WOMEN INTERESTED IN MRS. MACKENZIE'S

In their meeting in the Century at
Redwood Avenue, Mrs. M. L. Faxon re-
cently sponsored a meeting in the
Kresso shopping center. A number of
women who have an interest in the
outlet and have additional time for
nursing stores are the purpose of the
meeting which was planned and an- 
gaged. Settled to the meeting, the
special guest was Mrs. Dorothy McGee,
the Kitchen Planning Institute of
organized kitchens featured there, accord- 
ing to Dr. Elizabeth.

In a recent visit to the World's Fair, she
was impressed by the display and the
quality of the Institute. She has been
asked to speak at the meeting which was
planned and attended by the members.

Mrs. McGee, a science expert and director of
the Kitchen Planning Institute, said it was
necessary to provide adequate light and
ensure that the correct color is used in the
modernized kitchens. She emphasized the
importance of ensuring that the light is
adequate and the correct colors are used.

She also mentioned that the Institute
provides additional information on
colors and layout and the importance
of color coordination. She encouraged the
members to attend the meeting and
learn more about the Institute and its
services.

Mrs. McGee concluded her speech
by thanking the members for their
efforts and expressing her confidence
in the success of the Institute.
