NUMBER FIFTEEN.

## FAIN YOUTH KILLED BY AUTO IN PARIS, TENN.

Gaylon Fain Jr., 9, son of Rev. and Mrs. G. C. Fain of Paris, Tenn., was fatally injured early Sunday night, as he was struck by a passing automobile in front of his home there. Immediately after the accident he was rushed to the hospital in Paris, where he died. Rev. Fain was formerly pastor of the First Methodist church of this city. The car was driven by Noah Maun who with his sister, were on their way to church. Gaylon was playing with his dog, and ran into the street in the path of the car. Mrs. Fain saw the accident as she sat on her front porch. The sympathy of this community goes out to the Fain family in their bereavement. Funeral services were held in Paris Tuesday afternoon from the First Methodist church by Rev. O. H. Wraether, presiding elder of the Paris district.

## FULTON ALL STARS OUTPLAY FINLEY AND WIN BY 9 TO 1

Hon. R. T. Taylor delivered the address, Mayor Paul DeMyer pitched the first ball which was received by Chief of Police Bailey Huddleston in opening the baseball season here Sunday, when the Fulton Independents defeated Finley by the one-sided score of 9 to 1. Howard pitched the first six innings and kept his hits and runs few and far between. Stout took up the pitching chores in the seventh and gave up two hits which were turned into one run. The game was featured by the hitting of Killebrew who collected a single, double and triple to figure in five of Fulton's runs.

## SOUTH FULTON COUNCIL DISCUSS WATER WORKS

Last Thursday night the South Fulton city council met at the city hall. Among other business matters were plans to improve College and Morris streets. These streets will be reworked, smoothed and new gravel added. On Tuesday night of this week Mayor Stephens and the council held an adjourned meeting to discuss the municipal water works plan for South Fulton. Engineer C. H. Jenks of Union City was present and went over the plans.

## REGULAR SECOND SUNDAY SINGING, SOUTH FULTON

The regular Second Sunday Singing at South Fulton High School auditorium bids fair to be one of the best ever held here. A special Mother's Day program has been arranged. The Shelton Sisters and the Hawkins Brothers, artists of Radio Station WPAD in Paducah; Marvin Lewis Ward, guitar soloist of Paducah; Little Betty Jane Cannon and a trio composed of Montel Manley, Tommie Nell Gates and Mrs. Timm Adams will do special numbers. We are lucky to obtain one of the best and most outstanding quartets of the South for Sunday's program, the Ganus Brothers of the Ganus Observatory of Music of Birmingham, Ala. The Mayfield quartet, the ladies quartet of Paris, and the Dunn, Creanfield, Dresden, and Shuron quartets will be here. Vaughn's school of music of Lawrenceburg will have a representative here. The public is cordially invited.—Reporter

## NEWS BRIEFS

House prowlers ransacked several Fulton homes here last Thursday night, leaving clothes and empty purses scattered in their wake. They entered the home of Mose Honra on Norman-st and after going thru the house, took his trousers, cleaning them of the contents and leaving them in an ally nearby. The vandals also took Mr. Honra's watch and Miss Lola Honra's purse was found in the kitchen after being rifled for valuables. Robbers took a hand axe and a bowl of fruit from the home of Mrs. C. B. Gregory on Carr-st, after entering thru a kitchen window. This was the third time prowlers had entered the Gregory home in recent months. The entire house of Dr. J. L. Jones on Eddings-st was pilfered, a wrist watch belonging to Miss Mary Nell Jones being stolen, and a pair of trousers. The Olive Boarding House just across the street from the Gregory home on Carr-st was looted, valuables taken from several rooms. E. N. Dollar and Mr. Reeves are said to have lost some money and a watch. As is customary, the front door was unlocked and the thief walked in some time after midnight and ransacked the house. Other robberies included the home of Mrs. Croves corner Carr and Fourth-st, and the home of Lucian Brodger on Fourth-st, where two dresses were taken. Also the home of George Roberts was entered. The Standard Oil Station on the lower end of Lake-st has recently undergone repairs and painting, and a new electric sign has been erected. This station is now under the management of two young Fulton hustlers, Wallace Shankle and M. L. Parker, who say "Let Shank and Parker service it." There will be a Group School and an Association meeting held at Camp Ashby, Clinton, Ky., Wednesday evening May 16th. Major Urrutia of Louisville and Major Forties of Richmond, Ky., will be in charge of the meeting. Dinner will be served at the Camp 6:30 P. M. If you can attend this meeting notify Capt. Phil Porter of Clinton. County Agent Wheeler and Cecil Burnett, president of the Fulton County Farm Bureau, with all directors, have been invited to attend a mass meeting in Mayfield, Friday night at the court house, to discuss the Farm Bureau Legislative program. Glenn Lane, representative of Fulton and Hickman counties, will be asked to be present. Ben Kilgore, executive secretary of the Ky. Farm Bureau Federation stated: With an unusually light docket the May term of the Fulton County Circuit Court opened at Hickman Monday with Judge Hindman on the bench. Flavius Martin prosecuting attorney and Justin Attebery clerk. Many Fulton men were called for jury duty. Special train consisting of seven cars and 234 CCC men and officers passed thru Fulton at 1:30 P. M. Wednesday, enroute from Louisville to Vicksburg, Miss. Rev. C. D. Pointer of Pontiac, Mich., arrived in Fulton Saturday to make his home. He will preach at the Mission Sunday afternoon at 2:30 and Sunday night at 7:30. Miss Martha Sue Rankin of Memphis, well known in Fulton was elected the most popular girl in Humes' High School 11-5A who's contest, held last week. She is daughter of Mr. and Mrs. Herbert Rankin, formerly of this city. Departing from its annual custom of presenting one play, the Senior Class of Fulton High School is presenting four one-act plays on Friday night, May 11th. The plays chosen represent all types of drama from the serious to the comic, which will provide much entertainment. Miss Mildred Roberts, of Fulton junior of Murray College, was elected president of the Y. W. A. for the remainder of the school term and next fall.

## FULTON CITY COUNCIL PUTS IN BUSY SESSION

The mayor and city council of Fulton put in a busy session Monday night. Many matters of importance were taken up. The council voted to purchase a patrol car for use at night by officers in patrolling the city, and a committee was appointed to arrange for the car. The department has been handicapped because of insufficient transportation facilities, and it is believed that a patrol car will be of much value. The recent epidemic of robberies centered attention upon this deficiency. Dick Bard was chosen from a field of five applicants to be the city tax assessor, succeeding Chas. Fields. He will serve for a period of two years at a salary of \$150 a year. City Attorney Steve Wiley stated that the city will file suit against delinquent taxpayers unless taxes are paid within the next 30 days. This, of course, will bring additional cost to delinquents. Liquor licenses were granted to P. C. Ford and R. J. Lamb, wholesalers; and Paul Morris and Anderson Hotel, retailers. E. N. DeMyer, president of the Young Men's Business Association, and J. E. Fall, president of the Rotary Club, were present and asked that the city apply for power to be developed by the Tennessee Authority. This action is being taken by many towns in the valley, and potential power demands are needed before the dam is constructed. The city police department has been ordered by the city council to enforce traffic laws, with special emphasis placed upon speeding. Reckless driving has been reported in the school zones on several occasions and efforts are being made to stop this violation of safety driving regulations. Arrests will be made from now on when anyone is caught violating these laws, and the public is advised that the speed limit is 15 miles an hour. City Attorney Steve Wiley has been instructed by the council to look up all parking laws now in existence here, preparatory to drawing up a new parking ordinance to facilitate better traffic conditions in the city. Mayor Paul DeMyer has named Sunday, May 20th, as Decoration Day in Fulton. Hundreds of people in this vicinity are expected to visit the graves of loved ones on this day with many persons coming from other places.

## THE ROTARY CLUB

The Rotary Club and the Lions Club will meet jointly next Tuesday at the First Methodist church, in honor of Dr. Franklin McVey of the University of Kentucky. Dr. C. W. Curlin had charge of the program this week, giving an interesting and instructive lecture on Cancer. He pointed out that this disease is killing around 100,000 people each year, and urged that more attention be given to symptoms.

## SMITH ATKINS NEW READ OF THE ELKS

BUSINESS AND VACATION

When the hot, sultry days and  
nights of summer arrive, most of us  
begin to think about a vacation. But  
this year there are many who will  
feel that they do not need such a  
long vacation, for in recent years  
they have been playing around too  
much all because of the slump in  
business conditions during that per-  
iod of time. But now that business  
is improving generally throughout  
the nation, most business men are  
turning their time and efforts to-  
ward the return of better times, di-  
recting their attention upon the  
growth of their business.

If we pick up the newspapers,  
read them carefully for indications  
of improved business, we can readily  
see that things are really looking  
up. Factories and business interests  
are increasing production, salaries,  
and sales. Building and construction  
work are showing definite trends of  
improvement.

Another barometer of better  
times is the increasing amount of

advertising that is being done to  
encourage business. The city papers  
are full of it in an effort to bring  
people out of rural communities to  
their stores.

The small city or community mer-  
chant must face the true facts in the  
matter, realizing that merchandising  
and conscientious advertising must  
be linked together to maintain that  
much desired equilibrium in trade.  
The merchant who advertises his  
wares always has something worth  
while to offer the people, for he  
keeps his stock turning over, keep-  
ing them new and favorably priced.  
The business man who fails to ad-  
vertise pays the bill of his more  
progressive competitor who does ad-  
vertise, for his goods remain on the  
shelves and his customers drift  
away. A community without mer-  
chants who advertise systematically  
is like a ship without a rudder.  
People just naturally go where they  
are invited.

Companies which increased or  
maintained newspaper advertising in  
the last few years had smaller losses  
than those which decreased it.  
The importance of newspaper ad-  
vertising and its accomplishments  
during the last few years has been  
more invaluable. Good advertising is  
becoming more essential than ever  
before since the advent of the NRA.  
Statistics show that of 25 com-  
panies which maintained or increas-  
ed advertising in 1930 and 1931, the  
decrease in earnings was 7 per cent  
while 20 companies that decreased  
advertising expenditures, 44 per cent  
suffered a 73 per cent drop in  
earnings.

The psychology and method used  
in advertising are to be considered  
in a business-like manner. News-  
paper advertising has proven its  
worth the country over. A commu-  
nity newspaper should have a large  
coverage in the city itself, and also  
in the various rural communities  
of the surrounding trade territory.  
The News has striven for commu-  
nity betterment; not only in Ful-  
ton but for the fine farming section  
in which it circulates. We believe  
that the right kind of publicity will  
improve our community. Every in-  
dividual and business man in this  
section can aid in the promotion of  
a GREATER FULTON.

YOUR HEALTH  
by C.W. CURLIN M.D.  
FULTON, KENTUCKY

PERIODIC EXAMINATIONS

Every individual, from infancy to  
old age, should have a thorough  
physical examination at least once  
a year, by a competent doctor. This  
is the cheapest health insurance  
obtainable.

The human body is a very com-  
plex and intricate machine. Com-  
posed of many structures and or-  
gans, each having one or more defi-  
nite functions. For the body to  
maintain a perfect equilibrium, a  
state we call health, each structure  
and organ must function easily and  
normally.

Many times some structure or or-  
gan is not performing its function  
up to a normal standard, yet the  
body is not thrown out of balance,  
and the individual does not realize  
the condition. If allowed to continue,  
the structure or organ will gradu-  
ally lessen its functioning, and possi-  
bly cause other organs to lessen

For more than a year now we  
have experienced the courageous,  
conscientious thinking of the man in  
the White House, and the business  
situation continues to improve under  
his administration.

This country has definitely put  
behind it that terrible bog of de-  
pression which we drifted into be-  
cause of short-sightedness and in-  
efficient leadership. When President  
Roosevelt assumed office this coun-  
try was on verge of a revolution,  
with conditions not unlike those of  
the French revolution. Our people  
were frightened, our leaders were  
fearful. None seem to know where  
to turn, or what to do. The country  
faced internal turmoil and financial  
ruin; destruction and death.

Then came the election of Roose-  
velt to lead the nation back out of  
a wilderness of political and econ-  
omic strife.

We must admit that he has saved  
us from national bankruptcy; or  
even worse, for destitution and hun-  
gry would soon have forced the un-  
employed to fight for their food and  
raiment.

We must praise his courage to face  
the people with his straight-forward  
proposals and experiments in his  
efforts to bring this country back  
to normalcy. He never hesitated to  
admit that it is hulan to be wrong  
some times, but has always indi-  
cated that he is ready to retract  
when any step is taken in interest  
of bettering conditions, has proven  
a failure. His efforts to rehabilitate  
the country merit praise. Now that  
orderly regulations have been sub-  
stituted for chaotic confusion, we  
are reaping the rewards of true  
statesmanship.

Undoubtedly President Roosevelt  
is the man of the hour. A new and  
courageous Moses has arisen to ad-  
just the horrible economic condi-  
tions which nearly wrecked the na-  
tion. Roosevelt has always encour-  
aged suggestions from the people.  
Every man's opinion is worthy of  
just consideration in his opinion.

their functioning power and when  
the condition has progressed far  
enough for the individual to realize  
that something is wrong or that he  
is sick, irreparable damage has been  
done.

The purpose of the periodic health  
examination is to test and check  
every organ in the body to see that  
it is performing its function as it  
should. This should be done at least  
once a year. On one's birthday is a  
good time and easily remembered.  
Many of the large industrial plants  
in this country, realizing the great  
importance of these yearly health  
examinations have their employees  
examined once yearly.

By these examinations the struc-  
tures or organs not doing their  
work up to standard are located,  
and many times corrective measures  
can be taken which will restore those  
organs to their normal functioning,  
possibly saving the individual an  
early death.

We have reason to be proud of  
the new leader we now have in the  
White House, and it is up to us as  
citizens of the land to continue to  
give him the encouragement and  
support he deserves in his efforts to  
return the country to smooth sailing  
permanently.

More than 80 per cent of the op-  
erating revenues of the Illinois  
Central System in 1933 were derived  
from the transportation of freight.  
Total freight revenue was \$61,594,-  
111.69. Passenger revenue totaled  
\$9,084,328.4; other revenue derived  
from passenger trains (such as ex-  
cess baggage, porter and chair car  
tickets, transportation of milk, dining  
and buffet service, etc.) \$635,-  
665.83. Mail revenue was \$2,312,-  
587.39 and express revenue \$1,686,-  
803.22. Switching revenue totaled  
\$1,237,097.19.

The Illinois Central System car-  
ried 36,936,000 tons of freight dur-  
ing 1933. This was slightly more  
than half as much as the railroad  
moved in 1929.

All right! If you're fresh,  
and of good quality, we'll take you."  
Swift & Company's produce plants buy fresh  
eggs every marketing day of the year, and cream  
and poultry, too.  
—And pay cash for them.  
Later they are shipped to some 35,000 consum-  
ing centers, hungry for Swift's Brookfield Eggs,  
Swift's Brookfield Butter, and Swift's Premium  
Milk-fed Chickens and Golden West Milk-fed Fowl.  
To reduce marketing costs, they are handled in  
the same refrigerator cars, and through the same  
branch houses and car routes, as Swift & Com-  
pany's meats.  
—They are sold by the same salesmen, and de-  
livered in the same trucks, to the same retail stores.  
All this reduces selling costs, not only for eggs,  
poultry and butter, but for meats.  
Producers benefit from all these economies.  
Over a period of years, Swift & Company's net  
profits have amounted to only a fraction of a cent  
per pound from all sources.

Hectic Days  
Sleepless Nights  
IF YOU are nervous today, you probably  
will not sleep well tonight. If you don't  
sleep well tonight, you will probably be  
nervous tomorrow.  
Don't allow yourself to become nervous.  
Take Dr. Miles Nervine. It will relax your  
tense nerves and let you get a good night's  
sleep.  
Irritability, Restlessness, Sleeplessness, often  
lead to Nervous Headache, Nervous Indi-  
gestion, Hysteria—sometimes to a nervous  
breakdown and organic trouble.  
Some of the people, whose letters are printed  
below, were as nervous as you are—possibly  
more so—yet they have found relief.  
Three years ago I was so nervous I could not bear to go  
out in company and could not sleep nights. A friend re-  
commended Dr. Miles Nervine. I saw enjoy myself (ther-  
oughly) and sleep every night. Miss Juliette Carter,  
New Market, N. H.  
I have used Dr. Miles Nervine to build  
form and find it the best medicine for the  
nerves I have ever used.  
Christiana Lester, Middleton, Tennessee  
Whenever I have over-indulged and feel  
restless I take one or two Miles Nervine Tablets  
just before I retire. In the morning when  
I awake I feel like a new person and one  
Miles Nervine Tablet quiet your nerves, brace  
you up and are the simplest, most con-  
venient means to take I have ever found.  
Miss Grace Redmann, St. James, Miss.  
Before using your Nervine I was very  
nervous and irritable. Since I have started  
to take it I feel so much better that my  
family notice the difference. I will take it  
from time to time and the good result is  
wonderful.

**"PLANT TO PROSPER"  
CONTEST OPEN IN COUNTY**

The new contest being sponsored by the Memphis Commercial Appeal in the interest of increasing diversification of crops among farmers of the South is open to Fulton County farmers, who have cooperated in the reduction programs, according to an announcement received Monday by County Agent O. R. Wheeler. With this announcement came a supply of entry blank forms to be filled out and submitted by the producer who signed a reduction contract and who desires to enter into "Plant to Prosper" competition. The contest is open to four competing states, three of which are Arkansas, Mississippi and Tennessee. The fourth state is a composite one, composed jointly of the cotton counties in the Commercial Appeal territory of Louisiana, Alabama, Kentucky and Missouri. Each producer who enters the competition will be supplied with a small book containing all the competition rules and monthly report blanks which are

to be turned in and upon which the basis for the County winners are to be selected. The closing date for entry is June 15th. A total of \$1000 in cash awards are to be made to the high scoring farmers in this area. Those farmers who have signed reduction contracts and who desire to enter the competition may use the entry blank printed in the Commercial Appeal or call at the office of the County Agent, and receive an entry blank. Mr. Wheeler states. In order for any county to be eligible to compete for prizes, there must be as many as five entrants from that county. Those farmers who are eligible to compete for this competition and who desire to enter, are requested to submit their entry at the earliest possible date.

**Excursion**

Hickman, Ky., May 10.—A daylight excursion on the beautiful Mississippi! Such an opportunity is rare indeed, but on Sunday, May 13th, the American Legion is bringing the rebuilt, safe, comfortable excursion steamer Idlewild to Hickman for a sightseeing daylight trip from 2 to 6 p. m. Schools, Sunday Schools, clubs, lodges and family

groups are especially invited to make this recreational and educational trip. The tickets are only 50 cents for adults and 25 cents for children. There will also be a special moonlight dance excursion on the Idlewild that night with music by Mose Wiley and his famous orchestra. Dancing at 8 p. m., boat leaves 9 p. m., returns 12 p. m. and the tickets for this are only 75 cents.

There will be no dancing on the afternoon trip and strict order will be kept. A program is being arranged with talent from many towns and cities in West Kentucky and West Tennessee. The Legion is making every effort to provide for the

comfort and pleasure of the hundreds who are expected to ride this daylight excursion and a good time is assured. Response already received shows the widespread interest in this trip, the first daylight excursion here in five years. It is expected that those who will come for this excursion will also inspect the half million dollar "seawall" now being built by the U. S. engineers here, one of the greatest engineering feats along the Mississippi river.

## TO OPEN NEW FAIR MAY 26

Lower Cost to Visitors; 84 Miles of Free Exhibits.

Chicago.—A new World's Fair will open here May 26.

It is not simply an encore of the 1933 Century of Progress Exposition. In addition to many startling new features it retains all those of last year's Fair that were too important and popular to leave out—but even they have been enlarged, changed and improved. This summer's Fair will cost little to see and little to get to. There are 84 miles of interesting free exhibits. The Exposition will look after the visitor's comfort hospitably, efficiently and inexpensively. Last year the average visitor spent only \$1.17 a day in the grounds.

**World's Greatest Fountain.** Workmen have torn down more than 100 of the old buildings. New ones have replaced them. The entire physical appearance is different, with new color and new landscaping everywhere. New lighting effects at night, even more daring than those of the 1933 Fair, surpass anything of the kind ever attempted anywhere. Scores of new exhibits have been added, one of them the largest ever built. Virtually every exhibit has over has undergone considerable change.

Comparable to the ferris wheel of the 1933 Fair and the sky ride of 1933, the outstanding single feature is the largest fountain ever built. It has a flow of water sufficient to serve a city of 1,000,000 population, and its spectacular lighting, in five colors, draws as much current as an average city of 150,000.

**Visitors "Tour World."** Fifteen "foreign villages," twelve of them new, all of them patterned after the lovely Belgian village of the 1933 Fair, make the Exposition more truly worthy of the name "World's Fair" than any predecessor ever was. They offer the visitor the unique opportunity of making, in effect, a tour of the world in a single day.

Eleven of the villages are on a street of their own, where the Midway stood last year. The old Midway has disappeared and a new and more thrilling one has been built on the Northerly Island beach.

On the street of foreign villages are reproductions of life and scenes in North Africa, England, the German Black Forest, Colonial America, Ireland, Italy, Tunis, Belgium, Paris and Spain; there is also a village peopled entirely by midgets. Elsewhere on the Fair grounds are a Dutch village, a Swiss village, a Mexican village and the Streets of Shanghai.

**Ford, Packers New.** New to the Fair is the exhibit of the Ford Motor company, with its \$1,500,000 exposition of the drama and progress of transportation, spread over eleven acres. Not the least important among its exhibits will be that of Henry Ford's own solution to the farmer's problem; he will show the farmer exactly how he can bring relief to himself by raising and processing soybeans.

The great packing companies, represented jointly last year, have come in separately, and in a big way. Swift and Company has the entire 23rd street bridge for exhibits, and has built a huge loud shell and amphitheater for free concerts. For ten weeks, beginning July 1, the Chicago Symphony orchestra will play there twice a day. Armour and Company tells the story of the progress of the industry in its large new building in the lagoon. Wilson and company has part of a packing plant actually in operation.

Standard Oil (Indiana) will present daily, in a new arena, a daring animal act with thirty-three lions and tigers performing in the same cage at the same time. Science will be made to perform seeming miracles every day in a scientific revue in the court of the Hall of Science. There will be plenty of free entertainment elsewhere on the grounds.

**Railroad Rates Lower.** The new Fair has more restaurants, better equipped to serve tremendous crowds. Meals will be lower in price; in fact it will be possible to buy a meal on the Fair grounds for as little as fifteen cents.

Rates for buses, lagoon boats, rickshaws and roller chairs have been reduced; in some cases they have been cut in half. Eighty per cent of all the tickets will be free.

Eastern, western and central railroad lines have announced that rates, in general, are even lower this year than last, in many cases with special-rate tickets honored in Pullmans as well as in day coaches. Bus lines have announced special low rates and so have air lines.

**Aid Auto Travel.** Hotel accommodations can be had in Chicago for as little as one dollar a day. Auto camps and private homes will accommodate visitors at correspondingly low rates.

Fourteen major highways lead to Chicago. Eight thousand Ford dealers throughout the United States have been organized into a giant travelers' aid organization to assist people in planning trips to the Fair. Oil companies have turned their gasoline stations into World's Fair information booths.

Everything possible has been done to make it easy and inexpensive for the throngs who will visit the new 1934 edition of "A Century of Progress."

### from the KEVIN KITCHEN by Joan Adams

Shortcakes to most of us mean those delectable strawberry shortcakes that grandmother used to serve—rich mounds of biscuit dough, rosy with crushed strawberries and topped with whipped or thick yellow cream. There's really nothing else quite like them.

However, we've been experimenting with the idea and have found that all sorts of delicious shortcakes can be made along this same basic idea. Luncheon shortcakes, hot biscuits split and buttered and then smothered in creamed chicken or tuna fish. Supper shortcakes, popovers filled with shrimp à la Newburg. (Men can't get enough of these shortcakes. And dozens and dozens of fruit shortcakes that make this succulent dessert a year-round instead of a seasonal dish.)

Just in case your grandmother never served you a strawberry shortcake made with berries plucked when still sprinkled with dew, or if she did, kept her recipe a deep dark secret we've included our favorite recipe here. And here's a banana shortcake that the children will adore. The Hawaiian shortcake can be served any time of year and is a boon to home-burgers when their guests drop in unexpectedly and stay on and on, with their lean and hungry look that means they really could be persuaded to stay to dinner if invited.

With these recipes as a start you will be able to concoct all sorts of tempting desserts for your family and guests.

**STRAWBERRY SHORTCAKE**  
2 cups flour, 3 teaspoons baking powder, 3-4 teaspoon salt, 1/2 cup of shortening, 1/2 cup milk, 4 tablespoons sugar.

Mix and sift dry ingredients and cut in shortening. Add liquid enough to make a soft dough. Divide the dough in half and roll or pat each half into the same size and shape. Place one layer on a greased pan, butter top slightly and top with the other layer. Bake in a hot (450 degrees) oven for 15-20 minutes. Split and cover with crushed, sweetened strawberries. Place other layer on top and cover with more crushed strawberries. Top with whipped cream and garnish with whole berries.

**BANANA SHORTCAKE**  
Gingerbread, 1/2 cup sugar, 1/2 cup molasses, 1-2 cup shortening, 1 teaspoon ginger, 1/4 teaspoon cloves, 1 teaspoon cinnamon, 1-4 teaspoon all spice, 2 eggs, 1 teaspoon soda, 2 1/2 cups of flour, 1/4 cup hot water.

Place molasses, sugar, shortening and spices in a mixing bowl and set in a warm place until shortening is soft. Beat thoroughly. Add hot water in which soda has been dissolved and add the beaten egg yolks. Sift in the flour and fold in the stiffly beaten egg whites. Bake in a greased pan in a moderate (350 degrees) oven 30-40 minutes.

Cut gingerbread into 2 inch squares. Split squares and spread with crushed banana to which a small amount of whipped cream has been added. Top with crushed bananas and whipped cream.

**HAWAIIAN SHORTCAKE**  
Crisp Waffles, 2 cups sifted flour, 2 teaspoons baking powder, 1 cup milk, 2 tablespoons sugar, 4 table-

spoons melted butter, 3 eggs, 1/4 teaspoon salt.

Sift measured flour, and baking powder, sugar and salt. Combine egg yolks, milk and butter. Add to dry ingredients, blending lightly until smooth. Fold in stiffly beaten egg whites, and bake in a hot waffle iron. Place a generous layer of crushed pineapple between two hot crisp waffles and top with whipped cream.

**FRUIT SHORTCAKES**  
3/4 cup sifted flour, 3-4 cup sifted sugar, 1/4 teaspoon salt, 1 teaspoon vanilla, 1 teaspoon baking powder, 4 eggs.

Combine baking powder, salt and eggs in bowl. Place over smaller bowl of hotwater and heat, adding sugar gradually until mixture becomes thick and lemon colored. Remove bowl from hot water. Fold in flour and vanilla. Line baking sheet with greased, waxed paper, pour in mixture and bake in a hot (400 degrees) oven 12 minutes. Cool and cut in three-inch squares.

Mix equal amounts of sliced bananas and orange pulp together and chill. Put fruit mixture between two layers of sponge cake and on top of cake. Top whole with whipped cream.

### THINK IT OVER DISAGREEABLE TRUTHS

It is sometimes a disagreeable thing to have to tell the truth. The head of the Iowa prohibition forces once raised quite a dust by his outspoken exposition of liquor conditions along the eastern border of that state and brought down on his head maledictions from many quarters, but he maintained his views.

No doubt it was not a pleasant duty for this leader to tell the truth. No doubt it would have been far more pleasant to have hid his head in the sand and declared the law was effective and everything going nicely.

The prophet Jeremiah had a hard task laid upon him. He was of noble birth you will remember, living at a time when the future of the Jewish nation seemed bright. It was then he was called upon to be the bearer of evil tidings, the messenger of the sure coming of Judah.

Such a mission is never pleasant or popular, but every age needs prophets who are brave enough to do that—Cassandra on the walls of windy Troy; Dante, flying from ill-counseled Florence; Carlyle, picturing the shame and danger of self-complacent England.

The country whose seers prophesy only smooth sailing, is in danger always. Think it over.

### MUSIC HATH CHARMS

I asked an old soldier once, as we stood listening to the music of a fife and drum at a soldier's reunion why in the grimness of war we always had bands of music. His reply was that music dispelled fear in the men and roused their drooping spirits, thus increasing their fighting qualities. But to me war and music seemed so incongruous.

O, wondrous power of music! How often has it brought peace and help and strength to weary and downcast pilgrims along the highway of life! It penetrates the bosom

and unlocks the doors of secret, self-consuming anguish, so that the sorrow flowing out may leave the soul unburdened and released.

It touches the chords of memory and brings back the happy scenes of the past. In rude mining camps cut off by the snows of winter; in the narrow cabin of the ship, ice-bound in the arctic seas; in the dark bare room of the prison cell, where captive soldiers, trying to beguile the weary hours away, tears steal down rough cheeks when some one strikes up the familiar notes of "Home, Sweet Home."

Music lends a strange sweetness to the past and makes, somehow, the troubles of the present easier to bear. It borrows the comfort of hope, it drops the threads of sorrow one by one and catches the beams of light reflected from the future and weaves it in, among its harmonies, blending, brightening and softening the mystic web until we are enclosed, we know not how, in a garment of consolation, and the cold tired heart finds itself warmed, rested and filled with courage.

Happy are they who know how to exercise it in simplicity and love. Happy are they whose life is cheered by the tender strains of music. Music has soothing powers which heal and cure sick, tired and ailing nerves, and the person who can enjoy relaxation while music penetrates his being, is lucky.

Think it over.

Operating revenues of the Illinois Central System during 1933 totaled \$87,958,555, a decrease of \$1,346,794 or 1.51 per cent as compared with 1932. The decrease from 1929 was a little more than 50 per cent. Operating expenses of the railroad, however, were reduced \$4,564,624.62 or 6.86 per cent, from 1932 to 1933, causing the excess of revenues over expenses to increase \$3,217,829.92 or 14.11 per cent, as compared with

Cecil Cruse, graduate of Murray College, has been elected principal of Cayce High School in Fulton County to succeed L. A. Kenneth Oliver, who will graduate from Murray State in June, has been elected as assistant in the Cayce school, succeeding Cruse to that place.
