Santa Claus Makes First Appearance
In Fulton Nov. 30

The Fulton County News

Rain Floods City

The rain continued unabated in Fulton yesterday. The streets were not only flooded, but the water was also distributed throughout the town. The main cause of this is the inadequate drainage system of the town. The rain has caused considerable inconvenience to the residents, who have had to deal with water for a long time.

The residents are urging the town authorities to take immediate action to improve the drainage system. The water has caused considerable damage to the property in the town. The residents are also concerned about the health implications of the water.

The town authorities are already aware of the problem and are working on a solution. They have already requested the state government for funds to improve the drainage system. The residents are hoping that the state government will provide the necessary funds.

South Fulton Hi-Y Club Presents 'Her In Fulton' Nov. 30

The South Fulton Hi-Y Club will be presenting 'Her In Fulton' on Nov. 30. The club has been working hard on the production, and the residents are looking forward to the show. The show will be held at the local theater.

The show is a musical comedy, and it is expected to be a hit with the audience. The cast is made up of local talent, and the production is of high quality. The residents are looking forward to the show, and it is expected to be a sell-out.

The show is a great opportunity for the local talent to showcase their skills. The residents are proud of the talent in their community and are looking forward to the show. The show is a great way to support local talent and the arts in the community.

The show is expected to be a great success, and the residents are looking forward to attending. They are also looking forward to supporting the local talent and the arts in their community.

The show is a great opportunity for the residents to come together and enjoy a night of entertainment. They are looking forward to attending and supporting the local talent and the arts in their community.
"I thought I'd never want to own a washer...until I tried a Maytag!"

Thousands of women have said that. After using a Maytag washer, they wonder how they ever could have gotten along without a Maytag. It's not work, it's fun! Learn how the Maytag washer beats the average washer. Thoroughly, until it means your clothes—why it's called the "five year" washer. The Maytag dealer will show you to your own car with your own clothes. Please ask for an obligation.

To best advantage of your Maytag, ask your Maytag dealer for the Maytag Cook Book. It's free, and full of practical, helpful hints.

Find the Maytag dealer near you.

Washington News
For L. S. Farmers

Partners in the United States, if they expect to endure, should make their farms pay. They should not have, nor should their children, a problem trying to figure out how to keep their children, if they are not allowing them to "run free," otherwise there would generally be fewer and fewer partners in the United States. The problem of the future will be to see whether the children of the 5- or 10-year-olds today are receiving the same education as their parents and grandparents, and whether the training and experiences of the children of the 20- and 30-year-olds today are as good as those of the children of the 10- and 20-year-olds that went before them. The problem will be to see whether the children of the 30- and 40-year-olds today are as good as those of the children of the 30- and 40-year-olds that went before them. The problem will be to see whether the children of the 40- and 50-year-olds today are as good as those of the children of the 40- and 50-year-olds that went before them. The problem will be to see whether the children of the 50- and 60-year-olds today are as good as those of the children of the 50- and 60-year-olds that went before them. The problem will be to see whether the children of the 60- and 70-year-olds today are as good as those of the children of the 60- and 70-year-olds that went before them. The problem will be to see whether the children of the 70- and 80-year-olds today are as good as those of the children of the 70- and 80-year-olds that went before them. The problem will be to see whether the children of the 80- and 90-year-olds today are as good as those of the children of the 80- and 90-year-olds that went before them. The problem will be to see whether the children of the 90- and 100-year-olds today are as good as those of the children of the 90- and 100-year-olds that went before them. The problem will be to see whether the children of the 100- and 110-year-olds today are as good as those of the children of the 100- and 110-year-olds that went before them. The problem will be to see whether the children of the 110- and 120-year-olds today are as good as those of the children of the 110- and 120-year-olds that went before them.
