FULTON, KY., APRIL 23, 1926

R. S. Williams, Publisher

## RELIGION

Religion is telling the truth in a trade,  
Without even counting the cost,  
And having the courage to stand by the right  
Though fortune and friends may be lost.

Religion is thirty-six inches per yard,  
And sixteen full ounces per pound,  
And sixty whole minutes of other men's time—  
Not watching those minutes roll 'round.

Religion is meeting the world with a smile,  
Then bringing a bright smile back home—  
A joy to the loved ones who wait for your step  
No matter how far you may roam.

Religion is turning your back on the wrong,  
With a prayer in your heart to do right,  
Then stepping forth boldly to conquer yourself  
With your face ever facing the light.

Religion is giving a bright word or more,  
To those whose dark clouds hide their sun,  
If you've got the kind of religion I mean,  
You will hear the Great Master's—"Well done."

## Together, Let's All Spruce Up Fulton.

The time has arrived when every good citizen in Fulton should exert every energy to clean and spruce up his premises, and if necessary, assist his neighbor. Let's all work together to make Fulton the cleanest, healthiest, thriftiest and most beautiful city on the map—

In safeguarding health;  
In promoting thrift;  
In furthering fire prevention;

In stimulating civic pride,  
And in making the home and city beautiful, let's all work together.

We especially ask the cooperation of the Woman's club and all service clubs, and boy scouts in the city to unite with the city "dads" and civic committee of the Chamber of Commerce in a general clean up week just as soon as the dates can be settled on. In the meantime, let every citizen get busy around his premises for a general clean up.

R. S. WILLIAMS, Chairman  
Civic Com., C. of C.

### WAR ON MOSQUITOES IN FULTON

The proposed campaign against mosquitoes, initiated by Squire McDade, and taken up by the Civic Committee of the Chamber of Commerce at its meeting should meet with the most hearty cooperation of every citizen of both Fulton and South Fulton, as there can be no possible doubt of the great loss, both financially and physically, that is annually caused by the Plasmodium. Malariae, runs into many millions of dollars, and the American Government has spent millions in fighting these insects and instructing, not only cities and districts in the United States, but has sent trained men to almost every Central and South American country to assist them in the fight against this great enemy of man's health.

Intensive campaigns in Cuba and Mexico have been carried on under the guidance of these trained men and there has been a noticeable decrease of the malady in every locality where these instructions have been conscientiously carried out.

Whatever information may be lacking, locally, can be obtained from the State Health Department, and every citizen should make it his personal duty to see that his premises are thoroughly rid of the breeding places of these disease carriers.

One of the favorite breeding places is among the shrubbery and plants bordering porches, and set out close to dwellings, and it would be well to remove these shrubs or use lime frequently during the season may help. When the campaign is started, the civic committee will issue minute instructions, undoubtedly, but in the meantime, the plants can be removed with

less danger of loss, than by waiting until later.

### Woman's Club

The April meeting of the Woman's Club was a most interesting one from every standpoint.

During the business session, conducted by the retiring president, Mrs. J. C. Brann, a splendid report was given by the treasurer, Mrs. H. H. Murphy. The community store, conducted recently by the club, was very successful and the club wishes to thank all members, merchants in town and out, whose contributions made the store possible, and Mr. J. M. Fry who gave the club the privilege of using his store room.

Mrs. Warren Graham was introduced to the club as the newly-elected fourth vice president, whose duty is chairman of press and publicity. The State Federation meets at Middleboro May 4 and Mesdames Fall, Brann, Worth, Huddleston, Culver, Snow and Bradford were elected delegates and alternates. In assuming the office as president, Mrs. Ernest Fall said, "Always with a sense of pride I represent Fulton's Woman's club because I know our club women are not to be surpassed. We are a growing organization and as woman's sphere expands, we must enlarge to serve our members and must lend our influence to every organization in Fulton. I, for one, and there are many others, hope in the near future we may have a club home that each member will be proud to have had a part in."

After reading her standing committee, Mrs. Fall introduced Miss Ruth Fields, chairman of the music department, who presented the following program:

Voice—Mrs. F. W. Armistead.  
a. Happy Song.  
b. Spring.  
Accompanist, Mrs. Gus Bard.  
Piano—Mrs. Gus Bard.  
a. Greeting to Spring.  
b. Caprice.  
Voice—Miss Annie Lucile Goldsby.  
a. May Magic.  
b. Gossiping.  
Accompanist, Miss Doris Huddleston.

Surely Fulton can boast of some of the best artists in all clubdom and this delightful program was much enjoyed.

During the social hour, members of the music department served delicious salad and tea.

The Art Department will be hostess to the club and present their annual program on May 7.

### COTTON SEED FOR SALE

Trice Cotton Seed, suitable for planting, 60c per bushel. B. B. Jonakin, Route 7, Fulton, Ky.

## Welcome Home

(Copyright, W. H. U.)

## Wilmer Taylor Crushed To Death

Wilmer Taylor, 19 years old, of Fowlkes, Tenn., fell beneath the cars of a circus train near the Usona hotel in this city early Wednesday morning, suffering a horrible death. The young man was making his first trip with the Christie Brothers circus, having joined them at Dyersburg and was en route to Paducah.

His father was immediately notified of the horrible accident and came to Fulton on the first train. The Fulton Undertaking Co., had charge of the body, and prepared it for shipment to his late home where he will be buried.

## CONVICT BERRY OF ILLICIT SALE OF NARCOTICS

Dr. J. F. Beeler, Also of Clinton, Found Guilty; to be Sentenced Later

(Paducah News-Democrat)  
Dr. William Thomas Berry, of Clinton, Ky., about fifty years old, was sentenced by Federal Judge Charles I. Dawson to serve two years in the federal penitentiary at Atlanta when a jury in the United States District court here yesterday afternoon found him guilty of violating the Harrison narcotic act.

Dr. J. F. Beeler, also of Clinton, was found guilty of a similar charge, but will not be sentenced until the November term of court.

Upon sentencing Dr. Berry, Judge Dawson declared that "there seems to be a well organized dope ring in Clinton, and I am going to break it up; things are in a bad condition down there." Dr. Berry was charged with selling 28,000 grains of morphine in a single year, while his patients who required narcotics could have used not more than 3,000 grains in that length of time.

Dr. Beeler was charged with selling morphine and cocaine to Michael J. Hays, of Louisville, who testified that he bought the narcotics from him last September. Dr. Beeler admitted that he became addicted to the use of drugs because of heart trouble and a lung affection, and obtained these drugs from another physician at Clinton.

More than thirty cases, most of them involving alleged violations of the national prohibition law, were disposed of at yesterday's session of court. The grand jury returned twenty-six indictments and was dismissed.

### CARD OF THANKS

To the dear friends and neighbors who so willingly assisted us during the sickness and death of our beloved husband, we wish to express our heartfelt thanks, also to those sending flowers and assisting in the music. May the Lord bless you all and spare you such sorrow is our sincere wish.  
MRS. A. J. TURNEY.

### YOU ARE INVITED

Don't fail to attend the Perfection Oil Cook Stove Demonstration at A. Huddleston & Company's store, Thursday, April 29. A factory representative will be with us.

### MCCRACKEN COUNTY'S ROAD BOND ISSUE CARRIES 4 TO 1

By an overwhelming majority of almost four to one, the \$500,000 McCracken county road bond issue was swept to victory in the special election held in the city and county Saturday. Unofficial reports from all of the fifty-two city and county precincts, tabulated by The News-Democrat, showed 5,313 votes were polled in favor of the proposal against only 1,688 against it, a majority of 3,625 votes.

## High School Notes

The High School baseball team met two defeats the last week despite the superior playing which they did. Friday's game was with Obion and the extraordinary pitching of Red McKorkle, of Obion, gave a victory to the Tennessee lads with a score of 15-3. Fulton met Rives Saturday and made a good resistance but fortune again favored their rivals, the final score being 5-0 in favor of Rives.

Rev. Taylor, of Fayetteville, Tennessee, who is conducting a revival at the Central Church of Christ gave a very interesting address at the high school auditorium Tuesday. He spoke on the subject of making the best of one's opportunities in the present and gave several quotations from Edgar Guest's poetry. He was accompanied by Rev. Whittaker.

The Senior cast of the play, "Green Stockings" are now hard at work under the direction of Miss Royster.

The parent teachers association met at the high school Tuesday afternoon and were entertained by a style show by members of the elementary clothing class. Miss Stevenson, the domestic science teacher, made a talk on the subject of clothing which was very much enjoyed. The work of this department has been very successful this year and is to be commended.

Preparations are being made for the big field meet to be held here April 30th and May 1st. Fifty schools have been invited to participate and responses have been received from quite a few of these. The contests will include spelling, declamation, music, and field events. Three medals will be awarded for each event, a gold medal for the first place, a silver medal for the second, and a bronze medal for the third.

The senior class are working on the class day programs. The invitations arrived, suggesting that the end of school is near.

The Board of Education at their last meeting ordered school taxes to be reduced from \$1.50 to \$1.30.

## For Sale

Twenty Good Jersey Milk Cows and Heifers.

On Saturday, April 24, I will sell at public auction, 20 good Jersey Milk Cows and Heifers. Sale will begin at 1 o'clock. Sale will be held at Williams' Transfer barn on Fourth street. This is your opportunity to get good Jersey Milk Cows at your own price.

GLASGOW & TRAVIS,  
Col. Jess Taylor, Auctioneer

## Prizes On Display In DeMyer's Jewelry Store Show Window

Tomorrow, DeMyer's jewelry store window will have on display the two silver loving cups and the gold, silver and bronze medals that will constitute the prizes for the school contests. These events which will be held under the supervision of Fulton High School on April 30th and May 1st.

Fifteen schools at least will be represented in these various contests, and there is every prospect that the judges will have their work cut out to make decisions, as the information received indicates that every contestant will be on hand prepared to do his or her best.

The musical and spelling contests are open to girl students, while the athletics will be solely for the boys, but the cups and medals will be of such value that the entrants will be the best that each school can provide.

It is understood that the girls of Fulton High were anxious to enter a team for the track events but Dr. Hughes did not think there was time to train the girls properly for this year. There may be girl contestants for the next year's event.

### BASEBALL SATURDAY

Any one wishing to see lots of athletic activities should go out to the fair grounds every afternoon from 3:30 p. m. to 6:00 p. m. They would leave with the impression that there was a large university here. Coach Holman has twelve or fifteen boys out for the South Fulton baseball team, all of them working hard to make a winning team for the Tennessee school. Coach Maddox has some twenty-five boys at work for the Fulton high delegation and all are trying to convince him that they are Ty Cobbs or Walter Johnsons. After seeing these boys strut, you can go on over to the race track and there you will see Doc Hughes' track men. Be careful not to get in the way of the shot or discus, as you might come away with a different impression.

Fulton high boys lost two games last week, but are determined to take three games this week from Union City and Mayfield High. The team will be in much better shape, as all the men are eligible. The team was crippled last week as four men were ineligible to take

part in the games. In the Obion game here Friday, all the boys took their turn in throwing the game away, making errors galore. McCorkle, pitching for the Tennessee school, toyed with the boys, striking out 15 men and allowing only two scratch hits. He is a big, tall left hander and is far out of high school class ball. If "Red" takes care of his arm, he will have no trouble in making good in professional ball, if he cares to take a fling at the big game.

Milton Exum pitched his first full game of the season, Saturday, and was in great form, allowing the hard hitting Rives team only seven hits and striking out seventeen men. Three of the seven were home runs in a creek that ran through the outfield. Rives boys spend most of their time shooting at this creek. The team played a good game, having gotten all the errors out of their system the day before.

Saturday's game will be the big game of the season, for the local high school Mayfield High has a good team and as all games between the two schools are hotly contested gives promise of the best game of the season. It is hoped that a large crowd will turn out, as the expenses for this game will be heavy and the management will appreciate a large gate receipts.

### ARE DOGS A BENEFIT OR MENACE TO THE COMMUNITY?

Several valuable dogs have been poisoned in the past few days, and reports of other dogs having gone mad are reported.

While, to all dog lovers, it is a saddening event, for dogs to be done away with by the poison route, it is hardly to be expected that a suffering public will take the same view of the act.

When one has had their spring gardens ruined by some neighbor's dog digging up his bulbs that have been carefully guarded all winter, or his newly hatched "chicks" being killed by the neighbor's dogs, one can scarcely blame them for losing their patience.

On the other hand, there seems to be a lot of unlicensed dogs at large in town, and judging from last year, there will be a number of cases of hydrophobia, which naturally, endangers the lives of all the inhabitants, more especially that of small children, who are not able to either detect the danger nor protect themselves.

It is to be hoped that the proper authorities will take measures to see that the public is protected, as otherwise, the poisoning of pets is certain to continue.

## Money To You Profit Sharing Week

AT LAST THE SALE  
THAT BRINGS YOU  
BETTER VALUES

"Profit Sharing Week"  
Offers You More Than  
Any Selling Event  
You Have Ever  
Attended.

URDAY, APRIL 24th,  
AT 9 A. M.

**BALDRIDGE'S**  
VARIETY STORE

### Crutchfield, Ky.

Mr. and Mrs. Herman Elliott  
spent Tuesday night with Mr.  
Luther Elliott's family. He is  
Herman's father.

Mrs. Mattie Anderson and  
son, of Liberty, Tenn., attended  
the funeral of her brother, Dr.  
A. J. Turney, Thursday of last  
week, but they had to return  
Friday because of sickness in  
the family.

Mr. Ernest Turney came to  
be at his uncle's funeral. Also  
Mrs. Turney's sisters, Mrs. Ross  
Mason Hall and Mrs. Effie  
from Huntingdon, Tenn.

Mrs. Pillow visited Mrs. T.  
O. Copeland, Friday afternoon.  
Gaylon Hardison left for De-  
troit, Friday. He hopes to find  
employment there.

Miss Annie Percell and Mr.  
Hub Beard were married at  
Fulton Friday afternoon, and  
left for Detroit that night,  
where Mr. Beard has a good  
job and they will be at home to  
their friends in that city. Mrs.  
Beard's brother, George, and  
Mr. Beard's brother, Wesley,  
accompanied them. We wish  
these excellent young people  
success and happiness in this  
new venture. L. A. Watkins  
went to Fulton to see the new-  
lyweds off on their journey. A  
lot of the bride's friends, as  
they were leaving, threw rice  
over them for luck.

Mr. T. M. Watkins and fam-  
ily spent Sunday after church,  
with Mr. George Finch and  
family.

Mrs. Turney spent Saturday  
night and Sunday night in Ful-  
ton with Mr. Ben Belew and  
wife.

The play given by the ladies  
of the P. T. A. was a success  
and well rendered Friday  
night. The title of the play was  
"Clubbing their Husbands."

### FUNERAL SERVICES FOR I. DUM

The funeral of I. Dum, held  
Saturday morning, is said to be  
the first one conducted in Ful-  
ton, with the last rites of the  
Catholic faith, of which Mr.  
Dum's family on his own fa-  
ther's side was long identified  
with. The service consisted  
largely of scriptural readings,  
and the prayers for the dead,  
including the blessing of the  
final resting place. Rev. Al-  
bert J. Thompson, of Fancy  
Farm, Ky., officiating, took oc-  
casion to explain the viewpoint  
of his church on the subject of  
prayers for the loved ones who  
have passed on, using as illus-  
trations, some of his experi-  
ences as a chaplain overseas in the  
World war.

Mr. Dum moved from Aman-  
da, Ohio, to Tennessee, some  
30 odd years ago, with his fam-  
ily of three children living, of  
nine born, and for a number of  
years he was located on a farm  
about 3 1-2 miles southwest of  
Fulton, but of more recent  
years he has lived in Forest-  
dale, S. Fulton, with his daugh-  
ter, Mrs. R. S. Matthews. His  
two sons, Homer S. Dum and  
George E. Dum, of Downer's  
Grove, Illinois, and of Colum-  
bus, Ohio, often return to their  
boyhood home here, for a visit,  
and are familiar figures local-  
ly. The eldest daughter of  
Mrs. Matthews, Mary White-  
sell Matthews, is a teacher in  
South Fulton School; the eldest  
of George, Lucile Maria Dum,  
is now attending Oxford Col-  
lege for Women, near Cincin-  
nati, and the eldest son of Homer,  
George Lyman Dum, is now  
a sophomore at Notre Dame  
university, South Bend, Indiana  
who is studying for the priest-  
hood.

Mr. Dum was a great base-  
ball fan, and a favorite of many  
of the young men interested in  
the sport; but the one thing  
that he was best known for in  
his younger days was his capac-  
ity to play the violin, and when  
on the farm in his earlier years  
in the southland, many were  
the joyous occasions at his  
home and that of his very dear  
friend and neighbor, Mr. Rob  
Morris. He will be missed as  
a unique character, ready to  
discuss with "the boys" any-  
thing from baseball percent-  
ages to national politics.  
—Contributed.

### Smith's Cafe

Neat and Attractive Service  
and Food the Best

It is a pleasure to go to this  
cafe for a lunch or full meal.

## Community Building

### Home Town Friends Big Business Asset

While many of the community's am-  
bitious young men and even middle-  
aged men are leaving good positions  
and certain incomes to pursue the god-  
dess of chance and fortune in real  
estate schemes in southern states,  
others, who are looking ahead into the  
future, are going quietly about, pre-  
paring to take advantage of the op-  
portunities to be found in their own  
city.

When the whole situation is care-  
fully weighed, the man who is striving  
to get ahead in his own community  
has every advantage. He knows the  
people of the town, he is familiar with  
most of the leading business men and  
knows the obstacles to be met and  
overcome if he is to succeed. Again,  
he is surrounded by his friends and in  
nearly every case the home town citi-  
zens are always ready to lend a help-  
ing hand to a man who is trying to  
gain the top rung of the ladder of suc-  
cess by his own efforts.

On the other hand, the man who  
leaves his home town and his friends  
is at once placed at a disadvantage  
and must be constantly on his guard  
for would-be sharpers and crooks. He  
must rely entirely upon his own  
strength, and if he becomes entangled  
in a maze of financial difficulties or  
other troubles, he has positively no  
resource, as he is among strangers and  
far from home. —Franklin Star.

### Buildings Can Have Beauty and Utility

Architecture may be "frozen music,"  
so beware of embodying "The Dead  
March in Saul" in some unpretty  
structure, is the advice given by a  
writer in the St. Louis Globe-Demo-  
crat. Almost any building can be  
beautiful if the architect is permitted  
to spend enough money upon it. If  
the owner wants a work of art he can  
get it.

So, also, can he attain to fame, for  
if his structure inspires public ad-  
miration his name will be coupled  
with it. To provoke admiration is  
worth living for. If he put a com-  
mercially useless, but perfectly lovely  
roof on one's building, costs more  
money, there is still the deep satisfac-  
tion of knowing that the town likes  
what one has done.

Variety, not only homogeneity,  
makes a city picturesque; though there  
is peril of the grotesque in pursuing  
variety. Willfulness, as a rule, comes  
from taste, has worked some appall-  
ing sights; and signed the entrails  
of compassion if not indignation in  
architects.

One house can bless a whole street  
whose faades are plainer, and one  
ill-shapen misplaced structure can  
likewise put gloom on that street.

### About City Parks

Almost every town has parks of  
some kind. Many of them are well  
kept and have gay beds of flowers  
and perhaps shrubbery plantations and  
so forth, but are dull and common-  
place. You would hardly feel like re-  
commending your friends to go to see  
them. Yet every city, town and vil-  
lage has its open spaces and most of  
them could well afford to have more.

Every one of these open spaces  
could be made into a work of art of  
vital interest and value to the com-  
munity. Each has its own individ-  
uality, which needs only to be discerned  
and developed. Not all in an equal  
degree (for some sites lend them-  
selves to treatment much better than  
others), but each according to its own  
character and conditions. —Harold A.  
Caparn in Parks and Recreation.

### Pergola Popular

Pergolas are becoming more and  
more evident in the better homes of  
both town and country. Whether sim-  
ple or ornate, they provide a secluded  
nook on the lawn that may be fitted  
up with chairs, benches and tables to  
provide a very suitable substitute for  
the parlor in warm weather. The per-  
gola may be built with one or more  
doors, lattice work and pillars. Flow-  
ers and vines are, of course, a neces-  
sary part. There are several varieties  
of the nonflowering vines, particularly  
the ivy, which are acceptable, and the  
more popular varieties of flowering  
vines are the clematis, the trailing  
roses and geraniums. —Chicago Post.

### Flower Boxes for City

Flower boxes are being placed on  
the electric light poles at Camden,  
Maine. The boxes are the gift of Ed-  
ward Bok and they are to be kept  
watered by citizens whose places of  
business are nearest the boxes. They  
are filled with earth, moss, ferns, ge-  
raniums, other bright flowers, and  
trailing vines.

### Proper Growth of Trees

In the care of one's yard caution  
should be taken against irregular  
growth of trees and means adopted to  
rectify any fault in the tree's growth  
at the start. Many trees are inclined  
to lean in a certain direction through  
being forced into that position by pre-  
vailing winds from the opposite point,  
and, unless braced while young, it will  
be impossible for them to grow up-  
right as they should. It is well that  
a sufficient space be spaded up around  
the tree, and the ground fertilized.

## What About Ice Cream As a Food---Especially For Children

1. It is the only food given in both  
health and illness, to athletes and  
invalids.
2. It is one of the first foods to be  
given a patient in the hospital.
3. It will come nearer pleasing  
every member of the party or fam-  
ily than anything you can serve.
4. All of the elements necessary  
to health and growth are found in  
milk. A quart of Culver's Ice Cream  
has the food value of several quarts  
of milk.
5. Young children should have  
more milk, in the form of ice cream,  
instead of the customary nik-naks.
6. You have often seen children  
refuse milk, but you have seldom  
seen them refuse ice cream.
7. Nature has endowed children  
with a taste for sweets. Guide this  
tendency into a habit of eating

health-giving, strength-producing  
CULVER'S Ice Cream. It will be a  
good investment in health.

8. It is not the children alone who  
benefit from the food properties of  
ice cream. Certain elements in  
milk and hence in larger quantities  
in ice cream improve the complex-  
ion and eyesight and add luster and  
life to the hair.

9. Using the best of ingredients in  
the home freezer you will find it  
hard to equal the results in smooth-  
ness and texture made possible by  
our power machinery and proper re-  
frigeration. The smoother the cream  
the more easily digested.

10. Rare indeed is the individual,  
young or old, who does not welcome  
the invitation to have a dish of ice  
cream. Please all by serving CUL-  
VER'S.

## RICH---HEALTHFUL---REFRESHING CULVER'S ICE CREAM

### Compare Culver's Quality With Others

A daily supply of fresh milk from  
inspected dairies and a factory as  
clean as your kitchen insure the  
purity and safety of CULVER'S.

There is a Culver dealer near you  
who will give you good service. Call  
him, compare the richness and fla-  
vor with other makes and we know  
you will always say Culver's.

### Novelties for Parties and Banquets

The service of ice cream, flowers,  
emblems, or individuals makes a  
fitting climax to a wonderful party.  
You may be surprised to know that  
we have many different molds, and  
that we can put many designs in the  
center of brick cream. We can also  
make special flavors colored to suit  
the occasion. The price is reason-  
able, in fact very much so, consid-  
ering the decorative feature, coup-  
led with such a delicious dessert.

**Culver Ice Cream Co.**

Phone 407

Fulton, Ky.

## Station To Station Toll Service Is Quicker and Cheaper

STATION-TO-STATION long distance telephone  
service is becoming more popular as telephone  
users understand how simple it is to make calls  
of this kind.

To make a station-to-station call you do not ask  
for a particular person. You merely tell the operator  
that you wish to be connected with a certain telephone  
at the distant point.

The call can be completed even if you do not know  
the number of the telephone you are calling. You can  
ask to be connected with the telephone in Mr. Blank's  
residence or with the telephone in the office of Jones  
& Company.

These calls can be handled quickly and at a lower  
rate because the operator does not have to lo-  
cate a particular party. She merely connects  
you with the distant telephone and the charge  
begins when the called telephone answers.

Try this service when making social or busi-  
ness calls. You will be surprised how quickly  
you get your party, and the small cost will  
please you.

The Manager's office will gladly give you  
detailed information about all classes of long  
distance calls.

L. K. WEBB, Kentucky Manager

## IMPROVED UNIFORM INTERNATIONAL Sunday School Lesson

BY REV. P. H. FITZWATER, D.D., Dean of the Board of Christian Education, National Council of Churches in America

### Lesson for April 25

#### THE STORY OF CAIN AND ABEL

LESSON TEXT—Genesis 4:1-16.  
GOLDEN TEXT—Am I my brother's keeper?—Gen. 4:9.  
PRIMARY TOPIC—Cain Quarrels with his Brother.  
JUNIOR TOPIC—Cain Loses His Self-Control.  
INTERMEDIATE AND SENIOR TOPIC—What Jealousy and Anger Lead to.  
YOUNG PEOPLE AND ADULT TOPIC—The Sin of Hate.

I. The Birth of Cain and Abel (vv. 1-2).  
In obedience to God's command to multiply and replenish the earth, the first children were born into the world. In the birth of Cain Eve thought that the promise of Genesis 3:15 was in process of fulfillment, and exclaimed, "I have gotten a man from the Lord." Soon afterwards she gave birth to Abel. Both sons were born outside of Eden. It was after the fall of our first parents and their expulsion from Eden that they brought forth children in the likeness of their fallen nature. Through the law of heredity this stream of corruption has been flowing on from generation to generation.

II. The Respective Callings of Cain and Abel (v. 2).

Cain was a tiller of the ground and Abel a keeper of sheep. This shows that the primitive employment of man was agriculture and stock raising; in fact, before the fall, man's occupation was horticulture.

III. The Respective Offerings of Cain and Abel (vv. 3-4).

Both were worshippers; both brought offerings—Cain of the first fruits of the ground and Abel of the firstlings of his flock. They both recognized God and His claims upon them. "The Lord had respect unto Abel and his offerings, but not unto Cain." Why this difference? Is God a respecter of persons? Was Abel better by nature than Cain? By no means, for there is no difference (Rom. 3:22). They both were born outside of Eden, therefore they both possessed the same depraved nature. The answer is given in Hebrews 11:4—"By faith Abel offered unto God a more excellent sacrifice than Cain." This leads us to the conclusion that God had taught the necessity of offering a bloody sacrifice, a vicarious atonement, that acceptance with Him was dependent upon the offering of a being apart from themselves as their substitute, which prefigured the atonement of Jesus Christ (Rom. 10:17).

IV. The Lord's Attitude Toward Their Offerings (v. 4-11).

1. He accepted Abel's offerings (v. 4).

The reason for this acceptance was not because of Abel's goodness, but because he recognized his need as a sinner and by faith brought the sacrifice which represented the substitutionary offering of another in his stead (Heb. 11:4, Rom. 10:17).

2. He rejected Cain's offering (v. 5). This was not because of the moral badness of Cain, but because he in the energy of his self-will, brought the fruit of his own toil.

3. Cain rebuked (v. 6, 7).

Cain, having sullenly resented the Lord's action, the Lord put a question of searching rebuke to him. As He extended His mercy to Cain, so He will give consideration to all who forsake their self-will and approach Him through the Lamb which was slain. The sin offering is lying at the door of everyone.

V. Cain Slays Abel (v. 8).

He showed hypocritical friendship for Abel (1 John 3:2) to get a good chance to kill him. It is strange that the first murder grew out of the first recorded act of worship. This first murder was but a forecast of the oceans of blood which have been shed in the name of religion.

VI. God's Judgment Upon Cain (vv. 9-16).

Soon after Cain's sin, God asked Cain to account for Abel, his brother. Instead of confessing his guilt and suing for pardon, he tried to lie out of it, even answering God with defiance, disputing His right to bring him to judgment.

1. Unrequited toil.

The earth failed to respond in fruitfulness to Cain's toiling.

2. A degraded outcast.

He was condemned to perpetual exile.

3. Banished from the presence of God.

He not only was thrust out from home and society, but from the divine presence. Cain realized the greatness of his punishment, but showed no repentance of his sin.

4. God set a mark upon him.

#### The Image of God

Even the birds build their nests and feed their young, singing the while. And the animals dig their burrows in the ground, working as if it were play. And yet it has not been said of them that they were made in the image of God.—Willard Brown Thorp.

#### Trustfulness

The prayer that begins with trustfulness, and passes on into waiting will always end in thankfulness, triumph and praise.

## Ride this Dependable Two-Row Drill

It takes a big load off your mind when you know that your planting has been done right; that you have made a good seed bed, have used a high grade of seed, and a drill that is accurate and dependable.

## John Deere No. 919 Corn Drill

will get the maximum per acre yield because:  
It plants the corn just as accurately as though dropped by hand. John Deere natural drop seed plates space the kernels uniformly the desired distance apart in the row.

It has a variable drop which enables you to change the drilling distances merely by shifting the foot lever. Nine different drilling distances can be obtained from each set of seed plates.

Width between the rows can be easily changed. Quick-detachable runners permit the use of furrow openers of different styles to meet all conditions.

We can furnish seed plates to handle every kind of corn, beans, sorghum, milo maize and other seeds. Fertilizer or Pea Attachments can also be furnished.

We want to show you this drill. Drop in at the store the next time you are in town.

## EXPOSES WILES OF FAKE STOCK SALESMEN AND PROMOTERS

Latest Methods of Confidence Men Described by American Bankers Association Official—Declares That Shrewder Schemes Than Ever Before Are Taking Peoples' Savings.

By W. R. MOREHOUSE,  
Public Relations Commission, American Bankers Association.

### ARTICLE NO. 1

MUCH of the distress of many people in America today is due, not to the fact that they have not had an opportunity to earn and save money, but to the fact that they have lost their savings in fraudulent schemes of one kind or another. Many a widow is in financial difficulty not because she was left penniless by her husband but because she lost her inheritance by investing it in "gold bricks." Many a bank depositor who once carried a fine balance is penniless today not because he did not know how to save but because he did not know how to invest.

W. R. Morehouse

Perhaps if I relate some wild-cat promotions that give an insight into the activities of investment sharks it will quicken a relentless determination to provide depositors with much needed advice in investment matters. I have come in personal contact with many cases, some of them almost unbelievable because of the very crookedness of the schemes to defraud, yet thousands of our hard-working savers have been led to invest their savings in these promotions. In giving the high lights of certain cases I am not drawing on my imagination in the least, nor am I relying on hearsay, but giving first-hand information.

#### Unbelievable but True

Many millions of dollars have been lost in oil. The sum is staggering. Into every corner of the United States the media carry high-powered sales talk of great riches to be made in oil. Carried away by these promises, depositors quietly withdraw funds from their banks and send them on to wild-cat speculators. Not one out of a hundred has ever recovered the money he invested. Still wild-cat promotions continue to flourish, with a new crop of victims coming up to take the place of those who are forced out of the

excitedly back to the derrick, wrench in hand.

"We have drilled to the 'Bell' and!" the lecturer shouts, bringing cheers from every high-pressure salesman followed by a chorus of voices from the surprised audience. "We can bring in a 5,000 barrel well if we care to, but if we go deeper to the 'Meyer' we can get a 12,000 barrel well!" he adds.

"Go on deeper! Go

The Fake Oil Stock Sale Was Opened With Prayer

running because they have already lost their savings.

Listen to this one! It is a typical case. A tract of land, just ordinary land, nothing about it to indicate there is oil beneath the surface. An oil rig, a few tools, half a dozen strings of pipe are close at hand. A large show tent filled with chairs that will seat several hundred people. It is 10 a. m. The sun is shining brightly, and it is a glorious day.

Presently several large busses draw up loaded with people ranging in age from fifty years to eighty. A corps of high-pressure salesmen rush out to greet the arrivals and to assure them that they are most welcome to what will be the next great oil city of America. The aged and feeble mind is tearfully conducted to comfortable chairs under the big tent in plain view of those seated as they peer out through the flap of the tent stands majestically the oil rig spattered with crude oil and nearby is the big oil pump also filled with oil. Through an ingenious circulating system oil from the pump flows into the well and back into the pump through a pipe in full view.

#### Religious Revival Methods

Presently the official lecturer calls the meeting to order. The impression he creates is that he is either a minister or has studied for the ministry. He opens the meeting with prayer for the success of the venture in oil. After prayer this sanctimonious gentleman tells how he has invested all of his own earnings and all of his children's savings in the venture, so confident is he that it is to be an oil gusher and all are to be made rich.

He charms his audience with his oratory. He impresses them with his honesty. He calls their attention to oil in plain view, intimating that it is from the well. And while he is painting before them, figuratively speaking, luxury and old-age comforts if they invest in the "A-A" Oil Company, the foreman of the rig rushes in, his clothes spattered with crude oil. He is excited and almost out of breath as he reaches the sanctimonious lecturer. A few words are whispered. The lecturer's face registers great delight at the news. He turns back to his audience, a smile of victory on his face. The foreman rushes

on down!" shout the salesmen almost in unison, followed by cheers from the listeners.

The zero hour is at hand. The time has come for the high-pressure artists to sign up the listeners for units. The salesmen "hit while the iron is hot." Nearly every listener is signed up. The few who hesitate are forgotten only momentarily.

One by one these old people, under the spell of being rushed into the deal, pay over their cash, sign notes or turn over good securities for units in the "A-A" Oil Company.

This picture of an oil speculation may seem too crooked to be true, but it is a real story of how thousands of savings depositors, all past the age of fifty, lost over half a million dollars.

This story is one of many hundreds that might be told, all of which have ended disastrously for millions of investors.

Article II will reveal further fraudulent schemes for robbing workers of their savings.

Truth and Advertising Have Made America Great

Truth in news columns and advertising is the foundation of America's prosperity, Melvin A. Trower, Second Vice President American Bankers Association, recently said, adding:

"Continuance of our prosperity rests chiefly upon continuation of the greatest of all causes for our present good times—truth in news columns, truth over the store counters and truth in advertising. World-wide acceptance of great discoveries and inventions has been due to the fact that the newspapers truthfully described them and the manufacturers truthfully advertised them. If deceit had been the general rule, if the motto had been 'sell quick and let the buyer beware' the public would have turned again the new things. I recall one particularly large firm which three years ago began advertising its wares falsely. It is today hopelessly bankrupt."

"Wise advertising costs nothing. You have only to increase the sale of your products to the point that covers the advertising charge to enjoy enlarged business without cost. Natural saving in overhead is profit for dividends or for fund expansion."

## Tailored Blouse for General Wear

Popular Garment Favored; Suitable for Use on Any Occasion.

There is no place to which the blouse may not go these days, observes a fashion writer in the New York Herald Tribune. It is seen on the golf links, trially tailored; about town or at tea in soft shades of sheer materials with slim skirts to match; dining on the roof garden or darning on the veranda of the country club, in graceful swirls of chiffon, worn over matching or contrasting slips.

The sports type of blouse, which readily adapts itself for use in a variety of costumes, relies for its attraction upon the beauty of its material and the fineness of its tailoring. Simplicity is the underlying theme, but it is a simplicity deftly developed into an exquisite harmony of fine tucking, plaits, jabots and novel collar and pocket treatments. Crepe de chine, rayon, tub silk and fine cotton broad cloth, which at a little distance give all the appearance of a firm fine silk, are the media in which sports blouses appear at their best. For a sports blouse, of course, must have some body, must tub well, and despite its dainty appearance, stand the wear and tear which active participation in sports entails.

Trim, mannish collars, which may be worn open, or buttoned up close to the throat, are in vogue, although occasionally a less severe note is sounded, such as the simple V or rounded neckline or a fold which develops into a scarf end. Sleeves this season have been principally long and tight with tailored cuffs, but the vacation season brought out an increasing number of short-sleeved models.

The type of blouse which numerically leads all the rest is the semi-tailored jumper with matching skirt most often draped in shades of blue, green or in the developed of georgette crepe in the shown in crepe de chine or tub silk as well. Here long and short sleeves again divide the field, with honors going to the former. A new and striking touch is the application of a modernistic design or of a conventionalized animal across the pocket or at the side front of the blouse. In some cases this is painted, in others it is achieved by embroidery; in all cases it is effective. With this exception the sheer jumpers are usually unadorned except on tiny scarf collars, tucks, bindings and their own attractive colors for the charm which is undeniably theirs.

Latest of the blouses to come into favor is the 44-inch tube of flowered chiffon or georgette crepe which is also seen in printed silks. Because these when worn over a matching or contrasting slip take the place of a dress, they are as practical as they are charming.

## Pins, Bracelets for Individual Costumes

The vogue for a simpler style of dressing and the increasing popularity of clothes of the semisports type which form the greater part of the daytime wardrobe of the woman of fashion, have brought about the introduction of accessories distinctly different from those of other seasons and amazingly successful from the decorative as well as the useful point of view.

Few things show more clearly the influence of fashion than jewelry which reflects in so many ways the present tendency to have each detail an integral part of a perfect whole rather than a separate entity.

To wear with simple clothes there have been designed charming pins and bracelets that are in perfect taste for clothes of this type. Among the novelties are sport and sweater pins, decorative little affairs of enamel combined with semiprecious stones and exquisite in their delicate workmanship. One, of white enamel, has a leaf carved from a ruby at one end and along the bar tiny drops of rubies and diamonds set in enamel.

Interesting effects are achieved by combining stones of distinctly different character while a necklace of amber from which hangs a pendant of white jade is as unusual as it is lovely.

## Shield-Shaped Brim Is Feature of Autumn Hat

A shield-shaped brim, spangled with varicolored embroidery in silk and ribbon, makes one of the smartest hats designed for fall.

# RUG CLEANING TIME

## Special For Two Weeks Only

## Beginning April 26 to May 8

the O. K. Laundry to further introduce their Rug Cleaning, will clean your Rugs and Druggets by our shampoo and vacuum process. Your Rugs will be shampooed with Palmolive Soap, which is the best soap money can buy. Note our prices for TWO WEEKS ONLY, April 26 to May 8th:

2x4 RUGS CLEANED	25c
3x6 RUGS CLEANED	50c
6x9 RUGS CLEANED	\$1.50
8x10 RUGS CLEANED	\$2.25
9x12 RUGS CLEANED	\$3.00

When you send your Rugs to us they are returned to you as clean as the day you bought them; the colors are brought out and they are fresh and clean. Now is your opportunity to get your Rugs Cleaned. Phone 130 and we will do the rest.

## Railroad News

### I. C. BUYS FOUR MOTOR CARS

The Illinois Central System has purchased four gasoline motor cars to be used in place of local passenger trains now operated with steam locomotives. Three of the motor cars have been shipped by the manufacturer and will be placed in service as soon as they are received, which will be in about ten days. Delivery of the fourth car is expected about May 1.

The steam trains which the three motor cars now en route will replace are operated between White Heath and Decatur, Ill.; between Freeport, Ill., and Madison, Wis., and between Freeport, Ill., and Dubuque, Iowa. The fourth car will replace trains operated between New Orleans and Sellers, La. The motor cars will furnish the same service that is now being performed by the steam trains.

The new motor cars are of the latest design and were selected by the Illinois Central System after a careful study of the merits of various types of motor cars. They are of all-steel construction, with two four-wheel trucks, and are driven by six-cylinder gasoline motors, generating about 200 horse-power, the motors being connected to the forward trucks. The cars are equipped with airbrakes and electric headlights and are capable of a speed well in excess of the maximum required to maintain the present schedules. The outside length of the cars is fifty-five feet.

The interior of the cars to be used between White Heath and Decatur, Freeport and Madison and Freeport and Dubuque is divided into a passenger compartment with a seating capacity of thirty persons, a smoking compartment which will accommodate ten persons, and a baggage, mail and express compartment. The baggage, mail and express compartment is twenty feet long, and is provided with folding seats which permit possible use of this compartment by passengers. These seats, which automatically fasten to the side of the car when not in use, will accommodate nineteen persons. The entrance for passengers is at the rear of the cars.

The baggage, mail and express compartment has been omitted from the car to be used between New Orleans and Sellers, this space being used instead for passenger accommodations. The interior of this car is divided into separate compartments for white and colored passengers, as required by the Louisiana laws. A movable partition is provided, which will separate the white and colored compartments so that the space can be adjusted to meet traffic requirements. This car has a total seating capacity of sixty-eight persons, and has entrances at the sides as well as the rear.

All four of the new cars have white enameled ceilings and walls of mahogany finish. They are equipped with electric lights, hot water heat, double window sashes with a permanent screen between the sashes, silk-faced green curtains and cane seats. Seats on the right side of the cars accommodate three persons each and those on the left side, two persons each.

The new motor cars cost the Illinois Central System between \$25,000 and \$30,000 each.

## Hickman News

Claude Kemp, charged with attempting assault on a nine-year-old girl last August, and Tom Simpson, charged with bootlegging escaped from jail at Hickman, Wednesday, April 21.

Mrs. Ibie Cooper, of Huntingdon, Tenn., has rented the La-Clede hotel from the owner and manager, Mrs. Addye West, and will take charge on May 1. Mrs. Cooper has been in the hotel business for many years and has wide experience in this business. Mrs. West, who was sheriff of this county last year after her husband's death, and who has been operating the hotel since his death, will take a much needed rest, and will drive through to California with her son, J. C. West, to spend part of the summer.

## Community Building

### Up-to-Date School Is

#### Vital to Community

Every patron of the public school system owes an obligation to that system. If improvement in the schools is not keeping pace with progress in industry, in farm machinery, in general transportation, including roads, type of vehicles, and the like, there is something wanting in the school system, we may be sure. Even though it may be possible to set forth on paper measurable and tangible progress year by year, improvement must proceed continuously and school officials and patrons will be wise to form the habit of looking backward over a period of five or ten years to assure themselves that improvement in school administration and practice parallels that in other fields. A bulletin issued by the county board of education of Wilson county, N. C., recently received in the bureau of education, Department of the Interior, represents a fine piece of educational publicity. It is an account of progress from the school officials to the school patrons. It shows in pictures and in other ways the changes that have taken place in the schools of the county during the ten-year period. Among other accomplishments the number of schools has been reduced from 57 to 17; school attendance has increased 64 per cent, while the investment in school property is nearly twenty times as great in 1924 as in 1914. One-fifth of the children are transported to school in auto trucks and 17 handsome buildings replace the "shacks" of former days.

It is apparent that progress of this kind representing improvement in roads, in school organization, in appearance and adaptability of school buildings, cannot be effectively exhibited in an annual report. If, however, a five or ten-year period passes and no progress is noticeable, interested citizens have reason to think that there is something wrong with their school system. Lack of development, inertia, is as serious in school systems as in business or industry. School officials and patrons should hold themselves responsible for reasonable and continuing improvement.

### Home Ownership as Basis for Strength

Unhappily, the notion is still current among many people that four walls and a roof make a home, but they do not make a home. Nearly everyone has some kind of a house; a place he hangs his hat and calls home; it may be a place where he eats and sleeps, while he dreams of a home, a place which he has made a sanctuary for his wife and children, and where love and happiness reign supreme. A home and a shelter are two distinct phases. But real homes with their joys and their rewards were never more within the reach of the young men and women of the community than they are today. House-keeping, through the invention of new devices for household efficiency, has become easier, and freedom is greater on the part of women, because of the strides made in equipment and labor-saving devices, and knowledge, both of the importance of the home as a factor in the social life and happiness of the community, and how to maintain it, was never so widely spread.—Exchange.

### Alabama Town Awake

Aniston has just incorporated a new foundry company for the manufacture of gray iron castings of miscellaneous type. The company will employ 50 men and already has large orders on its books. All of which is an interesting news item to Alabama, but the most interesting thing about it to us is the fact that Aniston citizens subscribed all of the \$15,000 stock necessary to create this new industry, thus showing that they have faith in their town and its advantages as a manufacturing center. It is a habit that is making Aniston citizens rich. They keep at home all of the profits of their industry and thereby create permanent and lasting wealth for Aniston.—Gadsden (Ala.) Times.

### Wisconsin Cities Zoned

Fourteen Wisconsin cities have adopted city planning and zoning ordinances within the past four years, says Prof. L. S. Smith, professor of city planning in the University of Wisconsin.

Professor Smith has prepared planning and zoning ordinances for Appleton, Waukesha, and Oshkosh, two of which have been adopted. The Oshkosh ordinance is expected to be adopted soon inasmuch as its passage has been recommended by the present city planning commission and various civic bodies.

### Tree Planting in Fall

Many trees should be planted in the late fall or just as soon as they become dormant. This planting results in better growth in the spring, the tree rooting in its new location better than if moved after it has begun to show signs of life. Very few types of tree cannot be moved at this time, and the home owner who is desirous of adding to his landscape should not put off his work too long before deciding upon the trees he wishes to plant.

### NO DOUBT ABOUT IT

Manager (to female applicant for position on the stage)—Have you had any experience?

"No."

"I suppose you were the talk of your town?"

"Oh, no."

"You expect to be a star some day?"

"Oh, no, of course not."

"Can you sing?"

"Very little."

"All right, you're hired. I'll use you as a curiosity."

### Drawing the Distinction

"Are you a politician or a statesman?"

"I don't know yet," answered Senator Sorghum. "If I get re-elected and stay in the game, they'll call me a politician. If I get defeated and write essays, the publishers will advertise me as a statesman."—Washington Star.

### A Surprise

Suitor—I hope my proposal for the hand of your daughter hasn't taken you by surprise, sir.

Father—Well, to tell the truth, it has. You've been so jolly slow in getting around to it that I thought it wasn't coming at all.

### Question of the Moment

"And what," asked the prospective father-in-law, "do you expect to do for my daughter in the future?"

"I hadn't thought much about it," answered the equally prospective son-in-law. "You see, tomorrow's her birthday and I'm worrying now about her present."

### Even

Girl (slipping on new engagement ring)—You've hit on my favorite stone, old thing, which is more than the others did.

Man—It's the same kind I usually buy.

### WHY THEY DIG

"Why are these congressional committees always digging into something and stirring up the dirt?"

"Because it's pay dirt, my boy."

### Insult to the Mule

When the donkey saw the zebra, he began to switch his tail. Well, I never! was his comment. There's a mule that's been in jail.

### Another Flash

"Whither away, stranger? What wouldst?" cheerfully St. Peter, as he leaned over the pearly gates.

"Goah, let me in," muttered the wandering soul of convict No. 999, just released from the electric chair. "I just had the shock of my life."—Colgate Bantier.

### His Status

Man (to young clerk behind counter)—Are you the head of this business?

Clerk (who is the grocer's son)—No, I'm only the heir of the head.—The Progressive Grocer.

### Happy Thought

"Rex is a mighty bright chap."

"Yes, sir, they say it was his idea to broadcast bedtime stories at 2 a. m."

### Hateful

"Oh, Harold proposed to me last night while turning the music for me at the piano."

"I see, dear. You played right into his hands."

### A NATURAL MISTAKE

Mr. Cod—Well, I declare, some one has sent me a present!

### Still Looking

About the Wandering Jew we are no longer in the dark: The unfortunate man was looking for a place in which to park.

### Might Just as Well

Bandit—Money or your life! Mr. Peck—Take both, and save me the trouble of explaining it to my wife.

### Good Advice

"What kind of a husband would you advise me to get?"

"You get a single man and let the husbands alone."

## TIME TO PLANT

Spring time is planting time. It is the season to cooperate with nature by providing the seed so that we may share in her bounties at the harvest time.

This is planting time not alone for the farmer, but for the urban resident as well. If he has no garden, he has a lawn, and on that lawn should blossom trees, shrubs, bushes and flowers.

Fulton has long been looked upon as a beautiful place. Visitors time without number have marked the well kept lawns, the artistic shrubbery and the stately shade trees, all combining to add to her beauty.

The community has these things, in which all take a justifiable pride because somebody, many years ago, had the foresight to understand that to make a community attractive, it should appeal to the eye. One of the things our ancestors did was to plant trees along the main streets.

Their sons and daughters, moved by the same motives, have continued to take pride in their homes and the outside surroundings. They have planted shrubbery, bushes and a profusion of plants and flowers which make Fulton distinctive—in a class by itself.

The responsibility rests with those who are now the home owners to carry on. They should never forget that unless some thought is given to the beauty of the premises surrounding their homes, the work of those who have gone before will have been in vain.

Now is the time to keep up cultivation of that beauty which all enjoy, especially in the decline of life. Old age comes to everyone, and it can be made more pleasant by the exercise of forethought and the expenditure of a little energy before the heritage of youth and middle age has passed on to the next generation.

## ATTORNEY R. GUY ROBBINS OF MAYFIELD PASSES AWAY

After a month's illness of complications, Attorney R. Guy Robbins, son of Judge J. E. Robbins, of Mayfield, passed away at his home in that city early Saturday morning. Mr. Robbins was 43 years of age at the time of his death and was well known in Fulton and throughout the first District, having made the race for Commonwealth's attorney in 1915. He was born and reared in Mayfield, where he was highly esteemed by his large acquaintance. He was a modest, genial and affable gentleman, possessed of high ideals, of rugged honesty, strong in his convictions and with courage to do his duty without fear or favor in any position he was called to fill.

On the 30th day of October, 1907, he was happily married to Miss Irene Amberg, of Hickman, Ky., and their union was blessed with four children, two boys and two girls.

He was admitted to the bar in 1905, since that time he had been actively engaged in the practice of law, as the junior member of his father's law firm. He is survived by his father, his widow and four children.

Funeral services and burial were held Sunday afternoon, conducted by the Rev. E. J. Barnett, assisted by Rev. Arthur Fox.

## HOME BOY MAKING GOOD

Shirley Alverson, of New Orleans, was in Fulton several days this past week and while here, informed his friends of his resignation as secretary to J. W. Heyron, general superintendent of Southern lines, to accept a position with the general freight agent. Shirley Alverson is the son of Mr. and Mrs. G. E. Alverson and has been with the I. C. R. R. ever since leaving college. He volunteered in the late World war and was assigned to railroad service in France. On his return, he became secretary to the late Mr. J. M. Egan and has been successively with Mr. W. Atwell and Mr. Heyron, on Business Car No. 19.

## Beelerton News

Mr. Harold White, a student at Bethel College, McKenzie, Tenn., spent last week end with his parents, Mr. and Mrs. P. W. White.

Mrs. Birdie Hicks, who has been residing in Meridian, Miss., for the past few months, is visiting relatives in the community.

Rev. and Mrs. E. S. Hicks entertained with a dinner last Thursday evening in honor of their son-in-law, Mr. J. R. Pharis, of Detroit, Mich. Included in the list of guests were Miss Jewel Robey, Mrs. A. D. Raymer, Mrs. Birdie Hicks and Messrs. John Kirksey and Ray Pharis.

Several people from here attended the "Old Fiddlers' Contest" at Clinton last Saturday night.

Mr. and Mrs. Rich Gardner and son, Jenn, spent Saturday night with Mrs. M. R. Bushart.

Misses Alma Bushart, Pauline Brown, and Ludean Bryan were the guests of Miss Hazel Morris last Saturday night and Sunday.

Miss Carmie Lee Cooley spent Sunday with Mrs. Mattie Sams in Clinton.

Misses Margaret Wilson and Zeina Pillow were the guests of Miss Carmie Lee Cooley last Sunday.

Miss Geneva Kaykendall spent Sunday night with Mrs. Ed Harrison.

Mr. and Mrs. J. D. Dixon, of Shiloh were the guests of Mr. and Mrs. John Howell last Saturday night and Sunday.

Mr. and Mrs. E. J. Bennett and Mrs. Jodie Phelps were the guests of Mr. and Mrs. John Howell, Sunday afternoon.

Messrs. A. D. Raymer and Cayce Pillow, students at the Murray Normal, are visiting home folks this week.

Mrs. E. S. Hicks and children and Mrs. Birdie Hicks visited relatives in Clinton last Sunday afternoon.

Mr. and Mrs. Jim Bushart and daughter, Mary Frances, were the guests of Mr. and Mrs. Jess Wry, Sunday.

Miss Margaret Foy spent Sunday afternoon with Miss Mondelle Jones, of Fulton.

Miss Loudean Kirby visited Miss Marguerite Hancock last week end.

The chapel program last Monday morning was arranged by Misses Tommie Wiley and May Polsgrove and formed an enjoyable hour. Mesdames Jim Bushart, Lenward Pharis, Lundy Byrd, Miss Zelma Pillow and Messrs. Ray Pharis, Cayce Pillow and A. D. Raymer were visitors for the morning.

## McFadden News

Mrs. Jessie Lee Flemings and little daughter, Virginia. Mrs. Billie Reed, of Fulton, Mr. and Mrs. H. L. Putman spent Sunday afternoon with Mr. and Mrs. Tommy Reed.

Mr. and Mrs. Jim Bard and daughter Lillian, spent the week end with Mr. and Mrs. Clarence Bard, in Fulton.

Mr. O. C. Wolbertson and daughters attended church at Union, Sunday morning.

Mr. and Mrs. Sam Bard and son, Layman, spent Sunday afternoon with Mr. and Mrs. C. J. Bowers.

Mr. and Mrs. Ernest Carver spent Sunday afternoon with Mr. and Mrs. Willie Wade, of Crutchfield.

Payne Harris, Mozelle Underwood, Martin Hall, E. C. Underwood spent Sunday afternoon with Edward and Louise Wolbertson.

Mr. Richard Childers called on Miss Laura Mae Pickering, Sunday afternoon.

Misses Frances Alexander, and Louise Shupe spent the week end with Lucy Bowers.

Mr. and Mrs. Porter Harris were Sunday afternoon guests of Mr. and Mrs. O. C. Wolbertson.

Mr. and Mrs. John Daws spent Sunday with Mr. and Mrs. Shelby Wagner.

Miss Lillian Bard accompanied by Mr. and Mrs. Clarence Bard, motored to Union City Saturday afternoon.

Miss Leda Clemons spent Sunday with Mr. and Mrs. O. C. Wolbertson.

Now is a good time to renew your subscription for The Advertiser another year. Don't wait until your name is dropped from the list. A \$1.00 bill will place you in good standing on our list for one year.

THE secret of good paint is "Purity." Ask any master painter the ideal materials for use in a house paint and he will tell you Pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine and Drier and there you have the formula of Monarch 100% Pure Paint.

No substitute or cheapeners ever find a place in a can of Monarch 100% Pure Paint and you will always find "100% Pure" the "Sterling Mark" of paint on every can of Monarch you buy.

Give your home the best paint protection available by using Monarch 100% Pure upon it. It requires a 100% Pure Paint such as Monarch to really protect the surface over a period of years and it is poor economy to use cheap paint that will not withstand the elements.

It will cost you less in dollars and cents if you specify Monarch 100% Pure Paint and you will always be satisfied.

Come in and let us prove this to you. Ask for your color card.

Send the Advertiser to a friend one year—only \$1.00.

### FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

## Smith's Cafe BIG DINNER EVERY DAY 50 cents

Mr. Albert Caldwell left for Detroit, Friday. His family will remain here till he makes arrangements for their coming. "Aaron Boggs, Freshman," was played Saturday evening, to the largest audience of this season. It was well rendered and does credit to Miss Nix's training.

Ralph Nix Rodgers gave a reading and the orchestra played. All in all, an enjoyable evening.

I wish to correct the date for the P. T. A. meeting. It was announced to meet Friday evening before the first Sunday in each month, regularly. But it is really scheduled to meet the first Friday in each month, which will be next Friday evening, May 7.

The membership committee gave everyone a special invitation to come, work and enjoy it with us. Maynard Reed, their spokesman, made quite an interesting little talk in regard to it at the play, Saturday evening.

I wish to say that I heartily approve the article in the last Advertiser in regard to Commencement dress. Far too much money and labor are spent each year in this useless rivalry, particularly in small towns. Most of the large colleges, Berea, Ky., for one, have uniform dress for their graduates. Cap and gown of black for college grads, middie suits for the academy.

Chestnut Glade high school is entering four of the contests at Fulton that are to be held in connection with the two day track meet there, ending May 1.

Since there are more than one pupil who wish to enter each contest, there will have to be a try-out here to determine who shall enter. This will take place at the Chestnut Glade auditorium Friday night, April 25.

Those entering are Relma Reed and Valda Strong, piano; Mamie Milam, Valda Strong and Annie Katherine Brown in the girls' declamation; Howell Oliver, Jesse Moore, Beecher Finch, Guy Finch, Malcom Johns, Clay McConnell and Maynard Reed in boys' declamation.

Chestnut Glade had its first community singing Sunday afternoon, with a large attendance. Messrs. Forest Rogers, E. J. Brundage, Wayne Lamb and Henry Smith led the singing. The new books were used, and as this was the first time most of us had seen them, the singing was largely done by the best singers. Let us each one have a new book by the next meeting and make it a real community singing. The meeting was changed from the third Sunday to the first, that our meeting might not conflict with that of Martin.

We wish to invite all the singers in the county to attend our singing and help us make it a success. Remember, the first Sunday afternoon at 2:30. Mr. Lowe will present the play, "Nothing but the Truth," at the auditorium, the evening of May 8.

It has the reputation of being a very fine play, and has been put on by the Redpath Chautauqua. It is a royalty play of a class that is rarely seen in rural schools. Everybody arrange to come.

CHILDREN'S FATAL DISEASES  
Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by Bennett's Drug Store, Fulton, Ky.

We are hoping for a very interesting year's work. The next meeting will be at the school house, May 6th at one thirty.

## POULTRY

GUINEAS ARE BEST  
PEST DESTROYERS

The guinea is a native of Africa and is best suited to a warm country, though they will do well in the latitude of West Virginia and Indiana, writes A. J. Legg of West Virginia in the Rural New Yorker. There are two breeds of guinea in this country, the pearl and the white guinea. Both are about the same nature, the main difference being that of color.

Both breeds are of a wild, nervous nature and enjoy traveling all over the farm in search of bugs and worms. They can be taught to return home at night and to roost in the poultry house.

Guineas are about the best insect destroyers that I have ever tried; they prefer worms and bugs to grain, though they will eat some grain. I have seen them eating currant worms and Colorado beetles, two pests that chickens pass by without molesting. I have also seen guineas killing field mice. To anyone who wants to turn crop pests into a valuable product I would recommend a flock of guineas for the purpose.

The guinea is a good summer egg producer, begins laying in April and if kept from sitting she will continue to produce eggs until late in the fall. The hens lay an egg every day while they do lay and an average of about 100 eggs to the hen may be expected from a flock in a season. The eggs are not as large as the chicken eggs, but are of a better flavor and have a harder shell.

To anyone who is thinking of raising guineas I would recommend that they buy eggs and hatch them under chicken hens rather than to buy old guineas, as the old guineas are liable to range away and not come back to their new home. The best season for the young guinea to be hatched is June and July, as they delight in warm, dry weather but cannot stand a cold, wet season.

A good-sized hen can cover twelve eggs very well. As soon as they hatch they should be enclosed in a close box or coop for a few days until they learn their adopted mother's call, else they may stray away in the weeds and grass and get lost. A young guinea is like the grouse or quail and will hide when scared.

After the guineas are a few days old they become very much attached to their adopted mother and will follow her until grown. They should have free range with shelter only when it is raining.

Only a few male birds should be kept about, one for eight or ten hens. In this way they will go in flocks and several hens will lay in the same nest.

### Poultry Diseases Cause

#### Heavy Losses to Farmer

Heavy losses of poultry are being caused by a form of cold known as bronchitis or cold in the windpipe. D. C. Kennard, associate in animal industry, Ohio experiment station, who is receiving numerous reports of reduced egg production and losses from disease, attributes these losses largely to closing the poultry houses too tight and to overcrowding.

In bronchitis, apparently healthy birds die suddenly from strangulation caused by a thick mucus which fills the windpipe. This can be detected by opening the trachea, or windpipe from end to end with a pair of small scissors.

The disorder responds to preventive measures better than to treatment. Prompt relief may result from admitting an abundance of fresh air without drafts, providing ample floor and roost space, and replacing old litter with fresh, clean material. Epsom salts may be given to aid birds in overcoming the disease.

### Ducks Demand Plenty of

#### Water With Their Feed

A duck is contented so long as it has plenty of water with its feed, and a dry place to roost in; if water is not supplied, and if the roosting shed is damp and cold, the ducks first groan, then roll over on their backs and die much as ducklings die from "fits" when they encounter digestive difficulties of any sort.

Give the ducks animal food of some kind—butter milk, or beef scraps. Give them also mineral feed in the way of bone meal, and of course most ground grain and green food. Keep water in deep pans before them at every meal. Laying's ration for ducks is good for either breeders or laying stock.

One bushel bran, one bushel low grade flour, one bushel corn meal, one bushel green feed, one-half bushel either raw or cooked vegetables, one bushel in ten of beef scraps, one-half bushel in ten of cooked fish.

### Fresh Ground for Chicks

Did you ever keep chicks in a small run, and after they were eight or ten weeks old notice that they begin to droop their wings and make a slow growth? If you had plowed or spaded the run it would have helped. When chicks have only a small range they soon contaminate the soil. No other cause does more to promote tuberculous among fowls than growing chicks on the same ground, year after year. Many cases of gapes may also be traced to this cause.

## FARM POULTRY

RIGHT FEED WILL  
STOP SOFT SHELLS

At this time of the year to come plant is much more common than this hens are laying soft-shelled eggs. This means considerable loss through a corresponding reduction in the quantity of marketable eggs produced. The causes of soft-shelled eggs are well known to the well-informed poultryman. He understands that the appearance of such an egg is an indication of improper feeding and he governs himself accordingly.

The yolk of the egg is fully formed when it breaks from the hen's ovary and drops into the funnel-shaped mouth of the oviduct. It is at this point that fertilization of the egg takes place, if the egg is to be fertilized, and probably within a few minutes of the breaking loose of the yolk. In about three hours the formation of the thicker albumen is completed, this taking place in the upper and central sections of the oviduct.

The third and last section of this organ secretes the shell membrane, and it also requires about three hours for the shell to form therein. By the expansion and contraction of the walls of the oviduct the egg is forced forward into the shell gland, where the lime is deposited, and within 12 to 24 hours the egg is laid. One can readily see that anything that would have a tendency to make the egg pass too rapidly through this portion of the oviduct would cause the hen to lay soft-shelled eggs.

The first and usual cause of soft-shelled eggs is that the bird is too fat. The muscular movement of the oviduct is hindered by layers of fat, and instead of the egg being controlled by firm muscles it merely slips through a flabby mass without getting its shell on. The difficulty will vanish if the birds are made to scratch hard in a lean, dry straw litter for all their grain, and the ration fed is not overfattening. Sprouted oats will be a valuable food, as they are less fattening than either wheat or corn. In some cases it might do well to omit for a few days all mashes, especially moist mashes. If many soft-shelled eggs are coming through.

The second source of soft-shelled eggs is lack of lime in the hen's ration. In this case the shell-secreting part of the oviduct fails to do its work because of lack of material. Oyster shell broken fine enough for the hens to eat or dry granulated bone are good sources for the lime required. It is claimed by some poultrymen that the use of limestone grit also helps to supply material to the shell. It is often recommended that old plaster or mortar be broken or ground fairly fine and thrown into a box in the pen for the birds to eat.

### Keeping Records Shows Profits From Hen Flock

The year 1925 was a good one for the poultryman who kept close tabs on his flock.

"Profits for the year ending November 1 ran slightly higher than a year ago in most counties I have visited so far for summarizing records," writes G. S. Vickers, poultry extension specialist at the Ohio State university, in a letter sent to the 1976 Ohio Farmers who keep flock records in cooperation with the university.

Indications are that these poultrymen will average 130 eggs or more per hen for the year. The state average is about seventy eggs.

In Medina county the high flock made a net profit of \$328 on each hen housed at the start of the year, while the low flock made forty-two cents a hen. The low man cannot possibly maintain the same standard of living the high man can. He has a problem to meet if he wants more of these worldly goods.

### Poultry Hints

Eggs can be produced cheaply only from high-producing stock.

No one grain supplies all the feed elements needed for egg production in the right proportion.

Yellow corn, according to scientists is better food for poultry as it contains vitamin A which is essential to the poultry diet.

Egg eating is a hard vice to cure. It usually starts from the hen breaking thin-shelled eggs. To prevent the laying of such eggs give the hen plenty of oyster shells. Darkening the nests discourages egg eating, and more beef scrap in the ration helps to break it up.

Most of the fault found with incubators traces to one big mistake—failure to feed the manufacturer's directions.

The shape or weight of eggs in no way shows what sex the chicks will be, according to Department of Agriculture tests.

You can't afford to fool around with tens if you are hatching for a flock of more than fifty layers. An incubator does the work about as well and at much less cost.

## AIR DRIED CLOTHES

*Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?*

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

### Thousands and Thousands of Cubic Feet of Concentrated Sunshine

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

*Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.*

## Phone 130

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

## Road Work Progressing

Work on the new highway between Fulton and Union City is progressing nicely and within 60 or 90 days, can be traveled. Much credit is due Esq. S. A. McDade and his associates in pushing the project through. The good roads program in Tennessee has been extensive the past two or three years and Obion county has grasped every opportunity in getting its share, while the getting was good, going so far as to advance funds for immediate work and allowing the state to reimburse them when funds were available from the state treasury.

What we need in this neck of the woods is more men like McDade and Hagler. Men who never tire of working for communities that honor them with office. Had McDade slept over while on the job, the new road now being constructed between Fulton and Union

City may have been indefinitely postponed or lost entirely.

We, of the Kentucky side, don't seem to fully realize what this new highway means to Fulton. It not only shortens the distance between our town and Union City, 3 to 4 miles, but opens up a trade territory well worth developing. Fulton is fortunate, too, insofar as it will not cost the Kentucky side one red penny. The road will come into State line road just beyond the overhead bridge opposite John Owen's home place.

### GENERAL FEDERATION OF WOMEN'S CLUBS—ATLANTIC CITY

To the Club Women of Kentucky:

With Atlantic City as an unusually attractive setting, the 18th Biennial Convention of the General Federation of Women's Clubs, promises to be the greatest in the history of our Biennials. The formal opening takes place on May 24, with President Mary Sherman presiding, the Convention meetings being held on the steel pier.

The programs will be un-crowded, allowing several hours each afternoon for rest, recreation and enjoyment of Atlantic City. "The American Home" will be the keynote of the meeting. The programs will be full of information and inspiration, appealing to you as club women, as home makers and business women, while the speakers and artists will be of national and international reputation.

Aside from the great benefit to yourselves, you should attend this biennial, because the Kentucky Federation needs you. Kentucky has a candidate for General Federation Treasurer, our own Florence English Reynolds. Let's tell the other states what we think of her by sending a record-breaking delegation as her sponsors. Mrs. T. S. Robertson, of Bethel, chairman of Fine Arts, has written an attractive "Reynolds campaign" song, set to a familiar air. Write to her for a copy, so you may be ready to sing Kentucky's praises. Other

states with candidates will send delegations numbering hundreds. Come on! Let's not fail with Kentucky!

Forty double rooms with baths have been reserved at the Brighton hotel, on the Boardwalk, for Kentucky club women, at \$50.00 per week. This rate includes room and three meals the day. Double room meaning two in a room, choose your room mate and state your preference in making reservations with Miss Virginia Lockett, of Henderson, Kentucky, by May 15. Upon sufficient number of requests, a day sight seeing in Washington, with a guide, will be arranged on the return trip.

MRS. JOHN L. GRAYOT, Publicity Chm., K. F. W. C., Madisonville, Ky.

**FOR HOME AND STABLE**  
The extraordinary Borzone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borzone, and the Borzone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Bennett's Drug Store, Fulton, Ky.

### Everybody is Talking About Culver's Improved Sweet Cream Ice Cream

Culver's Improved Sweet Cream products are strictly pure and wholesome, made in a factory where sanitation reigns supreme and is delivered well packed in ice so it will keep for several hours at your home or out on a picnic jaunt. The same careful consideration will be given special orders for parties, picnics and Sunday dinners.

#### FULTON

"Not the oldest, nor yet the youngest; not the richest, nor yet the poorest; not the largest nor yet the least; but take it all in all, for men and women, for flocks and herds, for fields and skies, for happy homes and loving hearts, the best place outside of Heaven the Good Lord ever made."

### Lustrous Taffeta in Gay Party Frocks

Nothing was ever better suited to party frocks than crisp, shining taffeta, and it gives a good account of itself in the pretty frock pictured. Taffeta makes the corded puffs used for trimming and satin ribbon provides the belt and flowers.

## Alfalfa Leads All Crops in Profit to the Farmer

ALFALFA is the most profitable of all farm crops, according to the Blue Valley Creamery Institute. In acre value it ranks first among the eight leading forage and grain crops grown on American farms, if average yields for the United States from 1921 to 1924 and average farm prices during that period may be taken as an index. Its acre value, according to the Institute's experts was \$12.84, which is \$11.08 higher than that for corn; \$12.33 higher than clover hay; \$18.30 per acre more than wheat; \$18.79 greater than the acre value of timothy hay; \$19.32 higher than the acre return from barley; \$20.74 more than oats and \$21.90, or nearly three times greater return, than the acre yield of rye.

Alfalfa is a concentrated hay feed that reduces feed cost, provides the protein which corn and other grains lack to make milk, beef and mutton economically. In feeding value, pound for pound, it is equal to shelled corn, if based on amounts of digestible nutrients each contains. As dry forage it is considerably more valuable than clover hay, and by far more valuable than timothy hay.

Alfalfa has another very important value which makes it practically indispensable on every farm where dairy cows are fed. Not only will it produce huge crops at a profit several times a year but it also enriches the soil while it grows.

## POULTRY

### POULTRY HOUSE QUITE IMPORTANT

Chickens raised on grandfather's farm roosted in the apple trees or on the hinder reel because these places were accessible, convenient and neither crowded nor stuffy. It is pointed out by W. A. Foster of the farm mechanics department, college of agriculture, University of Illinois. This choice of birds' should be a valuable guide to the modern poultryman who is planning to build a new chicken house or remodel the old one, Foster says.

"Suitable housing is just as important as the care of the flock, because it provides for the comfort of the birds at all seasons. Furthermore, it is convenient for the attendant. In addition, to be effective and efficient, the house should be simple in construction in order to keep the cost and upkeep low. A neat, attractive house adds to the appearance of the building group and value of the farm."

"The comfort of the birds is secured through freedom from dampness and drafts and provisions for ample floor space in feeding and roost space for night. An abundant supply of fresh air and sunlight promotes the health, vigor and comfort of the birds."

"A dry house requires a dry floor placed on a porous, well-drained site, a lead-proof roof, tight walls and close-fitted doors and windows, proper ventilation supplies fresh air to the birds, removes the moisture from the breathed air and filter and minimizes drafts, which are disastrous to the flock when the birds are inactive on the roosts at night. This ventilation may be provided in several ways. The apple-tree roosts of a generation ago were well ventilated. The open machine shelter where the range flocks like to roost is also well ventilated. Biddy's choice, then, may require a little thought on our part. Why did she choose a perch on the harvester's reel? It was accessible, convenient and neither crowded nor stuffy as many roosts in the modern hen house."

"Open-front houses provide ventilation and sunlight, but must be used with common sense to avoid undesirable drafts. A southern exposure is desirable. Modern ventilation equipment has advanced many steps in recent years. It is not yet fool-proof but will require further study and intelligent handling."

"A poultry house of simple construction is not only desirable but necessary to the success of the venture. Simple construction enables the attendant to build houses and install equipment which would be prohibitive if skilled labor was employed."

"A neat, attractive, well-kept poultry house surrounded by a healthy, vigorous flock should be the pride of every poultry raiser. It is not only encouraging to the owner but an asset in marketing the products."

### Milk Powder Remedy for Little Chick Diseases

Milk powder is the remedy for the disease of coccidiosis, which for years has taken its annual toll of baby chicks, according to the results of experimental work conducted at the California agricultural experiment station. The results of the investigation recommend the feeding of a ration to baby chicks which contains 10 per cent of dry skim milk. The investigators say: "The fact that feeding chickens mash containing 40 per cent dry skim milk not only protected them against coccidial infection but also stimulated rapid growth, indicates that this would be a valuable practice in the prevention and control of outbreaks of the disease on poultry farms."

Two pens of chicks fed in the experiment were inoculated with the germ of coccidiosis. Of those which did not get dry milk in their mash 23.8 per cent died. Of those which did get dry milk only 2.3 per cent died. It was found that chicks fed powdered dry milk produced 25 per cent faster growth than those which were not so fed.

### Poultry Facts

It is much easier to keep healthy and happy than it is to "doctor" sick birds.

Chicks hatched early this spring will start laying in the fall and make good producers by winter.

Clean, fluffy hen feathers, well dried make fine pillows and cushions; and in fancy ticking they might be sold.

By thoroughly disinfecting your incubator with a 5 per cent solution of cresote or carbolic acid, tubercular organisms can be destroyed, making incubation perfectly safe.

Sunlight and vitamins must be mixed in the ration fed to poultry these winter months if egg production is to keep up to normal.

Wheat or oats are rich in protein but do not carry enough carbohydrate to balance up this most valuable of all the feed elements.

Incomplete rations are responsible for tremendous losses each year from failure of pullets to lay during the winter, and from heavy mortality to pullets, especially the following spring.

### Scarfs of Many Kinds Add Chic to Styles

Nothing is more effective and chic than scarfs—they are important in spring modes and are of many kinds. Besides the long, soft independent scarf, there are small ones to match frocks and more ample and elaborate ones to match hats—as illustrated—for sports and formal wear.

## Advertis- ing a Sale!

YOU don't leave your rig in the middle of the road and go to a fence-post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your side. One extra buyer at no extra expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after. Bills may be a necessity, but the ad is the thing that does the business.

Don't think of having a special sale without using advertising space in this paper.

One Extra Buyer  
at a sale often pays the  
entire expense of the ad.

## We Must Work Together

EVERY thoughtful citizen of this community is interested in its development and progress. There's no question about that! We all want our children to enjoy better homes, better schools, better parks - more agreeable surroundings and greater comforts.

We all want our town to keep step with its neighbors to take the lead in civic affairs. So there is only one sound plan for us to follow:

*We must work together to increase the wealth of this community by doing everything we can to encourage local business.*

When you and your family patronize our advertisers - the stores and banks of our town - and keep your money in circulation right here at home, there is no power on earth that can prevent our progress.

## Methodist Church

J. V. Freeman, Pastor

Sunday school, 9:30. T. J. Kramer, Supt.

Epworth Leagues, Junior at 6:15; Senior at 6:30.

Prayer meeting, 7:30 each Wednesday.

Preaching 11 a. m. and 7:30 p. m. by the pastor. Public invited to attend all the services.

The revival services, which were conducted by Dr. Russell all last week came to a close Sunday night. Dr. Russell's sermon at the morning hour was very impressive, using as his subject, "The Temptations of Christ," and delivered to a crowded house. There were twenty-two who united with the church at the morning hour and others have given their names to join later.

The Sunday night address was powerful subject of "Neglect." Text, "How can they escape if they neglect so great a salvation?" Dr. Russell urged all who had not taken a definite stand for Christ to no longer neglect so great a matter.

Dr. Russell is one of the foremost ministers in the Methodist church and Fulton church was fortunate in having his services. It is thought he will be elected bishop at the general conference which convenes in Memphis in May.

The pastor of the church wishes to thank all who contributed in any way to the success of the meeting either his own members or those of other churches.

We hope Dr. Russell may come our way again. Also Mr. Grenfell, who conducted the singing.

The Warner Blackard Society will meet Monday at home of Mrs. Cohn, with Mesdames Chloe and Cohn as hostesses.

The Junior Missionary Society will meet today with Marguerite Butt.

## First Baptist Church

C. H. Warren, Pastor

April 23-29, 1926

Friday—7:30 p. m. Brotherhood meets at the church, R. B. Allen directing the program.

Subject, "The Life of Jacob."

7:30 p. m. The Y. W. A. will meet with Miss Blanch Austin.

Saturday—3:00 p. m. The Girls' Auxiliary will meet with Mary Moss Hales, 411 College street.

Sunday—9:30 a. m. Sunday school, George C. Roberts, superintendent.

11:00 a. m. Sermon by the pastor.

6:15 p. m. Ali B. Y. P. U's.

7:30 p. m. Sermon by the pastor.

Monday—3:00 p. m. The General Assembly of the W. M. S. will meet at the church.

Tuesday—3:30 p. m. The Sunbeams will meet with Mrs. R. B. Allen, 210 Green street.

Wednesday—6:45 p. m.—Teacher's meeting, room No. 4, at the church.

7:30 p. m. Prayer meeting.

Thursday p. m. Choir practice, Miss Goldsby, director.

On last Friday evening, the Brotherhood had for its study the life of Joseph. Those present enjoyed a very interesting and instructive round-table discussion.

At this meeting it was decided the Brotherhood would sponsor a study course in the near future, studying the book, "Training in Christian Service."

All members of the church are invited to attend the lectures during the study course.

The work on the main auditorium of the church building is progressing very satisfactorily, and it is believed will be ready for occupancy by all departments not later than the middle of June.

During the opening devotional of the B. Y. P. U. last Sunday evening, the awards were given for recent training school held at the church.

There were fifty-nine in the local church who were awarded diplomas or seals at this time.

All departments of the Union is in a flourishing condition, and the leaders are very optimistic over the work for this year.

Miss Elizabeth Hall, Acting General President of the B. Y. P. U. left Thursday for Owensboro, as a representative from this church in the general convention which convenes there during this week end.

Mr. T. D. Hilliard and Mrs. J. S. Willingham have been elected leaders for one of the intermediate groups of the B. Y. P. U. This group is to be congratulated upon having the leadership of such capable people.

Trinity Episcopal Church.

104 Washington St.

Dr. A. C. Boyd, Rector

9:45 a. m. Church school, H. S. Stansbury, superintendent.

7:30 p. m. Evening prayer and sermon.

Everyone cordially invited to attend these services.

Church News

Dr. Boyd expects to go to Columbus for morning service next Sunday, returning for evening service at 7:30 p. m.

The Rector is preaching a course of sermons on "Can These Bones Live?" He presented the congregation with a discourse on the significance of the possible life in the resurrection of these human bones and the historical evidence of the

possibility, last Sunday evening. He will continue the scriptural and scientific possibilities of the resurrection.

A large congregation attended Trinity services at 11:00 a. m., and a good congregation Sunday night.

Miss Hattie May Godfrey, the organist at Trinity church is spending a few days with relatives in Chattanooga, Tenn.

While away, Mrs. Mack Roach will play the organ for the church.

Clara Elizabeth, the little daughter of the rector and his wife, is lamenting the death, by poisoning, of her pet black cat, Ham Bone, who was found dead in the basement of the church, Monday morning.

Mrs. Frank Flemming has purchased a new car and is now independent of the rains in getting to and from her home and school.

The small daughter of Mr. and Mrs. Alvin Shupe, of West street, who has been indisposed for some time, is reported better.

Neal Karmire is in training for the high school track meet, which takes place on May first, at the Fair Grounds.

## YOU ARE INVITED

Don't fail to attend the Perfection Oil Cook Stove Demonstration at A. Huddleston & Company's store, Thursday, April 29. A factory representative will be with us.

## Little Mary Sue Johnson Is Call to Her Heavenly Home

Friends of Mr. and Mrs. Fred Johnson deeply sympathize with them in the loss of their precious little two-year-old daughter, Mary Sue, who died at the home of her grandparents, Mr. and Mrs. H. E. Swift, in Pearl Village, Tuesday night, April 20.

Tuesday afternoon, Mr. Homer S. Dum, of Downer's Grove, Illinois, returned to his home, but Charlotte L. Dum, who was with her husband here for his father's funeral, left for Welch, West Virginia, to conduct their Forster Artistic Singing Contest on the 23rd, and with others at Bluefield, Montgomery and Charleston the following week, before her return home.

## WORK FOR THE CHAMBER OF COMMERCE

Mr. Nagle, head of the Nagle Packing Company, of Paducah, was in Fulton a short time ago looking for strawberry growers who wished a market for their fruit. He will pack strawberries this season at the Paducah plant.

Some four or five years ago there were many cars of berries shipped from Fulton daily, but, owing to the lack of cooperation of the growers, this industry has dwindled until there are only a few farmers in the neighborhood who still have any berries for shipment.

Here seems to be an opportunity for the Chamber of Commerce, or one of the other service clubs of the city to step in to the breach and secure a market for the crop of berries for this year, and demonstrate what can be done in selling the fruits and vegetables that are grown around Fulton. Other neighboring towns have done this, either through individual effort or their service clubs, and both the merchants and growers are profiting accordingly.

## AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

Bennett's Drug Store, Fulton, Ky.

## Cook with Focused Heat

## See the New Grid Top Models

Women don't spend their days in the kitchen any more. They have learned to let modern methods take the place of endless hours of drudgery.

The Florence—the oil range with **focused heat**—is a marvel of modern, labor-saving invention. And yet its working principle is so simple!

In the Florence, the burners are built scientifically to **focus** the heat on the cooking. They see to it that the heat goes directly to work—not out into the kitchen, where it is worse than wasted.

The top of the short, wickless Florence burner is only 2 1-2 inches below the cooking. But that's not all. Florence burners force air **inside** the flame, giving a quick and most intense clean heat. Hottest heat close up under the cooking—this is **focused heat**.
