At every turn we see new things. To-day there is a building going up, and tomorrow it may be finished. The people of the town are busy about their work, and there is no time for idleness. The streets are gay with the colors of the flags, and the windows are open to the warm and bright sunshine. The air is filled with the sound of carriages and horses, and the trumpets of the bands. The people are happy, and the town is gay.

The 22d of May will be a day of great rejoicing. The day will be spent in music and song, and the people will gather in the town square to listen to the music of the bands. The day will be a day of rest and relaxation, and the people will enjoy the music and the beauty of the day.
