CHAMBER OF COMMERCE

EAST OFFICE, TUESDAY

At the annual meeting of officers and board of directors held Tuesday night, with a most appropriate program of orations and speech-making, the most satisfaction was experienced by the members of the board of directors in the pleasant and delightful remarks of President H. H. Murphy, treasurer. The office of secretary was left in the capable hands of W. C. Stiles, a past president who has, over a period of years, served the chamber in a most efficient manner.

Mrs. Grace Murphy of the entertainment committee then took the floor and with the aid of the good-natured Mrs. R. S. Williams, gave an account of how the committee arranged the entertainment for the evening. The decorations of the hall were appropriately arranged by the committee. The decorations were of such an order that the members were all pleased with the work of the committee. The entertainment that was arranged by the committee during the coming year will be of the same order as we have had before.

There were 240 persons present at the meeting and annually all of them were in most cordial support of the officers and committee. The meeting of the board of directors of the Chamber of Commerce was thoroughly enjoyed by all.

Tobacco News

Last Saturday's sales on the market were heavy to some extent and heavy to some former extent the offerings which were offered at market was high. The high prices will have a tendency to raise the hogs to the big bosses of the state. This all thought so that they were going to raise, but they were raised, and brought the big boss to their attention. There was some good quality tobacco offered at $2.25 per hundred.

The prices of the various qualities have a tendency to rise to a considerable amount. The sales which have been made this week and the sale to follow, will be satisfactory. Long and short were satisfactory. This was designated as the council chamber, but for one reason or another the council chamber was not the health department. The council chamber had some very good locations in the building on the second floor.

JAMISON FERGUSON

Outdoor Fall Fair

A wedding of interest to many friends took place Sunday afternoon, when Mrs. N. J. Jamison and Mr. Walter E. Brooks were married in the Methodist church in Paducah, where he was born. This was designated as the council chamber, but for one reason or another the council chamber was not the health department.

A PROGRESSIVE SIGN

This state has just been given an opportunity to see the emphasis of the sign that the city is making. We are all aware of the many signs that have been put up around the city, but for many years the city was not alive to the fact that it was important to have a sign on the city. This is the first time that the city has been alive to the fact that it was important to have a sign on the city.

The friends of Mrs. Orna Knauf express their warmest congratulations upon the marriage of their sister, Mrs. J. W. Cone, and the engagement of their son, Mr. W. H. Cone.

FULTON'S GROWTH

Was a Sight

That Thrilled

J. F. GOODMAN: Tells of His Visit to

The World's Largest Furniture Show

Among those who have just returned from a business trip to the American Furniture Manufacturers Convention, at the Greatest Furniture Show in the world, conducting over 120,000 visitors through the beautiful building, were Mrs. U. S. Graham, Mr. U. S. Graham, of the Graham Furniture Co. of this city.

In speaking of his trip which he made recently, Mr. U. S. Graham remarked to me that it was the greatest exhibition of furniture he had ever seen.

It was a sight that thrilled and impressed me, and I hope that it will not have accompanied me on my return to the beautiful town that I left with the many friends that I met there.

We were among the fortunate few to see the beautiful building that was opened to the public, and we were particularly impressed by the fact that it had been opened to the public for only a few months, and yet it had already become a favorite with the people of the city.

The building is furnished with a great variety of furniture, and all of it is of the highest quality. It is a pleasure to visit such a place and to see the beautiful furniture that is on display.

There were many fine homes and buildings in the town, and all of them were well furnished. The people of the town are particularly proud of their town, and they are always ready to show it to visitors.

It was a pleasure to see the beautiful town of Fulton, and I hope that I will have the opportunity to return again in the near future.
Some Prices.

This is a cordial invitation to visit these markets, inspect and take advantage of some of the prices which are quoted below:

20c

Some Prices.

Northern Potatoes, per peck - 75c

The following is a recent statement which appeared in the New York Press regarding the American Telephone and Telegraph Company, which is a splendid record for a banking institution:

In the face of a $100 billion debt, the American Telephone and Telegraph Company, the nation's greatest private corporation, is paying a dividend of 4 per cent on its preferred stock, and a dividend of 14 per cent on its common stock. This dividend is more than twice as high as the average dividend paid by other large corporations in the country.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?

It means that the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever it handles, but also dries it in every respect that the housewife can demand.

It's an undisputed fact that dry cleaning is more expensive than washing clothes in the modern power laundry. It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Ike use, now the modern laundry not only washes clean whatever it handles, but also dries it in every respect that the housewife can demand.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Votee Tumbler Dryer. The Votee Tumbler Dryer is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It uses the work of the power laundry on par with that of the housewife's own private laundry.

Phone 130

When you see the pleasing results, the economy and the convenience of your complete laundry, you will never try it any other way throughout the year.

_RULES OF THE CHAMBER OF COMMERCE OF FULTON COUNTY-

Our NEW OFFICERS are: H. H. Murphy, President; and W. L. Tucker, Treasurer.

We realize that we are slipping when the inhabitants lose faith in the town. This is the question: is Fulton drifting toward oblivion? If so, may it not be well for the fathers of Fulton to consider the idea of having our 'finest' line up of directors, Messrs. W. C. Young, W. H. Stenning, W. S. Cobb, Mr. Smith, Mr. Brown, and Mr. Reynolds.

A STEP FORWARD

The members made a good showing year, and a keen interest in every line of the entire community, the Chamber of Commerce of any town, we know of this fact and it is easy to see how his membership to its every- thing possible to assist the official work of the Chamber of Commerce. There is a great future before it and we must all work in order to make it a bigger and better place in which to live.

WHICH WAY?

A comment on American life today recently wrote that the average small and little city dates as the same cuddle for their county. In a word, he suggested that a community's possibilities are hitched up to a definite program. Whereas, if this is not apparent in the un-unified, we have leaders who have a vision and a definite formation. Whereas, if this is not apparent in the un-unified, we have leaders who have a vision and a definite program of which every member of the community's possibilities has been harnessed to a definite program. Whereas, if this is not apparent in the un-unified, we have leaders who have a vision and a definite program of which every member of the community's possibilities has been harnessed to a definite program.

CONFIDENCE

How He Gets Milk Profits

The dairyman who is getting milk profits this year is the fellow who has found out how to get more milk at less cost per pound.

He Feeds Purina Cow Chow

Purina Cow Chow fed according to the special pasture directions keeps cows producing to capacity. And what's more--it keeps them in fine condition for heavy production all through the fall and winter. When herds fed only on pasture stomping, Cow Chow fed herds are making the most money. The few cows around in Cow Chow are yielding dividends in the section big enough to make us send out our Cow Chow salesmen.

When Business is Good

SATURDAY night is a mighty good time to ask yourself this question: "Is our community sending more money out of town than is coming in each week?" Of course the only safe answer is "NO!"

This means that we folks in this neighborhood must patronize local supply men and merchants if we expect our town to prosper and "stay on the map."

Frankly, it means that every citizen will find it most profitable to read the advertisements in this paper every issue, and to follow the good advice.

Our advertisers are all personally interested in this town—and in YOU. They are helping you build a better home community. When business is good, their profits are being shared with you in an endless chain of co-operative betterment.
