## STAND PAT.

Association Farmer" Makes a  
Strong Appeal to Close  
Lines For 1908.

EDITOR LEDGER:

If you will be kind enough to  
give me space in the Peo-  
ple's Paper I will write a few  
thoughts.

Conditions today bring to my  
mind what Thomas Jefferson,  
the greatest champion of self  
government, said many years ago.

"The world has ever  
proclaimed the great princi-  
ple, 'equal right to all and spe-  
cial privileges to none.' But our  
government has drifted far away  
from the kind of government as  
indicated by Mr. Jefferson. In-  
stead of a government of the  
people, for the people and by the  
people, we have a government  
of the trusts, by the trusts and  
for the trusts."

Now, a violator of the law is a  
violinist he is rich or poor but  
when the farmers were being  
systematically robbed did you  
hear all this mess about soldiers  
having to guard our town and  
parading our county highways,  
or law and order leagues being  
organized to furnish money to  
prosecute the violators of the  
law? If a lot of those rogues  
had been put in the penitentiary  
where they ought to be and not  
been allowed to openly rob the  
people the tobacco growers would  
not have had to make such a  
hard struggle for their God-given  
rights that had been taken away  
from them.

I said recently in the Ledger  
that the tobacco trust was re-  
sponsible for the lawlessness ex-  
isting in the tobacco belt, and  
anyone who has enough sense to  
go out of the rain does not  
doubt it now. The tobacco trust  
has been out of the storm all the  
time.

It has attacked the association  
from ambush, which is a trust  
method of fighting. It is so hard  
for the trust to be forced to re-  
lease the iron grip that it had on  
the throat of the farmer.

Let me sound this warning  
note to the farmers. The fight  
is not won yet, we have only  
driven the combine back to the  
first ditch. Let each member of  
the organization stand as firm as  
the Rock of Gibraltar. Let us  
stand by those who are standing  
by us in this great fight for liv-  
ing prices.

Brave, O. J. Jennings, for the  
heroic stand you have taken at  
all times for the men who wear  
the brown jeans and toils out in  
God's sunshine. You may expect  
false charges to be hurled at  
you by trust hirings as long as  
you are battling for us, but the  
farmers of the Black Patch, who  
compose the best citizenship of  
our land, are with you and will  
ever admire your fight for the  
association at this critical time.

Farmers, let's close up the line  
of battle for living prices for our  
sweat and toil. Jennings, don't  
give up the ship, and we will  
win. Then the sun will again  
shine bright on our old Kentucky  
home.

Very sincerely,

3rd. Why did not some people  
who are now taking such great  
interest in law enforcement have  
some interest in law enforcement  
when the common people were  
being robbed?

brought here then to help prose-

## DANL. F. JONES

Former Murray Citizen Passes  
Away at His Home in  
Florida.

Danl. F. Jones, a former well  
known citizen of this place, died  
Wednesday of this week at his  
home in Bartow, Fla., after a  
brief illness of rheumatism of the  
heart.

Dan Jones left Murray in 1880  
and his whereabouts since that  
time has been known only to  
members of the family.

In 1880 Joel Ferguson was city  
marshal of the village of Murray  
and had disarmed Jones, who  
had been guilty of a breach of  
the peace. This so enraged  
Jones that he secured a shot gun  
and approaching Ferguson on the  
street emptied the contents of  
the gun into his body. Fergu-  
son lingered for some time and  
died. Jones was arrested and  
placed in jail but soon made his  
escape through outside assist-  
ance, and left the county.

Dan Jones was a brother of  
the late Thos. R. Jones and was  
married to a daughter of Mrs.  
A. M. Wear. Several children  
survive him.

The remains of the deceased  
will arrive here Friday at noon  
and will be laid to rest Saturday  
by the side of his wife in the  
City Cemetery.

Mrs. S. L. Bowen, of Wayne  
Va., writes: "I was a suf-  
ferer from kidney disease, so  
that at times I could not get out  
of bed, and when I did I could  
not stand straight. I took  
Toley's Kidney Remedy. One dol-  
lar bottle and part of the second  
cure me entirely." Toley's  
Kidney Remedy works wonders  
where others are a total failure.

County Convention.  
A very small crowd attended  
the county mass convention here  
last Saturday afternoon. Not  
over 65 democrats participated.  
Rush of farm work and the big  
picnic at Faxon is responsible for  
the small attendance.

J. C. McElrath was elected  
chairman and W. O. Wear sec-  
retary. Resolutions endorsing W.  
J. Bryan for president, and Sen-  
ator Conn Linn, for district dele-  
gate to the National convention  
were adopted. Mr. Linn was the  
only member of the delega-  
tion to attend the state con-  
vention which is in session at Lex-  
ington today.

Large Crowd at Picnic.  
Between 1,300 and 1,500 per-  
sons attended the W. O. W. pic-  
nic at Faxon last Saturday. R.  
L. Hart and Hon. Max Han-  
berry, of Cadiz, were the orators  
for the occasion. Both speakers  
were given close attention by the  
large crowd.

The day was pleasantly spent  
by every one present and no dis-  
order of any character occurred  
to mar the occasion.

Founder of the Christian Church.  
The following communication,  
which appeared some years ago,  
setting forth the fact that B. W.  
Stone was the founder of the  
Christian church, taken from a  
Missouri paper, will be of inter-  
est to many readers of the  
Ledger.

"The writer of this article was  
immersed by B. W. Stone in the  
summer of 1826, and I will give  
you a short history of the Chris-  
tian organization. September  
10th, 1803, B. W. Stone with-  
drew with others his connection  
from the Washington Presby-  
tery at Lexington, Kentucky.

## MEMPHIS WINS

Bluff City To Entertain Veterans  
in 1909.—Gen. C. A. Evans,  
to Succeed S. D. Lee.

Birmingham, Ala., June 10.—  
With the selection of Memphis  
as the place for the next reunion  
and the selection of General Cle-  
ment A. Evans, of Georgia, as  
commander in chief to succeed  
the late Gen. Stephen D. Lee,  
the United Confederate Veterans  
adjourned their annual conven-  
tion late this afternoon.

The interesting feature of the  
big reunion convention was the  
inauguration of the movement to  
buy the birthplace of Jefferson  
Davis. The Kentucky division  
announced they had been work-  
ing to this end for some time and  
asked the veterans to take steps  
to acquire the property. A Com-  
mittee of fifteen was named to  
investigate the feasibility of the  
project and report back next  
year. The home is located at  
Fairview, Ky.

Birmingham gave the veterans  
a royal reception. The welcome  
was earnest and the treatment  
was hospitable. There was a  
great floral parade this after-  
noon. It was perhaps the most  
gorgeous ever seen in the south.  
It comprised three miles of ve-  
hicles of all kinds.

The official parade of the veter-  
ans will take place Thursday  
morning at 11 o'clock. Practi-  
cally all places of business save  
drug stores and restaurants in  
Birmingham will close, a gen-  
eral holiday having been declared.

Comes up Monday.  
Mayfield, June 10.—James Du-  
laney and Riley Allen will be  
tried for malicious shooting in  
the circuit court which opens  
Monday. Allen is an uncle of  
Dulaney's wife and the two en-  
gaged in a pistol duel on the  
streets of Mayfield a short time  
ago. Dulaney escaped injury  
while Allen was almost killed  
and it was first thought that he  
had been mortally wounded. It  
is alleged that Allen fired the  
first shot. Dulaney was indicted  
for carrying concealed weap-  
ons while Allen was indicted for  
malicious shooting.

To Resign Monday.  
Mr. Jack Dawson, of Potts-  
ville, who was recently elected  
chairman of the Graves County  
Dark Tobacco Association com-  
mittee in the place of J. W. Ush-  
er, resigned, was in the city  
Tuesday and informed a Messen-  
ger reporter that he would be in  
the city next Monday, again,  
when he would offer his resigna-  
tion as county chairman.

Mr. Dawson said that he did  
not have time to attend to his  
duties; to go backwards and for-  
wards to Guthrie, and look after  
the business of the Association  
and do justice to his own farm-  
ing interests and family. There-  
fore, he will step down and out  
next Monday.—Mayfield Mes-  
senger.

Association Tobacco Sales.  
Salesman Hood this week sold  
108 hogsheads of tobacco. Of  
this number 104 were leaf at  
prices ranging from \$10 to \$12.  
Four hogsheads of lugs were sold  
at \$7 to \$8.

\$100,000 for Patent.  
Boston, June 5.—Calvin P.  
Graves of North Hancock, Me.,  
went to New York to day to re-  
ceive \$100,000 in cash from a  
syndicate of sewing machine  
manufacturers for an improve-

## ment which he perfected and pat-

ented while serving nineteen  
years in Thomastown prison for  
the murder of two men. The  
invention is an attachment that  
can be placed upon any machine,  
whether for factory or ordinary  
use. It abolishes the bobbin and  
takes the thread direct from the  
spool and makes a lock stitch.  
It is so arranged that from a row  
of spools of different colored silk  
or thread anyone can be used at  
will by moving other devices on  
the present machines.

Killed By Light.  
On Friday afternoon, at the  
home of Mr. and Mrs. Charles  
Morris, about two and one-half  
miles north of Buchanan, their  
son, Charles, aged about 12 years  
was struck by lightning and in-  
stantly killed.

It seems that Mr. and Mrs.  
Morris and two sons were doing  
some gardening when a sudden  
storm came up. The family  
started hurrying toward the  
house and the boys turned to  
put away their hoes before go-  
ing in. As they were going to  
the outhouse with their tools the  
flash came, which killed Charles  
instantly and severely shocked  
Mr. and Mrs. Morris and their  
other son.—Paris Post.

Ball Game Next Week.  
The Paducah base ball team  
will come to Murray the first of  
next week to play the local team.  
Only one game will be played,  
and while the date is not fixed it  
will be either Monday or Tuesday  
afternoon.

The Paducah club is one of the  
fastest amateur teams in the state  
and the best game of the season  
is predicted.

Rowlett Returns.  
George Rowlett, who was in-  
dicted for night riding by the  
Calloway grand jury, and who  
has, it is stated, been in Tennes-  
see since the indictment was re-  
turned, arrived in Murray Wed-  
nesday and gave himself up to  
the proper authorities. He was  
released on a \$1,500 bond.

Rowlett lives in the Brandon's  
mill section of the county.  
The Dailey Louisville Times  
until Dec. 1 and Ledger one year

## GETTING USED TO MILLIONS

New York Idea Seems to Be to Train Children to Think in Large Amounts.

"The children of this town are being taught to figure in millions and billions," said the fond parent. "At least my son is. At the school which he attends a system of credit marks prevails, but instead of being on the basis of ten—or even of one hundred—it runs up into the trillions.

"It seems the teachers begin by giving a credit of 1,000 for each perfect lesson—or maybe it's 10,000—I don't remember; but it is not one, as it was in my school days. My son—he's nine years old—reported a credit of 10,000,000 good marks a few days ago. I believe there is a prize to be won at the end of the term and that accounts for his record—not that he's so angelic, but so ambitious. I suppose the idea is that the transactions in our country are constantly growing in magnitude, and the sooner the youngsters learn to think big things the better. It is just as easy to say a million as it is a thousand; and I observe that my son is more nimble with billions and trillions than I am. Perhaps the psychological effect of this training may be to make him nimble in acquiring dollars to that extent."

## LOOK AFTER JAP STUDENTS.

The Japanese students whom the embassy, or department of education of Japan, sends to America are always well dressed, the reason being that \$100 is given them for clothing and the kind of clothing is stated, so that the government student may always be well clad. Nine hundred dollars annually is allowed them for ordinary expenses and \$400 is supplied for traveling expenses. In addition to this, extra accounts are supplied to reliable students who wish to make journeys to different parts of America in order to investigate various industries or social conditions. In this country the number of Japanese students proportionately is larger than that of any other foreign element.—The Patient-Finder.

## CAMPING OUT WINS WOMEN.

Women are coming more and more to realize that in our "imperial" burdens of "new-fangled" ideas, which are not only making life uncomfortable, but also making it more difficult for the women to do their share of the work of the world. The secretary of the National Cycle Campers in New York says the club has increased rapidly in membership. "We have a woman's committee," she says, "and women stewards are appointed at official camps to assist women campers who are new to the delights of camping out. Our kit consists of tent, poles, waterproof ground sheet, blanket, down quilt, stove and cooking utensils, and it can all be carried on an ordinary bicycle."

## MAKE PROFIT FROM RATS.

Parisians have found a way of turning the rat into a profitable commodity. In that city there is a rat pound. It is a deep walled pit, in which some thousands of rats are kept. A dead horse is thrown into this pit at night, and the rats strip the carcass of its flesh. Once a month there is a general slaying of rats by gas. The rats are sleek and plump, and their hides are in excellent condition. Their skins are removed and treated and eventually are made into "kid" gloves.

## LUCKY INDEED.

At Junction, Wis., a peculiar combination of circumstances has made a man in the circuit court a regular person county is attorney for the state; his brother, Arthur Luck, owner of a dam, represents the dam; L. Luck, is the presiding judge of the court. "There will be some," said the town clerk.

## EUROPEAN LAW OF TREASON

Assassination of King or Emperor Universally Looked Upon as Its Gravest Form.

In all monarchies the killing of the king or emperor, the Law Journal of London points out, "is perhaps the gravest form of high treason." The Journal adds: "In one country, Italy, sentence to death cannot be imposed, and in Portugal we believe that capital punishment is not used, if not abolished. Under the law of treason of the united kingdom, which has been applied to most of the king's dominions abroad, with or without statutory modifications, the killing of the king is a capital offense by the statute of treasons. It is there described as 'compassing or imagining the death of our lord the king.' By later legislation (of 1800) the elaborate provisions special to trials for treason do not apply to assassination of the sovereign or a direct attempt on his life, and such offenses are tried in the same manner as willful murder. The result is that in substance, though not in form, the killing of the sovereign is triable and punishable in the same manner as the willful murder of a subject, but the crown may direct the execution to be done by decapitation instead of hanging."

## BOTTLED NOSE PAINT.

Patent (who is fond of generous living)—Where in the name of wonder, doctor, did I get such a nose as this? Doctor—Out of the decenter, madam.

## HOUSES BADLY PLANNED.

A woman who has been aggravated beyond reason says that some day she will turn out that is that woman who refuses any longer to be bothered by the plan of her architect and will go to work to plan her own house. The low washbasins and the sinks they have to bend down to, the dumb waiter in the hall instead of in the kitchen, the utter depravity of the closets that are undesirable in every respect, these and other things the woman architect will remedy.

## WOULD BE GOOD TO WOMEN.

Hamilton Wright. Marie thinks that every woman should have an income of \$5,000 a year, so that she could "care for the souls of men, cherish the ancient virtues of life and keep mankind alive." He does not believe that the industrial system that has set women to work is going to last, and he says he thinks it will be a sad day when women work from morning until night away from home, as men do, as the men need some one to take care of their souls.

## POPULAR FALLACY.

One of the most lively and impervious of fallacies is that a woman is never charming unless she is stupid. Some people, betraying bluntly their idea of what should determine a woman's attitude toward life, add that "men don't like women who think."

## THE FIRST PHONOGRAPH.

The phonograph was invented by Leon Scott in 1855, his invention embracing all the essential principles of the present instrument. Thomas A. Edison took out his first patent on the phonograph in 1877, and placed the first one on the market in 1888.

## A NATURAL PROCEEDING.

"I understand at that anti-ordinance meeting to-day nobody attempted to muzzle the speakers."

## NOT GUILTY.

Innocent Housewife—My good man, do you ever take a bath? Tramp—No, mum; I've never took nothing longer than a silver spoon.—Exchange.

## SHE HAD CHANGED HER NAME

Little Circumstance That Young Bride Forgot, and It Made Her Some Trouble.

"That is the second time I have done that within a week," said the bride of six months, as she put down her pen with a disgusted expression on her face, "and I just don't like it."

"What have you done now?" queried her friend.

"Done? I have made out a check, signed it, inclosed it with a bill and mailed it, expecting to receive a receipt back, and instead I have gotten the check, and across it stamped, 'No account in this bank.' Of course, I have an account there, but I've signed the check with my maiden name, instead of my married one, and consequently have made all kinds of trouble, to say nothing of appearing ridiculous in the eyes of several people. I never shall draw a check again unless I have some one censor it and see that I have not forgotten that when I was married I changed my name!"

## MOTHER WORKS WITHOUT PAY.

"Mother gets up first," said the new office boy, "She lights the fire and gets my breakfast so I can get here early. Then she gets father up, gets his breakfast and sends him off. Then she gives the others their breakfast and gets 'em ready for school; and then she and the baby have their breakfast."

"What is your pay here?" asked the man.

"I get three dollars a week and father gets three dollars a day."

"How much does your mother get?"

"Mother?" he said indignantly. "Why she don't have to work for anybody."

"Oh! I thought you just told me she worked for the whole family every morning."

"Oh! that's for us—but there ain't no money in that."

## FACTS ABOUT THE BIBLE.

The first book printed from movable types was the Latin Bible in the year 1455. The first Bible printed in this country was in the Indian language in 1603, by John Eliot. The first English Bible printed in this country was in 1782. The first Bible printed in New York city was in 1782, George Washington owned a copy. The Bible is now printed in more than 500 different languages, representing the speech of eight-tenths of the population of the world. In the thirteenth century a Bible cost \$3,000, which was more than the cost of the two arches of London bridge, and as much as the entire earnings of a laboring man for 15 years. To-day the Bible is the cheapest book in the world. The entire Bible may be obtained for 16 cents and the new testament for six cents.—Exchange.

## THE VERY LATEST.

"Let me see some of your black kid gloves," said a lady to a shopman. "These are not the latest style, are they?" she asked, when the gloves were produced.

"Yes, madam," replied the shopman; "we have had them in stock only two days."

"I didn't think they were, because the fashion paper says black kid gloves have tan stitches, and vice versa. I see the tan stitches, but not the vice versa."

The shopman explained that vice versa was French for seven buttons so she bought three pairs.—Detroit Free Press.

## DIVIDING THE LABOR.

"So Sam, I hear you've taken a partner for life?"

"Yes, sah; married yesterday, sah."

"I hope you believe in an equal division of labor, and will not expect your partner to do all the work, Sam?"

"No, sah! No, indeed, sah! I do, believe, we hope should do our share, sah. Wife's going to do it washin', and I'm gwine to act as treasurer, sah!"—Yonkers Statesman.

## ASSUMING TOO MUCH.

Dumpley—I tell you, I've made up my mind that she'll marry me or I'll blow out my brains.

Knox—Huh! Such unwarranted assumption I never heard of.

Dumpley—Option? I suppose you mean.

Knox—For to your assumption.

## GUESTS PLUCK THEIR FRUIT

Dwarf Trees on Dining Tables Is the Latest Fad Among People of Wealth.

The little tree, gnarled and gray, was only two feet high, yet in its thick green foliage many small red and yellow apples gleamed.

"Yes, it is the very latest idea," said the florist. "We hope soon to have ready for the market the innumerable apples, peaches, pears and oranges that are now being grown on dwarf trees in our nurseries. The new idea is to bring on the fruit, at a dinner's end, not piled helter-skelter on a great dish, but growing on its own tiny tree. The guest extends her bare white arm and plucks with her slim hand from the tree the fruit she desires. Could anything be more charming?"

"Our fairy groves of fruit trees at the nursery are none of them over two feet high. They vary in age from three to seven years. A Japanese taught us the dwarfing process. Of course, this new idea won't catch on unless the dwarf fruit are perfect yet. They are just a shade sour. But Rome wasn't built in a day."

## MR. BOFFIN AND THE BOLD, BAD BOYS.

1. Mr. Boffin was going to fetch a bucket of water when he met his friend Bloogs. "See what the Echo says about Grizzlies?" asked Bloogs.

2. So Mr. Boffin put down his empty bucket to read the scandalous Grizzlies. Here was a chance not to be missed by the bad boys. So they looked up the bucket and filled it with water.

3. And when Bloogs had departed with his bucket, Mr. Boffin looked around for his bucket. "I wonder what mischievous person put it on the wall!" he murmured. Then he tailed it down.

4. And got the contents all over his countenance. He still wishes he knew who did the trick, but he won't, for by the time he got the water out of his eyes the boys were safely hidden.

5. Making a vacancy.

"Perhaps," remarked the college carman, who really wasn't fit to be on the crew, "perhaps I might improve if I should try a faster stroke."

"If you should get lightning stroke," replied the disgusted trainer, "it certainly would improve the crew."

6. In desperate mood.

"Why didn't you remember that it was Satan who tempted you into that scheme of graft?"

"Because it wasn't," answered the man who was being investigated. "Sometimes I wish it had been an expert like Satan instead of the bungling amateurs who got me into all this publicity."

# EBERLEE 46,478

Will make the season of 1903 at \$10:

Will be at Purdon's barn, East of railroad, from 7 to 8 a. m. and 4 to 5 p. m., every day except Sunday.

EBERLEE is standard bred and registered, and combines in his pedigree the same strains that produced Maud S., Nancy Hanks, Patience, sire of the champion of her day, Alis 274. Prodigal, now at the head of Senator Bailey's farm at Lexington and standing at a fee of \$100. Also the great Ponce De Leon, first prize winner at New York Horse Show, and sire one-year-old filly that sold at auction for \$11,500 and while offered for public service commanded a fee of \$200.

EBERLEE has sired colts that have sold for more than the colts of any other horse in Calverly county, it matters not at what fee charged. Come and I will sight you to the breeders of some of them, then go and see and compare the colts with others from same mares and be other horses claimed to be the best.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would not be without a bottle than I would be without food." For nearly forty years Dr. King's New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and a healer of weak lungs, it has no equal. Sold under guarantee at Dale & Stoddard's drug store, 20c and \$1.00. Trial bottle free.

LAND FOR SALE—75 acres of good land, well improved, good well and a good orchard, good stables and other out buildings. I live on new Murray and Hazel roads 1 mile South of Murray. FATE WILSON. Aug. 1-108.

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No 10 or minutes tedious boiling. "Made in a minute," says the doctor. Sold by W. W. McElrath.

Homestead Fertilizer for sale at L. E. Radford and W. P. Dunaway, Kirksey. Prices range from \$1.25 to \$2.00.

## Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, gone!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

## THE TURNING OF UNCLE TOBE

By WILL GAGE CAREY

Copyright, by Emily Henry 1916, Chas.

The colonel and I were sitting on his back veranda. The day was hot and sultry, even for Georgia; here, however, we caught all the breeze which was stirring, and before us were two long, cooling, fragrant mint juleps, whose sparkling emerald glints refreshed one even to look upon.

With courtly grace the colonel handed me one of the glasses. As we sat sipping in serene contentment, an aged dandy, driving a disreputable looking mule attached to a dilapidated wagon, drew up before the gate. For a moment he sat in silent and intent scrutiny of the colonel's fine flock of Plymouth Rock chickens now sunning themselves in lazy indolence in the warm sand, then removing his battered hat, he asked in tones of deepest concern:

"Colonel, ah, jes' stopped to ask about yowh chickens; is dey doin' well?"

"Mighty fine—at present," replied the colonel, gravely.

"You-all ain't missed nary o' dem chickens lately?"

"No, Uncle Tobe, nary a one."

The old dandy replaced his hat, hit the mule a resounding whack, and as he started off down the road I heard him mutter:

"Bress de Lord fo' dat! bress de Lord fo' dat!"

This inquiry concerning the colonel's feathered tribe aroused my wonderment and curiosity; the incident, however, had already passed from my host's mind, and he set grazing fondly and reflectively into the emerald depths of the glass before him; clearly, if I wished further enlightenment, I must seek it.

"Colonel," I said, at length, "that old dandy seems strangely interested in the welfare of your chickens?"

"Interested?" he replied, with his eyes twinkling, "he's what you might call solicitude personified! I may say, Uncle Tobe is havin' undah a superstition spell concernin' them chickens; he believes that if disastah befalls them Plymouth Rocks, it means judgment is sho' goin' to fall upon him!"

Seeing my evident desire to hear the story, the colonel placed his glass

gently on the table, leaned back comfortably in his big arm chair and told me the circumstances attending the turning of Uncle Tobe—from evil ways.

"An' He Tore Down the Road Foah His Life!"

gently on the table, leaned back comfortably in his big arm chair and told me the circumstances attending the turning of Uncle Tobe—from evil ways.

"Early las' spring, two young men of the neighborhood started out foah a day's shootin', agrecin' to share up equal on all that was killed by both durin' the day. They hunted all day, an' jes' at night-fall they started home, with theah game-bags so full they each had to carry one adove in his hands.

"The sun had set'er they reached the edge of the village. Accordin' to theah agreement, they stopped in the road to divide the game, when one of them suggested that as they both was tired, they step inside the gate of the ol' cemetery in front of which it happened they were standin', an' theah sit down an' count 'ut theah birds. They laid the two eyes on top of the gate-post, wet, and poured out the game from theah sacks."

on a little plunderin' expedition, with some evidence of success; in fact, tucked snugly undah his coat, was one of my fimes' Plymouth Rock roosters!

"He came trudgin' along the road leadin' past the cemetery jes' a moment or so affah the hunters had entered it to divide theah game. As he drew neah the gate he heard the sound of low voices; he stopped in the middle of the road to listen; 'one foah me—one foah you; one foah me—one foah you' were the awful words he heard.

"May de good Lord zab des po' niggah!" he shouted as he turned to flee; 'it am de Angel Gab'ril an' ol' Mistah Satan hisself—dividin' up the grave-yard folk'.

"As ol' Tobe turned to run he met a cullud frien' of his, into whose unbelievin' ears he told the awful words; together they approached the gate; 'one foah me—one foah you; one foah me—one foah you' came low an' solemn from within the grave-yard. Then came the still mo' terrifyin' acclamation: 'an' theah two mo' out theah at the gate! you take one, I'll take the othah!"

"This was too much for ol' Tobe an' he tore down the road foah his life! Straight up to my house he come, pantin' foah breath an' lookin' back seared-like ovah his shoulder; I was sittin' right heah on this veranda, an' he says to me:

"Colonel, I dun stole yowh big rooster; but I see nebber gwine to steal no mo'!"

He threw the rooster quickly ovah the fence, then turnin' again to me he says: 'Colonel, I see nebber gwine to bolder yowh chickens to mo'; but dis is what I see gwine to do; I see gwine to look arter dem chickens foah you like a fahthah ovah his chulluns!"

And ol' Tobe was keeping his word.

**HE MET AN IMPEDIMENT.**

One of the most active opponents of pure food legislation at Washington was Warwick M. Hough, general counsel of the National Wholesale Liquor Dealers' association. On the very day that Dr. Wiley, chief of the bureau of chemistry, succeeded in getting an executive order forbidding the adulteration of whiskey, Mr. Hough, while driving a motor car, punctured a tire directly in front of that bureau.

Just then Dr. Wiley himself appeared on the scene.

"This is certainly one on me," said Mr. Hough, genially, pointing at the punctured tire.

"Yes," replied Mr. Wiley, grimly: "you can get by everything in this country except the bureau of chemistry."—Success Magazine.

**LIFE ONLY A PREPARATION.**

In the course of a recent address before the East Side Physicians' association Dr. James P. Haney of the board of education said: "Life is all preparation. In the primary school we are being prepared to enter the grammar school. In the grammar we are being prepared for the high school. In the high school we are being prepared for the college. In college we are told we are being prepared for the struggle in the world. When we attend church we are informed that it is our everyday duty in life to prepare for death."

**A REASON FOR THANKS.**

The impecunious author's wife was trying on a new dress and endeavoring to observe the hang of it by means of a round mirror on top of a high chiffonier. Every woman will appreciate what that means.

"Oh, dear," she exclaimed, as she thought with some pathos, "I haven't seen the bottom of my skirt since I was married."

Her husband looked up, brate that he was, and remarked:

"Well, you can thank God for that."

**WIDELY DIFFERENT VARIETIES**

"Is it a good idea to make a speech whenever you get a chance?" said the young man who is learning the statesmanship business.

"It depends," answered Senator Sorghum, "on whether your speech is the kind that shows you, or contrivances how much you do know or how much you don't."

## Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John E. Fife, one of the Editorial Staff of The Electrician, writes: "Review says of Uniform root (Helonia Dioica) which is one of the chief ingredients of the 'Favorite Prescription'."

"A remedy which is especially acts as a tonic for the system, makes for normal activity of the entire reproductive system."

He continues: "In Helonia we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted."

In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

Dr. Fife further says: "The following are among the leading indications for Helonia, Uniform root. Pain of acting in the back, with leucorrhoea; some break conditions of the reproductive system of women, nervous depression and irritability, associated with chronic diseases of the reproductive system of women; an constant sensation of heat in the region of the kidneys; nervous and shooting due to a weak condition of the reproductive system; nervousness from or accompanying an abnormal condition of the digestive organs; and chronic thin blood; habits, dragging symptoms in the extreme lower part of the abdomen."

More or less of the above symptoms are present in many cases of woman's weakness. Dr. Fife writes: "Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Uniform root, of Helonia, and the medical properties of which it most faithfully represents."

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the system. In all cerebral conditions and general debility it is useful."

Dr. John M. Campbell, M. D., of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine to be used which there is such general unanimity of opinion. It is generally regarded as the tonic par excellence in all debilitated states."

Prof. E. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhages, menorrhagia, and all conditions of the reproductive system."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, M.D., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever."

This remedy is for sale by Dale & Stubblefield.

#### HER OPINIONS.

You ever notice with what avidity the Louisville Courier-Journal, the Times and a woman's common sense, seize upon every lawlessness reported by a Central or Western Kentucky and by insinuation or direct charge attribute the same to "night-riders" and in a way peculiar to themselves, connect the same with the Tobacco Growers' Association? These papers are working for the interest of the trust and think they are doing great things for Louisville when in reality they are laying up wrath against the day of wrath for the trust agents in that city. — Fulton Commercial.

We are greatly disappointed in the Hopkinsville speech of four-flusher Wells, county judge of Calloway. We were chiefly interested as to the reason and the wherefore and the result of that little trip he made to Louisville. How about it Judge? — Elkhorn Times.

Judge Wells said the "night-riders" had an oath, but he failed to say the Law and Order League also had an oath. He said the "night-riders" held secret meetings, but did not say that the Law and Order League did likewise. He told of murders and whippings attributed to "night-riders", but said nothing of the fact that the murder of young Vaughan Bennett was attributed to the Law and Order League of Montgomery county. — Hopkinsville Independent.

Although Judge Wells delivered an address over two hours long before the Law and Order League in Hopkinsville last Thursday night, he forgot to tell

them anything about that good juicy fee that he is to receive for prosecuting those Calloway night-riders. — Cadiz Record.

Thugs beat and rob women on the city streets of Louisville every night and yet more little rounders in khaki uniform with pistols at their belts are to be sent out to intimidate the organization of tobacco growers. Louisville is an ulcerous scab on the map of Kentucky, and it is a pity the Ohio river can't switch around and change it to an Indiana town. — Todd County Times.

Judge Wells said he was for the Association, but he failed to call on or "call up" any of his Association friends, though he is well acquainted with several Association men in this city, and although an avowed advocate of the Association, only ten or fifteen minutes of an "hour or so's" speech was given to the defense of that organization. — Hopkinsville Independent.

We understand that an Association farmer is not eligible to membership in the Law and Order League. Yet Judge Wells claims to be a great friend of the farmers. — Cadiz Record.

Judge Wells says he is an Association man. Then explain, Judge, how in the thunder you ever got into the Law and Order League. — Cadiz Record.

Judge Wells said "alibis" could be had for twenty cents a dozen in his county. A pretty big slur at the constituency of his own county. — Hopkinsville Independent.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orinolaxative for chronic constipation, and it has proven without a doubt to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." Sold by all druggists.

Miss Lucile Grogan has been the guest of Mrs. M. E. Gilbert, of Paducah, the past several days.

No matter how hard a man may struggle to do right, there is always some sneaking scoundrel, some inhuman reptile trying to drag him down. Many a man falls not for lack of merit, but for lack of appreciation by his fellow men. Great sympathy and support are full of sympathy, and what man is there who does not require the sympathy and support of his fellow men? Failure in life is not always caused by loss of capital in business ventures. Such things are accidents that are apt to be met by all. When you see a faltering man take him by the hand and help him up; when you see a man climbing, cheer him and help him on so that he may be able to reach the top and stand on the summit of success.

#### DIRE DISTRESS.

It Is Near at Hand to Hundreds of Murray Readers.

Don't neglect an aching back. Backache is the kidney's cry for help. Neglect hurrying to their aid. Means that urinary troubles follow quickly. Dire distress, diabetes, Bright's disease.

Profit by a Murray citizen's experience. Mrs. S. J. Pool, living in Murray, Ky., says: "I had severe pains in the small part of my back for some time, and when I stooped or lifted anything, I would suffer from sharp pains through my loins. My back ached at night, and when I arose in the morning, I would be very lame and sore. I became easily tired, was troubled with a dull, languid feeling, and at times was quite nervous. I was also subject to headaches, and dizzy spells, and was frequently troubled with a blurring of the eyesight. I knew by the two frequent passages of the kidney secretions that my kidneys needed attention, and I was also caused much annoyance at night. Procuring Doan's Kidney Pills at Dale & Stubblefield's drug store, I used them according to directions, and the use of the one box made a complete cure. I recommend Doan's Kidney Pills at every opportunity to persons suffering from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

J. C. Glass and another young man by the name of Fowler, of Cottage Grove, were arrested Monday by Chief of Police Nix charged with disorderly conduct and carrying concealed weapons. They were given a 60-day sentence by Judge Simpkins.

#### School Trustees.

The Teacher's Institute for this county for the current school year, will be held at Murray Graded School building beginning on the 6th day July and continuing 5 days.

Please notify promptly, as the law requires, every teacher in your district. Observe that in addition to direct oral or written information written notices are to be posted. If you have contracted with a teacher who is absent from the county it is your duty to notify them at once.

That you may avail yourselves of the opportunity of hearing and taking part in the discussion of matters pertaining to your office you are notified that Thursday July the 9th will be Trustees' day, let every one come. — L. A. L. LANGSTON, County Supt.

#### Shot at by Soldiers.

Mt. Sterling, Ky., June 5.—While Rankin R. Whitesell, Charles Huls, Ernst Gillespie and others were out fox hunting last night they were fired on by soldiers guarding tobacco beds, but no one was hurt. The soldiers, it is said, did not hear the fox hounds and mistook the hunters for night riders.

The soldiers are being censured for the shooting, it being said that thirty shots were fired. Tobacco plants are still being set out in this county, about one-seventh of the 1908 crop being under cultivation.

## GROUND HOG CHILLED PLOW.

Do you like to get your moneys worth every time you trade, and treat the man you trade with good and nice, and make him feel good, and praise the article the article you buy? Now if you do you buy a Ground Hog Plow. It is the latest plow out, it has better suction, the repairs cost a good deal less than some other plows.

You will say that I have never tried one of them, and let us answer that for you, who was the first to try the Avery, the Oliver and the Vulcan plows? As time has moved on improvements have kept pace with time, and the GROUND HOG CHILLED PLOW is the very latest plow out, and has improvement above all the rest. So to see this plow is to buy it, so if you need a plow ask your merchant to get one of these Ground Hog Plows for you, that is if it is not convenient for you you to come to our store after it.

**IT'S LITTLE**  
THE GOODS.

Our aim is to sell them, and to do this we have put a price on them that will surely move them. We have the largest and the most up to date line in the town of Murray. Everything brand new. You will get no old goods if you buy from us. We carry everything that you could wish for in Ladies, Mens and Childrens wear. As our stock is brand new you will come nearer finding what you want with us than you will at other houses and at prices less than the other folks.

10,000 Yards of the best brands of Prints to go at 5 cents per yard.  
10,000 yards of Hoosier Domestic to go at 4 1-2 cents per yard.

## Miss Cammie Baker

Recognized as one of the best trimmers in Western Kentucky is in charge of our millinery department. We will say to you that we will sell you Ladies and Childrens hats at half the price you have been paying. This is big talk but we have the goods to back up our talk.

## Undersell

Now, for us to tell you that we will undersell our competitor is of no use, for you know our motto is to "Sell and Sell Quick," and to do this we sell for less profit than the other fellow.

## CLOTHING, SHOES, FURNISHINGS, ETC.

Our Clothing, Hat and Shoe Department for men, boys and Children was never better. We took great pains in selecting the nobbiest things the market afforded, and we are safe in saying that we can save you from \$1 to \$2 on every suit you buy from us. We are not doing this because we love you, it is that we figure that we can make more money for ourselves by selling goods for small profit and more of them. Now it is up to you to come in and get our prices, and you will be convinced that every word of this ad is true.

## Epilepsy Fits

Convulsions, Spasms and St. Vitus' Dance are Nervous Diseases. Most cases can be cured by strengthening and building up the nervous system. To do this a nerve medicine is needed. Dr. Miles' Nerve will be found efficacious and satisfactory. It has cured many cases of these diseases and we believe it will cure you. We can give you names of many who have been cured through its use. Write for advice.

"My son John had epilepsy for years, and after having him treated by specialists for over 2 years he still continued to have fits. I had all the virtues of Dr. Miles' Nerve Pills for him. I concluded to try the Nerve Pills. During June, 1906, I gave him a teaspoonful three times a day, then in July I gave it as directed, and I could see that he was improving, and he has not had a spell since August 28, 1906, and has taken no medicine since Jan. 27. I am writing the case just as it is, hoping it will induce others to try it."

## A RAINY DAY AT THE "ZOO"

Animals of the Cat Tribe Dread It,  
But Others Welcome the Moist  
Weather.

"Lions, tigers and all the cat tribe  
dread rain," said a zoo keeper. "On  
a rainy day they tear nervously up  
and down their cages, growling and  
trembling. We usually give them  
an extra ration of hot milk. That  
puts them to sleep. Wolves love  
a gray day of rain. They are then  
very cheery. Treacherous as the  
wolf is, no keeper need fear him on a  
rainy day. He is too happy to harm  
a fly. Snakes, too, like rain. They  
perk up wonderfully as the baromet-  
ter falls and the damp makes itself  
felt in their warm cases of glass.  
"Rain makes monkeys glum. They  
are apt from instinct, when they see  
it through the window, to clasp  
their hands above their heads and  
sit so for hours. That attitude, you  
know, makes a kind of shelter. It  
is the primitive umbrella. So, when  
it rained, the naked primitive man  
and woman sat glomously in the  
primeval swamps of giant ferns."

## AN UNFAILING SIGN.

A lady who was perfectly well  
but fancied she was suffering from  
fever called on an old and experi-  
enced physician to consult him. She  
described her symptoms at some  
length, and he listened patiently.  
At last he said:

"I think I understand your case,  
madam. Sit perfectly still a few  
moments, and let me look at you."  
She complied, and he eyed her  
attentively for nearly a minute,  
glancing at his watch once or twice  
in the meantime.  
"There is nothing the matter with  
you, madam," he said. "You haven't  
the slightest indications of fever.  
Your heart beat is perfectly normal."

"Why, how do you know, doctor?"  
she asked in surprise. "You didn't  
feel my pulse."  
"I didn't need to," he answered.  
"I counted the vibrations of the over-  
rich feather on your hat." And he  
bowed her out.—Youth's Companion.

## CUPID IN THE MUSEUM.

They are trying the experiment  
of charging for admission to the pub-  
lic museums of Paris. The vulgar  
herd, it was thought, would thus be  
excluded and the serious students  
would pour in to study undisturbed.  
The reporters, however, said to see  
what was happening report that,  
while the crowd has indeed stayed  
away, the storehouses of art and  
antiquity are given over not to car-  
nest seekers after knowledge, but to  
lovers anxious to enjoy one another's  
society untroubled by the public  
gaze.

## TURKEYS PLUCKED BY WIND.

Turkeys are plucked by wind on  
farms in England, according to a  
journal in that land. It is done by  
cross currents of electrically driven  
air. For years the farmers in Nor-  
folk have been trying to hit on a  
really good poultry plucking ma-  
chine, and at last they have found  
one. The bodies of the freshly-  
killed birds revolve on a kind of  
spit, and as they revolve the windy  
current strip them of their plum-  
age till the air is gray with falling  
feathers. The turkeys cost 12 cents  
each to pluck by air.

## WHY HE ASKED.

"Mamma, is the old black hen go-  
ing to be sent away for the sum-  
mer?"  
"No, Tommy; but why do you  
ask?"  
"Well, I heard papa tell the new  
governess that he would take her out  
riding when he sent the old hen  
away for the summer."

## GETTING IT RIGHT.

"I never object to fair criticism,"  
said the pompous young actor.  
"What you object to, I suppose,"  
replied the critic, "is the understand-  
ing most people have of the meaning  
of the word 'fair'."

## THE CANDID JESTER.

## SURELY A VIGOROUS SHAKE

"Massa Rawson's" Description De-  
servedly Lingered in the Memory  
of His Hearer.

The oldtime "darker" had a great  
admiration for high-sounding words  
and phrases. He also had a deep re-  
spect for a man who has the bold-  
ness to devise innovations of speech.  
"I jes' tell you, Massa Rawson  
has a pow'ful control of language,"  
said one old plantation negro,  
thoughtfully, on his return from a  
neighborly call. "I 'spect to learn  
something every time I hear him  
talk. He was telling Maj. Williams  
'bout his wife being taken sick af-  
ter dat dog-bite she had, an' 'stead  
o' sayin in respects to her shaking  
fit she had, dat she 'shook like she  
had de ager,' same as most folks  
would say, what figur is you s'posin  
he used?"  
"I dunno," said the old man's  
wife, sulkily, from the ironing  
board.  
"He said she 'shook like an ash-  
pan.' Dat's his figur, an' I ain't  
gwine forget it."—Youth's Companion.

## JAPAN'S POPULATION.

The population of Japan to-day is  
just about 50,000,000. The exact  
figures for 1907 are not yet avail-  
able, but the estimates just pub-  
lished are based on the average  
growth of the last 30 years and may  
be taken as fairly accurate. In each  
of the five-year periods for which  
figures are shown, over the past 25  
years, the population has increased,  
roughly speaking, by 2,000,000. To-  
day the estimate is that there are  
49,267,744 native-born Japanese in  
the territory ruled over by the mi-  
kado.

## IN THE CAUSE OF LEARNING.

"So Crimson Gulch keeps a poker  
game running night and day now?"  
said the tourist.  
"Yep," answered Broncho Bob.  
"We hate to do it, but moral obli-  
gations must be met. A feller out east  
gave us a library on condition that  
we raise a share of the expense, and  
we dasn't let the kitty rest a min-  
ute."

## FOOLISH FREDDY.

"What a ridiculous person Freddy  
Scaddlesleigh is!"  
"Ridiculous? He has never given  
a monkey dinner or engaged in a  
New York-to-Paris automobile race,  
has he?"  
"No, but he intends to contest his  
wife's suit for divorce."

## THE CLUBMAN.

"I'm so sorry I shan't meet your  
husband, Mrs. Clubb," said Mrs.  
McCall. "I'm told he's a man of  
such fine presence. Is he not?"  
"Well, really," replied Mrs. Clubb,  
"I know very little about that. I'm  
mere familiar with his absence."

## PRACTICAL.

"Is that financier a practical rail-  
way man?"  
"Practical?" repeated Mr. Dustin  
Stax. "Perhaps so. It depends on  
what kind of practice you have in  
mind."

## HAVE ALL KINDS OF NOCTIONS

Tourist Agent Tells of Queer Kinks  
of Those Unused to Travel-  
ing Abroad.

"Yes," said the tourist agent, "our  
six busy months are now upon us,  
and till October we shall be over-  
whelmed with work. Ours is a queer  
trade, and our patrons often make  
it seem queerer than it really is. Do  
you know that a young man on his  
honeymoon in the Italian lake re-  
gion made us provide him last week  
with a shirt of chain mail as a pre-  
caution against brigands? Travel-  
ing in the safest places in Spain and  
England and Germany patrons fre-  
quently insist on carrying guns. A  
clergyman in the east is willing to  
send his son abroad on one of our  
tours provided we don't let the  
young man drink. That is a hard  
proposition, but I guess we'll have  
to tackle it."

"Here's a note from a lady who  
wants to know if a letter of intro-  
duction, signed and sealed by her  
brother, the mayor of Squeelunk,  
will secure her a presentation at  
court, admission to the Paris and  
London theaters, and entrance to the  
best old world society. A man  
dropped in yesterday, bought a \$500  
circular tour ticket, and wanted to  
know if he would have to carry soap  
with him.  
"Why should you?" I asked.  
"I understand," said he, "that you  
don't find soap in France?"  
"Now, French hotels don't supply  
soap—you supply your own—and  
that fact had become distorted in  
this man's mind to a belief that  
soap was not used by the French."

## CHOCOLATE FUDGE.

Place in a porcelain saucepan one  
pound of granulated sugar, half a  
teacup of sweet milk, one level  
tablespoon of butter, two ounces or  
squares of baker's chocolate, and  
boil for about 15 minutes. Remove  
from the fire, add one teaspoonful of  
vanilla and beat with a fork until it  
begins to cool. Do not stir while  
cooking. Pour into buttered square  
tins to the depth of half an inch. Be-  
fore it gets cold, dip a knife into ice  
water and mark off into squares.

It will be noticed that square tins  
are advised for cooking, because then  
there is no waste in all-shape  
sweets. The marble slab mentioned  
is found in many households for the  
making of pastry.

## AGAINST THE MOTH.

To insure clothes against moths  
in summer without the disagreeable  
odor of moth balls, use unbleached  
cotton cloth. Hang the garment you  
wish to protect on a coat hanger and  
make a bag of unbleached cloth large  
enough to slip the garment and coat  
hanger into. Have a hem on top of  
the bag, into which run a draw  
string. By pulling the string very  
tight the bag will close up, and your  
garments will be perfectly safe, as  
the moths will not eat their way  
through unbleached cloth.

dently mistaken against an awful delu-  
sion, is he?

mean?  
Edy—He imagines you have

## NOT TO BE THOUGHT OF.

"Yes and your wife never play  
bridge at the same table."  
"Certainly not," answered Mr.  
Meekton. "I could not think of  
Henrietta being placed in a position  
where, even as a formality, she  
might have to ask my permission to  
play."

## SUPPLY AND DEMAND.

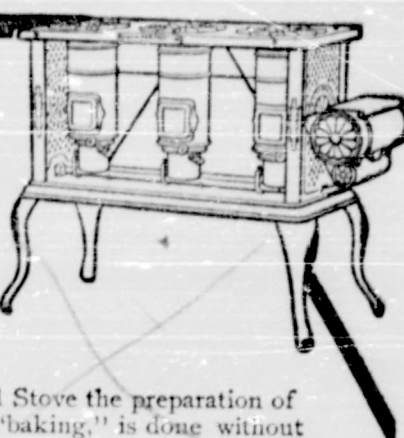

Wayide William (the tramp)—  
Weary, he notice by the papers  
that his son of men was going  
back to work?  
Wayide Wiggins—Well, that'll be  
a good thing for our business.  
"How so?"  
"It induces competition."—Hus-  
ton Post.

## HER STANDARD OF COMPARISON.

"Yes, he's her third husband."  
"How were the other two?"  
"Both worthless."  
"Then he must show it pretty  
good by comparison?"  
"Not by comparison with her man  
his wife says she might have mar-  
ried."

## CATARRH OF THE STOMACH RELIEVED.

Perhaps the Best Medicine in the World Has Relieved More Cases of Catarrh of the Stomach Than Pe-ru-na.

The Symptoms of Stomach Catarrh Are: Heaviness After Eating, Belching Gas, Sourness of the Stomach, Sluggish Bowels.

ALDERMAN GEO. W. WEICK, DENVER, COL.

"I HAVE USED PERUNA FOR CATARRH OF THE STOMACH AND IT HAS HELPED ME WONDERFULLY."

### SOME OTHER STARTLING TESTIMONIALS.

ALDERMAN GEORGE W. WEICK, 174 South Seventh Street, Denver, Col., Alderman Eleventh Ward, writes: "I have used Peruna for catarrh of the stomach, and it has helped me wonderfully."

CHRONIC STOMACH TROUBLE. Mr. Samuel A. Seal, Route 2, Treadway, Tenn., writes: "It gives me great pleasure to testify to the great good your medicine, Peruna, has done for me in a chronic case of catarrh of the stomach. I was confined to my bed for some time, and could not sit up. I had tried everything that I could find recommended for catarrh, without any benefit. I tried the best physicians in Hancock County, with little or no benefit. I then tried two of the best physicians in Hawkins County, and found they were doing me no good. I was gradually growing worse. Then a friend of mine, passing by, handed me one of your pamphlets, and seeing how Peruna was recommended for catarrh, I sent to Rogersville, Tennessee, next morning, a distance of about fifteen miles, and procured some of your Peruna, and began taking same according to directions, and after taking it a few days I began to get better. I continued using it until I was able to go to work on the farm again, and now I am in very good health and do work on my farm."

Mr. Frank Richter, of 229 East Second Street, Winona, Minn., writes: "As a remedy for catarrh I take pleasure in recommending Peruna for catarrh of the stomach. I know what it is to be afflicted with this awful disease, and consider it my duty to say a word in behalf of the remedy which gave me such relief. Peruna cured me, and I know it will cure any one else who suffers from this disease. It gives me great pleasure to testify to the curative effects of this medicine."

Peruna is a well tested and frequently used remedy, and for catarrh of the stomach it is unsurpassed. "My catarrh was principally located in my head and stomach. I tried many remedies without success. I tried several doctors, but they were unable to cure me. I read of Peruna in the papers, and two bottles cured me."

About four or five days Peruna will relieve symptoms of stomach catarrh. Peruna at once sharpens the appetite, increases the digestive powers, and gives renewed strength.

### People who Object to Liquid Medicines Should Buy Peruna Tablets

(CONTINUED NEXT WEEK.)

Murray, R F D No. 4. Bouden Swan has gone to Dawson Spring for his health. J. M. Paschal, of Tennessee, visited P. D. Wicker Saturday night. Come on all you correspondents and lets hear from all parts this rainy season. U KNOW. Primary Ordered in McCracken. Paducah, Ky. June 8.—At a meeting of the County Democratic Committee Saturday, a primary election was called for November 3, 1908, to nominate candidates for county offices to be held at the election in the fall of 1909. The City Democratic Association also assembled and we gave out the 6th day offices to be held on November 3rd. There was an ice cream supper given at Lon Orrs Saturday night. A splendid time was enjoyed by all present. Eddie Story has his houses about completed and will move in to them quite soon. MURRAY
