The citizens around the square have been enjoying the singing by the colored teachers during the institute. There are some good voices in the crowd and the music is calculated to make their white friends jealous, of their good singing.

Mrs. B. S. Hunt left Thursday for Colorado, where she goes to be with Mrs. Pedler Stunston, who left here some four or five weeks ago in search of health. We are glad to learn Mrs. Stunston is regaining her health, and we hope the visit of Mrs. Hunt will only aid materially in her complete restoration.

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. T. A. Weldon.

Dr. S. J. Matthews left Thursday noon for Dawson to remain a few days and from there he goes to Robinson county, Tenn., where he will visit relatives and friends for a month or more. The doctor formerly resided in Robinson county and no doubt he will enjoy his visit and meet with many old friends. Rumor has it—well, don't ask us what. We don't believe it anyway.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. T. A. Weldon.

**C. E. Smith, of Lexington, Sells Twenty Square Miles of Mountain Timber Land.**

C. E. Smith, of Lexington, Ky., late of Richmond, Ky., who was at the Grand yesterday, has closed one of the biggest timber deals known to this section of the country for many a day.

"I have sold to a stove manufacturing firm of Vienna, Austria, the largest concern of its kind in the world, oak trees over an area of twenty square miles or more in Breathitt and Knott counties, Ky.," said Mr. Smith, "for \$250,000 cash. The company's inspector went over the entire tract with me and examined all of the timber carefully."

"This company has 5,000 men at work in this country now, every one of them imported. They are nearly all at work in the timber lands in Mississippi. A large force will soon be sent into the Kentucky field to clean up the trees purchased from me."

"Some years ago this company purchased from the Turkish government 600,000 oak trees, for which it paid \$17,000,000. It paid the Sultan \$35 for trees no better than I sold them for \$1.50, so its inspector informed me. It manufactures kegs and wine casks from two to ten feet in length, and it is corraling all the oak timber in this country it can get."

Mrs. Ethel Vaughn sues her husband, Alvin Vaughn, for divorce on the grounds that he is insanely jealous of her without any just provocation. The parties in the suit are reputed to be of the best families near Water Valley, and the matter is deplored by their neighbors. Attorney T. L. Wallace filed the petition.
