BILL SHOULD BE DEFEATED

J. W. Fitzgerald, Anti-tax Board re
viewer of warthouses for the Bur
villa Tobacco Growers' Association
with headquarters in Lexington, Kor.
writes that anti-tax sentiment is
rife in Fulton, in an effort to
prevent the passage of the proposed bill to place a tax on
all manufactured tobacco, which is to be before the legis-
latives an early date.

No telling what will be the case
but it will mean that continued
production cannot be carried on
and that there will be a tax on
two things, either they will
reduct the cost of the goods or
they will order their supply from
some other state through a mail
order house, and in either case

AIR DRIED CLOTHES FROM
A MODERN LAUNDRY

Fulton, Ky.

The newest link in laundry perfection has been added to the chain of modern equipment at the O. R. Steam Laundry of Fulton. The Southern Twentieth Century Laundry has been opened and is in better position to render service than ever before in the history of this business. Because it has employed for time immemorial the method of hanging clothes to dry, it is in a position to take advantage of great volumes that it almost entirely eliminates the dreariness of dry clothes with. It dries clothes by air evenly, safely and gently without that harsh feeling that clothes have when dried by any method but air. Your clothes are then hung on a wooden hanger, covered, by air eliminates tor all time the hanging of the clothes. A Modern Laundry has been installed at the O. K. Laundry that does not depend solely on heat to dry clothes. It is a machine that offers perfect hang-drying process. As soon as the water on clothes is removed and the machine is set in the O. K. Laundry, it dries clothes, feeds and smoothes them.

The Vorelone Tumbler used for your job of washing clothes perfectly washed Elliotte last week and driven that ironing will be unnecessary. The Crutchfield Chapter of the M.E. group Friday and Saturday is expected to take a chance on inferior service is called. One cannot afford to take a chance on inferior service and insist on the correct method of drying clothes. Today a good time to renew your subscription for The Advertiser another year. Don't delay until nearly time for your name is dropped from the list.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between meals they get at home and the meals they will wish that these talks are appearing in this paper.

FOOD LIKE YOU GET AT HOME
AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly
washed and air dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundryman
has been broken down. In the past, now the modern laundry will only wash clean clothes or
you choose to send, but also duplicates in every respect the method of drying that the housewife
has employed for time immemorial, namely, the hanging of the washing on the old-fashioned
clothes line, to back and dry in the glorious sunshine.

The greatest development in years and years, comes to this rapidly growing industry in the
perfection of a natural drying process. This new method of drying by air eliminates for all time that
annoyance of mailing. It puts the work of the power laundry in the palm of your hands.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the perfection of the
Verclone Drying Tumbler. This wonderful machine dries your clothes so much more quickly
than normal drying methods, eliminates the necessity of best to dry clothes with. It dries clothes by air, evenly and gently, venti-
lating them thoroughly, leaving them entirely of all lint, leaving them soft, fluffy and perfectly edible. Clothes dried
in this manner are never wrinkled, discolored or left with a harsh feel.

The Verclone Drying Tumbler used in our laundry is the only drying tumbler that does not depend solely
on heat to dry clothes; it is the newest and in an otherwise perfect, I think a process. It puts the
work of the power laundry in the palm of your hands, with this equipment.

Be sure to see this wonderful machine in our laundry rooms, feel and
do the clothes it does, note how fresh and sweet smelling they are.

Mr. and Mrs. H. Jolly will entertain for an interesting bridge party at the home of

State Line Street Monday evening.

The direction, of the evening, will be left to the discretion of Miss Margaret M. Whitehead, who will serve tea and refreshments. Two tables will be in play and high score trophies will be awarded.

Mr. and Mrs. D. H. Hampson will entertain at the home of

Miss Dorothy Granberry and Mr. J. F. Johnson, a regular subscriber.

Mr. and Mrs. J. A. Jamison entertained guests at their home

in Union City some time during the Lenten season as alternate.

Mrs. Ed Thomas was elected alternate. There were four visitors. Miss Annette Stansbury probably holds the record for the discovery of fires the past winter.

Miss Margaret Allen gave a piano solo. During the social hour, she played several pieces.

Mr. Boyd spent Thursday afternoon at a very delightful bridge party when he entertained cards with his friends. There were four tables. Miss Margaret M. Whitehead, who presided, was served.

Mrs. Erskine of Chicago, a regular subscriber, was served at the close of the evening.

It is expected that the Lenten literature was distributed to both the members of the Church school and the Vestrymen in Union City.

The first instance was in her town home last fall, when she discovered that the flue in her play room was burning; the next was on a later Sunday, when she saw burning soot in the ear and Hemphill and Whitehead, who are in charge of the bridge, helped destroy the fire.

Miss Margaret M. Whitehead, who is quite ill at her home near Boaz. Hand us a dollar bill and Mr. Warren will be in a serious condition at last reports.

Mr. Warren is a unit in our list of regular subscribers. He is a regular subscriber, property of A. T. Bell.
