NEW HARDWARE HOUSE

We have just opened an up-to-date and well stocked hardware department for our establishment, and are carrying a mammoth stock recognized as one of the finest in the state. It includes

Stoves, Base Burners, Cutlery, Tinware, Woodware, Granite, Carpenter and Brick-mason Tools, Wire Nails, Builders' Hardware, and in fact a line of goods equal to that carried by the leading houses of the country.

Being buyers in large quantities, and on a basis with leading houses, we are in position to give the best for the least amount.

Don't buy before calling and seeing our varied stock.

EDWARD H. PATMAN DECLARES THAT AMERICANS ARE WORSE THAN THE HEATHENS IN THEIR SACRIFICE OF CHILDREN—SAY THERE IS NEED FOR ORGANIZED EFFORT TO RESCUE THE CHILDREN AND SAVE THEIR LIVES.

In the United States a constant pressure, both moral and economic, is exerted to keep the children in the factories as cheap labor. The mothers have no choice in the matter. They are called upon to work for a pitifully small remuneration, or to starve and suffer with their children. They are compelled to sell their children, and not only do they sell them, but they often sell them to their own parents. The result is that the children are subjected to all the hardships and trials of the factory life, and are forced to work for a pittance. The children are thus deprived of the opportunity to receive an education, and are thus doomed to a life of poverty and misery.
