City Clerk—Thomas H. Chapman.
City Attorney—Jess F. Nichols.
City Treasurer—Geo. T. Beadles.
Treasurer of City Water Works—Bertis Pigue.
Police Judge—H. F. Taylor.
Chief of Police—Bailey Huddleston. Night Police, Ed Drysdale, Harve Hart.
Street and Water Supervisor—J. E. Rankin.
Chief of Fire Department—Lee Roberts.
Cemetery Sexton—M. R. Baulch.

Council Proceedings

The city council met in regular session Monday night, January 4, with Mayor R. H. Wade presiding and the following councilmen present: L. S. Phillips, W. P. Murrell, Paul DeMyer, Joe Bennett, J. E. Hannephin, Smith Atkins. City Clerk T. H. Chapman read the minutes of the previous meeting which were approved, after which the various accounts were O. K'd and ordered paid. After finishing up the old business, the retiring mayor, in a few well chosen words, thanked the city council for their cooperation and vacated the chair, announcing that the new mayor take his seat. After being sworn in by Judge H. F. Taylor, amid deafening applause by one of the largest crowds in attendance at a council meeting in many years, the new mayor, W. O. Shankle, took over the reins of city government with his well selected councilmen.

In taking his seat, Mayor Shankle welcomed the audience and assured them that he and his co-workers would appreciate their cooperation in any way possible to make Fulton a better town in which to live and when any one had a grievance of any kind, to report same to the proper ones, which he would name on the various committees as follows:

Committees

Finance—Joe Bennett, Chm., W. P. Murrell, Smith Atkins.
Police and Fire—Ed Hannephin, Chm., Joe Bennett, W. P. Murrell.
Streets and Sidewalks—Paul DeMyer, Chm., Smith Atkins, Ed Hannephin.
Cemetery—L. S. Phillips, Chm., Joe Bennett, Paul DeMyer.
Water Works—W. P. Murrell, Chm., L. S. Phillips, Ed Hannephin.
Lights—Smith Atkins, Chm., L. S. Phillips, Paul DeMyer.

The next order of business was the appointment and election of officers as follows:

Thos. H. Chapman, City Clerk; Bailey Huddleston, Chief of Police, and his assistants, Ed Drysdale and Harve Hart; Geo. T. Beadles, City Treasurer; Bertis Pigue, Treasurer City Water Works; Lee Roberts, Chief of Fire Department; J. E. Rankin, Street and Water Supervisor; Mr. Baulch, Cemetery Sexton.

While Jess F. Nichols was elected in the regular November election as City Attorney, an ordinance had been passed previously that the City Attorney be appointed, so the council unanimously voted Mr. Nichols City Attorney to make a good job of it. After being sworn in by Judge Taylor, Mr. Nichols addressed the city officials and audience in a few well chosen words and asked the cooperation of the citizens in preserving the law.

All of the new officials were

sworn in by Judge H. F. Taylor, who had administered the oath of office to many city officials in the past.

In taking over the office of Chief of Police Bailey Huddleston made a splendid talk. Mr. Huddleston has served the city as Chief of Police before, also served the County as Sheriff, so the work is not new to him. His announcement as Chief of Police Monday night was greeted by the audience with hearty applause.

After deferring other appointments until the next session the Council adjourned to meet in call session Monday night, January 11th, when the sewerage question will be a feature.

Progressive Fulton Will Forge Ahead

Nineteen Hundred and Twenty-Six Promises to Be Busy Year

The buzz of the industrial whirl in Fulton is beginning to be heard as we stand on the thresholds of the New Year, and 1926 promises to outclass all former years in the city's progress.

Cooley and Sadler have already opened the new Federal Laundry located at 118 Lake street.

The West Kentucky Finance Company, with Smith Atkins, manager, has opened its office for business.

Plans are under consideration for a handsome building on the vacant lot adjoining the Franklin store to be occupied by the Farmers Bank and other businesses.

The new \$75,000 Methodist church building on the lot now occupied by the old Lewis tobacco barn will probably be started before the year closes.

A business block at several store rooms and a large auditorium above with a seating capacity of 1,500 is rumored.

City bonds voted in November, 1925, will be sold and the \$70,000 sewerage system will be built.

The Federal Aid road between Fulton and Hickman will be hard surfaced and completed this year.

The Illinois Central Railroad will continue its road building, and make other improvements of a substantial nature which may startle the inhabitants by the gigantic nature of the project.

A number of new dwellings are also under consideration and the building outlook for the residential section of the city is flattering. Few cities in the Purchase has kept up with Fulton along this line in recent years. The R. H. Wade stone residence recently completed on Carr street is one of the most handsome in Western Kentucky.

ROBERT'S CLOTHING CO.'S SALE NOW ON

Prices Have Been Cut Deep
on Winter Wearing
Apparel

A sale of unusual interest to the people of Fulton and surrounding territory started Wednesday, January 6, at the Roberts Clothing Company's Store on Main Street. This firm has entered its fourth year in business and to show their appreciation for the splendid patronage given them, have cut on their entire stock of merchandise in their first January Clearance Sale. Their stock consists of a splendid line of Suits and Overcoats for men and boys; Shoes, Hats, Shirts, Underwear and Gents' Furnishings, also Ladies' Hosiery.

It is an ideal time to supply your needs with winter merchandise at reduced prices, as the coldest weather is yet to come when good warm wearing apparel will be essential for comfort. The high-grade merchandise carried by the Roberts Clothing Company should appeal to the buying public who are particular about their dress.

County Officials of Fulton County

Start Their Terms of Office
With Zeal and Energy

Monday was a busy day around the courthouse at Hickman when the new officials were conducted into office and took charge of county affairs.

The new ones are Miss Effie Bruer, who succeeds O. C. Henry as county clerk. Miss Bruer goes into office with eight years' experience as deputy circuit clerk and other clerical work. She is Fulton county's first woman County Clerk, and under the splendid training of Wes Morris and experience she has had in county affairs, is fully capable of filling the office with credit to herself and the overwhelming majority of voters who placed her in office.

By her lady-like manner in making her race for office she won the confidence and admiration of both men and women throughout the county and it is the editor's prediction that no one will be disappointed during her term of office. We understand that Miss Bruer will be ably assisted by Mrs. O. C. Henry, who was the efficient assistant of her husband, the retiring clerk, who has engaged in the furniture business, having purchased the business of Gaither Jones.

John M. Thompson, of Fulton, is the new sheriff, and succeeds Mrs. J. O. West, who filled her husband's unexpired term. Mr. Thompson is one of the county's successful farmers and is a man whom the people have the utmost confidence in filling the office with satisfaction. As his office assistant he has associated with him his son, Abe Thompson, who is a university graduate in electrical engineering, and a young man of admirable character and sterling worth. Chas. L. Moore of Hickman, was the first deputy sheriff Mr. Thompson appointed. It will be remembered that Mr. Moore made the race for commissioner and was defeated, but carried his home town by an overwhelming majority, demonstrating his popularity and high esteem in which he was held by those who knew him best. Mr. Wall, of Hickman, who has also been appointed deputy, is known as the Mengel deputy. He has held this appointment for many years.

Charlie Bondurant, of Cayce, is new tax commissioner, succeeding Henry Coffee, who filled out his father's unexpired term of about two years. Mr. Bondurant is well qualified to fill the office, having served as deputy commissioner several years and received A grade when examined for qualification. He is a man of pleasing personality, of high moral character and highly esteemed by his large acquaintance.

Lon Adams of Fulton, succeeds himself as County Attorney, having been re-elected to the office by a handsome vote. Mr. Adams has made the county an excellent official, and while he has no doubt made some enemies in the official discharge of his office, like all attorneys do, he has won the confidence and admiration of the people by the faithful performance of his duties. Before being elected County Attorney, Mr. Adams represented the people of Fulton and Hickman counties in the state legislature.

R. L. (Tobe) Jackson, of Hickman, succeeds himself as Jailor, having been elected without opposition. Mr. Jackson is said to be one of the best jailors the county ever had and has won an enviable reputation for himself during his term of office.

Service Is Slogan Of City Garage

Just Installed Truck Completely
Equipped With Speedy
Wrecking Outfit

In passing the City Garage, located at 110 Lake street, a few days ago our attention was attracted to a truck completely equipped with a wrecking outfit and on investigation we learned that Earle & Taylor, the proprietors of the City Garage, had installed this new wrecking outfit for speedy work when a motorist was unfortunate in getting "stuck", or happened to an accident of any kind.

"Better Service—That's our slogan for 1926," said Mr. Earle, "and with our speedy wrecking car we can render the best of service and get a motorist out of trouble in short order. We go any place. Just telephone 38, night or day, and see how quickly we do the job."

Motorists can ride more comfortably now knowing this service is ready should they need it. It is a step forward in the line of progress for the City Garage, the well known dealers of Chevrolet cars.

The proprietors of this garage are both expert mechanics and their long years of experience in the automobile business has taught them just what is needed to give the most pleasure to motorists.

U. S. AID ON HIGHWAYS

The total U. S. allotment for aid on highways for the year, beginning July 1, 1926, is \$73,125,000 of which Kentucky's apportionment is \$1,416,809. This should be good news for Fulton county as it practically assures us that the Federal Aid road between Fulton and Hickman will be completed this year. Esq. S. A. Hagler informs us that part of said road, Fulton to State road has already been taken over by the government and that work of hard surfacing will probably begin in July and pushed to completion through to Hickman.

Squire Hagler has devoted much of his valuable time on road work, and has also given much attention to securing the right-of-way for the connecting link of highway towards Clinton for which the people are due him a vote of thanks as no money consideration was awarded him for this work.

LOOSE LEAF FLOOR OPENS JAN. 12.

The loose leaf floor will open officially on Tuesday, January 12, and continue open to the end of the season, according to a statement made by officials Monday.

The past few days of fog and mist have been particularly beneficial to the condition of the new crop and from all accounts, the farmers have been taking every advantage of the weather to strip and sort their crops.

In conversation with tobacco men it was learned that the crop this year is considered one of the best grown in the past ten years. While the length is not so great as in some years, the body is said to be exceptionally heavy and should bring a much more satisfactory price than usual.

A noticeable number of loads were coming in, and the indications were that the deliveries would continue to increase unless the road conditions became such that hauling could not be done.

ESQ. McDADE'S WORK GETS GOOD RESULTS

Jefferson Davis Highway from
Fulton to Union City
Assured

Squire McDade attended the regular monthly meeting of the Obion County Fiscal Court on last Monday, at Union City, and returned to Fulton filled with joy at the success of his long fight to obtain the building of the Jefferson Davis Highway from Fulton to Union City as originally surveyed. The action of the Obion authorities made the official route according to the survey but it has been a long, hard fight to prevent the road from being built by way of Jordan, thus cutting Fulton off from the Davis trail.

The highway will start near the Meacham farm, just west of the old overhead bridge and run in virtually a bee-line to Union City, and will enter Fulton from Mayfield, coming through that town from Paducah.

The contract will be let February 11, and the cost of the Fulton-Union City section, including work, drainage and right-of-way is estimated to cost approximately \$120,000.

From Union City the route will be through Bristol to Memphis.

Great credit is due Squire McDade for his strong fight to obtain this road as now decided, for there has been a strong fight put up to have it run through Jordan and north from there to Cayce, Moscow and Clinton, thence to Mayfield. This, of course, meant that Fulton would be left out entirely, and the final decision is almost entirely due the Squire's efforts to have the original survey adhered to.

Seminole Conductor Retired

J. A. Cunningham, conductor on the Seminole between Jackson, Tenn., and Birmingham, Ala., has been retired on pension, effective January 1, 1926. When rendering his last reports on his last trip, "Uncle Joe," as he is known, wrote "Good bye—farewell, this is my last trip." Mr. Cunningham had reached the age of 70 years which automatically retires him on pension, and has had 35 years service with the Illinois Central. He is known to thousands of patrons of the Illinois Central, and has made many friends for the railroad.

Brakeman Saves Life of Woman

On Jan. 2, when Extra 1866 fast freight train was speeding north, and when passing Halls, Tenn., there was a colored woman walking south on the south main, and did not hear the Chickasaw coming. The engineer on the extra sounded a stock alarm with his whistle but still the woman did not notice the approaching train, when Colored Brakeman Tom Pigue saw this woman on the track, he jumped in front of approaching train and jerked the woman to safety. Brakeman Pigue performed a real heroic act, and risked his own life to save the life of the woman.

A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

THE JOHN DEERE WAGON

The Wagon That is Guaranteed

A special machine automatically measures the inside of the skinn of the John Deere farm wagon and shapes the axle to fit accurately. The skinn is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skins there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling.

Only carefully-selected oak and hickory are used in the loads. And don't forget this other big feature—the heavy malleable fifth-wheel with corrugated coupling—no bending or breaking of kingbolt—bolster does not get out of line and rock—no danger of tipping when handling large, top-heavy loads.

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

Cold Weather Driving 'Em South

The cold weather which has prevailed over the northland has started a large stream of passengers south. The Floridan as well as The Seminole is now running in two sections most of the time. The Seminole has been running in two sections for some time, but the recent cold wave up north increased the passenger travel on the Floridan forced to put on an extra section until the I. C. has been tion of this train. However, many of those who formerly went to Florida are now going to Gulf Port, and this has increased the passengers on the Panama Limited.

FIVE MEN BELIEVE ON JESUS

LESSON TEXT—John 1:35-49.
GOLDEN TEXT—Behold the Lamb
of God which taketh away the sin of
the world.—John 1:29.
PRIMARY TOPIC—Five Men Follow
Jesus.

INTERMEDIATE AND SENIOR TOP-
IC—Seeking and Finding Jesus.
YOUNG PEOPLE AND ADULT TOP-
IC—Bringing Others to Christ.

Through the testimony of John the
Baptist, his disciples were pointed to
Jesus. This same testimony he gave
the previous day.

I. Two of John's Disciples Followed
Jesus (vv. 35-37).

As a result of the Baptist's testi-
mony, two of his disciples left him
and followed Jesus. One of these was
Andrew (v. 40) and presumably the
other was John. When the Baptist
pointed out Jesus as the Lamb of God,
the long-expected Messiah, these dis-
ciples sought further acquaintance
with Jesus. In view of John's request,
they looked upon the Lord. This look
was sufficient to induce them to fol-
low Jesus. When they looked they
believed. The proof of their belief
was their following after Him. John
speaks, the disciples hear and follow.
The whole plan of salvation is
wrapped up in this simple testimony
and action.

II. The Two Disciples Abiding With
Jesus (vv. 38, 39).

1. Jesus' Question (v. 38). When
Jesus saw the disciples following Him,
He inquired, "What seek ye?"

2. The Disciples' Reply (v. 39). They
answer His question by inquiring as
to His dwelling-place. Their reply
showed their desire to go apart pri-
vately where they could disclose their
hearts to Him. Knowing their hearts,
He invited them to His place of abode;
therefore, for the remainder of that
day, they held sweet intercourse with
the Master.

III. The Disciples Bringing Others to
Jesus (vv. 40-46).

The very genius of Christianity is
self-propagation. The usual method
is to begin with those nearest us, home
folk and relatives and pass out to
ever-widening circles. The disciples
who were with Jesus in blessed fel-
lowship, went at once to tell others
of the priceless treasure they have
found.

1. Andrew Brings Peter (vv. 40-42).

This is a beautiful example of be-
lieverly affection, expressing itself in
bringing another to Christ. How can
a true brother who has found Christ
do aught but go and tell his brother?
The best place to begin our testimony
for Christ is among our kindred (Luke
8:39). When Andrew had witnessed
to Peter, he brought him to Jesus
where he could speak with Him per-
sonally.

2. Philip Brings Nathanael (vv.
43-46).

Christ found Philip the follow-
ing day as He would go forth into
Galilee. Philip followed Him in re-
sponse to a personal invitation. As
soon as Christ found him, Philip found
Nathanael and witnessed to him con-
cerning the messiahship of Jesus. He
said unto him: "We have found Him,
of whom Moses in the law, and the
prophets did write, Jesus of Naza-
reth" (v. 45). Christ is the sum and
substance of the Old Testament. Na-
thanael was somewhat skeptical, but
he was honest. Philip had the wisdom
not to argue with him, but brought
him to Jesus. It is frequently unwise
to rebuke the skeptical for their lack
of faith. The better way is to invite
them to put Christ to a test.

IV. Nathanael Seeing and Hearing
Jesus, Testifies of His Divinity (vv.
47-49).

As soon as Nathanael heard and
saw Jesus all his doubts rolled away.
Jesus proved that He was the omni-
potent One. We do not know what Na-
thanael was doing under the fig-tree.
Perhaps he was praying for heavenly
light and guidance, but Jesus saw him.
He was evidently sincere. He who is
willing to be led and to do shall surely
come into the light (John 7:17). He
who acts upon the light given shall
see greater things (vv. 50, 51). Angels
ascending and descending upon the
Son of Man, with the open heavens,
show that Jesus Christ is the means of
communication between earth and
heaven (Heb. 10:19, 20; Eph. 2:18;
Gen. 28:12). This narrative concern-
ing the experiences of the first dis-
ciples exhibits the following stages of
Christian experience:

1. Hearing about Jesus (v. 36).
2. Looking upon Jesus (v. 36).
3. Following Jesus (v. 37).
4. Abiding with Jesus (v. 39).
5. Witnessing for Jesus (vv. 41-45).
6. Bringing others to Jesus.

Accomplishing Things

To think we are able, is almost to
be so; to determine on attainment, is
frequently attainment itself.

At the beginning of the New Year, we feel
that a restatement of our policy in serving
the people of this community is appropriate.
In our efforts to make this store the leading
shopping center for all we had but one pur-
pose in mind, and that is to be of real public
service, to supply you with your needs at the
minimum of cost, consistent with quality,
and to cap the climax, every sale is made
with the distinct understanding that the pur-
chase must prove entirely satisfactory.
The success of this store is due to close ad-
herence to this definite policy—a policy well
known to our patrons. We feel reasonably
certain that once you patronize this store,
you too will be favorably impressed, not on-
ly with our merchandise and prices, but also
with the courteous and friendly treatment
you receive.

Big Laundry Improvement

ANOTHER YEAR FOR SERVICE

The same unvarying, high standard service that has characterized the work of this laundry in the past will actuate its service to you in the future. Of this you may be assured.

In order to do a class of laundry work that we have never before attempted in our twenty-five years experience in the laundry business, we are installing the latest and most modern machinery for doing a class of work known as the Family Wet Wash, but instead of returning your clothes to you wet, they will be nicely dried in our new drying tumbler at the same price that other laundries have charged for wet wash heretofore.

Since the wet wash has proven unsuccessful we know that none of our patrons want their clothes returned to them wet, and in installing this twentieth century drying machine at an enormous expense, it will be in keeping with the town's progress and will be appreciated by the people we serve.

We never lose an opportunity to give the people of Fulton and vicinity the best of service, and the new equipment we are installing now will make our plant one of the leading laundries in the state.

SEND the FAMILY WASH to US.

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

INVENTORIES

The beginning of the year is a time for taking inventories. Business takes time out to check up, to determine what is left from the old year, estimate its value and then hold a sale. This is a fixed rule with most retail establishments. That which the public has not wanted is put on the bargain counter and is sold at a reduced price.

The same custom might well be followed by individuals and communities—taking stock of that which we have, discarding the bad and holding on to the good.

The first of the year is the accepted time for making resolutions. That is if we decide that we will throw off some of the bad habits that we have accumulated during the year and endeavor to do better.

But resolutions are not the simple things they seem. We may secretly vow that we will alter our course of life during the new year, but we find that habit is a grim thing that tenaciously holds on.

We cannot cast it off as we do clothing. It has become a part of our being. Unconsciously we do over the things that we have been doing throughout the year. The first day of the new year is just another day.

This is the job that confronts us all as we start another year—how to make good on our resolves to cast out that which is degrading and weakening and live up to the mark which we have set for ourselves.

New Year's resolutions glibly made and promptly broken are worse than none at all. Resolutions formed with due consideration for our own weaknesses and shortcomings—res-

olutions that we feel reasonably certain of living up to—will give strength of character.

The man who, on the inspiration of the moment, throws his pipe into the street and "swears off" smoking, generally buys a new pipe within a week. But the man who quietly lays his pipe away, decides without any mock bravado that he is through and resists the temptation to smoke day after day, is a man to pattern after.

COURAGE FOR THE NEW YEAR

Have the courage to start right and keep right.

Have the courage to turn from evil and to cling to that which is good.

Have the courage to prefer comfort and propriety to fashion in all things.

Have the courage to wear your old clothes until you can pay for new ones.

Have the courage to discharge a debt while you have the money in your pocket.

Have the courage to obey your conscience at the risk of being ridiculed by men.

Have the courage to own you are poor, and thus disarm poverty of its sharpest sting.

Have the courage to wear thick boots in winter, and insist upon your wife and daughter

doing the same.

Have the courage to do without that which you do not need, however much your eyes may covet it.

Have the courage to speak to a friend in a "seedy" coat, even though you are in company with a rich one, and richly attired.

Have the courage to speak your mind, when it is necessary you should do so, and to hold your tongue when it is prudent you should do so.

Have the courage to show your respect for honesty, in whatever guise it appears; and your contempt for dishonesty and duplicity, by whomsoever exhibited.

Have the courage to "cut" the most agreeable acquaintance you have when you are convinced that he lacks principle. "A friend should bear with a friend's infirmities, but not with his vices."

Have the courage to stand by your convictions, be both courteous and firm, making no compromise with evil, not turning to by and forbidden paths; choose the right, reject the wrong; be good and do good and then you will have a Happy New Year.

PENALTY IS NOW ON

The penalty on delinquent taxes went on January 1, and those who have not paid their county, school and state taxes will have to pay a six per cent penalty. We understand that tax collections were exceptionally good this year and only a few were unfortunate in not paying before the penalty became effective.

Rev. H. A. Butts, the pastor of the Methodist church, at Hickman, Ky., called on A. N. Walker and family on Monday evening, and spent two very pleasant hours together. Brother Butts was on his way to Tampa, Fla., where he will be engaged in a three weeks' revival. He is doing the preaching for Dr. Sewell, who is pastor of one of the leading churches of Tampa.

Chestnut Glade

The query I meet so often among the trades people of Fulton, is "Chestnut Glade, where is that?" impels me to take advantage of this opportunity offered by the "Fulton Advertiser," to tell the people about Chestnut Glade. What is it? It is the "Hub of the World" around which the entire universe revolves. Should you doubt this, I refer you to any one living within its confines.

In other words, a monument to unselfish cooperation; a consolidated high school district, located nine miles southeast of Fulton in the northern part of Weakley county, Tenn., bounded on the north, by state line road, east, by "Welch" district, south, by the Obion river, west, by Obion county and Ridgway school district. This school was established eight years ago. The building is a two-story frame, containing eight rooms, supporting eight teachers of literary, also a music-expression teacher. A cottage is located on the southwest corner of the campus for the teachers' use.

A small bungalow was built last year by popular subscription, containing two rooms, one for Domestic Science and the other for music and expression.

The basket ball boys also built a dressing room for their convenience. The campus contains eight acres, providing plenty of room for the games so necessary for the proper development of our children.

Eight covered wagons call each morning at the homes of those who live two miles from the school building and convey them safely to school.

The name, "Chestnut Glade" was derived from the character of the land upon which it was built and a large chestnut tree just south of the main building.

As to teachers, we have been wonderfully blessed. Prof. W. E. Morgan has been principal for three years, recently resigning that he might enter school for the spring term. He was succeeded by Prof. E. Lowe who has been so active in the

schools of Fulton for the last several years.

Prof. S. A. Barrax, graduate of University of Tennessee, has charge of the Smith Hughes Agricultural work, and will be on the job the entire year.

Miss Robby E. Latta, from Union City, and a former student of Union University, has charge of domestic science and languages. Miss Marion Nix, of Fulton, teacher of seventh and eighth grade; Mr. Wayne Lamb, fifth and sixth; Mrs. Vowell, third and fourth; Mrs. Martha Nix, second grade and Mrs. Myrtle Temple, first.

The last four are residents of this community. Last, but by no means least, Miss Hala Hooper, of Smithville, Tenn., has charge of the music and expression. So efficient has been her work for three years she has been with us, that it bids fair to become the most important department in our school. A program that would be a credit to any school can be arranged in thirty minutes. Her music pupils play piano, violin, saxophone, trombone, and drum. So much for Chestnut Glade.

We have the usual weddings, births and deaths common to any community; also the usual social affairs which I shall be pleased to report from time to time should the editor see fit to give it space.

CHESTNUT GLADE REPRESENTATIVE

Mrs. Ruth Finch, our efficient correspondent on Route 5, out of Fulton, writes an interesting article about her home community, Chestnut Glade, which appears in this issue and will be of general interest to our readers. Mrs. Finch represents The Advertiser in her community and will accept subscriptions for the paper, and appreciate any news items you may give her for publication.

Now is a good time to renew your subscription for The Advertiser another year. Don't wait until your name is dropped from the list. A 1.00 bill will place you in good standing on our list for one year.

FULTON NEEDS HITCHING SPACE

What has become of the movement to provide a place for farmers to park their teams? Trade Day has come and gone, but there is still no place where the out-of-town fellow can leave his team and not feel that he may find it there when he returns from doing his shopping.

We met a farmer's wife during the late campaign, and she was quite indignant because the merchants were telling how much they wanted her trade, and when she got to town, could find no place near the shopping district where she could tie her horse and know that anything she left in the buggy would not be stolen and possibly her horse "cut loose at the owner's risk."

Such a place would cost the merchants something, but would not the investment be a good one, in just the fact of making known to the out-of-town customers that the merchants were interested in them beyond the cash they have to spend with the merchants?

From reading other papers one may learn that other towns have found that such an investment paid big dividends, and brought trade to the town that might not otherwise come.

A more commodious place for parking cars, would, naturally be a part of the scheme and should make for an increase of business, as it is well known that when one is once in a car and started, it is not unusual for the original aim of the ride to be changed, particularly if the new objective has some enticing feature to draw the shoppers.

Up to not so many years ago, even Fulton has a place where the farmers were in the habit of leaving their teams during their trips to town, and some of these farmers have never gotten over the idea that they were in some way, deprived of their inalienable rights in the matter, and resent the signs prohibiting the hitching of their teams or parking their cars in front of some residence or vacant lot.

Americans Consume Four Times Their Weight in Dairy Products

BLUE VALLEY CREAMERY INSTITUTE

AMERICANS annually consume 53 gallons of milk, 17 pounds of butter, 13 1/4 pounds of condensed and evaporated milk, 3.9 pounds of cheese and 2.6 gallons of ice cream, or a total of dairy products equal to four times their body weight. This means that American families eat approximately one ton of dairy products in a year, according to the Blue Valley Creamery Institute. Dairy products make up a still larger proportion of the diet of people in many other countries. In Sweden, Denmark, Switzerland and Germany whole milk consumption is from 50 to 70 per cent higher than in the United States. The Institute survey shows, England's colonies—Canada, Australia and New Zealand—consume 12 to 60 per cent more butter than America. The United States is not nearly as large a consumer of cheese as many of the other nations, but the nutritive value of dairy products is becoming more widely appreciated in the United States, with the result that the per capita consumption is increasing.

MANY SOURCES OF INCOME BEST

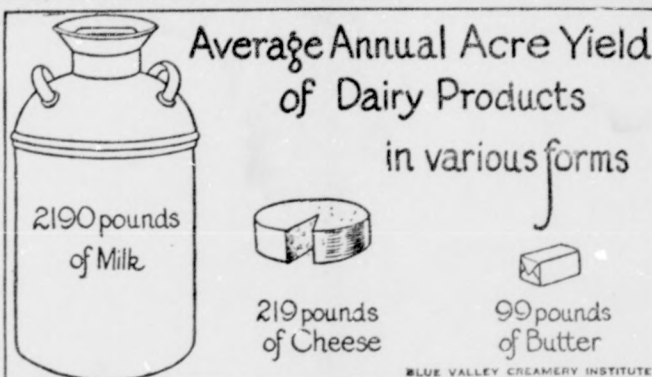

Diversified farming with many sources of income provides greatest profit

Based on Wis. College of Agriculture—1934-35. See made during period of agricultural depression.

1 Source of Income	3 Sources of Income	6 Sources of Income
\$415 Farm Income	\$790 Farm Income	\$1504 Farm Income

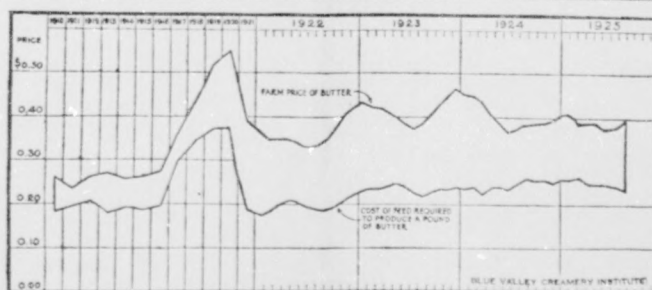

DIVERSIFIED farming, with many sources of income, provides the greatest profit, according to the Blue Valley Creamery Institute, which has completed a study of farm income data obtained on 202 farms by investigators of the Wisconsin College of Agriculture. Farms with six sources of income had an average yearly income of \$1,504; those with three, \$790, while those farmers who were dependent upon only one source of income made less than \$500. The big lesson to be gained from this study, the Institute explains, is that the farmer who raises products of many kinds makes a living and a reasonable profit, while the one who depends upon a single kind of animal or crop has only a single source of income and small profits for a year's work.

Cow Greatest Food Producer of Any Animal in the World

THE COW produces more human food per acre of feed than any other farm animal in the world, according to the Blue Valley Creamery Institute. This is largely responsible for the steady increase in the number of dairy cows in the United States, as compared with other classes of live stock. If the products of the American cow were consumed as fluid milk, an acre of ground would produce 2,190 pounds, which has the energy and heat-producing value of 711,800 calories and contains 72.3 pounds of digestible protein. If the products of the cow were consumed in the form of cheese, the acre yield would be only 219 pounds, having an average energy value of 217,000 calories and giving 26.7 pounds of digestible proteins. If consumed as butter, the acre yield would be 99 pounds, with an energy value of 255,000 calories and giving one pound of digestible protein. The skim milk is left for feeding to hogs and poultry, of course. Next to the dairy in acre returns is the hog. Far below the hog in economy production are poultry, beef cattle and sheep.

Dairy Cow Good Feed Market, Survey of Costs Discloses

THAT the dairy cow has been a good market for farm feed in the past year is shown in a survey just completed by the Blue Valley Creamery Institute. The cost of feeding a dairy cow for the 12 months ending August, 1925, averaged only 25.5 per cent more than in the prewar period from 1910 to 1914. This conclusion is based on farm prices of hay, grain and purchased feeds commonly used for dairy cows, as reported by the United States Department of Agriculture. It was assumed that 18 pounds of hay, 3 pounds of corn, 2 pounds of oats and 1 pound each of bran and cottonseed meal represented a typical balance of roughage and various concentrates in making up the dairy cow's daily menu.

Prices of dairy products have risen farther above the prewar level than is true of feed costs. The price of butter at the farm in the last 12 months was 56 per cent higher than the 1910 to 1914 average. The price paid to producers of fluid milk in the last 12 months was 48 per cent above prewar figures. Allowing equal value to butter and milk, the combined advance in dairy products is 52 per cent. No other farm animal earns as much as a dairy cow in converting feed into cash.

Epworth League, 6:30 p. m.
Prayer meeting, 7 p. m.
Preaching service at 11 a. m. and 7:30 p. m., by the pastor. All the public is cordially invited to attend all the services.
Sunday was another glorious day. Large attendance at both services and special music. Mrs. David Gauntley favored the audience at the morning hour with a solo.

Prayer service was well attended. Mr. Cleveland as leader. The attendance was a marked improvement over the last few nights. Now that the Christmas rush is over the pastor desires to see more faces each Wednesday eve.

The East Fulton Circle met Monday at the home of Mrs. Mohundro with she and Mrs. Pope as hostesses. The meeting was opened with scripture reading by Mrs. Eunice Robinson and followed with prayer by Mrs. Freeman. The various committees gave splendid reports and the minutes of the last meeting were read and roll called by the secretary. The program was omitted and election of officers held. Mrs. Will McDade was made chairman. Mrs. Pope, vice chairman; Mrs. Norment, secretary; Mrs. Ernest Bell, treasurer; Mrs. Earl Boone, chairman of social service and Mrs. Lon Jones, program leader. The meeting was closed with prayer and during the social hour the hostesses served sandwiches and tea to 12 members and 2 visitors at this time. Miss Roach played and sang several numbers.

The Methodist Missionary Girls will meet today at the home of Elizabeth Butt on Pearl street. A good program has been arranged and the new officers will begin their work for the year.

Warner Blackards will meet Monday, the place to be announced later.

Mr. and Mrs. Ira D. Seay and daughter, Ann Douglas, have returned home after spending the holidays with home folks.

Miss Leona McKeen is in Dresden with relatives, where she attended the funeral of an Uncle.

Mr. Joe Bennett, Jr., has returned to Louisville to resume his studies.

Mr. and Mrs. Joe Davis and children have returned from Chicago where they spent the holidays with Mrs. Davis' sister and family.

Mrs. Vodie Hardin and Miss Hattie Mae Godfrey have returned from Memphis, where they attended the young people's conference.

Church News

The address of Dr. Boyd, Sunday evening, on "The Tower of Babel," was particularly interesting and enlightening and was enjoyed by all present. The Doctor was congratulated warmly by several for the very instructive talk.

Mrs. Boyd has been quite ill for several days and was unable to attend church or Church school last Sunday. She is reported improving and her friends hope that she will be entirely recovered by the end of the week.

A graceful and touching incident of the funeral of the late Mrs. Heywood, was the roping off of her pew with white ribbon, and the placing of her prayerbook and hymnal in their usual places.

Mrs. John A. Miles, who spent Christmas with her mother, Mrs. Busch, in Chicago, was in charge of her Sunday school class Sunday.

Mr. and Mrs. Chas. Karmire and their son, Neal, returned Saturday night from Shelbyville, Ind., where they spent the holidays.

Bob Binford, who passed the holidays with his parents, Mr. and Mrs. Charles Binford, returned to Lexington on Wednesday, where he is attending the Kentucky University.

Fred Carden left Monday for Lexington, to re-enter the State University. He spent the Christmas holidays with relatives here.

Cards for the subscription for the year 1926, are being distributed to the members of Trinity by the members of the vestry.

There have been several applicants for the position of organist since the resignation of Miss Cantrell, and the vestry and rector will make a selection as soon as the applicants have been given a trial.

Much gratification is expressed by the members of the vestry that a very considerable amount of the old debts of the church were cancelled the past year, and these gentlemen are in hopes that the contributions for the coming year will enable them to entirely wipe out all indebtedness within a very short time. Church members are urged to be as liberal as possible when the subscription cards are presented to them.

Mrs. Frank Flemming, and her mother, Mrs. Reed, have taken rooms at the Southern Hotel for the rest of the winter.

The children of Mr. and Mrs. Stansbury, who have been suffering with severe colds since

before Christmas, have about recovered.

Mrs. Laura L. Shepherd is visiting her daughter, Mrs. Lucy Jacobi, in Isabelle, Tenn.

Mrs. Josephine Hodges is reported quite ill at the home of her daughter, in Wisconsin, where she has been visiting for some time.

Mrs. John Hoar, while visiting her daughter, in Nashville, was taken violently ill, and Mr. Hoar was summoned from Fulton and the patient was placed temporarily in a sanatorium there. She will be removed as soon as possible to some more suitable hospital.
