FULTON ICE COMPANY

Up-to-date Plant

One of the Substantial Manufacturing Enterprises of the State

Fulton has many things to be thankful for, but one of the
most noticeable is the Fulton Ice Company. This plant
was established in 1900, is now a small capacity, but the
capacity may be increased to produce 500 tons of ice daily
with a storage for 10,000 tons. The Fulton ice is made
from pure, cool, refreshing water which is piped directly
from the crystal clear and fresh-water Clinard, Hill and
Bridge wells, and has no mineral deposit of any kind in it,
and the ice made is the purest, finest, clearest, and
profit most enjoyed by all. The Fulton ice company does
business both in Fulton and Circleville, and has
a large building in the center of the city.

The Fulton Ice Company is run by Mr. R. C. Deane,
who is the owner and president of the company. He has
been in charge of the plant ever since it started. With
hisPrompt and efficient manner of doing business, the
company has been growing steadily, and now has a
large number of patrons throughout the state.

The Fulton Ice Company is one of the most
comfortable places to work in the state, and the
men who work there are very much enjoyed by
Mr. Deane and the patrons of the company.

FULTON WATER UNEXPLAINED

Sprinkles with a Blah White

The water supply of a city is one of its most
important and necessary necessities. In this respect
the Fulton Water Company stands out as one of
the best in the state.

During the past week, a water main exploded in the
street near the fire house, and the water flowed
throughout the city, causing much damage. It was the
music of the city, and the people were very much
disturbed by it.

The final graduation exercises of the Fulton
High School were held on Friday afternoon, and
the proceedings were very much enjoyed by all.

The Fulton High School is one of the best in the state,
and the students are very much enjoyed by their
teachers and friends.

"It Penetrates"
In the word "penetration," is a secret
manufactured proprietors claim,
and a popular favorite for over thirty years.
If a floor painter does not
grip into the wood it will soon
begin to crack, chip and peel.
Senour's Floor Paint
seals the wood with a high gloss enamel
finish, but at the same time it
pens into the pores of the wood
