interpreted the House vote as presaging "certain defeat" for the bill. He declared that if the bill "should be passed in the House, it will be defeated in the Senate."

Three Foes Oppose Killing Bill.
Floor Leader C. E. Evans, Simpson County, who announced he is against the gross receipts tax bill when it comes up for consideration on its merits, pleaded with the representatives to vote down the motion to substitute the adverse report. He said this should be done "in fairness to the Governor, the people and the members of the House."

Tyler Munford, Union County, and C. L. Hammons, Knox County, who likewise voted against the minority report today, also said they were committed to vote against the bill on its merits. Munford argued that debate should not be shut off by killing the bill on the motion to substitute. He asserted that the issue will not be settled until the Legislature definitely votes on the measure.

TUTOR HURT BY ARROW

Marfield, Ky., Aug. 24.—Will Samuels of Columbus, Ky., agrees he made a poor tutor on proper method of handling a bow and arrow. While teaching his grandson to shoot an arrow, Samuels' hand was injured. Infection followed and Samuels is in the Fuller-Gilliam Hospital here, and amputation of the hand may be necessary.

Only 80 per cent of the intended tobacco acreage was set in Daviess county, and most of the crop has only about 75 percent of a stand.

WEATHER

KENTUCKY AND TENNESSEE: Saturday probably showers. Little change in temperature.

THE LISTENING POST

THE AMERICAN LEGION met in regular session last night at the Log Cabin and conducted such business as came up for discussion at a brief business session. The date of the Barbecue for the members of the Legion and their families was changed from the 7th of September to the 14th on account of the Fulton County Fair.

THE FIVE-game series between O. K. Laundry and Swift Plant for first place in the second half of the Twilight League was played last night with O. K. winning the first game 9 to 5. One game will be played each evening except Saturday and Sunday until one of the clubs win three out of five. A big crowd attended the opening game of the series last night and the Manager and players are expecting a large crowd at each of the games. Come out and see the fight for the Champs of the Twilight League.

K. P. DALTON, proprietor of Dalton Cleaners, has announced that Charles Walker of this has been taken into the firm, and is now a partner with Mr. Dalton in the Dry Cleaning Establishment on Commercial Avenue. Both Dalton and Walker are efficient and experienced in this line of work. The firm will hereafter be known as Dalton & Walker Cleaners.

MISS ANN CULTON is attending the Utopia Club Camp at Earlington Lake, Earlington Kentucky. Mr. and Mrs. Fred Bondurant, George Kimes and Mary Bowers accompanied Miss Culton.

BELIEVE ME OR NOT Ripley says today that an eleven leaf clover was found by Mrs. Wm. Bauer in St. Louis. Maybe so, but who would want to find one with eleven when it is the fourth 6 legs. It can be just one more leg than a picture of a lamb taken by the Listening Post on a farm near South Fulton last year.

THE OFFICE of the Fulton County News has been moved from Walnut Street to Fourth Street Extension, in the building directly across the street from the Bob White Motor Company.

A SON was born to Mrs. J.W. Phillips in an automobile east of Mayfield yesterday after two motorists had picked up the hitchhiking Phillips family of five en route from Mayfield to their home in Charleston, Mo. Mother and son are resting well in the Mayfield hospital today and the father and three children continued their hitchhiking trip to Charleston.

WHERE ELEPHANTS go when they die is no concern of Dr. Page, county health officer of Houston, Texas. What to do with their bodies is his problem. "Come to South Houston and pick up a couple of elephants," a voice told him over the telephone. "Are they pink?" queried the doctor. "No, they're dead."

BEFORE THIS THING gets any worse The Leader must say that a slight error appeared in the report of the K. U. buying the electric franchise in this city. In some manner too many figures got into the story, and whereas the sum should have been \$525, it appeared in the article that the price was \$525,000. The Listening Post hastens to assure all interested parties that the sum was \$525 only. If the city had received the sum mentioned we could shut up our business houses and take a vacation, for Fulton would have plenty of money. Regrettably, this correction is made. The Listening Post sincerely wishes the published figure had been the correct one.

Eggs with strong shells stand shipping and hauling better than eggs with thin shells. Plenty of shell-forming material, such as limestone or oyster shell, should be kept before hens. They also should receive direct sunshine.

HOUSE APPROVES REPEAL BILL BY VOTE OF 79 TO 11

SENATE VOTES, 22 TO 12, TO RE- COMMIT ITS MEASURE AF- TER SHORT DEBATE

Frankfort, Ky., Aug. 24.—(AP)—A tide of repeal sentiment swept the Administration repeal bill through minor opposition in the House of Representatives today, but the measure struck a snag in the Senate and was sent back to the Rules Committee that reported favorably last Tuesday.

By a vote of 79 to 11 the House put its stamp of approval on the measure—an Administration proposal—after adopting a minor amendment. The Senate, however, decided the bill needed alteration and recommitted it, 22 to 12. Gov. Ruby Laffoon, in his message to the special session last week, urged passage of the bill "without amendment."

House Bill for 15 Delegates.
As approved by the House, the bill provides that fifteen delegates shall be elected November 7 from the State-at-large to attend a convention here December 11 to vote for or against repeal of the eighteenth Amendment. The House amendment provides that a slate of fifteen candidates be nominated on the same petition, which must be signed by a minimum of 1,000 voters. The original bill provided for individual nominating petitions for candidates.

Dr. A. L. Hill, Prestonsburg, sponsor of the bill, said leaders of both repeal and anti-repeal groups had suggested the amendment. The final vote, the House reported the bill, was 79 to 11. The bill provided for nomination of eighteen delegates from Congressional Districts with the election from the State-at-large.

Only a brief discussion preceded the House roll-call.

In the Senate however, the proposal went back to committee.

Senate Quits for Week-end.
Repeal was the only question before the Senate today before adjourning for the week-end. After listening to the House gross receipts tax arguments, the Senators, not out to a large start and Senator Robert Humphreys, Mayfield, moved that the repeal bill be made a committee order of business for next Tuesday. His motion prevailed, but later on motion of Senator Lewis Pease, Louisville, seconded by Senator C. T. McCormick, Sr., Logan County, sponsor of the measure, the bill was taken up for immediate action.

COOKE-BURROW

A wedding of unusual interest to people of this city was solemnized this morning at 9:30 o'clock when Miss Elizabeth Brown Cooke of this city became the bride of Robert W. Burrow, of Princeton, Kentucky. The ceremony was performed by the Rev. C. H. Warren, pastor of the First Baptist Church, at the home of the brides parents, on Cemetery Street.

Preceding the ceremony Mrs. L. E. Holladay of Dresden, Tenn., rendered the nuptial music, "I Love You Truly." And "All For You." Only the immediate families were present.

The bride wore a brown traveling ensemble with shoulder bouquet of sunburst roses.

Mrs. Burrow is the daughter of Mr. and Mrs. Chas. L. Cooke of this city, and a primary teacher at Terry-Norman School in East Fulton. Mr. Burrow is the son of Mr. and Mrs. Chas. Burrow of this city and is a valued employee of the Kentucky Utilities Company in Princeton, Ky.

Immediately after the ceremony Mr. and Mrs. Burrow left for Chicago.

Now is a good time to renew your subscription.

BETTER BUSINESS SHOWN BY FORD SALES GAINS

Steadily mounting business levels in the mid-south, as reflected in sales of the New Ford V-8 throughout the area, were verified yesterday by figures from the Ford Motor Company branch in Memphis, showing more cars sold in the first ten days of August than in any 10-day period in more than two years. From almost every part of the area, extending into six states covered by the Memphis Ford branch, came reports of continued better sales and steadily improving outlook for the near future, according to W. J. Williamson, local Ford dealer. City sales of Ford V-8's in Memphis, kept pace with those in other parts of the area, and the steadily improving outlook for the near future, according to W. J. Williamson, local Ford dealer. City sales of Ford V-8's in Memphis, kept pace with those in other parts of the area, and the steadily improving outlook for the near future, according to W. J. Williamson, local Ford dealer.

The consistently mounting sales records in the Memphis area follow on the heels of a big record that has been set for Ford since March in Wayne County, Michigan, in which the City of Detroit is located. The Michigan figures, just compiled, show Ford's lead in the field in July having sold nearly twice as many units as the second car, and more than the times as many as the third.

FUNERAL SERVICES TODAY

Funeral service for Miss Vivian Freeman age 20, of St. Louis, niece of Mrs. C. A. Wright of this city, who died in St. Louis Monday, was conducted at 2:30 this afternoon at the Fulton Undertaking Company. Rev. L. E. McCov, pastor of the Cumberland Church of this city conducting the service, and interment followed at Rock Springs Cemetery near Fulton.

The remains arrived in Fulton Wednesday and due to a sister traveling in Virginia and her whereabouts not being known, funeral arrangements were deferred until last night. Upon the arrival of her sister, Mrs. H. N. Oswald, at 11 o'clock, funeral arrangements were made.

The deceased was born June 13, 1913, at Melrose New Mexico and was an ardent member and church worker of the Kings Highway Presbyterian church of St. Louis. She was a teacher in the summer vacation bible school and had previously represented her church in American Youth Foundation Camp at Shelby, Michigan, as a personal request by Dr. Arnold H. Lowe pastor of her church. She became ill on Friday, Aug. 19th, at the home of her sister, Mrs. N. H. Oswald, with whom she made her home. She was a graduate of Soldan High School. Her parents died when she was a baby. She is survived by two sisters, Ruth Freeman and Mrs. H. N. Oswald, St. Louis, and 1 brother, Milner Freeman of California, who was unable to be present at the funeral. She is a niece of Mrs. C. A. Wright, Vester and Carl Freeman of this city.

Henry county 4-H club members are fitting 10 Jerseys to exhibit at the district 4-H club fair at Lexington, the Kentucky State Fair and the Henry County fair.

NURSE DROPS ALL CHARGES AGAINST TEXAS POLO STAR

WOMAN ALLEGING ATTACK SAYS SHE WANTS TO AVOID PUB- LICITY

Chicago, Aug. 23.—(AP)—Eugenia Rose, 23 years old, Evanston nurse who accused Cecil Smith, America's second ranking polo player, of a criminal assault, tonight announced she would not prosecute the case, scheduled for hearing Friday.

Authorities, notified of the decision, cancelled the \$5,000 bond posted by Smith and his friends. Smith left immediately for Long Island, N. Y.

Miss Rose said she dropped the case because she expected to marry soon and wished to avoid publicity. Smith was accused of attacking her as he took her home from a hospital where she had been assigned to care for a teammate injured during the East-West polo meet here.

Smith before departure commented: "I am pleased to learn that Miss Rose has dismissed her case. As I said at the outset, the claim was preposterous and I was ready to meet it in court at any time. Hereafter, I shall not be so generous in my offers to drive young ladies to their homes until I am confident they will appreciate the courtesy and not try to destroy my reputation as a gentleman and a sportsman."

CODE ADOPTED FOR PATCH TOBACCO WORKERS

"ACCO MEN OF WEST KEN- TUCKY, TENNESSEE MEET AT CLARKESVILLE

Clarksville, Tenn., Aug. 24.—A tobacco code was adopted late this afternoon by tobaccoists representing the entire Western and Eastern districts of the Black Patch meeting here today.

This code calls for fifty-five hours for clerical and office employees and the daily occupation may vary up to the hours a day in any twenty-four hours, to meet the requirements of the season's trend. The minimum pay would be \$14 a week. Packers, packers and cooper also are under a fifty-hour limit and are not supposed to work over ten hours in any twenty-four. The minimum wage for male employees would be 30 cents an hour and for female employees 20 cents an hour.

Firemen, "mikes" steamers, pressmen, hoedhead warehouse hands and basket packers would get a minimum wage of 25 cents an hour for male and 20 cents an hour for female employees. Pay for bulkers and receivers would be for male 20 cents an hour, and female 15 cents. Hangers, truckers, sweepers and roasters, 15 cents an hour. Emergency work overtime would be time and a third in pay.

Infirm, crippled or otherwise handicapped labor shall not be employed more than ten hours a day or fifty-five hours a week at a minimum wage of 20 per cent less than the minimum wage provided in the code above stated. Such labor must not exceed 10 per cent of total weekly employment.

The committee will reconvene tomorrow morning to discuss and attempt an adoption of provisions set out by the loose floor men to be added to the code.

Fifty-six Garrard county farmers sowed alfalfa this spring for the first time. One hundred and thirty thousand pounds of Korean lespedeza seed were sowed in the county.

WHAT'S GOING ON IN FULTON

Tonight

Second game in the 5-game series between Swift and O. K. at 7:30. Charlie Ruggles and Mary Roland in MAMA LOVES PAPA at Warner Theatre.

O. K. WINS FIRST GAME OF DECIDING SERIES

Swift dropped the first game of the series to O. K. 9 to 5 last night in a five-game series to determine the champs of the second half of the Twilight League here.

Valentine was first batter up and scored a home run for Swift. Bud Davis threw Joyner out at first and Stubblefield threw Speight out at first. Sullivan got on with a single. Gypinger popped up to Sullivan and ended the first round for Swift. O. K. scored 1 run in the first with no hits. The first man up got on base by error and Hall walked 3 men and scored 1 run for O. K. Swift failed to score in the second frame but when O. K. came to bat the first 5 men that forced Hall got on base with 3 hits and 2 errors. Lucas relieved Hall and Stubblefield was thrown out trying to steal home. Roberts struck out and then team scored in the third. O. K. knocked a home run with 2 men on base. Stubblefield was thrown out at second base. Davis and Olive struck out. Swift batted around in the 5th, but scored only 3 runs on 6 hits. O. K. scored 1 run in the 5th. Douglas scored a home run in the 6th, 11 hits, 10 strike outs, no walks.

Batteries for Swift: Hall and Lucas. Valentine for O. K. Roberts and Jones.

LINDBERGH HOP AGAIN

FAMOUS COUPLE LAND IN SHET- LAND ISLANDS

Berwick, Shetland Islands, Aug. 24.—(AP)—Colonel and Mrs. Charles A. Lindbergh, continuing their north Atlantic aerial mapping cruise, flew here today from Terra in the Faeroe Islands.

(A London dispatch said the Lindberghs were granted permission by the aviation ministry to fly to the Shetland Islands and then to Scotland and England. The Faeroes yesterday.)

Completing their trip from the Danish Islands to the north, the American couple taxied their seaplane into the harbor before finally mooring it.

The governor of Shetland and other prominent persons went out in a harbor master's launch to greet the Lindberghs. When the couple came ashore they were accorded a rousing reception.

The plane was refueled soon after the arrival but the Lindberghs planned to remain here overnight.

R. E. GOLDSBY TALKS TO LIONS CLUB TODAY

R. E. Goldsby was the speaker at today's session of the Lions Club, giving an interesting account of a recent month's trip he made to New York, Washington and other Eastern points. Mr. Goldsby interested the club members very much with his vivid description of places visited, and his talk was greatly enjoyed.

E. C. Hardesty of the Kentucky Utilities Company told the club some of the details of the new electric franchise which his company has just purchased from the city. He stated that the city council had secured the lowest rate on electricity that prevails at any community in this territory.

GAS AND ELECTRIC TAX MEASURE IS GIVEN HOUSE

HAMILTON BILL PROVIDES LEVY ON FUEL PRODUCTION, POW- ER DISTRIBUTION

Frankfort, Ky., Aug. 24.—(AP)—A bill was introduced in the House today by L. B. Hamilton, Franklin County, to tax gas production and electric current distribution in the State.

The Hamilton bill would levy a tax of one-half cent per thousand cubic feet on production of natural gas and a tax of one-fourth cent per kilowatt hour on electric current distribution.

The measure, which carries an emergency clause, would appropriate the revenue from the levy to the general revenue fund for unemployment relief.

The proposed act would be administered by the State Tax Commission, which would have power to draft regulation and enforce them. The tax commission would have power to examine records of utility companies.

Hamilton said the bill was designed to require producers of natural gas and electric current pay the tax rather than the consumers.

Besides passing the repeal submission bill, the House also passed without a dissenting vote the Administration bill to provide relief for motor vehicle owners by permitting them to take out 1933 license plates on a proportionate time basis. The only amendment attached to the bill was one eliminating a clause that would exempt 16-wheel trucks from the tax. The House eligible to be heard by the Legislature, regardless of whether they may have been on the Senate payroll.

Companion measures were offered in both houses to authorize election of the first six classes to acquire water works and sewerage systems and issue revenue bonds for that purpose.

Kelly J. Francis, Lincoln County, introduced a bill in the House to divert 2 cents of the State 5-cent gasoline tax for relief purposes.

TRAINING SCHOOL FOR CLOTHING LEADERS

Miss Mary Purcell, Extension Specialist in Clothing and Millinery, will conduct a training school for Clothing Leaders of Homemakers Clubs of Fulton-Hickman Counties on Wednesday, August 30 at 10 a. m. at the home of Mrs. Pauline Mayfield at Cave for a lesson on Millinery Renovation.

Ideas for clothing, remodeling new trimmings and making new hats, will be given at the training school. New style trends in hats and hat materials will also be discussed.

Leaders that are expected to attend are: Mrs. Pauline Mayfield, Mrs. Virginia Jones, Cave; Mrs. E. A. Carver, Mrs. H. D. Collier, McFadden; Mrs. J. R. Jeffries, Mrs. S. A. Waggoner, Crutchfield; Mrs. Guya Hale, Mrs. Charlie Clarke, Hickman; Mrs. Annie Kelly, Miss Alice, Sowell, Jordan, Mrs. Lee Page, Mrs. R. B. McKinnon, Mrs. Ethel Browder, Palestine; Mrs. H. W. Brazzell, Mrs. Tom Choate, Shiloh; Mrs. C. V. Haelet, Mrs. Ruben Griffey, Clinton; Mrs. Grover Wyatt, Mrs. M. E. Weatherford, Croft; Mrs. Henry Alexander, Oakton; and Miss Anna Culton, Home Demonstration Agent.

ELEANOR HOLM AND SINGER TO MARRY

Hollywood, Aug. 23.—Eleanor Holm, Olympic swimming champion and screen actress, will make a matrimonial plunge with Arthur L. Jarrett, Jr., 25 years old, a singer. They filed notice of intention to wed, but shyly told questioners they had not yet set the wedding date.

COMMENT

RUSSIA'S CHILD "CAVALRY"

The mobilization 100,000 boys and girls in Soviet Russia into what is termed "light cavalry" detachments forms an excellent basis for comparison between the Soviet ideal and the democratic ideal as it applies to future citizens.

In these organizations Russian children between the ages of 10 and 16 years are to be employed in protecting the grain crops against theft by reporting on the thieves and children from 6 to 10 years old are to be used to pick up stray grain lost by the reapers.

At a time when they should be in school preparing for useful and citizenship, these youngsters are to be herded in the fields to perform such drudgery as saving lost kernels of grain and to perform such questionable service as snitching.

The business of childhood, we in America believe, is play. The child who is driven to sustain his life by his own efforts is a child who is born to a life of suffering.

cal courts admit that the trend of legislation in all forms of government is toward higher taxes—but insist that these additional costs will be taken care of by new sources of revenue.

The potential tax on liquor is a good example of this. At this writing 20 states have ratified repeal, and none have turned it down. And at Washington and in two score state capitals, public men chirp gleefully to the effect that a liquor tax will produce millions in revenue, and make possible more bond issues, more governmental ventures into strange and attractive realms.

Apparently no one in public office has taken the trouble to point out that there is only so much money in the country. It can buy only so much—it can pay only so much in taxes. A new tax, whether on liquor or on anything else, doesn't create more national income. It simply takes its money from a different place—which leaves less money in another place.

Tax juggling has been the curse of modern governmental economy. It's the old dodge of spending out of the citizen's right-hand pocket instead of his left. For ten years

Prepare yourself for a good one and realize that the depression is over.

Remember the Rexall Stores are the originators of the One-Cent Sale. They always lead but never follow

EVANS-MCGEE, INC.

Where Your Dollar Does Full Duty

seemingly to be the young western star and ex-medical student usually holds forth at his Malibu Beach "shack," loafing, lazine, reparteeing from the exhausting labors and oftentimes physical injuries of each western thrill picture.

But there's no phone, and Malibu is 40 miles from Hollywood.

The Fox studio directory lists his address as the Hollywood Athletic Club. And did you ever try to locate someone in a club when he didn't care to be located?

He maintains an office and a secretary at the studio but the secretary never knows "when Mr. O'Brien left, where he went or when he's returning."

On the lot, O'Brien is generally going somewhere—and walking fast. He never loafs at the studio. He is always courteous, smiling and in a hurry.

The Backbone of Society

The family is the backbone of society... And its home is its castle.

The family! It's the source of training and education, the point of origin of every fine characteristic of modern society.

A man's home is the last stronghold he's willing to lose. He'll fight for it to the last ditch!

And that's what makes Fulton Building and Loan shares so impregnable! Ask us for details.

Fulton Building and Loan Association

214 MAIN ST. TELEPHONE NO. 37

we have listened to speeches on tax reduction and have permitted the national expense account to soar. And it's time we remembered a fact of the utmost simplicity—the only way lower taxes can be had is for government to spend less money.

THE MOTORISTS WHO TAKE CHANCES

You see them on streets and highways every day—motorists who take chances.

You see them turning corners at high speed. Or stealing another car's right of way. Or passing on hills and curves. Or driving on the wrong side of the road. Or cutting in and out of thick traffic. Or coming roaring into intersections and road junctions without looking to either side. Or operating at speeds which are obviously higher than are safe under driving conditions of the moment. And, every once in a while, you see such a motorist cause an accident. Perhaps there is little damage done. Or perhaps a life is lost and valuable property is needlessly destroyed.

The reckless motorist comprises ten per cent or less of the driving population. But he causes ninety per cent of the accidents. If the reckless drivers simply injured each other it wouldn't be particularly important to the rest of us. But they seldom do that—they maim and kill the careful, the competent, the prudent. And you never know who's going to be next.

This year about thirty thousand people are going to be killed because someone was careless, reckless, discourteous. No one of a thousand or of ten deaths is really due to an unavoidable accident—an occurrence which is almost as rare as the dodo. They can all be prevented. And they will be when there is a concerted public drive against those who make places of carnage out of public highways.

AT THE ORPHEUM THEATRE

Warner's Orpheum now showing Charlie Ruggie and Mary Boland in "Mama Lies Papa, selected shorts. Saturday only double feature, George (Papa) in Zane Grey's "Life in the Law," Monte Blue in "Officer 13" and "Hurricane Express."

BLUE EAGLE CAMPAIGN

IS STARTED BY N. R. A. COMMITTEE IN KENTUCKY

GROUP PLANNING TO ENROLL 70,000 EMPLOYERS IN STATE WHO HAVE NOT SIGNED AGREEMENT

Frankfort, Ky., Aug. 23.—(AP).—A campaign to place the Blue Eagle of the National Recovery Administration on approximately 70,000 Kentucky employers who have not yet obtained it was started today at a meeting here of the State N. R. A. Board and the Louisville District Board.

The campaign will be carried into every community in the State and every employer, regardless of the size of his business, will be asked to join in the recovery movement. Frederick A. Wallis, Paris, chairman of the State organization, announced after the meeting.

SWIFT AND O. K. TIED FOR FIRST PLACE AS CHAMPS OF TWILIGHT LEAGUE

K. U. lost their chance for first place when White Way defeated them 8 to 7 in the first game last night, and D. X. defeated Warner 12 to 10 in the second game. This was the deciding game in the Twilight League, and the Champions, Swift and O. K. will play off the tie in a 5-game series starting at 7:30 tomorrow night.

The first game was close all the way through. The White Way played the best game they have played in several games. The score at the end of the 6th inning was 7 to 6 for the K. U. but in the 7th White Way ran in 2 runs and K. U. failed to score in last half of the 7th, giving the game to White Way 8 to 7. Colley allowed 9 hits, struck out 2, walked 2, and Langston allowed 9 hits, struck out 3 and walked 2.

In the second game Warner led until the 5th when D. X. scored 5 runs on 3 hits, making the score 11 to 10 for D. X. Warner failed to score in the 6th or 7th, but D. X. ran in 1 run in the 6th, taking the game, 12 to 10.

It is believed the potato acreage will be the largest in the history of Boyd county.

THE OLD MILL WHEELS ARE TURNING

Perhaps it is just as well to look on the bright side. For every dark cloud has a silver lining. The darkness is rapidly disappearing, and the silver is returning to the surface, from where it has been hidden. And after we have passed over the rough places, we will be wiser and richer in experience.

As time rolls on people still live on. One of the necessities of life is bread. For twenty-five years Browder's Mill has been supplying the people of Fulton and the surrounding community with flour of the highest quality, striving at all times to supply the public with the very best flour that modern machinery and skilled millers can produce.

Hot Water Instantly at any Time You Want It

Put An Electric Water Heater In Your Home At Lowest Price

THERE is no greater convenience in the average household than an Electric Water Heater, supplying plentiful piping hot water at the turn of a faucet at any time desired.

You can now enjoy this great convenience in your home at a lower price than ever before—both for the heater and for electricity to operate it.

The size best suited to your family needs will be installed in your home for a few dollars down and easy monthly payments thereafter.

We now offer a very low special electric rate for water heating service—only 1 1/2-cent a kilowatt hour for "off-peak" operation.

Come to our store, see the display of heaters, and let us explain all details of operation and purchase.

Mr. and Mrs. L. H. Bowerman, Leonard Bowerman, Miss Ruth Freeman, Miss Myrtle Ross, Mr. and Mrs. T. N. Oswald and Mr. Whippo of St. Louis attended the funeral

of Vivian Freeman here today. Mrs. A. C. Hill of Memphis, Mr. and Mrs. McKnight of Jackson, Tenn., were guests of Mrs. Fannie Strang yesterday.

Miss Fannie Lee Nix has returned from a visit to her sister, Mrs. Clarence Terrill, at Chestnut Glade.

Social Notes

Miss Virginia Fleming delightfully entertained yesterday afternoon with an informal bridge party at her home. For the occasion a profusion of garden flowers were arranged in the living room. Five tables of guests were present, and prizes were awarded at the close of the games, including a compact to high scorer, won by Jane Grimes, and a box of bath powders for low score which was won by Sarah Helen Williams.

In the latter part of the afternoon a salad course was served. Out-of-town guests were Jane Grimes of Memphis and Ruth Nell of Clinton.

Assembly Gets 2 REPEAL BILLS

Frankfort, Ky., Aug. 22.—(AP)—Two divergent bills providing for a Kentucky vote on the repeal question were submitted today to the special session of the General Assembly by House and Senate committees.

The Senate Rules Committee reported favorably and without amendment the Administration bill which Gov. Ruby Laffoon asked the Legislature to pass "without amendment." It would provide for election of fifteen delegates from the State-at-large November 7 to attend a repeal convention here December 11. The candidates for delegates would be nominated by

petition. A similar bill, but with an amendment, was reported by the House Constitutional Amendments Committee. It was the same bill at first that the Senate committee considered, but the House group added an amendment that would provide for election of eighteen delegates instead of fifteen, two to be nominated from each of the nine Congressional districts.

Senator C. T. McCormick, Sr., Logan County, sponsor of the repeal bill in the Senate, said he would oppose the House amendment if that branch passes the amended measure. He said Governor Laffoon was against any amendments.

Aside from the repeal bill action, neither house transacted any business of outstanding import.

Senate Delays Banking Bill

The Senate refused to consider finally the Administration bank relief bill, postponing action until 11:30 o'clock Thursday morning on motion of Senator O. M. Rogers, Kenton County. Senator Gates F. Young, Owensboro, sponsor of the bill, pressed for immediate action.

Number 4 in a campaign of TRUTH as 300,000 Plymouth owners KNOW IT!

Hydraulic Brakes Cost More

all engineers know they are BETTER

IN THE LAST TEN YEARS there have been built over one million cars and taxicabs with Hydraulic Brakes. They are the simplest and most effective type of brakes used for automobiles. They are the safest.

It is common knowledge among engineers that mechanical brakes, with all of the mechanical units involved, do not lend themselves to permanent adjustment. And it is poor equalization of brakes at the four wheels more than any other one mechanical factor which causes accidents. Plymouth Hydraulic Brakes are self-equalizing, quick and positive.

Hydraulic brakes cost more to put on a car, but they save money for the owner in upkeep. They require the least imaginable attention. They give longer life to the brake facings and tires.

Get these modern brakes on the next car you buy. You will prefer them to any other. Plymouth is the ONLY LOW PRICE CAR that is equipped with Hydraulic Brakes.

FIND OUT! There are many exclusive features which make Plymouth the greatest value in low priced cars. It's a big story. An advertisement can't give it to you. It's worth investigating personally. Call us for a demonstration.

With the motor in this big Dodge Six running, expert rifleman makes perfect score on a target 100 yards distant—so smoothly does the engine run with Patented Floating Power. Target at right shows where bullets struck. Score attested to by Army officers and rifle club officials affiliated with the National Rifle Association of America.

EXPERTS SAY FLOATING POWER IN BIG DODGE SIX GIVES EXTRA SMOOTHNESS-PLUS ECONOMY

It's Floating Power that makes the big, new Dodge Six so extra smooth.

With Floating Power, engine vibrations haven't a chance to reach the body of the car... to jolt and "jitter." They are smothered—absorbed—the minute they start, by Floating Power engine mountings. You ride with more smoothness

and comfort in the new Dodge Six... there's less strain on your nerves... you can ride longer distances and suffer less fatigue.

But Floating Power also saves wear-and-tear on the car itself! Harmful vibration can't shake and jar the body, and rattle parts. Patented Floating Power is one of the decided economy features in the new Dodge Six—prolonging

the life of the car, cutting down repair bills.

Try a Floating Power ride in this new Dodge Six for yourself! See the amazing difference. Be sure to ask your dealer for a "Show-Down" score card. Compare Dodge with other cars on a "Show-Down" basis... see the many ways the new Dodge Six can save you dollars—actual cash!
