## Observations

(Old Kodger's Column)  
A POLICE OFFICER YELLED  
at a Negro truck driver:  
"Hey, slow that truck down!  
Haven't you got a governor on it?"  
Driver: "Nawuh, boss—the  
Governor is back at the Capitol.  
That's fertilizer you smell."

THE CRUSADE FOR FREEDOM  
is now in full swing as we go  
all-out in our fight against the  
growing menace of communism.  
Millions of signatures and a replica  
of the Liberty Bell will be sent  
to Berlin as a symbol of  
our way of life. We are begin-  
ning to send something else be-  
sides the dollar sign (\$) to the  
peoples of Europe. Let's hope it  
works.

IT HAS BEEN POINTED OUT  
here in the past that there was  
a time when peoples of other na-  
tions respected us—not for our  
dollars—but for what we stood  
for. Have we back-slidden so far  
that only our dollars can be heard  
in other lands? Is there much  
hope when we place our freedoms  
on a dollar basis? In this stream-  
lined age when our neighbors live  
only a short distance of three to six  
thousand miles away, they too are  
fools and learn about us.

WHAT IS THIS (NEW) AND  
fast growing theory that takes  
God out of the picture? Just  
what is it and what causes men  
to rally to a theory that satisfies  
only the stomach and the pocket  
book. It is not a new theory at  
all—in fact Marxism is about as  
old as the U. S. A. For some  
reason or other it has been dug  
up from the grave and there is  
now a post mortem being had to  
show the cause of death over 100  
years ago.

MOST EXPRESSIONS ON THE  
subject of communism is of  
fear. Why? If we are thorough-  
ly sold on our way of life, why  
fear? If there is a better way of  
life, we ought to seek it; if not,  
then why be afraid of it? Has  
our own faith in our way of life  
become so weakened that we are  
afraid to risk it and have resorted  
to the dollar sign in order to bol-  
ster our own faith and the faith  
of our neighbors? A lawyer tells  
me it is because of the weakness  
of the masses that may fall for  
the revival of a different faith  
in this age. If that be true we  
had better begin at home and  
go back to Thomas Jefferson or  
Abraham Lincoln for a part of our  
instruction to the masses.

IT WAS SAID DURING WORLD  
war II, that the reason our  
President would not let our boys  
fight side by side with the Russians  
was afraid our boys would be-  
come infected with communism.  
Afraid? Afraid that the Rus-  
sians had something that would  
out God and Democracy as the  
way of life for the world? Afraid  
for Marxism, and that only our  
dollars can offset this recently  
dug up theory of Joe Stalin? It  
appears that we have been fail-  
ing in instructing our own and  
others and have become AFRAID  
and now trying with dollars to  
reinstill faith at home and in  
other lands. It won't work any  
more than dollars will re-  
turn us to God and a better life.

IT WILL FIRST HAVE TO BE  
done AT HOME—then we can  
again show others and not be  
afraid of ANY kind ofism. To  
one old Kodger, being afraid is  
an admission that there must be  
something wrong, first at home,  
then with our dealings with oth-  
ers abroad. Years ago, the type  
of man a fellow was in one com-  
munity did not reach many oth-  
er communities. Today it is dif-  
ferent—Our neighbors in the  
others know whether we are  
practicing what we preach. And  
they know whether we are also  
weakening in our claims as to  
our way of life. A temperance  
leader could not impress others  
if he was half drunk a part of  
the time. He too, would prob-  
ably be afraid.

THERE IS STILL TIME LEFT  
to ring the Liberty Bell so loud  
that it must hear it. But, it  
should first be heard at home.  
Let's start without fear. If  
we cannot trust our own people  
to understand its tone, then it is  
high time we begin teaching  
musical tones instead of football.

## Truck Driver Fined \$300 After Hitting School Bus

Seven grade school children  
were injured Tuesday afternoon  
when a truck loaded with as-  
phalt and shingles and other  
roofing material crashed head-  
on with a parked school bus  
on Highway 98 about 30 o'clock.  
James Cunningham, 35, Mad-  
isonville, driver of the truck was  
fined a total of \$300 today in  
County court.

He was charged with: (1)  
Driving while under the influ-  
ence of intoxicating liquors; (2)  
Reckless driving and (3) At-  
tempting to pass a school bus  
while it was unloading children.  
Cpl. Brigham Futrell, of the  
State Police, said.

Injured in the crash were  
Tommy Seaford, 6; Junior Gore,  
8, and his brother, James 7;  
Marilyn and Gerilyn McHenry,  
6-year-old twins; Pat Irwin Brown,  
7, and Loretta York, 12.

All were students at Hardin.  
The bus, a 1950 Ford, had just  
left Hardin school with approx-

imately 40 students, and was  
headed west to take the children  
home. The bus stopped in front  
of the residence of A. N. Duke,  
Jr., agriculture teacher at Har-  
din, when the truck, coming east,  
crashed headlong into it.  
Futrell said the "Stop" arm  
was out and the red lights were  
blinking warning that the bus  
had stopped. Edd Ross, 36, of  
Hardin, was driving the bus.

The driver of the truck said  
he was traveling at approxi-  
mately 45 miles per hour, and  
thought he saw a child starting  
across the highway. Futrell said  
the driver told him that he hit  
the bus rather than continue on  
the highway and strike the  
child. Futrell added that evi-  
dence showed no child was cross-  
ing the highway.

The truck, a 1946 Ford, tele-  
scoped the cab. Futrell said that  
Cunningham "must have jumped"  
when he saw the crash was  
coming.

The weight of the entire load  
of shingles toppled onto the cab  
and crushed it completely. Fut-  
rell added.

There were no skid marks  
from tires to indicate that the  
truck driver had applied the  
brakes.

He driver was brought here  
in Benton where he appeared  
before County Judge Leonard  
Jones. He was trying to arrange  
bail through his insurance  
company.

Dr. George McClain, who  
treated the children, said none  
was injured seriously. They re-  
turned to their homes after  
treatment.

## APPLICATION FOR PERMIT TO BUILD NEW CHURCH IS FILED WITH CITY

An application for a permit to  
build a new Pentecostal Holiness  
church was filed with City Clerk  
Joe Williams during the past  
week.

The application states that the  
proposed new church is to be  
built on a lot on the corner of  
7th and Maple streets and the  
building will be of wood, size  
32 x 60 feet.

The application for the per-  
mit was filled by the Rev. Carl  
F. Isaacs.

## FISH AND WHALE TALES

Fish stories have become more  
scarce than hen's teeth. There  
hasn't been a whale caught in  
so long that it may become nec-  
essary to repeat the story about  
Jonah.

During the week end there  
was quite an amount of slug  
fishing being done. The Gams  
had been closed but the water  
was still murky. No big catches  
were reported.

The Lake water was low and  
it too was still muddy, but be-  
lieving to clear up.

Commercial fishing was below  
par. "Bill" Knight, superintend-  
ent at Ky. Dam State Park, re-  
ports fish so scarce that he  
was having trouble getting sup-  
plies of fish for his trade.

One man said: "Fishing in  
the desert was more profitable."

## A Plan For The Future Or A Plan Of The Present

THE BREVARD has frame construction throughout, with wide siding for exterior finish and asphalt shingles. Lattice work supports front entrance hood. There are two bedrooms, bath, combination dinette and kitchen, and living room.

A corrugated glass partition shields the front entrance door and living room coat closet and wood-burning fireplace. Cabinets in galley-type kitchen are on opposite walls, leaving a dinette at one end. Range and refrigerator are on inside wall.

Linn cabinet and two closets, one a large storage closet, are located in the small bedroom hall, wardrobe closets in the bedrooms and closets at front and rear entrance.

Attached garage has overhead door and concrete floor. There is a full basement except under garage.

Dimensions are 49 feet by 6 inches by 26 feet. Area is 988 square feet, cubage 19,266.

For further information about THE BREVARD, write the Small House Planning Bureau, St. Cloud, Minn.

We hope we can be of service to you on plans for a New Home. We invite you to discuss your plans with us.

## Christian Living

Lesson for October 1, 1950

READER, do you have your New Testament handy? Get it down and let us go over a few paragraphs of it together. What we are looking for is an answer to this question: Is there anything special, anything different, noticeable, about the Christian way of life?

Act on the Word

FIRST, look at James 1:22-27. "Be ye doers of the Word," he says. "Do not hear only. Moffatt's modern-English translation says: "Act on the Word instead of merely listening to it." At the end of this section James offers the only definition of religion given in the entire Bible. Note that it is altogether in terms of action, behavior, life both inward and outward.

"Act on the Word"—he means the Word of God, of course. In verse 21 he has already told us the Word is like a seed sown in our lives, a seed expected to grow.

Now look at Phil. 1:27-30. If you have the King James version, which is over 300 years old, that word "conversation" in verse 27 will mislead you.

What Paul wrote (in Greek, of course) was not conversation, but a word meaning manner of living. Moffatt brings out the meaning more pointedly: "Do lead a life worthy of the Gospel of Christ." What God wants us to do as Christians is to live like the best sermons we hear. Live lives that match the story of Jesus.

Life of Grace

NOW turn to the story of Barnabas in Acts 11:19-26. Barnabas was commissioned by the mother-church to inspect and report on the new congregation at Antioch. Were they Christians or not? Barnabas saw two things about those people, and he was glad: it was a congregation of believers, and he saw also the grace of God.

Christian living is a life of faith and a life of grace. It is a life lived with God, blessed by the grace of God. Now this is not automatic. It is not something that happens whether we wish it or not. Observe what Barnabas told those new Christians at Antioch: "Remain faithful to the Lord with steadfast purpose" (v. 25, Revised Standard Version). The Christian life is one of devotion, a life of steady purpose, it is no drifting, sinking life, it sails by the Star of God.

World Not Christian's Orange

NOW turn to a group of passages too full, as all of these are, to be gone over here in detail. You will have to take time yourself to read and think seriously about them: Matt. 5:1-20; 18:21-35; Romans 12:9-21. The theme running through all these is the same: "The Christian's life is marked by a special kind of attitude toward other persons."

There are different ways in which people regard others. The criminal looks on all men as his enemies. He is out to beat them down. "Gilt or gilt got" is his motto. The "average citizen" who is no Christian, and even some who claim to be Christians but never get the hang of it, are not so brutal as the criminal, but their main idea about other people is much the same, though they are more polite about it. As one of these has said: "The world is your orange-squeeze!" What can I make, what is my cut, what will you give me, where do I come how can I use you? But the Christian's attitude to other people is totally different. What it is—well, read these passages from Jesus and Paul, and find out.

Without Ceasing

THERE is one more point about the Christian life. It keeps on growing. Look up 1 Thessalonians 5:15-28. Listen to the note of perseverance singing through it all. There is a preacher who sometimes says: "You cannot be a Christian today. You can begin today, because that takes only an instant. But you cannot be a Christian today. That takes a lifetime."

The phrase of Paul—"ever follow . . . evermore . . . without ceasing . . . hold fast . . . were not mere phrases. He had lived them."

everybody that might be a plant. The concern went to Madisonville had a parachute when things were running a-fair the firm was approaching a union organizer promised the

employees two dollars a day more than they were getting. The firm couldn't meet the raise, so it closed up and has not reopened.

A small garment plant in Sturgis was getting on its feet when an organizer started signing up the employees. Newspaper Editor E. C. Calman, then mayor, let go a warning blast that got into nearly every newspaper in the country. He said Sturgis didn't want any trucking with unions and wouldn't have it. I was in New York at the time and the Sturgis story as front page news there. It got into newspapers as far away as Australia.

The organizer withdrew. Somebody in New York, supposedly Dubinsky, top man of the garment workers' union, telephoned the organizer to leave Sturgis quickly, because if he caused the factory to close the repercussions of another Calman blast might be bad publicity for the union everywhere.

This little essay is not necessarily anti-union. I am telling about the Hopkins and Union County incidents because they are worth knowing about.

## Church Grove School News

Hello folks: Back to school again and our first month has been full of work and excitement. We've enrolled 17 children. They are here from day to day on the job. Our plans are to try and work out a little reading and health program for this year.

Our 4-H boys and girls have painted our seats, desks, tables and chairs. They not only get their lessons but do practical things that will be a help to them in the future. We thank Mr. Rose for the paint buckets and brooms.

Miss Colley has organized a club for homemakers. They are planning to help us with our reading program, by bringing magazines and books to our school and buying better reading material for the homes.

On September 11, Mr. Mathis and Mr. Rose visited us for a while. Come again. On September 20 Mr. Rider and Miss Colley met with our 4-H club and the following program was given. Pledge to the Flag by the entire school. Keeping a good Record, by Nadine Weatherford; What can our Clubs do, Ruth Wallace; Let's do more, Norma English; Game led by Miss Colley. Song America, by all.

We are always glad for any visitors or helpers to come to our school and help make plans for better work.

On September 21 to our surprise in came Ruby Wakler, Mr. Cooper and Mr. Culp who presented two sanitation pictures which we enjoyed very much. And on Friday night of the past week everybody enjoyed the pie supper. Our honor guest of Mrs. Tom Canup, 83, and it was her first pie supper.

With your help and cooperation we can have one of the best schools in the county. Our attendance average 97.5 We are working for 100 per cent.

Our recent visitors were: Pat-sy Thweatt, Betty, John and Jim

## Well-Groomed Hair Is a Fall Must

NOW that the first nip of autumn is in the early morning air, it's time to think of conditioning your hair so that it will look its best with new fall millinery.

It's of particular importance, during the fall and winter months, that both scalp and hair be their healthiest. Airless confinement under hats and scarves tends to endow hair with a lack-luster appearance.

First of all, rid yourself of dandruff. Determine whether yours is the flaky kind that results from scalp dryness, or the type that thrives at the roots of oily hair. Then take appropriate steps.

If yours is the dry kind of dandruff, treatments with oil are often helpful. To give yourself a home treatment, warm the oil slightly and rub it into your scalp with a sterile cotton ball. Work carefully along the part of your scalp. When one section of your scalp has been thoroughly saturated, repeat your hair in another place and repeat the process until your whole head has been treated.

Wrap your head in a towel and leave the oil on for several hours—preferably overnight—before washing it out.

The most effective approach in ridding yourself of oily dandruff is to tackle it at its source—excess oil. Try washing it more frequently than you ordinarily do, with a vegetable-oil soap of the type used by physicians and surgeons.

In order to keep your hair at its gleaming best, turn your attention to shampoos. Try various kinds until you discover one that seems right for your hair, and keeps it radiant and silky.

And make certain no residues of shampoo or minerals from the water are left in your hair. If the water you use for hair washing is not ideal, you might find it helpful to use a water conditioner, in both your wash and rinse waters. These aid your shampoos in lathering more abundantly, and help strip calcium films from your hair.

To safeguard the hair against the dryness of winter, the hair should be washed with a water conditioner.

A fashionable fall hat suffers when Milady's hair appears lack-luster. Unsightly dandruff, however, can be prevented when warm oil is applied to the hair part with sterile cotton.

**CHAMPAGNE MERMAID**—An enterprising photographer attending the State Fair at Sacra-mento, Calif., found Patty Kent's beauty as intoxicating as the samples displayed at the Fair's wine exhibits. Reeling back to his darkroom with pic-tures of Patty and a glass of champagne, the artistic lensman put two and two together. The result was this picture of a champagne mermaid.

The F.F.A. which is an organization for boys enrolled in Agriculture is sponsoring a contest to elect a Chapter queen from the girls in high school. The F.F.A. boys are to nominate the girls and the time for nomination will close Friday Sept. 28 then the girls will run against each other for two weeks. One of the purposes of this contest is to acquaint the school and community with F.F.A. candidates thus for one, Martha Tarkington and Evelyn Williams.

The Home Economics girls are happy to report the excellent results on the food preservation unit we have just completed. Eight different products were canned and we really feel this has been a very educational experience for us. The State Department has loaned the Home Economics group five new books on family relationship, which we feel will be of much assistance to us in many of our problems. The F.F.A. is selling fruits instead of candy this year, to raise sufficient funds to carry on its work.

"NOW YA SEE THIS THING HERE?"—Surrounded by a group of interested British infantrymen, Pfc. Alva Cole of Travers City, Mich., takes his carbine apart as he explains its mechanism to the newly arrived UN reinforcements at a staging area near the front lines in Korea. By their distinctive headgear and insignia it is plain to see that this group is from one of the Scottish regiments, famed as "the ladies from hell," a name given to the be-kilted warriors by their enemies in two world wars.

## Letters To The Editor

Clovis, N. M., Sept. 8, 1950  
Dear Editor:  
It is getting about time for me to renew my subscription to the Marshall Courier, so, enclosed you will find two dollars for another year.  
I enjoy very much reading the local news you have in your paper as it brings back old memories of families I knew years ago. You may remember that about a year ago I visited relatives and friends there. It had been ten years since I had been back there but I found a lot of fine folks and friends still back there. The thing that impressed me most was the wonderful improvement that has taken place in old Marshall county—the good highways, new buildings and other improvements throughout the county. I noticed too that many cemeteries that hold the remains of our loved ones are also being kept much better than in years gone by. This speaks well for your county.

Last but not least, was that wonderful Dam and Lake and a paradise for fishermen. I think I would enjoy living there once more, so you can look for me next year—to get your paper is like getting a batch of letters from home.

P. B. (Plume) Hartley, Probate Judge, Curry County, New Mexico.

(Editor's note: Thanks Judge—Yes, we remember your visit to the old home last summer. Believe it was Rube Lovett who renewed our acquaintance on the street here. We remembered you then as a teen age youngster during the days of the Hartley store at Olive in the early 1900's. We hope you can visit us again, or better still—come on back home where you belong.

It takes less tobacco

to buy residence telephone service today  
than it did 10 years ago...

If you paid your telephone bill with leaf tobacco, residence telephone service would cost you less today than it did in 1940. In spite of the moderate increase in telephone rates, the average charge for a month's residence telephone service in Kentucky would now amount to only 8 pounds of tobacco as compared to 17 pounds in 1940.

Compare telephone service also with wages and the cost of living. In the past ten years hourly wages in manufacturing plants have gone up 118% and the overall cost of living has gone up 72% while, in this same period, residence telephone rates in Kentucky have advanced on the average only 46%.

In other words the price you pay for telephone service has gone up far less than the price of leaf tobacco, far less than wages, family income and far less than most commodities and services you buy every day.

Meanwhile, the amount of telephone service available at your local service rate has increased immensely. Today throughout most of Kentucky you can call and be called from about twice as many telephones at your local service rate as you could ten years ago.

Yes, telephone service is today a bigger bargain and a smaller item in the family budget than it was ten years ago.

## Original Styling, Utility Mark Henry J Models

ORIGINAL STYLING and functional design throughout identify the Henry J and Henry J Deluxe, Kaiser-Frazer's newest 1951 models. Less than 60 inches in height, the low-priced sedans are smartly styled without "frills" or excessive ornamentation. A major utility feature is the arrangement of the rear seat, which folds forward to make a level cargo floor and provide a spacious 50 cubic feet of storage area. Sue Doyle, Detroit model, demonstrates the convenient accessibility of the cargo floor. Illustrated is the six-cylinder deluxe sedan.

PLANT AIDS RECORD  
The year-end report of the highest in the industry is being issued by the Kentucky Bluegrass Seed Co., Inc., of Paducah, Ky. The company's long-term debt was reduced by \$250,000 during the year, and since June 30 has been cut by another \$100,000. At the fiscal year-end total long-term debt stood at \$750,000, including \$111,000 current and \$639,000 noncurrent. Mr. Colbert said: "We anticipate making further payments over and above the agreed-on quarterly payments throughout the ensuing year."

September is the month when Bluegrass seed should be sown.

ed on the lawn, says N. R. Elliott, authority in horticulture at the College of Agriculture and Home Economics, University. "It makes no difference how good the sod may be some good high-grade Kentucky Bluegrass should be sowed," he stated. Scatter the seed, and rain will wash it down to the soil. On bare places, loosen the soil to a depth of two inches and work until it is free from clods, then make a liberal seeding of Bluegrass.

### AFTER THREE WEEKS WEST KENTUCKY BUS STRIKE ENDS

Drivers of the West Kentucky Stages ended a three-week strike today and schedules were resumed at midnight September 22, according to John L. Conger, district general manager.

The strike had tied up the entire line, which serves Paducah, Murray, Mayfield, Clarksville, Tenn., Paris, Tenn., and other Western Kentucky and Northwestern Tennessee towns. The dispute arose over wages and working conditions. The bus drivers are affiliated

### MUDDY STREAMS CUT FISHING IN STATE OF KENTUCKY THIS YEAR

The Game and Fish Division's final survey for the season showed today streams are as muddy as when the season opened last spring.

Lakes and ponds, however, are yielding some good catches and a number of catfish are being caught in streams on trout lines. Bass are biting in Dale Hollow, Kentucky and Harrington Lakes, Kentucky Lake is expected to improve later on.

The division said muddy streams nearly all summer have kept the season from being as good as last year. It added the mud probably has killed many spawns, but that those surviving should grow faster since they will have more food. The survey showed the best fishing spots by congressional districts as:

First Tennessee and Ohio Rivers Kentucky Lake and U. S. dams; second Red River and Audubon Lake.

County project champions will be announced. A singing contest and the different clubs will be held. Every club is to sing a patriotic song, a hymn, a 4-H song and a motion song.

**FIRST MEETING OF NEW  
YEAR HELD BY MEMBERS  
OF SENIOR WOMAN'S CLUB**

The Benton Woman's Club held its first meeting of the new year Thursday evening at 6:30 o'clock at the Community Club. The dinner was served by members of the Benton Homemakers Club. The table arranged in T shape flowers and the club colors green and white, was carried out in them.

The invocation given by the Rev. Frank Young who led "Let Me Call You Sweetheart," in group singing.

Mrs. Joe Brandon, president of

the club, conducted a short business session.

The Rev. J. Frank Young, guest speaker of the evening, was introduced by Mrs. H. H. Lovett, Jr. The subject of the Rev. Young's discourse was The Integrating Personality, based on 1st Cor. 16-31. "Whether therefore ye eat or drink, or whatsoever ye do, all the glory of God."

Mrs. Bob T. Long gave a reading, Hats.

**IN MEMORY OF THE OLD  
UNION HILL SCHOOL**  
By A pal from Union Hill

The old house looks lonesome as we pass

To play no more upon the grass

We have no more old school bell

For a friend bought the house to dwell.

The windows are broken

The doors are worn  
Our hearts are heavy  
When we think of it being torn.

They are all in a hurry to catch the bus

When we all get on and start  
Sit still, not fight and fuss.

They eat a good lunch at Hardin

And with great joy

They don't have the old cold lunch

To eat they didn't enjoy.

Mr. and Mrs. L. J. Cloud, of R. 7, were in town Saturday.
