GONE FROM LIFE

MRS. MARTHA PURCELL, FORMER RESIDENT, DIES IN MISSOURI.

Floyd County Courthouse, Monday, Oct. 10, 1900.

Funeral Service for Mrs. Martha Purcell, one of our oldest and most estimable citizens, was held yesterday afternoon in the Presbyterian church. Mrs. Purcell was about 79 years of age, and four years ago made the journey to this place from her native state. She was described as a woman of gentle manners and kindness, loved and respected by all who knew her.

The many friends in this city were deeply shocked at the news of her death. The day before she died she was seen in her usual health. Her death was sudden, and caused great regret to those who knew her. She was a faithful member of the Presbyterian church, and was always a warm supporter of the church's work.

She leaves a husband and a family of children, who will greatly miss her kind presence.

Tomorrow evening, members of the Baker Humphrey and Butterick Rogers firm will hold their annual social, where they will sell boxes of various goods. The boxes are being sold for $147, and the proceeds will be used for the benefit of the firm.

Both Arrested

Police Department makes two arrests.

Two arrests were made yesterday by the police department. The first was made in the case of a man who had been suspected of stealing a large sum of money. He was taken into custody and will be tried for theft.

The second arrest was made in the case of a man who had been suspected of murder. He was arrested and will be brought to trial for his alleged crime.

The Eagles

Purcell, Mrs. Evaline, dies.

The death of Mrs. Evaline Purcell was announced yesterday. She was a member of the Eagles organization and had been active in their work for many years.

The Eagles are dedicated to the cause of peace and friendship among nations. Their members are active in promoting international understanding and cooperation.

Warning Advice

Member of Insurance Committee gives advice.

The member of the insurance committee gave advice yesterday on how to handle insurance claims. He urged that insurance policies should be carefully read before signing any document.

New York's Inquiry

Will be answered.

The inquiry into the New York insurance company's practices will be answered soon. The company is being investigated by the state government.

When men are pointing to the importance of the new laws, they are trying to get the public to pay attention to the matters of business.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The most important period in the life of a woman is the time between the menopause and the menopause, when she is susceptible to many dread diseases.

For a long time, women were not aware of the importance of this period. The first explanation of the disease was given by the Greek physician, Hippocrates, who said: "The time of life when women are susceptible to many dread diseases is the time when they are most susceptible to them."

Today, intelligent women prepare for this period by taking preventative measures.

One example is Mrs. A. E. Hyland, whose husband was taken to the hospital at Cairo, Ill., after he was injured while working on the steamboat "Beaver." Mrs. Hyland, who has been suffering from the disease, was not able to work when her husband was injured.

Another example is Mr. and Mrs. F. T. Parnesley, who have been in the hospital for treatment, the latter for having been injured while working on the steamboat "Beaver.

Shall It, Be Representation?

OR WILL YOUR REPRESENTATIVE BE ONE OF THE HOPELESS MINORITY, POWERLESS TO INFLUENCE LEGISLATION?

Paducah, as a second-class city, needs certain remedial legislation—this none will deny. Then there are a number of men and measures to be voted upon. Some proposed laws would prove inimical to this city and county; others might be beneficial. The next legislature will be DEMOCRATIC. Democrats will make the measures. Democrats in caucus and committee will control every vestige of legislation; elect every legislative officer. Where would a Republican come in?

Sentiment should not be considered in this matter. You desire representation. Vote for a DEMOCRAT for this office, your county ACTUAL representation.

QUEEN OF FORGERS GANG

(Concrete Express)

"The queen of the forgers, a part of the most notorious gang in the Union, was captured last week in the process of making stamps, which she had been printing in large numbers," reported the Express correspondent. "She was arrested by Federal agents as she was about to distribute them among her confederates. The queen is said to be a woman of considerable experience in the art of counterfeiting and to have been a member of the gang for many years. She is now in jail awaiting trial.

College Women

Influence for Good on All Other Women

It is often said that college women have an influence for good on all other women. The following incident was related by a teacher in a high school where several college women were staying as roommates. "One of the girls in our group," she said, "begged me to lend her my fortieth birthday present. It was a beautiful gold watch. I hesitated, but finally gave in. The next day, while I was walking down the street, I met a young woman who had borrowed the watch. She said, "Thank you for lending me your watch. I enjoyed wearing it. It made me feel very special." I replied, "I'm glad you liked it. It was a special present for my birthday." She thanked me again and went on her way. As I continued walking, I realized that my gift had brought joy to another person. I felt a sense of satisfaction knowing that I had made a positive impact on someone else's day."

NATURAL LODGE-ROOM

(Life)

"The lodge-room is described as a large, rectangular space with high ceilings and wood-paneled walls. The room contains a stage area, where public meetings are held, and a seating area where members can socialize. The lodge-room is a place of initiation and fraternity, where new members are welcomed into the organization."

REMARKABLE MEMORY

(Kansas City Star)

"In her remarkable memory, an elderly woman can recite the names of all her friends and acquaintances, and even the names of people she met decades ago. She has an uncanny ability to recall events that occurred years before. When she was a child, she listened to stories her mother told, and now she can retell them with perfect accuracy. She has a photographic memory, and even faint details are etched in her mind."
