FULTON ADVERTISER

Vol. 2 No. 24

FULTON, KY., MAY 7, 1926

R. S. Williams, Publisher

Fulton Improvement Co., Incorporated

OFFICERS ELECTED FOR ENSUING YEAR

The Fulton Improvement Company, incorporated, held their annual election and stockholders meeting, Monday night, at the Chamber of Commerce, re-electing all the old officers for the ensuing year as follows:

Officers—R. H. Wade, president; T. M. Franklin, vice-president; C. P. Williams, secretary and treasurer.

Directors—A. Huddleston, R. H. Wade, A. M. Nugent, T. M. Franklin, N. G. Cooke, J. E. Fall, C. P. Williams.

The Fulton Improvement Co., was organized for the purpose of promoting the industrial interests of Fulton and is directed by some of the city's leading business men—men who are busy with their private businesses, but who are willing to sacrifice part of their time working for any improvement for the good of the community. It was through the work of the Fulton Improvement Company that a branch of the American Cigar Co., was located here. They erected a building according to specifications and plans suitable for their plant, for which they receive \$150.00 per month rent.

The cigar company did not ask for any cash bonuses but did demand a suitable building in the town in which to do business, and the assistance and co-operation of the city in obtaining sufficient help. For ten years they are given free light, power and taxes.

The Cigar Company's payroll in Fulton is more than \$100,000 yearly.

Besides the actual cash turned loose into business channels in the city, we are given a big lot of free advertising which is worth a great deal because the "Little Chancellor" cigars manufactured here are making Fulton as famous as that well known "Schlitz" made Milwaukee famous.

At the meeting Secretary Williams read a financial report of the company, giving a synopsis of the operations of the company up to April 26, 1926. The lot cost \$4,500. The building, walks and other incidentals cost \$37,304.98. Organization expense was \$95.14. Insurance \$1,115.38 now paid two years in advance partly. Taxes, county, state and school \$534.65. Attorney's fees, \$56.85. Received on rent, 31 months, \$4,725. The amount of stock sold was some \$2,000 short of the amount necessary to pay out the property in the beginning, and this has been paid off from the rent money. At present there is about \$400 in the treasury. The power and light bill runs approximately \$50.00 per month.

P. C. JONES NOW WITH WINSTEAD & JONES

P. C. Jones, well known funeral director and embalmer, has returned to Fulton after spending the winter in Florida, and is now permanently associated with the firm of Winstead & Jones, Walnut street undertaking establishment. Mr. Jones started in the undertaking business 19 years ago with Joe Wade & Co., and in 1914 passed a rigid examination and was given license as a full fledged funeral director and embalmer. Since that time he has had vast experience with Rice Furniture and Undertaking Co., Hornbeak Furniture & Undertaking Co., and Winstead & Jones Undertaking establishment.

Mr. Jones is well known throughout this entire section of country and his many friends are glad to see him permanently associated with Winstead & Jones in Fulton.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

Proclamation

Clean-Up and Paint-Up—Hear This Ye People! Think! Act!

Know all men, women and children by these presents:

That, Whereas, the National Clean Up and Paint Up Campaign has resulted in many advantages to community life throughout the United States, in safeguarding health; in promoting thrift; in furthering fire prevention; in stimulating civic pride; and in making the home and city beautiful.

Now, therefore, be it known that plans have been perfected for a thorough Clean-Up Campaign in Fulton, beginning Monday, May 10 to 15. The date to mark the opening of a real campaign of persistent and constructive effort in cleaning up and KEEPING IT UP! In this worthy movement of cleaning, painting, planting, repairing and general rehabilitation and beautification, we urge each citizen, the Chamber of Commerce, the Woman's club, and all service clubs to do his or her best part to make our community, clean, healthful, thrifty, safe and beautiful.

W. O. SHANKLE, Mayor.

Street Force Hard At Work

Work on Fulton streets is progressing nicely and the big steam roller has done some effective work with J. E. Rankin at the throttle. The work of scarifying was followed by the grader with Lee Roberts at the wheel.

Lake street now presents a good appearance, but unless a coating of rock asphalt or heavy oil and gravel is immediately applied the street will soon lose its nice looks and be even in worse condition than before, if such a thing is possible.

Paul DeMyer, chairman of the street committee is working over time trying to figure out what is best to be done as he is overly anxious to please the people and make travel easy sailing. Paul is new on the job and don't fully realize that kicks will be coming into his department regardless of what kind of service he renders or what kind of streets are built. Because the autoist who is accustomed to travel on asphalt streets will wonder why Fulton streets are not asphalt and so it is with concrete, brick or wood block paving. Therefore, the best thing for Paul to consider is to give the people the best he can under handicapped conditions, and place enough confidence in the men at work under his supervision so his private business will not go on the rocks while he is on the job.

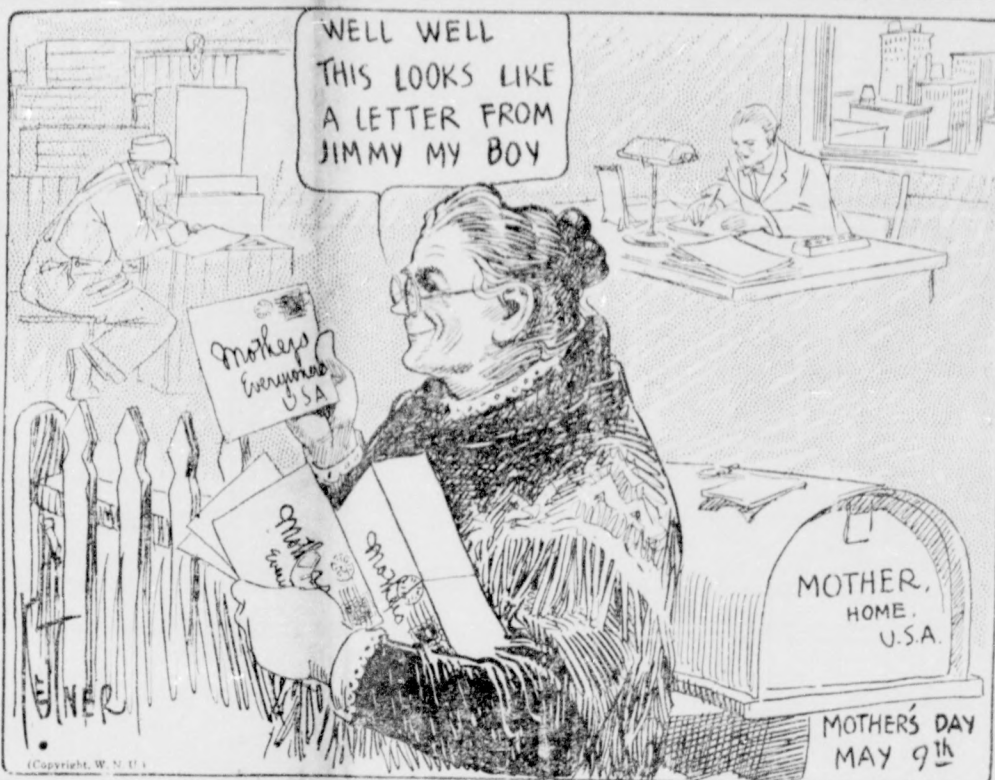

But take it from us, that few public officials are ever given due credit for services rendered, though he may be president of the U. S. A. or street supervisor.

It is a conceded fact that Fulton cannot think of building permanent streets now, but the city council at Monday night's session give Street Chairman DeMyer authority to give the people better streets and relieve the dangerous condition of travel in the city limits.

NEW ARRIVALS

Mr. and Mrs. Geo. C. Roberts are the proud parents of twin daughters, Martha and Elizabeth, who arrived at the Roberts' home on State Street Sunday morning.

Evangelist Culpepper At Paducah

In the Midst Of A Big Revival

The Rev. Burke Culpepper, general evangelist of the Southern Methodist church, who held several successful meetings in Fulton, is now in the midst of a great revival campaign at Paducah. The singing is being led by John U. Robinson, who was with Evangelist Culpepper during his meeting here. Both he and the evangelist endeared themselves to the people during their visits in Fulton and many from here are taking advantage of the opportunity to attend the Paducah meetings.

Rev. Burke Culpepper, D. D.

John U. Robinson

William Cohn Passes Away Early Thursday Morning

William Cohn, for thirty-two years an active business man of Fulton, passed away early Thursday morning at his home on Cart street after a short illness.

Mr. Cohn was born June 29, 1852 at Obelensky, Prussia, coming to New York City in 1865. He was naturalized an American citizen October 19, 1867.

He was married to Jennie Mendell September 15, 1875. He came to Fulton 51 years ago and as stated above, was in active business here for 32 years, operating one of the first large stores in Fulton.

Of late years he has been a well known figure on the streets of Fulton, known to everyone, and actively attending to his personal affairs. A man of few words, except with his familiars.

He is survived by the following children: Dr. Seldon Cohn, Fulton; Mrs. Isy Cratz, New York City; Charles A. Cohn, Mayfield; Mrs. Ben Kort, Louisville; and Millard Cohn, also of Louisville.

The remains were taken to Louisville on the midnight train last night, and the interment will take place in Louisville at 11:30 this morning.

Send the Advertiser to a friend one year—only \$1.00.

Attorney J. W. Bennett Removed to Hospital.

Attorney Joe W. Bennett, of Clinton, who has been confined to his bed for more than a month with what proved to be a serious liver affection, was taken to Paducah Tuesday for an operation in the I. C. hospital. While it is thought that the operation will not be of a very dangerous nature, his many friends in Clinton and elsewhere are very anxiously awaiting the news of its complete success and hoping that he may make a speedy recovery.

Mr. Bennett is widely known and generally recognized as one of Western Kentucky's ablest lawyers, and is a member of the law firm of Bennett, Robbins & Robbins, which firm does an extensive law practice in the courts of the First District. He is also the local legal representative of the I. C. railroad company.

Reports received in Fulton Thursday morning from the bedside of Jake Huddleston, who is in the I. C. hospital at Paducah, were not very encouraging. Mr. Huddleston has been suffering since the extraction of an infected tooth, erysipelas following. His many Fulton friends wish for his speedy recovery.

Now is a good time to renew your subscription for The Advertiser another year. Don't wait until your name is dropped from the list. A \$1.00 bill will place you in good standing on our list for one year.

MODERN DAIRY FOR FULTON

Houston Buys Eighty-one Acres on New Highway.

J. G. Houston, well known Fulton dairyman, has purchased 81 acres of the Leighman Browder farm, two miles south of town on the new Union City-Fulton highway and will establish a modern, up-to-date dairy on the property, also a chicken ranch.

We congratulate Mr. Houston on his purchase as this is an ideal location for an up-to-date dairy and chicken ranch.

Mr. Houston started in the dairy business in 1911, buying seven milk cows from Weldon King. Since that time he has added to his herd and today is milking 51 cows, Jerseys and mixed breeds. He uses a machine for milking and is careful in his feeding, therefore, producing the best of milk. He supplies the diners of the Illinois Central railroad and other institutions that are particular in using only the richest and best milk.

It is only with closest attention and hard work that Mr. Houston has gained an enviable reputation as being the leading and most progressive dairyman in Western Kentucky, and his sons enjoy the distinction with him.

CIRCUIT COURT IN FULTON NEXT WEEK

The May term of Circuit Court for Fulton County convened in Hickman Monday and will be in session in Fulton next week.

A RECORD TO BE PROUD OF

Fulton Building & Loan Association Has Never Lost a Penny

The splendid statement of the Fulton Building & Loan Association at close of business, April 30, 1926, published in this paper today, is sufficient to make one sit up and take notice. It is the twenty-fifth semi-annual statement and carries with it a record surpassing all other like institutions in the state.

For twelve and one-half years it has operated without the loss of one penny. Therefore, the stockholders are given the highest earning power consistent with absolute safety.

Dividends credited past six months, \$21,596.00. A wonderful record.

Over 225 people are paying for their homes through the association—making Fulton a City of home owners, instead of home renters.

The income of the association is now over \$12,000.00 per month and is in position to make loans as soon as titles are passed on.

There is no reason for anyone to pay out his hard earned money for rent and get nothing but a slip of paper in return, when he can build a home through the Fulton Building & Loan Association and own it in a short time.

The officers and directors of the association have the stockholders' interests primarily in mind at all times and if you want to build, remodel and make home life worth while, they are ever ready to lend you their assistance, explaining every detail to your utmost satisfaction and how easy it is to be a home owner.

Association stock in force to date, \$1,333,500.00. With more than five hundred happy stockholders sharing its prosperity. Surely it emphasizes the power of cooperation.

FEDERAL LAUNDRY CHANGES OWNERS

Guy B. Snow has purchased of Barrett and Merryman, the Federal Laundry, located on Walnut street, and is now sole owner of the plant.

Mr. Snow is one of Fulton's popular young men and former proprietor of the Grand Theater on Lake street. He is known as a live, energetic business man who believes in giving the public the best possible service and will no doubt make as good success in his new endeavors as he did when he screened the highest class productions at the Grand.

Mr. Frank Merryman, who was associated with Mr. Barrett in the laundry business, has not fully decided what business he will enter again, but as he is a well known contractor and builder, will no doubt devote his entire attention to that line of work. Mr. Merryman built many of the pretty homes in Fulton and his friends would like to see him on the job again. We failed to see Mr. Barrett before press time, but as he is one of Fulton's former well known grocers, will no doubt engage again in that line of business.

MUSIC WEEK OBSERVED

National Music Week was observed in Fulton this week, under the auspices of the Music Department of the Woman's club.

Misses Blanch Waggoner and Dorris Huddleston were the general supervisors of the various programs. Special programs were given at the churches on Sunday. Each day during the week special programs were given at the schools by students. Wednesday afternoon at the different schools. Some of Fulton's leading musical artists presented lovely programs. The general slogan was "Give more thought to music."

CLEAN-UP DAYS MAY 10 TO 15

Mayor Shankle has authorized us to announce May 10 to 15 Clean-Up days in Fulton for 1926. Now let everybody get ready to make a clean sweep and let's give the city a sure enough cleaning. The city authorities will remove the debris made by the clean-up days. The trash of all kinds should, if possible, be placed in barrels, boxes or other receptacles, so as to aid in speedy removal of all the garbage made by the clean-up.

R. S. WILLIAMS, Chm.,
Civic Committee, C. of C.

BE A GOOD CITIZEN

A good citizen is a man whom you like to have as your neighbor.

He does not throw tin cans, brush, papers or rubbish in alleys or on vacant lots, but places waste material in boxes or baskets, convenient for the city clean-up wagons.

He does not scatter lawn cuttings in the streets or alleys, but sacks them, and hangs them on the back fence.

He does not burn leaves against curbs or on paved streets, knowing that this ruins cement and asphalt and means added costs for repairs—to himself and to you.

A good citizen knows that cleanliness and carelessness are the obsequious footmen of disease.

He does not leave his garbage pail uncovered to breed flies. The less he leaves rotting, the less he is swatting.

He does not allow stagnant water to stand about his place and breed typhoid nor invite alley rats to be his guests.

A good citizen knows that over sixty-five per cent of all fires start in the homes—that over eighty per cent of those burned to death yearly are women and children. The next time it may be his wife or his child.

He does not use the roof of garage or outhouse as a junk yard, nor pile his basement and attic with rubbish. These things are prolific causes of fire.

The good housewife does not keep oil floor mops in a corner, or closet, but places them in metal containers.

She does not clean with gasoline, but uses non-inflammable cleaners, of which many are on the market.

A good citizen thinks of public property and public premises, as well as his private property—for he is part owner of the street and alleys. He knows that he must help pay for all damages.

A good citizen is constructive. He knows that every

sweep of the paint brush spreads sanitation, beauty and content.

He knows that a well kept place attracts, but a neglected place detracts. That paint and varnish are natural guardians of property.

He plants flowers in his garden, and cultivates roses in the cheeks of his children.

He plants a tree—and takes care of it after it has been planted; He makes a home out of a house by planting shrubs and vines and flowers about it. Help yourself by helping the City officials Clean Up, May 10 to 15.

FIRE PREVENTION MEETING

Will Be Held in Fulton, Thursday, May 13.

May 13 will be Fire Prevention Day in Fulton when distinguished representatives of the State Fire Prevention Association will visit our city, inspect the buildings inside and out and give valuable advice and instruction for preventing fires. The sole purpose of the meeting is to obtain cooperation from the owners and occupants and stores and home to get rid of whatever fire hazards that may exist.

This is not a move to obtain fire insurance. Nor has it anything to do with a raise or lowering of rates. It is part of a countrywide plan, sponsored by Chambers of Commerce, to reduce the fire risk to a minimum. Every week in the United States three hundred people the majority of them women and children, are burned to death. Millions on millions of dollars in property are destroyed.

Investigation has proven that upwards of ninety per cent of all fires are either due to carelessness or could have been prevented by simple preventive measures. Throughout the nation organizations similar to the Fire Prevention Association are striving to reduce the danger of fire. Their first object is to save lives. Their second is to save property. They are all insurance men, representing many different companies, but the business element is forgotten when they represent the association.

If someone should tell you that there was within the confines of this great country of ours a body of fanatics, believing in some demoniac god or other, and who every day offered fifty or sixty, perhaps more, human sacrifices to keep their god in good humor, you would be shocked beyond measure. The decent people of the nation would rise up and demand that the practice be stopped.

Still, it is a fact that every week more than three hundred people—mostly women and children—perish in fires in the United States. Most of them due to carelessness. Over fifteen thousand innocent lives sacrificed on the altars of the fire demon every year. While the rest of us continue on our careless way, not realizing that the next sacrifice may come from among ourselves.

Fire, one of man's greatest

friends when under control. One of his greatest enemies when it breaks from bounds.

FULTON WINS FIELD MEET Seven High Schools Participate in Events Held Here

Before a large crowd, Fulton High school won out over all competition in total points, successfully walking off with the honors in the first Tennessee-Kentucky field meet held Saturday afternoon at fair grounds field. Athletes from Murray, Hickman, Lynn Grove, Greenfield, Cayce, Welch and Fulton took part in the program. Inman was the star of the squad for the local high. Jeffery of Murray also starred, winning two of the main events.

N. C. White of Dyersburg was in charge of the field and all events moved rapidly without a hitch.

The results are as follows:
100-yard dash—G. Jeffery, Murray, first; Olive, Fulton, second; Putnam, Fulton, third. Time 1:13.

440-yard run—Inman, Fulton, first; Jeffery, Murray, second; Whitnell, Murray, third. Time 54 1-5.

880-yard run—Inman, Fulton, first; Norman, Fulton, second; Williams, Murray, third. Time 2:11 1-5.

Discus throw—Brann, Fulton, first; Norman, Fulton, second; Hamton, Cayce, third. Best distance, 90.3.

High jump—Tied between Hogue, Lynn Grove and Howard, Fulton.

Shot put—Hamton, Cayce, first; Bowman, Murray, second; Cochran, Lynn Grove, third. Best distance 41.6.

220-yard dash—Jeffery, Murray, first; Putnam, Fulton, second.

One mile run—Duncan, Fulton, first; Howard, Fulton, second.

Relay—Fulton, first; Murray, second.

Broad jump—Hamton, Cayce, first; Williamson, Fulton, second; G. Jeffery, Murray, third.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Bennett's Drug Store, Fulton, Ky.

FINE 2-YEAR OLD ROSES

If you want the best roses to grow in this vicinity, let us have your order now. We sell only the best two-year old stock. The kind that blooms continuously and the kind we have tested and can guarantee.

R. S. WILLIAMS, Fulton, Ky. Phone 130

Learn Thrift the Dry Cleaning Way

You'll be surprised at the fresh new beauty your frock takes on after dry cleaning—with our modern equipment.

Never discard a garment until we have passed judgment upon it. The cost is trifling compared to the added service it will give you.

When you call No. 130 you get in touch with the liveliest organization in the city of Fulton. We clean anything, and when we clean an article, we mean to say that we take the dirt out. General laundry work, French Dry Cleaning and Pressing, Rug and Carpet Cleaning—in fact, cleaners for the entire community.

A WORD TO HOUSEWIVES.

With the call of Spring in the air, it reminds one of the many outdoor activities in which the home should partake and enjoy. Surely the Housewife should be allowed this pleasure as well as other members of the family.

You have at your command an institution which, with its modern equipment, makes it possible to give you an extra holiday in each week of the year. "The Home of Cleanliness" cares for your family wash in a clean, modern, sanitary way—no hanging of the clothes outdoors to catch germs circulating in the air, or in rooms where sleeping and eating are done, but clean tables and assorting bins care for your clothes until they reach you spic and span.

This extra precaution and insurance toward cleanliness costs no more. Why not take advantage of this extra day each week by sending the family wash to "The Home of Cleanliness?"

Choose one of our family wash services and make a holiday out of the wash day, with a guarantee for every precaution in safeguarding your clothes.

DRY WASH SERVICE

For those who prefer to do their own ironing at home we now take the family washing and return it home clean and dry (not ironed) for 6 cents a pound. You will find many of the pieces so perfectly washed and dried that ironing will be unnecessary.

The Vorelone Tumbler used in the O. K. Laundry is the only drying tumbler that does not depend solely on heat to dry clothes, it is the missing link in an otherwise perfect laundrying process. Be sure to see this wonder machine at the O. K. Laundry any time, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

ROUGH DRY SERVICE

Clothes washed, flat pieces, such as table cloths, sheets, towels, pillow cases, napkins, bedspreads, ironed and ready for use. Starch pieces starched and dried ready for ironing. This service for 10c per pound; 50c minimum package.

FINISHED FAMILY SERVICE

Clothes washed, all pieces ironed and pressed ready for use. This service 10c per pound, with an additional cost of 10c per pound for the ironing of the starched pieces.

Choose the service best suited for your need and let us prove the economical way of answering your wash day problems. Don't be burdened with that worry.

Lesson for May 9

ABRAHAM AND THE KINGS

LESSON TEXT—Genesis 14:1-24.
GOLDEN TEXT—In all these we are more than conquerors through Him that loved us.—Romans 8:37.
PRIMARY TOPIC—Abraham Saves Lot From Danger.
JUNIOR TOPIC—Abraham Rescues Lot.

INTERMEDIATE AND SENIOR TOPIC—Abraham's Courage and Generosity.
YOUNG PEOPLE AND ADULT TOPIC—Victory Through Faith and Courage.

I. Lot Taken Captive (14:1-12).
Lot's misfortune was due to his selfishness in choosing the best land regardless of the moral risks in his associations (13:10, 11). The Jordan valley was very fertile, but a place of moral snares because Sodom was there. Frequently fine pasture for cattle contains poisonous growths. Lot's trouble was not primarily because he was a bad man, but because of his associations. The steps taken by Lot as shown in chapter 13 were:
1. He lifted up his eyes and beheld (v. 10).
2. He chose him all the plain (v. 11).
3. He dwelt in the cities of the plain (v. 12).
4. He pitched his tent toward Sodom (v. 12).
5. He dwelt in Sodom (14:12).
6. He sat in the gate of Sodom (19:1).
II. Abraham Rescues Lot (14:13-16).

1. News brought to Abraham (v. 13). Abraham was in a place of safety. Just why the man who had escaped came to Abraham with the news we do not know. Perhaps Lot had requested him to tell Abraham of his misfortune, making known the fact of his kinship and through him appealing for help.

2. Abraham in pursuit (vv. 14, 15). Abraham, the great-hearted, forgot Lot's selfishness and ingratitude, organized his servants and by a night attack defeated the enemy. Abraham might just have left Lot to his fate, but because Lot was his brother he forgot his wrongs.

3. Lot rescued (v. 16).
Not only was Lot saved, but the women and his goods were rescued. Because Abraham was separate from Sodom he was able to save his brother. The one who is separate from the world has power to overcome it, while the one who is joined to the world is helpless and is carried away with its ruin.

III. The Ministry of Melchizedek (vv. 17-20).

Melchizedek, a mysterious person, suddenly appears on the scene. His name signifies "king of righteousness." He was also king of Salem. Salem means peace. The name is descriptive of his office, rather than a proper name. He is a type of Christ. The following features are suggested by A. T. Pierson:

1. He represents a primitive universal faith, antedating, outranking and surviving the Levitical.
2. He was the priest of the Most High God—a more comprehensive name than Jehovah.
3. His order of priesthood was not local or temporary, but universal and permanent.

4. He outranked even Abraham, who paid him tithes as to a superior.
5. He was prophet, priest and king—all in one, a sort of threefold personage.

6. He was not reckoned according to human genealogy nor limited course of service.

7. He was both king of righteousness and king of peace. Righteousness pertains to the name of the nation and peace, to the realm. Abraham gave tithes to Melchizedek, and this was the standard of giving in the Old Testament, but the New Testament puts giving on a higher plane. In 1 Corinthians 16:1 the believer is instructed to give as the Lord prospers.

IV. Abraham and the King of Sodom (21:24).

The king of Sodom offered Abraham reward. Abraham was quick to discern his peril in receiving gifts from him. He knew that what he had done was through the grace of God upon him. He would not use this grace for private gain, would not complicate himself with the world for the sake of money. He anticipated this temptation and had covenanted with God not to yield to it (vv. 22-23). Ministers and evangelists have made grievous mistakes in receiving and even seeking financial help from godless people. The God who is possessor of heaven and earth does not need the help of the world. The world must not have opportunity to boast.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

Do Better Work With Less Effort

Many thousands of farmers know of the good work, easy handling and simple adjustment of the John Deere DG Cultivator. So easy to operate that your boy will do mighty good work with it.

You can cultivate all row crops with the DG, for the simply-adjusted arch permits a variation of 16 inches in the wheel tread.

The hugging device aids in holding the rigs to the row when hilling or "laying by" the crop, counteracting the tendency to drift either to or from the row. This does away with the hardest work of cultivating.

Simple depth control insures even cultivation—just a turn of the tail bolt does it.

Your DG is ready at our store. Come in and see it.

Improved cone coupling—no adjustment required except to take up wear.
Wheels have oil-tight, dust-proof bearings.
Pole does not extend behind axle—plenty of room for adjusting arch, rigs or shovels; provides good view of work.
Hang-up hooks attached to arch and are adjustable, up or down, in or out.

More Millions for Service

THE telephone construction programme outlined for this year is the largest ever undertaken by this company. It calls for new plant and replacements costing more than \$13,200,000.

The large, additional investment is but a reflection of the demand for service in this and other Southern States. The new plant is necessary to meet the service needs of present and prospective subscribers, whose business and social activities require adequate, efficient, comprehensive service.

After all, the telephone system is merely the joint trustee for those who own the property and those who subscribe for the service. In no other industry are there as many owners as in the Bell System. There are approximately 750,000 security owners and more women than men stockholders.

To safeguard the holdings of the investors on one hand, and to extend and operate the property so efficiently and economically as to fully meet the needs of the public on the other hand, is the serious responsibility of the telephone management.

The enormous sums of new money constantly required have greatly increased the investment per telephone, making it necessary to earn greater revenue per telephone, in order to meet the growing cost of producing service and leave a reasonable balance for profit.

Our efforts to keep pace with the growth and progress of this State and to measure up fully to our serious responsibility are aided in no small measure by your friendly encouragement.

One Policy, One System, Universal Service

RAILROADS SET NEW RECORDS

The railroads of this country provided in 1925 service that was more dependable and more efficient than in any other of the nearly one hundred years of their history. Their improved service made it possible for business generally to be carried on with greater expedition and economy, and everyone shared in the benefits.

Statistical proof of the increased dependability and efficiency of the railroads in 1925 is to be found in the many records that the railroads set last year.

Freight trains were longer and faster. The average freight train in 1925 consisted of approximately 5 per cent more cars and carried a load approximately 4 per cent heavier than the best previous records, set in 1924. The previous record for average daily freight car movement, set in 1923, was exceeded by nearly 2 per cent in 1925.

Equipment was adequate. Shippers in 1925 received promptly, on the days for which they were ordered, 99.7 per cent of all the cars they asked for. Although more cars were loaded with freight and handled by the railroads in 1925 than ever before, there were held in reserve at all times during the year no fewer than 4.4 per cent of all freight cars and 6.4 per cent of all locomotives.

Freight was handled with greater care. Claims paid for loss or damage declined nearly 20 per cent in 1925, compared with 1924. Claim payments on account of delayed shipments in 1925 were nearly 43 per cent less than in 1924.

Fuel went farther. In 1925, compared with 1924, fuel consumption per unit of service was reduced 6.5 per cent in freight train service and 5.3 per cent in passenger train service. The total saving amounted to 7,302,797 tons.

The railroads were safer. The number of railway employees killed in accidents of all kinds in 1925 was the second lowest of any year on record—and the record goes back to 1888. The railroads moved 375,000 cars of explosives in 1925 without a single injury.

These excellent results didn't just happen. They were brought about by careful planning, persistent effort and the investment of an average of three-quarters of a billion dollars a year for the past four years in improvements and additions to railway facilities. The country's railway plant today is in better condition and better fitted to the needs of the country than ever before.

Good service deserves adequate earnings. The railroads as a whole, had more satisfactory net earnings in 1925 than in any other year since 1916, but even at that their earnings did not reach the "fair return" to which the Interstate Commerce Commission has held they are entitled. Further improvement in earnings is called for, both as a reward for present railway efficiency and as an insurance of continued efficiency in the future.

Constructive critics and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.
CHICAGO, May 1, 1926.

Envelopes to Match

Use envelopes to match the color of your stationery.

We can supply you with fine letterheads printed on Hammermill Bond and furnish envelopes to match in any of the twelve colors or white.

Remember we are letterhead specialists. You will find the quality of our printing and the paper we give you very high and our prices very low.

Let Us Show You What We Can Do

Chestnut Glade

Owing to the arrival of 424 baby chicks I was just too busy to write last week.

I attended the declamation contest at Fulton High school auditorium Friday night and thoroughly enjoyed it. C. G. was represented in the Girls contest by Miss Mamie Milam, and the boys by Malcom Johns; music, Miss Valda Strong; spelling, Mrs. Mignon Morrison who won the medal. Competition was close and each contestant seemed in their very best form. Weakley county, represented by Mr. Grooms, of Greenfield, won first in the boys' contest. We wish to congratulate him and commend those who were instrumental in giving our young folks this splendid opportunity.

Brother Hardiman preached at Oak Grove last fourth Sunday.

He has been elected superintendent of Graves county schools and will enter upon this office the first of July. This will necessitate the giving up of his school work at Cuba, Ky., where his phenomenal success has been attested by this promotion, which he has received.

We regret to say that this protracted meeting work will be given up, too, but he assures us he will be ably represented by a brother in the ministry.

Announcement will be made later. He will still fill his appointment at Oak Grove at eleven each fourth Sunday.

Brother Ratiff, of Bardwell, will fill his annual appointment at Oak Grove the first Sunday in June.

Tomatoes and sweet pepper are now being set in the field.

Cotton, corn, watermelons and lots of truck and garden "sacs" are being planted. Chickens are the topic of the day. A greater effort than usual is being made in poultry this year.

P. T. A. meets Friday evening. The High school play, "Nothing But the Truth" will be presented Saturday evening.

Commencement sermon Sunday evening, graduation of music and expression Monday evening. Senior class night, Tuesday evening. Music and expression recital Wednesday evening. Senior graduation Thursday evening.

The "Community Sing" was well attended Sunday afternoon. Everette Reed, Irving Shanklin, Dewey and Albert Brundage were among the visiting leaders.

Come again and bring others with you. Remember the date—First Sunday afternoon at two-thirty.

We appreciate your comment upon our community work, Mr. Editor, also your kindly help in advertising our little community events. We are having splendid audiences and real community cooperation.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

Bennett's Drug Store, Fulton, Ky.

Clover Blossom

will make the season of 1926 at my farm, 3½ miles north of Union City, Tenn. He is 16 hands, dark bay, royal bred, saddle stallion. \$10.00 to insure.

G. R. Buford.

Our plant is complete for everything you need in the line of printing and we can assure you first grade work on Hammermill stock. Ask us.

What About Ice Cream As a Food--Especially For Children

1. It is the only food given in both health and illness, to athletes and invalids.

2. It is one of the first foods to be given a patient in the hospital.

3. It will come nearer pleasing every member of the party or family than anything you can serve.

4. All of the elements necessary to health and growth are found in milk. A quart of Culver's Ice Cream has the food value of several quarts of milk.

5. Young children should have more milk, in the form of ice cream, instead of the customary milk-naks.

6. You have often seen children refuse milk, but you have seldom seen them refuse ice cream.

7. Nature has endowed children with a taste for sweets. Guide this tendency into a habit of eating

health-giving, strength-producing CULVER'S Ice Cream. It will be a good investment in health.

8. It is not the children alone who benefit from the food properties of ice cream. Certain elements in milk and hence in larger quantities in ice cream improve the complexion and eyesight and add luster and life to the hair.

9. Using the best of ingredients in the home freezer you will find it hard to equal the results in smoothness and texture made possible by our power machinery and proper refrigeration. The smoother the cream the more easily digested.

10. Rare indeed is the individual, young or old, who does not welcome the invitation to have a dish of ice cream. Please all by serving CULVER'S.

RICH--HEALTHFUL--REFRESHING
CULVER'S ICE CREAMCompare Culver's Quality
With Others

A daily supply of fresh milk from inspected dairies and a factory as clean as your kitchen insure the purity and safety of CULVER'S.

There is a Culver dealer near you who will give you good service. Call him, compare the richness and flavor with other makes and we know you will always say Culver's.

Novelties for Parties
and Banquets

The service of ice cream—flowers, emblems, or individuals—makes a fitting climax to a wonderful party. You may be surprised to know that we have many different molds, and that we can put many designs in the center of brick cream. We can also make special flavors colored to suit the occasion. The price is reasonable, in fact very much so, considering the decorative feature, coupled with such a delicious dessert.

Pierce News

The refreshing shower, Sunday afternoon made everything look so refreshed that the writer decided, after so long a drouth in writing, would renew the Pierce items.

Mr. Ernest Lowe is at home from Detroit, returning Sunday night.

Mrs. M. W. Gardner spent last week with relatives near Beclerton, Ky.

Mrs. Cora Demyers and daughter, Miss Roberta, Mrs. Girtle Morris and M. W. Gardner motored to Union City Saturday afternoon.

Miss Virginia Giffen spent the greater part of this week with home folks.

Prof. W. L. Matthews attended a singing convention near Paducah, Ky., Friday, Saturday and Sunday.

Mrs. Elvis Cunningham and son, Wallace, of Paducah, are visiting her parents here this week. Mr. and Mrs. T. B. Renfro.

Mr. and Mrs. J. C. Smith attended a singing near Union City, Sunday.

Mr. and Mrs. Marshall Mitchell from near Shady Grove was the guest of Mr. and Mrs. C. M. Orleans Saturday and Sunday.

Mr. and Mrs. W. W. Orleans of Obion were the guests of relatives here Thursday.

On Friday night, April 30, 11:30 o'clock, while the earth was in slumberland, the death angel visited the home of Charley Orleans and took away the beloved spirit of his mother, Mrs. Sally Orleans. She was born February 10, 1850, married January 26, 1870 to Joe Orleans, who preceded her to the grave February 8, 1908. To this union there were four children, Charley, the only surviving one; Bron, died Sept. 13, 1876; Lina May died young; Joseph Elbert died March 13, 1915, aged 35 years. She joined the Presbyterian church while young and was loyal there until recent years she joined the Methodist church at Heabron. She was ever ready to do her duty and lend a hand to those who needed her assistance. She loved everything

natural and beautiful and the community has lost one of its most beautiful characters. She leaves only one son and wife to mourn her loss and a host of sorrowing friends. Funeral services were conducted by Bro. Walker, her pastor and she was laid to rest in the beautiful cemetery at Chapel Hill to await the call of the just and we will say, dear friends, she isn't dead, but merely sleeping the sleep of the just and we will meet her again some day where we will never say good by in heaven. We will never say good by, for in that land of joy and song we will never say good by.

Crutchfield, Ky.

Mrs. Frank Hiff's relatives were called to her bedside Monday of last week, but she rallied Tuesday and is resting better at this writing.

Mr. and Mrs. Munrow Wilson, Mr. and Mrs. Walter Conner, Mr. J. D. Conner and wife, Phineas Conner and wife were to see Mrs. Hiff Tuesday of last week. Also Mr. Aaron Hiff and wife. He is Mrs. Hiff's son. Mr. Walker, the operator here, has a new car.

Mr. Less Strother went to Memphis last week to work at his trade.

Mrs. Waford of Memphis, visited Mrs. Walker a few days last week.

The road machine is grading on the highway near here. It is very interesting to watch it load the wagons and see them haul the dirt away to the place it is wanted and dump it by loosening the bottom of the wagon and letting the dirt fall out without stopping the team at all. The teachers and pupils all went to see it work one day last week.

Brother Williams preached a wonderful sermon on "Keep the Ordinances As I Delivered Them Unto You," at New Hope, Sunday.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the traducer.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

Every progressive citizen of Fulton should be a member of the Chamber of Commerce

SELECT YOUR WALL PAPER

Choosing is at its very best just now. Stocks are complete and assortments unbroken. Business has opened up so briskly in wall paper that any long delays in making selections render choice less extended, even with such immense quantities as we carry. For this reason, we urge you to get in as soon as you can and give us a look before deciding on the wall paper you will need this Spring.

We Have the Swellest Creations in Wall Paperdom!

Every man in our force of paper hangers, decorators and painters is not only experienced and reliable, but is capable of doing a better class of work than the average man of his trade. This is so because our patrons demand the highest order of interior decoration. All the work we engage to do is done under our personal supervision. We lose sight of none of the details—and the results are invariably satisfactory.

The butterfly of fashion is not more up-to-date in dress than the walls of your rooms will be if you make your selection from our new and beautiful offerings in paper hangings. Latest designs, daintiest tints. Handsome variety of patterns. Nothing cheap but the price.

"The most beautiful paper I have ever seen" is the verdict rendered by everyone who has seen our line this Spring.

Paints, Oils, Varnishes!

Yes, we carry a complete line of high-grade paints, oils and varnishes. Give us your contract. We will give you satisfaction.

Beelerton News

The Ladies' Missionary Society of Mt. Zion church met last Monday with Mrs. E. S. Hicks. In the afternoon an interesting program which had been arranged by Mesdames P. W. White and Jim McAlister was given.

Misses Jewel Robey and Lucile Hicks and Mrs. A. D. Raymer were the guests of Miss Loudean Kirby last Monday night.

Mrs. Will Weatherspoon, a patient at the Mayfield hospital, is recovering from an operation which she has undergone recently.

Mr. Egbert Morris of Detroit, Mich., is visiting his parents, Mr. and Mrs. Rob Morris.

Mrs. Bettie McAlister visited her daughter, Mrs. E. S. Hicks, last week.

Mr. and Mrs. David Allison and baby, of Detroit, are the guests of Mrs. Allison's parents, Mr. and Mrs. Rufe Beadles.

Mr. and Mrs. Carl Cooley are the proud parents of a son, born last Thursday.

Miss Tommie Wiley spent Saturday night with Miss Lucile Underwood.

Mrs. Rich Gardiner was taken to Mayfield last Sunday to undergo an operation for appendicitis.

Miss Mary Swan Bushart, who has been a patient there, returned home Sunday.

Mr. Ernest Hancock and family, Miss Katherine Mobley and Mr. John Kirksey were the Sunday guests of Mr. S. J. Walker and family.

Mrs. Irad Bushart and children, Dorris and June, of Fulton, spent last Saturday night and Sunday with Mr. and Mrs. W. J. Boaz.

Miss May Polsgrove spent Sunday night with Miss Tommie Wiley.

Miss Loudean Bryan spent Sunday night with Miss Pauline Brown.

Mrs. Ita Richmond and children, of Mayfield, are visiting Mr. and Mrs. Joe Duke.

Rev. A. N. Walker delivered a splendid sermon at Wesley last Sunday morning. The subject for the morning's discourse was "What does it take to be a

Christian?" and Rev. Walker gave the following three points: (1) We must be learners of Christ in head and heart. (2) We must know Christ is the only Redeemer and Savior. (3) We must know Christians are holy people. A large audience was present for the morning service.

Rev. Walker was at Chapel Monday morning and gave a talk from the subject "There is but one thing Needful." He said this one needful thing for the world, nation, community and individual was a knowledge of Christ.

The complete program was: Song by school.

Scripture quotations.

Vocal duet—Misses Loudean Kirby and Ludean Bryan.

Piano Solo—Katherine Mobley.

Address of Morning—Rev. Walker.

Vocal Duet—Misses Hazel Morris and Pauline Brown.

Piano Solo—Mrs. E. J. Bennett.

Vocal Solo—Miss Eva Fay Hicks.

Song by school.

RAINS MAKE TRAVEL BAD

The heavy rain of last Sunday was the cause of considerable delay and accidents to residents of both Fulton and Hickman. The State Line road was seemingly the center of the storm, and the road some seven miles west of Fulton was the scene of a number of accidents.

Numerous cars went into the ditch trying to get through, and for about three or four hours there was a continual mob of cars, at times amounting to 30 or more, trying to pass one another, with frequent cars turning crossways of the roadway, making the confusion more annoying.

Even the casual observer could not help but notice the absolute disregard of courtesy, to say nothing of common sense, of the average driver. Scarcely any of the drivers seemed to try to give the other fellow a chance to get out, and crowded into the jam, making it just that much harder for the others to move in such a way as to relieve the congestion.

McFadden News

Roy Carver spent the week end with his grandparents, Mr. and Mrs. Willie Wade in Crutchfield.

Misses Lillian Bard and Laura Mae Pickering attended the show in town Saturday afternoon.

Annie Mae Bruce spent Saturday night and Sunday with Misses Mignon and Patricia Newton.

Mr. and Mrs. Sam Bard and son, Layman, attended church at Mt. Carmel, Sunday.

Mr. John Brown was a Thursday evening guest of Miss Laura Mae Pickering.

Mr. and Mrs. Will Wade spent Sunday with Mr. and Mrs. Ernest Carver.

Mr. and Mrs. Will Brown spent Saturday night with Mr. and Mrs. Tommie Reed.

Mr. and Mrs. Tom Sams and little daughter, Dorothy, spent Sunday with Mr. and Mrs. O. C. Wolberton.

Mr. and Mrs. Harrison are new neighbors of this community.

Mr. and Mrs. Harrison and children were in Fulton, Saturday night.

Mr. Sylvan French called on Miss Gertrude Howard Saturday night.

"THE GYPSY ROVER"
A GRAND SUCCESS

The music class of Miss Mary Attebury presented one of the best prepared, smoothly executed and most interesting programs ever rendered at the Cayce High school auditorium, Saturday evening, May 1, when they presented "The Gypsy Rover."

The splendid accomplishments this class has made under Miss Attebury's teachings were plainly dispensed in this wonderful program. This musical comedy was full of romance and the beauty of gypsy life. The pretty chorus girls were dressed in their gay costumes of quaint gypsy style.

Miss Attebury presided at the piano and Mr. Gyes, the cornet, Mrs. Ted Prather of Union City entertained between acts, with piano and readings.

Miss Attebury was assisted

The public is cordially invited to attend all of these exercises.

in decorating by Miss Jessie Whitesell, of Union City. Our neighboring towns were well represented in the very large attendance. The splendid attention was marked evidence of interest, held by the audience. Miss Attebury's class is steadily growing and climbing upward in the musical world, and Cayce feels a sense of pride in her coming musicians and hopes that we will again be favored with such a display of musical talent.

FIRE PREVENTION MEETING

Will Be Held in Fulton, Thursday, May 13.

The representatives of the Association will bring a motion picture machine with them. Pictures will be shown at the Chamber of Commerce rooms in the evening in connection with a lecture and the public is cordially invited. There will be no admission for this educational exhibition and lecture.

COTTON SEED FOR SALE

Trice Cotton Seed, suitable for planting, 60c per bushel, B. B. Jonakin, Route 7, Fulton, Ky.

DAYLIGHT ROBBERY

The Roberts Brothers' Clothing store was robbed Sunday, probably during the church hour, as Mr. Homer Roberts and Bob Bard left the store about 10:00 a. m., the former returning in the afternoon, when he discovered that the robbery had occurred.

On entering the store, he noticed that some hand bags were missing and immediately investigated further. He found that several suits of clothing, shirts, socks, ties and other articles were missing.

The party or parties who committed the robbery were evidently well acquainted with the premises as they had apparently entered through the door to the stairway to Moore Hall, descending the elevator shaft and prying off the boards of a rear partition, thus effecting an entrance.

Chief Huddleston is conducting an investigation and expresses the opinion that it was the work of local thieves, as shown by the manner of effecting an entrance, as a stranger would, very likely, not have known of the elevator and its close proximity to the partition which was torn out.

The store was protected by the Burns Detective Agency Service and there is a strong probability of the thieves being caught within a very short time.

Mrs. Kate Trigg Passes Away.

Funeral services for Mrs. Kate Trigg who died Wednesday night at the home of her daughter, Mrs. Will Beard, on Carr street, was held Thursday morning, the Rev. H. L. Patterson conducting the services. Interment following at Fairview cemetery.

After a long, busy and useful life she died as she had lived—honored, trusted and loved. She reared her own monument while she lived in the hearts of all who knew her, and will be sadly missed from this life.

Mrs. Trigg is survived by two children, Mrs. Will Beard, and Frank Trigg, of Fulton, and several grandchildren and other relatives.

DECORATION DAY, MAY 23

At a meeting of the City Council, Monday night, Decoration Day for 1926 was discussed and May 23 was finally decided upon as the date for Decoration Day in Fulton. It was thought by that time yard flowers would be in full blossom.

L. S. Phillips, chairman of the cemetery committee, will make every effort to beautify the cemetery and have it in readiness to receive the lovely blossoms that always add to the natural beauty of Fulton's city of the dead. Those who attend Decoration day in Fulton from other towns say our cemetery is the prettiest in this entire section of country, and just here we will add that much credit is due Chairman Phillips for his painstaking effort in making Fairview the beauty spot of Fulton.

FOR SALE

Meat Market and grocery store combined, doing a thriving business. Old established trade. Best location in the city. Apply at The Advertiser office.

Society.

BRIDGE LUNCHEON

Mrs. Trevor Wayne was hostess at a prettily appointed bridge luncheon, Thursday, at her home on Third street, in compliment to Mrs. Dawson Skeen, of Chicago, who has been the house guest of Mrs. Herbert Carr.

Gay spring flowers vied with gay spring frocks of the guests and it would be a difficult thing to say which added most to the beauty of the scene. After a delicious two-course luncheon bridge was played and resulted in Mrs. Joe Davis obtaining first prize, an attractive telephone screen. Mrs. Sara Meecham cut consolation, a pretty blooming pot plant, while the charming honoree was presented lovely hand made crystal candle shields.

EVENING BRIDGE CLUB

Mr. and Mrs. Harvyl Boaz entertained the Thursday evening bridge club and a few extra guests at their home on Carr street. The reception suite was lovely and fragrant with soft shaded lights and spring flowers and five tables were in play. Hand-painted tallies were used. The work of the talented hostess. The club prizes were won by Mrs. Claude Freeman, a piece of tapestry and hand made handkerchiefs by Eugene DeMyer, while visitor's high, decorated pencils, was won by Mrs. Ramsey Snow and a deck of cards went to Roy Pickering.

In the late evening a delicious salad course was served.

Council Proceedings

Fulton, Ky., May 3, 1926.

The City Council met in regular monthly session, Monday evening, May 3, 1926, in the City Hall, in the City of Fulton, Ky., Mayor W. O. Shankle, presiding, and the following Councilmen present: Smith Atkins, Paul Demyer, Joe Bennett, W. P. Murrell, J. E. Hanneppin and L. S. Phillips.

The minutes of the previous meeting were read and approved.

The following reports of the various city officials were read, approved and accepted:

The Council approved a contract with Fulton County for a right of way.

By resolution of the Council, Clean-Up Week was set for the week of May 10 to 15, 1926.

The personal bonds of the various banks were filed and accepted by the Council as depositories for the Sewer Bond funds.

The resignation of the Board of Health was accepted by the Council.

Various matters were discussed by the body and following the completion of all business, the council adjourned, subject to the call of the Mayor.

Thos. H. Chapman,

City Clerk and Auditor.

CHRISTIAN ENDEAVORERS MEET AT MAYFIELD IN CONVENTION

The State Convention of Christian Endeavor Society will meet at Mayfield, May 7, 8, 9.

The First Christian church of Fulton will send twelve delegates. A feature of the program will be the "Quiet Hour Talk" preceding the Friday night, Saturday morning and Sunday night program. The Rev. H. L. Patterson will be the speaker. Secretary Evans for Dixieland will be the chief speaker for the convention.

High School Notes

The Fulton-Murray baseball game played at fair grounds

Saturday afternoon was pronounced the most interesting

game to the year by a large crowd. The contest was very

close and an extra inning was necessary to play off the tied

score of 6 to 6. The result of

the tenth inning was to give

the Murray lads a victory of 7

to 6. Baseball lovers will be

interested in the following record to date, of the Fulton team:

Player At Bat Per.

Williamson 32 .375

Scates 26 .307

Maddox 23 .304

Wiseman (Capt.) 25 .280

Jones 17 .235

Joyner 21 .233

Exum 13 .154

Dobbins 22 .136

Thomas 9 .111

Brann 28 .107

Carr 21 .095

President Waters of Union

University, Jackson, Tennessee,

will deliver the baccalaureate

sermon at Carr's Park auditor-

ium, Sunday morning, May 16.

The Inter-high school piano

contest was won by Selden King

of Fulton High school, who

played "The Erl King" by Schubert-Liszt. Seven contestants

from as many schools played.

The second place was won by

Miss Lenora Amberg of Hick-

man.

The first place in the spelling

contest was won by Miss

Regina Reagor of Sharon High

school. The second place was

obtained by Mignone Morrison

of Chestnut Glade. The score

of Miss Reagor was 98. One

hundred words selected from

the old blue back speller were

used.

The declamatory contest

held Friday night was as inter-

esting feature of the spring

meet. Twelve boys and girls

participated. Mr. Thomas L.

Grooms, of Greenfield High

school won first place in the

boys' contest. Miss Irene Creed

of Hickman was awarded the

first place in the girls' contest.

In the field events, Saturday,

Fulton won first honors, the re-

lay cup and high point cup both

being captured by the local

boys. The following scores

were made by the competing

schools:

Fulton 42; Murray 20; Cay-

ce 11; Lynn Grove 8; Green-

field 0; Hickman 0; Welch 0.

G. Jeffrey of Murray was the

high point man, scoring a total

of 14 points.

A style and size to suit every requirement.

We especially invite you to come see our splendid display of Progress Sanitary All Metal Refrigerators.

Consume less ice and keep colder than other refrigerators. Always tight, odorless, sanitary, clean, economical and durable in any climate.

See the Perfection at our store. The line is complete, from a small one-burner stove to a large five-burner range. Prices are reasonable.

Many worth while improvements and conveniences are found on all Superfex models.

Greater economy of oil.

Wider range of flame control.

Handsome appearance and finish.

High, roomy porcelain enameled cooking top

Square grates.

Rigid end shelf over reservoir.

Reversible glass oil reservoir.

Full width base shelf.

Porcelain-enameled tray under the burners—removable for cleaning.

Tilting chimneys—easier to light, clean and rewick.

ATTENTION Farmers!

R. A. Nance, the Sweet Potato King, to Lecture
in Fulton, May 8.

The farmers of Fulton will be given an opportunity, Saturday, May 8, to listen to one of the most instructive and educational lectures on sweet potato growing and marketing ever heard here when R. A. Nance, the famous sweet potato man, will talk at the City Hall.

Mr. Nance is recognized as one of the best informed men on sweet potato growing and marketing in this section of country. He is interested in a hamper factory at Gleason, Tenn., that turns out a earload a day and other factories in Alabama. And it can well be said that he is the sweet potato king of the South, and can tell the farmers more about potatoes in ten minutes than the average grower in ten hours. So if you want to get on the right road as to how to grow, cure, pack and market the crop, don't fail to hear him at the City Hall in Fulton, Saturday, May 8, at 3 p. m.

POULTRY

CAUSE OF SCABBY
LEGS IN POULTRY

The unsightly disease which affects the legs of fowls, causing them to swell and become distorted, is due to a mite, a small insect which is similar in appearance to that which causes scab in sheep. It is roundish, oval and semi-transparent, about one-eighth of an inch in length, appearing, when magnified 100 diameters, about half an inch long. Beneath the scales there are spongy scabby growths, in which the eggs and pupae of the mites are to be seen in great numbers. The pupae are very similar in shape to mature mites but are very much smaller, appearing, when viewed with the above mentioned power, about one-tenth of an inch in length. The disease, being of a similar character to the scab in sheep, or the mange in dogs and cat, may be cured by the same treatment. Fowls were cured of this disease, before accurately knowing the cause, by applying to the legs a mixture of lard with one-twentieth part of carbolic acid. This should be applied with a stiff brush, such as one of those sold with bottles of kerosene. A very small painter's sash brush could answer the purpose; but some thing must be used by which the medicated grease can be applied thoroughly to the crevices between the scales.

A mixture of equal parts of hard or sweet oil and kerosene will be equally as effective as the carbolic acid mixture. It is probable that lard, or oil alone, would be effective, but the kerosene more easily penetrates between the scales and the carbolic acid is sure death to the parasites. The remedy being so simple, it will be inexcusable if this disagreeable affliction is suffered to remain in a flock while, however, one fowl is troubled with it, it will certainly spread, as the mites will burrow beneath the scale of the other fowls. If precautions are generally used, the parasite can be exterminated. Whenever affected fowls are sent out, the disease goes with them.

Pullets Grown Rapidly Will Give Best Profit

A study of the relation of certain factors in the single comb White Leg horns at the University of Idaho agricultural experiment station showed that the more a pullet weighed when she started laying, the heavier were the first ten eggs she laid. The heaviest pullets, as measured by their main weight for the year, laid eggs that averaged the heaviest for the year.

This is an important consideration because in the past, early maturity as indicated by a small number of days from the date of hatch to date of first egg, has been emphasized. It is quite natural to expect that the pullets that begin laying early would lay less when they start to lay than those that take a longer time to mature. Rapid bodily maturity is, therefore, an essential as rapid sexual maturity, as indicated by the laying of the first egg.

No correlation was found to exist between the size of the pullet and her yearly production. The large pullet laying a large egg would seem desirable. The large pullet, however, matures too slowly and is a less efficient egg producer. Efficient management calls for pullets of medium size, matured normally, both bodily and sexually. The indications are that pullets have the best chance of being producers of standard eggs as well as an equal chance of being high producers.

Wisconsin Experts Give Rations for the Chick

For chicks the first ten days Wisconsin experts recommend this corn ration: Finely ground corn, 1 pint; wheat bran, 1 teaspoonful; soda, 1 teaspoonful; sour milk, 1 teaspoonful. Bake one hour and feed four times a day. Mix a little dry grain chick feed into the litter to induce exercise.

After the first few days the following mash is recommended, either fed dry or mixed crumbly with water or sour milk: Corn meal, 150 pounds; wheat bran, 100 pounds; wheat middlings, 100 pounds; rolled oats, 25 pounds; meat scrap, 20 pounds; oil meal, 5 pounds; salt, 2 pounds.

The poultry department of Cornell university recommends this ration for fattening, with milk and fed wet: Corn meal, 50 pounds; white wheat middlings, 20 pounds; ground heavy oats, 10 pounds. This is to be mixed to a batter, fresh at each feeding, with buttermilk or skim milk. It will require approximately two pounds of milk to one pound of mash.

Hatchability of Eggs

The hatchability of eggs depends mostly on the constitutional condition of the breeding stock that is to produce the eggs. Next it might be said that the constitutional vigor of the breeding stock greatly depends on the conditions under which they are kept that is if they are properly housed and fed. Hens and well-matured pullets may both be used for breeding purposes with success, but great care should be taken that both hens and pullets are healthy.

HUDSON COACH

Here is Masterful Performance with
Closed Car Comforts and
Great Price Advantage

This is the best Super-Six, the best Coach ever built, and the price is the lowest in history. It is delivered at your door with nothing else to pay at a price way below any car of comparable quality.

This combination of masterful performance, of great closed car comforts has constantly maintained leadership for the Coach as the World's Greatest Value.

Bargain Pure-Bred Prices Boon for Dairy Farmer

PURE-BRED dairy cattle are now selling at bargain prices, according to the Blue Valley Creamery Institute, which has just completed a survey of the dairy industry. This is certainly the time to improve herds. At no time in the past ten years has there been such a favorable opportunity for the man or woman who milks cows to acquire good blood. In 1922 pure-bred dairy bulls of all breeds averaged \$222.00. Today this same pure-bred bull is being purchased for an average of \$158.00. Still more marked is the decline in average prices of pure-bred cows, which in 1922 brought \$211.00, but today is changing hands for \$134.00.

The marked advantage of using pure-bred bulls, declares the Institute, is easily shown in a study of a recent survey of 577 farms. Those farmers who used a scrub bull from one to five years had a labor income of \$108.00—less than a hired man's wages. Continuing the use of scrub bulls from five to ten years, they found themselves \$243.00 in the hole. But the farmers who used pure-bred bulls from one to five years had a labor income of \$700.00 and when these same pure-bred bulls were used continuously up to ten years, the labor income jumped to \$1,102.00 per year.

The dairy farmer who uses good milk cows will find, as always, that they will help to make his financial position secure, carry part of the burden of his mortgages and taxes, buy education for his children, pay for the new house and barn and leave the farm itself more productive as the years roll by. Now is the opportunity of a decade to build up a pure-bred dairy herd, according to the Institute.

SOUTHERN FENCE

Horse-high--Bull-strong--Pig-tight
--"Weather-wise"--Rust-proof

SOUTHERN FENCE holds its own against the strongest pressure and resumes normal shape as soon as pressure is removed, because it has HINGED JOINTS. Also retains its shape in all weathers, as TENSION CURVES allow it to expand when hot and contract when cold. Made of the highest grades of tough, springy open heart steel wire with extra heavy and uniform galvanized coating in which the best prime Western spelter zinc is used.

SOUTHERN FENCE IS LIFE-TIME FENCE—on the job all the while. You can get it here. We sell SOUTHERN FENCE under the guarantee of the Gulf States Steel Company, who make it.

One Smart Version of the Plaited Mode

The tiered skirt and the bosom front are two spring style features which have been cleverly managed in this smart version of the plaited mode. Cloth in a white and gray-blue mixture makes it a charming street dress.

PROMINENT UNION CITY CITIZEN PASSES AWAY

Chas. K. Ligon, 74 years old, highly esteemed citizen of Union City, died Monday morning at his home in that city after a lingering illness. Mr. Ligon was well known in Fulton, having been born and reared near here in Obion county, Tenn.

Many of his old friends and acquaintances of this vicinity deeply sympathize with the bereaved in their loss.

The deceased is survived by his widow and three children, Hardy Ligon, of St. Louis; Mrs. Lawrence Vaccaro, of Memphis and Mrs. Corker Jackson, of Union City. He was a brother of Mrs. W. T. Carr, of Fulton, and an uncle of D. L. Ligon of this city.

Funeral services were held at the First Christian church in Union City, Tuesday afternoon.

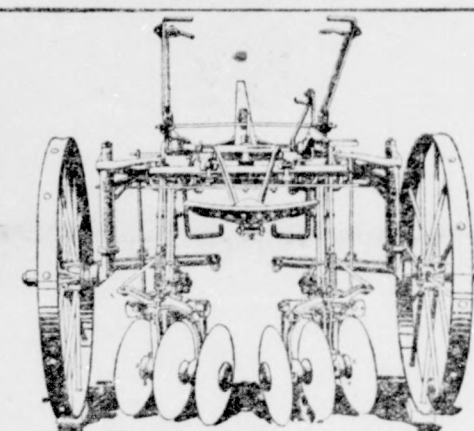

REAL ESTATE TRANSFERS

Ben F. Moore to Lucy J. Moore, two tracts of land, one of 82 acres on Fulton and Crutchfield road; one 16 7-8 acres; \$1, etc.

C. W. Cunningham, of Weakley county, Tenn., to H. M. Khourie, of Fulton, two lots in Highland Addition to Fulton.

C. C. Hancock to Fulton Undertaking Co., lot in Fulton, bordered by Third and Carr streets.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

Three Cultivators In One

You have been wanting to buy a disk cultivator that you can use equally well with shovel and spring-tooth cultivator gangs—one that will dodge quickly and easily on crooked side-hill rows with any one of the three gangs—one that is easily and quickly changed from one style of gang to another.

You can get it now in the new

JOHN DEERE JF

The John Deere JF with interchangeable gangs is adaptable to any field need. Handy grip levers make gang changes simple and easy. Disk Gangs—strong, long wearing, easily adjusted for in-throw or out-throw. Shovel Gangs—can be furnished with either four or six shovels.

Spring-Tooth Gangs—strong, tough steel teeth that do good work always. Master Lever—raises bothribs; independent levers adjust depth of rigs—even with heavy field.

Easy Dodge—light pressure on foot pedals causes wheels to pivot, quick dodging on crooked rows. Any one can do good work with the JF.

Be sure to stop at our store next time you're in town and see the JF.

THE secret of good paint is "Purity." Ask any master painter the ideal materials for use in a house paint and he will tell you Pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine and Drier and there you have the formula of Monarch 100% Pure Paint.

No substitute or cheapener ever find a place in a can of Monarch 100% Pure Paint and you will always find "100% Pure" the "Sterling Mark" of paint on every can of Monarch you buy.

Give your home the best paint protection available by using Monarch 100% Pure upon it. It requires a 100% Pure Paint such as Monarch to really protect the surface over a period of years and it is poor economy to use cheap paint that will not withstand the elements.

It will cost you less in dollars and cents if you specify Monarch 100% Pure Paint and you will always be satisfied.

Come in and let us prove this to you. Ask for your color card.

HOW ENDLESS CHAIN SELLING PLANS ARE USED TO ROB SAVERS

W. R. Morehouse Continues His Exposures of Modern "Gold Brick" Schemes—American Bankers Association Official Tells How Life-Time Savings Are Wiped Out.

By W. R. MOREHOUSE,
Public Relations Commission, American Bankers Association.

ARTICLE NO. II

I FIRMLY believe that promoters and high-pressure salesmen are becoming more and more crafty. Shrewder ways are being resorted to in order to trap the novice investor. It is deplorable that the investor does not profit by experience and is victimized a second time in his endeavor to recover that which he has already lost. It is the old, old story of trying to recover, but in the attempt losing. This very hour thousands of hard-earned dollars have slipped from the grasp of the calloused hands that earned them into the clutches of unscrupulous skin-game artists. Tomorrow the scenes of today will be re-enacted with a new and larger list of victims. A month from today depositors will still be pouring an ever increasing volume of their savings into the hopper of unwise investments. A year from today the same tragedy will be re-enacted unless our savings bankers come to the rescue and help to stop this nefarious business of defrauding and swindling our savers of the fruits of their labors.

W. R. Morehouse

Here is a typical case. A group of men undertook to promote a vending or self-serving machine. Their plan called for the sale of \$27,000,000 worth of leases in the United States. Similar projects previously started throughout the United States had failed. As a matter of fact, the average daily sale of one of these self-service machines was only \$2.19, which in itself made it impossible for a machine to produce sufficient revenue to make it profitable. Servicing the machines was another obstacle which had not been successfully overcome. In three months the promoters were successful in selling over \$2,500,000 worth of rights to use these machines.

Here is how it catches its victims. Each victim pays \$4 and receives three one dollar coupons which she must sell to her friends, and the friends must come in and pay down \$4 each, get three coupons each which they must sell to three friends and then these friends must perpetuate the scheme by selling coupons to their friends and so on indefinitely.

Of the more than \$2,500,000 invested by savers, over \$1,000,000 was taken by these wily promoters as commission. Think of making a commission of over \$1,000,000 on \$2,500,000 of sales in about three months' time! Think of what this more than \$1,000,000 of commission represents—think of the struggles and the sacrifices of the men and women who saved it! With some it was saved penny by penny over a period of years. Think of the sorrow it caused—the heartaches, the misery and the disappointments, which followed in the wake of the collapse of this promotion. Think of the old man who lost \$10,000—all he had been able to save during his lifetime. Think of the widow's mite, for she lost it also. All that is left today of the original investment is less than 10 cents on every dollar.

Here is an endless chain scheme which relieved working girls of a portion of their savings. The loss ran into many thousands of dollars. The scheme is to sell silk hose to girls by getting them to act as selling agents.

A hosiery company rents offices in the shopping district. Soon an attractive offer is made through the local newspapers by cleverly worded advertisements in which it would appear that any young lady can secure five pairs of hose worth \$2 a pair for only \$1. In other words, \$10 worth of silk stockings for only \$1! Without stopping to analyze the proposition or to consider how impossible it is for any concern to stay in business and sell \$10 worth of silk hose for \$1, thousands of young women instantly fall for the scheme.

How Endless Chain Catches Victims. Here is how it catches its victims. Each victim pays \$4 and receives three one dollar coupons which she must sell to her friends, and the friends must come in and pay down \$4 each, get three coupons each which they must sell to three friends and then these friends must perpetuate the scheme by selling coupons to their friends and so on indefinitely.

Here is where the promoters make a cleanup. One of the conditions which must be met before the young woman who purchased the first coupons receives her \$10 worth of hose for \$1 is that all three to whom she sold her three coupons must come in, pay down \$4 each for three more coupons and then go out and sell them. Before the three have done this, one or perhaps all three get "cold feet" on the proposition and, rather than go out and "soak" three of their friends \$4 each, they simply give up the job and charge their loss to experience. But in doing so they also block the girl who purchased the first coupons from completing her contract, and of course she, too, loses the money she invested in the scheme.

At a glance the loss appears to be small, but the truth is the scheme is capable of such great expansion that it soon takes in hundreds and thousands of victims. This is but one of many endless chain schemes in use today in the United States.

(Article III will deal with loan swindles and loan shark plans for robbing people of their savings.)

STRAIGHT TALKS WITH AUNT EMMY

ON SAVING TO INVEST

"You have talked so much about saving, Aunt Emmy," said Hilda to Aunt Emmy, "that I wonder if you will be kind enough to help Jack and me work out a way to save regularly. We do so want to get ahead. As Jack is getting a little more money this year, we plan to save that and keep right on living on what we got last year. Of course, it is hard to do without a lot of things we might have, but then Jack and I both feel that we don't want to be worried about money. If we have a little reserve fund, we can be prepared for emergencies."

"Bless my heart!" exclaimed Aunt Emmy. "It surely does sound good to hear such sensible talk from a youngster these days! I'll tell you what I think is a good plan for you to follow—open a savings account with a bank that has a thrift department and every week put away a stated sum in your savings account. You will receive interest on this money, you know. Of course you receive only a moderate rate of interest on your savings, so it is a good idea to make a definite investment plan and invest your savings in sound securities that will yield a higher rate of interest."

"Accumulate your money, small sums at a time, in your thrift or savings account. Determine what sum you will use for your initial investment, say, \$100 or \$500. Save until you have twice that amount. If you decide to begin your investment on \$100 save \$200, then take \$100 and buy a baby bond, or buy a large bond on the installment plan and apply the

\$100 on the first payment, if you are sure you can save regularly enough to meet the other payments."

"Why not use the \$300 and then begin all over again, Aunt?" queried Hilda.

"Because you ought to have some money on hand. You don't want to wipe out your whole savings, even for the best sort of investment."

But how can we know what to invest in?" asked Hilda.

"Your bank will help you in that, my dear. Bankers are always glad to advise their customers concerning sound investments."—Anne B. Ayres

A GOOD TIP

Now is the time to buy purebred livestock. A considerable volume of purebred stock originally intended for breeding purposes has been going to the block because prices for pure breeds in many instances have declined practically to the level of those paid for slaughter animals. There is need for purebred livestock on farms and it does not seem right to slaughter animals that could be used to improve the quality of farm herds and flocks.

An exceptionally high producing cow is worth many times the price of a slaughter animal. Not only does such an individual produce more actual milk and butterfat, but the superior production characteristics of such individuals may be passed on through several succeeding generations.

The fact should not be overlooked that purebred livestock is a real necessity. Without such stock, milk and butterfat records and weights of fleeces will decline and uniformity of type and quality will be sacrificed. No improvement can be made without them. Now is the time to sell scrub stock and buy purebreds while the prices are low.—Bunker-Farmer.

A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

THE JOHN DEERE WAGON

The Wagon That is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skids there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling. Only carefully-selected oak and hickory are used in the

John Deere Wagon, and every piece of wood is air-seasoned under cover in our own yards for at least two years. The tires are set hot under hydraulic pressure and under a gauge that assures proper dish—the load is always carried on plumb spokes.

And don't forget this other big feature—the heavy malleable fifth-wheel with corrugated coupling—no bending or breaking of kingbolt—holster does not get out of line and rock—no danger of tipping when handling large, top-heavy loads.

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

GET QUALITY AND SERVICE THIS STORE GIVES BOTH

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Get the Habit==

Habit is the strongest impulse in man. Get the habit of saving and your future welfare and prosperity is assured. Maybe your habit now is to spend too freely. You realize that it is a bad thing and would like to overcome it. Big fortunes had small beginnings. Right here is where we desire to interest you. A single dollar will start you. The saving habit will grow and so will your bank account.

Treatment of Color of House Important

It is rare that a house should present more than two colors, and there should be nothing facetious or faddish about their choice.

A house is lived in too long, and under too many conditions of weather and season, to say nothing of other circumstances, to be extreme in any way. It need not be so neutral as to forego all individuality, but it should on the whole be rather conservative than err on the other side.

The exterior should be neutral enough to serve as a peaceful transition between the surroundings and the interior furnishings and to sit harmoniously and quietly in its own grounds.

If the house is finished with smooth siding, such as wide boards or clapboards, it takes paint, but if it is covered with rough sawed siding, such as shingles or rough boards, stain should be used.

Stain is a thin material and will not successfully tint smooth woodwork, but it does penetrate deeply into the surface of rough wood. These are technically known as shingle stains, although they may be applied just as well to any wood or rough surface whether shingles or boards.

Paint should be used on smooth siding and trim where it will produce a film of weather resisting material on the outside of the boards, penetrating slightly into the wood fiber.

Planning Adopted by Kansas City Praised

Probably the most successful work of city planning, as well as one of the most extensive and beautiful residential communities in the United States, in the Country club district in Kansas City. The story of this remarkable achievement of its originator, J. C. Nichols, has often been told—among other places, in this magazine. But it deserves an occasional remembrance, says World's Work.

Mr. Nichols has demonstrated that beauty and good taste can be made to pay for he has been consistently successful over a period of 15 years. His community is growing in population at the rate of 2,500 a year. Automobile parking spaces that do not look ragged, accommodations for the unloading of motor trucks at retail stores without having the trucks harass traffic or be in sight at all while standing still, gasoline stations that are not ugly or loud—these, and a dozen other things that ordinarily contrive to spoil the most desirable neighborhood, have been brought under the control of art and robbed of their power to destroy the beauty of the scene.

Explaining Increase in Individual Homes

The average American man with a family is either living in a home of his own, or is looking forward to the time when he can do so. A rented house or a city apartment in most cases provides a temporary home only until such time as the head of the house can afford the privilege of firing his own furnace, mowing his own lawn, and patching his own back-door steps.

This explains the constant increase in individual homes. Nobody needs to read up on building statistics to learn that there is a constant increase in sturdy, well-built houses. Go into any large city and ride around the fringe and one will find the landscape cluttered with partly completed houses. A little further out will be found subdivisions waiting for the building wave which will soon engulf them.

Luminous House Numbers

New innovations or adaptations to new uses of existing ones are without end in the building industry. An interesting application of luminous material to house numbers is one of the latest additions to the home owner's convenience. This is a number deeply embossed in an aluminum plaque 2 1/2 by 3 1/4 inches, the upper surface being coated with black enamel and baked, the lower surface being given a scratchbrush finish. Then the center portion is coated with a good quality of "Undark" radium-luminous material. This is then inclosed in an aluminum frame with clear glass.

To Beautify Highway

In order to beautify and shade the main highways of the province of Quebec that are without trees, the provincial government authorities are planting 300,000 trees this year. In addition to beautifying the highways and providing shade in the summer months, the trees will help to preserve the roads by protecting them, to some extent, from the elements.

Facilities for Pleasure

More and more, as wealth increases and leisure widens, superior facilities for pleasure are an asset of immense value to cities, states and even entire countries. As Florida and California capitalize their winter sunshine and warmth so Canada, New England and the Rocky mountain states turn their summer coolness into mints for coin-gold. Places that possess real advantages for good times are unwise if they do not make the most of them.

RUG CLEANING TIME

Special For Two Weeks Only

Beginning April 26 to May 8

the O. K. Laundry to further introduce their Rug Cleaning, will clean your Rugs and Druggets by our shampoo and vacuum process. Your Rugs will be shampooed with Palmolive Soap, which is the best soap money can buy. Note our prices for TWO WEEKS ONLY, April 26 to May 8th:

**We Must
Work Together**

EVERY thoughtful citizen of this com-
munity is interested in its develop-
ment and progress. There's no question
about that! We all want our children to
enjoy better homes, better schools, better
parks — more agreeable surroundings
and greater comforts.

We all want our town to keep step with
its neighbors, to take the lead in civic
affairs. So there is only one sound plan
for us to follow:

*We must work together to increase the
wealth of this community by doing every-
thing we can to encourage local business.*

When you and your family patronize
our advertisers — the stores and banks
of our town — and keep your money in
circulation right here at home, there is
no power on earth that can prevent
our progress.

Methodist Church

J. V. Freeman, Pastor

Sunday School, 9:30 A. M.
T. J. Kramer, Supt.
Epworth Leagues, 6:15, Jr.;
6:30, Sr.

Prayer meeting, 7:30 P. M.
Preaching, 11 A. M. and 7:30
P. M. by the pastor, special mus-
ic by the choir, public cordial-
ly invited to attend.

Last Sunday was a great day.
More than 500 attended Sun-
day School and a splendid at-
tendance at the morning serv-
ice when Sacrament of the
Lord's Supper was observed.
Rev. Pickett preached at the
evening hour.

The East Fulton Circle met
Monday at the home of Mrs.
Butterworth with Mrs. Lon
Jones and Mrs. Butterworth
hostesses. There were 26 mem-
bers and 8 visitors present. The
attendance contest closed at
this meeting and the Dodges
won by 13 points over the
Fords, and the losing side will
entertain the winners in June
at the home of Mrs. Mohondro.
After a short business session,
Mrs. Morris made a talk on the
organization of the church in
Fulton society.

Mrs. A. L. Martin had charge
of the bible lesson.

The subject for study was,
"Foreign Missions in the Home
Lands," with Mrs. Jones as
leader, assisted by Mesdames
Boaz, Anderson, Bullock, Butt,
Roberson and Covington. The
meeting closed with year book
program and during social hour
the hostesses assisted by Mes-
dames Harry, Benterworth,
Roberson and T. J. Smith served
delicious tea and sand-
wiches.

The Warner Blackards will
meet Monday at the home of
Mrs. Graham McDonald with
joint hostess Mrs. John Sylves-
ter, at 3 P. M.

First Christian Church

have a class for every age.

Morning services 11 a. m.
This is Mother's Day. We want
all mothers at this service. Any
who wish to be called for please
notify Mrs. Fred Brady, chair-
man. The pastor will have a
special message for mothers.
There will be special music.

Junior Christian Endeavor,
6:30 p. m.

Evening services 7:30 p. m.
Prof. Myers will discuss "The
Uncrowned King" by Harold
Bell Wright. This book is rec-
ognized for its religious back-
ground as a work that exercises
large influence upon literary
minds. There will be special
music.

There will be no prayer meet-
ing on account of the High
school play.

The Teacher Training Class
completed the second unit of
the first year of the standard
teacher training course.

There were 211 present at
Sunday school last Sunday.
Those who were brought in cars
will be sent for this Sunday. Be
ready at the same time as be-
fore.

FULTON, KY.

First Baptist Church

C. H. Warren, Pastor

May 7 to 13th.
Friday—2:30 p. m. Circle
No. 1 will meet with Mrs. G. G.
Payne, 106 Jefferson Street.

7:30 p. m. Open meeting of
the Brotherhood at the church.
Saturday—3:00 p. m. The
G. A.'s will meet with Eliza-
beth Cook.

Sunday—9:30 a. m. Sunday
School, George C. Roberts,
Supt.
11:00 a. m. Sermon by the
pastor.

6:30 p. m. All B. Y. P. U.'s.
7:45 p. m. Sermon by the
pastor.

Tuesday—7:30 p. m. V. I. S.
Orchestra practice at the
church.

Wednesday—6:45 p. m. —
Teachers' meeting in Room No.
4 at the church.

7:30 p. m. Prayer meeting.
Thursday—Choir practice,
Miss Goldsby, director.

Attention is directed to the
change in the hour for all serv-
ices on Sunday evening.

Bro. Warren will begin the
lectures in the study course,
"Training in Christian Service,"
sponsored by the Brotherhood,
this evening, instead of the regu-
lar Brotherhood meeting. There
has been considerable inter-
est manifested in the course,
and it is hoped a goodly num-
ber of our people will avail
themselves of this opportunity
to become more efficient
church members.

Miss Elizabeth Hall, acting
general president of the B. Y.
P. U., gave a very interesting
and comprehensive report of
the B. Y. P. U. Convention,
which recently convened in Ow-
ensboro, during the devotional
last Sunday evening. The con-
vention will meet next year in
Lexington, Ky.

Last Sunday was the seventh
anniversary of Brother War-
ren's pastorate here. A brief
resume of the seven year's work
was interesting and the statis-
tics given show the very satis-
factory progress the church is
making in all departments.

The officers and teachers of
the intermediate department of
the Sunday school held a very
interesting and enthusiastic
meeting at the church last
Tuesday evening. The meet-
ing was in the form of the regu-
lar quarterly conference of
this department, and plans
were discussed and formulated
for the enlargement of the
work.

Last Sunday, our people
showed their cooperation with
the state-wide movement "Go
to Sunday School Day," when
we had 418 present in our Sun-
day school. A special invita-
tion is extended to any who
are not regular attendants to
meet with us again. A hearty
welcome awaits you.

Church News

The Right Reverend Charles
E. Woodcock, Bishop of Ken-
tucky, made his usual spring
visit to Trinity last Sunday eve-
ning and preached a very
strong sermon on the modern
young men and women. He
was attentively listened to by
a large congregation.

The Bishop gave some in-
structions to Dr. Boyd, relative
to the administration of church
affairs. Among them were
that the regular services of the
worship of God by the church
should not be recalled or pos-
tponed for any cause or arrange-
ments made by men; that the
personnel of the choir should
be of acceptable people and un-
der the rector, as provided by
the canons of the church; the
standards of the church should
be emphasized and lived up to;
the rules of the church must be
observed and the customs of the
church cultivated.

The trip of Bishop Woodcock
from Hickman Sunday after-
noon was an eventful and un-
comfortable one, due to the
heavy rains of the afternoon.
Messrs. Alex and H. M. Khouri-
e, Master Ernest Khourie and
Mr. Stansbury left Fulton about
one o'clock for Hickman but
were caught in the heavy rain
some seven and a half miles
out of town and were detained
about an hour and a half by
cars in the ditches and lack of
organized effort to clear up the
jam. On the return trip, at the
same spot there was another
delay of nearly an hour, due to
the same causes, so that it was
six o'clock before the Bishop
reached Fulton.

The Bishop was entertained
at the Usonia Hotel by Mr.
Robert Edward Hubbard, leav-
ing for Louisville Monday
morning on the 10:15 train.

A large number of the con-
gregation and friends greeted
the Bishop in the Gould Hall,
after the services Sunday night.

Dr. Boyd held a Baptismal
Service at 11:00 A. M. Thurs-
day when Mr. William James
Coulter and Miss Evelyn Don-
nell Coulter received the Rite
of Holy Baptism. H. S. Stans-
bury, Mrs. Minerva A. Boyd
and Mrs. Aidah Julia Coulter
were the witnesses.

The Bishop, at the service on
Sunday night celebrated the
Sacrament of Confirmation to
Robert Edward Hubbard, Wil-
liam James Coulter and Miss
Evelyn Donnell Coulter, and
obligated and transferred Mrs.
Aidah Julia Coulter from the
Roman Catholic to the Episco-
pal Church, placing her mem-
bership at Trinity Parish.

The full choir rendered ex-
cellent music for the service
Sunday night and was very fa-
vorably commented upon by
the Bishop.

Robert Wedward Hubbard
was added to the Church Com-
mittee, or Vestry, by the Bish-
op. Mr. Hubbard and Mr.
Stansbury were appointed a
committee to see after repairs
of the Church, reporting to the
Church Committee, their find-
ings.

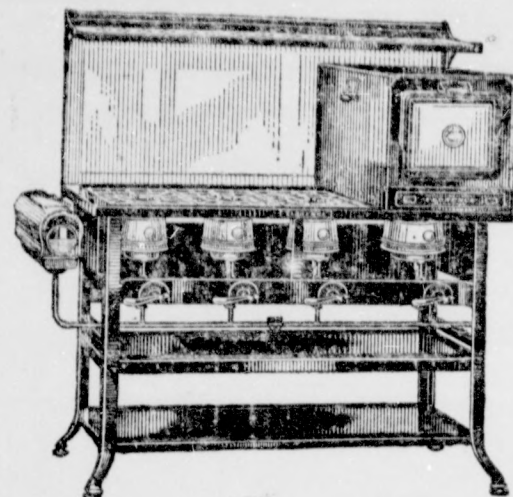

Dr. Boyd and family and
Robert Hubbard spent Wednes-
day evening of last week as
guests of the Stansburys at
their home on Vine street.

Dr. Boyd and family, "Bob"
Hubbard and a few friends at-
tended a fish fry at the Fair
Grounds Thursday evening.

Mrs. Boyd left Wednesday
for the hospital in Memphis,
where she will remain for a
few days.

Cook with Focused Heat**See the New Grid Top Models**

Women don't spend their days in the kitchen any
more. They have learned to let modern methods take
the place of endless hours of drudgery.

The Florence—the oil range with **focused heat**—is
a marvel of modern, labor-saving invention. And yet
its working principle is so simple!

In the Florence, the burners are built scientifically
to **focus** the heat on the cooking. They see to it that
the heat goes directly to work—not out into the kitchen,
where it is worse than wasted.

The top of the short, wickless Florence burner is
only 2 1-2 inches below the cooking. But that's not all.
Florence burners force air **inside** the flame, giving a
quick and most intense clean heat. Hottest heat close
up under the cooking—this is **focused heat**.
