COMPLETE BUDGET SESSION AS BILL IS GIVEN APPROVAL

GENERAL ASSEMBLY ADJOURNS JUNE 6 AFTER PASSING BILL IN FORM DESIRED

FRANKLIN, Ky., March, 26—(AP) The special session of the General Assembly adjourned today after passing a bill in form desired by Governor Chandler.

The session, which was called to adjourn Saturday afternoon, was adjourned at 6 p.m. after a brief session.

The bill, which has been in the legislature for several months, is designed to give the General Assembly the power to pass laws for the government of the state.

The bill was introduced by Governor Chandler, who said he had been working on it for several months and was pleased with the result.

The bill passed both houses of the legislature with little difficulty and was a major step in the process of reforming the state's government.

Governor Chandler said he was pleased with the result and was looking forward to working on other bills in the future.

The session ended with the passage of the bill, which will now go to the governor for his signature.

The governor is expected to sign the bill and send it to the legislature for final approval.

The bill is expected to be signed by the governor this week and will be sent to the legislature for final approval.

Governor Chandler said he was pleased with the result and was looking forward to working on other bills in the future.

The session ended with the passage of the bill, which will now go to the governor for his signature.

The governor is expected to sign the bill and send it to the legislature for final approval.

The bill is expected to be signed by the governor this week and will be sent to the legislature for final approval.

See the Fairbanks-Morse Conservador

Before Buying an Electric Refrigerator

Only the Fairbanks-Morse has the Conservador, an inner door immediately behind the main door that carries an array of chores for storing most frequently used items. By converting the cold air down to a unit of electric current.

The Conservador provides more usable space, thereby making each Fairbanks-Morse unit equal to one much larger to wide opens. Last but not least, the Fairbanks-Morse Conservador will cut down on electric current.

Let us tell you about some points and others concerning this wonderful new Electric Refrigerator.

aroma... it's as much a part of Chesterfield as the taste

Did you ever notice the difference in the aroma of Chesterfield tobacco?

Every person who knows about tobacco will understand this... for to get a pleasing aroma is just like getting a pleasing taste from fruit.

Mild ripe tobaccos, home-grown, and welded with the right kind of tobacco from far-off Greece and Turkey (Samoun, Smyrna, Xanthi and Cavalla),

... that's why Chesterfield has a more pleasing aroma.
