6,000 RIOT OVER CESSATION OF CWA WORK PROGRAM

MINNEAPOLIS UNEMPLOYED BATTLE POLICE: 18 OFFICERS HURT

Minneapolis, April, 6.—(AP).—Six thousand unemployed men rioted here today. Authorities battled them under the muzzles of hidden machine guns mounted in the City Hall-Court House. No shots were fired, but tear gas lingered in the air for hours.

Eighteen persons, including thirteen policemen, were taken to hospitals with injuries suffered in twice quelling the mob in three hours. Several judges demanded that troops be called out. Thirty persons were jailed. Many had bruised faces and cracked skulls.

The City Hall tonight was surrounded by policemen. Chief Michael Johannes ordered them to be alert for an attempt to bomb the structure, rumors of which he said he received. He said he was told twenty-five men armed with revolvers, were ready to march here.

Alderman A. C. Baas demanded immediate removal of Johannes by the City Council unless rioters under arrest are freed. The demand was shelved temporarily. Chief Johannes declaring, "There's going to be law and order as long as I am master of ceremonies."

Hundreds of men and women displaying red arm bands, moved on the City Hall this morning demanding continuation of the C. W. A. allowances, and no investigation of former C. W. A. workers demanding relief. Speakers climbed atop parked automobiles around the City Hall, and refused to obey police orders. The council was debating the Farmer-Labor Party's platform for a sweeping programme of public ownership, which some councilmen branded "Communist."

GERARD IS NAMED TO DEMOCRATIC POST

Washington, April, 5.—(AP).—In preparation for the fall campaign, James W. Gerard, of New York, former Ambassador to Germany, today was named chairman of the finance committee of the Democratic National Committee.

The announcement by Postmaster General Farley, chairman of the national committee, tonight said he had conferred with Walter J. Cummings, treasurer of the committee, and that the full membership of the finance committee covering the entire country, would be made public within a week.

23 EWES, 41 LAMBS IN MEADE COUNTY FLOCK

Forty-one lambs from 23 ewes in a Meade county record reported by County Agent Ray Hopper, I. R. Hicks, living near Guston, is the owner.

Lambing is done in slat pens within a barn, which helps to insure the ewe owning her lambs, and from which the ewe can see the rest of the flock.

An abundance of clover, korean and alfalfa hay is provided. Hay and corn comprise the feed for ewes, while the lambs receive a mixture of equal parts of ground corn, wheat and oats.

Mr. Hicks, who has kept records on his sheep, says that the number of lambs per ewe is the greatest factor in making money from sheep.

WEATHER

KENTUCKY AND TENNESSEE: Sunday fair; not much change in temperature.

The Listening Post

By GLADYS CHOWNING

"THE DIXIE BLACKBIRDS" will be presented Thursday and Friday nights, April 12th and 13th at the Science Hall. This renowned Minstrel Show is being sponsored by the Young Men's Business Association, for an old time minstrel show and revue. We find the inimitable Jim D. Stephenson teamed up with James Warren, Dick Hill and Tillman Adams for end men. Interlocutor Victor Cavender finds assistance with his circle men consisting of James Henderson, Joel Thompson, Durwood Speight, David Capps, Hal Hummel, Foad Homra, Robert Whitehead and Paul Bushart. Can these fellows sing? They've turned into regular Dixie Blackbirds. Another sketch entitled "A Dark Triangle" features Harry Potter, Jack Edwards and Grace Hill Wiseman. The Juvenile minstrel using fifteen of Fulton's promising young actors is a high light of the show. To add a white spot in the show, Polly Thompson portrays the girl of yesterday in contrast to Mary Hill's portrayal of today. And, as no minstrel show is complete without a sermon, you will see Raymond Peoples don the robe of Brother Bevo and for a climax you must see for yourself that Clemmense and yancy, played by Lorene McCoy and James Allen Willingham, meet at the church door. A snappy chorus of eight girls will show you the latest thing in song and dancing. Nightly rehearsals find the cast ready for the curtain to rise Thursday and Friday. Young Men's Business Association expect a big crowd when it does. The show is being staged under the direction of Miss Sally Phippen of The Wayne P. Sewell Producing Company of Atlanta, Ga. Miss Nedra Marlin is assisting Miss Phippen at the piano.

"Big Jim" Weaver's picture appears in this morning's Commercial Appeal. The sports editor's comment is that he is the biggest of all Rogers Hornsby's flock of physically powerful pitchers in the St. Louis Browns' camp this spring.

EARLY MONDAY morning mules, horses, dogs, and such other animals for exchange or sale, together with their owners and prospective owners, will be driving into Fulton—it'll be Mule Day. The crowds are gaining in size each month, and the merchants are getting a nice trade from the people attracted here, and are offering some good bargains.

THALIA RESTS AFTER TRY TO END HER LIFE

Genoa, Italy, April, 6.—(AP).—Mrs. Thalia Fortescue Massie, the center of a sensational attack and murder case in Honolulu more than two years ago, tried to kill herself while en route here because, she said today, "I wanted to die; I regretted having got a divorce from my husband."

Officers of the S. S. Roma disclosed that she had slashed both wrists and threw herself from the top deck four days ago on a voyage from New York.

Professor Dario Borelli, director of the nervous ailments clinic in Genoa where she was taken after the Roma's arrival yesterday, said the numerous contusions she suffered in the 20-foot fall were not serious, but would require 30 to 40 days for complete recovery.

Mrs. Massie and Lieut. Thomas Hedges Massie, U. S. N., were divorced in Reno, February 23. She had planned a Mediterranean cruise. Tonight she entered a period of deep sleep and restful quiet, under orders of Dr. Borelli that nothing should be allowed to disturb "the natural effort of a normal and healthy body to throw off the effects of an attempted suicide."

23 STUDENTS ARE HURT BY FALLS FROM PICNIC TRUCK

THREE CUBA STUDENTS HURT SERIOUSLY; SIDE-BOARD GAVE WAY ON A CURVE

Sedalia, Ky., April, 6.—(Sp).—A Holiday called to celebrate the end of the school year was turned into near-tragedy today when the side-board of a trucky bearing 73 pupils to Metropolis Lake from the Cuba high school, gave away on a curve and spilled 23 children along the highway just north of here.

Three were taken to a Mayfield hospital for treatment. They were: Miss Sunshine Jones, broken arm, bruises; Miss Naomi Bond, cuts about the face; and Miss Ruth Howard, bruises and painful lacerations about the body.

Twenty others, four of whose names were not available, were given first aid attention by Dr. E. V. Usher here, who said they were not seriously injured.

They are: Ruth Connor, Mary Crossland, Leonard Holman, Wayne Holman, Allene Colbert, Marie Wilson, Robena Wilkins, Cecil Wilkins, Betty Brann, Noved Redden, Queenola Baker, Henry V. Wilkins, Mary Hayden, Dorothy Hayden, Linda Ruth Howard, Marie Morris.

Last Day of School Today was the closing day of the Cuba high school and members of the student body, to celebrate the occasion, made up a band among themselves to hire the truck, packed box lunches and headed for the lake near Paducah, to spend the day. The accident occurred as the truck rounded a curve, the weight of the picnicers being shifted against the sideboard, which crumpled like so much paper.

Screams of the panic-stricken group, lying on the highway for some distance, attracted persons to the scene. Emergency means of transportation were pressed into service; passers-by hurried from the scene in the direction of Sedalia and Mayfield, carrying the injured from the scene.

Suffer From Cuts, Shock The office of the local physician took on the atmosphere of a Bel-Can relief bases after a German advance. Bleeding, crying school children crowded the quarters to capacity. Most of the group were suffering more from shock than anything else, according to Dr. Usher.

Mrs. Usher and B. J. White principal of the Sedalia high school, were rushed into first aid services when it was revealed that some of the students were suffering bleeding from as many as five or six places about their heads and bodies. They worked frantically.

Calls Swamp Exchange Telephone services were quickened at the Sedalia exchange, by anxious parents seeking information about their children. News of the accident spread rapidly throughout the southern section of Graves county; automobiles with parents streamed into Sedalia from all directions.

Neal Pryor, principal of the Cuba high school, and chaperone of the party said tonight that the accident could not have been avoided by the driver of the truck, Alton Redden.

Now is a good time to renew your subscription.

COURT ENJOINS HIGHER WAGE SCALE ORDER

ALABAMA OPERATORS COMPLAIN JOHNSON'S EDICT IS CONFISCATORY AND INVALID

Birmingham, Ala., April, 6.—(AP).—A temporary order restraining Federal officials from enforcing a wage-raising, hour-reducing amendment to the bituminous coal code was granted by Judge C. B. Kennamer in United States District Court to Alabama commercial coal operators today.

Judge Kennamer said in granting the order that "this decision should not be taken in the direction of the effective regulation of communications companies is a thorough and detailed study of the big companies and their subsidiaries. Such an inquiry will require no less than a year."

"It is my belief that the first step to be taken in the direction of the effective regulation of communications companies is a thorough and detailed study of the big companies and their subsidiaries. Such an inquiry will require no less than a year."

"If five to ten men of proper experience be put in the office to study for that one system. Such an inquiry should not be undertaken with an appropriation of less than \$500,000, and perhaps it should be as much as \$1,000,000."

DID YOU EVER STOP TO THINK

The men who express doubt about the future of your home city are not usually those who are best able to gauge its future.

It's time that a lot of politicians removed their "smoke screens" and let the folks at home know where they stand.

Sometimes here and there a merchant gets discouraged on account of poor business and thinks perhaps something is wrong with the goods he wants to sell. Many times the fault is his own because he does not advertise his wares so people may know what he has to sell. These merchants must snap out of it, come alive and go after business by newspaper advertising or they will soon be numbered in the business world as among the "dead departed."

There seems to be quite a number of "Loud Speakers" in this country. We do not see anything in the international situation that war may not break out at any time, but it takes money and plenty of it to carry on a war on a modern scale and none of the sabre-rattlers have much of it. We are quite convinced that they would not get much of it from the powers that have it.

Cities have reputations the same as people—some good, some bad. A lot of newspapers are cursed for what they print when in reality they should be blessed for what they do not print.

There are two sides of human nature—optimistic and pessimistic. There should be only optimists in your home city.

CONTROL OF PHONE SYSTEM OF NATION IS BEING SOUGHT

I. C. C. MEMBER, CALLING A T. & T. A MONOPOLY, ASKS FUNDS FOR INVESTIGATION

Washington, April, 6.—(AP).—Stern and efficient control of the nation's message and word sending systems by a new commission whose first duty would be a thorough study of the America Telephone and Telegraph and other big companies and their subsidiaries was recommended today by Walter M. W. Splawn.

Splawn, recently appointed to the Interstate Commerce Commission, made the recommendations to the House commerce committee for which he had just completed a three year study of holding companies. He urged enactment of the pending communications regulation bill.

His report, after citing "proliferate abuses" by holding companies, liberal salaries paid officers of the American Telephone and Telegraph company, and saying it was impossible to determine the fairness of rates, said:

"It is my belief that the first step to be taken in the direction of the effective regulation of communications companies is a thorough and detailed study of the big companies and their subsidiaries. Such an inquiry will require no less than a year."

"If five to ten men of proper experience be put in the office to study for that one system. Such an inquiry should not be undertaken with an appropriation of less than \$500,000, and perhaps it should be as much as \$1,000,000."

WOMAN'S CLUB HEARS MUSIC DEPARTMENT

The Music Department of the Fulton Woman's Club was host to the monthly open meeting of the club held yesterday afternoon at the Chamber of Commerce. Acting hosts were Mesdames Norman Terry and Joe Bennett, Jr. pages were Mrs. Clarence Maddox and Elizabeth Butts. The club room was beautifully decorated with tall baskets of red bud, and shaded lights.

During the business session, over which the president, Mrs. Bob White presided, the club voted to ratify the action of the executive board in appointing trustees of the club property; these trustees are Mesdames White, J. E. Fall, and L. O. Bradford. The president reported \$20.00 collected from the sale of the crippled children's fund. Reports from Mrs. J. P. DeMyer, treasurer, and Mrs. Wilmon Boyd, librarian, were heard. Each department chairman made a report, dealing especially with the project and progress of her department for club week. The

gretted that she will be unable to serve, and the choice of another will be reported at the next meeting. Five members were voted in to the club: Mesdames Glyn Bushart, B. M. Millster, Robert McCampbell, R. E. Sanford, and Ben Davis.

Mrs. Gus Bard, chairman of the Music Department, then took charge, and introduced Miss Ruth Fields, chairman of the program committee, who presented the following numbers by members of the department. Soprano solo "My Heart at Thy Sweet Voice" from Samson and Delilah by Saint-Saens, "Spring Is In My Heart Again" by William Woodin, Miss Annie Lucille Godby, piano—"Whims" by Shumann and "The Harmonia Player" by David Gulon, Miss Sara Butt; vocal duet "I Waited For The Lord" by Mendelssohn. Misses Agatha Gayle and Mary Belle Warren.

Following the program a delicious ice course was served to approximately fifty members.

FULTON RECEIVES NEW PROGRAM ON RELIEF ORGANIZATION

The CWA is a thing of the past and now becomes history. Just how much it has amounted to is a matter that can never be known. No one responsible for it or connected with it will claim for it perfection but it must be admitted that it has served a good purpose. To be able to properly appraise the CWA one would have to be able to know what this country would be facing at this time without the relief offered by the CWA. In opinion of many informed thoughtful people we would had, by this time, an army of hostile revolution. With THIRTY MILLION unemployed men with destitute dependants all of whom have as much right to live as the rest of us together with millions of sympathizers this would have been faced with a desperate situation. Besides, could a government meet such a situation with armed force. Could a government afford to kill citizens because they are trying to defend their right to "beat the bread in the sweat of their faces?" Whether the CWA was the best plan that could have been evolved is not the question now; it was the plan that saved a critical situation. What is thought to be a better plan is now about ready to be put into operation.

The new plan proposes to furnish relief-employment on a wage basis for those in need of relief, by the government, furnished by the will be on the 1. The same as under the CWA. Twenty four hours a week will be the maximum work schedule and the rate of pay will be "The prevailing rate for the occupation and the locality in which the work is done, and in no case will the pay be less than will yield thirty cents per hour, provided, however, that the hours shall be limited so that the maximum weekly earnings of the individual worker shall not in any case exceed the amount necessary to meet his budgetary requirements, as determined by the County Relief Worker.

The total amount of actual money brought into this community through the CWA since its beginning is \$38,765.92 and the amount brought in by the relief division is \$12,507.11. These items do not include commodities amounting to \$3,000.00. This makes a total of cash received in the community \$54,273.03 making a grand total of \$54,273.03.

KENTUCKY GRANTED U. S. RELIEF LOAN

Louisville, Ky., April, 6.—(AP).—The federal relief administration today granted the Kentucky relief commission \$1,732,322, of which \$1,600,000 is for relief, \$100,000 is for educational commitments made during March and April, and \$32,322 is for wages to needy college students employed on a part-time basis.

The grant was a result of a conference of Dr. Charles Welch, chairman of the Kentucky commission, with relief officials in Washington. The \$1,600,000 for relief was \$600,000 more was requested.

U. S. MEN CONCENTRATE ON CATCHING DILLI

St. Paul Minn., April, 6.—Federal agents are concerned so much on catching John Dillinger and his desperadoes that have gone to live in the peat bogs of Wisconsin, northwestern of Justice Department marshals into the building last more than twenty agents there so they could be run up and go to work at a notice.

DID YOU EVER STOP TO THINK

Albert Johnson, publisher of the McQuinn (Washington) Grays Harbor Daily Washingtonian, who was for twenty years a member of the National House of Representatives and on the committee for immigration and naturalization during that entire period and chairman of that committee for twelve years who are annually waiting a chance to land on these shores.

Many immigrants are admitted throughout Europe in every conceivable manner. Various "Shuttle Sams" as a veritable "Shuttle" and the customs and managements of the United States are ludicrously ridiculed. Yet—there are thousands of European immigrants newspaper cartoonists depict "Many immigrants from the West Indies and from the Orient, who come over here on British vessels as seamen each year, stake their all in an effort to smuggle themselves into the United States. Some are successful, and are soon swallowed up and lost from the watchful eye of the immigration officials in our larger cities.

"Under our constitutional rights, we, the citizens of the United States criticize our highest officials and grow about almost everything that is attempted to be done by law. In spite of our many misfortunes in the great collapse of five years ago, we are still the greatest and freest nation in all the world."

COMMUNITY SING POSTPONED

On account of the annual singing which will be held at Mt. Zion, two miles west of Water Valley, tomorrow the monthly community singing which is held at South Fulton, every second Sunday, will not be held this month, and many of those who take part in this meeting will go to Mt. Zion for the day. The next community singing will be held in May.

matter will be made, with a mini-
mum fee of 25c. This is payable
in advance except from those who
have an account with the office.

COMMENT

WHAT IS YOUTH WEEK.
To the person who has not

taken part in one, adequate expla-
nation is difficult. Like falling in
love, or making a home-run in the
eleventh inning with bases filled,
and many other social-satisfying
things of life, a Youth Week must
be experienced to be appreciated
and understood.

A dictionary, however, might go
at it something like this: "Youth
Week—A special week, originated
in 1920 by the New York Rotary
Club as Boys' Week, but broadened
to include girls; now sponsored by
various organizations in numerous
communities throughout the world,
typically has "day" for organized
attention to youth with respect to
church, vocation, home life, ath-
letics, school, citizenship, and out-
door life."

That covers the ground but, like
most definitions, leaves out the
human ingredient. For Youth Week
which this year will be observed
April 28 to May 5, developed out of
a sense of social need. Flaming youth
of the early post-war period was a
passing show, but anyone who
takes the trouble to probe the
thinking of high school boys and
girls of today may be surprised to
find youthful idealism strangely
twisted into fanaticism or soured
into hopelessness by a brusque con-
tact with an unfriendly adult
world.

Youth Week provides grown-ups
with a technique for giving to boys
and girls the exhilarating thrill of
appreciated achievement. It lowers
that long and discouraging step
that stretches from adolescence to
maturity. Certainly it takes one's
time, but no adult will regard it as
in any sense wasted. Rather, he
will think of it as an unmention-
ably small premium on a vitally
important insurance policy—in-
surance against mental, moral and
physical pauperism in a gen-
eration that tomorrow will run the
community, state, nation and the
world.

WHO'S TO PAY FOR NEW DEAL?
Noting that the national debt
of the United States will reach an
unprecedented total of 31 billions
in 1935, which means some \$1,500,
per family, Fred H. Clausen, Wis-
consin manufacturer, says, "A
note of warning in the current Ro-
manian Magazine.

"Add other long term obligations,
of states, counties and cities, real
estate mortgages on farms and
city properties, debts of railroads,
utilities, industries and like obli-
gations, and the total is 150 bil-
lion—or about one-half the es-
timated national wealth."

Mr. Clausen paints a roughly Amer-
ica's financial picture as follows:
national wealth, 300 billions; in-
debtedness, 150 billions; income
this year, 50 billions; public ex-
penditures this year, 12 billions.
"What does this spell for the fu-
ture?" he asks. "From the very
size of the debt its payment will
be projected into future decades.
Because of today's necessities we
are inclined to let coming years
take care of themselves. And that
is a dangerous attitude.

"The New Deal program is on its
way. In our journey we must pay
the costs of transportation," he

concludes, "but may we maintain
a proper sense of proportion."

That the civic spirit of a city is
the sum total of the spirit of its
citizens.

A citizen is part of a city and it
is by better business that a city
plays their own civic patriotism in
their individual lives.

The future growth of a city de-
pends entirely upon the part that
its citizens take in its every day life.

To secure better business (and it
is by better business that a city
grows) a high spirit of loyalty to
the home city must be developed
and maintained.

As civic patriotism is the corner-
stone of loyalty, co-operation
among the citizens for the benefit
of all must be had. Cities grow in
direct proportion to the way its
citizens work together.

All citizens should support the
city that supports them.
A great need in many cities is
for a lot of grouches and tight-

wads to come alive and try to be
good neighbors and good citizens.
If they would get together and
boost together they could do won-
ders.

If the business men of some cities
would spend as much time fighting
for business as they do fighting
among themselves, each individual
business would be in better shape,
as well as that of the entire city.

RESOLUTION OF RESPECT

Raymond A. Roach, Deceased

WHEREAS: Our friend, associate
and co-worker Raymond A. Roach,
having been removed from among
us and passed to the great beyond,
on the 31st day of March 1934 and
WHEREAS: We are keenly sensible
of the loss sustained, not only as
this body and the City of South
Fulton but the entire community,
and

WHEREAS: We are aware that his
place cannot be filled either in
our council or in the ordinary walk
of life, and

WHEREAS: We know that Walnut
Grove church with which he was
affiliated and had his membership,
has been deprived of a faithful
worker and helper.

THEREFORE: Be it Resolved,
that we recognize in Raymond A.
Roach, a man of the highest and
loftiest type, having ideals unsur-
passable, noble ambitions and ex-
alted aspirations. He was a man
of virtue, integrity and truth. Hon-
or and fair dealings were the
principal attributes of his charac-
ter as he practiced the Golden
Rule "Do unto others as you would
have them do unto you."

He was absolutely loyal to his
friends, faithful and steadfast to
his attachments and true to the di-
vine principles of justice. He was
a devoted, loving, kind and tender
husband and father. He was de-
vout, zealous and forbearing Chris-
tian.

As a friend, he was one to be
trusted on any and all occasions
doing every thing possible to be-
friend them even to the discom-
fort of himself.

He was a quiet, peaceful and law
abiding citizen. And as an officer,
he was just, fair and upright
though fearless in the discharge of
his duty.

BE IT further Resolved: That
while we deeply deplore the loss of
our friend and brother, we extend
our heartfelt sympathy to his sor-
rowing family in their sad bereave-
ment. May you whose sorrowing
hearts are torn and sore, find con-
solation in the assurance that be-
yond the grave man shall live again
and that tomorrow there will be a
meeting of loved ones on that Ce-
lestial shore of the Great beyond
and may we be comforted with that
wonderful thought as set out by
James Whitcomb Riley.

You cannot say, and you must not
say
That he is dead.—He is Just
Away!

With a cheery smile, and a wave of
the hand,
He has wandered into an un-
known land.

And let us dreaming how very fair
It now must be, since he ling-
ers there,
And you—Oh you, who the wildest
yearn

For the old-time step and the
glad return—
Think of him faring on, as dear
In the love of There as in the
love of Here.

Think of him still as the same, I
say;
He is not dead—he is Just
Away!

BE IT further Resolved: That a
copy of these Resolutions be sent
to his bereaved family, that they
be spread upon the minutes of
South Fulton and a copy furnish-
ed local papers for publication.

AT THE ORPHEUM THEATRE

Warner's Orpheum now showing
"Massacre" with Richard Barthe-
lme, Ann Dvorak and Claire Dodd
"Hello Trouble" with Buck Jones
Chapter 2 of "Three Musketeers"
Sunday and Monday "Let's Fall in
Love" with Edmund Lowe, Ann
Southern.

"Let's Fall in Love" starring Ed-
mund Lowe and the sensational new
screen find, Ann Southern, is com-
ing to the Orpheum Theatre Sun-
day and Monday.

Hailed as one of the season's
most unique and tuneful musical
offerings the production has creat-
ed much favorable comment. It is
entirely different from the run of
musicals which has flooded screens
recently, as its music is worked in-
to the story in a logical convincing
manner. Even without the music,
it would still be an outstanding
dramatic production.

The famous song-writing team of
Harold Arlen and Ten Koehler com-
posed the lyrics and scores for the
half-dozen musical numbers heard
in the picture. The team is respon-
sible for such big song hits as
"Stormy Weather," "Minnie the
Moocher," "I've Got a Right to
Sing the Blues," and "Get Happy"
and their offerings in the picture
are of the same high calibre.

Supporting the principals will be
seen a well selected cast consisting
of Gregory Ratoff, Tala Birell, Mir-
iam Jordan, Betty Furness, Ruth
Warren, Arthur Jarrett, Greta Mey-
er and Anderson Lawlor. The di-
rection is by David Burton from
an original script by Herbert Fields.

Hints for Homemakers

By Jane Rogers

ONE way to brighten up old um-
brellas which have become
shabby is to sponge them with a
cold solution of strong tea.

The easiest and safest way to
clean a clock is to place a piece of
cloth which has been soaked in
paraffin in the bottom and let the
fumes do the work.

Cheaper cuts of meat can be
made almost as tasty as the more
expensive cuts by including sugar
along with salt and pepper in the
seasoning. The quantity used—
about a teaspoonful—is not enough
to sweeten but blends the other
seasonings and helps to break
down the tough fibres.

DEFEAT FEAR!

Enjoy
Protection

The man who lives in fear has only to look about him to find all
manner of protection which civilization has built up for him. In-
surance is the most practical and the most economical of modern
methods—Life, accident, death, fire, collision, tornado—Home, life
or possessions—all of these can be covered by a low rate insurance
which is a guarantee against loss. Let us explain the type policy
you will want—no matter what protection it is that you desire.
We will call.
