## Keep Up Educational Training By Attending Sunday School

### KEEP UP EDUCATIONAL TRAINING BY ATTENDING SUNDAY SCHOOL

Every one should go to Sunday school next Sunday to give added popularity, merited encouragement and increased impetus to one of the greatest institutions of our country. The Sunday school is not only the chief avenue to church membership and training school of Christian character and righteous living but it is a great continuation school.

We hear much said in educational circles about maintaining schools in which young people who attend regular day schools before completion could continue their education. The Sunday school is an agency already in existence in every community offering an opportunity not only to the youth but to all to keep up some systematic study. At first one may think it a very slow educational process but a little calculating will show that if regularity of attendance is maintained, it will count up. In each year there will be 52 lesson hours, and in 10 years 520 lesson hours which is about equivalent to the time of one college year. So by middle life, a person who left day school early but who has been a regular Sunday school pupil and a close student of lessons has probably done as much studying as he would have done in a four-year high school or college course, and has no doubt received ample reward for his labors. When the hosts of youth who are compelled from one cause or another to drop out of day school, see in the Sunday school an opportunity to continue their mental improvement under good influences, they will more fully utilize an institution of general values.

While the Sunday school helps in a different way, it is of no less value to continue their education to completion. It supplements their history, rhetoric and literature and gives an opportunity to apply the knowledge obtained in secular schools. The training it gives is a necessary adjunct to the work of the day school and when school days are over, it perpetuates the life for at least one day in seven.

### SWEET POTATO STORAGE

The large brick building on Carr street, occupied some years ago by Jess Fields' stirrup factory, has been leased by Brooks Henderson and will be remodeled and converted into an up-to-date sweet potato storage.

The farmers in this vicinity have been handicapped heretofore for lack of sufficient storage space for potatoes and forced to sell at digging time when prices were low. They have an opportunity now to store their crop and hold for topnotch prices or sell just as they think best. Better see Mr. Henderson and engage storage space early so you may know what to depend on, and not be disappointed in having a place to store your crop at digging time. There is good money in growing sweet potatoes if fair prices can be obtained and the best way to get fair prices is to be able to hold the crop until the demand warrants selling at the opportune time.

### High School Notes

The Fulton High School baseball aggregation tasted both victory and defeat last week-end. On Friday the Fulton lads went over to Union City and defeated the Tennesseans with a score of 4-1. On Saturday Fulton met Mayfield on the home ground and were defeated by a score of 12-5. The Fulton team played good ball but were baffled by the superior batting power of the visitors. The team from Murray will be here Saturday to meet the Fultonians in the last game of the season to be played here.

The piano contest given for the purpose of selecting a representative of Fulton High School in the coming inter-high school contest was held Monday. Nine persons participated. The first place was awarded to Selden King for his rendition of "The Erl King" by Schubert-Liszt.

Nell Owen and Randolph Kramer will represent the high school in the declamatory contest to be held Friday.

The splendid collection of Medals on display at DeMyer's jewelry store are being admired daily by many passersby. The public is cordially invited to be present Friday and Saturday and witness their distribution.

Tuesday night, May 4th, has been set for the old fiddler's contest to be held at the high school under the auspices of the Parent Teacher's Association. You are cordially invited to attend. The proceeds will be used to pay off the indebtedness for the installation of the Carr Institute lights.

The Fulton High baseball team will journey to Murray on May 6th and 7th and will play the Murray High team two games on those dates. A track team from Fulton High will participate in the Murray Normal School meet to be held Saturday, May 8th.

Alexander Inman has been elected captain of the high school track team. This is a distinct honor and one that is much coveted by track men.

The inter-high school piano contest will begin Friday afternoon at 2 o'clock. The declamatory contest will begin at 8 P.M. The field events will begin at 10:30 Saturday morning and will close at 1:30. The events will be run according to schedule and the climax will be the relay race. Lunch can be secured at nominal cost on the grounds.

The visiting contestants will be the guests of the Fulton High School at luncheon at 2:00 p. m. immediately following the field meet. About one hundred guests are expected.

Mr. R. M. Cantrell is spending this week with his family at their home in South Fulton. His work has been transferred to Tennessee territory nearer his home.

Mrs. Mary E. Johnson, of Clinton, spent the first of the week with her brother, W. C. Porter, at his home on Glenn avenue.

### FAIR DATES

ANNOUNCED

If Given the United Support of the Democratic Party

Now that Congressman Alben W. Barkley of the First District has announced his candidacy for the United States Senate to oppose Senator Richard P. Ernst, Republican, who is seeking re-election, the Democratic strength of Kentucky should support him for the best interests of the party.

It has often been said that a First District man could not be elected, but we believe that Barkley can win if given the united support he deserves, and not be forced to undergo the grueling campaign in a party primary that would jeopardize whatever chances the Democrats have this fall to defeat Senator Ernst.

Regardless of the millions of dollars back of Ernst, if Louisville and the Fifth District goes as solid for Barkley as the Western Districts, it will be a landslide for the Democratic candidate. This is true because the Fifth District has always counted largely on the Western Districts to pull them through and now it is time to give us a helping hand.

Just here, we will say too, that the administration will be given an opportunity to show their gratitude for the splendid services rendered by the First District Congressman when in need of Democratic votes. We have no doubts about Governor Fields and the administration, however, they will give Barkley their unstinted support, so will all other true Democrats.

W. S. Sherwood in the Lexington Herald said:

"Mr. Barkley's formal announcement in all probability brings to an end the organized effort that had been inaugurated to place Urey Woodson, of Owensboro, editor and Democratic national committeeman from the state, in the field as a candidate."

"It is likely that unopposed Mr. Woodson would have accepted the nomination and opposed Senator Ernst. The entry of Mr. Barkley, however, removes him from further consideration, as Mr. Woodson would hardly consent to enter a primary fight in an effort to wrest the nomination from Mr. Barkley."

"His announcement comes as a source of regret to his many friends, who had foreseen in him a formidable candidate."

Meet Me at the Fulton County Fair August 25 to 28, 1926

The Fulton County Fair Association has officially announced the time for holding their fair in Fulton this year, August 25, 26, 27 and 28.

For some time, President J. W. Gordon and Secretary P. H. Wade, with other officials of the association have been busy perfecting plans to make the 1926 meet the best on record and from present indications, the big event will be a glorious success.

The Fulton association is a member of the West Kentucky Fair Circuit and the full strength of the combined forces of La Center, Trenton, Jackson, Dresden and Paris will play an important part in this year's program.

While the exhibitions will be an attraction worth while, the races will be a pleasing feature of the 1926 meet.

The best amusements of all kinds will be obtained to furnish entertainment, so there will not be a dull moment during the entire time.

Arrangements will be made with the railroad company to furnish special transportation and rates for visitors as usual. So make your arrangements now to come to Fulton on August 25 to 28 and meet your friends at the Fulton County Fair.

### W. J. BROWN CELEBRATES EIGHTY-FIRST BIRTHDAY AT SMITH'S CAFE

Wednesday morning, April 28, W. J. Brown, pioneer citizen of Fulton, celebrated his eighty-first birthday at Smith's cafe. Those who listened to Mr. Brown tell of some of Fulton's early history while enjoying luncheon, wondered if they would live to celebrate their eighty-first birthday and look as spry as Mr. Brown, who came to Kentucky sixty years ago and located a few miles north of town where he has lived ever since. Seven years ago he had the misfortune to lose his wife and since that time has lived alone, having no children. Between Fulton and Water Valley on Route 4 he owns a nice 100 acre farm and home. For years he was in the poultry business in Fulton, and has not given up the trade entirely yet, as several times during the week he delivers many dozen fresh eggs to Smith's Cafe.

During his talk, he told of the lodge meetings he attended at old Feliciana years ago and

how proud he was when made a Royal Arch Mason in Fulton. "Times have changed wonderfully since then," says Mr. Brown. "There was a big pond on Lake street waist deep. Only two or three small stores were here and one of them a saloon. The most thrilling fight I ever witnessed took place near the pond on Lake street, which I shall never forget."

Few men in this vicinity are more highly esteemed than Mr. Brown and we wish for him many more birthday celebrations.

### P. T. A. MEETING

The Parent-Teachers' Association of South Fulton had a very interesting "Fathers' meeting" at South Fulton high school building on the evening of April 22.

The program was opened by the V. I. S. Orchestra, playing "America," which was followed by prayer by W. E. Flippo. Mrs. J. J. Owen made quite an interesting talk on the subject "H. me."

Miss Blanche Waggener gave two most enjoyable musical readings, entitled, "In the Usual Way," and "Where We Don't Say Our Prayers." Mrs. M. L. Rhodes also gave a reading on "Obedience."

Mrs. R. Q. Moss made a very interesting and timely talk on the subject of cooperation, which was followed by an enjoyable reading by Miss Thelma Flippo.

The entire program was interspersed with good selections by the orchestra, which was a most appreciable flavor to the evening program.

It is the purpose of the Parent-Teachers' association of South Fulton to have subsequent "Fathers' Meetings," during the year. The association is doing a worthy work, and should have the cooperation of all who are interested in the school.

### PRICES REDUCED ON RUG CLEANING FOR TWO WEEKS

The O. K. Laundry, to further introduce their rug cleaning by shampoo and vacuum process has cut regular prices for two weeks, April 26 to May 8. This is welcome news to the housewife who is trying to economize and hold down expenses during the spring cleaning campaign.

It is a dreaded task to take out heavy rugs and beat the life out of them with a stick and replace them on the floor looking dead with almost as many microbes hidden in the fabric as before it was touched.

For an insignificant price you are relieved of the worry and drudgery. All that is necessary is to step to your telephone and call 130. A man will call and remove your rug filled with dirt and looking dead and before you hardly miss it your rug has been beautifully cleaned by the shampoo and vacuum process and replaced on the floor just as clean as the day it was bought; the colors are brought out and your rug is fresh and clean.

Read the reduced prices in the O. K. Laundry ad in this paper. Phone 130 and they will do the rest, says Mr. Owen.

### A LIVE COMMUNITY

Those of the readers of The Advertiser last week, who read the Chestnut Glade News, must have been impressed with the fine work that the community is doing to make life more pleasant.

The program of the Ladies' Club was a splendid one, and the work outlined by this progressive organization is one that other communities should study and try to copy, for the year's work as planned, covers a field that every farming center can follow, with profit and pleasure to every member of the community.

We hope that we shall be able, from time to time, to publish programs from other localities that will show that there are more efforts for self-help and improvement, both socially and economically, being undertaken in the country surrounding Fulton.

The Senior Class is working on the class day programs. The play, "Making Daddy Behave," will offer a delightful evening's fun. The Operetta, Hearts and Blossoms, is one of the most entertaining of the present day. The beautiful choruses are interspersed with comedy and romance. Some of the best musical talent in the school will take part in this operetta. Mr. Milton C. Anderson, of Wickliffe will deliver the commencement address. Mr. Anderson has been with us on several occasions. The fact that we invite him again, is evidence of his ability to please.

Dr. Borne of Murray, will preach the commencement sermon.

Mrs. E. A. Mayfield is visiting her daughter, Miss Louis, who is in the nurses' training department of Washington University, St. Louis.

Miss Nine Kimbro, and brother, Lemuel Mahan, were the week end guests of their sister, Mrs. Ray C. James, of Fulton.

Miss LaVerne Burnett is visiting her cousin, Miss Evelyn Bondurant.

Mr. Maurice Bondurant, of Lula, Mississippi, was a week end visitor in Cayce.

A number of people reaped the benefits of the sale given by Mr. Griffin, our new merchant, Saturday.

Rev. W. F. Cooley and wife, Mrs. Birdie Pewitt, Dorris Pewitt, Allie B. Cloys and Miss Edna Oliver, attended services at Stanley's Chapel Sunday afternoon.

The people of Cayce were given one of the most charmingly interesting programs of the year by the music students of Mrs. A. W. Fowler and Miss Clarice Bondurant, Saturday evening. The programme was a demonstration of the superior work that is being done by our two music teachers. Aside from the splendidly rendered piano solos, duets and trios, the program was interspersed with choruses, readings, action songs, drills, folk dances. The songs deserving special mention were "Two Similar Twins," and "Three Modest Quakeresses." Surely Cayce can boast of two of the best artists in the sphere of music, and this delightful program was much enjoyed.

### Lesson for May 2

GOD'S COVENANT WITH NOAH

LESSON TEXT—Genesis 8:20, 22.  
GOLDEN TEXT—I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth.—Gen. 9:13.  
PRIMARY TOPIC—The Promise of the Rainbow.  
JUNIOR TOPIC—God's Promise to Noah.  
INTERMEDIATE AND SENIOR TOPIC—The Story of Noah.  
YOUNG PEOPLE AND ADULT TOPIC—God's Dealing With Noah.

In order to grasp the meaning of God's covenant with Noah, the whole story of the flood should be clearly in the mind of the teacher and the pupil.

I. The Cause of the Flood (6:1-8). It was apostasy from God. The two types of men we saw in Cain and Abel (the one of proud self-will, the other of humble faith), developed on diverging lines, but as they multiplied they came into contact and intermingled.

II. The Ark the Way of Salvation (6:14-24).

Although all flesh had corrupted its way before God, in His mercy provision was made for such as would avail themselves of it. Christ is the ark into which all who enter are eternally saved. As all outside of the ark perished, so all outside of the redemption of Christ shall perish. (Mark 16:16; II Thess. 1:8, 9; John 3:18, 19, 36; I Pet. 3:18-22).

Observe in connection with this judgment and provision of salvation:

1. The long-suffering God—He waited 120 years.

2. Noah, a preacher of righteousness (II Pet. 2:5).

God not only waited long, but through Noah sounded forth intelligent warnings.

3. God will not withhold His anger forever. At the appointed time the flood came and everything perished outside of the ark.

III. Beginning Life Upon a New World (Gen. 8:20).

This was a most solemn hour for Noah. With the fresh consciousness of God's hatred and judgment of sin, Noah faced the responsibility of giving shape to the life which was beginning upon the cleansed earth. He was to replenish the earth. Happily Noah began right, for he began with the act of worship.

IV. The Covenant With Noah (8:21, 9:1-7).

God was well pleased with Noah's act of devotion. Because of this He entered into a covenant with him embracing the following elements:

1. Assurance of the perpetuity of the race (8:21, cf. 9:8-17).

The bow was set in the cloud as a token or guarantee of this.

2. The security of the order of nature (8:22).

We know of the succession of the seasons and the ongoing of the system of nature only because of the guarantee of Him who controls them all.

3. Establishing the privileges and responsibilities of Noah and his descendants in their relation to the earth (9:1-4).

(1) The earth to be replenished (v. 1).

(2) Dominion restored. The dominion which was lost through the fall of man was now restored, but on the ground of fear.

(3) Animal food given.

Heretofore man subsisted on a vegetable diet (Gen. 1:29).

4. Human government established (9:4-6).

The sword of justice was placed in man's hands and man was to be ruled by man. This sword has never been removed (Rom. 13:1-7).

5. The destinies and interrelations of the three great branches of the race fixed (9:18-27).

(1) Cursed be Canaan (v. 25). The descendants of Ham were reduced to the lowest condition of servitude. This was partly fulfilled in the time of Joshua in their being partly exterminated and partly reduced to the lowest form of servitude, and also in the time of Solomon (Josh. 9:23; I Kings 9:20, 21), and it is still in the process of fulfillment in that for the most part Canaan's descendants are the world's servants.

(2) Blessed shall be Shem (v. 26).

This was fulfilled in making the Jewish race the repository of religious truth and ultimately in Christ the promised seed.

(3) Enlargement of Japheth (v. 27). This was fulfilled in making him the progenitor of peoples and multitudes (10:5); also in the civilization which has been brought to the world through him.

### Christ and the Resurrection

Let the science of historical investigation be rigorously applied to the resurrection of Jesus. Christianity will not fear the proof. For it has pleased God that this crowning seal put to His Son's life should be sustained and guarded by an amount of proof such as no other fact in ancient history can boast; so that no honest searcher for truth might be left in doubt that Jesus of Nazareth has been declared to be the Son of God with power.—J. Oswald Dykes.

### THE CREED OF GOOD CITIZENSHIP

I believe in the trinity of cleanliness—beauty, health and safety. For I know that refuse and rubbish piles mar the beauty of my home and city; that they are the breeding places of flies and vermin; that as potential starting points for fires, they menace my property and threaten my family with death—both my own and my neighbors.

Therefore: I am a good neighbor. I take pride in my home, my yard, my alley, and my street. I keep my premises painted, my lawn trimmed and green. The passerby on the sidewalk pauses to gaze at my brilliant-hued porch-boxes and flower-beds.

I am proud of the cleanliness of my home—both inside and out. There are no junk piles in my alley or yard—no rubbish piles in my basement or attic. I can look straight in the eye—any day—painter or electrician, firewarden or health inspector—and smile!

But I am prouder still of Fulton—because it is known far and wide as a city both beautiful and clean.

I am a good citizen!

Final definite plans will soon be announced for Fulton's Clean Up and Paint Up Campaign. Let the above creed be your creed and let's all work together to make our city spotlessly clean.

### GOOD ROADS AND GOOD STREETS

From all indications, Fulton will soon be the hub of a network of modern highways, and within the next two years many hard surfaced roads leading in all directions will enter the city. By that time we hope to see the city in shape to make every street within its limits equally as good as the roads.

Some of our city streets are now in horrible condition, but we need not expect any permanent improvement under two years, on account of other city

work intervening. In the meantime, the street committee will continue its patch work and do the best they can under present conditions.

Lake street is becoming uncomfortably bad and should be given the same treatment as that given Fourth street between the bridge and Lake street some months ago, when Mr. Rankin converted an awful bad street into a fairly good highway in less than one day's time.

Gradually the streets have been getting worse and worse, until it is almost impossible to travel over them with any comfort at all.

### PUBLICITY AND BOOMS

The circus, enduring from year to year and about the same sort of an institution that it was a quarter of a century ago, excepting that it has become more moral and law abiding, is a monument to the success of advertising. Another monument to this great business science, which never fails when its principles are correctly applied, is the real estate boom.

An exchange has pointed out that there was nothing new about Florida. "No new physical discoveries were made," says the Chicago Journal of Commerce; "no magical fountain of health or wealth was tapped. And yet suddenly the whole nation commenced hearing about Florida, talking about and a vast multitude began trekking to Florida. Why? What had happened? Nothing but advertising."

As this publication goes on to say, "Florida promoters decided to promote their state as they would promote phonographs or shoes or automobiles or canned beans. They decided to 'sell' Florida to the country; and the obvious business method of accomplishing that purpose was by advertising."

You recall readily enough how it was done. Communities began to rival one another in extolling their attractions. No expense was spared. Promoters hired the biggest men in national life whose services could be procured. No name was too prominent or too sanctified to be sought. The best copy writers were put on the pay rolls of the real estate men. Among the latter were novelists—authors of best-sellers—men highly skilled in the descriptive art and in the use of adjectives. Before these experts had finished, Florida became something more than a state of splendid

resources and a bully old winter resort—it became a paradise and an Aladdin's land. The advertising of one Florida development alone is reported to have reached seventy million readers.

The job was well done. The question arises now whether or not it was too well done. Probably not. Reaction is inevitable and the speculative fireworks must burn out. Many people will lose, but a majority of these knew the chances they were taking and have the gambler's solace that they got a good run for their money. Most of the wealth that went into Florida will remain there. That is good for the state. Development will proceed at a slower pace, but it has had an impetus. The point is the Floridians started something. Booms are never an unmixed evil where there is something real behind them. It remains to be seen whether the people who "sold" Florida will be able to keep it sold.

Advertising will do as much, on a proportionate scale, for any section or town in this country. While not advisable to carry the matter to such extravagant lengths as in the case of Florida, it demonstrates what can be done where interests are united for a set purpose. Where the newspapers and business interests of a town start out on a program of improvement and increased activity, they intensify the same spirit in rival towns. The entire region soon becomes pretty well advertised. Prosperity becomes general and continues so long as the movement is kept within healthy bounds.

### START TODAY

Keep Place Clean So Flies Won't Bother You.

If you want to be rid of the fly evil this summer, get the habit of keeping your premises clean. Once you get the habit, it won't be much trouble to do so.

Drain your garbage, wrap it in paper and put it in a metal bucket with a fly-proof lid. Every day or two burn or bury this garbage or have it hauled away.

If you have an outdoor toilet, see that the vault is closed up tight where the house fits over it. Use sod to make it so, if you cannot get cement. Use plenty of lime on the sewerage and keep covers on the seat holes.

Keep your house screened, keep a swatter handy and keep your eye peeled—for during cold or rainy weather a few flies almost surely will wander in. Vigilance and action on your part will so discourage the flies after one or two seasons, that they will keep away from your premises.

Tell this to your neighbors and urge them to join you in the campaign against the fly pest. Pretty soon others will see the advantage of sanitation and if there's any "git-up-and-git" in the neighborhood, it will not be long until everybody in your end of the town will have the sanitary habit.

It is not expensive to get rid of flies. There are people who may feel they cannot afford to buy a garbage can or other little necessities of clean premises. Where there's a will there's a way. If you cannot afford to spend any money, set your mind on cleaning up the place the best you can with what you have at hand. Above all, don't be lazy. Clean up right! Do it now. Help the committee in cleaning up Fulton and keeping it clean. Get your old rubbish out of the cellar—sweep the premises clean and pile it where the city trucks can conveniently get it to haul away.

### CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. ## What About Ice Cream As a Food---Especially For Children

1. It is the only food given in both health and illness, to athletes and invalids.

2. It is one of the first foods to be given a patient in the hospital.

3. It will come nearer pleasing every member of the party or family than anything you can serve.

4. All of the elements necessary to health and growth are found in milk. A quart of Culver's Ice Cream has the food value of several quarts of milk.

5. Young children should have more milk, in the form of ice cream, instead of the customary milk-naks.

6. You have often seen children refuse milk, but you have seldom seen them refuse ice cream.

7. Nature has endowed children with a taste for sweets. Guide this tendency into a habit of eating

health-giving, strength-producing CULVER'S Ice Cream. It will be a good investment in health.

8. It is not the children alone who benefit from the food properties of ice cream. Certain elements in milk and hence in larger quantities in ice cream improve the complexion and eyesight and add luster and life to the hair.

9. Using the best of ingredients in the home freezer you will find it hard to equal the results in smoothness and texture made possible by our power machinery and proper refrigeration. The smoother the cream the more easily digested.

10. Rare indeed is the individual, young or old, who does not welcome the invitation to have a dish of ice cream. Please all by serving CULVER'S.

## RICH--HEALTHFUL--REFRESHING CULVER'S ICE CREAM

### Compare Culver's Quality With Others

A daily supply of fresh milk from inspected dairies and a factory as clean as your kitchen insure the purity and safety of CULVER'S.

There is a Culver dealer near you who will give you good service. Call him, compare the richness and flavor with other makes and we know you will always say Culver's.

### Novelties for Parties and Banquets

The service of ice cream flowers, emblems, or individuals makes a fitting climax to a wonderful party. You may be surprised to know that we have many different molds, and that we can put many designs in the center of brick cream. We can also make special flavors colored to suit the occasion. The price is reasonable, in fact very much so, considering the decorative feature, coupled with such a delicious dessert.

THE secret of good paint is "Purity." Ask any master painter the ideal materials for use in a house paint and he will tell you Pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine and Drier and there you have the formula of Monarch 100% Pure Paint.

No substitute or cheapeners ever find a place in a can of Monarch 100% Pure Paint and you will always find "100% Pure" the "Sterling Mark" of paint on every can of Monarch you buy.

Give your home the best paint protection available by using Monarch 100% Pure upon it. It requires a 100% Pure Paint such as Monarch to really protect the surface over a period of years and it is poor economy to use cheap paint that will not withstand the elements.

It will cost you less in dollars and cents if you specify Monarch 100% Pure Paint and you will always be satisfied.

Come in and let us prove this to you. Ask for your color card.

## Fulton Route Seven

Owing to the cold weather, farming has been very much delayed.

Mr. and Mrs. W. L. Nicholas, of Cape Girardeau, Mo., spent Friday night, April 16, with Mr. and Mrs. H. E. Roach.

Messrs. Lou and Joe Peeples are convalescing from flu and acute indigestion. The nurse has been dismissed.

Mr. Abner Rouer has returned from the hospital. His health is much improved.

Mr. Joe McKinney is able to be out again. He is suffering with a cancer.

Mr. Julian Lowe is planning to leave for Akron, Ohio, soon. We hope he will find a good position.

Mrs. Herbert Latty ordered 600 young chicks but is not having much success with them as they were so long on the road.

Several homes on our route are equipped with incubators and every one is using natural incubation. Judging from the effort being made, there will be plenty of fried chicken.

Mr. Jim Crockett (our road man) is putting forth an effort for us to have good roads. Thanks to Mr. Crockett and all concerned.

On Friday, April 16, the home of Mr. Frank Sellars was made very sad when the death angel came and took away Mr. R. A. Gasson, who was Mrs. Sellars' father. Mr. Gasson was 76 years old. He married Miss Bettie Dodd, who preceded him to the grave five years. To this union was born three children, all of which survive them. Mrs. Frank Sellars, Mrs. Roper of Union City and Bud, who lives at the home place.

Mr. Gasson was a pure and noble character. He spent many years in service for his Heavenly Father and said when he realized the end was near, "I have tried to be prepared for this hour." He spent several years teaching literary schools and was superintendent for the Sunday school at Chapel Hill, as long as he was able to attend to duty. He will be greatly missed by his congregation and friends. The funeral service was conducted by Rev. Pigue, after which his body was placed in the Chapel Hill cemetery to await the awakening of all saints. Just a few of old citizens remain. Among the number are Messrs. Martin Chambers, J. B. Netherland, John Owens and Eli Robey. May their remaining days be spent in much happiness and may God's blessings rest on the bereaved relatives and friends of the deceased.

The G. A. Meeting with

Mary Moss Hales at her home,

411 College street, on last Sat-  
urday afternoon, was well at-  
tended and a very interesting

meeting. These girls are doing  
excellent work in the study  
course they are now taking.

The enthusiasm of the workers  
is growing constantly and their  
number increasing. At this

meeting there were three new  
members added to the roll.

The study of the life of Jacob

in the Brotherhood meeting last  
Friday evening was very inter-  
esting, and there were a goodly

number present. This is an or-  
ganization of the church that is  
proving very beneficial to those

who are attending, and all mem-  
bers of the church are cordially  
invited to these meetings.

Mrs. Loel Hindman and Mr.

Searcy Callihan, former 1 il-  
lertonians, but more recently of  
Lakeland, Fla., appeared on the

musical program during the  
opening devotional of our eve-  
ning services last Sunday.

Those who failed to hear these  
two musical artists missed a  
rare treat.

The orchestra of the V. L. S.

Sunday School Class furnished  
the music for "Fathers' Night"

program of the P. T. A. at  
South Fulton School last Thurs-  
day evening. We are glad to  
note the progress these young

men are making in their or-  
chestral work.

Sunday, May 2, has been set

aside as "Go to Sunday School  
Day," in the State of Kentucky.

Let's all rally to the cause of  
the Master and attend some  
Sunday School Sunday morn-  
ing, a record for the City of  
Fulton in Sunday School at-  
tendance. There is no more  
profitable way you could spend  
an hour Sunday morning. You  
will find classes for all ages,  
and a cordial welcome, in all of  
the Sunday Schools in the city.

If you are not a member of  
some other school, let us give  
you a special invitation to the  
First Baptist Sunday School.

**Church News**

The Right Reverend Charles  
E. Woodcock, D. D., Bishop of  
Kentucky, will confirm a class  
on Sunday night at Trinity. The  
Bishop will conduct services at  
Hickman in the morning, reach-  
ing Fulton in the afternoon and  
will conduct the confirmation  
service here in the evening.

Rev. Custis Fletcher, of Pa-  
ducah, spent Wednesday with  
Dr. Boyd, discussing the busi-  
ness of the church in Western  
Kentucky. He was obliged to  
return to Paducah before the  
afternoon service.

Dr. Boyd held services in Co-  
lumbus on Sunday last and re-  
ports a rather large congrega-  
tion present.

Mrs. Mack Roach presided at  
the organ, Sunday evening, in  
the absence of Miss Hattie May  
Godfrey, who is visiting her  
aunt in Chattanooga, Tenn.  
Mrs. Roach demonstrated that  
she can act as a substitute at  
the organ, with credit to her-  
self and pleasure to the congrega-  
tion.

Dr. Boyd spent Monday at  
Clinton on church business and  
also attended the Odd Fellows'  
Association meeting, being held  
at that time.

Mr. R. E. Hubbard spent  
the week end with his mother  
in Mississippi.

Dr. Boyd went to Mayfield  
on Tuesday on church business.

all the time. It gives instant relief when  
the digestion gets out of order or the

all that is necessary to start things mov-  
ing and restore that fine feeling of ex-  
hilaration and buoyancy of spirits which be-

**Cook with Focused Heat****See the New Grid Top Models**

Women don't spend their days in the kitchen any  
more. They have learned to let modern methods take  
the place of endless hours of drudgery.

The Florence—the oil range with **focused heat**—is  
a marvel of modern, labor-saving invention. And yet  
its working principle is so simple!

In the Florence, the burners are built scientifically  
to **focus** the heat on the cooking. They see to it that  
the heat goes directly to work—not out into the kitchen,  
where it is worse than wasted.

The top of the short, wickless Florence burner is  
only 2 1-2 inches below the cooking. But that's not all.  
Florence burners force air **inside** the flame, giving a  
quick and most intense clean heat. Hottest heat close  
up under the cooking—this is **focused heat**.
