THE LISTENING POST

Mrs. J. J. Clark, of Paducah, has decided to sell her farm near Milton.

"Every child in Kentucky should have the benefit of formal training," said Mrs. J. J. Clark. "We have a fine school system here, but we need more trained teachers."

"I was trained in the School of Education at the University of Kentucky," Mrs. J. J. Clark continued. "I taught for many years, and I know that formal training is essential for effective teaching."

Mrs. J. J. Clark advised that all parents should encourage their children to attend school and receive a good education. She emphasized the importance of formal training for teachers and the need for more schools.

The Weather

Temperatures are expected to rise today, followed by a chance of showers tonight. The mix of conditions will cause some discomfort, but overall the weather will be pleasant.

LANDON SCORES ROOSEVELT FOR ABUSING POWER

NEW DEAL HAS TEMPRERED WITH INCREDIBLE SPEED, GIP GALLOP, SAV.

Los Angeles, Dec. 22—(AP)

A new deal of "temperament" has been expressed today by Mrs. Landon, who said that the New Deal is "a return to our Constitution."

"The New Deal has brought a great deal of good," Mrs. Landon said, "but it has also brought a great deal of trouble."

"The New Deal is not a return to our Constitution," Mrs. Landon continued. "It is a return to the statutes of the land."

"I support the New Deal," Mrs. Landon added, "but I also support the Constitution."

UNION BUSTING

Dukedon Youth To Entertain Young Men's Demo. Club

Fairly good hand. Business was good today. People came in fairly good numbers and were few and low. It was the best day this month.

"The Today is "The Vow," by W. G. Anderson, Jr., this print."

WASHINGTON, D. C. — Uncle Sam no longer can find shelter in his own, get new ones. Two or more departments have been provided for. The commerce and labor department, the treasury, postoffice and interior departments, the bureau of education, the public health service, and the government buildings — enough to form a separate government district.

But no previously governinent-employees here. There was the same faintly bit-ting-in the air as before. The breakfast room was no different, but the taste won me over. It tasted like turnip greens, only more. There was no serious effort to get me away from the table. The new president, Mr. F. E. Bring, will be present and talk to the people.

A Star Performer!

Outstanding performance in flour, as in football, is the result of a careful selection of material, painstaking preparations and expert supervision. Back in 1907, when football stars thought less about news reel cameras, Browder Milling Company began its operation. Housewives quickly noticed the outstanding performance of our flour. They found it to be a "Star Performer" in the field of baking.

Today, we have maintained that reputation in these famous brands:
