Joe Broderer Given Surprise Banquet

Mrs. Joe Broderer, sister-in-law to Mr. Joe Broderer, and a long time member of the Women's Missionary Society of First Baptist Church, was surprised by a banquet in her honor on November 29th. It is a custom of the Missionary Society to honor its members who have been active in the church's work. Mrs. Broderer has been a dedicated member of the church and has contributed significantly to its activities. The banquet was a way to celebrate her service to the church and to express gratitude for her contributions.

RANGED GIRL SCOUTS

1st Friday night November 1st was marked as a great night by the Sunflower Girls of the National Council who met at the Scout Cabin on Friday evening. Their first venture out of the room was their colorful traditional flag after which a short business session was held.

MRS. JOHN T. JONES

MRS. JOHN T. JONES has returned home after a delightful trip to California and Arizona. She was accompanied by her son, Mr. William Jones, and her daughter, Mrs. Charles Grubbs. Mrs. Jones has been ill and has been receiving medical attention in Los Angeles. The trip was for the purpose of pleasure and to visit friends and relatives.

THE POWER TO AID.

THE POWER TO AID is a New York based non-profit organization that focuses on providing educational and vocational training to underprivileged youth. They believe that education is the key to unlocking opportunities and improving the lives of individuals. Their programs range from providing scholarships to setting up job training programs. They have a strong commitment to empowering communities and helping them overcome challenges. They believe that everyone deserves a fair chance to succeed, and they work tirelessly to make that a reality.

GLASS FILTERS

GLASS FILTERS are an essential component of many cigarette smokers' lives, helping filter out harmful tobacco smoke. They come in various shapes and sizes, with some designed to be reusable and others disposable. Glass filters are known for their durability and effectiveness, offering a satisfying smoking experience while reducing the impact on the environment. They are a popular choice among smokers looking for a more eco-friendly alternative to traditional paper filters.
