Chamber of Commerce

Elect Officers Tuesday Night For Ensuing Year.

The annual election of officers and board of directors of the Chamber of Commerce was held last Tuesday night, with a crowded auditorium and a lot of enthusiasm and speech-making.

Theodore J. Kramer was unanimously elected president; L. A. Winstead, vice president; H. H. Murphy, treasurer. The office of secretary was left pending until the next meeting.

The board of directors is composed of J. A. Colley, chairman, Walter Butt, E. C. Hardisty, H. F. McGinnis, J. C. Braun and Lon Pickle.

These officers were all chosen from the floor and the announcements of the ballots were all received with applause, showing that the members were well pleased with the results, and from the various comments made later, will receive the hearty support of the members during the coming year.

There was a lot of speech-making and the burden of nearly all of them was for more cooperation and whole-hearted support of the officers and a firm determination to make this year a red letter one in the annals of the Chamber of Commerce of Fulton.

There were a number of nominations made and the interest in the election was marked with enthusiasm and good feeling, once the nominations were under way. Many of the speeches were witty and elicited applause and laughter, and the meeting was thoroughly enjoyed by every one present.

In opening the meeting, Past President Shankle departed somewhat from the usual procedure, explaining that there were few of the chairmen of the old standing committees present and as there was a lot of business to be done, he would dispense with much of the usual detail.

He called on Mr. A. M. Nugent to report on his attendance at the Western Kentucky Development Association in Princeton, and this report was listened to with close attention, as Mr. Nugent outlined the aims of the association. He said that the convention was attended by more than 250 delegates from the 24 counties of western Kentucky and that it was the aim of those present to perfect an organization of the 24 counties to be represented by one member from each county, constituting a Board of Directors, which would endeavor to obtain proper legislation and financial aid from the State for these counties, principally for good roads, but also along all lines of betterment of Western Kentucky. A temporary organization was perfected with a member from each county to obtain members at \$10.00 per year for the next five years, this fund to be used in obtaining a competent secretary and for advertising the many advantages of Western Kentucky.

A mass meeting of the residents of Fulton and surrounding country will be called at a later date.

Mr. Joe Davis made a plea for more contributions for the Public Health Service and stated that there had been collected a considerable sum, but that the goal had not been reached and that it would take more money to continue the work throughout the year.

He said that many had not been reached and that some of those who had been seen had not contributed, and he asked that all who had not contributed, now do so and assist one of the most worthy causes of humanity.

Rev. Warren introduced an amendment to the constitution and by-laws that will allow the election of ten members of the Board of Directors, and authorizing the board to elect the of-

ficers from its own body. This amendment cannot be acted upon till the next meeting.

After the officers had been elected, Past President Shankle introduced the new president and the latter made a short, but significant speech of acceptance, asking the members to support the newly elected officers.

Chairman Murphy of the Entertainment Committee then took charge and with the aid of Misses Odesa Shankle, Nell Owen, Mamie Bennett, Annie Laurie Farabough and Helen Maddox, served ice cream, cake and cold drinks.

In dismissing the meeting, Past President Shankle thanked the members for the support given the officers and board during the past year and asked for the same support for the new officers.

Tobacco News

Last Friday's sales on the Loose Leaf floor were not quite as heavy as on some former dates but the offerings amounted to something over 200,000 pounds and while the common grade was low in price, this was due to the big overflow of this class on all the floors of the dark fired district. Good leaf was steady, and brought fair prices.

There was some good leaf that sold as high as \$25.00, again showing that there is always a market for good tobacco, and that where the grower has the proper quality to sell, he can get the price.

The buyers present last week said that the prices they were paying here compared favorably with that paid in other places, and that only the quality of the offerings governed the prices.

There has been a large delivery this week and the sale today should be a satisfactory one.

Stories of farmers shipping or hauling to Mayfield and other points in the hope of obtaining better prices, show that this is a mistake, as in nearly every instance they have found that the price is lower than in Fulton.

RECOVERING FROM OPERATION

Friends of Mrs. Anna Collette, mother of Mrs. Thomas Chapman of this city, will be glad to hear that Mrs. Collette, who has recently undergone a severe operation at the Providence hospital, Waco, Texas, is improving. Mrs. Chapman was with her mother at the time of her operation and is still at her bedside. Although physicians say her recovery will be quite slow, they offer every assurance that she will, in time, be fully restored to good health. Mrs. Collette has many staunch friends in our city who wish for her an early restoration to excellent health.

Foot Cut Off

Josiah W. Williams, familiarly known as "Joe Dock," was caught by a car being backed down the passenger tracks Tuesday night and had his leg so badly crushed that it was necessary to remove the lower part of the ankle and foot.

He was taken to the hospital in Paducah, where he will be treated.

A PROGRESSIVE SIGN

The front of Bennett's Drug Store has just been given a beautiful coat of paint, which is only an outward sign of the progressive spirit of this well known firm. While they have been in business 35 years in Fulton they never allow their store front to get "dingy" for want of paint or cobwebs to grow over their door for want of customers.

The friends of Mrs. Oma Kendall, 107 Eddings street, are glad to learn that she is recovering from an attack of pneumonia.

Just received a fresh shipment of Candy—10c, 15c and 25c per pound, at Baldridge's Variety Store.

Mayor W. O. Shankle in New Office

Now Occupies Chamber in City Hall Building

The new mayor's office and council chamber at the city hall presents an inviting appearance—with its attractive furnishings and newly painted walls.

When the plans of the city hall were first made, this room was designated as the council chamber, but for one reason or another, was used for other purposes. In recent years the health department used the room, but is now occupying a more desirable location in the building on the second floor.

It is certainly a pleasing innovation, especially by those who have business with the mayor in his official capacity. The office is neatly furnished in golden oak of latest design with floor covering of linoleum, a beautiful tile pattern. The large table, around which the councilmen transact city affairs is especially attractive by its neatness. A prominent visitor in our city this week, who had occasion to visit the mayor's office, after leaving, casually remarked that it was the neatest office he had been in during his rounds over the state.

JAMISON-FERGUSON

A wedding of interest to their many friends took place Sunday morning, when Miss Nona Jamison and Mr. Walter Ferguson were united in marriage at the McDade home on State line street. Esq. S. A. McDade, in his pleasing way, performed the ceremony.

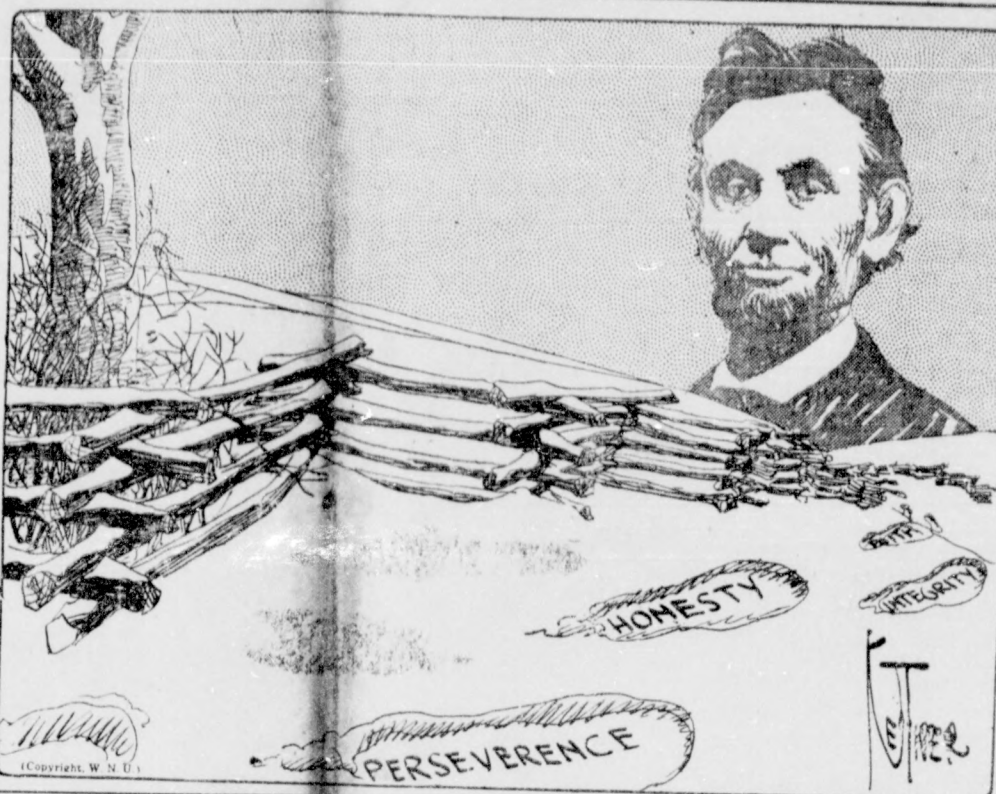

After receiving congratulations, the happy couple, accompanied by friends, motored to Union City, where they boarded a fast M. & O. train for St. Louis on their bridal trip before returning to Fulton.

The bride is the daughter of Mr. and Mrs. J. L. Jamison, well known citizens of Fulton. She is an accomplished young lady and will make the man of her choice a valuable helpmate.

Mr. Ferguson is well known in the city and is a young man of sterling qualities. For a number of years he has been employed at Smith's Cafe and by his courteous treatment to patrons, has made many friends who extend congratulations. A large circle of friends join in wishing the happy couple a long life of wedded bliss.

Was a Sight That Thrilled

J. R. Graham Tells of His Visit to the World's Largest Furniture Mart

Among those who have just returned from a buying trip to the American Furniture Mart at Chicago, is J. R. Graham, of the Graham Furniture Company.

In speaking of his trip which is a semi-annual event for the nation's leading retailers, Mr. Graham said, "The Mart, which is the largest building in the world, containing over 32 acres of floor space, was an actual fairyland with the many new ideas in furniture, famous designers have worked over on exhibition in gorgeous surroundings."

"It was a sight that thrilled and inspired me and I regret that the people of Fulton could not have accompanied me on my tour of the treasure laden structure. However, within a short time the new fashions I ordered will be in place on my floor where lovers of the beautiful may view them."

"The trend in furniture fashions is interesting in the extreme. The heavy unwieldy and sombre furniture of a few years ago has given way to the light, gay and cheerful period designs with an outstanding touch of the Spanish noticeable in practically all the suites. Efficient mass production methods plus equally effective selling plans make it possible for the average home owner to equip his parlor, bedroom and porch as only the nobility could a century or two ago."

"Furniture has kept abreast of architectural improvements and modern home developments and a tremendous force for good in the industry has been the American Furniture Mart where, under one roof, representatives from every state in the union and many foreign countries 'compare notes' that result in new style dictates. An interesting tribute to women's wear is the seemingly obvious fact that women's clothes are having a great deal to do with the colorings in furniture coverings and tapestry."

Mr. Graham looks forward to an active and successful spring and summer season for conditions the country over are in fundamentally sound shape.

H. H. HASTINGS IS SHORT TWO GOLD WATCHES

Last Friday, Mat Myrick, grandson of H. H. Hastings, employed a young man to work on Mr. Hastings' farm one mile south of Harris. The young man apparently looked all right and was given lodging at Mr. Hastings' home on Central avenue until time for work to begin on the farm. Sunday night the man disappeared, so did two gold watches, the property of Mr. Hastings, one valued at \$50.00, the other \$62. Officers were notified of the theft and the man's grip was found at the depot checked for Memphis, but the man and watches had left for parts unknown. The young fellow is about 20 years old and weighed around 130 pounds.

TRADE IN FULTON—A LIVE TOWN

Saturday was a busy day in Fulton and some of our grocery firms did a landslide business. One firm quoted fresh country eggs at 25c per dozen; northern grown potatoes 75c per peck; Maxwell House Coffee, 1 lb. can \$1.40, and all down the line prices were 'way below those quoted in neighboring towns and larger cities.

There is nothing that will pay a town more than to pay fair prices for country produce and create a live market, and also for the merchants in the town to sell their merchandise at fair prices. Fulton is fast gaining a reputation throughout the surrounding country as being an ideal trading point, both for buying and selling. We find good farmers coming quite a distance to trade and market here. You can't find a better poultry market anywhere, and as little as you think about it, around half a million dollars are paid out in cash for poultry and eggs annually.

Honestly, half of the people in Fulton don't know of the real good things we have here and why the crowds on our streets practically every day remind them of Saturday crowds in other towns.

The big majority of our business firms are alive to their opportunities, that is why we have had less than half a dozen failures here within the past ten years.

The surest indication of all as to why Fulton is a live town, is the substantial growth of our banking institutions—three of the best in the country.

THE REASON WHY

As the editor of this paper is not a member of the Ku Klux Klan and knows absolutely nothing about the inside work of the organization, we do not report their meetings, but we are privileged to publish articles contributed just the same as for any other organization.

Successful Operation

The friends of Mrs. D. H. White will be glad to learn that she is recovering from a recent operation. She was accompanied by her family physician, Dr. A. J. Turney, and husband to the Mayfield hospital where the operation was successfully performed.

Big Fair in Fulton this Fall

Never before in the history of the Fulton County Fair Association have we found the officials as active this early in the year, planning for their annual meet early in the fall. At their last meeting all of the old directors and officers were re-elected, except one, when Charles Binford was elected to succeed Heber Finch as a director. We will not attempt to introduce Mr. Binford to this community, because he is well known to every man, woman and child in Fulton and surrounding country. A better man to succeed Mr. Finch could not have been found. He is a live-wire, active and progressive, and a man whom the people have the utmost confidence. He will be found giving the people just a little more than they expected for their money. And that will be the keynote of the big fair's success this year. Every official of the association will go the limit in trying to give the people just a little more for their money than they expected if they have to keep the gates open day and night and provide parking space free.

Secretary Wade has both eyes open, looking for the best attractions to entertain the crowds, while President Gordon has his eyes directed towards the best trotters and pacers. The Superintendents of the various departments are alive with keen interest to see that the best exhibits are displayed and ask the people to put forth every effort in surpassing all former entries. Let's do our utmost to make the 1926 exposition a big success by encouraging the association in every way possible, and start telling your friends now to meet you at the Fulton County Fair this fall.

"SAY IT WITH FLOWERS"

We dropped in to see Mr. and Mrs. Lee Rucker in their new quarters at Pat Smith's furniture store on Walnut street Monday and found Mrs. Rucker arranging some of the most exquisitely beautiful, fresh and fragrant blossoms we had seen for some time. She said they were better prepared than ever to serve the public with choice flowers on all occasions and that Miss Marie Duncan was her efficient assistant.

For Valentine's Day, Mrs. Rucker will supply the demand and if you wish to "Say It With Flowers," better place your order early. Phone 768.

Illinois Central to Spend Many Millions During 1926

The Illinois Central System will spend more than \$19,000,000 for new freight and passenger cars in 1926. Since the first of the year the purchase of equipment that will cost, it is estimated, more than \$3,000,000 has been authorized, and this is in addition to orders placed late in 1925 for 1926 delivery of equipment to cost more than \$11,000,000. The orders placed and authorized call for the following equipment for freight service:

2,000 box cars, 2,000 gondola cars, 200 stock cars, 200 flat cars, 50 caboose cars.

The passenger equipment will be delivered and placed in service in 1926, includes:

215 suburban cars, 5 baggage club cars, 5 baggage cars, 4 motor passenger cars, 3 dining cars.

All the equipment embodies the latest improvements in design and construction. All the passenger cars are of all-steel construction, and all the freight cars will have steel underframes, making for safety and economy in operation. The new suburban cars are necessary in view of the electrification of the railroad's Chicago suburban service this summer and are in addition to forty-five cars of the same general type as those ordered which are already in use. The announcement of an expenditure of more than \$19,000,000 in one year for new equipment throws an interesting sidelight on the question of the so-called "profits" of the railroads concerning which there has been recently considerable discussion.

This tremendous expenditure is in addition to what the I. C. is spending on road construction and other improvements, and all these are made in order that freight and passengers may be handled more efficiently and expeditiously.

Miss Estelle Slaughter and Miss Hortence Johnson attended a theatrical performance in Memphis last Saturday evening.

Mrs. J. B. Covington and John D., Jr., spent the week end visiting relatives in Halls, Tenn.

Trainmaster A. W. Ellington made a business trip to Fulton, Monday of this week.

Vice-President Pelley passed through Fulton first of the week en route to Jacksonville, Florida.

Supt. H. W. Williams made a business trip to Birmingham this week.

EX-FULTONIAN VISITS OLD HOME

J. C. Brittain, formerly of this city, now of Little Rock, Ark., and prominently connected with the American Southern Trust Company, the largest banking organization of its kind in the State of Arkansas, was a visitor to his sister, Mrs. Lee B. Rucker, this week. Mr. Brittain, who has many friends here, was accompanied by his wife. Due to pressing business they could only remain in our city three days.

The following is a recent statement which appeared in the Little Rock Gazette, regarding the American Southern Trust Company, which is a splendid record for a banking institution:

"One dollar in every ten in banks of Arkansas is on deposit at the American Southern Trust Company. Thirty thousand loyal customers have deposited with Arkansas' largest bank, 10 per cent of all the money on deposit in the 500 banks of this state combined. Priceless tribute to our 50 years of faithful service, the confidence of these friends has made possible a bank to serve all of Arkansas—a financial house offering through thirteen distinct departments, facilities to meet your every money need. At the rate of more than 100 weekly, new customers are giving expression to this same faith, making us partners in their plans and ambitions as they look forward to the brighter future which will be theirs."

Telephone Service Improves As Calls Increase

THE large number of new telephones added to the Bell System in Kentucky last year has greatly increased the value of the service and extended its scope by including thousands of new subscribers.

This growth has been reflected in the number of calls handled daily by the operators, who are responding cheerfully to your needs and maintaining quick and dependable service.

It is estimated that the operating forces handled more than 131,364,977 originating local calls and 2,057,966 long distance messages in Kentucky alone last year.

This was an increase of about 5 per cent over the previous year; a daily average of 397,674 local calls and 6,230 long distance calls.

That such a large volume of calls is handled so efficiently as to win general public commendation is due to the splendid efforts of 1,699 highly trained operating room employees, who serve you continuously, day and night.

The considerate co-operation of subscribers encourages the telephone workers in their effort to continue the high-grade service to which you are accustomed.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

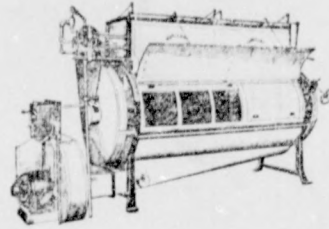

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

OUR NEW OFFICERS

In electing T. J. Kramer, president of the Fulton Chamber of Commerce for the ensuing year, the members made a wise selection and elected a man who has the town at heart and a keen interest in every movement for the betterment of the entire community, the same can be said of L. A. Winstead, the newly elected vice-president; H. H. Murphy, treasurer, and also of the splendid line up of directors, Messrs. W. R. Butt, J. A. Colley, Lon Pickle, H. F. McGinnis, E. C. Hardisty and J. C. Brann.

Fulton has one of the liveliest organizations in the Chamber of Commerce of any town we know of this size and it is up to the membership to do everything possible to assist the officers in every way. Fulton has a great future before it and we must all work in unity to make it a bigger and better place in which to live.

WHICH WAY?

A commentator on American life of today recently wrote that the average small town and little city "stands at the cross roads." He reasons that the small town that stands too long is doomed—it will go backward and eventually die.

There is some truth in what he says. We can't stand still without being passed by somebody who is advancing. And when we see somebody going by we realize that we are slipping. Unless some heroic methods are used at once we are lost—drifting backwards.

It's a searching question every individual should ask himself. Is the place where I live drifting toward oblivion? If so, am I responsible equally with my fellow townsmen? What

am I doing for my town? Do I think only of getting something for myself, and never giving anything in return?

What does a family want in a town or city? Good churches, good schools, good neighbors, good jobs, good times and a chance to make a living. Am I doing my share to make conditions so that people will want to live here? This is the question for every citizen to ask himself.

Every live place wants to grow and prosper. Therefore it must be inviting. To attract new enterprises and new residents, its people must be friendly and fair and somewhat harmonious, it must have leaders with a vision and a definite program toward which to work.

No one has ever found a substitute for work. All the visions of dreamers, the inspiration of leaders avail nothing unless the people are moved by the right spirit, have a clear vision of the community's possibilities, are hitched up to a definite program, have a good organization to carry it out and are willing to do some unselfish work for the good of all.

CONFIDENCE

It's an undisputed fact that the man who does not believe in himself can't expect anyone else to believe in him. Elbert Hubbard had this idea in mind when he wrote in "The Busy Man's Creed":

"I believe that a man gets what he goes after, that one deed done today is worth two deeds tomorrow, and that no man is down and out until he has lost faith in himself."

The same measuring stick may be applied to communities. If they are alive and awake and have confidence in the future, they are sure to prosper and grow bigger and better.

When the inhabitants lose confidence, when they become suspicious of each other and form the habit of destructive criticism, they are damaging their own interests.

The future of every individual is bound up in the future of the place where he lives. We are bettering ourselves when

we have faith in our home and show it by our works.

The wise course is to believe in the home town, support its business enterprises, its churches and its schools, and stand by it in every legitimate undertaking to the limit of our ability.

When such faith is manifested, the future is secure.

A STEP FORWARD

Union City has uniformed its police force, and this new departure will undoubtedly be of assistance to the "stranger within the gates," as a newcomer has frequently considerable difficulty in obtaining information, whereas, if there were a uniformed officer to whom one might apply, a good deal of time and annoyance will be avoided by the stranger.

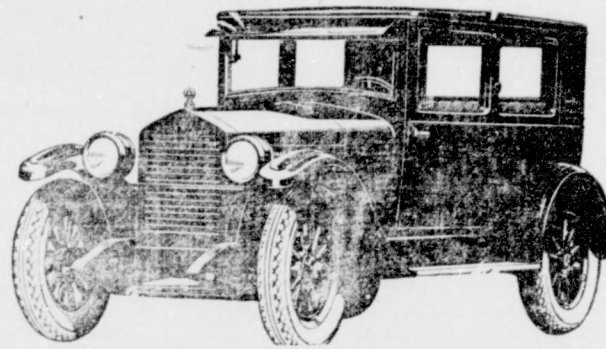

Now that we have made a start in bringing Fulton up to the standard of a real town, might it not be well for the city fathers of Fulton to consider the idea of having our "finest" wear a uniform so that strangers can see that we are properly protected?

Another feature of the uniform is that it will undoubtedly have a very good effect on the minds of the unruly, as there is always a certain amount of psychological effect in the presence of a police uniform, that is not apparent in the un-uniformed officer, unless thoroughly known to the casual offender.

WILL RETURN TO MEMPHIS

Mr. and Mrs. Ben W. Shew are returning to Memphis to make their future home. For many years Mr. Shew has been manager of the Oliver Chilled Plow Co. branch at Memphis, but for the past few months, has been in Fulton looking after his interests here. He is secretary and treasurer of the Kentucky Hardware & Implement Company, Incorporated, located on Church street in this city.

We regret to lose Mr. and Mrs. Shew as citizens, but Mr. Shew will be found dividing his time between Memphis and Fulton.

Crutchfield, Ky.

It takes push, energy and co-
operation to have things done.
Crutchfield has been on the
electric line from Clinton to
Fulton for about two years and
several of the houses wired
since last fall and Mr. Buys
just began to fix for us to have
the current last Thursday. Dr.
Turney and a few others began
to push on the parties thought
to be interested at Fulton and
Clinton, so Mr. Buys saw the

and he got busy.

Miss Elsie Gwyn has been

Herman Eastep dragged his
section of road and improved
it wonderfully; also Mr. Walter
Kimbro dragged his road. If
folks will learn that water and
dirt will not make a road, and
that dragging scrapes the water
out and smoothes over the
holes and ruts and lets the water
run off into the ditches by
the side of the road. Our rural
carrier says, "The stretch
of road from Mr. Jasper Bock-
man's to J. T. Merchison's place
is by far the worst on my route
and I hope to see some repair
work on it in the near future."

Rev. W. H. Williams preach-
ed a fine sermon, Sunday at
New Hope on, "The Highway
of twenty-one." It is a pity that
there was not a houseful to
hear it. Every first Sunday he
preaches there and Saturday
afternoon before, and every
time he preaches he says some-
thing worth hearing and the
church cordially invites every-
body to come out and hear him.

The protracted meeting be-
gins the fourth Sunday in July,
and we hope everybody who is
interested in the salvation of
the lost will pray for and work
to the end that sinners may be

convicted and the lost found,
and much good be done in that

HIGH SCHOOL NOTES (By Freshman)

The following are the chapel
programs for the past week:

Tuesday—The Reverend Mr.
Patterson addressed the stud-
ent body. His talk was very
interesting and helpful, espe-
cially for high school students.

Wednesday—Singing, led by
Miss Cheatham.

Thursday—The Hi-Y club
had charge of the program,
and the Reverend Mr. Warren
and Mrs. Redfearn were guests
of the high school. Rev. War-
ren addressed the boys and
Mrs. Redfearn, the girls. These
were the first of a series of lec-
tures on the Bible, to be given,
and after the course has been
completed, a test will be given.

Friday—Due to the fact that
the preceding programs had
taken much time off the studies,
the program was omitted.

Monday—Mr. Myers address-
ed the student body on "Nero,
the Roman Emperor, Who Left
a Black Record on the Pages of
History."

Tuesday—An interclass ora-
torical contest was held. The
class representatives and the
titles of their orations were as
follows: Senior—Robert Dun-
can, "The American System,"
by Henry Clay. The Junior
representative was absent.
Sophomore—Jane Dobbins,
"The Shooting of Dan Mc-
Grew," by Robert W. Service.
Freshman—Randolph Kramer,
"The Republic Never Retreats,"
by Albert J. Beveridge. The
Freshman representative won.
The football boys who won let-
ters last fall, were presented by
Captain Innez Dobbins.

Lesson for February 14

JESUS, THE GOOD SHEPHERD

LESSON TEXT—John 10:1-30.
GOLDEN TEXT—"I am the good shepherd, the good shepherd gives his life for the sheep."—John 10:11.
PRIMARY TOPIC—The Good Shepherd and His Sheep.
JUNIOR TOPIC—Jesus, the Good Shepherd.
INTERMEDIATE AND SENIOR TOPIC—What the Good Shepherd Does for His Sheep.
YOUNG PEOPLE AND ADULT TOPIC—Many Sheep, but One Shepherd.

The relationship of the Messiah to His own is set forth in the Old Testament under the figure of the shepherd and his sheep. (Ps. 23, Ec. 34).

1. The Good Shepherd (vv. 1-18).
1. He is the True Shepherd (vv. 1-10).

He came by the divinely appointed way. The power exercised by the Pharisees in casting out this man was not obtained by lawful means. It was stolen by them and exercised in the bold spirit of robbers. John the Baptist, and others of the prophets, had performed the function of the porter and opened the door to the Shepherd (v. 23). Despite the deceit, audacity, theft and robbery of those Pharisees, those who were Christ's sheep were declared to be forming a new flock and following Him as the true Shepherd (v. 4). The reason the man suffered excommunication for Jesus' sake was that he recognized Him as the true Shepherd and the Pharisees as strangers.

2. He is the Door of the Sheep (vv. 7-10).

The way to fellowship to God is through Christ. He is the only door (Acts 4:12). There is absolutely no way to get into the fold of the redeemed but by Him. All who attempt it are thieves and robbers (v. 8). Those who become members of the flock through Him enjoy marvelous gifts (vv. 9, 10).

(1) Salvation—"Shall be saved." Not only saved now but saved eternally (vv. 27, 28).

(2) Liberty—"Shall go in and out" (v. 9).

Only those who accept salvation in Christ know what freedom is.

(3) Contentment—"Shall go in and out and find pasture" (v. 9).

The one who really enters the fold by Christ, the door, receives that which is all-satisfying to the soul.

2. He is the Good Shepherd (vv. 11-18).

He is so devoted to His sheep that He willingly lays down His life for them. The hireling abandons his sheep in time of danger. The Good Shepherd has perfect knowledge of His sheep and they know Him (v. 14, 15). He enjoys such personal intimacy with His sheep that He knows them by name and goes before them to lead the way and defend them from every danger. This He will do even unto death. On Calvary this was his torically fulfilled. It was Christ's love for such sheep as this poor blind man that caused Him to give up His life in order to find for them the abundant life (v. 10). This sympathy is world-wide—"other sheep I have which are not of this fold." This suggests that the Gentiles have a place in His fold. All who believe in Christ form one flock. In order to save His sheep He voluntarily laid down His life (v. 17, 18).

11. The Sheep (vv. 19-30).
1. Unbelievers Are Not His Sheep (vv. 19-26).

Christ's assertion that He was the good shepherd caused a division among the people. Some accused Him of being mad, others that He had a devil. To their request that He would tell them plainly if He were the Christ, He referred them to the testimony of His works, declaring that the secret of their inability to recognize Him was their unbelief.

2. They Recognize His Voice (v. 4).

There are many voices in the world, the voice of the hireling, the voice of the thief and the voice of the stranger, but none of these will the sheep hear. The voice of the true Shepherd is recognized by His sheep even amidst the babel of voices in the world today.

3. His Sheep Follow Him (vv. 27, 28).

This is the proof that they are His. The one who does not hear, heed, and obey the Lord's voice is clearly not His sheep. His sheep have unquestioned faith in His ability to lead them.

4. His Sheep Are Eternally Secure (vv. 27, 28).

The sheep are entirely dependent upon the Shepherd. It is the Shepherd's business to look after and care for the sheep. This He does for He knows them by name and is acquainted with their weaknesses and trials.

The Real Blessing

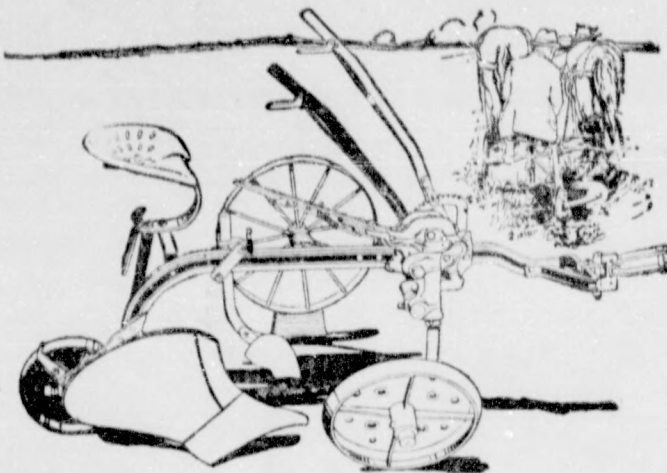

The real blessing, mercy, satisfaction, is not in the having or the lack of merely outward things, but in the consciousness that the true source of life and happiness is deeper than all these.—John W. Chadwick.

Light draft, ease of handling, and good work are as much a part of a Syracuse No. 110 Sulky Plow as are its wheels, moldboard or levers.

JOHN DEERE

SYRACUSE NO. 110 SULKY PLOW

The big reason for its light draft is its roll g. land side. This feature supports the rear of the plow. It forms the third leg of the triangular rolling support—permits all body and frame weight to be carried on three ciled bearings. It keeps the bottom from "sneaking" or running on its nose, thus saving shares.

We've never seen this plow's equal for ease of handling. The lever that controls the front furrow wheel is right at the operator's hand. When you reach the end of the field, all you have to do is release the lever latch. The front furrow wheel casters on the turn—guides the plow perfectly. Then as the plow settles on the straight-away, the lever seeks the proper position and locks automatically.

Be sure to see this light running plow. Drop in the next time you are in town.

When Business is Good

SATURDAY night is a mighty good time to ask yourself

Frankly, it means that every citizen will find it most profitable

SILVER TEA

One of the most enjoyable affairs of the mid-winter season, was the Silver Tea given February 4, 1926, by Fulton City Chapter No. 41, O. E. S., in the Masonic Hall. Upon arriving at the entrance, the guests were greeted by Messrs. Abe Jolly and M. I. Boulton, who, in their friendly, gracious manner, made every one feel welcome. Mrs. Ed Hanneppin then invited them into the spacious library which was attractively decorated for the occasion, where Mrs. Max Cummings served refreshing punch. The guests were then escorted by Mesdames A. L. Martin, Ernest Fall and Jake Huddleston into the reception hall. On entering the large hall, one was immediately impressed with the beauty of the scene. Numerous little hearts swung gracefully on bright colored ribbons from the large chandelier in the center of the room, which reflected a soft, pink light. Ribbons of hearts were suspended to other lights in the room, also hooded in pink. The American flag was used artistically in the decorations. Tall burning tapers gleamed everywhere and huge vases of flowers added much to the attractiveness of the room. Receiving with Mrs. Mattie Grigg, Worthy Matron, and M. F. DeMyer, Worthy Patron, were the Past Worthy Matrons and Patrons of the Chapter. Mesdames Roscoe Wilkins and J. S. Pope conducted the guests to the register, which was kept by Mrs. Abe Jolly, Mrs. Callie Latta and Mr. L. Kasnow at a table ornamented with a bowl of exquisite cut flowers on a dainty white lace cover over pink. The following program, given by some of Fulton's best talent, was one of the most enjoyable features of the evening:

Reading—Miss Annie Laura McWherter.
Selections on the Ukulele—Misses Annie Watt Smith and Gladys Bell.

Vocal Solo—Miss Mary McWherter, accompanied on the piano by Mrs. T. D. McWherter.

Piano Solo—Mrs. Clarence Maddox.

Vocal Solo—Mrs. John Culver, accompanied by Mrs. Maddox.

Reading—Miss Maurine Taylor.

Selections on the Flute—Miss Mayme Bennett, accompanied by Miss Doris Huddleston.

Sunday School, 9:30 A. M., T. J. Kramer, Supt.
Epworth Leagues, 6:30 P. M., Prayer services, 7 P. M., every Wednesday.

Preaching at 11 A. M. and 7:30 P. M., by the pastor. Special music at each service and the public is cordially invited to attend.

As usual the Sunday services were exceedingly well attended at the morning service. Sacrament was administered to members and friends. The choir favored those present with a beautiful anthem. At the evening hour the pastor preached an unusually good sermon to a splendid audience.

The Leagues were well attended and good programs were prepared.

The boosters of the prayer meeting, Mr. Baldrige and Mr. Norment, did good work this week; a goodly number attended. Mr. Davis, as usual, made a splendid and helpful talk.

The Warner Blackard Society met Monday at the home of Mrs. Boyd Bennett with Mesdames Bynum and Bennett hostesses.

The meeting was called to order by the president, Mrs. Scruggs, and opened with song, "Saviour More Than Life To Me," after which Mrs. Freeman led in prayer.

The short business session followed. The secretary read the minutes of the last meeting which were approved as read. The president, Mrs. Scruggs, then appointed the following committees to help the church during the year: The telephone committee, to tell of the meetings, etc.; the social service committee, to aid Mrs. Jolly in this work; the music committee, to assist Mrs. Gingles in securing musical programs for the year; the membership committee, to get new members through the year; the program committee, to help arrange the programs.

Mrs. Bynum, chairman of group A, made a splendid talk on the work her group intended to do during the year to raise money for the new church their slogan to be "Our Goal or Bust."

Mrs. Lewis Weeks, chairman of group B, also made a good talk on their plans and their slogan is "5500 or Nothing."

The meeting was then turned over to the Leader, Mrs. Wayne, who conducted a most helpful Bible study on the "Life of Paul." She was ably assisted by Mesdames Fall, Gingles, Briggs, Sam Bennett and Hardin.

Mrs. Lewis Weeks favored those present with two splendid readings.

During the social hour the hostesses served a salad course to 34 members and 4 visitors.

Group A was delightfully entertained at the home of Mrs. Eli Bynum Tuesday afternoon

WOMAN'S CLUB MEETS

The monthly meeting of the Woman's club was held in the Chamber of Commerce, Friday afternoon with the literature department in charge.

The meeting was opened and business session conducted by the president, Mrs. J. C. Braun, who then turned over the meeting to Mrs. W. R. Butt, the leader of the program.

Mrs. Gus Bard, who is one of Fulton's most talented musicians, played a lovely piano solo, with a poise and understanding which makes her work most interesting. Mrs. Butt introduced the speaker of the afternoon, Mr. V. C. Myers, who had for his subject, "Shakespeare of the Elizabethan Age."

Mrs. F. W. Armstead sang with lovely voice full of sweetness and tender feeling, "I Know a Lovely Garden," by Guy D'Hardelot.

A social hour followed; tea and sandwiches were served to a large crowd of women who enjoyed this splendid program.

MUSIC DEPARTMENT

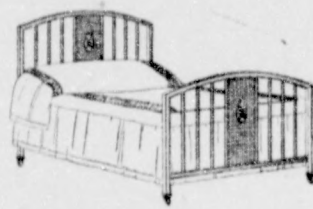

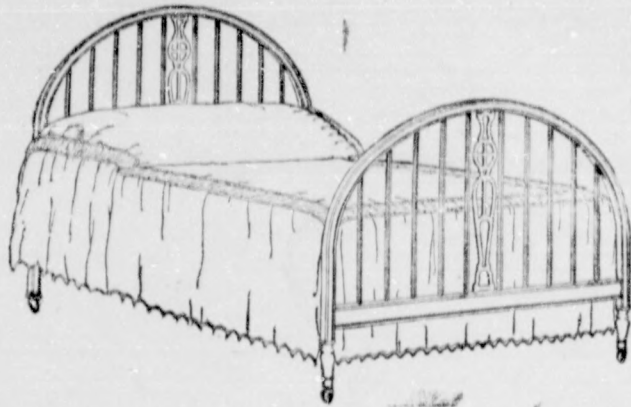

Mrs. F. W. Armstead graciously entertained the members of the music department of the Woman's club at her home on Green street, Wednesday afternoon, at three o'clock. The subject of the day's program was "The Polyphonic Element in Music," and was ably presented by Miss Blanch Wagener, and her co-workers. Roll call was answered with current events in the musical world. At the close of the program, the hostess served delicious refreshments.

JUNIOR CLUB ORGANIZED

A long and constructive step forward in Fulton's music circle was made Monday afternoon when Mrs. Clarence Maddox and Miss Ruth Fields organized a Junior Music club, about fifty girls and boys who are anxious to study and know more about the great musicians being present, and the following officers were elected: Miss Ruth Atwood, president; Miss Gladys Bell, first vice-president; Selden King, second vice-president; Miss Elizabeth Butt, secretary; Miss Ruth Wade, treasurer; Miss Mary Hughes Chambers, historian. The club will meet the fourth Monday of each month for this year. The next place of meeting will be in the rooms of the Chamber of Commerce.
