Fulton Wants Better Roads

More and better roads for Fulton and the surrounding section were the keywords of the address delivered by the Hon. J. B. Bivins, Judge of the Court of Common pleas for Fulton County, at the regular meeting of the Board of Commissioners, held Tuesday night, and the outlook for 1926 was generally encouraging to most of the audience.

Judge Bivins told the Board of Commissioners the necessity for a direct line in Union County from the courthouse to the shade as the roads and bridges were never made up well enough for the safety of the citizens of the county. The committee recently appointed to select the site for the new courthouse had made a survey of the property owners and the members of the Committee promised to make a recommendation to the Board of Commissioners as to the proper location of the new courthouse.

Mayor Huber assuring the members that the entire Basin Road between Fulton and Woodbine had been improved and the work of grading was to be continued. He promised that all the county roads would be in good condition by the beginning of the new year.

The road committee in its report said that work was being done on the roads in Union, Greenfield, and Clinton and assured the members that a large sum of money was being spent for the betterment of the roads of the county.

Fulton Wants Tobacco News

Up to 20 Crank Paid for Tobacco

Fulton experienced its first tobacco fire Tuesday, and judging from the size of the fire it was the beginning of a fine season. There were 17,500 pounds of tobacco burned, of which $8,000 was raised. The farmers in the dark tobacco section will have to rely more on large quantities of common tobacco, but that would not satisfy them. The price of the tobacco stood at $1.25 per hundred and they would have to get that price to make it worth while to harvest the crop.

The beauty of the tobacco is the color of the leaves, and the fact that the farmers in the dark tobacco section will have to rely on large quantities of common tobacco is something that the farmers in the dark tobacco section will have to rely more on large quantities of common tobacco, but that would not satisfy them. The price of the tobacco stood at $1.25 per hundred and they would have to get that price to make it worth while to harvest the crop.

Big Laundry Improvement

In order to do a class of laundry work that we have never before attempted in our twenty-five years experience in the laundry business, we are installing the latest and most modern machinery for doing a class of work known as the Family Wet Wash, but instead of returning your clothes to you wet, they will be nicely dried in our new drying tumbler at the same price that other laundries have charged for wet wash heretofore.

Since the wet wash has proven unsuccessful we know that none of our patrons want their clothes returned to them wet, and in installing this twentieth century drying machine at an enormous expense, it will be in keeping with the town's progress and will be appreciated by the people we serve.

We never lose an opportunity to give the people of Fulton and vicinity the best of service, and the new equipment we are installing now will make our plant one of the leading laundries in the state.

PROTECT YOUR TOWN

Protect your own town, and thereby show that you are in favor of protection. If protection is good for the nation it is just as good for you. If you were to safeguard the growth and development of your town above every other as the nation, the town above every other as the nation, is what will enhance the value of your home.

Fulton, Kentucky, under the Act of March 3, 1879.

"In union there is strength."

The Daughters of the American Revolution, the National Vassar College, the National League of Women's Clubs are leading the vanguard on the adoption of fashions which are shaking the very roots of the industrial viciousness.

Meanwhile, the skies are becoming shorter. Designs for the year 1920 are showing a trend of the skirts as being below the knees. Of course, there is a limit, but if that limit isn't arrived at sooner than it will be the young housewife who will be responsible.

For the year 1920, there is to be a return to the looks of the old times.

Robert Frost has said, "We have no past, we have no future, we have only the present." This is not true, for the children of today are learning a lesson that will be laying the foundations of what the future holds for the land. If we are to grow and progress in the future, we must lay the foundations of the future in the present.

For the year 1920, there is to be a return to the looks of the old times.

Robert Frost has said, "We have no past, we have no future, we have only the present." This is not true, for the children of today are learning a lesson that will be laying the foundations of what the future holds for the land. If we are to grow and progress in the future, we must lay the foundations of the future in the present.

The knee length dress and knee length skirt are especially recommended and are especially suitable and practical when worn by the younger members of our community.

Meantime, the skirts are being cut in such a way that they are becoming shorter. Designs for the year 1920 are showing a trend of the skirts as being below the knees. Of course, there is a limit, but if that limit isn't arrived at sooner than it will be the young housewife who will be responsible.

For the year 1920, there is to be a return to the looks of the old times. Boys and girls are learning a lesson that will be laying the foundations of what the future holds for the land. If we are to grow and progress in the future, we must lay the foundations of the future in the present.

Robert Frost has said, "We have no past, we have no future, we have only the present." This is not true, for the children of today are learning a lesson that will be laying the foundations of what the future holds for the land. If we are to grow and progress in the future, we must lay the foundations of the future in the present.
Chestnut Glade

There is much sickness in this community this week. Several are in the hospital, and others are ill at home. Miss V. H. Owings, Mr. J. A. Erwin, and W. H. Boyles are in the hospital. We hope they will soon recover.

Moving has been quite frequent since the holidays. Joe Young, of Frankfort, has moved his family to the Methodist Church next to the Chestnut Glade place. He and Mr. E. H. Mayfield have moved to the place near the Baptist Church. Ray Dickey, of the Butts place, is said to be in the grocery business of Alice, Ill., to which place he moved this week. He disposed of his personal property to rent and the new owners will go to St. Louis, where it is said to be the property of the Butts place to that of Clevelend. The new owners have formed a partnership, which is said to be a very successful one. Several new parties have entered the literary society, which is said to be in very good shape.

We are all very much interested in the performances of the opera house. The principal feature of the week was the return of Jack Reardon, of the Butts, who returned to Akron, Ohio, this week, having been on the road for some time. He was very much overjoyed to see his old friends and was very much at home.

Several of the agricultural schools have been visited this week. Miss M. E. Anderson, of the Farmers' Institute, lectured at the Methodist Church, and Mr. R. A. Johnson, of the Farmers' Institute, lectured at the Baptist Church. They both had large audiences and were very much enjoyed.

Several of the high school boys have been sick this week. Roy Ray, of the Butts, has been sick several days, and is now quite well. Mr. R. A. Johnson, of the Farmers' Institute, has been very ill, but is now much better.

The lumber business is one where constant watchfulness and care is needed to secure the best results.

We are always careful to protect our customers by selling them only the BEST in the particular grade purchased.

Renewing Our Pledge of Service.

At the beginning of the New Year, we feel that a restatement of our policy in serving the people of this community is appropriate. In our efforts to make this store the leading shopping center for all we had but one purpose in mind, and that is to be of real public service, to supply you with your needs at the minimum of cost, consistent with quality, and to cap the climax, every sale is made with the distinct understanding that the purchase must prove entirely satisfactory. The success of this store is due to close adherence to this definite policy—a policy well known to our patrons. We feel reasonably certain that once you patronize this store, you too will be favorably impressed, not only with our merchandise and prices, but also with the courteous and friendly treatment you receive.

We Must Work Together
EVERY thoughtful citizen of this community is interested in its development and progress. There’s no question about that! We all want our children to enjoy better homes, better schools, better parks — more agreeable surroundings and greater comforts.

We all want our town to keep step with its neighbors, to take the lead in civic affairs. So there is only one sound plan for us to follow:

We must work together to increase the wealth of this community by doing everything we can to encourage local business.

When you and your family patronize our advertisers — the stores and banks of our town — and keep your money in circulation right here at home, there is no power on earth that can prevent our progress.

JUDGMENT IN BUYING

Buying foodstuffs and meats doesn’t consist simply in shoving your money over the counter and taking the goods home. Anybody can do that, but it takes good judgment to buy wisely.

Ask your friends what they think of our stores. They will tell you that they buy from us because they get what they want and are never overcharged. They buy wisely because they know where they are buying. They buy from us because they know we are dependable.

Try our stores a few times and your own judgment will tell you that you have made no mistake.
