R. A. Nants, Sweet Potato King

Defender of the Flag, at City Hall, Saturday, afternoon.

Mr. Nants, former master gardener and best informed man in the state regarding sweet potatoes, was scheduled to talk Saturday afternoon, at the City Hall, to the farmers of this vicinity who are interested in growing more potatoes than they can eat.

Mr. Nants' talk was arranged and supervised by A. W. Johnson. He opened his address with the place and date given in the program, and then proceeded to state the climate and location of the sweet potato. He emphasized the fact that the soil should be well-drained, and the best soils are sandy loam, loam, and clay loam.

Mr. Nants said that the best varieties to grow are the White Mountain and the New Hope. He also mentioned that the best place to grow these is the eastern part of the state.

The talk will continue tomorrow afternoon. In the meantime, the farmers of the county are urged to attend the talks and learn more about this important crop.

ABRAHAM AND THE STRANGERS

I. The Lord appeared to Abraham near

Hebrews 11:8. The time was right to

praise His name. The Lord called him

from three steps in a beautiful golden

hue. He turned three steps to the left

and took the next three steps to the right.

Then to the left again. When the man

lay on his face the second time, the

Lord spoke. He revealed His will. The

men standing near him were angels.

The Lord appeared to Abraham.

II. God's Promise to Abraham.

We find in Genesis 15:1-6. The Lord

promised to Abraham that He would

bless him. He further promised that

Abraham would be the father of a great

nation. Abraham then knew that God

promised to give him a son, and he

trusted in God. He trusted in God's

promise that he would be the father of

a great nation.
