## South Fulton High School Closes Its Most Successful Term

REV. C. H. WARREN DELIVERS BACCALAUREATE SERMON

Before the Graduating Class of South Fulton School, May 23, 1926

Carr Park Auditorium

Professor Jones, Members of the faculty, graduating class, and friends:

I count this a very happy privilege to be called upon for the second time in my stay in Fulton to deliver the sermon for your commencement exercises.

I wish, first of all, to congratulate all parties concerned upon your splendid showing. The days in which we live are challenging days and they are becoming more and more challenging as the years roll by. It will not be many more years until a high school education will be required of those applying for almost any sort of position. The essential element of an education is the ability one acquires to think quickly.

More and more is the demand increasing for men and women trained for leadership in the various walks of life. When we come to think of the thousands of important places to be filled in the many institutions of this great country, we almost wonder whether we will be able to keep the demand supplied. It appears that there will always be a good place of service for those who are prepared to fill them.

If I were delivering the address before the graduating class I should like to deal with some figures on the question of higher education and the probability, but I am to preach a sermon, not so much for information, but for inspiration.

You will find my text in the book of Exodus, fourth chapter and second verse. Text: "What is that in thine hand?"

To help us in getting the fullest meaning of this text I should like that we take a resume of the life of Moses, the man of whom this question was asked.

Moses was one of the greatest men of all time; cultured and highly educated and a man of strong purpose and convictions. He was a zealot for the ideals of his people. The first forty years of his life were spent, mostly at least, in the schools and universities of Egypt. But with all this learning he was not yet ready for his great life's work; he must have some practical training. Let me say just here that book knowledge is of incalculable value, and should never be neglected as long as there can be made opportunity for obtaining it, but book knowledge alone is by no means an education; everyone, no matter how much book knowledge he may have, needs to pass through the school of experience, which is often the school of hard knocks.

The second forty years of his life were spent in the school of experience. During this time he was employed as a shepherd which occupation furnished him a splendid opportunity to learn many lessons which he will need to know when he comes to take up the work God has for him to do. May I pause here to remark that the most important matter of one's life, after he has settled the question of his personal relation to God, is to take God into your life plans. Many a fellow has had to go back and learn his lessons all over again because he left God out of his plans. Whether you think of as a matter of religion or just a matter of plain business God, the fountain of all wisdom and the preserver of life, should be consulted when you are trying to decide what you will do with your life.

During these years of experience

SOUTH FULTON HIGH SCHOOL NOTES

The closing exercises of South Fulton High School during the week were largely attended.

Sunday morning at eleven o'clock, the Rev. C. H. Warren, pastor of the First Baptist church, preached the baccalaureate sermon.

Monday evening the pupils of the grades presented an operetta, "The Golden Apple." Those taking part in the cast were: Julian Henderson, Myron Weaver, Malcolm Patterson, A. J. Mansfield, Ronald Browning, Martin Henry Warren, Dalton Mansfield, David Henderson, Tommie Thompson, Jesse Utley, Rebecca Tucker, Kathryn Slaughter, Sarah Pickle, Ruth Browder, Thelma Flippo, Mignon Wright, Margaret Valentine.

Tuesday evening the Senior class, under the supervision of H. J. Jones, presented the entertaining comedy, "Miss Somebody Else." Those taking part in the cast were: Reuel Flippo, Lola Chappell, Clara Mae Crockett, Thelma Valentine, Valentine, Lorine Wright, Louise Chambers, Charlyne Wills, Lou Pickle, Mignon Pewitt, Erma Coleman, Tad Ainley, Eric Cunningham, Max Pickle, Billy Jones, Benjamin Davis, Estes Cunningham.

Thursday the annual class day exercises were held. The auditorium was filled to overflowing and all enjoyed the splendid program.

Tonight the graduation exercises will be held in the High school auditorium. The class address will be delivered by Dr. H. A. Webb, of the George Peabody College, Nashville, Tenn.

The members of the graduating class are: Erma Coleman, Reuel Flippo, Lola Chappell, Clara Crockett, Tad Ainley, Benjamin Davis, Eric Cunningham, ham, Estes Cunningham, Billy Jones, Max Pickle and Thelma Valentine.

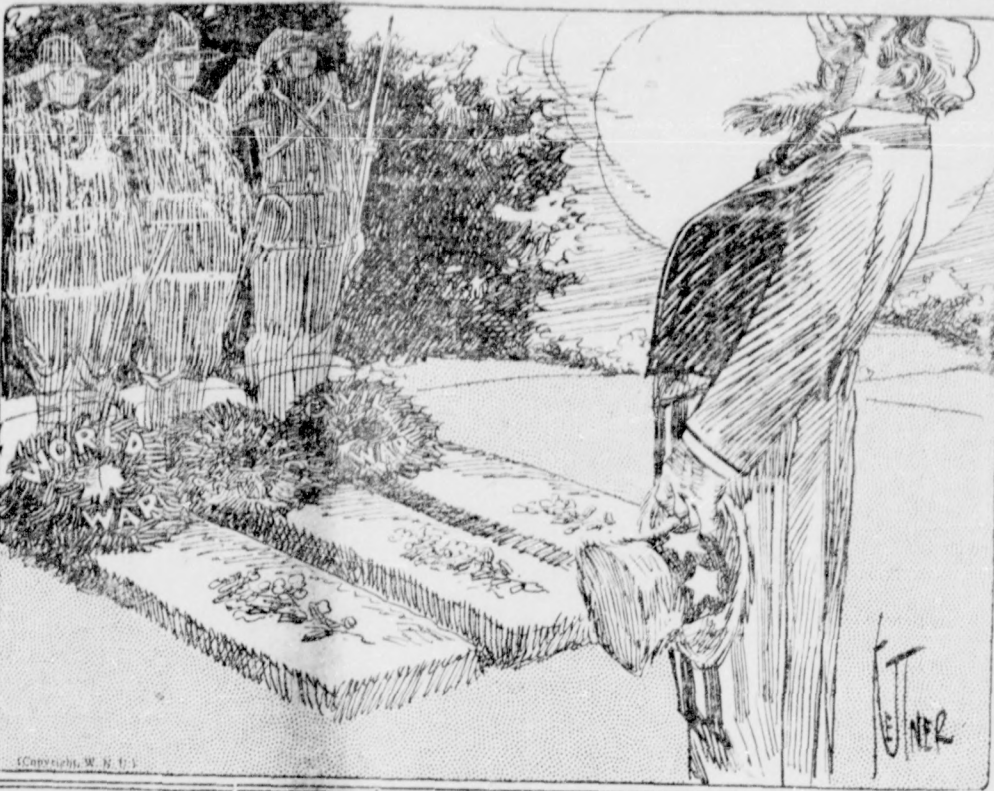

### FRIENDS EXTEND SYMPATHY

The friends of Mr. J. J. Owen deeply sympathize with him in the loss of his sister, Mrs. Zenobia Bellew, who died at her home in Florida. The remains were taken to Paducah, her former home, where services and burial took place. Mr. and Mrs. Owen attended the funeral.

### HIGHWAY IS IN GOOD CONDITION

Hickman, Ky., May 25.—The proposed highway through the county is now in the best condition it has ever been in. This road, which will be 34 miles long, was graded last year, with bridges put in, culverts and all such preliminary work done, but it was necessary for the work to stand a year before the hard surfacing could be done. The rains of the past winter, the freezes and such, damaged the road to some extent but this road has now all been straightened up from one end to the other, the washed out places filled in, and everything in readiness for acceptance by the State Highway Commission. The contracts will be made before long for the surfacing of this road which will be done during the latter half of this year. It has not as yet been fully determined as to just what sort of surfacing will be put on to make this a hard road, but this should be known in the near future. The greatest desire is for a concrete road but no information has been given out authentically as yet as to what this composition will be. The road will go from the east end of the county to the west end, coming through Fulton and Hickman.

### DECORATION DAY AT FAIRVIEW

Sacred to the memory of those who have gone before, Fulton folk observed Decoration Day last Sunday at Fairview, decorating the graves of friends and loved ones with sweet flowers. Those in charge of caring for the city of the dead did their work well, preparatory for receiving the lovely flower decorations.

If the Garden of Eden was as pretty as Fairview Sunday, it must have been entrancing. We have never known it to look prettier than on this occasion. Few mounds in the cemetery were overlooked. Many were gorgeously decorated with choicest blossoms, while others

had only a single bouquet, yet none the less expressive of the love and esteem by the one who placed it.

It is a beautiful idea—this decorating. It is a good thing to remember the dead, and it seems a kind and loving thing to mark this remembrance with sweet flowers.

There were no services or special program for Decoration Day at Fairview, but hundreds of people visited the silent city during the day with respect and tokens of loving remembrance. Prominent among the visitors to observe the day were Lieut. L. H. Littlefield and Capt. Chas. A. Lindbergh, of the U. S. Air Service, Lambert-St. Louis Field, who came to Fulton in an air plane, and in loving remembrance of their departed comrade, Lieut. Chas. E. Smith, late of the U. S. Air Service, and showered hundreds of American Beauty roses from the plane over the grave of the silent sleeper.

It will be remembered that Lieut. Smith met a tragic death on April 4, in a 1500-foot fall from a plane on Lambert-St. Louis Flying Field, at Bridgeport, when a wing of his plane crumpled while doing a "loop." He attempted to jump from the plane, but his foot was caught in a strut or guy wire and he crashed to the earth with the plane.

## Levee Cave-In At Hickman Serious

Those who visited Hickman Sunday to view the cave-in of the Mississippi river bank, report that a big gap in the levee was made and much property damaged between the main business section of the city and Mengel box factory. The low lands of the city where hundreds of residents live and some business houses are unprotected. Should a rise in the river come at this time, much damage would be the result.

We all have trouble of our own. Hickman with the Mississippi river to contend with, and Fulton with Harris Fork creek. However, our troubles along this line are insignificant compared with our neighbors on the banks of the "Father of Waters."

### WORK ON HARRIS FORK CREEK

The Harris Fork Creek committee of the Chamber of Commerce, met on Wednesday of last week at the Chamber of Commerce and with it met representatives of the City Council, Mayor Shankle, Joe Bennett and Paul DeMyer, in charge of street work.

After a thorough discussion of the situation, the Harris Forks Committee was instructed to meet with the officials of the I. C. railway and get the work started as soon as possible.

The railway officers had stated they would cooperate in every way, and the meeting was only to arrange for the division of the work so as to not interfere with the two organizations.

A committee composed of H. F. McGinnis, chairman, Dr. Reed, Leslie Weeks, R. H. Wade and A. M. Nugent, was appointed to obtain funds for the work, which was not included in the railway and city programs, and this committee reports good success.

Work started Monday morning, and the willows and weeds will be removed, and where needed, dynamite will be used in removing obstructions. The city officials will have all obstructions removed that have been placed there by citizens, and the railroad will take the needed measures at the bridges and other places on railway right of way.

With all these improvements and a semi-yearly clean out of the creek, there should be little danger of a recurrence of last week's flood, but, and this is a big BUT, it will be necessary to have funds for the work, and while the city council will undoubtedly do its part, the individual citizen must be impressed with the need of his doing his part, either by keeping his own section of the creek clean of obstructions or by contributing to the cost when needed. As the outlet of the creek is beyond the limits of Fulton, there is no way in which tax money can be used beyond the city limits and so it will be necessary for the citizens to contribute in order that the stream may be kept clear far enough down to relieve the town of the flood waters.

### DECORATION DAY AT PALESTINE

On next Sunday, May 30th, we will have Decoration Day at Palestine Church. Let all who have loved ones resting there come and bring flowers to decorate their graves. Bring enough flowers so there will be plenty for every grave. A. N. WALKER, Pastor.

## Handsome Office And Salesroom

Kentucky Utilities Company Has Faith in Fulton and Its Future

Manager Hardesty and his efficient assistants of the Kentucky Utilities Company have a right to feel proud of their handsome office and salesroom on Lake street. The entire front of the building has recently been remodeled into one of the most convenient offices in the city. The attractive show windows, with their artistically arranged displays of useful electrical utilities reflect only some of the beauties of the salesroom inside where displays of the most modern and up-to-date electrical fixtures and utilities are arranged for inspection.

It is a delightful pleasure to visit the Kentucky Utilities Company's office and salesroom and view the displays. Here you receive a hearty welcome, too.

### FULTON GIRL WEDS UNION CITY MAN

A wedding of unusual interest took place in Union City last week when the Rev. W. B. Cunningham, pastor of the First Christian church, performed the ceremony uniting in marriage, Miss Minnie Lee Hart, of Fulton, to Mr. Jesse Moss, of Union City.

The bride is the winsome daughter of Mr. and Mrs. J. H. Hart and a graduate of the 1925 class at Carr Institute. She returned home recently from Bowling Green where she took a course in the Business University of that city.

The groom is prominently identified in Union City business circles and a young man of sterling worth.

Mr. and Mrs. Moss will be at home to their friends in Union City.

### STREET IMPROVEMENT

Work of scarifying the streets has progressed nicely during the past week, and when given a good coating of 85 per cent asphalt oil and crushed rock, cemented together with the steam roller, should provide good streets for some time in the business district. Councilman Paul DeMyer, chairman of the street committee, and his co-workers are very active and enthusiastic over the work, which is indeed commendable, considering the handicapped condition of city finances.

### Benefit Bridge Party

The Junior Department of the Woman's Club will give a benefit bridge party Monday evening in the beautiful club rooms of the American Legion on Lake street. The proceeds will go to the Woman's Club building fund.

### POPULAR YOUNG COUPLE WEDDED

At the Methodist parsonage on Walnut Street, Sunday afternoon, the Rev. J. V. Freeman performed the ceremony uniting in marriage, Miss Vivian Williams to Mr. Robert Witty. Mr. Witty is a valued employee at the Tennessee Division office of the Illinois Central railroad and is a son of Mrs. Effie Witty of this city.

The bride is the accomplished daughter of Mr. and Mrs. B. J. Williams, and by her winsome ways has endeared herself to a large circle of friends who wish for her and the man of her choice a long life of wedded bliss and happiness.

After receiving congratulations from their friends, Mr. and Mrs. Witty left on their honeymoon trip to New Orleans and other southern cities of interest. On their return they will be at home at 509 Walnut street with the groom's mother.

## Pierce News

Mr. and Mrs. W. T. Hill, Mrs. Walter Hill and children, of Fulton, visited in Pierce, Sunday afternoon.

Mr. and Mrs. Claude Vaden and daughter, Mrs. Creg, of Fulton, visited in the Gardner home, Sunday afternoon.

Mr. and Mrs. Urbane DeMyers, of Obion, visited relatives here a few days last week.

Mr. and Mrs. Wallace Cunningham and son, Wallace, Jr., of Paducah, visited her parents.

Mr. and Mrs. T. B. Renfro, Sunday.

Rev. George Lowe, of Obion, and daughter, visited here Saturday and Sunday, the guest of his mother, Mrs. Hester Lowe. Rev. Lowe preached a fine sermon at Johnson Grove, Sunday morning.

Most every one from this community attended Decoration service in Fulton, Sunday afternoon.

Quite a bunch of young people of Fulton were out to play tennis at M. W. Gardner's Sunday afternoon.

Picking English peas is the order of the day this week as there is a large acreage of this kind of vegetable here this year. The farmers are expecting to make good off of them.

Sunday is singing day and everyone is expecting a rousing good time. Dinner, too, so you come and enjoy the real good singing such as they have at Hebron. Bring your dinner and call it a picnic day and you will never forget it.

## PLANT MORE TREES

The American Tree Association, with headquarters at 1214 Sixteenth street, N. W., Washington, D. C., has published "The Forestry Primer," to mark the Semi-Centennial of the first step in forestry by the United States Government. The object of the association is to help the coming generations of America to profit by the lessons of the past.

Charles Lathrop Pack, president of the association, has written the primer and it sets forth vividly the mistakes of the past and suggests how these mistakes may be partially retrieved by community, state and individual efforts in reforestation.

The association will assist any one who wishes to plant trees, either on private land, town owned property or county or state land and will furnish on request, accompanied by stamps, The Forestry Primer, tree-planting instruction bulletins on town forests and outlines on what your state must do to gain the co-operation of the Federal Government under the existing forestry laws.

Here seems to be an opportunity for land owners to secure the information for planting land that is otherwise idle or unfit for farming, and which in the course of a few years will begin to pay a profit.

Other communities have taken up this idea and the acreage of idle land is gradually becoming smaller year by year, particularly in the Eastern states, where timber has become alarmingly scarce.

## Crutchfield, Ky.

The storm Monday of last week of hail, rain, wind and lightning did considerable damage as it blew down all the outbuildings of Mr. Wade Gwyn's place, killed his cow and twisted the barn and smoke house where Mr. Guill lives. Lightning struck Mr. Sam Howell's barn and set it afire and burned three head of horses, besides other things, as feed, harness, etc.

Mrs. Walker's little sister is visiting her here for a few days.

The storm put out the lights here Monday afternoon. One of the poles was on fire.

Mrs. Fanny Hindman of Clinton, is visiting her sister, Mrs. Less Strother and attending the commencement exercises. Her son, Leslie Hindman, made the graduating address Thursday night.

Mr. Pullis, of Greenfield, was buried at Rock Spring Thursday. He was married to Miss Jennie Ross several years ago and to them were born two sons. He professed faith in Christ early in life and gave evidence of his willingness to go before he went away. The funeral services were held by his brother-in-law, Rev. John Ross. We sympathize with our bereaved friends.

Mr. Marvin Jones and family arrived here Wednesday of last week from Detroit. Mrs. Jones is in very poor health. Her doctor advised her to leave Detroit as it was too cold there for her.

Mrs. Wilde visited Miss G. Lee Gaskins and other relatives from Friday till Sunday. Mr. Wilde came for her Sunday.

Mr. Ruben Herrin and her daughter, Estelle, attended the funeral of Mr. Guy Bellew, Friday from Fulton.

Mr. Omer Gaskins and his brother and their wives from Pigot, Ark., attended their uncle, Guy Bellew's funeral, at Rock Spring, Friday.

Miss Sarah Underwood, of Tenn., visited Miss Hilda Edwards and other friends and attended commencement exercises here the last of the week, and went on the picnic Monday which winds up the season, 1925 and 1926. The program were very good and well rendered.

Mr. Herschel Hodges and family left for Detroit, Monday morning, in a Ford car.

## BOARD OF EQUALIZATION IN SESSION

The Board of Equalization for the city of Fulton, composed of O. C. Croft, chairman, W. R. Butts and W. L. Barber, began their work of going over the tax schedules on Thursday and expect to complete this work within two weeks. The tax rate for the year will be 95 cents per hundred on real estate and personalty, an increase over last year of 20 cents per hundred, due to the sewer bonds voted.

## IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Bennett's Drug Store, Fulton, Ky.

## Senour's FLOOR PAINT

## "It Penetrates"

IN the word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel.

Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will without repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

A color card is yours for the asking.

**Chestnut Glade**

The Ladies' club met at the school building Thursday, Mrs. Ellis, Miss Jacook and Miss Garrison came to perfect the arrangements for "Child Welfare Day" at Chestnut Glade, June 15. She made quite an interesting talk in regard to this work.

Dr. Heller will spend the hours between 9 a. m. and 5 p. m., June 15, examining the children from six weeks to six years of age and advising their mothers. She will be assisted by two nurses and six members of the Ladies' club.

This committee, Mrs. Ruth Finch, Mrs. Aso Phillips, Mrs. Dena Reed, Mrs. Essie Rodgers, Mrs. Myrtle Temple and Mrs. Barrax will see as many mothers as possible before that date, but should they not see you personally, please bring your little folks over. Should you have a crippled child, you are especially invited to bring it. Do not bring children who are sick or have been exposed to contagious diseases.

Should you not be able to come and wish the nurse to see your children, notify some member of this committee and perhaps Miss Garrison can drive to your home sometime during the day. Neighboring communities are invited to come and share this opportunity with us.

Miss Jacook gave a talk on suitable clothing, touching on material, color, styles, designs suitable to each type of figure, also suitability for the occasion worn. She then demonstrated the truth of her words, with colors and material, trying these on some of the ladies present. This was very interesting, indeed, to the ladies assembled, as next to our children and homes, I believe we place clothing. Several ladies agreed to make a house dress and wear it to the next meeting with Mrs. Ellis present and let us note on which is the prettiest and most appropriate. Mrs. Ellis promises a prize for the best.

The Ladies' club will have a short business meeting and elect new officers the afternoon of June 15.

Owing to the absence of Prof. Barrax, Friday, June 15, the meeting of the P. T. A. will be postponed till Saturday evening, June 5. There is quite a lot of business needing attention. The work for the year will be discussed and a general reorganization effected. All members of the old organization and all the citizens of the community are urged to be present, and help to make this a real factor in our community life. When all the parents, teachers and friends in this district unite in working together for the common good, there is nothing in reason that we cannot accomplish.

Elder Ratliff will preach at Oak Grove the first Sunday in June at eleven o'clock. Singing at Chestnut Glade in the afternoon.

Elder Whitaker of Fulton, will preach at Sandy Branch Christian church at three p. m., the third Sunday in June.

The Ministers and Members meeting of the Baptist church will meet at Ruthville Saturday and Sunday, May 29 and 30.

Mrs. P. P. Ridgway and daughter, Mrs. May Moore left Friday for an extended visit to her daughter, Mrs. Ina Pickle of Big Springs, Texas.

**What About Ice Cream As a  
Food---Especially For  
Children**

1. It is the only food given in both health and illness, to athletes and invalids.
2. It is one of the first foods to be given a patient in the hospital.
3. It will come nearer pleasing every member of the party or family than anything you can serve.
4. All of the elements necessary to health and growth are found in milk. A quart of Culver's Ice Cream has the food value of several quarts of milk.
5. Young children should have more milk, in the form of ice cream, instead of the customary nik-naks.
6. You have often seen children refuse milk, but you have seldom seen them refuse ice cream.
7. Nature has endowed children with a taste for sweets. Guide this tendency into a habit of eating

health-giving, strength-producing CULVER'S Ice Cream. It will be a good investment in health.

8. It is not the children alone who benefit from the food properties of ice cream. Certain elements in milk and hence in larger quantities in ice cream improve the complexion and eyesight and add luster and life to the hair.

9. Using the best of ingredients in the home freezer you will find it hard to equal the results in smoothness and texture made possible by our power machinery and proper refrigeration. The smoother the cream the more easily digested.

10. Rare indeed is the individual, young or old, who does not welcome the invitation to have a dish of ice cream. Please all by serving CULVER'S.

**RICH--HEALTHFUL--REFRESHING

**Novelties for Parties

The service of ice cream flowers, emblems, or individuals makes a fitting climax to a wonderful party. You may be surprised to know that we have many different molds, and that we can put many designs in the center of brick cream. We can also make special flavors colored to suit the occasion. The price is reasonable, in fact very much so, considering the decorative feature, coupled with such a delicious dessert.

### EVENING BRIDGE PRETTY COURTESY

In special courtesy to Mr. and Mrs. Chas. Karmire, of Shelbyville, Ind., Mr. and Mrs. Harvyl Boaz and Miss Mary Royster entertained with a charming bridge party last Tuesday evening at their home on Carr street. The reception rooms held spring flowers in abundance, which gave additional beauty to them. Four interesting games of bridge were enthusiastically played.

The high score prize, a pretty plaque, was won by Mrs. L. O. Bradford. Men's high score prize was secured by Sam Butler. Mrs. Earl Karmire and Ed Thomas cut the consolation favors. The honorees received a box of French face powder and silk socks.

In the late evening a most delicious salad course was served.

### KARMIRES RETURN TO HOME IN SHELBYVILLE

Mr. and Mrs. Chas. Karmire, of Shelbyville, Ind., returned home Sunday morning, after a week's visit with friends.

They were popular visitors, having been shown many lovely social courtesies. Among the small affairs having not been mentioned were the afternoon bridge parties given by Mrs. Don Taylor and Mrs. F. W. Armstead.

An evening bridge with Dr. and Mrs. H. T. Alexander, Tuesday afternoon, Mrs. R. M. Alford entertained her bridge club with additional guests, making Mrs. Karmire her honor guest of the occasion. Their son, Neal, accompanied them home, having graduated from the Fulton High school.

## JUNIOR MUSIC CLUB

A delightful event of the week was the open session of the Junior Music Club in the Chamber of Commerce, Monday afternoon.

Miss Ruth Atwood, president of the club, Mrs. Clarence Maddox, Misses Mary Hill and Dorothy Granberry cordially greeted the guests. The joyousness of the Springtime was reflected in the decorations and favors that were presented.

Mrs. Maddox was in charge of the particularly attractive program, each number was played with a poise and understanding admirably suited to the interpretations. Those appearing on the program were Misses Maudell Jones, Opal Pate, Mary Ellen Vanrees, Sara Butt, Ruth Atwood and Seldon King.

At the close of the program dainty refreshments were served.

### MESDAMES BRANN GIVE LUNCHEON

Mesdames Chas. Brann and J. C. Brann gave a beautifully appointed luncheon Friday in the home of the latter, "The Oaks," on State Line, in compliment to Mrs. Chas. Karmire, of Shelbyville, Ind.

The spacious reception rooms were thrown together, pink radiance, white American Beauties and Gardenia roses adding a note of brightness. White peonies with ferns in a silver basket adorned the centerpiece for the luncheon table with its beautiful cover.

A delightful two-course luncheon was served and Frau Karl Druschki roses were given as favors.

During the afternoon Mrs. Clarence Maddox and Mrs. Lloyd Emery gave several beautiful piano numbers; Mrs. Chas. Brann sang "Homing," and little Miss Rebecca Brann played several piano solos, proving herself a splendid musician for one so young.

About thirty-five friends enjoyed this lovely hospitality.

## CLASS RECITAL

Miss Ruth Fields presented a group of pupils in a piano recital Saturday evening in the Chamber of Commerce.

The members of the class ranged from tots six and seven years old to grown young ladies, and all showed the effect of skillful training and unusual talent.

Those taking part on the program were Susie Fall, Carolyn King, Warren Thompson, Margaret White Warren, Jane Clowe, Dorothy Allmond, Richard Hill, Sarah Callahan, Kathryn Clark, Sarah Alexander, Ruth Graham, Martin Henry Warren, Evelyn Fields, Louise King, Euphie Glisson, Sarah Owen, Martha Norman Lowe, Mattie Williams, Gladys Turner, Mary Ellen Vanrees, Ruth Atwood.

## DINNER BRIDGE

Among the hospitalities honoring Mr. and Mrs. Chas. Karmire, of Shelbyville, Ind., was the delightful dinner bridge given last Wednesday evening by Mr. and Mrs. Earl Karmire, at their home on Park avenue. Flowers from the Karmire garden, rich in quantity and rare in beauty, adorned the reception suite in homage to the occasion.

Pink and lavender color motif appeared in the appointments and a delicious dinner was served in several courses.

The evening was spent in playing bridge. High scores were made by Mesdames J. E. Fall, R. I. Taylor and Mr. I. W. Dobbins, while Mrs. C. R. Young cut consolation. The honor guests received mementoes of the occasion.

The out-of-town guests, besides the honorees, were Mrs. Stewart McCloy, of Bardwell; Mrs. R. I. Taylor, Hayti, Mo.; Mrs. C. R. Young, of Carbondale, Ill.

After visiting friends in the city, E. C. Reeds, automobile dealer, stockman and financier, returned to his home in Baton Rouge, La. Mr. Reeds reports an excellent business in the automobile line and says his brother, Clint, is delightfully pleased with Louisiana.

## WAGGENER CLASS RECITAL

Miss Blanche Waggener presented her pupils of piano, expression and dancing in a delightful recital, Wednesday evening in the Chamber of Commerce.

Each pupil on the program met with the warmest appreciation and highest praise, proving Miss Waggener to be an able instructor.

Those taking part in the program were Mary Belle Morehead, Mary Elizabeth Powers, Sue Belle Morris, Winna Frances Price, Kenneth McDonald, Vinen Brown, Ann Murrell Whitnell, Annie Mae Hendon, Robbie Lee Crafton, Evelyn Briggs, Marguerite Butts, Mary Croft, Nell Dawn Hagler, Daron Grissom, Ruth Donoho, Erin Brock, Virginia Alexander, Jane McAdams, Kathryn Terry, Elizabeth Lewis, Louise Huddleston, Dorothy Farabough, Dorothy Hillman, Marree Holloway, Ruth Wade, Opal Pate, Maudell Jones.

## South Fulton High School

(Continued from page 1)

once he was also learning the geography of the land which was soon to figure so mightily in his future life. The wilderness and the plains, the mountains and the valleys were all familiar to him. One day while he was busily engaged in his occupation, a strange sight loomed up before him—busy men are usually the ones who see things—it was a bush on the mountain top, all ablaze but was not consumed with the flames. Moses gazed upon it for a moment, then his inquisitive mind demanded an investigation. He was of a scientific turn of mind and this phenomenon must be analyzed. Up to this time Moses was like many of today who are unwilling to accept anything that cannot be reduced to mathematical calculation and scientific demonstration. Mathematics and science

are good servants, but God is Master. This flaming bush was the revelation of God. Moses approached the burning bush, but he was soon halted by the sound of a voice from the midst of the flaming bush which said, "Moses, take thy shoes from off thy feet for the ground whereon thou standest is holy ground." When Moses heard the voice of God speak, it settled his mind on the science of that circumstance.

"WHAT HAST THOU IN THINE HAND?" Minimizing the Present.

Moses' answer to the question was, "A rod," only a rod, just the stick which I have been carrying about as a shepherd's rod. It had never occurred to Moses that that stick could mean anything, just as we are doing all the time now, making little of the things at hand. Whatever the present is it is the accomplishment of the past and it is also the foundation for the future. If the present is unimportant it only estimates the value of the past and is the beginning point for our future accomplishments. No one can minimize the importance of the past without discrediting the present and jeopardizing the future. While the present is very brief, it connects past and future. The future can only become what we make of the present.

We often hear people lamenting the passing of the old things. I do not hesitate to say that we have just as great men and as great minds today as we ever had. The difference is that we have so many more of them so that there are no outstanding great men.

The procrastinator discounts the present and consoles himself with the thought that tomorrow will present his opportunity time. If we expect the future to hold blessings and happiness for us we must make the best use of the time we now have. The present is our only guaranteed time. The past cannot be recalled and the future has not yet come. Our challenge is now.

"WHAT HAST THOU IN THINE HAND?" OPPORTUNITY OR CURSE.

While Moses held it in his

hand it was a rod and became a magic wand with which great things were accomplished. Cast upon the ground it became a peril to him and he fled from before it.

Seized upon and held and committed to God what you hold in your hand today will become a blessing to you and to others. Cast away and it becomes a curse to you. With it Moses confounded the Egyptian foes, with it he overcame difficulties in their way to freedom. With it he parter the waters of the Red Sea. With it he brought water from the rock.

Your accomplishments represent more than what you have done but also what you were endowed with, together with the sacrifices which have been made for you.

2. Opportunity. There is an opportunity for every one who is willing to seize it. I would not say that opportunity comes but once but there is danger that it will knock a last time some time.

3. Happiness. Not alone your own happiness but that of those who have been interested in you and have wished you well.

4. Success. Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

## MEMORIAL DAY AGAIN

Comes once more Memorial Day—fraction of the twelve-month that is fragrant of the unforgotten.

Born of love and loyalty, of loss and loneliness and longing, of sorrows that soothe even while they pain, it is at once the nation's expression of grief and its avowal of gratitude.

Following a custom that reaches back to the childhood of most of us, this community will make ready for fitting observance of the sweetest, saddest day in all the cycle of years.

Out in the orderly avenues of the city of the dead, eager feet will be hurrying, bearing a wilderness of flowers. It is the end of May, the season of buds and blossoms, and there are tokens of remembrance for all who are gone—for all but the forgotten. Almost every grave grows like a garden.

It will be an old, old, old scene to most of us, but in it there will be an eloquence irresistible. There will be no flash of soldier finery in that column, no glint of gun, no glit-

ter of bayonet, no gleam of sword. But there will be in it something more impressive even than the majesty of a charging host. Cheeks will grow moist with tears in the presence of that column and hearts will grow heavy with an inexpressible ache, but the significance of it all will be a thing that in memory's treasure will never grow less. On the heart is written the meaning of flags and flowers.

It is all sentiment, to be sure, but it is sentiment of the sort that the people of a nation must have if their institutions are to endure, if the victories they have won are to be kept, if the progress they have achieved is to be made secure.

In the beginning, Memorial Day was designed as an institution that would bring once a year the nation's acknowledgment of its debt to its fallen defenders. It quickly outgrew its original design. It had in it an appeal that was universal. It has come to be a day on which the American people pay the tribute of love and memory to all their dead. There need be no fear that Memorial Day will ever fall into disuse. There is scarcely a man in all the land who would not be outraged at even a suggestion of its abandonment. It will endure and it will be honored and observed as long as the nation shall keep a place among the peoples of the earth. Its universality makes its secure.

## ACCEPT WHAT WE CAN GET

From present indications as outlined by Judge Nugent it looks like the road committee of the Chamber of Commerce which was to appear before the Highway Commission at Frankfort, in concerted action to plead for a concrete surfaced road between Fulton and Hickman will be relieved of the expense of the Frankfort trip as Judge C. D. Nugent has recently returned from Frankfort and informs us that the best Fulton county will get is a graveled road and absolutely no concrete between Fulton and Hickman.

From our viewpoint, the crumbs is about all Fulton county will get from its \$400,000.00 bond issue voted for roads, notwithstanding it is one of the smallest counties in the state, with an acreage of some of the richest soil in the world.

Judge Nugent also advised us that the Jeff Davis Highway will come into Fulton and go under the railroad viaduct just as it was surveyed and contracts let some time ago, notwithstanding the fact that the Fulton County Fiscal Court has held up the progress of the work with a desire of getting a new survey elsewhere.

As we view it, the route under the viaduct is much safer for tourists than the route contended for, crossing two railroad tracks.

## I. C. TO OPERATE POWERFUL PASSENGER LOCOMOTIVES

The Illinois Central System is making preparations to operate its largest and most powerful passenger locomotives—known as the Mountain type—between Fulton, Ky., and Canton, Miss., via Memphis, according to an announcement received from President C. H. Markham, at Chicago. In this connection, an expenditure of \$366,000 will be made for improved facilities at Memphis and Canton.

The operation of greater motive power in this section is made necessary by the shortening of the schedules of the Panama Limited and the four other Chicago-New Orleans through trains—Nos. 1, 2, 3 and 4.

Out of the total expenditure for improvements that has just been authorized, \$301,000 is for the remodeling of engine-house facilities at Nonconah Yard, Memphis, to take care of the larger engines. Twelve engine stalls will be extended to 125 feet, engine pits also will be lengthened, and a 100-foot turntable will be installed.

The operation of Mountain type locomotives at Memphis has also been restricted by a sharp reverse curve in the through tracks immediately north of Grand Central Station. This curvature will be reduced at a cost of \$40,000.

The lengthening of three stalls and engine pits in the enginehouse at Canton and other improvements to facilities at point will cost \$25,000.

Work on these improvements will be started in the near future and pushed forward to completion as rapidly as possible.

## STRAWBERRIES PLENTIFUL

Strawberries are coming into the Fulton market in quantities. They are of fine quality and prices are reasonable. The soil in the Fulton vicinity is ideal for growing berries of a delicious flavor, but in recent years our farmers have not been growing in sufficient quantities for carload shipments.

Farmers in McCracken county are specializing on berries and various fruits. They have a well organized association, with an efficient county agent to direct them. Their first two cars were shipped out Monday from Paducah, and it is estimated that 200 carloads will be shipped from that point during the season.

A large acreage is devoted to berries around Union City this year. They shipped their first car last week at good prices.

There is good money in growing berries if the season is favorable, but oftentimes weather conditions and scarcity of help to harvest the crop incurs a heavy loss.

So far, this year, the season has been very favorable for the crop.

JACOB AT BETHEL

LESSON TEXT—Genesis 28:10-22.  
GOLDEN TEXT—I am with thee and  
will keep thee in all places whither  
thou goest—Gen. 28:15.  
PRIMARY TOPIC—Jacob Dreams at  
Bethel.  
JUNIOR TOPIC—Jacob's Vision at  
Bethel.  
INTERMEDIATE AND SENIOR TOP-  
IC—A Young Man's Dreams and Vi-  
sion.  
YOUNG PEOPLE AND ADULT TOP-  
IC—The Place of Vision in Human  
Lives.

I. **Jacob's Flight to Haran.**  
He fled from an outraged brother.  
His deceit and cunning got him into  
trouble. His long exile from home  
was the result of his selfish ambition.  
"Whatsoever a man soweth that shall  
he also reap." Rebekah made her plea  
before Isaac for sending Jacob away,  
stating her fear of Jacob's probable  
marriage with a daughter of Canaan.  
when in reality she feared that Esau  
would kill him. Isaac at once recog-  
nized the wisdom of her suggestion.  
He knew that the success or failure  
of one's life is largely determined by  
his marriage. It was clear that if  
Jacob were to continue in the line of  
the covenant blessing care must be  
exercised in his marriage. Besides, it  
is a parental duty to see that chil-  
dren are well married. Among Chris-  
tians only marriage in the Lord is  
allowable (1 Cor. 7:39). Isaac, alive  
to Jacob's destiny, issued his com-  
mand and bestowed upon him the  
covenant blessing which had come  
from God Almighty to Abraham (Gen.  
17:1). The elements embraced in this  
blessing are:

(1) A numerous offspring (v. 3).  
(2) Possession of the promised land  
(v. 4).

(3) And everything that is included  
in the Abrahamic covenant (Gen. 12:  
1-3 and Gen. 15:1-8).

We should learn from the experi-  
ence of Jacob.

1. Be sure your sin will find you  
out.

Jacob deceived his father. He in  
turn was deceived by his children.  
2. That wrong home life has its  
perils.

Isaac knew that the blessing was  
to be Jacob's, yet he planned for Esau  
to have the place of prominence. He  
was willing for the sake of a little  
cousin to give to Esau that which  
God had planned for Jacob.

II. **Jacob at Bethel.**

1. The Lord meets Jacob at Bethel  
(vv. 10-15).

With a spirit clouded by home-  
sickness on the one hand and by fear  
on the other, he had a dream that  
night in which God appeared to him.  
In this dream Jacob beheld a ladder or  
stair reaching from earth to heaven,  
upon which angels were ascending and  
descending. Above the ladder stood  
the Lord who spoke to him. This lad-  
der suggests a means of communica-  
tion between earth and heaven, be-  
tween man and God. Jesus Christ  
is the ladder which provides us a  
means of communication with heaven  
(John 1:51; 14:6; Heb. 10:19-20). Je-  
sus became a real ladder to us, bridging  
the chasm between earth and heaven.  
He was a real man that He might  
identify himself with the race. He is  
very God, really divine, that He might  
lift us up to God and secure a recon-  
ciliation with Him. Earth and heaven,  
man and God, were separated by the  
introduction of sin, but through Christ  
a means of intercourse is re-es-  
tablished. This vision suggested to Jacob  
that the only approach to God was  
through a mediator. The angels as-  
cending and descending are heavenly  
messengers which are sent to minister  
to man through the mediatory work of  
Christ (Heb. 1:34). God spoke to him  
from the top of the ladder and assured  
him that He is the God who entered  
into covenant with Abraham and re-  
newed the same unto his father Isaac  
(v. 13). This assurance embraced the  
following:

(1) The possession of the land (v.  
13).

(2) A numerous offspring (v. 14).

(3) The promise of His personal  
presence and preservation (v. 15).

This promise was fulfilled in a mar-  
velous way with Jacob and is still be-  
ing fulfilled with his seed.

III. **Jacob's Vow to the Lord** (vv.  
16-22).

He set up as a monument the stone  
which he had had for a pillow. He  
named the place Bethel, which means  
the house of God. Jacob now vowed  
that since God had so graciously obli-  
gated himself to perform all this for  
him, he would enthrone God as the  
Lord of his life and give back to Him  
one-tenth of all that was given to him.

## Methodist Church

J. V. Freeman, Pastor

Sunday school, 9:30 a. m. T.

J. Kramer, Supt.

Epworth Leagues, 6:15, Jun-

ior; 6:30, Senior.

Prayer meeting, 7:30 each

Wednesday evening.

Preaching at 11 a. m. and

7:30 p. m. by the pastor. Spe-

cial music by the choir. Public

cordially invited.

Rev. R. L. Norman, presiding

elder of this district, preached

a splendid sermon Sunday

evening last, to a large and

appreciative audience. We are

always glad to welcome Brother

Norman when he chances to

come our way. The prayer

service was well attended this

week and made the pastor's

heart glad to see so many pres-

ent.

We are glad to be able to say

that the pastor and wife, Rev.

and Mrs. Freeman, have return-

ed home from Memphis and

are both speedily recovering

from a short illness there.

The demonstration of the

Graham Furniture company of

the Florence Oil Stove, con-

ducted by the Warner Black-

ards, proved quite a success,

and the members of the society

wish to thank Messrs Graham

for allowing us the privilege of

conducting the demonstration,

and hope they sell many Flo-

rence stoves.

The Warner Blackards held

their regular meeting, Monday,

at the home of Mrs. Harry Gest

assisted by Mrs. Frank Merry-

man. The meeting was called

to order by the president, Mrs.

J. C. Scruggs and opened with

Aroma Invites Taste.

begets a desire to taste it, after which you naturally become a regular customer of it. We invite you to try a tin. If you can resist the combination of aroma and taste, you differ from other coffee lovers.

At All Grocers.

Saturday and conducted the funeral services for William Dow Simpson, Jr., seven years old, who was accidentally killed by falling from a tractor, losing part of his head. He died instantly. The services were well attended by the friends of the family.

The services at Columbus last Sunday morning were exceedingly well attended, and were also exceedingly interesting and appreciated. Dr. Boyd returned to Fulton for evening service.

Mrs. Lydia Gross, mother of Mrs. Boyd, died at the home of her son, Harry A. Gross, Souderton, Pa., about 30 miles from Philadelphia, on the 15th, and was buried on the 20th. Members of the Mohawk Club called at the rectory and presented their condolences and a basket of flowers. The club also sent a beautiful spray to Souderton, and a letter received Monday stated that it arrived in time for the funeral. The ill health of Mrs. Boyd prevented her attending the service.

Arrangements have been made for holding service at Clinton at 3:00 p. m. Sunday, and Dr. Boyd and a number of the Trinity congregation will go by auto to assist in the service, at the City library rooms.

Trinity is looking very beautiful now, as the roses and other flowers are just about in their glory, and add a great deal to the looks of the church.

The vacation season seems to have already started and there will be a noticeable loss in the members of the church school, during summer.

Bro. Warren delivered the

Baccalaureate sermon for the

South Fulton High school, at

Carr Park Auditorium, last

Sunday at eleven o'clock. You

will find a synopsis of the ser-

mon elsewhere in this issue.

The finishing touches here

and there are being added to

our church building, and every

one is looking forward to the

time when we will be able to

occupy same. If your enthusi-

asm in church work is a little

low stop by, and look over the

building, and you will find it a

great stimulant to know that

we will soon have such a com-

modious house of worship. All

departments of the church are

formulating and perfecting

their plans for occupancy of the

various quarters of the building

as soon as the contractors turn

over the keys.

## FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

throughout their long lifeDo Better Work  
With Less Effort

Many thousands of farmers know of the good work, easy handling and simple adjustment of the John Deere DG Cultivator. So easy to operate that your boy will do mighty good work with it.

You can cultivate all row crops with the DG, for the simply-adjusted arch permits a variation of 16 inches in the wheel tread.

The hugging device aids in holding the rigs to the row when hilling or "laying by" the crop, counteracting the tendency to drift either to or from the row. This does away with the hardest work of cultivating.

Simple depth control insures even cultivation—just a turn of the tail bolt does it.

Improved cone coupling—no adjustment required except to take up wear.

Wheels have oil-tight, dust-proof bearings.

Pole does not extend behind axle—plenty of room for adjusting arch, rigs or shovels; provides good view of work.

Hang-up hooks attached to arch and are adjustable, up or down, in or out.

Your DG is ready at our store. Come in and see it.
