FULTON, KENTUCKY, FRIDAY JULY 13, 1934.

NUMBER TWENTY-FOUR.

IRENE BOYD STILL HOLDING BIG LEAD IN CONTEST

BIG GAME ON CARD FOR SUNDAY AFTERNOON

Sunday afternoon the Fulton Boosters will bring that fast-stepping baseball club from East Prairie, Mo., to Fulton for a battle that will be a sensation for the loyal fans. This team has been playing a brand of baseball that is seldom seen in these parts and a great battle is anticipated. They will bring with them such players as Joe Jackson formerly with the Chicago White Sox, Risberg and Laws that noted Western League pitcher that has made a record for himself in the west. Also they will bring those two noted Murray State Teachers stars that set the woods on fire while with Murray, Munger and King are their names and players they are.

Fulton will have in their lineup more new talent in Pannell and Nanney, two boys that have won themselves positions on the Boosters team. Together with the two Dunn boys and Rhodes and Lancaster, Fulton with their other main stays in Carden, Ross, Brown, Curdin and Sawyer should prove to be one of the toughest battles of the year and every baseball lover in Fulton should see this game. The game is to be called at 3:30, with ladies admitted free.

METROPOLIS BEATS FULTON

Sunday afternoon the Fulton Boosters journeyed to Metropolis, Ill., and faced the Merchants there in a fast and close game in which the Metropolis club won by the score of 4 to 3.

Bad breaks were responsible for Fulton's defeat when Metropolis received every break of the game. Fulton opened the scoring in the first inning when R. Dunn singled and went to third on Pannell's single and scored on a single by Sawyer. Again in the second they scored one run when D. Dunn doubled and scored on a single by Rhodes. Their final score came in the 8th when Curdin singled, stole second and scored on single by Nanney.

Metropolis scored in the first by base on balls, a single and fielders choice and three in the 5th on two singles, error and a double.

NEW TOBACCO CONTRACTS ARE YET ACCEPTABLE

Instructions have just been received by County Agent O. R. Wheeler that new Dark Fied Tobacco reduction contracts may be accepted through July 28th. Any producer of this commodity who operates a farm eligible to be covered by a tobacco reduction contract may submit such a contract at the office of the County Agent, in Hickman on any day prior to July 28th. This reopening of the tobacco sign-up is due to a provision of the Kerr-Smith Act recently passed by Congress.

"TWIN" HERE AGAIN

First it was C. J. Bowers, then M. K. Chowning, and now it is Bob Cowardin. Each of these respective citizens have met their "twins"—twins in name only. But this time there are three of them—all bearing the name Bob Cowardin. Two of them were in Fulton this week.

Bob Cowardin of Fulton, who has been living here since 1904, has had as his visitor this week his second cousin, Bob Cowardin of Outwood, Ky. Our own Bob Cowardin was born in Weakley County, Tenn., while the visiting Bob was born in Richmond, Va. Although the Cowardins are related, they met for the first time a few days ago. Both engaged in the Spanish-American war. Mr. Cowardin of Outwood has been quite a globe trotter, and has seen the tree planted in Japan when Admiral Perry opened that country to trade. H. C. Cowardin, father of the Fulton Bob Cowardin, was chief of police at Martin Tenn., for a number of years, serving at the same time that Mace McDade was an officer here.

MODERN WOODMEN

It is officially estimated from the reports of the camps of Western Kentucky and Western Tennessee that there were about 1,900 members of the Modern Woodmen here to enjoy the July 4th celebration. Some do not realize the purpose of the rest tent furnished by the M. W. A. in front of P. H. Weeks Sons. It was not just a place to rest but was a good will movement backed by the members of this camp to let the people know what good is being done by the M. W. A. LETTERS INDICATE RAILWAY OFFICIALS WELL PLEASED

Letters from railroad officials received here indicate that the Illinois Central System was well pleased with the Eightieth Anniversary celebration held in Fulton on July 4. A few letters are quoted herewith:

Memphis, Tenn., July 9, 1934.
R. C. Pickering, Esq.,
Fulton, Ky.

My dear Mr. Pickering: Will you kindly send me a copy of the Fulton newspaper which gave an account of the 4th of July celebration.

I enjoyed very much my day in Fulton and take this occasion of expressing my appreciation of the many courtesies extended to me by you, Trainmaster Williams and the citizens of Fulton who had charge of the celebration. With kindest regards, I am, Yours very truly,

CHAS. N. BURCH, Gen. Solicitor

Chicago, July 7th, 1934.

H. W. Williams, Trainmaster,
Fulton, Ky.

My dear Hub:
I appreciate very much your interest in forwarding me the news items from the Commercial Appeal.

In my opinion, you certainly deserve much credit for your outstanding work in the promotion of this celebration in which you played such a great part. It was in fact one of the most outstanding affairs I have witnessed for sometime, and I am especially pleased that I was granted the privilege to take part in it. Your efforts are most commendable, and I am sure that our railroad will reap substantial benefits therefrom.

Floyd Jr. and Jack Jr. enjoyed themselves very much and were especially happy to have promoted the winner in the Number One Boogie Event with their "Nigger Tune!"

With kindest personal regards to yourself and our mutual friends,
Sincerely,

F. R. MAYES,
Genl. Supt. Motive Power

Chicago, July 5, 1934.

Fulton County News,
Fulton, Ky.

Dear Mr. Bushart:

Mr. Pickering called me this morning and told of the remarkable success of the Fourth of July and Eightieth Anniversary celebration at Fulton yesterday. I congratulate you and Mr. Capps upon the part you played in arranging for it, and I attach two clippings showing that the news of the event penetrated a Chicago and appeared in the two principal morning papers.

Please send me copies of the local papers containing the reports of the event. Mr. Pickering is going to prepare a report for the Illinois Central Magazine, and I have suggested to him that he might call upon you for assistance.

I understand that the Memphis Commercial Appeal planned to have a staff writer at the celebration, and undoubtedly it has proved a good thing for Fulton as well as for the railroad in an advertising way.

It seems to me that you are entitled to a great deal of credit for having conceived the idea of the celebration and having seen it through to a successful conclusion. That goes also for the Young Men's Business Association and all the co-operating organizations and individuals.

If the result has been—as I rather—to strengthen the ties of friendship between Fulton and the railroad, then the celebration has been very much worth while.

Sincerely yours,

C. E. KANE, Editor
Illinois Central Magazine.

decisions at the plate that has ever been seen here. With one out in the 8th inning and Fulton leading 4-3 with Fulton at bat, men on second and third, the batter attempted to bunt, the ball striking the ground behind the plate for a foul ball. But the umpire called it foul ball and strike two on batter. Manager Roberts of Fulton called his men back to their bases and this time the Engineers in the field put up a big argument. The umpire, who was also an engineer, reversed his decision. Game went to Engineers 6-5. Well, Ross, pitching his heart out and hitting also had to lose the contest. He slammed the offerings of the opposing pitcher over the deep center field fence in the 4th for a home-run, the longest hit seen here this year.

FULTON GETS HEADLINES
The railway celebration held in
this city July 4th was the means of
placing Fulton before the eyes of
millions of people. Fulton has at-
tained national prominence when
the celebration received headlines in
thousands of newspapers through-
out the nation.

Staging of this event has stirred
up new community spirit among
the citizens of this section. It should
mark the beginning of a new day
for Fulton, now that we have start-
ed along the road to progress. Let
us keep driving toward goals that
are really worth while—that pro-
mote civic and individual progress.
Vision to look ahead—determina-
tion to carry on until that goal is
reached, should be the purpose of
every public-spirited citizen in the
community. The success of the rail-
way celebration shows that Fulton
can do things, and should act as a
spur to encourage future efforts.

We have barriers to climb and ob-
stacles to overcome like any other
community or individual. But by
united, co-operative efforts we can
reach our objectives.

HITCH-HIKING POLICE

When you see an officer walking
—and you will—do your duty. Mr.
Citizen, and help him chase down
law violators.

In other words the Fulton police
department is without a patrol car,
and our protectors of the law are
without means of locomotion other
than a foot. And believe it or not,
officers in Fulton, are hitch-hiking
to do their duty. So, if you see one
with "his thumb out," stop and pick
him up when he is in a hurry to get
to a scene of a robbery or crime.

The city is too poor to own a
patrol car, it seems. So our officers
are "thumbing their way." It may
be a poor way, but they are doing
their best. Violators of the law are
laughing up their sleeves at the
puny efforts of our police. It is so
easy for them to get into an auto-
mobile and run circles around the
city, while our officers afoot can
cover only a few blocks. The situa-
tion would be comical if the matter
were not so serious.

Things of importance to the gen-
eral welfare of the city cannot drift
along unheeded. Some of these days
we may awaken to the fact that
Fulton should have a patrol car.
But, who knows, what dastardly
crime may be perpetrated before a
patrol car is placed in service.

So, Mr. Citizen! If you are driv-
ing around in your car some night,
and one of Fulton's officers halts
you and asks you to take him to a
certain place to apprehend a viola-
tor of the law—do your stuff! By
the time the officer has caught a
vile and reached the spot, it may
be too late—but, anyway, you can
always say that both of you did your
duty.

PARKING REGULATIONS

Cars are becoming thicker in Ful-
ton than fleas at a flea circus.

With this condition prevailing and
constantly growing worse, it is about
time that Fulton quit being just a

another country town, and do some-
thing to control the aggravating
parking and driving conditions now
existing here.

Fulton, being the hub of motor
traffic in this section, must deal
with the traveling public, large
trucks, trailers, buses and whatnot.
Regulations in parking and driving
are needed to straighten out traffic
and relieve congestion on our down-
town thoroughfares.

Certain parking regulations if en-
forced would be of material ben-
efit to the motoring public, and offer
greater protection to pedestrians
and operators alike. The city has
traffic ordinances, but few know
what they are, so lax has been en-
forcement.

Traffic should travel and park on
the right side of the street. Criss-
crossing from one side to the other,
driving or parking on the wrong
side of the street, blocking traf-
fic—all endanger that vehicle and
and all others traveling the thor-
oughfare.

The city needs parking zones, and
cars should be made to park cor-
rectly in these zones. It is up to the
city council to do something about
the loose method of driving and
parking which prevails here.

The condition is a nuisance and a
menace to property and lives.

There's a time-tested, harmless, preparation, compounded by a specialist in nervous disorders, for the relief of Sleeplessness, Irritability, Nervous Indigestion, Nervous Headache, Restlessness, the Blues and Hysterical Conditions.

During the more than fifty years since this preparation was first used, numberless other nerve sedatives have come—and gone. But the old reliable has always been in constantly increasing demand.
