FULTON ADVERTISER

Vol. 2 No. 8

FULTON, KY., JANUARY 15, 1926

R. S. Williams, Publisher

Fulton Wants Better Roads

More and better roads for Fulton and the surrounding section were the keynotes of the Chamber of Commerce meeting held Tuesday night, and the outlook for 1926 seemed particularly encouraging to most of the speakers.

Squire McDade told of the decision of the Obion County Fiscal Court to O. K. the survey for a direct line to Union City, from Fulton, and stated that as soon as the deeds and blue prints of the survey were ready he would notify the members of the committee recently appointed by the Chamber and the members would make a concerted move to obtain the signatures of the property owners.

Squire Hagler informed the members that the entire Fiscal Court of Fulton County would start out Friday morning and go over the route from Fulton to Clinton, and either sign up the owners for deeds to the right-of-way or would immediately begin condemnation suits in order to have the right of way title clear for the signing of the contract and starting of the work early in the spring.

Reports on the Mississippi Valley Highway south of Fulton were not so encouraging, as it seems there is an effort being made to have it diverted to Sharon and Dresden, thus cutting out Fulton, McConnell, Martin and Greenfield.

The road committee was instructed to immediately visit Martin, Greenfield, and Clinton and arouse these towns to the danger and obtain their cooperation in combating this move.

The road committee is composed of Joe Browder, chairman, Joe Davis, Leslie West, Lon Pickle and J. H. Stubblefield. To this committee was added Squire McDade and S. R. Bratton, of Union City.

Joe Davis made a strong plea for support of the Health Department, and told of the splendid work done by the nurses. He called for volunteers to solicit funds and the following responded: T. M. Franklin, A. J. Colley, Charlie Payne and Ramsey Snow.

While Mr. Davis was speaking, Mr. Payne announced that he had just been handed \$5.00. Somewhat later in the meeting, he announced that he had received an additional \$25.00, making a total of \$30.00 contributed during the evening.

The date for the making this drive will be set for some day early in next week, when previous volunteers, together with those of Tuesday night will make a thorough canvass of the town. A number of good talks were made in support of the movement and all, without exception, promised to donate liberally when called upon.

The committee in charge of the plan to obtain an agricultural instructor or farm agent will hold a meeting on next Tuesday night, January 19, at 7:00 o'clock, at the Chamber of Commerce, to which all persons interested are invited. At this meeting plans will be perfected for obtaining a suitable man to instruct the farmers of the community, stress being laid on the fact that farmers of Obion County were as much interested in this work as those of Fulton county, and the movement will take in the former as well as the latter. Every one having this subject at heart should attend this meeting.

Miss Maurine Taylor gave two fine readings that were thoroughly enjoyed by all, and Chairman Murphy was applauded for his efforts in obtaining this delightful entertainer for the members.

Tobacco News

Up to 23 Cents Paid for Tobacco on Loose Leaf Floor in Fulton, Tuesday

Fulton experienced its first loose leaf floor tobacco sale on last Tuesday, and judging from the comments of the farmers, it was all that a first experience could be expected to be.

There were 175,000 pounds of tobacco sold and the prices ranged from 3.00 for lugs, and \$4.00 for seconds, to \$23.00 for leaf. While these prices are not high, they average well with prices brought at other loose leaf floors throughout the dark tobacco section.

On the other hand, there was a large quantity of common tobacco, that would naturally, not bring a very high price in any market, so that, taken all in all, the first day's experience was as good as could be expected.

There were about a dozen buyers present and the bidding was fast, if not high, and the big crowd, comprising some 400 or 500 farmers, was highly entertained by the novel method of disposing of the crop.

The warehouse will be open every day for the receipt of tobacco, and the management states there will be a sale every Tuesday and Friday, during the season, and it is expected that the number of buyers will be up to, if not greater, at each sale.

Should the grades of tobacco improve, there is no doubt that the prices will also improve, and the handling of tobacco, as was the case with the association rules will govern to a certain extent, the price. Well sorted tobacco will bring a better price than that not so well sorted as to color and length, so that the farmer who takes the most pains with his crop is sure to get the better price.

In all auctions, the bidder bases his bid on the quality of the object bid for, and there is little likelihood of the experienced buyer being fooled as to the quality of the goods offered for sale.

Although the prices were not as high as some seemed to expect, a number of farmers stated that they would be on hand Friday with more of the leaf for sale, and the crowd of onlookers is likely to be nearly as large on that date as on last Tuesday.

The friends of Mr. Sam DeMyer will be pleased to learn that he is recovering from the operation recently performed for appendicitis.

BILL BOOSTER SAYS

"OPE, I HATE TO SAY IT, BUT THE TROUBLE WITH SOME BUSINESSMEN IS THAT THEY HAVE A WISHBONE INSTEAD OF A BACKBONE! YOU GOT TO STEP OUT AND HUSTLE IF YOU WANT THE DOLLARS TO ROLL YOUR WAY, AND I DON'T MEAN MAYBE!"

ENJOYABLE BANQUET AT USONA

Mr. P. C. Ford, proprietor of the Usona Hotel, was the gracious host, Friday evening, January 8, when he entertained at a banquet in honor of the members of the Rotary and Lions clubs, their wives, sweethearts and invited guests.

The beautiful dining room never presented a lovelier scene than on this occasion with its additional club decorations. Among the most noticeable being the Lions club emblem with its thirty-nine electric lights.

Covers were laid for one hundred and twenty-five and the four long tables were beautiful with their snowy white linen, silverware and here and there a miniature bird and other pleasing decorations.

After the sumptuous three-course dinner, a delightful musical program was rendered, interspersed by after dinner talks.

Hon. H. T. Smith acted as toastmaster and in his jovial and pleasing way introduced the speakers, Supt. V. C. Myers, Rev. C. H. Warren, W. R. Butt, Rev. J. V. Freeman, Chas. Karmire, Hon. Joe Warren, of Mayfield, Heber Finch, President, J. C. Scruggs, of the Rotary club and President, Vodie Hardin of the Lions Club.

All of the speakers prefaced their talks with humor which kept the banqueters in fine spirits, and closed with food for serious thought and action.

The only out-of-town speaker of the evening was Mr. Warren of Mayfield and his talk was received with hearty applause.

The only sad part of the evening was the announcement of Mr. and Mrs. Chas. Karmire's early departure for Shelbyville, Ind., their future home. Since their residence in the city they have endeared themselves to the entire citizenship and while we regret losing them as citizens, our best wishes go with them.

The beautiful solos by Mrs. F. W. Armistead and Mrs. Douglas Seay, with Mrs. Gus Bard, accompanist, were heartily received and greatly enjoyed.

During the dinner the Kentucky Moonshiners orchestra rendered beautiful selections.

Jones & Freeman's Sale Starts Today

The announcement that Jones & Freeman have discontinued their Hickman store and combined the stock with their Fulton store is good news to the buying public of this city and surrounding territory, in view of the fact that Friday morning January 15 at 8 o'clock, they will start one of the most stupendous price cutting sales ever attempted by this well known firm.

When Jones & Freeman opened their Hickman store they stocked it with the same high grade merchandise that has characterized their Fulton establishment, but owing to the disastrous decline in cotton prices and the prolonged drought of last year, it was thought best to discontinue the business there and combine the two big stocks and give the buying public the benefit of a gigantic cut price sale never before dreamed of. This is strictly a man's store and everything that a man can wear is splendidly provided for with merchandise of the highest quality.

In glancing over their advertising it is amazing to find suits, overcoats, shoes, hats and furnishings sacrificed and placed on the bargain counter, especially at this time of year when winter wearing apparel is badly needed and when weeks and months of blizzards are to come.

Remember, the sale starts today, take advantage of your opportunity.

Council Proceedings

Fulton, Ky., Jan. 11, 1926.

The City Council met in adjourned session Monday evening at 7:30, January 11, 1926, Mayor W. O. Shankle presiding, and the following councilmen present: W. P. Murrell, L. S. Phillips, Paul DeMyer, Smith Atkins, J. E. Hennephin and Joe Bennett.

The two applicants for City Meat Inspector and Slaughter House Attendant, namely Weldon T. King and L. Fate Davis, were discussed and a vote was taken, resulting in the election of Mr. King by the city council.

A board of health was also appointed by a vote of the council, with Mr. W. R. Butts, chairman, George Roberts and J. A. Colley, as members of said board.

Frank L. Wilcox, consulting engineer of St. Louis, Mo., was awarded the contract as consulting engineer under the same provisions of the old contract executed in 1916, the terms being 5 per centum of the costs of construction of said sewerage system. An aye and nay vote was taken, resulting in all members of the council voting aye, none nay, therefore, said Wilcox was declared duly appointed.

The ordinance relative to fire hose violation was passed and approved and same is to be effective as soon as printed.

The bids for the sanitary work were tabled until the next meeting.

Two applicants for the position of City printer were read, being submitted by the Fulton Advertiser and Daily Leader, and following a vote, resulting in the appointment of the Fulton Advertiser as the official City printer for a period of two years.

No further business coming before the body, same adjourned to meet at the next regular meeting in February, 1926, unless sooner called by order of the Mayor.

THOS. H. CHAPMAN, City Clerk and Auditor.

Prominent Business Change.

A business change of interest to the people of this community took place recently when Pat Smith and S. P. Ethridge, proprietors of the well known Smith-Ethridge Furniture Company, dissolved partnership, leaving Mr. Smith sole owner of the establishment.

There is not a better known man in this section of country than Pat Smith. Until he engaged in the furniture business he was engaged in farming and owned a beautiful country estate a half mile east of the city, but sold his place to Ex-Mayor R. H. Wade and is now devoting his attention solely to his furniture store located at 301-307 Walnut street.

This is one of the oldest furniture establishments in the city, organized by Joe Wade & Co., thirty-five years or more ago. After the death of Mr. Wade the firm was succeeded by the Rice Furniture Company and again by Hornbeak Furniture Company and Smith-Ethridge Furniture Company.

During the lifetime of Joe Wade and the late Ed Heywood an enviable business was built up, and the successors from time to time have maintained the original high standing of the firm, and now Mr. Pat Smith is determined to conduct the business on the same high plane it has attained all along.

Mr. S. P. Ethridge, the retiring member of the firm is also well known in business circles as a thorough-going business man. For many years he has given considerable attention to the undertaking business and will now devote the best of his attention to that line of work, being connected with the well known firm of Jones & Winstead, Funeral Directors and Undertakers.

CITY NATIONAL BANK ELECT

W. A. Terry Succeeds Late W. C. Croft, Vice President.

The City National Bank held its annual election Tuesday in the directors' room of the bank, resulting in the re-election of the old directors and officers as follows, with but one exception, and that was electing W. A. Terry, vice-president, succeeding the late W. C. Croft.

Directors: W. W. Morris, Joe Browder, T. N. Fields, W. A. Terry, J. C. Brann, Enoch Browder, Sam T. Butler, N. G. Cooke, W. P. Murrell, E. F. Karmire, L. F. Burke.

Officers: W. W. Morris, President; W. A. Terry, Vice-President; N. G. Cooke, Active Vice-President; Clyde P. Williams, Cashier; B. J. Pigues, Assistant Cashier; H. G. Pigues, Assistant Cashier.

All of the officials expressed themselves as being well pleased over the past years business with flattering prospects for 1926. The bank's statement at the close of business, Dec. 31, 1925, showed capital, surplus and undivided profits \$160,000.00.

THE ADVERTISER ELECTED CITY PRINTER

At a meeting of the City Council Monday night, The Advertiser was elected the official organ of the City of Fulton, and awarded the city printing.

We thank you, gentlemen, for the compliment.

WOMAN'S CLUB DEPARTMENTS

The Literature department met at the home of Mrs. H. W. Clowe on Fourth street, Thursday afternoon, Elizabethan Drama I, was the topic of discussion. Mrs. J. F. Royster had charge of the program with several members assisting. After the interesting lesson the hostess served lovely refreshments.

Music Department Meets

Wednesday afternoon, the music department of the Woman's club met at the home of Mrs. Guy Gingles on Fourth street. Following the usual business session presided over by Miss Fields, the Harmonic Basis of Music was studied and discussed by all of the members with Mrs. Don Taylor as leader. Following the program an informal social hour was enjoyed and the hostess served a lovely salad course.

Art Department

Mrs. Chas. Karmire was hostess to the Art Department, Saturday afternoon at her home on Second street, with an interesting program arranged with Mrs. Mack Roach as leader. There was full attendance of the members and a few visitors to enjoy the program. Mrs. Joe Davis who is chairman of the department, presented a book of Modern Drama, to Mrs. Karmire as a token of Love from the members of the department. During the social hour the hostess served dainty refreshments.

ROBERTS LODGE ELECTS OFFICERS

Officers were elected recently for the coming year of Robert Lodge, No. 172, F. & A. M., as follows: H. J. Potter, W. H.; F. P. Wade, S. W.; H. H. Perce, J. W.; H. F. Taylor, Secretary; A. W. Morris, S. D.; H. B. Reeves, J. D.; Curtis Lovelace, S. S.; Felix Gossom, J. S.; J. F. Willingham, Tiler; W. R. Butts, Chaplain and R. A. Stille, trustee.

Beautiful Display Attracts Attention

Kramer Lumber Co., Advertising Hexagon Roofing and Beaver Wall Board

The Kramer Lumber Company's display in the show window at Rucker's Gift Shop on Lake street has created considerable interest in Fulton building circles as well as "home beautiful" admirers, since it was installed. The display is an advertisement for Hexagon slab roofing and Beaver Wall Board.

The miniature house in the window is covered with Red Hexagon slabs, a composition roofing guaranteed not to curl and especially designed for the purpose of saving 20 to 30 per cent on labor and material on roofing buildings. With Hexagon slabs, all that is necessary to cover an old shingle roof is just to nail the new roofing over the shingles without the additional cost of tearing the old roof off. For fire protection it is ideal. In the window display this is demonstrated with an electrical machine which shows a burning building with large flaring sparks falling on a nearby building covered with Hexagon slabs and going out, without setting the building on fire. It is a realistic display of fire and the inventor was a genius of extraordinary skill. The dividends in satisfaction you get from a Hexagon covered roof is truly wonderful.

The architectural beauty of the little house is greatly admired, but the main feature attraction of the interior is the Beaver Wall Board. The entire eight rooms are boxed and beautifully decorated with this wall board, and electrically lighted by the Kentucky Light & Bell Co. The house is open, with the interior in full view. Each room is furnished in harmony with interior decorations of the latest designs.

Some have hinted that the beautiful living room, dining room and bed room furniture came from the Graham Furniture Co., while the plumbing and handsome bathroom fixtures is from John Huddleston's. This we are not at liberty to vouch for, but we do know that the Kramer Lumber Company has one of the most attractive displays exhibited in Fulton in a long time.

City Ordinance

AN ORDINANCE PROVIDING FOR THE PROTECTION OF THE FIRE HOSE BELONGING TO OR IN USE BY THE CITY OF FULTON, KENTUCKY.

BE IT HEREBY ORDAINED BY THE CITY COUNCIL OF THE CITY OF FULTON, KENTUCKY, AS FOLLOWS:

1st. That it shall be unlawful for any person, or persons or corporation to drive or run over with automobile, wagon, buggy or other vehicle, the fire hose belonging to the City of Fulton or in use by the said City while same is lying upon or near any street or alley in said city or at any other place where same may have been placed by the Fire Department. The person or persons or corporation who are found guilty of violating this ordinance shall be fined not less than five nor more than twenty-five dollars.

2nd. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

3rd. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

W. O. SHANKLE, Mayor. This ordinance read and approved and duly passed at a regular meeting of the City Council, January 11, 1926.

THOS. H. CHAPMAN, City Clerk.

BABY BOY DESERTED

When the early train arrived in Fulton Sunday morning, two young women alighted and made straightway for the passenger station. The younger one was carrying a little baby and apparently was in distress as large tears were flowing down her cheeks. The infant, 3 weeks old, with dimpled hands and rosy cheeks was un-mindful of its surroundings. The accompanying woman had a sympathetic expression on her face and her movements were of a nervous nature. On entering the depot, the women wended their way to the ladies' toilet, but on coming out, the baby was missing. This attracted the attention of those who had noticed the women and an investigation was made as to what had become of the child. On entering the toilet, the investigators found the little one nestled on the floor alone, and when a search was made for the women, it was learned they had deserted the child and boarded the fast Chickasaw train for the South. By this time, officers were wiring ahead to apprehend the deserters. On arriving at Memphis, the women were arrested and held for the Kentucky officers. Special Agent Hill of the I. C. was sent to Memphis and returned with the women. In the meantime, the pretty little boy baby was being cared for at Officer Hill's home and given every attention for its comfort and welfare.

On the return of the women, it developed that the younger woman, in her teens, was the mother of the child and had been deceived by a smooth-tongued scoundrel in a Mississippi town. A splendid home has been provided for the child with the best of care. Judge D. Nugent released the girl mother and big hearted citizens contributed money to defray her expenses home.

Frank L. Wilcox, consulting engineer of St. Louis was here Monday to discuss with the city of Fulton officials the proposed sewerage system to be placed and for which work the sum of \$70,000 was voted during the last November election. The right-of-way has already been procured through lease from the Illinois Central railroad company through their property in South Fulton, Tenn. If satisfactory arrangements can be worked out with Mr. Wilcox the work will start in the early spring.

At the council meeting Monday night, Mr. Wilcox was employed on the terms of an old contract submitted a number of years ago.

W. H. Collins of the Kentucky Children's Home Society has been in the city during the week in the interest of the institution. His talks to the schools were interesting and helpful. The society has completed new buildings, providing for three hundred children. There are now in the institution six children from Fulton county in addition to 229 other children. This is an institution that we should all feel a keen interest in and be generous with our support. It is a grand work.

Do You Know

A better plan for success than the systematic accumulation of a portion of your earnings?

Life is either a series of stepping stones or a treadmill. Some get on and some stand still.

"Thrifty" is a broader word than merely "saving." It involves an intelligent and profitable use of your savings.

To get the highest earning power, consistent with absolute safety, you should buy stock in the FULTON BUILDING AND LOAN ASSOCIATION.

QUARTERLY CONFERENCE OF THE WEST KENTUCKY ASSOCIATION

Tuesday afternoon and evening, January 12, the W. M. U. of the First Baptist church was host to the West Kentucky Association.

The church was beautifully decorated with floor vases of roses and baskets of sweet peas tied with tulle. About one hundred women were present. Visitors and delegates were from Bardwell, Arlington and Clinton. Owing to the conditions of the roads, Hickman churches, Crutcheff, Columbus and Milburn were not represented.

An unusually interesting and inspiring meeting was enjoyed. Reports from the various churches were given and this part of the program was most instructive.

The welcome address delivered by Mrs. O. H. McFarlin had the true ring of hospitality and made all feel at home in the big family circle. Miss Cora Sublet, of Clinton, responded with the assurance of appreciation of the courtesies Fulton extended.

The feature of the afternoon program was the Superintendent's message delivered by Mrs. M. F. Gray, while Mrs. J. E. Hannephin's message from our Missionaries, Rev. and Mrs. Harry Carter in China, was an incentive to encourage Mission work.

At six o'clock a lovely two course dinner was served in the basement of the church.

The evening session was featured with an address by the Rev. C. H. Warren, Mrs. R. S. Williams sang, "The Lord Is My Light," at the afternoon session and a Quartet composed of Misses Goldsby Hill, Mr. Bailey, Rev. C. H. Warren sang, "Lord It Is I," at the evening session, with Mrs. Curtis Ledford as accompanist.

A PROGRESSIVE MOVE

The office of the Health Nurse has been moved from the ground floor of the City Hall to the corner room on the second floor and the new quarters when finally arranged will provide a more pleasant location for both the nurses and the public.

The new location is more abundantly provided with both light and ventilation, and is removed from some of the necessary noise of the lower corridor and will undoubtedly be a welcome change to the ladies in charge of the work.

The rooms formerly occupied by the health department will be occupied by Mayor Shankle as an office, and this change, also, will be a welcome one, for it has been remarked by many visitors to the city that it seemed strange to them that the Mayor had no "official habitation" where he could be seen by persons having business with him in his official capacity.

Fulton has outgrown the village stage, and it is an innovation that will make a good impression on visitors and on the home folks, too, when they realize the real significance of the departure.

A COMMENDABLE ACT

The snow storm of last week caused various comments, and one of them was the fact that a snow always shows up the good citizen by the way he hustles out and cleans off the "beautiful," and this was the case even before the new city administration came into power.

The sidewalks in several parts of town had a terrible surprise during the last snow, for they were cleaned so early that one was led to surmise that the owners were expecting a visit from the new chief of police, with an order to either "shovel off" or "shuffle down" to headquarters.

The small boy with his sled was much in evidence, but the snow failed to lay long enough to provide very much sledding for him, and it is certain that many regrets were expressed by the children that the sun came out so soon and spoiled the sport.

FOR SALE

Good lot, 113x170 feet, facing Eddings street, with house on lot, damaged by fire. Good outbuildings. See T. J. Wild, Phone 597.

AUDIT OF CITY'S BOOKS IN PROGRESS

The annual audit of the city's finances has been in progress during the week by R. D. Childers, special representative of a Memphis firm of accountants.

Due to increases in building and additional water connections, the revenue of the city of Fulton has increased over previous years, according to a report tentatively filed by City Clerk, Thomas H. Chapman, and a thorough report in detail is being worked out by the auditing firm for presentation to the new council.

JUDGE SPEIGHT IS APPOINTED REFEREE TO SUCCEED BAGBY

The district over which Judge Bagby has presided and Judge Speight will preside, is District No. 2 in Bankruptcy, and is composed of McCracken, Marshall, Calloway, Ballard, Livingston, Carlisle, Fulton, Graves and Hickman counties.

Judge Speight, new appointee, is one of the leading attorneys at the Graves county bar and is well known among attorneys of the district.

Judge Speight will assume the duties of referee immediately, having executed the required bond of \$5,000. The appointment of referee is for a period of two years.

COTTON PICKERS NEEDED

A report from Hickman last week to the effect that there was still a lot of cotton in that neighborhood that has not been gathered was received here, and also that farmers were paying seventy-five cents per hundred pounds for "grabbing" no effort being made to pick in the usual manner.

The report also stated that there was a great scarcity of hands and that there was work for all who might apply. A phone message to W. E. Caldwell, Secretary of the Hickman Chamber of Commerce confirmed the report and Secretary Stansbury of the United Charities Association sent three Mexican pickers down to work in the fields there.

Should there be any other persons who desire work of this kind, either a phone message to Mr. Caldwell or a call at the Fulton Chamber of Commerce will be answered, and work secured for the applicants without charge.

Community Building

Zoning Idea Spreads in American Cities

Zoning has been adopted by 320 cities in the United States, separating their territory into areas, for exclusive use as business, residence, industrial and unrestricted zones, the United States Department of Commerce reports.

In 1924 the most marked progress was made by the zoning idea, 62 municipalities adopting the system.

"In adopting zoning ordinances," the department's statement says, "these cities, towns and villages have sought to protect home owners and other land owners in the reasonable use of their property. Zoning seeks so to regulate the use to which buildings may be put, the area of the lot which they may cover, and their height in different sections of the city that the land in each district may be used for the purpose to which it is best suited."

New Jersey still leads in the number of zoned municipalities, having 72. New York has 56, California 38, Illinois 36, Massachusetts 24, Ohio 21, Wisconsin 14, Michigan 9, Indiana 5, Kansas, Missouri, Pennsylvania, Rhode Island and Virginia, 4 each; Florida, Minnesota, Oklahoma and Washington, 2 each, and Alabama, Arkansas, Colorado, Connecticut, Delaware, District of Columbia, Georgia, Iowa, Maryland, Nebraska, Nevada, North Carolina, North Dakota, Oregon, South Carolina, Tennessee and Utah, 1 each.

Caloric Requirements of the Child

DIETITIANS declare that the average boy or girl of four years should receive about forty calories a pound of body weight per day. The average weight of a child of four years is forty pounds. Therefore the total caloric requirement would be approximately 1,600 calories. Caloric is merely the name for a certain measure of heat derived from the burning of food.

Necessarily, the caloric requirement of the child is dependent on his temperament, since a child who plays hard and long requires more nourishment than one who leads a quieter life. Rate of growth also has a bearing on caloric requirements. The child who is growing rapidly should be given more food to meet his caloric needs than the boy or girl whose growth is normal.

Mothers know the daily diet should consist of the essential foodstuffs, protein, carbohydrates, fats, minerals and water. The important thing for her is to learn the foods that contain these essentials in a balanced diet. Below is a well-balanced menu for any child six years old compiled by an authority on home economics.

ONE DAY'S MENU FOR SIX-YEAR-OLD CHILD.

Breakfast.
6 stewed prunes120 calories
1/2 cupful cream of wheat 85 calories
Served with half cream (4
thick) and half evaporated
milk140 calories
1 slice buttered toast150 calories
1 cup cocoa made with
evaporated milk150 calories
..... 645 calories

Luncheon at School.
Baked potato and butter, 200 calories
1/2 cupful spinach 25 calories
1 baked apple (1 tbsp. sugar,
1/2 tbsp. butter) 200 calories
1 glass milk 160 calories
1 slice bread buttered with
1/2 tbsp. butter100 calories
..... 685 calories

Afternoon Luncheon at School.
1 orange100 calories

Dinner.
1 small piece broiled steak
(2 1/2 x 2 1/2 x 1/2) 75 calories
1/2 cupful mashed potato100 calories
2-3/4 cupful lima bean soup
made with evaporated
milk 75 calories
1 glass milk, orange drink 160 calories
..... 519 calories

Total1,849 calories
Children often become wearied of drinking plain milk. Mixing their milk with fruit juices is a welcome change. Following is the recipe for a refreshing milk drink: Mix 1/2 cupful orange juice, 1/4 cupful evaporated milk, three teaspoonfuls of sugar, 1/2 teaspoonful of lemon juice and a few grains of salt. Shake well in a fruit jar before serving.

Housework Worth \$900 a Year, but—

Nine hundred dollars a year is the value of the average housewife's services in the home, and statistics show that there are 20,700,000 women engaged in housework according to Mrs. Leonora Z. Meder, prominent Chicago woman lawyer and economist.

"The wife," said Mrs. Meder, who was formerly executive, purchasing agent, budget expert, and producer rolled into one. The successful home maker studies food values. She arranges her budget so that the food she buys will have all the necessary body building qualities.

"The woman who would keep down her food bill will do better to spend her money on milk and green vegetables than on butter, though butter is one of the best sources of the essential food element, vitamin A. There are butter substitutes, but nothing can take the place of milk and vegetables."

"Milk, food experts say, is the most nearly perfect food. Science solved the problem by inventing evaporated milk, which is simply fresh cow's milk sterilized in cans and with sixty per cent of the water removed. Because evaporated milk is of double the richness of ordinary market milk, many housewives dilute it half and half with water for cooking purposes. Keeping longer than ordinary milk there is no waste from souring. Then, too, it is cheaper."

"Savings also can be made on meat. Cheaper portions of beef skillfully cooked are highly nutritious and often better tasting than portions which cost more. The shoulder, breast and stew meat of lamb are excellent. Pork shoulders, feet, tails, neck, spare ribs and hocks are in the same category."

LAKE STREET, FULTON, KY.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

THE JOHN DEERE WAGON The Wagon That is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skids there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling.

Only carefully-selected oak and hickory are used in the loads.

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

Railroad News

I. C. Purchases More Equip- ment

The Illinois Central has placed an order for 400 box cars with the Pullman Car & Mfg. Co., and 400 box cars with the American Car & Foundry Co. It is understood that an order will be placed sometime in the future for 2,500 to 3,000 additional cars.

The Illinois Central believes in keeping its equipment up to standard.

I. C. to Rebuild Car Repair Shop

The Illinois Central will start rebuilding the car repair shop at Harahan near New Orleans, which was damaged by fire on January 1, with a loss of \$150,000.

Looking Ahead in 1926

In a statement recently issued by President C. H. Markham, of the Illinois Central, he stated in part: "As a result of extensive improvements and additions to their facilities, the railroads are at present in excellent condition. Their rates, measured by the level of prices generally, are lower on the average than they were ten years ago. The economies effected through prudent investment and more efficient operation have produced from increased traffic a moderate but promising increase in net earnings for the railroads as a whole, notwithstanding the relatively low level of rates charged. These evidences of improvement in the railway situation point to future progress. The business activity which marked the closing months of 1925 was on a sound basis, and the outlook for continued activity in the early part of 1926 is good. If favorable conditions prevail throughout the year, 1926, may make unprecedented demands upon railway facilities. The railroads are prepared. Their accomplishments of 1925 give reason to expect satisfactory transportation from them in 1926. * * *

"Transportation requirements have always developed more rapidly than our population has increased. During the last twenty-five years the annual per capita requirement for railway freight transportation increased from 1,860 ton-miles to 3,770 ton-miles. * * *

"The railroads can meet the demand. They are capable of vast development. Their ability to expand is indicated by the fact that in recent years they not only have kept pace with the greatly increased demand for transportation but at the same time have overcome the shortage of transportation which formerly existed. The railroads must always progress in efficiency and economy as well as in capacity. The public is entitled to, and must have, the best and most economical transportation that can be produced. The progress which the railroads already have made along these lines is a proof of their desire and a guaranty of their ability to continue to make such progress. * * *

"There is every reason to look upon the recent past of the railroads with approval and to their immediate future with confidence. They provide a service that is of prime importance to this large and growing country. They are doing that work satisfactorily and are prepared to do it even better."

It is true that the progress of our country depends largely on the progress, efficiency and ability of the railroads of the country to carry our products to desirable markets. Years ago the farmer who lived in some remote section of the country where he was not accessible to railroad transportation, was scarcely able to dispose of his products at any price, without having to spend days in transporting them by wagon to some distant railroad station. This not only made the cost of transportation for staple products high, but prohibited the shipment of many perishable products. In our opinion, everything possible should be done to encourage the continued development of our railways and the maintenance of proper and sufficient equipment to take care of the rapid growing demand for transportation.

Heavy Passenger Traffic to Gulfport.

The Illinois Central reports heavy passenger traffic to and from Gulfport, Biloxi and other points on the Gulf via their new line the Gulf and Ship Island. It is stated that property in this section of the country has more than doubled since the Illinois Central acquired this line, and that the merchants and business men, as well as the farmers in this section of the country are very optimistic of future developments. The Illinois Central has sent more equipment to this line, as well as men to handle the increased business, and it is expected that the business in this section will continue to increase for some time. Illinois Central bridge men and other construction gangs have been sent to the G. & S. I. to prepare the track for a greater volume of business.

Personals

Vice-President Clift passed through the city first of the week, having made a tour of the Southern lines.

General Manager Patterson passed through the city first of the week en route north.

Superintendent Williams made a business trip to Birmingham first of the week.

Road Master Holt made a business trip to Birmingham early part of the week.

Traveling Engineer Shepherd attended fuel meeting at Memphis Tuesday of this week.

Hickman News

The new Fiscal Court had its first meeting with all members present. The old members of the court are Coop Bradford and S. A. Hagler, the ones sitting for the first time—being initiated as it were—are Pat Henry and W. J. Fields. Judge Nugent retains his place at the head of the table.

The matter of making an appropriation for county health service, which has, year after year, been a bone of contention and caused delegations from various organizations to be present to lobby for the project seemed this year to be no issue at all. No doubt the inestimable value of the service has caused it to become a permanent institution. It has been going on so long that without it we would be distraught, as if every automobile should be taken out of circulation over night.

The court went further this year. Besides the appropriation of \$4,250 for the year's work, they allowed \$63 per month for office and other expenses.

Summing everything up, the new court starts out well.

Big Laundry Improvement

ANOTHER YEAR FOR SERVICE

The same unvarying, high standard service that has characterized the work of this laundry in the past will actuate its service to you in the future. Of this you may be assured.

In order to do a class of laundry work that we have never before attempted in our twenty-five years experience in the laundry business, we are installing the latest and most modern machinery for doing a class of work known as the Family Wet Wash, but instead of returning your clothes to you wet, they will be nicely dried in our new drying tumbler at the same price that other laundries have charged for wet wash heretofore.

Since the wet wash has proven unsuccessful we know that none of our patrons want their clothes returned to them wet, and in installing this twentieth century drying machine at an enormous expense, it will be in keeping with the town's progress and will be appreciated by the people we serve.

We never lose an opportunity to give the people of Fulton and vicinity the best of service, and the new equipment we are installing now will make our plant one of the leading laundries in the state.

SEND the FAMILY WASH to US.

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

PROTECT YOUR TOWN

Protect your own town and thereby show that you are in favor of protection. If protection is good for the nation it is good for the town. As townspeople we should favor our town above every other as the growth and development of it is what will enhance the value of all property both in and about it. Then buy your dry goods, groceries, hardware, furniture, etc., at home; have your printing, your blacksmithing, your shoe-making done at home; patronize home in every instance that you can. The success of our merchants and mechanics means new business houses and residences, additional demands for labor of various kinds. To the farmer a first-class town affords a better market for his grain, a better trading point, and such a town is bound to increase the value of his land. Unquestionably "in union there is strength." Let us protect our town.

A farmer near town recently hired a lad to help him do chores. One morning he told him to take some salt and salt a calf out in the pasture. The boy took a quart of salt with him and thoroughly rubbed it all over the calf, working it into the hair. A gang of colts in the pasture scented the salt and got after the calf. They licked all the hair off the calf and nearly took the hide off, too.

Science boasts of many achievements during 1925 but hasn't found a way to keep people from driving on grade crossings in front of trains.

It's a queer slant of the viewpoint when the boy makes a cigarette and thinks he's a man

and the old man smokes one and imagines he's a boy again.

SHOCKING FASHIONS

The knee length dress and cigarette habit among women have become a target for the reformer. It was inevitable. Anything so extreme as the fashion in skirts would draw criticism.

The Daughters of the American Revolution, the National Congress of Parents-Teachers, and the National Federation of Women's clubs are leading the assault on the whims of femininity which are shocking the more modest of the weaker sex.

Meantime, the skirts are becoming shorter. Designs for the year 1926 show the skirts are even above the knees. Of course, there is a limit, but if the reformers don't be careful the limit will be higher than it otherwise would be.

Young America, both the male and female sex, has a notion that whatever it does is all right, and the freedom which young people possess, compared to past generations, has given them a careless abandon that is causing some concern among men and women who have studied the social trend.

Some people shudder in contemplation of what the future holds in store for girls. They feel that smoking cigarettes will eventually lead to physical bankruptcy and race degeneracy.

Surely smoking among girls has not reached any alarming stage. It is a fad that will pass and there are many girls left who, because of careful home training, will never smoke because they know that it is vulgar.

They may wear dresses to their knees, or even above, simply because it is being done, and not for any sane reason, and the fashion will become so commonplace that none will give it a passing thought.

Then when it ceases to be shocking, skirts will begin to come down, but they will never drag the earth again. At least, that is something to be credited to the common sense of the present age.

"Light silk stockings," says the fashion page note, "continue to be fashionable." They are especially recommended because of their warmth.

Postmaster General New recommends restriction of the sale of deadly weapons by mail. That includes prohibition intoxicants.

The American Association for the Advancement of Atheism is another reason for suspecting that the insane asylums will have to be enlarged.

BELoved WOMAN PASSES AWAY

Died, at her home, in Water Valley, Ky., January 4, Mrs. Lula Melton, aged 36 years.

All the care and love that skilled physicians and an anxious household could devise and apply for her comfort and assistance were brought into play but the fiat of Him who rules our incomings and outgoings, had been issued and after a brief struggle, despite the prayers and entreaties of all who knew and loved her, their appeals were overruled, and the spirit of this dearly beloved wife and mother took its flight to that home the Christian believes is the fulfillment of the life everlasting.

Mrs. Melton was a consecrated member of the Baptist church and will be sadly missed by a large number of sorrowing friends.

Funeral services were conducted by the Rev. C. A. Riggs, of Medina, who paid a beautiful tribute to the deceased, having known her long and well. Gentle hands laid her to rest in Water Valley cemetery where she awaits the resurrection morn.

Deceased is survived by her devoted husband, Will Melton, and two small children, Mildred and Margaret Montez, father and mother, Mr. and Mrs. Frank Yates of Water Valley, and five brothers of Detroit, Mich., and one sister, Mrs. Everett Winslow, of Wingo, Ky.

AMERICAN TELEPHONE & TELEGRAPH CO.
ED COMPANIES

Telephone subscribers now receive more for the money they spend for telephone service than for any comparable service or commodity.

More Millions For Kentucky

MORE than \$2,600,000 will be expended for additions, extension and replacements to Kentucky's telephone service during the year 1926.

This follows a program of more than \$3,000,000 which was completed in Kentucky last year, and is in keeping with our policy of building in advance to keep pace with the growth and progress of the State.

There are now more than 111,400 telephone stations connected with the Cumberland Telephone System in Kentucky.

Such enormous additions and expansion makes the service indispensable to every community and more valuable to every individual user.

L. K. WEBB, Kentucky Manager
"BELL SYSTEM"
CUMBERLAND TELEPHONE & TELEGRAPH COMPANY
INCORPORATED
One Policy, One System, Universal Service

Chestnut Glade

There is much sickness in this community. Quite an epidemic of flu. Lon Watts' entire family is just recovering. Mr. Orr, Mrs. Ridgway, Mrs. Irene Yates, Mrs. S. L. Moore, Mrs. T. D. Butts, Mrs. Stella Nannay and Doris Finch also, are its victims. We hope these will soon recover.

Moving has been quite frequent since the holidays. Jess Cashion moved from A. J. Butts' place to the Marion Cashion place near Dukedom. Ray Bowden, to the Butts' place. Mr. Haygood from Clyde Howard's place to that of Cleveland Butts, near Chestnut Glade. Calvin Thomas to the Atkinson place.

Mr. Tom Todd, who recently sold his personal property, rented his farm and moved to Detroit, came back within a few weeks and will locate for this year, five miles west of Fulton. Prof. Barrax called a meeting of the farmers of this district who were interested in the green tomato growing that has brought so much money to other parts of Tennessee. Quite a number responded to this call Saturday night and enough acreage pledged to make it quite certain that we will under the instruction of Prof. Barrax and grow tomatoes.

Several of the agricultural pupils will have an acre each. Prof. Barrax offers a twelve night school for the benefit of those interested.

Ollie Thomas has been suffering severely with rising this week.

Little Treva Ray, daughter of Roy Ray, has been sick several days with risings on her neck.

Four of our high school boys spent their Christmas holidays dramatizing one of Zane Grey's western stories, "The Border Legion." These young dramatists, Leon Nix, Beecher Finch, Malcom Johns and Guy Finch, have selected the characters for this play, and are preparing to put it on in the auditorium at Chestnut Glade in the near future. I will announce the date in plenty of time for each and every one of you to come to see it.

I want to say "Amen" to Mr. Way Walker's proposal that a hitching place be arranged in Fulton. I am one who sometimes searches vainly for a place to hitch, and almost vow, never to go again on Saturday.

So when this improvement is made, I shall be one of many to rejoice. Perhaps if our friends in town knew how much it means to us, this would be arranged for our convenience.

HELP WANTED

Experienced cigar makers on shape or straight work. We can also place 15 or 20 girls in learning department. Apply AMERICAN CIGAR CO. Third and Fourth Sts. Fulton, Ky.

Cayce News

Messrs. Earl Oliver and Joe Lane have returned to Akron, Ohio, after having spent the holidays with home folks.

Born to Mr. and Mrs. Hoyt Youree, a fine girl.

Linn McClellan of Berea College gave an interesting talk at Chapel, Tuesday morning.

Lonnie Roper, who came home from Akron Christmas, will take charge of his father's farm this spring.

Miss Hazel Mayfield spent the week end with Miss Martha Sue Sublett.

Mr. Johnnie Cruce, who has recently formed a partnership in the grocery business of Ardell Simpson, is moving his family to Cayce this week.

A number of teachers, students and citizens will go to St. Louis this week end to see "The Miracle," one of the greatest performances of the season.

Mr. E. A. Mayfield has returned to Akron to work during the winter season.

School re-opened after the holidays with much enthusiasm. Several new pupils have entered. The Literary society will meet Friday afternoon. Everybody is invited to the program.

Service Is Slogan Of City Garage

Just Installed Truck Completely Equipped With Speedy Wrecking Outfit

In passing the City Garage, located at 110 Lake street, a few days ago our attention was attracted to a truck completely equipped with a wrecking outfit and on investigation we learned that Earle & Taylor, the proprietors of the City Garage, had installed this new wrecking outfit for speedy work when a motorist was unfortunate in getting "stuck", or happened to an accident of any kind.

"Better Service—That's our slogan for 1926," said Mr. Earle, "and with our speedy wrecking car we can render the best of service, and get a motorist out of trouble in short order. We go any place. Just telephone 38, night or day, and see how quickly we do the job."

Motorists can ride more comfortably now knowing this service is ready should they need it. It is a step forward in the line of progress for the City Garage, the well known dealers of Chevrolet cars.

The proprietors of this garage are both expert mechanics and their long years of experience in the automobile business has taught them just what is needed to give the most pleasure to motorists.

Now is a good time to renew your subscription for The Advertiser another year. Don't wait until your name is dropped from the list. A 1.00 bill will place you in good standing on our list for one year.

KENTUCKY BRIEFS

Mayfield—John Wilson saved his life by jumping from his wagon at a grade crossing just before the vehicle was struck and demolished by a train.

Hopkinsville—Five prisoners escaped from the city jail here by digging bricks from the wall with a spreading fork. None of them have been captured.

Mayfield—The left eye of Junior Dakus, 3, was shot out by a shot from an air gun, which accidentally discharged while in the hands of a companion.

Pineville—B. A. Hoskins is in a serious condition, suffering with wounds in one lung and the liver, which were inflicted when he was accidentally shot by a friend at a turkey shoot.

Frankfort—Sheriff Johnson, of Pike county, refused to take the \$250 reward offered by the State for the capture of a man said to be Willie Williams, who was taken by a posse led by Johnson.

Owensville—A man attempted to hold up an automobile near Suit Lick but the car was occupied by Sheriff S. M. Estill and his deputy, Mason H. Bots, who arrested the man and brought him here to jail.

Walton—While William P. Collins and his bride, who left in an automobile for their honeymoon, were in a restaurant in Cincinnati a thief stole all their baggage from their car, including the bride's trousseau.

Louisville—The Charleston has been burned by the Shawnee Club. Dancers doing the Charleston at a dance recently caused the building to rock violently and bits of plaster to drop from the ceiling, hence the ban.

Springfield—Mrs. Theo. C. Campbell was cut and bruised about the body and her back as scalded when a hot water tank, connected with a stove, exploded, hurling parts of the stove thru the walls of the room.

Lebanon—W. R. Blacketer, 45, of this county, was struck by a stray bullet, which passed thru his hat and coat and tore off his thumb nail while he was riding on a street car in Louisville. Where the bullet came from could not be learned.

Clay—Fire which originated in the laundry room of the Coffman hotel here destroyed that building and damaged adjoining business houses and their contents to the estimated amount of \$30,000. Guests were forced to flee in their night clothes.

Paducah—A joking remark became near being a reality when C. H. Ayers placed a blank pistol to his head and stated he believed he would kill himself. The gun exploded and the wadding of the blank charge was driven through Ayer's scalp to the skull.

Shelbyville—G. S. Elliott, of Owensville, accidentally drove a touring car into an interurban car on the Louisville road with such force that the electric car was put out of commission. Mr. Elliott's car was little damaged and he was able to continue on his way without repairs.

Hopkinsville—Incendiarism has been mentioned by officials here as the cause of the burning here of the Nelson tobacco warehouses which resulted in an estimated loss of \$72,000. The building was owned by M. H. Nelson and was rented to the Dark Tobacco Growers' Cooperative Association.

Louisville—Two women, one of whom was 90 years old, died of burns at local hospitals. The accidents almost were identical. Mrs. Sarah McCall, 90, was burned fatally when her clothing ignited before an open grate. Miss Mary Blissett, 22, died of burns suffered Dec. 23, when her dress was ignited by a gas heater.

Bardstown—One of the largest single transactions since the advent of prohibition was consummated with the sale by William O. Stiles, Bardstown, of 3,200 barrels of whiskey for approximately \$400,000 to Emil S. Hauptmann, Chicago millionaire. The whiskey, now is stored in the E. H. Taylor distillery in Woodford county.

Bowling Green—Arthur Freeman, engineer of the Pan-American fast L. & N. train, fainted a short time before the train reached here and it was rushing into Bowling Green yards at 50 miles an hour when Conductor C. C. Thompson realizing something was wrong, released the air brakes and stopped the train. With a few moments delay a serious accident might have resulted.

Mayfield—Mrs. Louis Roach, who in March 1922, became the first woman sheriff in the United States, retired from office here being succeeded by her deputy, P. R. Brown.

Hickman—Forty years ago E. G. Stokes, Walter Valley, merchant, sold a bill of merchandise to a man, who later moved to Clovis, N. M. He had not heard from the man until the other day when he received a check for \$100 from his former customer, together with a letter promising to pay the rest of the bill.

Sunday School Lesson

By REV. F. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago, (Moody Bible Institute of Chicago, Newspaper Union)

Lesson for January 17

JESUS AND NICODEMUS

LESSON TEXT—John 3:1-17.
GOLDEN TEXT—For God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish, but have everlasting life—John 3:16.
PRIMARY TOPIC—Nicodemus Visits Jesus.
JUNIOR TOPIC—A Ruler Visits Jesus by Night.
INTERMEDIATE AND SENIOR TOPIC—What Nicodemus Learned From Jesus.
YOUNG PEOPLE AND ADULT TOPIC—The New Birth.

I. The History of Nicodemus (vv. 1, 2; cf. 7:45-52; 19:38-42).
The lesson of today has its peculiar significance in the light of Nicodemus' station in life. He was a learned rabbi, a doctor of the law, and presumably a man of good character. His coming by night indicates his timidity. Like Joseph of Arimathea he was afraid to openly espouse the cause of the new teacher of Galilee. Though timid, as an honest man he investigated and got first-hand information. Because of this information he uttered the brave words in the Sanhedrin against judging a man before hearing him (John 7:45-52), and he also rendered the loving service at the Lord's tomb (John 19:38-42).

II. Jesus' Discourse With Nicodemus (vv. 3-17).
The subject of this conversation was the new birth.

1. The Necessity of the New Birth (vv. 3-7).
It is not a matter of choice whether one is to be born again, but of necessity, if he is ever to see or enter the kingdom of God. Regeneration is the first demand the gospel of Christ makes upon man.

(1) The kingdom of God is a spiritual kingdom, therefore there must be a spiritual birth in order to enter it (v. 3). As we enter the physical kingdom by a natural birth, so we enter the kingdom of God by a supernatural birth.

(2) The nature which we get through the natural birth is radical and essentially bad (v. 6; cf. Gal. 6:19-21). That which is born of the flesh is flesh. The flesh cannot be improved (Jer. 17:23); cultivate and educate it all you please and it will still remain flesh. In order to enter into the kingdom of heaven there must be a nature fitted for heaven. There is nothing that can be substituted for the new birth. Men today are trying to substitute morality and education for the new birth. Nicodemus possessed these, yet Christ declared that he needed something more. It is no more possible to have a physical being without a physical birth than it is to have a spiritual nature without being born of the spirit.

2. The Mystery of the New Birth (vv. 8-13).
Though mysterious, its results are definite. We cannot discern from whence the wind cometh, or whither it goeth, but we know that it blows by its effects. The fruits of our life demonstrate our nature, whether it is heavenly or carnal. We need not be told that we have had a physical birth, for our bodies with their various faculties prove it. Even so, the presence within us of a nature which has no affinity for the things of the world, but a strong affection for God and a disposition to yield prompt obedience to His commands, proves that we have been born from above.

3. The Ground Upon Which the New Birth Rests (vv. 14, 15).
Christ's atoning death on the cross makes regeneration possible. He took the place of sinners. His infinite merit was placed to their account; He suffered in the sinner's stead.

4. For Whom Salvation Was Provided (vv. 16, 17).
"Whoever believeth on Him." These verses give in a condensed form the whole plan of salvation. Observe: (1) Its source—"God so loved." (2) Its ground, the death of Christ—"He ever." (4) Its condition—"believeth on Him." Its results—"should not perish, have everlasting life."

III. Man's Attitude Toward Christ (vv. 18-21).
1. Some Believe and Are Saved.
Those who believe are now free from condemnation (John 5:24). They are not only saved now but forever (John 10:28, 29).

2. Some Will Not Believe and Are Therefore Resting Under the Condemnation of God.
The awful sin which causes men to be eternally lost is unbelief in Christ. The cause of their unbelief in Him is their love of sin. Refusal to come to Christ proves that men's deeds are evil and that they love darkness rather than light.

3. In God's Eternity
Look up, my wearied brother; see thy fellow-workmen there, in God's eternity; surviving there, they alone surviving, sacred band of the immortal, celestial bodyguard of the empire of mankind.—Carlyle.

4. The Honor
When one has come to seek the honor that comes from God only, he will take very quietly the withholding or the honor that comes from men.—George Macdonald.

Renewing Our Pledge of Service.

We carry in stock everything to be found in an up-to-date Hardware Store.

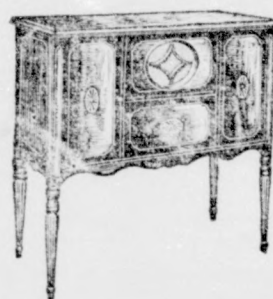

At the beginning of the New Year, we feel that a restatement of our policy in serving the people of this community is appropriate. In our efforts to make this store the leading shopping center for all we had but one purpose in mind, and that is to be of real public service, to supply you with your needs at the minimum of cost, consistent with quality, and to cap the climax, every sale is made with the distinct understanding that the purchase must prove entirely satisfactory. The success of this store is due to close adherence to this definite policy—a policy well known to our patrons. We feel reasonably certain that once you patronize this store, you too will be favorably impressed, not only with our merchandise and prices, but also with the courteous and friendly treatment you receive.

We Must Work Together

EVERY thoughtful citizen of this community is interested in its development and progress. There's no question about that! We all want our children to enjoy better homes, better schools, better parks—more agreeable surroundings and greater comforts.

We all want our town to keep step with its neighbors, to take the lead in civic affairs. So there is only one sound plan for us to follow:

We must work together to increase the wealth of this community by doing everything we can to encourage local business.

When you and your family patronize our advertisers—the stores and banks of our town—and keep your money in circulation right here at home, there is no power on earth that can prevent our progress.

Read the Ads in this Paper
and save yourself money by trading at home

JUDGMENT IN BUYING

Buying foodstuffs and meats doesn't consist simply in shoving your money over the counter and taking the goods home. Anybody can do that, but it takes good judgment to buy wisely.

Ask your friends what they think of our stores. They will tell you that they buy from us because they get what they want and are never overcharged. They buy wisely because they know where they are buying. They buy from us because they know we are dependable.

Try our stores a few times and your own judgment will tell you that you have made no mistake.

Methodist Church

J. V. Freeman, Pastor

Sunday school, 9:30 a. m. T. J. Kramer, Supt.
Epworth Leagues, 6:45 p. m.
Prayer meeting 7 p. m. on Wednesday.

Preaching at 11 a. m. and 7:30 p. m., and special music at both services.

The public is cordially invited to attend all the services.

The Warner Blackard society met Monday at the home of Mrs. Chas. Payne with Miss Farmer and Mrs. Payne as hostesses. The meeting was opened with devotions led by Mrs. Eli Bynum. The short business session followed and the president, Mrs. Scruggs reported that the year book committee had met and the places of meeting and leaders for the ensuing year had been appointed. The following appointed officers were filled by the president: Voice Agent, Mrs. Kramer, Pianist, Mrs. Gingles.

The minutes were read, corrected and approved. A meeting of the officers was called to be held at the home of the president, Mrs. Scruggs. The officers of 1925 handed in written reports of the past two years' work and each report was unusually good. The meeting was then turned over to Mrs. Bynum leader for the afternoon. Her subject was, "Stewardship and Leadership of Jesus Christ." She was ably assisted by Mrs. Hardin. The pledge cards were passed by the treasurer and a goodly number signed up. New members were Mrs. Zelma Farmer, and Mrs. Sarah Meacham. The meeting closed with prayer, to meet with Mrs. Baldrige and Mrs. Tom Allen, with Mrs. Armstead as leader.

Miss Lena McKeen has returned from Dresden where she visited relatives.

Mrs. Robert Nolen of Jefferson City, Mo., was in the city for a few hours, en route home from Mississippi and visited Mr. and Mrs. L. R. Nolen on Park Ave.

As usual, Sunday was another good day, both services being well attended. Rev. R. L. Norman delivered the morning sermon and was a spiritual uplift to all who heard it. The pastor preached at the evening hour. Just before the sermon the installation of the officers of the adult societies was conducted by the pastor and the sermon following will help the officers do their work more successfully.

The senior Epworth League met last Sunday at the church at its usual hour. The meeting was opened with a song, followed with prayer by Mrs. J.

K. Wood. The scripture lesson was read by the President, Wade Joyner. Then the meeting was turned over to the leader, who was Manette Barber. The following program was enjoyed by a large attendance: Piano duet, Maudelle Jones and Gladys Bell; Musical Reading, Ruth Nall with Mary Nell Nall, accompanist; a talk by Mr. Kramer; Reading Wilma House.

Trinity Episcopal Church.

104 Washington St.

Dr. A. C. Boyd, Rector

9:45 a. m. Church school, H. S. Stansbury, Superintendent.
11:00 a. m. Holy Communion and sermon.

7:00 p. m. Evening prayer and address.

A cordial invitation is extended to all to attend these services.

Church News

The vestry held its annual meeting at 2:30 Sunday afternoon and closed the reports for the past year. The work done was gratifying to the members, and the outlook for the coming year is much brighter than was to have been expected, considering the many losses in membership sustained during the year just passed.

The Woman's Guild held its January meeting at the home of Mrs. Don Taylor on Monday of last week, and in courtesy to Mrs. Charles Karmire, the retiring president, the election of her successor was deferred until a later date. This was done because Mrs. Karmire is leaving Fulton shortly, and the members of the Guild wished her to continue in office during the remainder of her stay with us.

The new radio service inaugurated at the parish house last Sunday evening after the usual service was well attended by the congregation. A few numbers were obtained before 9 o'clock and a full program after that hour.

In the absence of accurate record of location, a satisfactory program was not obtained. During the present week, sufficient time will be spent in obtaining the necessary records of location and a good program is promised for next Sunday evening.

Ed Paschall has been confined to his home for over a week and on last Friday he suffered a relapse which will detain him in bed for a further time.

Mr. Thos. H. Chapman has received word from his old home in Uniontown, Ky., that his father was quite ill. A letter report stated that he was slowly improving, but was still quite ill.

Mrs. Chapman, who has been spending the holidays with friends in Texas, returned home Tuesday night.

Mr. and Mrs. Luther Sanders, of Columbus, Kentucky were house guests of Mr. and Mrs. Charlie Binford over Sunday.

Send the Advertiser to a friend one year—only \$1.00.

Central Church of Christ

Services, 11:00 a. m., 7:30 p. m.

Special music at both services. Everyone especially invited to attend all services.

CONTEST NOW ON

The Ever Ready Bible Class of the First Baptist Church has organized, and is now working on the Blue and Red contest, which will last for three months. At the close of the contest they will have a banquet for the class, the losing side to furnish the program.

They ask that every adult male member of the church, come join the class, and especially invite every man in Fulton, who is not a member of some Sunday School, to come and join them.

Let every member be a booster for his color. W. E. Filippo is captain of the Reds, and G. H. Duley, captain of the Blues.
