Fulton Shocked by Airplane Disaster

Lieut. Chas. E. Smith Killed in Plane Crash at St. Louis.

The remains of Lieut. Chas. Smith arrived in Fulton from St. Louis Tuesday morning, accompanied by Lieut. Littlefield of U. S. Air Service, and conveyed to the home of Mr. and Mrs. W. A. Terry, where funeral services were held in the afternoon, conducted by the Rev. J. V. Freeman, assisted by Rev. H. L. Patterson, Marshall Alexander Post No. 72, American Legion, attended in a body and the deceased was given a military burial in Fairview cemetery, with final honors by the Legion. Three volley salutes were fired after the casket was lowered into the grave and buglers sounding taps.

The funeral was largely attended, many coming in from the community in which young Smith spent his best days.

The floral tributes were beautiful and the singing was soft and sweet.

Lieut. Smith was 28 years of age, and is survived by his young wife, who was Miss Mabelle Terry, daughter of Mr. and Mrs. W. A. Terry of this city; his father, John Smith, of Pierce Station, four brothers, R. D. of Blackford, Ky.; R. G. of Knoxville, Ark.; Walter, of Lansing, Mich.; and H. H., of Fayetteville, Ark.; two sisters, Miss Ethel, of Lansing, Mich., and Mrs. W. L. Jenkins of Fayetteville, Tenn.

The following account of the disaster was published in the St. Louis Globe-Democrat:

Lieut. Charles E. Smith and Private August Zwengrosch, of the Thirty-fifth Division Air Service of the Missouri National Guard, met instant death Sunday afternoon, April 4, in a 1500-foot fall from a plane, on Lambert-St. Louis Flying Field, at Bridgeton, when a wing of their plane crumpled while they were doing a "loop."

Zwengrosch jumped clear of the plane when the wing parted from the fuselage, but apparently was too excited to pull the rip cord of his parachute, for he dropped straight to the ground, his arms thrashing madly about him.

Lieut. Smith attempted to jump from the plane, also, but his foot was caught in a strut or guy wire and he was hung with the machine, falling with it, a little to one side.

The plane and bodies fell near the center of the flying field, in full view of 1500 persons who had been watching the usual Sunday flying, and who had been entertained by the stunts which these two aviators had been performing during the afternoon. The machine was completely destroyed, the engine penetrating 6 feet into the ground.

The body of Lieut. Smith, near by, and that of Zwengrosch, about 200 feet away, were badly crushed by the impact. The crowd rushed onto the field and helped pick up the bodies, which were taken to the undertaking establishment of Coronor Bopp in Kirkwood.

Smith Piloted Plane
Smith, in the forward cockpit of the plane, was pilot. Zwengrosch was in the after cockpit and was learning something about stunt flying. The plane at 2000 feet went into a "loop-the-loop," coming out and shooting downward to gain momentum for repeating the stunt. At about 1500 feet, the crowd gasped when the right wing of the plane suddenly was seen to crumple and then part from the rest of the plane, which continued its headlong dash earthward.

Sightseers saw Zwengrosch drop from the plane and spread his arms out in the air as though he were seeking to check the speed at which he was going downward. Apparently the man had forgotten all about the safety parachute with which he was equipped, according to army regulations, for he kept his arms extended, moving up

and down, and made no effort to pull the rip cord which would have opened the parachute.

At the same time they saw Smith step from his cockpit and try to jump, apparently with the intention of opening his parachute as soon as he was clear of the ruins of the plane. However, as he sought to jump, it became apparent that his foot was held and he never did get away from the plane, nor get his parachute open.

Could Have Saved Selves
According to officials of the National Guard, who witnessed the accident, both the aviators could have made their way safely to the ground could they have gotten their parachutes open. The safety device will open in 70 feet of fall, they asserted, and Zwengrosch, at least, had ample time to get his working. The entanglement of Smith with the struts of the plane, they believed, was the only thing that prevented his setting the parachute in operation.

Smith was engaged last week by the Robertson Aircraft Corporation as chief pilot at the Chicago flying branch of the concern and was to have flown from St. Louis to Chicago, April 15, on the first trip of the air mail service between this city and the Illinois metropolis. He was then to have remained in Chicago, having charge of all the pilots at that end of the line.

The plane was a Hispano-Suiza, 150-horsepower machine which recently had been overhauled and improved by the substitution of new wings. It was one of eight planes kept at the field, which are the property of the United States and which are available there for the use of the National Guard unit in practice and training. No theory could be advanced by others at the field to account for the sudden crumpling of the wing.

Smith was a native of Fulton, Ky., but had established legal residence in Missouri, to enable him to serve in the flying unit of the National Guard. He was educated at the University of Kentucky, and was classified as an expert flyer, with more than 700 hours' flying time to his credit. He served for two years as a private with the American Expeditionary forces in the World war and, after his return, attended the Coast Guard Academy and learned to fly at Kelly Field, San Antonio, Texas, and at Brooks Field. He was commissioned second lieutenant in the Officers' Reserve Corps January 31, 1924, and had served in the guard since.

ELKS INSTALL NEW OFFICERS

A large crowd attended the Elks installation of new officers Monday night, April 5. After the installation, a smoker was indulged in.

A DELIGHTFUL EVENING

On Monday evening, April 5, Fulton City Council Royal & Select Masons gathered at the hall at a stated assembly, after attending to the usual business, began work, and conferred the several degrees on a number of candidates. After finishing the same, there were a number of talks from the novices expressing their pleasure in having the opportunity of receiving those beautiful and instructive degrees. H. T. Slade and Dr. Boyd made some pleasant remarks that were enjoyed by their hearers.

D. Fred Worth entertained the members with a few words spoken along the line of humor and witticism, that brought forth a lot of laughter and applause. The council was then closed and repaired to the dining hall where they enjoyed a fine lunch consisting of several kinds of sandwiches, pickles, coffee and brick cream. Those present from out of town were H. T. Slade, J. G. Cooper, W. T. Pendleton, Hickman; Mark Hotchkiss, Milburn; H. C. Osborne, Paducah, and J. T. Smoot, Dukedom, Tenn.

The New Occupant

WEST KENTUCKY DEVELOPMENT ASSOCIATION

Will P. Scott, temporary secretary of the Western Kentucky Development association, addressed a mass meeting of the citizens at Fulton at the Chamber of Commerce on Monday night and started the campaign for the procuring of members for the organization in Fulton county.

He explained that the object of the new association is to organize the 25 counties of western Kentucky so that concerted action can be taken to obtain, primarily, the completion of the highway program of the state. Later the questions of advertising the resources of the section, and the gradual inducing of the farmers to diversify their crops and improve their land will be taken up systematically.

Mr. Scott, whose home is in Dawson Springs, is a most convincing and direct speaker; he marshalled facts and figures with surprising clearness and force and every one of his hearers was "sold" on the proposition.

A quota of 91 has been fixed for Fulton county, and those present were confident that the east end of the county would more than obtain its proportion.

The aim is to procure at least 5,000 members at \$10.00 per year for a period of 5 years, establish headquarters in charge of a thoroughly competent secretary, who will make it his first duty to obtain from the State and Federal Highway Commissioners, the early completion of the roads comprising the program for the western end of the state. He will be empowered to call on any of the members to assist him in making representations to these commissioners.

The \$10 yearly will be the only expense to the members, and this amount will also provide funds for advertising the resources of the country and all other expenses necessary to carry on the campaign.

Mr. Scott spoke at Mayfield on Tuesday night, before the Chamber of Commerce, and at Hickman on Wednesday night, before the Lions club of that city.

Delegations from Hickman and Clinton were expected to attend the Fulton meeting, but owing to the short notice of the meeting, Judge Nugent, from Hickman, was the only guest present.

LEGION DANCE TONIGHT

Cards are out announcing a big dance at the American Legion club rooms on Lake street tonight. This is the first entertainment given in the new home, and a large crowd will attend.

WORK TO START SOON ON SEWERAGE SYSTEM

Engineer Wilcox, of St. Louis who is employed by the city to look after its interests in putting in the city sewerage system, appeared before the council Monday night at its regular meeting, to get their O. K. on plans as outlined in blue prints, preparatory to advertising for bids, etc.

It was announced that the sum of \$70,000 was ready to be turned over to the city officials by the bonding company to be used in the construction of the sewerage system and the council voted Mayor Shankle and City Clerk Chapman sign the bonds and divide the cash, depositing it in the three local banks drawing three per cent interest till used.

In addressing the council, Mr. Wilcox explained in detail every feature of the work contemplated and said as few paved streets as possible would be torn up where alleys could be used.

Oliver Day.

Oliver Day, April 8, 9 and 10, sponsored in Fulton by the Kentucky Hardware & Implement company, is an educational feature which every farmer in this vicinity should take advantage of. The Oliver plows and implements are being demonstrated and the various uses are being explained in a way so every one can thoroughly understand just why the Oliver is supreme in its performance of work.

If you have not visited the Kentucky Hardware & Implement company's store, better do so today—they have an important message for you to get in person.

CHILDREN ENJOY EASTER EGG HUNT LAST SUNDAY

The Easter Egg hunt Sunday at the fair grounds sponsored by the Lions Club, was greatly enjoyed by the children as well as the grown folks.

The weather was ideal and while old Sol was playing hide and seek with the clouds, the children were looking for the 5,000 hidden eggs, and to watch the expression on their faces brought gladness to the hearts of loving parents and other visitors. To say that the Lions understand the art of entertaining the children, is expressing it mildly. Each child returned home with a wish that Easter come more often. Some of the children were more fortunate in capturing prizes than others, but all found eggs and had a glorious time.

High School Notes

On Friday, Mr. Alexander presented Carmen to a large and enthusiastic audience consisting of high school students and quite a few visitors. The story of Carmen is a very interesting one and was told in an attractive manner by Mr. Alexander. He was assisted by Miss Goldsby, Elizabeth Butt, and Mrs. Clarence Maddox. The music was very interesting and beautiful.

The baseball game with Obion last week resulted in a victory for the Tennesseans with a score of 7 to 4. This week the Fulton team will meet the Union City high school team at Union City.

The oratorical and declamatory contest between Fulton and Mayfield high schools, held at the Fulton high school auditorium Friday night was well attended and proved a most interesting meeting. The representatives of both schools did well. Two decisions were won by Mayfield and one by Fulton. As a result of this contest, Randolph Cramer will represent Fulton high school at the sectional meeting.

The chief chapel feature of this week is the music memory contest. Fifty selections will be played and the students will write down such tunes as they recognize. Some of the selections which will be played are: Soldiers' Chorus, Faust, Humoresque, Largo, Xerxes, The Maple Leaf Forever; The Watch on the Rhine; Marseille; Hail to the Chief; Anvil Chorus, Il Trovatore; Woman is Fickle, Rigoletto; Miserere, Il Trovatore, Barcarolle, Tales of Hoffman, Like a Dream, Martha, Poet and Peasant Overture, Old Black Joe, America the Beautiful; Annie Laurie; Love's Old Sweet Song; My Old Kentucky Home; Carry Me Back to Old Virginia.

One new feature to be added to the chapel programs is a piano selection as the opening number each day. This will be some famous song, either from grand opera, national anthem or celebrated folk song.

The science department received a unique contribution Monday morning when Samuel Shupe Ethridge presented Miss White with a live water turkey. This unusual bird had been captured the previous afternoon on Reelfoot Lake. The turkey was humanely killed by the budding scientists Tuesday morning, by a liberal use of Chloroform. It will be stuffed and placed among the curios of the high school.

The question as to who will win the inter-class meet to be held the middle of April, is

causing some speculation just now. The freshmen are said to be sure of one place which perhaps is as much as any class could promise itself at present.

Alvin J. Burrow

Prominent Music Dealer of Fulton, Succumbs at Age of 69.

The death of Alvin J. Burrow removes from our midst one of Western Kentucky's most prominent and highly esteemed citizens. The end came shortly after noon, Saturday, April 2, at his home on Third Street, after a lingering illness.

Mr. Burrow was a native of Carroll county, Tennessee, but came to Fulton in 1874 and for the past 45 years controlled the music business in this vicinity. He took a keen interest in every good movement for the betterment of our city and his passing is generally regretted by the entire citizenship and especially by those who knew him best.

It was the editor's good fortune to have known him long and well, and we only knew him to esteem him more highly as the years passed by. Today we miss his friendly greeting.

In early manhood he united with the Methodist church and lived a true Christian life, and when the end came, he was ready.

He is survived by his widow, three brothers, Emerson, of Water Valley, Ky.; Charlie and Billie of Fulton; two sisters, Mrs. Ida DeMyer, of Fulton; and Mrs. Don McAlister of Water Valley.

Funeral services were held from the home Sunday afternoon, conducted by Rev. J. V. Freeman, pastor of the First Methodist church, assisted by Rev. W. C. Sellers, of Martin, who paid beautiful tribute to the memory of the deceased. Interment followed at Fairview cemetery.

C. C. FIELDS CITY TAX ASSESSOR

At a meeting of the council, Monday night, C. C. Fields was elected city tax assessor for 1926. Mr. Fields will soon start on the job.

The assessed valuation of city property for 1925 was something over \$3,000,000.

When Mr. Fields calls for your assessment, meet him with a smile and give in your taxes promptly.

THEY ARE COMING

John C. Taylor, of Fayetteville, Tenn., and A. B. Reaves, of Dresden, Tenn., will begin a series of meetings at the Central Church of Christ, 2nd and Carr streets, April 14. Brother Taylor is an accomplished speaker and thoroughly acquainted with the teachings of the Bible. Brother Reaves is one of Israel's sweet singers. You are personally invited to attend this meeting.

THE BEST EVER

The minstrel and musical revue staged at the Orpheum by Marshall Alexander Post No. 72, American Legion, under the direction of the Powell-Spain Production company, filled the house last night to overflowing and will no doubt do the same thing tonight. Those who attended last night say it was the best attraction Fulton has had in a long time and that those taking part did their acts to perfection. So well pleased with last night's performance, some who attended, will go again tonight.

The American Legion has recently moved into their new home, and in furnishing the club rooms, spent considerable money. The entertainment is given to raise funds and they urge you to attend the last performance of their minstrel and musical revue tonight.

Samuel Paris, son of Dr. and Mrs. S. W. Paris, of West Plains, Mo., visited friends here the past week, returning home Monday. Sam has developed into a handsome young man since leaving Fulton with his parents, and his many friends enjoyed his visit.

Another Step in Our \$2,000,000 Trade Expansion Campaign

CLEARANCE

An Unusual Sale.

Unusual in its low prices, and most unusual in its early opportunities to buy your Spring Coat at a time you can enjoy it. It's really a July clearance in April.

When You Need Them

SALE

Unusual Chance.

Never before has any store made such an all-including clean sweep of their finest, newest garments at this time of the year. Every coat must go.

Committee from Christian church appeared before the council, asking for a light near their church, which request was granted.

Report made relatives to burial of negroes in Fairview, by Chairman Phillips and that the matter will be corrected.

The sewerage map was discussed by Frank L. Wilcox and the council and the council voted to accept the map as outlined, with the exception of the outlet.

Due authorization was given for the mayor and clerk to sign the \$70,000 bonds.

Two applicants for the city

assessor position were offered, being C. G. Fields and W. P. Albritton, resulting in the election of C. G. Fields by ballot, the vote being four to two.

The tax rate was set at 75 cents per hundred on real estate and personally with an extra amount necessary to care for the sum of \$5,775.00 to retire interest coupons on sewer bonds and to begin a sinking fund to retire the bonds. The rate of \$1.50 was fixed as poll tax on male citizens over 21.

No further business coming before the body, adjournment was taken, subject to the call of the mayor.

THOS. H. CHAPMAN,
City Clerk and Auditor.

SUMMER MOTOR TRAVEL

Just as many men in the olden days felt the call of the wanderlust at the first sign of spring, and started on a summer tramp, so today not alone individuals, but whole families feel the lure of the road when the sun's rays grow warm.

They grease up Lizzie, patch the tires, improvise some cheap method of camping over night, load the car until she fairly groans and are on their way.

Observe the travel on any main highway this spring and you will observe the increased number of automobiles carrying families that have heard the call of the road and are rambling around the country, carefree and footloose.

The chance observer will pass them off for beggars, but in the majority of instances they are people highly respected in their home communities who, with careless abandon, have cut loose for the summer to enjoy it to their fill.

It is this class that uses the tourists camps. And has it occurred to many that these motor campers will spend one billion dollars this summer? But they will, and this estimate is said to be conservative.

What's the answer? The communities that make a bid for this business are going to profit from this type of transient trade. The expedient thing to do is to remember that a tourist camp well fitted out is a good adjunct to any city or town.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

Slat Shed Like a Spading Fork

Solve your shedding problem with this slat moldboard plow. It's a sure shedder in sticky soils. If your solid moldboard plow will not shed, you need a

John Deere-Syracuse Slat Moldboard Plow 1471 Series

This plow works well in soils where any solid moldboard—chilled or steel—cannot be made to shed. It does good work in practically all conditions.

Plows of this series are exceptionally strong. The high-arched, double-beaded beams of high-carbon steel are guaranteed not to bend or break. Here's another big feature: the malleable standards are die-dropped, which insures the uniform shaping of each standard—the moldboard, shin, landside and share assembled on this standard, are held rigidly together; repair parts fit perfectly.

Syracuse chilled iron is the hardest metal used in plow bottoms—one deep-chilled Syracuse share will outlast two similar shares of other makes.

Come in and see this better plow and let us explain the interchangeability of parts that means long life and uninterrupted good service.

Society.

MRS. HUDDLESTON
BRIDGE HOSTESS

Mrs. Jake Huddleston entertained at a springtime party Wednesday afternoon at her home on Eddings street, when a profusion of spring flowers were used about the rooms. Bridge was played at three tables and very attractive table accessories were used. Smart trophies were given for high and low scores.

Following the game a delightful luncheon was served.

EVENING BRIDGE

Mr. and Mrs. Rex Finch were the gracious host and hostess Tuesday evening, entertaining in their attractive apartment in the Guy Snow home on Third street, with bridge as a special courtesy to the members of the Thursday afternoon club and their husbands, with Easter lilies and other bright flowers accenting the charm of the rooms. The hosts in their cordial welcome. Four tables were in play. At the close of the game a delicious salad course was served.

Mrs. John Culver received a beautiful satin pillow for high score; Miss Jennie Gibbs a pretty maderia center piece for consolation, while for the gentlemen's score Mr. Stewart Brown received silk socks for high, and Dr. Seldon Cohn hand-made handkerchiefs for low score.

DR. AND MRS. COHN GIVE
EVENING BRIDGE

A bridge party that was quite a happy event of the past week was that of Thursday evening, given by Dr. and Mrs. Seldon Cohn in their home on Fourth street when they entertained the members of the Thursday afternoon club and their husbands. In the midst of spring flowers in a cheerful

affray, some five tables were in readiness for the game which was played with enthusiasm. The high scores were made by Mrs. Rex Finch and Mr. Jim Chambers. The consolation favor was won by Mrs. John Culver.

In the late evening delicious refreshments were served.

Railroad News

Historic Steps in Railroad
Safety

In 1833 George Stephenson, pioneer locomotive builder, suggested the first steam whistle as a means of preventing accidents. In 1851 the first telegraphic train order was issued by Charles Minot of the Erie Railroad. In 1863 the development of the manual controlled block system was started by which spacing was accomplished by telegraphic signals, between contiguous stations and entirely independent of any other method of protection. The earliest form of block signaling, as practiced in England, long before the telegraph was invented, consisted of erecting a high mast at each station, on which a huge ball could be raised and lowered. When a train left the station, the ball was raised. In this way trains were authorized to proceed. The controlled manual system, known as the Staff, Tablet and Lock and Block was first used in England in 1874 and in this country in 1882. In 1868 the Westinghouse air brake was successfully applied, and by 1870 was adopted generally for use. This did away with having to brake all trains by hand, and eliminated a great hazard to employees, as well as expense to the railroads. The first automatic signal using electric track circuits and disc type signals was patented in 1870, by Dr. William Robertson, an American. It was installed for the first time at Kinzua, Pa., on what is now the Pennsylvania railroad.

In 1883 standard time was adopted on railroads in this country. Prior to this, fully 48 standards of time were recognized. In 1885 the first tests of the automatic coupler were made under the auspices of the Master Car Builders' Association. In 1893 the Federal Safety laws were passed, requiring power brakes, automatic couplers, side and end hand holds for greater security to men in coupling and uncoupling cars. In 1903 the first all steel passenger cars were constructed, and are now in use on all of the Class I railroads practically exclusively.

Since that time, many safety appliances have been applied, and nationwide safety committees and councils have been organized, to enlist the assistance of all railroad employees, as well as the public in preventing accidents at grade crossings, and at other places.

Engineer Made Traveling
Engineer

Locomotive Engineer Joe Mooney, who had been running a locomotive on the Cairo District between Jackson and Mounds for a number of years, was promoted to the position of Traveling Engineer of the G. & S. I. Division with headquar-

Capes Lend Grace
to Utility Coats

The graceful cape finds many a place for itself in spring fashions, both on coats and frocks. Sometimes it is a mere hint of a cape, but again it appears in all its debonair glory—as in the handsome coat shown here. This model of plain cloth, will commend itself for all-around wear.

ters at Hattisburg, Miss., effective April 1, 1926. The G. & S. I. was recently taken over by the Illinois Central and is now called the G. & S. I. division.

Mr. Mooney was local chairman of the Brotherhood of Railway Engineers for a number of years.

Mr. J. D. White, superintendent of Safety of the Illinois Central railroad was in the city the first of the week.

Mr. Neal Sellars has been employed in the division office.

General Superintendent Hevon passed through the city the first of the week.

Mr. and Mrs. L. B. Ryan of Union City were visitors in Fulton, Sunday.

Mr. Hubbard Hooker of Mayfield is again working in the division office.

TRIBUTE TO CHARLEY
SMITH

The American Legion paid its last respects to one of its comrades last Tuesday afternoon, Charley Smith, who was killed last Sunday near St. Louis while flying. One wing of his plane crumpled, and although he jumped, he became entangled in the plane and it carried him down with it.

The American Legion went to the home of Mr. Terry and conducted the remains to the cemetery, where the firing squad fired its last salute and the bugle blew taps. It was indeed an impressive ceremony, and shows the feeling that exists among men who defended our country. We wish to extend our profound sympathy to the bereaved wife and relatives. Mrs. Smith is the daughter of Mr. and Mrs. W. A. Terry who live east of town, and well known in Fulton. Charley was a splendid aviator, and would have soon been assigned to Uncle Sam's air mail service. His death will be grieved by many friends in this vicinity, as well as the many friends he had made in army circles.—Contributed.

NOTICE

To plumbers and persons doing plumbing work, in the City of Fulton, Ky., and on Tennessee side.

The city is being checked, and it is found that a great many fixtures have been added over the city, and no report made by the plumber or property owner. This is a great loss in revenue. The law requiring plumbers to obtain a permit before installing, or taking out fixtures, or altering pipe lines, must be obeyed. This is but little work on your part, and we desire your full cooperation, and if any one is found violating this law, he will be dealt with accordingly.

FINE 2-YEAR OLD ROSES

If you want the best roses to grow in this vicinity, let us have your order now. We sell only the best two-year old stock. The kind that blooms continuously and the kind we have tested and can guarantee.

R. S. WILLIAMS, Fulton, Ky.

A WORD TO HOUSEWIVES.

With the call of Spring in the air, it reminds one of the many outdoor activities in which the home should partake and enjoy. Surely the Housewife should be allowed this pleasure as well as other members of the family.

You have at your command an institution which, with its modern equipment, makes it possible to give you an extra holiday in each week of the year. "The Home of Cleanliness" cares for your family wash in a clean, modern, sanitary way—no hanging of the clothes outdoors to catch germs circulating in the air, or in rooms where sleeping and eating are done, but clean tables and assorting bins care for your clothes until they reach you spic and span.

This extra precaution and insurance toward cleanliness costs no more. Why not take advantage of this extra day each week by sending the family wash to "The Home of Cleanliness?"

Choose one of our family wash services and make a holiday out of the wash day, with a guarantee for every precaution in safeguarding your clothes.

DRY WASH SERVICE

For those who prefer to do their own ironing at home we now take the family washing and return it home clean and dry (not ironed) for 6 cents a pound. You will find many of the pieces so perfectly washed and dried that ironing will be unnecessary.

The Vorelone Tumbler used in the O. K. Laundry is the only drying tumbler that does not depend solely on heat to dry clothes, it is the missing link in an otherwise perfect laundrying process. Be sure to see this wonder machine at the O. K. Laundry any time, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

ROUGH DRY SERVICE

Clothes washed, flat pieces, such as table cloths, sheets, towels, pillow cases, napkins, bedspreads, ironed and ready for use. Starch pieces starched and dried ready for ironing. This service for 10c per pound; 50c minimum package.

FINISHED FAMILY SERVICE

Clothes washed, all pieces ironed and pressed ready for use. This service 10c per pound, with an additional cost of 10c per pound for the ironing of the starched pieces.

Choose the service best suited for your need and let us prove the economical way of answering your wash day problems. Don't be burdened with that worry.

FULTON, KY.

Chestnut Glade

Mrs. Ludie Warren and two children, of Centralia, Ill., are visiting her mother for a few days.

Mrs. Ruby Phillips received 500 Plymouth Rock baby chicks last Wednesday and placed them under an oil brooder. At eleven they were doing nicely but at two a. m., Mrs. Phillips was aroused by their cries and went out to find the brooder in flames. They were able to save the house and about 200 little chicks. They were very fortunate after all, had the house caught, the high wind might have carried the fire to other buildings, which would have been serious.

The P. T. A. had an interesting meeting Thursday night despite the fact it was not generally known and not many were present. It was decided to have the meeting regularly once a month, Friday night before the First Sunday.

Most of those on the program were present. Mr. E. J. Brundige and Prof. Lowe made interesting talks that contained good thoughts. Miss Valda Strong read "Virginia's Victory." Music was furnished by Maynard Reed, on the saxophone.

A giant "egg hunt" was enjoyed by the students of Chestnut Glade, Friday afternoon. The lower grades had theirs on the school ground, while the others hunted eggs in Mr. Charlie Taylor's field. The Ladies' club and domestic science class furnished the eggs and realized a nice little profit from the sales therefrom.

Mr. and Mrs. Barron and two of their friends from Sharon, spent Sunday with Mr. and Mrs. Charles L. Taylor.

Mrs. Geo. Murray of Muskogee, Okla., and her daughter, Mrs. Moffitte, of Tulsa, Okla., are visiting Mrs. Will Reed and other relatives in this region.

Mr. and Mrs. Will Taylor entertained New Hope Sunday school with an egg hunt, Sunday afternoon.

Doris Finch invited her friends over for an egg hunt, Sunday afternoon. Their fathers and mothers came along and for once they were all young together and enjoyed the hunt from Uncle Jack Butts, to his smallest granddaughter. After the hunt, the youngsters played games on the lawn till time to go home, while their elders looked on from the porch. All in all, a happy day in memory of the resurrection of Christ.

Mr. A. J. Butts came home from Biloxi, Miss., last Thursday, after spending the winter there. Mr. Temple decided to stay a while longer.

Really, folks, advertising pays. The play at Chestnut Glade, Saturday evening was largely attended, notwithstanding the very cold wave and other attractions near. This was a particularly good play and well rendered, doing credit to Miss Hooper's splendid training. The young vaudeville actors, Maynard Reed, Jesse Moore and Howel Oliver, enlivened the waits between acts. The orchestra played several splendid numbers, which were greatly appreciated. "Aaron Baggs, the Freshman," will be presented at Chestnut Glade, Saturday evening, April 17, by the seventh and eighth grades, instructed by Miss Marion Nix. Be sure to come.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

SALE OF MEDICAL BEER A VIOLATION OF KEN- TUCKY LAW

We tip our hat to Attorney-General Frank E. Daugherty for the promptness in which he acted in rendering his opinion regarding the sale of a mixture manufactured by Anheuser-Busch, of St. Louis, and the Pabst Brewing Company of Milwaukee, called "medical beer," containing 3.75 per cent alcohol, to be sold by drug stores without permits or prescriptions.

Mr. Daugherty declared 3.75 per cent malt tonic could not be legally sold in Kentucky.

The sale thereof is in violation of the state law," he wrote A. C. Graham, Louisville, superintendent of the Anti-Saloon League of Kentucky, with a carbon copy to Mrs. Ludie Day Pickett of Wilmore, Ky., president of the Women's Christian Temperance Union of Kentucky, both of whom requested an opinion.

The attorney general pointed to the Kentucky law which forbids sale of beverages containing one half of one per cent or more alcohol.

His opinion in full reads: "You refer to the medical beer manufactured by Anheuser-Busch of St. Louis, the Pabst Brewing company of Milwaukee, concerning which there has been considerable in the daily newspapers setting forth that a permit had been issued by the government for the sale of this mixture by drug stores without permits or prescriptions.

"You request an opinion as to whether this mixture which you state contains 3.75 per cent alcohol can be legally sold in Kentucky under the state law. In reply to this inquiry, we refer you to section 2554-A-5,

Kentucky statutes 1922 edition and section 2554-A-26 of the supplement to said edition and quote therefrom as follows:

"Any person who shall knowingly sell any of the articles mentioned in paragraphs A, B, C, and D of this section for beverage purposes or any extract or syrup for intoxicating beverage purposes, or who shall sell any of the same under circumstances from which the seller might reasonably deduce the intention of the purchaser to use them for such purpose, or shall sell any beverage containing one half of one per centum or more alcohol by volume in which any extract, syrup or other article is used as an ingredient, shall be subject to the penalties provided in this act."

"Under this section we are of the opinion that the mixture, referred to in your letter and in the daily newspapers, if the newspapers are correct, cannot be legally sold in the state of Kentucky and the sale thereof is in violation of the state law."

UNION CITY HAS A NEW NEWSPAPER

The Messenger, published at Union City, Tenn., by the Economy Printing Co., with G. D. Capps, editor, manager and mechanical superintendent, gives our neighboring city two first-class weekly publications.

The first edition of The Messenger contained twelve seven-column pages filled with well written news stories and neatly set advertisements, demonstrating that little artistic touch which characterizes Capps' printing.

The Messenger has all the appearances of an up-to-date weekly newspaper and from the substantial support given the first issue by the business firms of Union City, is destined to continue its usefulness as a paying enterprise.

There is nothing which speaks so well for a town as a live publication filled with good news items and advertisements, and the business firms of Union City are alive to their opportunities—that's why Union City continues to prosper and grow.

When W. S. Godwin associated himself with G. D. Capps in the publication of The Mes-

senger, a strong link was welded in the chain of business with two good men forming the partnership. Both men are well known in their city as honest, progressive and fair minded citizens who have the best interests of Union City and Obol county at heart and will strive to the utmost to conduct The Messenger on the highest plane of newspaperdom.

CONTENTMENT

"Content's a kingdom," wrote Thomas Heywood, English dramatist, many years ago. And indeed it is. It is a sense of satisfaction that bespeaks friendliness. But let us not confuse it with the common conception of contentment, such as many of the poets have described.

"Some place the bliss in action, some in ease. Those call it pleasure, and contentment, these."

Contentment may denote bliss or happiness, or even a sense of well being that stifles progress.

The contentment that comes from the realization of work well done; that is not blind to the community's shortcomings, but is so alert as to make a state of harmony little short of perfection—that is the desirable kind that comes from pride in home.

This is the sort of contentment that puts any community in good standing in the eyes of the stranger. It is the contentment that brings advancement in every field of community activity.

Such contentment in the hearts and minds of the people of the community inspires in them a sense of loyalty whose fruits are continual betterment.

This is the contentment to which any community may well aspire for it pays compound interest. And it warns us to remember that—

"The way to bliss lies not on beds of down, And he that had no cross deserves no crown."

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

HIS MATCH

A taxi driver recently got the worst of a wordy bout.

An old man with a wheelbarrow wouldn't get out of the way, and the taximan shouted:

"You ought to be wheeling a baby buggy."

"And you ought to be in it," replied the old man.

A Business Getter

A small boy called on the doctor one evening. "Say, doc, I guess I got measles," he said, "but I can keep it quiet."

The doctor looked up puzzled. "Aw, get wise, doc," suggested the small boy. "What'll you give me to go to school and scatter it among all the kids?"—Bottles.

TRIALS OF WEDDED LIFE

Radio Fan—Have you a loud speaker in your house?
Longsuffer—Yes, loud and incessant. Pa sometimes sorry I married her.

Supply and Demand

Supply and demand serve to lighten the gloom. There are always more problems than we can consume.

Conditions Changed

He—You are very extravagant in your dress.
She—Before we were married anything that was for me you never thought extravagant, no matter how much it cost.
He—Huh! I never said what I thought then.

Contemplation

"I have heard that you contemplate retiring to private life."
"I do," answered Senator Sarghram; "the same as I contemplate going to heaven. It's a sweet and blissful prospect, but somehow you don't feel in any particular hurry about it."—Washington Star.

WANTED—Board and room with private family for man and wife. Best reference. Phone 144.

YOUR CHIROPRACTOR SAYS:

That the only physical foundation a man has is his SPINE; the arms move about it, the hips and legs articulate with it and many other depend on it for support.

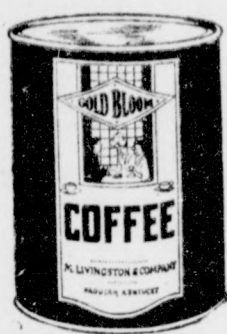

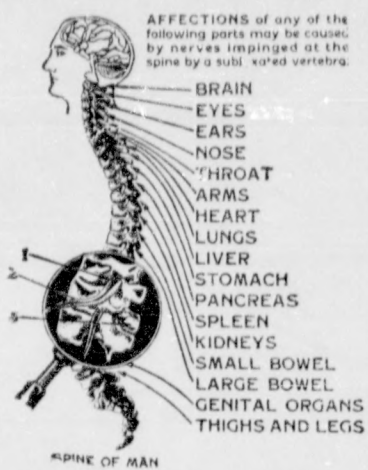

The SPINE is the lineshaft for man, and through it, the NERVES pass to each organ and muscle and here is where we find pressure on NERVES interfering with function, finally causing disease in some form.

Man is such a careless animal, he is always overdoing himself by lifting, straining, falling, etc., and in most cases even in accidents, his back (Spine) is the first and usually hurt the worst.

The CHIROPRACTOR is your Spine Specialist and IF YOU are suffering with BACKACHE, NERVOUSNESS, HEAD-ACHES, INDIGESTION, etc., you should consult him, let him find and correct the CAUSE of your troubles.

DOCTOR METHVIN, Chiropractor.
Successor to Drs. Thomson & Buecher.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Smith's Cafe

BIG DINNER EVERY DAY

50 cents

delegates to the annual conference: F. T. Randle, Dr. E. A. Boswell, W. W. Ellis, G. J. Brasfield, J. J. Owens, Mrs. R. D. Hunt, J. L. Fry, Mrs. Frances Redfern, Prof. C. K. Wilkerson, Miss Mary Hood, a returned missionary from Shanghai, China, gave the conference a very interesting talk on her work in China.

The following brethren were there to represent their work: Rev. W. J. McCoy, and Prof. Womack, spoke in the interest of Lamberth College. Prof. J. A. Robins, of McTyure school, gave an account of the work they were doing at McKenzie.

Rev. J. D. Canaday and Rev. H. W. Williams were both present to represent the work of the Sunday school.

Tuesday evening at 7:30, the Rev. H. A. Butts, of Hickman station, brought us a very helpful sermon, with the old time revival ring. He used for a text, Romans 6:22.

We had a very profitable and harmonious conference. The district was invited to meet with the Palestine church on the Fulton circuit in its next session.

The session of the conference closed with peace and harmony prevailing.

A. N. WALKER.

Crutchfield, Ky.

The funeral of Mrs. Jess Cashon was attended by a large crowd, Tuesday of last week, and the services were conducted by her pastor, Rev. Cooley, of Cayce.

Mrs. Kate Wildes, of Fulton, attended Mrs. Cashon's funeral last Tuesday.

A lot of Crutchfield people attended the O'Neil trial at Fulton, Wednesday afternoon, of last week.

Thursday of last week, the teachers of the school dismissed school because there was no coal and it was too cold to keep school without fire. They and the trustee attended a board meeting. They elected all the present corps of teachers that had put in an application. Misses Page and Newton have not applied yet.

Mr. Walls, of near Cayce, was elected superintendent, Thursday.

Jordan played Crutchfield Friday and the score was eleven to four in favor of Jordan. The pitcher of the Crutchfield team, Gaylon Hardison, received a broken nose and was taken to Dr. Cohn for treatment.

Mr. Jarrett Finch and Miss LaVerne Latta went to Fulton Saturday afternoon and were married by Rev. Warren. They were accompanied by Halbert Finch and wife, who are brother and sister of the bride and groom and were recently married. Mrs. Finch is a daughter of Mr. and Mrs. Cleo Latta. Their many friends wish them a very happy and prosperous life.

Miss Robbie Jackson, daughter of Mrs. Lula Jackson, and Mr. Michael Gwyn, son of the late Sam Gwyn, were married Saturday evening at Fulton. We heartily congratulate these young people.

Miss Lucile Derryberry, of Memphis, visited her aunt, Mrs. T. E. Murdough, from Friday till Sunday.

Mr. Hanibal Seat and wife visited Mrs. Seat's aunt, Mrs. Frank Hiff, Sunday evening.

Mr. Michael Gwyn and wife attended Easter services at Fancy Farm, Sunday. They were conducted by the catholics.

Mrs. Walker and Mrs. Wade Bruce attended the ceremony that made Miss Robbie Jackson Mrs. Michael Gwyn.

AN EXHILARATING EFFECT

A bottle of Berberine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 50c. Sold by

Bennett's Drug Store, Fulton, Ky.

WE INVITE CRITICISM

We are seeking constantly to maintain and improve the quality of service performed by the Illinois Central System, and we are glad to have our patrons co-operate with us by giving us the benefit of their constructive criticism and suggestions.

Our patrons are entitled to the best in transportation—to a passenger service that will transport them safely and with a maximum of speed and comfort and to a freight service that will afford prompt and dependable delivery of their shipments. We endeavor to provide that kind of service. The new equipment we purchase embodies the latest and most improved designs. Our locomotives, cars, tracks, and other facilities are given frequent and close inspection to make sure that they are always in first-class condition. Employees are selected with care and thoroughly instructed in their duties, and their united effort is devoted to the provision of a courteous, efficient service that will be pleasing to our patrons.

The users of this service, our patrons, are in a position to judge of our success in maintaining the standards we have set. Although we try to give every detail of our service the most effective supervision, it is only reasonable to assume that our patrons may observe occasional imperfections that are not apparent to us. However small such defects may be, we want to remove them if practicable. That is why we invite constructive criticism and suggestions. A patron who is unfavorably impressed with our service by reason of a deficiency which he has experienced or observed, will confer a favor on us, as well as on his fellow patrons, if he will make the fault known to us so that corrective measures may be applied.

We receive many commendatory letters and many letters containing constructive criticism and suggestions from our patrons. We welcome these responses to our oft-stated invitation, because we realize the value of learning the viewpoint of those who use our service. Our paramount obligation is to please our patrons, and we place great value on their assistance toward that end.

We are proud of the good reputation which our service to the public enjoys, and we are eager to safeguard that reputation.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.

IMPROVED UNIFORM INTERNATIONAL Sunday School 'Lesson'

(By REV. P. B. FITZWATER, D.D., Dean
of the Evening School, Moody Bible In-
stitute of Chicago)
© 1926, Western Newspaper Union

Lesson for April 11

THE STORY OF CREATION

LESSON TEXT—Genesis 1:1-2:2.
GOLDEN TEXT—In the beginning
God created the heavens and the earth
—Gen. 1:1.
PRIMARY TOPIC—God the Creator
of All Things.
JUNIOR TOPIC—The Story of Cre-
ation.
INTERMEDIATE AND SENIOR TOP-
IC—God the Maker of All Things.
YOUNG PEOPLE AND ADULT TOP-
IC—God in Creation.

Everything but God had a begin-
ning. God the uncaused cause is the
cause of all things. Let this funda-
mental truth, though beyond the pow-
er of the human mind to grasp, be
believed and all our problems of phi-
losophy and theology will be solved.

I. The Origin of the Universe
(Gen. 1:1).

It was created by God. All things
came into being by the will and act
of a personal God. Creation means
to bring into existence that which had
no previous existence.

II. The Regeneration of the Earth
(1:3-2:2).

Between verses one and two is
clearly marked an interval of perhaps
wide duration. The earth which was
created by God was subjected to a
judgment. The Hebrew word "was"
might just as well have been trans-
lated "became." Instead, therefore,
of the earth having been created a
void or chaos, we see that it became
so through a catastrophic judgment.
In Isaiah 45:18, the prophet declares
that God did not create the earth a
waste, but that He formed it to be
inhabited. All that real geology has
to say to us harmonizes with this
view. The so-called six days of cre-
ation exhibit God's rehabilitation of
the earth.

The cause for this judgment upon
the earth is to be found doubtless in
the judgment upon Satan, who is
called the prince of this world (John
12:31).

Observe that God created the spe-
cies and decreed that they propagate
after their kind. Such a thing as one
species developing out of another is
unknown to the Bible and real science.

III. The Origin of Man (1:26-28).

He was created by God. He came
into being through a special creative
act of God. As to nature, he bore the
image and likeness of God. The
image and likeness is not physical or
bodily, but intellectual and moral
(Eph. 4:24, Col. 3:10). God's likeness
is reflected in man's three-fold nature.
Man is spirit, soul and body (1 Thess.
5:23). God made man with a person-
ality capable of having fellowship with
Himself—with whom He could share
His glory.

IV. Adam Alone in Eden (2:7-8).

He had a most beautiful place in
which to live. God gave him surround-
ings in keeping with his nature.
"Pleasant to the sight and good for
food" describes his surroundings. He
was to "dress and keep" the garden
(v. 15), showing that work was God's
primal thought for man. To this
agrees the teaching of the New Testa-
ment. If any man would not work
neither should he eat (II Thess. 3:10).
Man in Eden was so happy. Paradi-
se with all its splendor could not satisfy
his lonely heart. Animals of all kinds
surrounded him, but no companionship
among them was to be found for him.
To make Adam conscious of his con-
dition God caused the animals to pass
before him, with the result that no
helpmeet was found for him; man, be-
ing a personality, was differentiated
from the animal.

V. The Origin of Woman (2:21-22).

To meet the need of man God made
the woman. They had minds alike,
therefore could commune together
about the things that surrounded them
and about God. They had spiritual
natures, therefore could commune to-
gether and with God. God took a rib
from Adam's side and out of it made
the woman. Man was made from the
dust of the ground and woman was
taken from his side—thus woman was
one removed farther from the earth
than man. Someone has said that the
man was dust refined, but the woman
was dust doubly refined. Matthew
Henry says, "Woman was made of the
rib out of the side of Adam, not out
of his head to top him, nor out of his
feet to be trampled upon by him, but
out of his side, to be equal with him—
under his arm to be protected and
near his heart to be loved."

VI. The Origin of Marriage (2:24).

God made man—male and female.
It was His intention that men and
women should marry. Marriage is
the most sacred of human ties. It is
of divine origin, for God Himself per-
formed the marriage ceremony.

Give Credit to God

This act of initiative and daring
this resolute step of entire confidence
is at the same time the most reason-
able proceeding that a creature may
undertake. Give credit to God; no
wisdom, no prudent calculation could
be safer.—Charles Wagner

Killing Doubts

Every step toward Our Lord Christ
kills a doubt. Every thought, word
and deed for Him carries you away
from discouragement.

Headquarters MAUPIN MACHINE SHOP, Fulton, Ky.

The Chief Telephone Expense Is Taxes And Wages

THE wage and tax bill of
this company for the year
1925 amounted to \$12-
332,543.

These two items alone are
more than 65 per cent of the
entire cost of producing your
service.

Since 1916 the tax bill has
increased 284 per cent and the
wage bill has increased 197 per
cent. During the same period
the average investment in ser-
vice has increased 106 per cent.

In Kentucky the taxes for
1925 amounted to \$298,363,
an increase of 248 per cent
since 1916, while the wage bill
for 1925 was \$2,656,784.

Although taxes form such a
large part of the cost of pro-
ducing telephone service, we
have no objection to paying
our just share of taxes. This is

a duty of citizenship which we
perform cheerfully.

The enormous increase in
the wage bill has made it pos-
sible for telephone workers to
meet the increased cost of liv-
ing, such as taxes, food, cloth-
ing and rent, and has attracted
to the telephone industry the
high type of skilled people who
are rendering such splendid
service throughout this section.

While the cost of producing
telephone service has increased,
like the cost of all forms of gov-
ernment, the rates charged our
customers for the service have
not increased in anything like
the same proportion as taxes,
wages and other expenses.

Such facts as these are of
interest to telephone users, and
indicate the care and economy
observed in the business of ren-
dering telephone service.

L. K. WEBB, Kentucky Manager

One Policy, One System, Universal Service

Beelerton News

The eighth grade commencement program will be given at Beelerton high school auditorium, Saturday, April 10, at 7:30 p. m. The following program will be given:

Invocation—Rev. Walker.
Chorus—Eighth grade.
Piano Solo—Zelma Pillow.
Class Response—Mary Sue White.
Chorus—Eighth grade.
Talk—Supt. W. S. Scholes.
Vocal Solo—Royal Bennett.
Talk—Hon. M. B. Daniels.
Vocal Solo—Miss Patty Boshart.

Address of the evening—Hon. H. W. Nichols.
Piano Solo—Miss Boone Walker.
Presentation of Diplomas—Mr. E. J. Bennett.

Benediction—Rev. Walker.
Mr. and Mrs. Reed McAlister and son, Curtis, accompanied by Mr. Utus Hardin, left for Detroit last Thursday morning.
Mr. Ward Bushart, a senior of the University of Kentucky, spent the Easter holidays with his parents, Dr. and Mrs. R. L. Bushart.

Prof. J. E. Kirksey delivered the graduating address for the eighth grade at Fulghum last Friday evening. A large number of people from Beelerton went to Fulghum to hear the address.

Misses Jewel Robey and Lucile Hicks, Rev. E. S. Hicks, and Mr. Herbert Kirby left early Saturday morning for the semi-annual meeting of Presbytery which was held at Pleasant Grove church, near Murray. They returned Monday and reported an interesting meeting.

Mr. Roy Pharis, who has been residing in Detroit, Mich., for the past six months, is visiting his parents, Mr. and Mrs. John Pharis, and two daughters Helen and Thelma.

Miss Eva Fay Hicks was the guest of Miss Mary Swan Bushart last Sunday.

Miss Louise Livingston spent Saturday night and Sunday with Miss Lucile Murchison.

Miss Carmie Lee Cooley visited Miss Zelma Pillow last Sunday.

The Junior Missionary Society of Wesley church are preparing an interesting program which will be given Sunday, April 11 at 7:45 p. m.

Rev. Walker preached an inspiring sermon on "The Resurrection," at Wesley, last Sunday. A large audience was present and enjoyed the wonderful message brought from

the tomb of a risen Savior. Miss Katherine Mobley and Prof. J. E. Kirksey sang a duet and a communion service formed part of the Easter worship.

Mr. and Mrs. Arion Byrn, of Detroit, are visiting relatives in the community.

Mr. and Mrs. Roscoe Wilkins, of Fulton, spent Sunday afternoon with the latter's parents, Mr. and Mrs. M. D. Hardin.

Misses Tommie Wiley, May Polsgrove and Lucile Underwood went to Columbus Sunday.

Miss Irene Bockman, teacher of the intermediate grades in Beelerton school, left for Murray last week end to re-enter the Normal there. She will obtain her life certificate from that institution in August. Miss Bockman's work in Beelerton school has been highly satisfactory.

Mr. Clay Piper and family, of Clinton, Mr. and Mrs. Leonard Pharis and daughter, Monday, and Mrs. E. S. Hicks and son, Carmie, were guests of Mr. and Mrs. John Pharis last Sunday.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the traducer.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

Every progressive citizen of Fulton should be a member of the Chamber of Commerce

McFadden News

Mr. and Mrs. Jim Bard spent Sunday with their son, Mr. and Mrs. Clarence Bard in Fulton. Mr. Richard Childers called on Miss Laura Mae Pickering Sunday afternoon.

Mrs. H. H. Stephens is reported on the sick list.

Miss Lillian Bard spent Saturday night with Marie Wolbertson.

Mr. and Mrs. D. H. White and children and Irene Bowers spent Sunday with Mr. and Mrs. Jim Fields.

Misses Patricia and Mignon Newton spent the week end with friends near Union City.

Mrs. Ed Gates was a Monday afternoon guest of Mrs. Tom Reed.

Mr. and Mrs. Underwood and family spent Saturday afternoon in Fulton.

Birthday Dinner

A surprise dinner was given at the home of Mr. and Mrs. F. L. Putman, Sunday, April 4th, in honor of Mrs. Putman.

A most sumptuous dinner was served. The following were present:

Mr. and Mrs. Albert Byers and children, Mr. and Mrs. John Tyler and family.

Mr. and Mrs. Walter Leech, Mr. and Mrs. Tom Reed, Mrs. Lula Bard and family, Mr. and Mrs. John Dawes, Mr. and Mrs. Charlie Herring and daughter, Swan; Mr. and Mrs. Sam Bard, Mr. and Mrs. C. J. Bowers and family, Mr. and Mrs. Ernest Carver, Mrs. Pink Dillon and sons, Mrs. Al Ferguson and family, Misses Lillian Bard, Miss Ruby French, James Martin Bard, Benard Pickering and Mr. and Mrs. Pete Brown and family. All left wishing Mrs. Putman more happy birthdays.

Mr. and Mrs. Walt Brown, Mr. and Mrs. H. L. Putman, Marie Walbertson, Lillian Bard, Mr. and Mrs. Sam Bard, Mrs. Al Ferguson and children attended church at Mt. Carmel Sunday morning.

Mr. and Mrs. Sam Bard and son, Laymon, Mrs. Mary Bowers and daughter, Mary; Mrs. Charlie Herring, Mr. and Mrs. Ernest Carver and son, Roy; attended the Easter Hunt at Fulton Sunday afternoon.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

HONOR ROLL

The following is the honor roll of Crutchfield high school:

7th Grade—Naoma Barber, Louise Inman, Magdalene Veatch, Cleda Elliott, Vivian Hayden, Virginia Hayden.

6th grade—Marvin Laird, Mozelle Brown, Magdalene Byrd, Nora Mae Vancleave, Zelma Mae Hodges, Eva Elliott, Lucille Ferguson.

FIELD DAY AND TRACK MEET

Plans for the school contests and field day and track meet of the high schools of the various neighboring counties, to be held April 30 and May 1, are developing satisfactorily. Numerous answers to invitations have been received and the outlook for a considerable attendance is encouraging.

Candidates from the Fulton student body have started training, and while it is a little early to make forecasts, Coach Hughes believes that Fulton boys will get a fair share of the 33 medals and two loving cups which will be contested for.

Fulton, in the past, has developed some good athletes, and there seems to be no reason why, with proper training and coaching, she cannot make a good showing at the coming contest. But even if we fail to get any prizes, the fact of bringing a number of people from neighboring towns for a two-day stay in Fulton will bear fruit in increasing neighborliness with the surrounding towns.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Bennett's Drug Store, Fulton, Ky.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

AMERICAN ZINC INSULATED FENCE IMPLEMENTS

Sun--Rain--Snow
Any Kind of Weather

THE secret of good paint is "Purity." Ask any master painter the ideal materials for use in a house paint and he will tell you Pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine and Drier and there you have the formula of Monarch 100% Pure Paint.

No substitute or cheapeners ever find a place in a can of Monarch 100% Pure Paint and you will always find "100% Pure" the "Sterling Mark" of paint on every can of Monarch you buy.

Give your home the best paint protection available by using Monarch 100% Pure upon it. It requires a 100% Pure Paint such as Monarch to really protect the surface over a period of years and it is poor economy to use cheap paint that will not withstand the elements.

It will cost you less in dollars and cents if you specify Monarch 100% Pure Paint and you will always be satisfied.

Come in and let us prove this to you. Ask for your color card.

His word is his bond!

A "personal guarantee" means very little to you
unless you know the man who makes it.

Ninety per cent of the things bought for your home
are selected by the lady member of the firm. She
is the purchasing agent. Most men admit that she
is a capable buyer, and the reason is this: She must
be shown — convinced by proof — that an article is
what she needs and is worth the price!

For that reason, she sees the advantage of dealing
with a local merchant — a man whose "personal
guarantee of satisfaction" means just what it says.

She knows that what he advertises in this paper is
entitled to her consideration. Because she has confi-
dence in her neighbor—the local dealer—she can
safely invest the family funds in what he guarantees.

**Community
Building**

**Courtesy of Tourist
Stressed by Mobile**

The hospitality of the old South, a more or less abstract quantity with the many busy southern cities today, will be put into immediate greater use by the automotive committee of the chamber of commerce, which has decided that the tourist is the guest of the city, the Mobile (Ala.) Register recently announced.

Labeled as a guest, the tourist will be treated as one by the city, and every attention will be made by the city to entertain and accommodate the visitor.

The tourist in all probability will come in contact with the gasoline station operator first of all. It was thought, and the operator will direct him to the chamber of commerce, where he will register and receive a guest card and a guest marker. The guest card will entitle him to certain advantages that the native has not, while the guest marker will fit on his radiator and announce to the city at large that he is a stranger within the gates.

The city in turn, recognizing him as a guest, will seek to serve him hospitably and the traffic officer will give him the courteous co-operation a stranger always needs among unfamiliar traffic regulations.

In addition to the guest designation, the visiting tourist will be given accurate and detailed information concerning the city.

The automotive merchants agreed unanimously that their employees must be familiar with the city in order that they will be able to supply tourists with information.

The proper use of hands in signaling when driving was discussed by the committee. The arm extended at a 45-degree angle upward should indicate a turn to the right, and straight out a turn to the left. The arm pointing downward, palm forward, should mean a stop, and the same signal with the palm backward a reverse.

**Men of High Vision
Are City Builders**

"Location, transportation facilities, automobile manufacture, world-wide advertising, progressiveness, many lines of industries, and so on, are all prime factors in the growth of a city," said R. E. Taylor, realtor, telling his ideas as to why Detroit goes ahead.

"Detroit is just filled, way beyond the average proportion, with brilliant, able, experienced, successful men, with resources behind them, and broad, practical vision to carry them ahead—that is the main reason for Detroit's success."

"There are living in Detroit today a number of men trained up to big things; they know the game; they love to play it, and, notice—the bigger they grow, the easier it is for them to keep on growing."

"These men are, in general, not the inheritors of wealth! They are mostly self-made. And that, too, is a great thing for the future of Detroit—because the man who makes \$10,000 to \$50,000 himself, has grown so seasoned and experienced that he has a better vision than the man who inherits money. He knows when to put his money into a new thing."

"The man who has gone right out with his own fists and fought the battle for success—knows how!"

Trees Require Food

There is a tree in your yard which is hungry, and, though it cannot tell you so in as many words, you can bet it is just as hungry as though it stood on some street corner and cried out its woes.

That's the great fault with trees; they cannot tell you they are hungry. They just stand out and starve until their clothes—their bark—get too big for their body and fall off.

Mr. Homeowner, that tree in your yard is worth a heap of money. It's a mighty big asset when you want to sell your place, and it's a lot of comfort these hot days. Get busy and give it something to eat.

If you don't know what to give it, call in a doctor, not a man's doctor or a child's specialist, but a tree doctor, and let him prescribe a diet for that tree.

Zoning Law Upheld

A decision of interest to all members of the National Association of Real Estate boards is that just handed down by the Supreme court of Minnesota upholding the validity of the Minneapolis zoning ordinance which excludes flat buildings from certain areas zoned for single family residences. The decision reverses a former opinion of the court.

Benefit of Home-Owning

"More than one-half the homes in the United States are owned by men who make less than \$2,000 a year," declared W. D. Carter. "It is estimated that approximately 90 per cent of those who build or buy a home do not pay for it outright at the start. Habits of thrift, economy, and self-denial established and practiced in saving to meet the monthly payments by which the home is paid for are among the greatest benefits of owning a home."

YOU can't go wrong. Just say "I want Purina Chick Startena for my baby chicks." 50% of the baby chicks fed average rations die. You can save 90% when you feed Startena. Dead chicks are expensive. Be in the 90% class. Give your baby chicks a chance to earn large profits for you. Phone us for Startena. Start them growing today!

**Ride this
Dependable
Two-Row
Drill**

It takes a big load off your mind when you know that your planting has been done right; that you have made a good seed bed, have used a high grade of seed, and a drill that is accurate and dependable.

**John Deere No. 919
Corn Drill**

will get the maximum per acre yield because: It plants the corn just as accurately as though dropped by hand. John Deere's natural drop seed plates space the kernels uniformly the desired distance apart in the row.

It has a variable drop which enables you to change the drilling distances merely by shifting the foot lever.

Five different drilling distances can be obtained from each set of seed plates.

Width between the rows can be easily changed.

Quick-detachable runners permit the use of furrow openers of different styles to meet all conditions.

We can furnish seed plates to handle every kind of corn, beans, sorghum, milo maize and other seeds. Fertilizer or Pea Attachments can also be furnished.

We want to show you this drill. Drop in at the store the next time you are in town.

Sunday.

Special music by the choir
and the public is cordially in-
vited to attend.

On Sunday, April 11th, Rev.
Russell, of Nashville, and his
splendid singer will start the
revival services to be held in
the church for two weeks. Ev-
ery one of all denominations are
invited to attend all the serv-
ices possible and the members
are urged and expected to co-
operate with the pastor and
Evangelist in every way. All
singers are urged to assist in
the singing and make every
part of the meeting a success.

The Easter services of last
Sunday were very beautiful
and impressive at all the serv-
ices. Prof. Myers gave a splen-
did talk on "Easter," at the
evening service.

The Ladies Missionary So-
ciety held their Mission study
class at the home of Mrs. W.
H. Butt, on Wednesday. They
found the book of study very
interesting and was presented
in an impressive manner.

The Yo-Pe-Mi-So girls were
entertained with an Easter
party by Mrs. M. C. Payne, Su-
perintendent, at her attractive
new home on Park avenue, Sat-
urday afternoon.

The important feature of the
meeting was to respond with a
special donation to the Mary
Overall Fund. A most satis-
factory sum was realized. Some
interesting contests were en-
gaged in. And the last on the
program was delightful and
appropriate refreshments, con-
sisting of cake and cream. The
Easter favors being attractive
baskets filled with tiny Easter
eggs. The sweet Easter spirit
prevailing. And the 20 loyal
Missionary girls being more in-
spired to continue the good
work. Mrs. Payne deserving
much praise for her nice en-
couragement.

The Warner Blackard Mis-
sionary Society met at the
home of Mrs. J. V. Freeman
with Mesdames Freeman and
Botts as hostesses. Meeting
was opened with scripture les-
son by the president, Mrs.
Scruggs, and followed with
prayer by Miss Essie Fry. In
absence of the Secretary, Mrs.
Wayne read the minutes. The
various officers gave splendid
reports.

Mrs. Lewis Weeks gave a
most interesting report from
the Conference held in Union
City last week in March.

The Bible study was con-
ducted by Mrs. Wayne, assisted
by Mesdames Owen, Sylvester,
Graham and Roper.

Little Well, Francis Price
entertained those present with
two splendid readings during
the social hour. The hostesses
served tea and sandwiches to
35 members and 2 visitors.
Meeting adjourned to meet in
3 weeks.

FULTON, KY.

TELEPHONES 15, 327, 560

Trinity Episcopal First Baptist Church

104 Washington St.

Dr. A. C. Boyd, Rector

9:45 a. m. Church school, H.
S. Stansbury, superintendent.

11:00 a. m. Matins and ser-
mon.

7:00 p. m. Evening prayer
and address.

Wednesday, 4:00 p. m. Short
evening prayer and instruction
on church usage.

Friday, 7:00 p. m. Litany
and address on church belief.
Every one cordially invited
to attend these services.

Church News

Those who have not return-
ed their mite boxes and Lenten
envelopes will please do so at
once, whether they have used
them or not, because as long as
not returned, the records can-
not be completed nor report
made, as all are recorded and
report must be made.

The Easter service at Trinity
were particularly well attend-
ed, both morning and evening.
The full choir rendered music
that was thoroughly enjoyed by
all present, and many expres-
sions of appreciation were
heard.

Dr. Boyd's morning sermon
on "Guarding the Holy Sepul-
cher," was one of the most in-
teresting that he has preached
here and was listened to with
gratifying attention.

Taking for his theme for the
evening sermon or address,
last Sunday, Dr. Boyd told the
"Reasons for Celebrating East-
er," and will continue with a
series of talks on kindred sub-
jects during the balance of the
Easter season.

The infant daughter of Mrs.
Bertha Shoupe has been indis-
posed for the past week.

Clara Elizabeth, the small
daughter of Dr. and Mrs. Boyd,
has recovered from a slight at-
tack of roseola and is now at-
tending school.

The extra services due to the
Lenten season were rather hard
on Dr. Boyd and he is not en-
joying his usual good health, in
consequence.

Mr. and Mrs. Dave Johnson,
of Clinton, made a social call at
the rectory last week.

Now that Lent is over and
Easter day is past, it would be
well to hold what ever spiritual
advance we have made and
make no relapse from any ad-
vancement achieved.

The monthly meeting for Ap-
ril of the Woman's Guild, met
with Mrs. Mack Roach at her
home on Second street, on Mon-
day afternoon.

Services, 11:00 a. m., 7:30
p. m.

Special music at both serv-
ices. Everyone especially in-
vited to attend all services.

MISSIONARY MEETING

The Missionary Society of the
First Christian church enjoyed a
delightful meeting with Mrs.
Jake Huddleston at her home
on Eddings street, Monday af-
ternoon. The study, led by Mrs.
W. C. Nall on Ministerial re-
lief, was very instructive. Mrs.
Nall was ably assisted by Mes-
dames Beadles, Belew, Brad-
ford, with a round table discus-
sion by all present. At the
close of the program, dainty
refreshments were served by
the hostess, assisted by little
Miss Sarah Helen Williams.

Central Church of Christ

E. L. Whitaker, Minister

Sunday school, 9:45 a. m.
Preaching and communion,

11 a. m. and 7:30 p. m.

nesday, 2:00 p. m.

Beginners' Bible Class, Wed-
nesday, 4:00 p. m.

Prayer meeting, Wednesday,
7:00 p. m.

Friday, p. m., 7:00, 7:30,
Song Drill, 7:30-8:30, Bible
Study.

You are cordially invited to
attend each of these services.

BEFORE THE ALDERMEN

Alderman—I desire to present a
petition.
Presiding Officer—The clerk will
read.

Clerk—To the honorable board of
aldermen, a petition from the inmates
of the almshouse, asking the board to
provide parking space for their auto-
mobiles.

Acts the Same Now

"Do you act toward your wife as
you did before you married her?"
"Exactly. I remember how I used
to act when I first fell in love with
her. I used to lean over the fence
in front of her house and gaze at her
shadow on the curtain, afraid to go
in. And I act just the same way now
when I get home late."

Too Much Money

"You can always tell the newly
married folks," said the postmaster.
"Here comes a recent bride now."
"How do you know?" demanded the
traveling man curiously.
"See, she has a \$5 bill to buy a few
2-cent stamps with," returned the
knowing postmaster.

NECKING?

He—Grace and I entered an endur-
ance contest in dancing.
She—How'd you come out?
He—Neck and neck.

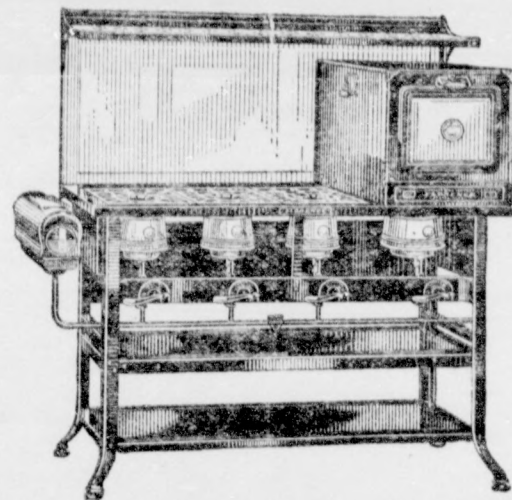

Much Better

One reason I like the movies—
When dead an actor falls,
He can't revive amid applause
And take six curtain calls.

A Hint to Epicures

Wife—Have you really told the cook
that she and her sweetheart are to
dine with us? Is that quite the thing?
Husband—No. It isn't the thing,
but I'm getting tired of his always
having the best of all the food!—
Vikingen, Oslo.

Cook with Focused Heat

See the New Grid Top Models

Women don't spend their days in the kitchen any
more. They have learned to let modern methods take
the place of endless hours of drudgery.

The Florence—the oil range with **focused heat**—is
a marvel of modern, labor-saving invention. And yet
its working principle is so simple!

In the Florence, the burners are built scientifically
to **focus** the heat on the cooking. They see to it that
the heat goes directly to work—not out into the kitchen,
where it is worse than wasted.

The top of the short, wickless Florence burner is
only 2 1-2 inches below the cooking. But that's not all.
Florence burners force air **inside** the flame, giving a
quick and most intense clean heat. Hottest heat close
up under the cooking—this is **focused heat**.
