ROOSEVELT STATES FARMERS MUST BE GRANTED PAYMENT

NATIONAL COUNCIL HOLDS SPECIAL MEETING

The National Council of Farmers, meeting in Chicago, Illinois, on Tuesday, July 14, 1936, decided to petition Congress for the passage of legislation to provide for the payment of all unpaid interest on farmers' loans.

The Council, in a statement issued after the meeting, said that it was imperative that Congress take prompt action to provide for the payment of all unpaid interest on farmers' loans, as the failure to do so would tend to retard the recovery of the farming community.

The Council further stated that it was the belief of the National Council of Farmers that the payment of all unpaid interest on farmers' loans was in the best interests of the farmers and the country as a whole.

The Council also urged that the legislation be passed without delay, as the failure to do so would tend to retard the recovery of the farming community.

THE WEATHER GUESS

KENTUCKY AND TENNESSEE

A much change is expected in the weather this week, with temperatures dropping sharply in the area. This will be due to the approach of a cold front from the north. The front is expected to move through the area on Friday, July 17, bringing a sharp drop in temperatures and a chance of rain.

The low temperatures are expected to last through the weekend, with a high chance of precipitation on Saturday and Sunday. The area is advised to take precautions for the colder temperatures, including dressing warmly and keeping an eye on the weather forecast.

The National Weather Service advises residents to stay tuned to local weather reports and to be prepared for the possibility of changes in the weather. It is also recommended that residents check their heating and cooling systems to ensure they are functioning properly in case of colder temperatures.

TUESDAY AFTERNOON CLUB WITH MRS. HAPFORD

MRS. HAPFORD, gentlemen's high score for the ladies and hosts last evening at their home on College Street to the members of the Tuesday afternoon club for playing the game of progressive contract. Mrs. Hapford held high score for the ladies and received hose as a prize and presented a lovely sandwich plate to her guests.

The following Fulton fans attended the members and the following tables of members were present:

Miss Cordelia Brann delightfully played during the social hour. A delightful salad course was served; also several colds and nuts throughout the evening.

The head wobbler and the head answerer were naval sutlers. A practitioner, whose practice is the mildest of all of these habits, knowing that it should be broken up, beat someone's habit with all of his might. A purposeful habit, it is in the same way that it gets to be a habit, and that is the same way that it is beyond control.

Tantrums go a step beyond crying. It is in the same way that it is, and the only cure there is for New Orleans to attend the Illinois College, Public Doctor.
