FOOD LIKE YOU GET AT HOME

It is true, a home-like restaurant because it has endeavored to break down the prejudice on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Standard-Feed Poultry Most Important Factor

In the feeding of poultry, it is of the utmost importance to give them a diet that is rich in protein and fat. A good diet should consist of egg feed, which is not only high in protein and fat, but also contains vitamins and other essential nutrients. A balanced diet is necessary for the proper growth and development of the birds.

Water for Feeds Quite as Important as Feed

Birds require water for various purposes, including the digestion of food, the production of germ cells, and the regulation of body temperature. Water is essential for the proper functioning of the digestive system, and a lack of water can lead to dehydration and other health problems. It is important to provide fresh, clean water to the birds at all times.

Poultry Profits Tripled by Proper Feed, Care and Culling

A steady profit can be made by the grower of poultry if he is willing to spend a little more money for the right kind of food. A good feed should contain sufficient protein, fat, and other necessary nutrients to support the growth and development of the birds.

A HAT for Early Spring Wear

Even before you shed your heavy overcoat one of these new style soft Hats is quite the thing, both for comfort and appearance. Light in weight, it also makes a good Hat for all spring and early summer service. New colors and new shapes for your appraisal. At $5.00 to $7.00 including tax.

Clothing for Men

Gentle Spring is holding a sort of informal reception at this store and you are invited. Our new SPRING SUITS are receiving the most sought after attention of the season. Soft bloom forth at every turn in hat and costume—The perfect, brightest, most attractive and stylish display in all our experience.

Wonderful values in Two-Pants

Suit $30

Other Suits $25, $30, $40

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existance of the stores only for emergencies there would soon be no more places to satisfy those urgent needs. You should do your part towards keeping local business alive and in a condition of betterment by doing all your trading at such stores. It is well worth while to look at various places first before buying anything.

Clothing for Boys

Look carefully before buying Four children's clothing. The first turns need to be stylish and comfortable as well as the parents, (you too). You must not forget to have your children well clothed as it is of great comfort to themselves. Our Boys' Clothing is made with the comfort of the children in mind and at the same time our prices are extremely reasonable. The new ones are just right and comfortable, with a neat and attractive finish.

Make your feet happy with a pair of Muns-Hank Shoes. The new Oxfords are characterized with style and built for comfort. We have them in all the popular colors and leathers at $4.50 up. Our line of Buster Brown shoes for Boys will please parents who want the best for their children.

We especially invite you to come and look over our new Spring line of Shirts and undergarments. We never had such a lovely display as we are showing today.

Mrs. J. B. Walker, wife of the operator here, is very ill with the and other complaints. She was operated upon a few days last week.
The operator here is a new Fred cousin of which he is taking up a hand of visiting there.

**Hen's Own Egg Factory**

**Is Run Like Real Plant!**

It is said that the origin of the idea for this egg-making plant is to be found in the experiences of the farmer who had been raising chickens for the past ten years. The farmer had noticed that his hens laid eggs of varying sizes and shapes, and he decided to find a way to make eggs that were uniform in size and shape.

The farmer's first step was to build a special incubator that could control the temperature and humidity of the eggs, ensuring that they would hatch into healthy chicks. He then used this knowledge to develop a formula for making artificial eggs that would not only be uniform in size and shape but also have the same nutritional value as real eggs.

The result of his efforts is the Hen's Own Egg Factory, where eggs are produced in a similar manner to real eggs. The factory uses the latest technology to ensure that the eggs are of high quality and meet all the standards of real eggs. The eggs are then sold in a variety of sizes and shapes, and are popular among those who are looking for a healthy and nutritious food source.
