The Listening Post

CARR INSTITUTE and High School students saw a three-legged porcupine walk on its tail. The cry like a baby this morning. The owner of this animal, Billy Parrish, also showed them his gopher, an animal which is half red wolf and half dog. Mr. Parrish has shown these curious animals in Jackson, Tenn., Elizabethtown, Bowling Green, Louisville and other public high schools.

BIOLOGICAL FACTS are always interesting to me, and here are some that are unusually so: the average weight of the male infant at birth is 7 pounds; that of the female infant, not quite 6 1-2 pounds; the fullgrown adult is 20 times as heavy as a new-born infant; a child triples its weight in the first year; towards the age of 12, boys and girls have the same weight; the male attains his maximum weight about the age of 40, and he begins to lose it toward 60. At 30 he loses about 13 pounds, and his stature is diminished about 2 3-4 inches; females attain their maximum weight about 50; the mean weight of both sexes in old age is that which they had at 19; the weight of the remains of a human adult body after cremation varies from 2 1-2 to 11 pounds. The ashes of a man weighing 135 would weigh more than the ashes of a woman weighing 160 pounds, it is stated; the gray substance of a brain represents 37 to 38 per cent of the total weight of the brain.

AND STILL the money keeps coming in for relief of the flood sufferers in the flooded area; today we have \$1.00 from Guy Duley, \$2.00 from Fred Roberson and \$1.00 from Theodore Kramer. This money will be forwarded on to Washington immediately.

A COMMITTEE of the Fulton Woman's Club composed of Mesdames L. J. Clements, Chairman, John Earle, J. O. Lewis, Norman Terry, Vodie Hardin, and Carl Hastings, are working hard this week in preparation for their hobby party to be given next Wednesday at the Woman's Club. The party will begin at 3 o'clock and everyone is cordially invited to come see the different hobbies maintained by Fultonians. A most interesting program has been planned. For tickets see any one of the above mentioned members of the committee.

I WITNESSED a wedding this morning. The bride and groom, both colored, came into the Police Judge's office to be married by Squire Bowers. I had heard weddings performed by ministers and one Magistrate before, but had never been present when Squire Bowers performed a ceremony. He makes it sound serious and businesslike, and does not take long in tying the knot. It'll take a heap longer to untie that knot than it did to tie it.

ONE 50 cents was invested by this office the other day which purchased a whole lot of things. It bought the world, the waters, Will Rogers and the President of the United States. All in colors, too. It's a very good 50 cents worth.

THE FIRE department was called to extinguish a blaze at the Reed Motor Company this morning at 9 o'clock when some gasoline on the floor and an acetylene torch came in contact with each other. The fire had been extinguished by extinguishers by the time the fire department reached the place, and no damage was sustained.

WANT TO DATE an airline hostess? It's not easy, but Joan Bennett has discovered, for the benefit of male passengers, how it can be done. Miss Bennett did her research as a sort of sideline in studying for her role in "Thirteen Hours by Air," which shows at Warner's Sunday and Monday. She says, "If you aim to take out one of the girls who looks after the comforts of air passengers, don't call her a stewardess; don't attempt to tip her, because she might lose her job if she accepts, and it's embarrassing to refuse, but the most important thing to know is to ask her for a date, for (Continued on Page-2)

EDEN CALLS UPON GERMANY TO PUT END TO ANXIETY

DECLARES ANY NEW GERMAN PROPOSALS WILL BE GIVEN FAIR HEARING

London, March, 26.—(AP)—Anthony Eden, Foreign Secretary of Great Britain, called upon Germany anew to "do something to allay the anxieties of Europe" today in a ringing re-affirmation of Great Britain's obligations under the Locarno Treaty in House of Commons debate.

This reaffirmation means that Great Britain continues ready to fight for France and Belgium if they are attacked by Germany.

But in the strongest speech he has made since becoming Foreign Secretary, Eden asserted "It is fantastic to suggest that we be tied to the chariot wheels of this or that foreign country."

He said any new German proposals, which he declared were necessary, will be given a full and fair hearing by Britain, France he demanded, must have an open mind as well. Germany, he disclosed has refused to guarantee not to fortify the Rhineland.

The speech surprised political quarters by its strong talk to France as well as to Germany.

"I do not intend to approach the problems of the immediate future with the idea of being bound by divergent policies either to France or Germany," he asserted.

Eden painted a particularly grave picture of the situation, saying "I do not view the future with a light heart."

The recent Locarno proposals he told a packed House, came when "peace was in the balance." He said he felt that these proposals allayed the "immediate prospects of steps being taken which might have led to war."

BRITAIN PONDERING CONCILIATION PATH IN RHINE WRANGLE

LONDON, March 25.—(AP)—Seeking path of conditions in the Locarno crisis, Great Britain was still caught tonight between unreconciled French and German claims.

Anthony Eden, youthful foreign secretary, following conversations with French, German and Russian diplomats today, will give a full accounting to the House of Commons tomorrow and his actions during the past fortnight, one of the gravest in post-war years.

Debate on foreign policy in the commons is expected to produce especially bitter attacks on the four power Locarno proposal to police the Rhineland and what some critics called the entanglement of Great Britain in what is tantamount to a military alliance with France.

Prime Minister Stanley Baldwin has already told the House of Commons he hoped anxieties over the four-power proposals "will be considered allayed" by an assurance Joseph Paul-Boncour, French minister of state, gave Eden that the rift between the French and the British on the question of negotiating with Adolf Hitler was "more apparent than real."

This was offset, however, by an interview between Eden and Joachim Von Ribbentrop, Hitler's special ambassador, which authoritative quarters described as "not very helpful."

MRS. J. R. GRAHAM DIES IN FULTON HOSPITAL

Mrs. Annie Johnson Graham, age 62 years, of 515 Third street, wife of J. Ray Graham, Sr., passed away at 4:30 p. m. Thursday, March, 26, 1936, at the Fulton Hospital, after an illness of four weeks.

Mrs. Graham was the daughter of Mrs. Fannie Johnson and the late R. H. Johnson, and was born and reared in Clinton, Kentucky. Her marriage to J. Ray Graham, Sr., was solemnized on October 27, 1892, and to this happy union seven children were born, six of whom survive.

In 1902 Mr. and Mrs. Graham and family moved to Fulton, where they have since made their home, and where Mrs. Graham has endeared herself in many ways to her many friends. Always quiet, unassuming, patient and kind, her life was interrupted thirteen years ago when she underwent a serious operation, since which time she has been forced to remain inactive in her church and social duties which she loved to perform. She was a member of the First Methodist Church of this city, and a very active worker of the Woman's Missionary Society and Susana Wesley Bible Class until her health would no longer permit. Since this time she has managed her household duties, taken a keen interest in the outside world and the coming and goings of her family from her chair or room. The lives of the six children whose footsteps she so carefully guided are a credit to Mrs. Graham, and the parting was made more difficult because of the fact that she was always there to share the joys and sorrows of each member of the family when they arrived home.

She leaves her husband, three sons, Ray, Wilbur and Robert, three daughters, Mrs. Lawson Roper, Misses Mildred and Ruth Graham, two grand children, Anna Frances Graham and Elizabeth Ann Roper, all of Fulton, her mother, Mrs. Fannie Johnson Graham, of Clinton, two sisters, Mrs. Radie Pearce of Clinton, Ky., Mrs. John H. Latta of Water Valley, Ky., and one brother, C. H. Johnson of Detroit, Mich.

Funeral services will be held at the residence 515 Third street, by her pastor, Rev. E. M. Mathis, at 2 p. m. Sunday, March 29th, and interment will be at the Clinton Cemetery in charge of Winstead Jones & Company.

REFUSE PAY CLAIMS OF 'FIRED' EMPLOYEES

Frankfort, Ky., March 26.—(AP)—An order directing that the pay claims of eight employees of the State Fair whose dismissal was ordered Tuesday by the State Board of Agriculture be refused effective yesterday, the date of dismissal, was entered today by the Board of Finance and Budgetary control.

Attorney General B. M. Vincent yesterday ruled that the board of Agriculture exceeded its authority in dismissing the employees and advised Commissioner of Agriculture Garth K. Ferguson to instruct the employees to continue their services.

The Finance and Budgetary Control Board is composed of Governor Chandler, State Auditor Ernest E. Shannon, State Inspector and Examiner Nat B. Sewell, and Walter Mulberry, secretary to the Governor.

OKLAHOMA CITY, March 25.—(AP)—Oil drilling crews started a "black gold rush" into the heart of an Oklahoma City residential district tonight.

With 13 drilling permits granted and many more on file, crews prepared to blast derick locations in the thickly populated area opened for oil development by a special election yesterday.

A 100-foot derick soon will be erected opposite the state capitol, said officials of the Hall and Briscoe Oil Company.

"It will be almost on the doorstep of the capitol building," from where Gov. E. W. Marland directed his fight against the encroaching wells, grinned E. V. King, company secretary. Actually the rig will be across the street, 69 feet back of the curb line.

The thud of drill bits and pumps will be heard in a new bungalow district, adjacent to the exclusive Lincoln terrace residential section. Other derricks will be raised in a nearby commercial district along busy Twenty-third street traffic-way.

An Old Song In A New Setting

Premier Showing of "13 Hours By Air" At Orpheum Theatre Sunday and Monday

GREAT CAST HEADS NEW PICTURE WITH FRED MACMURRAY AND JOAN BENNETT IN LEADING ROLES

Fred MacMurray and Joan Bennett play the leading roles in "Thirteen Hours By Air," exciting story of murder and intrigue.

On a transcontinental transport plane, which is showing Sunday and Monday at the Orpheum Theatre, Warner Bros. were able to get Paramount to select Fulton as one of the key cities for the Premier of this outstanding new hit.

In the cast which supports them are Zasu Pitts, John Howard, Benjie Bartlett, Grace Bradley, Alan Baxter, Brian Donlevy, Ruth Donnelly and Fred Keating. The film, much of it made in the sky and at airports on the New York-San Francisco route, is authentic in every detail.

The story of "Thirteen Hours By Air" opens at the New York terminus of the route, where MacMurray, senior pilot of the airline, has just arrived to begin a vacation. When one of the other pilots is taken ill, he is ordered to take his place. He is on the point of refusing when he spies the lovely Miss Bennett, who is to be a passenger, and changes his mind.

LIVING COST FOR WAGE EARNER UP

Washington, March 26.—(AP)—The Labor Department reported today that the average cost of living for the wage earner and low salaried worker in 32 large cities had increased 0.7 per cent during the three months ended January 15.

Secretary Perkins attributed most of the gain to an advance of 1.8 per cent in food costs, although slight increases in the cost of clothing, rent, fuel and light also were factors.

Since the low point of the depression—June, 1933—the cost of living had advanced 9 per cent.

TUGWELL SEEKS SUBSIDY FUNDS

WASHINGTON, March 25.—(AP)—Resettlement Administrator Rexford G. Tugwell revealed today that a special committee is working on a plan to procure for his 450,000 rural rehabilitation clients full subsidy payments from the new AAA soil conservation program.

The resettlement administration said that its list of rehabilitation families is increasing daily toward a goal of 525,000 to be reached in July. They are composed of those who have been, or who were about to go on relief rolls and to whom the administration granted loans to help the families regain a self-supporting basis.

ARREST MAN FOR COLLEGE BREAKING

Murray, Ky., March, 26.—(Sp.)—Paul Redden, of east of Murray was arrested this morning on a charge of housebreaking in connection with the entering of Murray State College administration building several weeks ago. Two others were previously arrested and all three are out on bond. Redden is also being held on a statutory charge and awaits the action of the April grand jury.

FIND VARIATION IN ATTIC FLOOR, KIDNAP LADDER

HOFFMAN SAYS WOOD EXPERT DOES NOT BELIEVE RAIL 16 OF THE LADDER CAME FROM BRUNO'S ATTIC FLOORING

Trenton, N. J., March, 26.—(AP)—Governor Harold G. Hoffman said tonight a federal wood expert who accompanied him on today's inspection of the attic of Bruno Richard Hauptmann's former home in the Bronx did not believe rail 16 of the Lindbergh kidnap ladder came from the attic flooring.

The governor issued a summation of the report, made to him by Arch Loney, of the Department of the Interior, Washington, in which Loney said the examination "of the flooring with callipers showed a variation between ladder rail 16 and the wood used for the attic floor."

At the end of his long statement the Governor said his examination of the disputed board would be carried on further.

While the Governor was issuing his statement one was given also by Prosecutor Anthony M. Hauck, Jr., of Hunterdon county, who with Attorney General David T. Wilentz, Hauptmann's chief prosecutor, and Arthur J. Koehler, federal wood expert and major state witness, accompanied the Governor on his inspection trip.

Governor "Not Impartial" Hauck said the Governor's investigation "is not impartial and is very unfair."

JESSE LIVERMORE FREES HIS MOTHER

SANTA BARBARA, Calif., March 25.—(AP)—Jesse Livermore, Jr., 16, son of the Wall street operator, exonerated his mother, Mrs. Dorthea Livermore Longcope, today of shooting him last Thanksgiving by terming the affair an "accident."

The youth's testimony caused Justice of the Peace Ernest Wagner to dismiss charge of assault with a deadly weapon with intent to commit murder against Mrs. Longcope.

Taking the witness stand at Mrs. Longcope's price-postponed preliminary hearing, young Livermore said he staged a mock death scene to chide his mother for questioning him to stop drinking.

"I lay on the floor enacting the death scene and pushed the .22-caliber rifle into my mother's hands," he said. "She was reluctant to take it and as I tried to force it into her possession, the gun went off." He was wounded seriously in the chest.

Dr. Neville Ussher, who attended the wounded boy, said he also examined the mother early Thanksgiving day, and found her so intoxicated he did not believe she could remember anything she might have said at the time.

CRUTCHFIELD WOMAN DIES AT HER HOME

Funeral services for Mrs. Viron Sutton, age 28 years who passed away at her home near Crutchfield Thursday morning, March 26, 1936, were held at Chapel Hill at 10 o'clock this morning, conducted by Mrs. Persie Sullivan and burial occurred at the nearby cemetery in charge of Winstead Jones & Company.

The deceased had been ill only a short time of pneumonia. She was born and reared in Lake County, Tennessee, and leaves to mourn her death her husband and five children.

COMPLETE BUDGET SESSION AS BILL IS GIVEN APPROVAL

GENERAL ASSEMBLY ADJOURNS SINE DIE AFTER PASSING GOVERNOR'S APPROPRIATION BILL IN FORM DESIRED

Frankfort, Ky., March, 26.—(AP)—The special budget session of the Kentucky General Assembly adjourned sine die late today after giving to Governor Chandler a biennial appropriation bill in substantially the form he desired.

The session, the third this year and the second special meeting since Governor Chandler took office, was in the capital eighteen days at a cost estimated by State Inspector and Examiner Nat B. Sewell at \$43,200.

As members left for their homes tonight, they were notified informally by Governor Chandler to return Monday at 2 o'clock to tackle the task of raising in the neighborhood of \$11,000,000 to balance the budget. The Governor estimated about thirty days would be required to complete the revenue-raising job, after which, he said, a fourth special session will be called for miscellaneous legislation.

House Approves Bill

The 94 to 3 vote by which the House of Representatives approved the budget bill came after a brief discussion of the measure, appropriating, according to Sewell's tabulations, \$24,346,187.21 for the fiscal year ending June 30, 1937, and \$24,372,168.60 for the year ending June 30, 1938, exclusive of highway funds which are not budgeted. Included in the total for each year, Sewell pointed out, are \$600,000 for highway administration, \$45,000 for the motor division and \$85,000 for the motor vehicle tax division of the Revenue Department; \$60,000 for the Workmen's Compensation Board, \$200,000 for commissions and fines and forfeitures, \$250,000 for county truck license refunds, and \$400,000 for Jefferson county fees.

CHEVROLET BOOKKEEPERS AND PARTS AND SERVICE MEN MEET AT USONA

Fifty-eight bookkeepers and parts and service men of the Chevrolet Motor Company met at the Usona Hotel last evening for their regular monthly banquet and meeting. The dinner was served at 6:30 in the dining room.

Immediately following the banquet two meetings were held separately, the parts and service men in one room, and the bookkeepers in another. E. M. McCall, Assistant Zone Manager of Memphis presided over the bookkeepers' meeting, and the parts and service meeting was presided over by Earl Schmitz, parts and service manager of Memphis.

A picture of the men seated at the banquet table was taken by C. L. Gardner. This club has the best attendance record of any club in Tennessee or Kentucky.

COMMENT

APPRECIATION

I must ask the indulgence of
the good people of this commu-
nity for so many personal things
appearing in the paper during the
past few days. But there yet re-
mains one duty and a duty which
I am glad to meet. This will write
"thirty" to these things.

I might if I wished write a for-
mal card of thanks, and it might
be sufficient. But I would never
feel that I had adequately expressed
my own thanks and the appre-
ciation of others of my family if
I did confine this to a formal card
of thanks. For surely no person
has ever been blessed with such
staunch friends as this writer. I
knew that I had friends, and I
knew the one who has gone was
loved by many people. But I did
not know how well he was loved,
and did not know what kind hearts
the people of this community re-
ally have. I know these things now.
So many people have clasped my
hand and stammered out words
that were not intelligible. So many
have said they did not know how
to express their feelings. So many
have said words which brought
comfort. So many have told me
things about the one who has gone
that I never knew before. I have
learned of many kind deeds which
he did and of which he never told
me. I am not surprised at this, for
I know that no man knew him as
well as I. And no matter whether
I understand the words that were
uttered, no matter if no words
were said, I did understand and
my heart was comforted.

And from far off these came a
stream of messages from those we
knew in other years. Men with
whom we grew up as youngsters,
and whose paths have not crossed
ours in many years, wrote words
of cheer and hope. Can one wonder
that I feel a formal card of
thanks would be inadequate? I
feel that even in sorrow I have
been blessed with a benediction. I
have felt in a sense, the peace that
I have discovered that in spite of
all its faults, and in spite of all
evil, this world is a rather un-

IS THERE ANY DIFFERENCE IN GALVANIZED ROOFING?

Here is what the manufacturer from whom
we buy our roofing has to say:

We guarantee "AJAX BRAND" Super Coated Galvanized
Roofing:

That it is super coated with a thick, uniform layer of pure
zinc averaging 1 1-4 ounces per square foot.

That it is the heaviest coated galvanized roofing made to be
sold without premium.

That it will outlast any other standard brand galvanized
roofing.

derstanding place. For these things
I thank the God who knoweth all
things, and who does nothing by
chance. There can be no bitterness
in my heart when I have been
made to feel these things. There
can be no bitterness that I was
marked for this sorrow. I accept
it as something that must come
to all, and sincerely I thank the
hundreds who have been so loving
so kind, so understanding.

Tomorrow the pages must turn.
We cannot hold back the march
of time. Men pass, we remember
them, but we must go forward.
This I must do from henceforth,
but ever afterwards I will be more
humble, more charitable, more
understanding of people.
