FULTON TURNS OUT 300
STONG FOR WEAVER DAY

Although it is a hard matter to estimate just how many people turned out for the annual FULTON TURNS OUT 300, it is estimated that over 200 fans of the local team were on hand. The game was played in St. Louis, and a crowd of over 10,000 fans were on hand to witness the thrilling contest. Miss Ida Weaver, the sister of the late Wm. Weaver, was on hand to witness the game, and was accompanied by her son, Thomas, and daughter, Elizabeth.

MISS IVA WEAVER

Miss Iva Weaver, who attended the game, was accompanied by her son, Thomas, and daughter, Elizabeth. She is enjoying her trip, and is looking forward to returning to her home in Fulton.

MISS WEDNESDAY IN AMISH STREET

The three hundred and fifty fans who attended the double feature between the Amish and the Blue Streaks, enjoyed a wonderful game. The Amish, who are always a strong team, were able to hold their own against the Blue Streaks, who are considered one of the strongest teams in the league. The game was played in St. Louis, and a crowd of over 10,000 fans were on hand to witness the thrilling contest.

President Roosevelt’s Vacation Trip Ends—NRA Modification and Wheat Relief Take Up—Von Papen’s Hard Task in Austria.

By EDWARD W. PICKARD

President Roosevelt ended his summer vacation trip by arriving in Washington July 31. The trip, which covered a period of three weeks, was made for the purpose of securing a better understanding of the agricultural situation and of obtaining such assistance as may be needed to overcome the difficulties that confront the farmers of the country. The President was accompanied by his Secretary of Agriculture, William J. Donovan, and by other members of the Cabinet. The trip was made to give the President an opportunity to study the situation more closely and to consult with farmers and other leaders of the agricultural community. The trip was also an opportunity to discuss with farmers the need for further action by the government to aid them in meeting the difficulties they are experiencing. The President was particularly interested in the question of prices and the need for continued support of the farmers. He was also interested in the question of the need for further investment in the agricultural sector. The trip was an opportunity to discuss these issues with farmers and other leaders and to consult with them on the best course of action to be taken. Easy to Make Good Jelly

Modern Housewife Who Assigns This Task to Herself: Has a Far Easier Time of It Than Did Our Grandmothers

American Turkeys on French Tables in 1577

Here is a recipe for apple jelly. The three tablespoons should be as finely sifted as possible. Weigh them before using in order to know if you have any left over. 

First, wash the apples thoroughly until they are clean. Then remove the stems and cores and dice them. Place them in a saucepan and mix. Bring to a boil. Put them into a covered pan and keep boiling until they are soft enough to pass through a sieve. 

When these are done, add the juice. It should be equal in amount to the weight of the apples. Place the saucepan over the fire and add sugar, stirring occasionally. 

When this has been done, the jelly will probably be too sticky. The next thing to do is to cool it and then put it into a bottle. 

Every cotton fiber either in a cord or a cloth is made strong and tough with rubber. Giving you what the industry calls a non-skid surface. 

A soft cloth wrung from a Baking Soda solution will clean white painted woodwork quickly and safely. Our Soda sprinkled on a damp cloth cleans white enamelled woodwork, bathtubs, washtubs... A solution of our Baking Soda will cleanse and preserve jars, jars, wine glasses; will make your glassware beautifully bright and clean... Our Soda costs just a few cents... Low Cost Hot Water Service to Fit Any Family Budget

All the hot water you want—electrically—is no longer a luxury. It is common sense thrift. The cost is surprisingly low at the new special price of only 1¢ a kilowatt hour for electric hot water service under our optional FRS rate schedule.

And all you need to do is turn the faucet—any time of the day or night. Plenty of hot water gushes from the faucet—instantly. Plenty for cleaning, washing dishes or clothes, for shaving, for baths.

The automatic electric water heater takes care of everything—you don’t even have to flip switches. And you can forget all about kettle carrying—or running up and down stairs to light a heater.

There is an electric water heater in a size to suit your requirements—and your pocketbook.

A small cash payment puts this greatest of all household conveniences in your home. Easy monthly installments pay the balance.

Come to our store and let us explain the advantages of “hot water electrically”—and its true economy at this low price.

See our line of electric ranges too and get details about the economy of electric cookers at the remarkably low 2¢ range step in our new FRS rate for “full use” of electricity in your home.

Chapter II

There was a Christmas tree, after all. Hugh did not speak, only went around holding the lights in his hand. Jack was sitting on the floor, looking up at him, the other children around the tree. Hugh finally set the last light and then went and sat down. He was not looking at the tree; he was looking at Jack. His eyes were hard, but he was not afraid. Hugh did not say anything, he was just there. The children were all laughing, but Jack was not. He just sat there, watching Hugh. Hugh looked at him, and then he said, "We're all a little different. That's why we have a Christmas tree. It's not just another tree, it's a tree for us." He got up and went over to Jack. He sat down beside him and said, "Jack, I want you to know that I love you." Jack looked at him and said, "I know." Hugh nodded and said, "That's all I wanted you to know." He got up and went over to the tree again. The children were still laughing, but Jack was not. He just sat there, watching Hugh. Hugh looked at him, and then he said, "We're all a little different. That's why we have a Christmas tree. It's not just another tree, it's a tree for us."
