## McDade and Holman Out for Mayor

Of South Fulton—Sewerage  
Bonds the Main Issue

The political pot in South Fulton, Tenn., is beginning to boil and on election day, Tuesday, December 1, everything will be thoroughly cooked. The main issue involved seems to be over the \$40,000 contested sewerage bond issue voted some months ago, with Sam Holman, heading the ticket for Mayor on the opposing side, and S. A. McDade, heading the ticket favoring the bond issue.

It will be remembered that the bond issue carried by only two votes majority. For many years the vote in South Fulton has been close. In the Mayor's race six years ago when S. A. McDade and W. T. Lockridge ran for the office, the result was a tie vote. Another election was held in three or four weeks afterwards and a tie vote resulted again, notwithstanding the fact that more votes were cast in the last election.

C. E. Hutchens, who has graced the Mayor's chair for more than 7 years, was first appointed to succeed the unexpired term of W. W. Morris, resigned. In the two last elections, Mr. Hutchens was opposed by Mr. McDade. Before taking the mayor's seat, Mr. Hutchens had served as Alderman two and one-half years and was well acquainted with city affairs of South Fulton. He has made the people a faithful and loyal public official and has had good men associated with him. During his administration, a \$20,000 school building was erected and \$10,000 of school bonds retired, and the city is now in good financial condition. He was urged to make the race for mayor again, but feels that his ten years' service is enough for one citizen. We will add too, that South Fulton has an excellent official in Chief of Police Hamlett. Of course, South Fulton city officials have made some mistakes, but show us a city large or small where mistakes have not been made.

## CONCERT GREATLY ENJOYED

The Band Concert and old-time fiddlers' contest given Tuesday night at the Orpheum Theatre under the management of Bandmaster Sebra Evans, was a decided success and the entertainment was enthusiastically received by a capacity house.

The band gave a number of splendid selections, the program being interspersed with instrumental solos, duets and novelty performances by various artists of unusual talent.

Some four or five old-time fiddlers took part in the contest, including the noted violinist Mr. (Blind Joe) Mangrum, to whom the prize of the contest was awarded.

The concert throughout was very much enjoyed by the audience as was evidenced by numerous and continuous applause and encores.

The leader and members of the Fulton Band are to be congratulated on their splendid progress, and merit the support of the people of Fulton.

## BIG HEARTED PEOPLE IN FULTON

Fulton may not have any "associated charities," but it certainly does have a lot of big hearted people who are ever ready to respond to the call of the afflicted.

Attention was called to the notice of Dr. Boyd of a case of illness and want in the immediate vicinity of Trinity church, the other night, and he and Mrs. Boyd attended at once. Dr. Boyd mentioned the case to several members of the Mowhawk club, and immediate wants were provided for, by these members.

Then the Trinity church school members were appealed to for aid, and later the subject of another member of the family, afflicted with the white plague, was taken up by Rev. Warren, as the family belongs to the Baptist church, and efforts are being made to have the patient taken to the Baptist hospital in Memphis.

Last Monday a member of the Christian church heard of the case and immediately called to offer assistance in providing clothing needed by the smaller child.

One individual, on being informed of the case, reached into his pocket and handed his informant a ten dollar bill to be expended as most needed.

While writing on this theme, it might be well to say that the statement has been made by one minister of the gospel that there are about twenty cases of destitution in Fulton at the present, and it is reported that the county funds are all exhausted, so that it will be necessary for private funds to be provided for the care of these cases.

Possibly with these cases in view, the abandoned efforts to rehabilitate the Associated Charities, might meet with a more kindly hearing if those in charge of the movement made another effort to obtain funds.

It is the understanding of the writer that a fair amount had been collected when the movement was started last summer, but not sufficient to insure the fulfillment of the aims sought for.

Judging from the prompt response to the above case, it would seem that if another effort were made that the public would respond to a sufficient extent to make the movement a success this time.

## Farmers Marketing Their Corn Crop

Thousands of Bushels Delivered  
To Browder Milling Company Past Week

Farmers find a live market for their corn in Fulton. Thousands of bushels were brought to town during the past week, which was purchased by the Browder Milling Company at the highest market prices for spot cash. Some was in good condition and fine quality, while many loads were not so good. This has been a trying season for gathering corn, and we learn that some are making a big mistake by mixing the good with the bad when bringing it to market, not realizing that the entire load is often times judged by the bad and not the good.

Few people seem to realize what the Browder Milling Company means to Fulton. Thousands and thousands of dollars are circulated in business channels here, coming directly from this institution. They are not only circulators of cash but creators by bringing it in from other states—Mississippi, Tennessee, Arkansas, and all directions.

The Browder Brothers are appreciative of the wide reputation gained for their products and nothing has been left in store to make their brands of flour reach the highest standard of perfection. The best of wheat, the best mill equipment and expert millers are all employed in the manufacture of products by this milling company.

## FATHER AND SON BANQUET

And now Father and Sons Week has added another activity to the regular schedule of the First Baptist church. Thursday evening, in the basement of the church a banquet honoring the fathers and sons of the church was the first social affair planned for the sons. The dinner was well attended by the boys and their fathers. The tables were very attractive with chrysanthemums in varied colors and Thanksgiving ideas prevailed. Rev. C. H. Warren served as toastmaster and made an instructive talk on the meaning and possibilities of the father and son movement.

A brief review of the Brotherhood and its purposes was given by the president, W. E. Flippo.

Toasts were given to the lads and to the dads, to the guests, and last, but not least, to the cooks. Miss Mamie Bennett gave two charming flute solos and Miss Mozelle Hill, in a very pleasing manner, gave two vocal solos and Miss Annie Lucille Goldsby sang two lovely numbers. Miss Huddleston was the efficient accompanist of the evening.

"Twenty burrs that stick" was a pleasing feature of the program. A most delicious three course dinner was served by the following ladies: Mesdames R. B. Allen, J. S. Willingham, W. E. Flippo and R. I. Moss.

How is This for a Tunnel?

Camp No. 1, Nelson & Company, Near Town

Camp No. 1 of Nelson & Company has moved near Enon church and although they had the misfortune to have their large shovel damaged by fire a few weeks ago, it is reported that they will have it in working order again, probably by the time we go to press.

The work on the new line is progressing rapidly, and it is thought before many months, the road bed will be ready in many places for the final ballasting, and perhaps the laying of permanent rail.

Although those concerned will not estimate when this will be, it is stated that the work is progressing as rapidly as could be expected in view of the unfavorable weather conditions which have prevailed this fall, which has to a great extent, handicapped the excavation.

## ED BENNETT PASSES AWAY

It was just after the rosy fingers of the orb of day tinted the eastern sky with a sheen of glory, Saturday morning, Nov. 14, the death angel entered the home of Ed Bennett, near Water Valley, and carried his spirit to its heavenly home. The sad news of Mr. Bennett's death cast a shadow of gloom over the whole community where he was so well known and highly esteemed by everyone.

At the time of his death, he was 68 years of age, and was reared near Water Valley. Death was due to stomach trouble.

At an early age he united with the Methodist church and lived a consistent Christian life until the end.

His cheerful, helpful life, his devotion to his wife and family and kindness to everybody will long linger as a fragrant memory in the home which his presence brightened and which death has now darkened. In his heart of hearts he carried those he loved, and his hand was never weary, his step never failing in accommodating a friend. He believed that the man who scattered flowers in the pathway of his fellowmen, who lets in the dark places of life the sunshine of human sympathy and human happiness, is following in the footsteps of his Master.

The funeral services were held at the Methodist church in Water Valley, Sunday afternoon, conducted by the Rev. R. H. Pigue, who paid a beautiful tribute to the memory of the deceased. The casket was covered with the most beautiful floral designs, all of which spoke of peace, purity and immortality. The music was soft and sweet. At the close of the service an unusual long procession followed the pallbearers with the sleeper to the silent city. May God's purest angels guard his slumbers.

Besides a devoted wife, he leaves one daughter, Mrs. Doc Nanne, and five sons, Hunter Boone, Herschel, Ethel and Jonah. Also two sisters, Mrs. John E. Latta, of near Water Valley; Mrs. Nannie Stokes, of Clovis, New Mexico; six brothers, Ben Bennett, of Water Valley; Charlie Bennett, of Dallas, Texas; Sam, Joe, Guy and Boyd Bennett, of Fulton.

## Rev. Sowell Appreciates The Advertiser

University Station,  
Enid, Oklahoma,  
Nov. 12, 1925.

Mr. R. S. Williams,

Fulton, Ky.

Dear Mr. Williams:

I want to tell you how much I appreciate the Fulton Advertiser each week. You can't imagine the pleasure Mrs. Sowell and I have, reading the news from a town that we love. We wait for the arrival as we would an old friend that we had not seen in many years.

Our lives are being lived at a rapid speed here in Oklahoma. We are both in the university, trying to better equip ourselves for the task ahead of us. Still, we like to pause amid the rush and think of friends who have cheered us along the way. It was a rare opportunity we had in living in the very best town in that part of the country. We appreciate our friends and loved ones there, and the memory of the toil to help make Fulton a better town, will always be a great blessing. I trust that the Master's will may permit me to visit Kentucky in the near future, so that I may say, howdy, to everybody and fill my cup of life with renewed friendships.

I appreciate your personal kindness to me, you always seemed so eager to assist me in any way you could, in putting over a program for the church. I am sure your paper is helping to make Fulton a better town, it even helps me to be a better man. There are a lot of things I might tell you about our university and the country around, but time forces me to close, so I will enclose one dollar for another year's subscription to The Advertiser.

Yours most sincerely,  
O. J. SOWELL.

## LADY SHERIFF MAKES HER FIRST ARREST

Picks Up Young Man on Train  
Wanted on Petit Larceny Charge

Mrs. J. O. West, Kentucky's only lady sheriff, made her first arrest Saturday. She was notified from the lower end of the county that a young man who was aboard of a certain train, was wanted on charge of purloining a pair of shoes. Mrs. West met the train and promptly located and placed the youth under arrest.

It required a bit of tangible evidence to convince the boy that there was such a thing as a lady sheriff in the world. He put up the required cash bond and was allowed to proceed on his journey.

Mrs. West, we might add, is serving the unexpired term of her husband and is conducting the office in a painstaking and satisfactory manner.—Hickman Courier.

## WE THANK YOU

The editor of The Fulton Advertiser is very grateful for the nice lists of subscriptions sent in from the rural districts. We realize that weather conditions prevented you from calling at the office in person, therefore your subscriptions are all the more appreciated. We are delighted to know you like the paper and we are exerting every effort to get a good representative in every community to furnish us with news to make the paper more interesting. It has largely been through your efforts that our subscription list has continued to grow, and we extend you an invitation to call at our office so we may thank you in person for your valuable assistance in making The Advertiser what it is today.

**THE JOHN DEERE WAGON**  
The Wagon That is Guaranteed

A special machine automatic-

skirt of the John Deere farm  
wagon and shapes the axle to  
fit accurately. The skirt is  
set in red lead under high pres-  
sure. It has exactly the right  
pitch, and the axle has the  
right gather to make the John  
Deere wagon run lighter than  
other wagons. With the John  
Deere sand- and dust-proof  
skins there is no wearing of  
bearing surfaces—the oil stays  
in—the wagon is always  
smooth-running and light-pull-  
ing.  
Only carefully-selected oak  
and hickory are used in the

John Deere Wagon, and every  
piece of wood is air-seasoned  
under cover in our own yards  
for at least two years. The  
tires are set hot under hydro-  
lic pressure and under a gauge  
that assures proper dish—the  
load is always carried on plumb  
spokes.  
And don't forget this other  
big feature—the heavy mal-  
leable fifth-wheel with cor-  
rugated coupling—no bending

**SCHOOL BOND ISSUE  
DECLARED ILLEGAL**

Court of Appeals Declared Void  
Bond Issue for School  
Purposes.

Frankfort, Ky.—The Court of Ap-  
peals declared void an Ashland \$200,-  
000 bond issue for school purposes.  
Issuance of the bonds had been voted  
in November, 1921, by vote of 4,748 to  
784.

Petition of R. D. Clere, Ashland  
citizen, against the Ashland Board of  
Education, to enjoin the issue, was  
granted in a reversal of Boyd Circuit  
Court judgment.

Taxable value of Ashland's prop-  
erty in 1923 assessment was \$29,355,232.  
The higher court held the issue ex-  
ceeded the limit fixed by State statute  
providing a two per cent maximum  
issue of the total value to taxable  
property of the city to be estimated  
by the assessment next before the last  
assessment previous to the incurring  
of the indebtedness.

Ashland, with a total bonded in-  
debtedness for all purposes of \$1,-  
502,000, has outstanding bonds for  
school purposes aggregating \$465,-  
000.

Judge Clay wrote:  
"In view of the inadequacy of the  
school facilities of Ashland, we re-  
gret this conclusion, but the consti-  
tution and statute are plain and the  
legislature alone has power to relieve  
the situation."

The issue of the \$200,000 in school  
bonds was the one which was voted  
upon in the city election one year  
ago. The money was to have been  
used for the extension of schools and  
the improvement of existing build-  
ings.

At the time of the issue the illu-  
mination of the two percent clause was  
realized but it was hoped that the  
statute would be declared unconstitu-  
tional and the sale of the bonds per-  
mitted. After the bonds were voted  
the issue remained unsold due to the  
unwillingness of bond buyers to han-  
dle them when a legal question as to  
their validity was in doubt.

Ashland schools' bonded indebted-  
ness is, at present, within \$24,000 of  
the maximum, allowing a bond issue  
only of that amount, a sum too small  
to be helpful. John W. Woods, pres-  
ident of the Board of Education, stated  
that the question would now go before  
the legislature and it was hoped that  
relief would be granted by an amend-  
ment to the constitution.

**POLICE ARREST THREE  
IN ARSENAL ROBBERY**

Eight Stolen Revolvers Recovered  
By The Police Follow-  
ing A Tip

Lexington, Ky.—The mystery sur-  
rounding the looting of the Kentucky  
State Arsenal at Frankfort the night  
of October 23, when thirty Government  
issue revolvers and automatic pistols  
as well as half a dozen army rifles  
were stolen, is thought to be solved  
with the arrest here of a former con-  
vict and two alleged accomplices.

Collins McCloud Greime, 23 years  
old, Ludlow, former inmate of the  
State Reformatory, and also the Ken-  
tucky House of Reform at Greendale  
believed to be the ring leader of the  
gang, is charged with housebreaking.  
The other men, registered as Robert  
Mize, 27, Ludlow, and Dan Trout, 21,  
of Driscoll Street, Lexington, are held  
on loitering charges until they can be  
connected definitely with the crime.  
All three deny any knowledge of the  
robbery.

Police here were notified of the rob-  
bery soon after it took place and a  
watch was kept for the pistols. De-  
tectives Joe Harrigan, Ed Wiseman  
and Howard Wills made a trip to a  
house in Davis Bottoms where they  
discovered the men for whom they  
had been searching.

According to these detectives, they  
found one of the stolen revolvers on  
Greime. They also located seven other  
of the stolen revolvers among men  
whom they believe bought them from  
the thieves. The detectives suspected  
the men arrested when they received  
a tip that they had been attempting  
to sell the stolen arms here.

It is believed by police here that  
the men gained entrance to the ar-  
senal with a skeleton or special key,  
filled a suitcase and sack with the  
arms and caught a freight train.

Greime is suspected by police here  
of having taken part in at least one  
safe blowing here recently.

The three suspects are being held  
for Federal authorities as the prop-  
erty stolen was owned by the National  
Guard.

Greime, or Grimes, a native of Oak-  
land, Calif., and a machinist by trade,  
was sent to the penitentiary to serve  
two years for breaking into a railroad  
box car, May 2, 1923. He was received  
from Boyle County. He also was an  
inmate of the Kentucky House of  
Reform at Greendale where he was  
sent from Carroll County, in 1917 but  
escaped in 1920.

Mr. Chinn remained conscious several

### Lesson for November 22

#### PAUL BEFORE FELIX

LESSON TEXT—Acts 24:1-27. GOLDEN TEXT—"Herein do I exercise myself, to have always a conscience void of offense toward God, and toward men."—Acts 24:16. PRIMARY TOPIC—Why Paul Was Not Afraid.

JUNIOR TOPIC—Paul Before Felix. INTERMEDIATE AND SENIOR TOPIC—Paul Before Felix: A Contrast. YOUNG PEOPLE AND ADULT TOPIC—How to Have a Good Conscience.

#### I. Paul Accused (vv. 1-9).

Paul was now in the hands of Felix who determined to hear his case after his accusers had come from Jerusalem. Ananias, the high priest, and elders came with Tertullus, perhaps a Roman barrister, who formally made the accusation according to Roman law. He began with flattery. He gave Felix the fullest praise when he and all the people knew that he lied, for Felix was one of the worst governors, destitute of morals and justice. He brought a four-fold charge against Paul.

1. "A Pestilent Fellow" (v. 5). This would indicate a fellow utterly base and corrupt—a plague.

2. An Inciter of Rebellion, a Mover of Sedition (v. 5). This they hoped would bring him in to conflict with the Roman power.

3. That He Was the Ring-leader of a Sect—a Schismatical Party—a Heretic (v. 5).

This was designed to throw contempt and suspicion upon the Christians, by this means to bring Paul into deeper trouble.

4. That He Had Profaned the Temple (v. 6).

In this charge we see the wickedness again, they wilfully suppressed facts.

II. Paul's Defense (vv. 10-21).

This is a splendid example of the strength and dignity of a man whose life is controlled by a noble purpose, and who has nothing to conceal, and will not distort or suppress facts.

1. Paul's Frankness and Courtesy (v. 10).

Flattery is entirely wanting. He gave recognition of the fact that Felix had been ruler of this people long enough to be able to judge justly, as the habits and ways of the Jews were familiar to him; he then in a dignified manner assumes that Felix will render a just decision based on the facts of the case.

2. The Charge of Sedition Denied (vv. 11-12).

He flatly and scornfully denied this charge, showing its utter falsity since the time was too short, it being but twelve days since he went to Jerusalem, and half of that time had been spent as a prisoner of the Romans.

3. The Charge of Heresy (vv. 14-16).

This he met by a concession and a denial. He admitted that he was of this "way" which they called heresy, but denied that Christians were schismatics. He showed clearly that his actions were in keeping with the Hebrew religion.

(1) He worshiped the same God (v. 14).

(2) He fully believed in the same Scriptures (v. 14).

(3) He had the same hope of a coming resurrection of the dead (v. 15).

He declared that he had as the principle of life a conscience void of offense before God and man.

(4) The Charge of Sacrilege or Profanation of the Temple (vv. 17-21).

This charge he refuted by showing:

(1) That he had come all the way from Greece (v. 17), to worship at the feast.

(2) That he did not come up empty-handed but had brought alms for his nation (v. 17).

(3) That there were not competent witnesses present to testify of his behavior in the temple (v. 19).

(4) By challenging his enemies to testify as to his conduct in the council (v. 20).

111. Felix Trembles Before Paul (vv. 22-27).

This is a sort of a sequel to the trial. Wicked as Felix was, Paul's manner somehow won his favor, though he did not release him. His sentence was indulgent imprisonment, which kept him free from his enemies while under Roman protection. Felix sent for Paul that he might hear of Christ from him. Paul behaved himself aright before these sinners in high life. He reasoned of righteousness, self-control and of judgment to come, before Felix and his sinful wife with such power that Felix was terrified, and declared that he would hear Paul further at a convenient time. This was a most timely excuse for not changing his life and granting justice to Paul.

**Fulton Advertiser**

R. S. WILLIAMS  
Editor and Publisher  
Published Weekly at 446 Lake St.

Subscription \$1.00 per year

Entered as second class matter Nov. 25, 1924, at the Post Office at Fulton, Kentucky, under the Act of March 3, 1879.

**ONE YEAR OLD TODAY**

With this issue of The Advertiser, we close our first year's work, and the next issue will start with volume two. The Advertiser is all the name implies. During the year, we have endeavored to tell the people what we had in Fulton and the field has not been fully covered yet. Within the next year we hope to see many new developments and we need not be surprised if some of them are of a gigantic nature. While we have not obtained many industrial plants, a number of beautiful dwellings were built, probably more than in any one year—some of the most handsome in the city.

When we started the publication of The Advertiser, little did we dream of the glowing success which has awarded our efforts, and just here we wish to thank our many friends for their encouragement, with dollars and words, and especially the liberal support of our business firms in the way of advertising and printing. It was our first ambition to issue an eight page paper, but when the first issue was completed, the pages numbered 24. Of this issue, 2,500 copies were distributed with telling results.

**RESPONSIBILITY**

"Who is responsible?" When anything goes wrong or is neglected, this is generally the first question asked.

It never occurs to the questioner that it may be he or she who is responsible—that responsibility may be traced to his or her own doorstep.

It may not be a direct responsibility. The causes leading up to the trouble by due to neglect, which is often more dangerous than positive acts.

Those who ask this common question never search their own deeds or misdeeds, or even negligence. They never realize that they may be responsible because they failed to warn in advance against the danger that lay ahead.

A citizen's duty does not end with the election of public officials. Having elected them, it is incumbent upon all who are interested in the welfare of the community and its people to consult, advise and cooperate with them, to the end that they may have all the information possible as a basis for their public acts.

We may expect children to cry over spilled milk, but never people who have reached

mature years. If the warning is seen and not acted on, then there is nothing to do except take the medicine in whatever size doses the directions say.

**SENSE AND SENTIMENT**

In all sense is some sentiment, however, that is full of common sense—the sentiment that prompts people to make others happy at Christmas.

We make our friends and loved ones happy with gifts both large and small, costly and inexpensive. We endeavor to find that which will make them the happiest and in doing so we go shopping.

The wise shoppers are the shoppers who make an early start. They don't wait until the choice Christmas goods have been picked over. They begin weeks before Christmas to select the things they plan to give.

And the wise shoppers do another thing. They consult the advertisements before they go shopping. They know the advertisements will save them valuable time by pointing out to them the things they want to buy.

**IF SHE SHOULD COUGH**

A yard of silk, a yard of lace; A wisp of tulle to give it grace; A flower placed where flowers go.

The skirt knee-high, The back waist low; One shoulder strap, no sign of sleeve.

If she should cough, Good Morning, Eve!

**"SMILIN' THRU"**

Last Friday evening, November 13, Miss Maurine Taylor, one of Fulton's most popular young ladies, rendered a recital of "Smilin' Thru," at the High School auditorium, under the auspices of the United Daughters of the Confederacy.

Miss Taylor held her audience breathless to the end. Fulton's appreciation of Miss Taylor was attested by a packed house.

Mrs. G. L. Major, president of the U. D. C. chapter, made an interesting talk, explaining the purpose of the recital. In her talk she gave many bits of interesting history.

Mrs. J. M. Culver and Miss Mozelle Hill each delightfully entertained the audience with vocal solos. Mrs. Gus Bard rendered a piano solo. The Boy Scout band furnished music for the evening.

The Fulton Chapter, United Daughters of the Confederacy, working with the Mayfield chapter, are raising funds with which to place a foundation under the old soldiers' monument at Camp Beaugard, near Water Valley.

Mrs. David Galtney of Corinth, Miss., has arrived to spend Thanksgiving holidays with her mother, Mrs. Hattie Fields, on Eddings street.

**Facts Worth Knowing.**

In answering the third question in the recent contest of the Kentucky Light & Power company—How many ways can electricity be used in the home so as to lessen the amount of work done by the housewife? Mrs. Neal H. Sisk, one of the prize winners, answered with the following:

Monday, a **Washer** we will use, Tuesday's **Ironing** no longer does abuse.

Wednesday for breakfast on our **Grill**;

Thursday, for **Sewing** with a thrill,

Friday we "Electric Curl" and play;

Saturday we bake and clean—

Of course, all "Electrically."

All ready for the Sabbath Rested, for you see

The heavy work all through the week

Was done by "Kentucky Utility."

Every day in summer

The **Fan** is our delight;

In winter time the **Heater**

makes

The cold, cold days more bright.

The whole year around, the **Electric Stove**

Delights the housewife's heart,

For all she needs is to turn the switch

To make the cooking start.

Day in, day out, on every hand

Electricity will do our work

For otherwise, all tired and worn,

We'd be inclined to shirk.

## Railroad News

(Continued from page 1)

question why a locomotive is called "she" answered her as follows:

"The reason a locomotive is called 'she' is that they wear jackets with yokes, pins, hangers, straps and stays. They have aprons, also a lap. They not only have shoes, but have pumps and hose, and draw trains behind them, as women did formerly. They also have ears, engine-eers. They are more quiet at times than at others. They surmount great obstacles, but sometimes jump the track at the slightest thing. Last, but not least, they can run any man down if he doesn't get out of the way."

## Record Football Traffic on

## Illinois Central

A total of 10,970 passengers were carried into Champaign, Ill., on October 23 and 24, by the Illinois Central for the Illinois-Michigan football game, and 11,313 were carried out on October 24, 25, and 26. On October 23 and 24, 9,944 persons traveled to Champaign from Chicago on 10 regular trains and 22 special trains. The I. C. should be a good football booster.

## Save Fuel

In a statement issued by the Bureau of Statistics of the Interstate Commerce Commission, Class I railroads saved over \$23,000,000 on their fuel bill during the first eight months of this year, compared with first eight months last year.

## Heavy Travel on the Floridan

The passenger traffic on the Illinois Central over this section of the railroad is the heaviest it has been in several years. Since the inauguration of The Floridan, the I. C. crack train from Chicago to Florida, this train has handled 2,020 passengers. The Floridan was only inaugurated November 1, and has handled these passengers in 15 days of its operation. Should the business on this one train continue during the winter months as it has in the first 15 days, you can estimate the number of passengers to be handled to and from the playgrounds in Florida; and it is now anticipated that this traffic will greatly increase before the winter is over. The matter of making preparations to operate this train in two sections we understand, is under consideration. This would make four fast passenger trains daily between Chicago and Florida—namely: two sections of The Seminole (which are now being operated daily) and two sections of The Floridan.

A letter written in Russian accompanied the draft and may explain why the money was not delivered but no one here has been found who knows what the letter says.

Princeton—Urey Clift, crazed over seas veteran, peppered passing automobiles with bird shot, because he said they were trying to gas him and his sister.

Louisville—Stricken with an attack of appendicitis while standing on a narrow ledge high above the wharf of noonday traffic, Allen Kelly, a window washer, faced death. Gripping the window tighter, he grinded his teeth and bore the piercing pain until a companion had edged from another window and lifted him to safety.

## EARLY EVACUATION OF COLOGNE SEEN

COLOGNE ZONE WILL BE EVACUATED ABOUT DECEMBER FIRST

### GERMAN NOTE SATISFACTORY

Prevailing Idea Is That Germany Proposes To Bring About General Disarmament

Paris—The Cologne zone will be evacuated December 1, it is taken for granted in official circles, the German note on disarmament having been found satisfactory to the point that no further obstacles are anticipated.

That Germany proposes to bring about general disarmament and to make an endeavor to come into full accord with the Locarno pact is the prevailing idea obtaining here growing out of the reply to the council of ambassadors handed by Ambassador von Hoesch to Aristide Briand.

Among the features of the German note detailing what Germany expects to do in the premises are assurances that the authority of the commander of the Reichswehr will be curtailed; that military training in athletic organizations will be suppressed, that the police effectiveness above the maximum of 150,000 men will be demilitarized, that all weapons considered by the Versailles treaty as illegal will be confiscated and that 22 pieces of heavy artillery will be destroyed.

Favorable comment has been heard on the utterances of Chancellor Luther in an address before the merchants and industrialists' association in Berlin, particularly his statement that the Locarno agreement incorporated the desire of the German people for peace. The agreement, he declared, gave Germany a chance to participate in vital international questions. That the time for such participation had come had been demonstrated by the statements of the British, French and Belgian statesmen, both at Locarno and subsequently, he said.

### Seaboard Plans To Buy Common Stock

New York—The Seaboard Air Line plans to buy the Tampa and Jacksonville Railway company. An agreement has been reached with the bondholders' committee of the Tampa and Jacksonville, providing that should the bondholders bid in the property whenever its sale is ordered by the court, a new corporation would be formed, and the common stock taken over by the Seaboard at a price to be determined later.

### Boy And Girl Killed; 35 Are Injured

Cincinnati—Two high school students killed and 35 injured, eight seriously, were the results of an accident here when an automobile truck loaded with school children, plunged down a 50-foot embankment, rolled to the bottom and crashed into a retaining wall. All were residents of Harrison, Ohio, and were going to witness a soccer football game between their school and Reading high school.

### Governor Probes Action Of Attorney

Austin, Texas—Authority of the attorney general of Texas to file suit against the American Road company without request from the state highway department, has been questioned by Gov. Miriam A. Ferguson. In a letter to Chairman Frank V. Latham of the highway commission, she instructed him to take every step toward contesting such right of the attorney general.

### 10 Persons Die, 40 Injured, In Crash

Plainfield, N. J.—Speeding through a dense fog that blanketed this farming hamlet, the Pennsylvania railroad's Mercantile Express from St. Louis crashed into the rear sleeping car of an express train from Washington, killing at least 10 persons and injuring 40, some of whom are not expected to survive. Both trains were bound for New York.

### Support Sought For New Taxation Bill

Washington—United support of house leaders of the non-partisan tax bill now being framed by the ways and means committee will be sought by Representative Tilson of Connecticut, the new Republican floor leader, to assure early passage of the measure by that chamber.

### Catches Fish With His Trusty Flivver

Fort Lauderdale, Fla.—Frank G. Rabb, editor of Sunshine Guide, published here and former probate judge in Jenkins county, Georgia, has found a new use for his flivver. While driving across a small bridge east of Deerfield, north of here, Mr. Rabb saw a woman fishing from the bridge pull in her line. A fine silver perch flapped against the windshield of the car and then disappeared. Later, when held up by traffic Mr. Rabb found the fish flapping around between the front fender and the hood.

### Scarborough Heads Warden's "Union"

Jackson, Miss.—Col. A. M. Scarborough, superintendent of the South Carolina State penitentiary at Columbia, was unanimously elected president of the Warden's Association of the American Prison association in convention here.

Mother Admits Guilt, Slaying Child Sandusky, Ohio.—Mrs. Mary Keller, who confessed she slew her seven-year-old daughter, Mary, to "protect her from a life of poverty," pleaded guilty of first degree murder.

## See the New Improved Hexagon Slab Slate Shingle

This wonderful roof has been one of the leaders for many years, was 12 1/4" x 32", now made 12 3/4" x 36", making a full THREE thickness roof when laid. Comes in four colors—Red, Green, Blue Black and Autumn Blend. Easy to lay, does not have the waste that most patterns do on the hips and in the valleys.

Its heavy tile-like pattern is distinctive. Guaranteed not to curl. It is truly a wonderful roof for either new work or over old wood shingles. We recommend this roof and guarantee your satisfaction.

A few of the many roofs of this kind, on new jobs, are: The Fickle Filling Station, Bungalow of H. W. Williams on Green Street, The Christian Church. Over old wood shingles: M. C. Payne home on Park Avenue, Dr. T. F. Thomson home, Eddings and Fourth.

Look these roofs over, then come in and let us show you "THIS WONDERFUL ROOF."

## Bennett's Drug Store

IS NOW READY TO MAKE EVERYONE  
HAPPY IN THEIR GIFT SHOPPING

More than ever this year, Christmas shopping is best done early—No, we are not "talking" Christmas gift shopping a day too soon. November is here, and when we are into November, time fairly flies—Christmas arrives almost before we know it. There is another and more important reason, however, why your gift shopping should be done early this year. Gift merchandise isn't by any means easy to procure. Though our first stocks are fine, large and wonderfully complete, this promises to be a most trying season to replenish lines of goods that "break" under the stress of gift shopping in rush days. You'll serve Santa Claus a splendid turn now by starting your gift shopping early this year. And early selections among our fine Christmas stocks are decidedly worth having.

You'll find the store alive with new interest, new vigor and a new enthusiasm of service.

Little Viola, small daughter  
of Mr. Marshall Long, is quite  
ill from blood poison, due to  
the bite of a rat, and is being  
cared for by Dr. and Mrs. Boyd  
at their home. The small pa-  
tient was very ill on Sunday  
night, but is much improved  
since.

Dr. Boyd has arranged to fill  
his appointment at Columbus,  
next Sunday, if the condition of  
the roads permit. Should he  
be unable to reach Columbus,  
there will be services Sunday  
morning in Trinity church.

Dr. Boyd expected to make  
his official visit to some of the  
cities in western Kentucky,  
this week, if weather condi-  
tions permit.

Antony, of Trenton, Tenn., last  
Sunday. The guests are brother

Dr. Boyd has arranged to be

each day from now on. Any  
one desiring to meet the doctor  
may arrange a meeting by

Class number three, of the  
Church school, feels just a lit-  
tle puffed up because Neal Kar-  
mire and Charlie Binford, of  
the Fulton High football team  
are members.

Friends of Mrs. Boyd are  
somewhat distressed because of  
her having volunteered to care  
for the sick child, Vialo Long,

state.
