BILL SHOULD BE DEFEATED.

J. W. Fitzgerald, Assistant Director of warehouses for the Barley Tobacco Growers Association with headquarters in Lexington, Kentucky, spent Friday and Saturday in Fulton, in an effort to interest the voters of this section to prevent the passage of the proposed bill to place a tax on all manufactured tobacco, which is now before the Assembly in Frankfort.

This bill, if passed, proposes to place a tax on all cigars, cigarettes, smoking and chewing tobacco sold in Kentucky, in addition to the internal revenue tax now paid to the Federal Government, and would place an added burden on not only the farmer, but every user of tobacco, in any form, within the boundaries of the state.

Not only will this be the case, but it will mean that confirmed smokers and chewers will do one of two things, either they will reduce their consumption, or they will order their supply from some other state through a mail-order house, and in either case, defeat the ends desired in the bill.

Our own Representative, Morman B. Daniel, and Senator Davis are fighting the bill, but every organization throughout the state should send letters or telegrams to these gentlemen encouraging them to defeat the bill if possible.

Mr. Fitzgerald called at the Chamber of Commerce to solicit their co-operation in the matter and has undoubtedly called on the Lions and Rotaries to do the same thing. He has spent some ten days or two weeks in the western end of the state arousing interest in this movement, and will continue the work as long as there is a chance to defeat the bill.

HUDSON-ESSEX ADOPTS NEW ZONE PRICE PLAN

System Will Quote "At Your Door" Cost.

Detroit, Mich. — Hudson-Essex dealers inaugurated throughout the country Monday a new system of zone prices that is a marked departure from the present plan of automobile merchandising.

Under the new plan "F. O. B. Detroit" is out and "A. Y. D." or "at your door" system pricing is in. From now on prices of Hudson and Essex cars will include freight, war tax and equipment. There is to be no handling charge and no extras; the price quoted and advertised on each model is "the price you pay to drive away."

The country has been divided into zones and a delivered price determined on for each zone. The price advertised in each community will be the price of the fully equipped car, delivered at the purchaser's door.

Many articles have been added as standard equipment on both Hudson and Essex lines. Among them are these: Front and rear bumpers, an electric wind shield wiper, rear view mirror, a transmission anti-theft lock, radiator shutters, motometer and a combination tail-and-stop light.

The plan which is an innovation in motor car merchandising, is arousing great interest.

The Kramer-Maupin Motor Co. are the authorized representatives of the Hudson-Essex automobiles in Fulton.

Small Bond Election

An election is called by the County Board of Education in the three consolidated districts of Crutchfield, Sylvan Shade, and Jordan for Saturday, Feb. 27, from 1 o'clock to 4 P. M. A similar election is called for the Cayce District for Saturday, March 6th.

In the districts where the maximum tax of 50 cents above the common levy has already been voted, there is no question of tax involved. Sylvan Shade has had this maximum rate for several years and Jordan and Crutchfield have recently voted it.

A debt of five thousand dollars or more has been incurred in each of the four districts within the last three years, as is shown in the County Board records. In each case this is in excess of all revenue received. The larger part but not all, has been for building purposes.

If these elections carry, it will be possible to liquidate the indebtedness within a period of ten or fifteen years and at the same time carry on the four years' high school in each district. The Board has decided that otherwise it will be impossible to maintain the four schools at an expense to the County as a whole.

FULTON DELEGATION WILL GO TO DYERSBURG

Mr. Reynolds, of the Union City Packing Plant, notified the Fulton Chamber of Commerce that the City club of Dyersburg will hold a banquet on Friday, February 26, at which time all the towns in Kentucky and Tennessee through which the Jefferson Davis highway will pass will be the invited guests.

The meeting is in the nature of a "Get-together" movement to insure the prompt completion of this highway, and every town is expected to have representatives present.

State Highway Commissioner Bass, of Tennessee, and Gov. Peay are expected to be present and address the meeting, though the health of the governor may prevent his attendance.

The Fulton contingent will be as large as possible, as Fulton is thoroughly alive to the need of good roads throughout this section of Kentucky and Tennessee.

Tobacco News

There were 90,000 pounds of tobacco sold at the Friday sale at the loose leaf floor with approximately 150,000 pounds offered.

The average price was \$7.97, as compared with Paducah's published price of \$6.15. Leaf here sold from \$4.00 to \$22.00, seconds from \$3.00 to \$6.00 and lugs from \$2.50 to \$3.50.

One noticeable feature of the sales on the Fulton floor is the fact that there has never been any tobacco offered that has not been bid on, whereas, on floors in other parts, reports say, there have been rows of tobacco on the floors that the buyers have never made any kind of bid on.

Buyers say that the showings here are better body than in other parts of the dark fired district, which accounts for the above fact, and should mean that the farmers of this section should, at least, get as good prices as in other parts.

Both buyers and the managers of the local floor, continue to insist that the better the crop is classified, the better the price.

New Furniture Store

The storeroom recently vacated by Rucker's Gift Shop, 452 Lake street is being remodeled for Paul Ethridge who will open a furniture store about March 1.

George Washington of Today

The Staff of Life is Bread

It Is Therefore Necessary That You Eat Good Bread

In calling our readers' attention to a modern, up-to-date and sanitary bakery establishment, we can point with pride to Culver's Bakery, formerly Hornback Brothers. We went through this bakery establishment this week on an inspection tour and was surprised at the absolutely sanitary condition of the premises. Even the entire front of the mammoth ovens are of white enameled brick. While the bakery is not running full capacity, they are turning out about 2,500 loaves of bread daily and thousands of rolls and cakes, to say nothing of large quantities of all kinds of pies.

You would be surprised to know how many rolls and cakes Culver sell, but the reason is plain; nothing but the best ingredients are used, and they are baked fresh every day.

The products of this bakery are in demand for more than a hundred miles surrounding Fulton and often times it requires more than two trucks to get their early morning shipments to the trains.

They make a feature of hot rolls in the afternoons and their salesroom is always crowded.

The quality of Culver's bakery products is such that you need not bake at home. They do not scrimp on materials. They use the best flour, lard, butter, eggs, milk and fruits, and use them liberally. The work is all done by expert bakers. The results of their work is seen in as fine an assortment of genuinely homelike bakery goods as can be found anywhere.

Their efforts during 1926, will be devoted to keeping up the standard and improving the quality, if they see any way to do it. You can use their bakery goods every day and it is not necessary now for you to bake at home. But if you want hot rolls for six o'clock dinner, better call early in the afternoon. Yes, they make Graham rolls, too.

Ford Cuts Prices on Closed Car Models.

Raises Cost of the Roadster and touring Car.

Detroit, Mich. — Reductions in the price of Ford closed cars, ranging from \$20 to \$95, and increases in the prices of open models, ranging from \$20 to \$30, effective Thursday, February 11, were announced by Edsel B. Ford, president of the Ford Motor Company. The greatest reduction, which is \$95 on the Fordor sedan, is the largest price slash that the Ford Motor Company has made since 1920. "Demand for closed cars since the improved type colors was introduced has been constantly increasing," Edsel Ford declared.

"With greater output of these types costs have lessened and it is the policy of the company to give its customers the benefit of all reduction in production costs."

The biggest cut is made in the price of the Fordor sedan, which is dropped from \$660 to \$565, a reduction of \$95. A reduction of \$60 is made on the Tador sedan, which is cut from \$580 to \$520, and the price of the coupe is reduced from \$520 to \$500. In the open type cars the price of the touring car goes from \$290 to \$310 and the runabout from \$260 to \$290. The foregoing prices are f. o. b. Detroit. There is no change in the price of the model T chassis, the Ford ton-truck chassis or the Fordson tractor, it was stated.

Snow-White Motor Co. are the authorized Ford dealers in Fulton, Ky.

FULTON IS A GOOD MULE MARKET

Saturday was another good day for mule buyers in Fulton, when a number of good ones were brought in for sale at the B. J. Williams transfer barn on Fourth street. Too much publicity cannot be given Fulton as a mule market. However, we are not advising any one to sell unless he has a surplus. Surplus stock of any kind is an expense; better sell and turn the cash over. Invest it in something that will produce a dividend.

5c Gas Tax In Kentucky

The 5-cent gas tax bill passes the Kentucky Senate 30 to 7 and Gov. Fields' signature makes it a law in this state.

Fire in Meadows Block

Extinguished With Only \$1,500 Damage to Building

Last Saturday morning a small oil heating stove caused considerable excitement in the business district. This little stove was being used in the store room occupied by Tucker Fur Company in the Southern Hotel building, better known as the Meadows Block, when it was accidentally overturned and later exploded, setting the interior of the building on fire. But fortunately the fire company was soon on the scene and did splendid work in extinguishing the blaze and holding the fire, within the room in which it originated. So what looked like a threatening \$150,000 fire, only damaged the building \$1,500. We understand the Tucker Fur Company suffered a heavy loss, but how much, has not been stated.

The first floor of the building is occupied by Evans-Boaz Drug Co., Reynolds' Store, Western Union Telegraph Office, J. R. Powell's Shoe Repair Shop, Marinello Beauty Shop, Office of Southern Hotel, Kentucky Hardware & Implement Co., Incorporated, Tucker Fur Co., and U-Tote-Em Grocery. The two floors above containing 100 rooms is operated by Mrs. Wall as a hotel. W. J. Willingham, Fry and Armstrong are the owners of the building and the losses are fully covered by insurance.

BRILLIANT SUCCESS

The play, "In Old Morocco," presented at the Orpheum Theatre last week by the Drama Department of the Woman's Club, under the direction of McPherson-Bowmer Producing Co., was largely attended and netted the club a nice sum for their building fund.

Each one taking part on the program seemed to be suited just exactly for that particular place, no wonder it was the best entertainment staged here in a long time. We congratulate the ladies of the Drama Department on their brilliant success and all who contributed to the entertainment.

An Inspiration.

Sebra Evans, Fulton's bandmaster, visited Memphis during Sousa's engagement, and returned home greatly enthused with what he learned from this great musician. Mr. Evans says he will introduce some of Mr. Sousa's numbers in Fulton at his next band concert.

Your Spring Suit Needs The Wrinkles Taken Out.

You know what a beauty shop can do for faces—how it can remove wrinkles from cheeks and crow's feet from eyes. But did you ever visit a beauty shop for suits?—a modern dry cleaning and sanitary pressing establishment? Here, again, is a "fountain of youth"—this time for clothes.

For example, take one of your own suits to the O. K. Steam Laundry—one you've worn often. If it's a light suit, the grime is plainly visible at collar and cuffs; perhaps there is a bit of grease on it from your car. If the suit is dark, the dirt may not show—but it's there. One cannot ride in automobiles and taxis, and not gather dirt.

But see what your dry cleaner, the O. K. Laundry, can do for this suit.

First, it is tumbled in warm, drying air; the moisture is removed, the dust shaken out, obstinate spots loosened. An expert "spotter" then goes over the garment by hand—stains and spots vanish before his skill. Next the suit is soured gently, thoroughly, back and forth, in the purest of cleaning fluids. Soil embedded in the fabric is filtered out; grime and grease are dissolved away. After most of the moisture has been whirled out, the suit is carefully dried in a breeze of fresh warm, sterile air, then with the warm air still sifting through it, it is fluffed softly. The nap comes to life, the cloth becomes fresh and smart again.

Nor is this dry cleaning "magic" limited to men's suits and overcoats. Hats and gloves, women's coats, suits, dresses and blouses, children's clothes—almost every article of wearing apparel can be given this same renewing, refreshing treatment. And how much longer clothes wear when they receive it. Truly dry cleaning pays its own bills.

Of course we make a specialty of dry cleaning draperies, rugs, etc. Don't overlook this when you begin your Spring housecleaning—just phone 130 and we will do the rest.

O. K. STEAM LAUNDRY,
J. J. Owen, Proprietor.

Bill Booster Says

Trying to bring in new factories is good booster stuff, but remember that an aggressive and intelligent attempt to bring trade to our town from our surrounding territory will bring more money to our cash registers while we are waiting for factories to come.

Team work is what puts a town over. We can do more for our town by working together. That's why I am for the Chamber of Commerce and Service Clubs, and if they make big plans and cannot always succeed, I am for them because they try—yes, sir.

Smile easily—laugh readily—radiate cheer—be optimistic—be a good fellow—criticize nobody. Do these things and you will be popular, whether you have any money or not.

Which are you, a resident or a citizen? A mere "resident," who just lives in a town but doesn't do anything to make it better, is liable to get into the habit of criticizing the "citizens" who are trying to make the town a pleasant place to live.

Beelerton News

Miss Loudear Bryan was the guest of Miss Eva Fay Hicks last Thursday night.

Miss Hazel Morris spent last week end with Mrs. Odell Bizzle of South Fulton.

Mrs. Susan Johnson spent Saturday night with Mr. and Mrs. W. C. Cooley.

The Junior Missionary Society of Wesley church met with Mrs. S. J. White last Saturday at two o'clock. There were fourteen Juniors and four visitors present. After a short program, Valentine games were played after which dainty refreshments were served. Miss Boone Walker assisted the hostess with refreshments. All present reported a good time and thanked Mrs. Walker for her charming hospitality.

Quarterly meeting was held at Wesley last Saturday and Sunday. Rev. Norman, the presiding elder, preached on Saturday, and Rev. Freeman, of Fulton, on Sunday.

Mr. Lowell Weatherspoon spent Saturday night with Roy Bennett.

Mr. and Mrs. E. J. Bennett spent Sunday afternoon with Mr. and Mrs. Emmett McAlister. Mr. McAlister, who has recently returned from the hospital at Mayfield, is reported to be much improved.

Mr. Orna Raymer of Bowling Green, Ky., became the guest of Mr. A. E. Brown and family last Wednesday, but no one, except a few close friends of the family, knew preparations for a wedding were being made until Sunday, when Miss Grace Brown became the bride of Mr. Raymer. The couple, accompanied by Mr. and Mrs. Jean Bynum and Miss Jewel Robey, motored to Fulton where Esq. McDade performed the ceremony.

Mrs. Raymer is one of the first graduates of Beelerton high school and last year received an advanced or life certificate from Bowling Green State Teachers' College. She has spent several years in the teaching profession and is a highly successful teacher. She is at present the primary teacher in the Beelerton school and has endeared herself to the whole community by her kindness and lovable disposition. She is also active in the various phases of church work.

Mr. Raymer is also a successful teacher and has been a student at Ogden College, Bowling Green, Ky. He has made many friends while in the community and is a splendid young man. For these two, many wishes of happiness have been given that their wedded life may be one perpetual honeymoon and that they can be of still greater service to mankind.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

A Valentine box was also an entertaining feature of the evening. At a late hour delightful refreshments were served. Next meeting will be February 26th.

SOMETHING NEW

THOSE big red letter days on the calendar mean particularly sumptuous dinners to the average American housewife. Her family expects something in the nature of roast turkey, duck or chicken. Of course, the home manager doesn't want to serve the same thing each year and as a consequence, she spends hours in hunting recipes and planning new things in the menu line.

The appended menus for the holiday dinner and supper may prove a welcome change to your family.

Dinner.
Grapefruit Baskets
Nuts Olives Celery
Roast Duck Giblet Gravy
Peasant Stuffing Mashed Sweet Potatoes
With Marshmallows
Spiced Peaches Cauliflower au Gratin
Broad Stuffed Tomato Salad
Cheese Straws Butter
Individual Pumpkin Pie With Whipped Cream Sauce
Coffee

Supper.
Cream of Tomato Soup Croutons
Fruit Salad With Whipped Cream Sauce
Cheese Crackers Assorted Cakes
Nuts Chocolate

Pumpkin Pie.
1 1/2 cups pumpkin 1/2 cup water
1/2 cup strained 2 tbsp. orange
1/2 cup brown 1/2 cup sugar
2 eggs 1 tsp. ginger
1 cupful evaporated 1/2 cup. cinnamon
milk 1/2 cup. salt

Add the sugar and seasoning to the pumpkin, then add the slightly beaten eggs, milk and water. Stir till well blended and pour in a deep crust-lined pan. Bake at 450 degrees Fahrenheit for first 15 minutes and 300 degrees Fahrenheit for 50 minutes.

Cauliflower au Gratin.
Remove leaves and trim off the stalk from large cauliflower. Soak in a solution of 1 tbsp. vinegar, 1 tsp. salt and 1 quart of water for 15 minutes to remove dirt and insects. Cook whole, steamed up in boiling salted water for seven minutes. Place cauliflower in an oiled baking dish, pour over a thin evaporated milk white sauce and cover with buttered crumbs and grated cheese. Brown in a moderate oven. This serves six.

Cream of Tomato Soup.
1 No. 2 can tomato 1/2 cup sugar

1 tsp. peppercorns with
2 cloves 2 cups water
2 slices onion 2 tbsp. flour
2 tbsp. butter

Make a white sauce of the diluted evaporated milk, the butter and flour. Cook the tomatoes with the seasonings for five minutes and strain. There should be 3 1/2 cups of pulp. Add soda to pulp and combine with the hot white sauce. Pour immediately into thermos bottle.

Whipped Cream Sauce.
Three-fourths cup evaporated milk
1 cup whipping cream 1/2 cup powder
1 sugar
Chill the cream and evaporated milk. Combine and whip until stiff. Fold in the sugar and keep chilled until ready to serve.

Rank Health With Three "R's" Is Plea

By MARIE K. JOHNSON

As an educational subject for children, health should hold equal rank with the three "R's" in the curriculum of public schools. Doctors declare that without a healthy, sturdy body it is impossible for the child to have a healthy, happy mind. Neglect of childhood defects may result in permanent physical impairment later on. Many childhood ills are traceable directly to malnutrition.

High school students, especially need a variety in foods for at this age their growth is rapid. The protein or "building food" should be abundant for high school boys and girls. When they buy their lunchboxes, high school pupils are apt to display a preference for chocolate sodas, cream puffs and candy. An appetizing luncheon put up at home is much to be preferred to the sort the boy or girl might obtain at the corner store near the school.

Meat is all right for the school luncheon but it should be put up in tempting form. If sliced thin it is more appetizing in sandwiches than if in thick pieces. Beverages or soup may be carried in thermos bottles but the bottles must be carefully washed and aired daily after using. Milk is recommended for an important place in the boy's or girl's diet because of its proteins, minerals, phosphorus and calcium necessary for the development of the body and in the case of calcium and phosphorus for the building of bone and teeth. Evaporated milk has come into favor as a health builder for children as well as adults because by removal of 80 per cent of the water it is rendered more than twice as rich in food value as ordinary milk and by a process called homogenizing more digestible than bottled market milk.

Crisp lettuce and celery, carefully washed and dried, may be so wrapped in oil paper that they will be fresh and in good condition at lunch time. Lettuce should not be used in sandwiches for wilted lettuce is almost indigestible.

NEW MACHINE NOW AT WORK

AIR DRIED CLOTHES FROM A MODERN LAUNDRY

The missing link to laundry perfection has been welded in the chain of modern equipment at the O. K. Steam Laundry, of Fulton. The Vordone Tumbler, the Twentieth Century Laundry wonder has been installed.

It is the greatest laundry development in years. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned close line, to bask and dry in the glorious sunshine.

This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine.

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vordone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vordone Tumbler used in the O. K. Laundry is the only drying tumbler that does not depend solely on heat to dry clothes, it is the missing link in an otherwise perfect laundrying process.

Be sure to see this wonder machine at the O. K. Laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

With perfect satisfaction the O. K. Laundry can now take your family wash and return it clean and sweet with the proper amount of starch used to give utmost satisfaction and delight to the housewife, yet when it is returned home it will be soft and fluffy without that harsh feeling.

For those who prefer to do their own ironing at home we now take the family washing and return it home clean and dry (not ironed) for 6 cents a pound. You will find many of the pieces so perfectly washed and dried that ironing will be unnecessary.

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

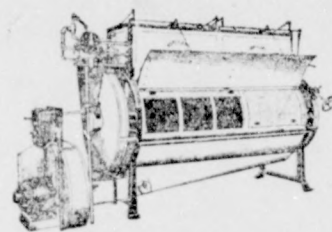

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

MISUSING THE MAILS

From time to time in the development of our postal system, legislation has been enacted to correct evils that grew up through use of the mails to defraud.

One of the first drastic steps of congress was to prohibit the shipment of lottery tickets by mail and there is now a statute of broader scope which seeks to prevent the use of the mails to aid or abet any sort of fraud.

Newspapers are compelled to be very careful about what appears in their columns for they are liable under the law if they permit violations by advertisers.

But the United States mail service is still being imposed upon, there is no doubt about that. At the same time the retail merchants of the United States are suffering as a consequence of the operations of fly-by-night firms which mail merchandise to prospective customers with the request that they buy it or return it.

Fraud can very easily be practiced because the customer seldom knows anything about the reliability of the firm or the quality of the goods and therefore is not able to judge whether they are worth the money asked.

The merchandise can always be returned, but there is the time entailed and the postage required in some instances, and very often the customer just sends the money asked to avoid the annoyance of mailing.

An Indiana man believes that he has solved the question of what to do when he receives a "buy-it-or-return-it" parcel. He has drafted a form letter which he mails to all firms shipping him merchandise under this plan. The letter in-

forms the sender there is a 25-cent handling charge and that the goods will be returned by the first mail after remittance is received.

This is an unique way to deal with the question, but not everyone has thought of this solution and some legislation is needed to put an end to the nuisance.

Representative Watson, of Pennsylvania, has introduced a bill in the present congress providing that only merchandise that has been ordered shall be shipped through the mails. It may get lost in the crush of bills, as 11,737 had been introduced up to February 5, but if patrons of the mails will show sufficient interest, it might be put on a greased track and slip through during the congress now meeting.

"FOREMOST CITIZEN OF ALL THE AGES"

"Envy and malice have stood rebuked in the presence of his towering form. There is no language of literature and culture which does not boast among its adornments noble eulogies of the work and character of Washington. Although, as history reckons its periods, it is but a little time since he passed from the stage of life, he has been claimed, wherever men struggle and aspire, as the possession of all humanity, the first citizen of all the ages."

"So he must be a strangely bold and self-confident eulogist who would attempt to add anything to the total affection, admiration and reverence which has been reared as the true memorial of Washington. It is impossible for us to add to or take from the estimate which has been fixed by the generations of the world."—From an address by President Coolidge at a celebration marking the 150th anniversary of the day George Washington took command of the Continental army.

Man Killed at Hickman.

J. Robert Cole Fatally Injured When Wagon Hits His Buggy.

Hickman, Ky., Feb. 13.—J. Robert Cole was killed here this afternoon when the rear wheel of his buggy was struck by a wagon loaded with stove wood and driven by Lonnie Harrison. The wheel was knocked from Cole's buggy and he was thrown to the ground, the wagon wheels running over his chest and neck. He was picked up and carried to Dr. C. W. Curlin's office where he died about twenty minutes later, blood from a ruptured blood vessel choking him to death. While he was considered seriously hurt, his death was a surprise, as he was able to walk up the steps to the doctor's office and was talking to those assisting him. Upon laying down for examination his neck began swelling and he was dead in five minutes.

The team was not running away when Cole's buggy was struck, but the horses were unable to hold back the heavy wagon on the slick paved street, and the wagon had run down against the horses pushing them down the hill with the driver unable to pull the team aside. This is the third person killed on Hickman's streets since September. Cole was fifty-six years old, and leaves a large family.

Division Editors Hold Meeting at Gulfport, Miss.

The Division Editors of the Illinois Central Magazine held their annual meeting at Gulfport, Miss., Friday and Saturday of last week, with 41 present.

Mr. Rufus Kemp, Division Editor for the Tennessee Division, attended, as well as Mr. C. Chappell, clerk at Martin and correspondent for the magazine. Mr. Dickson, superintendent of the Gulf & Ship Island Railroad, which road was recently acquired by the I. C. delivered the welcoming address to the editors, and Mr. Harris, general passenger agent for that line, also made a short talk. The meeting was in charge of Mr. E. F. Harte, managing editor of the magazine, and the matter of making the magazine more beneficial and interesting was discussed.

The editors were given a banquet, and automobile rides over the city and along the old historic Spanish Trail.

Keep Feet on the Ground

President C. H. Markham in a recent interview, stated, "The stability of this nation assures prosperity if we can keep our feet on the ground. The business of the railroads for the next few months is assured, after that, of course it depends largely on crop conditions." Mr. Markham predicted a great future for the lower Mississippi Valley and particularly the Gulf Coast. The completion of the bridge across Lake Pontchartrain he believes will do much toward developing that section.

STOP, LOOK AND LISTEN

Spring will soon be here and with it will come the numerous automobile pleasure seekers, and the Grade Crossing Accident, which takes away from us every year, numerous thousands that should remain to enjoy the good things put here for joy. The Illinois Central has started their annual drive to prevent crossing accidents, and are enlisting the aid of every citizen along its line in this worthy cause. They will organize Junior Safety Committees among the school children, not only to teach them to be careful while on the premises of the railroad, but on the streets as well. This feature should interest every father and mother in the community, and they in turn should take as much interest in the matter of preventing accidents to their children as the railroads are taking, and if they will cooperate in this matter, it may be the means of saving the life of some child during the coming automobile season. We, of course, have the automobile the year 'round, but there is more traffic during the favorable season, and children are prone to play in the streets more.

The Illinois Central no doubt has saved the lives of many citizens, by their strenuous campaign each year, and by warning posters displayed at all railroad crossings. It is going to be their endeavor to reduce these accidents 25 per cent over last year, and with the cooperation of the drivers of automobiles, this percentage could be doubled. It is all for our own benefit. Let's help, and stop, and be sure the way is clear before crossing railroad crossings—30 Seconds may prolong your life 30 years.

Reduced Rates for Boy Scouts

Reduced fares of one and one-half fare for round trips will be granted Boy Scouts of America to attend the annual meeting of Boy Scouts of America, in Washington, D. C., April 27 to May 1, inclusive. Return tickets will be honored as late as May 5. The Illinois Central is also going to give the same reduction to those attending the Industrial Congress, to be held at Memphis, Tenn., March 11 to 17, return ticket good till March 20.

When Registering Complaints, This Should Be Borne in Mind

In answering a complaint about the schedule of a certain train recently, a general officer of one of the leading railroads, made the following reply:

"Persons who may feel like protesting against the inconvenience of railroad schedules should realize that the roads, being business concerns, are only too willing to run trains at any time when a reasonable profit is indicated, and are even willing to run trains when only expenses are met." If many of us would only stop to think about this, we would perhaps feel that the present service is very efficient, and that we would not run our own business at a loss—then why expect the railroad to do so?

Mrs. Carl Dodson, of Corinth, Miss., spent the week end visiting Miss Louis Covington of Arch Street.

Vice President Beven passed through the city the first of the week.

President C. H. Markham passed through the city first of the week, en route north.

Trainmaster O. H. McFarlin made a business trip to Memphis, first of the week.

Mr. M. L. Brooks of the division office, spent the week end last, visiting his parents, at Sharon, Tenn.

Mr. W. P. Adams has been very ill for several days, but is reported to be improving.

Supt. H. W. Williams made a business trip to Paducah, Tuesday of this week.

Mr. and Mrs. U. W. Jones spent Tuesday of this week in Memphis.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the trader.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

Every progressive citizen of Fulton should be a member of the Chamber of Commerce

Lesson for February 21

JESUS RAISES LAZARUS FROM THE DEAD

LESSON TEXT—John 11:1-57.
GOLDEN TEXT—"I am the resurrection and the life; he that believeth on Me, though he were dead, yet shall he live"—John 11:25.
PRIMARY TOPIC—Lazarus Raised from the Dead.
JUNIOR TOPIC—Lazarus Raised from the Dead.
INTERMEDIATE AND SENIOR TOPIC—Christ's Power Over Death.
YOUNG PEOPLE AND ADULT TOPIC—Christ the Resurrection and the Life.

I. Lazarus Sick (vv. 1, 2).
Even those who are in close fellowship with the Lord are not immune from sickness. Sorrow comes even to the homes where Jesus is loved.

II. Martha and Mary Send for Jesus (v. 3).

Those who receive Jesus into their home when all are well and happy can be sure of His love and sympathy when sickness and death overtake them.

III. Jesus' Strange Delay (vv. 4-6).
Martha and Mary sent for Jesus because He loved Lazarus. They said, "He whom Thou lovest is sick." Now, Jesus "abode in the same place" because He loved Lazarus and his sisters (v. 5). This mystery is to be explained by the fact that Jesus was divine and knew all things.

IV. Jesus Goes to the Bethany Home (vv. 7-17).

At length He turned His face toward the sorrowing home. Jesus knew and the disciples apparently knew that going into Judea meant His own death. His mission to this home was twofold: to restore to these sisters their brother and to strengthen the faith of the disciples (vv. 11-15). The word "sleep" reveals Jesus' estimate of death.

V. Jesus Teaching Martha (vv. 18-27).

As He is nearing the village Martha meets Him with a complaint because of His delay. He ignores her complaint and teaches her concerning the resurrection and life.

1. "Thy Brother Shall Rise Again" (v. 23).

Most blessed words are those to fall upon the ears of a sorrowing sister for a dead brother.

2. "I Am the Resurrection and the Life" (vv. 25, 26).

He is the source of life and all are joined to Him by a living faith. The believer cannot die. The great truth indeed to be apprehended is that here we are united to the living Christ, the source of life, and that this is a pledge of bodily resurrection and eternal reunion.

VI. Jesus Weeping With Mary (vv. 28-35).

Mary fell at Jesus' feet, uttering the same words used by Martha, but no doubt with a different tone of voice and attitude. Her words were responded to with His tears—"Jesus wept." He is now a sympathizing Savior; He can be touched with the feelings of our infirmities (Heb. 4:15).

VII. Jesus Raising Lazarus (vv. 36-44).

His great sympathy now expresses itself in supernatural power. Sympathy would be valueless without this connection with divine power. In this stupendous miracle we see an illustration of the quickening into life of those dead in trespasses and sin.

Observe: 1. He Was Dead (v. 39).

This is a type of the sinner dead in trespasses and sins, even morally corrupt (Eph. 2:1).

2. The Stone Must Be Rolled Away (v. 39).

This is the part that the human must play.

3. Martha's Protest of Unbelief (v. 39).

She insisted that Lazarus had already undergone putrefaction.

4. Christ's Intimacy and Fellowship With the Father (v. 42).

In His prayer He declared that it was not for His sake that He prayed, but for those who stood by.

5. Christ's Manner of Dealing With Lazarus (v. 43).

It was by a call. He is calling men and women today by His Spirit, word and providence.

6. The Response of Lazarus (v. 44).

This shows that the call of Jesus is with authority and power. With the call goes the power to heal and obey.

7. The Command to the People (v. 44).

They were to remove the grave clothes and set him free.

VIII. The Effect of This Miracle (vv. 45-57).

1. Some Believed (v. 45).

2. His Enemies Sought to Put Him to Death (vv. 46-53).

3. His Withdrawal (v. 54).

The Soul of Religion

Always remember that sincerity is the very soul of religion. A single intention to please God and to approve ourselves to Him must animate and govern all that we do.—Philip Doddridge.

Holiness

Holiness is religion shining. It is faith gone to work. It is charity clothed into actions, and devotion breathing benedictions on human suffering. Bishop Huntington.

Slat Moldboard Plow 1471 Series**

This plow works well in soils where any solid moldboard—chilled or steel—cannot be made to shed. It does good work in practically all conditions.

Plows of this series are exceptionally strong. The high-arched, double-headed beams of high-carbon steel are guaranteed not to bend or break. Here's another big feature: the malleable standards are disassembled, which makes the uniform shaping of each standard—the moldboard, shin, landside and share assembled on this standard, are held rigidly together; repair parts fit perfectly.

Syracuse chilled iron is the hardest metal used in plow bottoms—one deep-chilled Syracuse share will outlast two similar shares of other makes.

Come in and see this better plow and let us explain the interchangelability of parts that means long life and uninterrupted good service.

Buy across the Counter

WHEN you buy across the counter in the
stores of this town, you are using good
business judgment. Why? There are many
reasons, but one of the most important is this:

*You can buy what you want at the price you wish
to pay! You are not obliged to accept "some-
thing just as good," because you are in a
position to compare values and make your
own selections.*

When you *trade at home* you are helping your
friends to help you! And there is no finer
thing in life than neighborly co-operation. *It
always pays—in happiness and satisfaction as
well as dollars and cents.*

Sunday was a beautiful day.
The sunshine made one feel
that spring had come and when
you would see the robin, we
too, wanted to get out and wend
our way to the house of God,
to give thanks for the many
blessings He sends us every
day. Rev. R. L. Noeman, the
presiding elder of the district,
preached a most helpful and in-
teresting sermon to a large au-
dience. At the evening hour the
pastor preached one of his
splendid sermons.

The prayer service of this
week was led by H. T. Smith,
and the attendance boosted by

was good. The men worked
hard and were well rewarded
by the goodly number in at-
tendance.

The Warner Blackards will
meet Monday, at 2:30, place to
be announced later.

The Lambeth Circle met
with Mrs. Schoe at her home on
Green street, Monday after-
noon. The meeting opened
with song. Mrs. Butt presided
during the business session.
Mrs. Ed Thomas was elected
delegate to attend the confer-
ence in Union City some time
in March, with Mrs. J. A. Nor-
ment as alternate.

Mrs. Hilliard presented the
Bible Lesson, "If Jesus Should
Come Today, Who Would See
Him?" in a most interesting
manner. Mrs. R. M. Redfearn
gave the study, which was help-
ful and interesting. Visitors
for the afternoon were Mes-
sames Barrett, Collins, Nor-
ment and McDade, represent-
ing the other circles. Mrs. Pul-
lam was also a guest for the
afternoon. The hostess served
delicious hot chocolate and wa-
fers. The meeting closed with
prayer and will meet again in
two weeks with Mrs. Ed Thom-
as.

Mr. Boyd Bennett is still con-
fined to his home of a two
weeks' illness, but is reported
improving.

Mr. John Koehn is visiting
home folks in Illinois this week.
Rev. R. L. Norman of Union
City, spent Sunday with Rev.
and Mrs. J. V. Freeman.

Rev. J. V. Freeman preached
one of his splendid sermons at
Wesley church, Sunday morn-
ing.

Mrs. Ed Thomas has returned
home from an extended visit
in Texas.

The Young People's Mission-
ary Society met Monday after-
noon at 3:30 o'clock at the
home of Miss Elizabeth Carter,
on Vine Street. The meeting
opened with a prayer. After
the scripture lesson, the roll
was called and the minutes of
the previous meeting were
read. The secretary, Miss Mil-
dred Graham, read a letter con-
cerning the Missionary Confer-
ence to be held in Union City,
March 23 to 26. The society is
to be represented at the con-
ference by Miss Dorothy Gran-
berry. Miss Mildred Graham
was elected alternate. There
were four visitors. Miss An-
nie Laura McWhorter enter-
tained us with a reading and
Miss Margaret Allen gave a
piano solo. During the social
hour delightful refreshments
were served and the meeting
adjourned to meet with Miss
Nell Owen, Monday, March 1.

Owing to the illness of both
Vestrymen, Binford and Pas-
chall, the postponed meeting of
the vestry was not held Sunday.

John Hoar spent Sunday in
Nashville, visiting his daughter,
Mrs. Nettie Bell Cecil.

Mrs. Tom Chapman reports
his father as no better. His
mother-in-law is somewhat im-
proved.

Mrs. Josephine Hodges, who
recently underwent an opera-
tion at the hospital in Freeport,
Ill., is still confined to her bed.

Mrs. Wheaton, of Nebraska,
was an attendant at the Sun-
day service. She is visiting the
John Tom Bards.

There will be a three-hour
devotional service today, Good
Friday, to which all are cor-
dially invited.

There will be evening prayer
daily at 4:00 p. m., during Lent
for the benefit of those who
cannot attend the other serv-
ices.

Society.**VALENTINE BRIDGE**

Mr. and Mrs. Abe Jolly and
Miss Lula Burford were host
and hostess for an interesting
bridge party at their home on
State Line street Monday eve-
ning. The decorations of the
home, the appointments for the
game accessories carried out
the Valentine idea.

Seven tables were in play
and high score trophies were
won by Mrs. L. O. Bradford
and Mr. D. B. Maupin.

Consolations were cut by
Mrs. H. L. Hinchey of Chicago,
and Mr. Joe Davis.

Delicious salad course was
served at the close of the eve-
ning on plates cleverly decorat-
ed in Valentine designs.

BRIDGE CLUB

Mrs. Guy Snow was hostess,
Thursday afternoon at a very
delightful bridge hospitality
when she entertained her club.

Three tables formed the per-
sonnel. When scores were
counted, Mrs. Jake Huddleston
was found to have high and re-
ceived the prize. Mrs. Stewart
Brown cut consolation.

Valentine motif was carried
out in the tallies and plate de-
corations. A lovely salad course
was served.

Mrs. David Galtney of Cor-
inth, Miss., is visiting relatives
and friends in the city.

Mr. N. G. Cook is visiting his
little daughter, Lillian, in Lake-
land, Florida, for a few days.

**AUTO TURNS OVER;
FOUR ARE INJURED**

Thursday morning of last
week Brody Irvin, E. E. Can-
non, H. R. Reams and Dave
Hemphill, all living south of
town started for Martin to at-
tend a cattle sale, and when at
the turn in the road about two
and a half miles south of town
the car turned over while run-
ning about 35 miles an hour.

Irvin, who was driving and
Cannon, who was on the front
seat, were both pinned under
the car and Hemphill and
Reams were obliged to tear out
the rear curtain in order to get
out. The two latter managed
to raise the car and allow the
two injured men to crawl from
beneath, and a couple of com-
mercial men who chanced to
be passing, brought the two to
the Southern Hotel where Dr.
Whitehead attended them.

Irvin had two ribs broken
and numerous bruises. He was
later taken to his home by Amos
Stubblefield. Cannon also had
two ribs broken and his collar-
bone torn loose (left side).
Hemphill was suffering from a
scalp wound, and supposedly
numerous body bruises. He
was also attended by Dr.
Whitehead, and later assisted
in taking Cannon to his home
in the country. Reams escaped
with nothing more serious than
a shaking-up.

Hemphill continued to feel
pretty sore and on Saturday
came to town and was looked
over more thoroughly by Dr.
Whitehead, when it was found
that he had two ribs on the
right side, near the spine, that
were cracked.

All members of the party
were reported as doing as well
as possible on last reports.

DISCOVERS THREE FIRES

Little Mary Elizabeth Stans-
bury probably holds the record
for the discovery of fires in
Fulton. Her sharp little eyes
have discovered three incipient
fires the past winter.

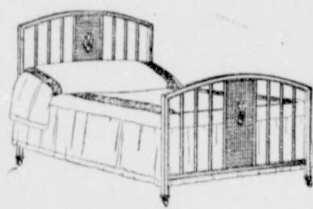

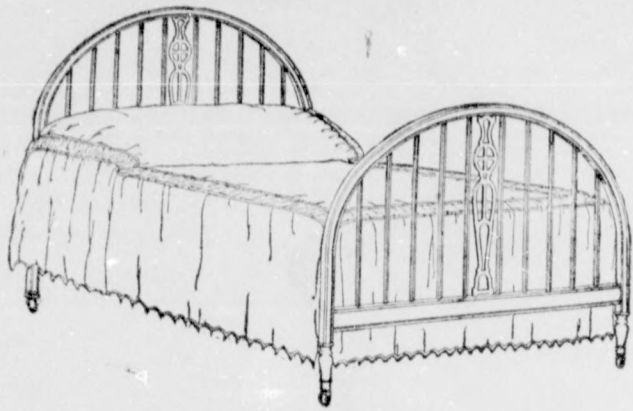

The first instance was in her
own home last fall, when she
discovered that the flue in her
play room was burning; the
next was on a later Sunday,
when she saw burning soot on
the roof of Amos Colley's house
and the last one was on Tues-
day morning of this week.

She was standing at the win-
dow looking out, when she saw
the roof of the home of E. L.
Cobb, 409 Jefferson street, was
blazing. She immediately call-
ed her mother, who notified the
fire department.

This is the second time that
this roof had caught fire, or ra-
ther the third, as after the de-
partment had left, it had to be
called back, as the blaze start-
ed again. The house is the
property of S. A. Holt.
