Fulton County Fair Will Be A Brilliant Event This Year

**TWO BIG FREE
ACTS CONTRACTED**
For Fulton County Fair August
25 to 28.

What promises to be the biggest fair ever held in Fulton is now being planned for the 1926 meet, August 25 to 28. The directors are busily engaged in procuring attractions for the big event and two free feature attractions have already been contracted.

When the gates are opened for the public to enter the grounds on Wednesday, August 25, they will not be closed until Saturday night, August 28.

The night show, which is to be an added attraction of the fair this year will furnish entertainment for all who cannot attend in the day time, therefore, double effort is being put forth to make the big night show entertaining for the immense crowds that will be in attendance.

The liberal premiums for horses, mules, cattle, swine, sheep, poultry, agricultural and home made products, are attracting the attention of hundreds throughout this entire section of country sufficient to warrant us in saying that competition in each department will be keener this year than ever before.

The Woman's Building will also feature some added attractions of general interest and each department will out rival all former exhibitions.

The poultry department, too, will be given special attention, and added premiums will be awarded by the Fulton Poultry Association. Some of the handsomest birds in this vicinity and some from a distance will make the exhibition unusually pleasing to chicken fanciers.

The purse races for trotters and pacers will be a feature each day. The best animals of the Kentucky-Tennessee circuit will be entered.

Make your plans now to attend the Fulton races and the big fair, August 25 to 28.

MEMORIAL SERVICES

American Legion Pays Beautiful Tribute to Departed Comrades

Hon. M. C. Anderson Delivers Memorial Day Address at Park Auditorium

The memory of departed comrades was honored Sunday by Marshall Alexander Post No. 72, American Legion, in a beautiful memorial service at Carr's Park auditorium, concluding the exercises at Fairview cemetery. The American Legion ceremonies were the central feature of the observance of the day in Fulton, with Hon. M. C. Anderson, of Wickliffe, delivering an address, one of the most impressive and forceful orations ever heard here. The order of exercises were inspirational and all who contributed to its brilliant success will long live in the memory of the hundreds in attendance.

FIRST CAR OF ENGLISH PEAS SHIPPED FROM FULTON.

Bennie Austin shipped out the first carload of English peas from Fulton market last Tuesday. This is a valuable crop and always demands good prices at this particular season, when growers farther south have exhausted their crop. Mr. Austin planted about five acres this season, which produced a wonderful yield, as this is an ideal section to grow English peas. The neighbors of Mr. Austin supplemented his early shipment, making up the carload.

Closing Exercises At South Fulton School

The Commencement Exercises of the South Fulton High School were held in the Auditorium last Friday evening. By 8 o'clock the house was well filled with people anxiously awaiting the beginning of the exercises.

First on the program was the invocation by Rev. H. L. Patterson, pastor of the First Christian church. This was followed by a vocal solo, "Pipe Out Ye Silver Flute," a production by Goatley, and was charmingly given by Miss Ivora Cantrell, whose voice waved out as clear as clarion tones, and was well received by the audience. She was accompanied at the piano by Mrs. Curtis Ledford.

The next number was a vocal solo, "Spring Fancy," by Denmore, which was very beautifully given by Mrs. R. S. Williams, with Miss Ruth Fields, accompanist.

Dr. H. A. Webb, of the George Peabody College, of Nashville, was next introduced and made a very appropriate address to the graduating class, taking for his subject, the strenuous task of Nehemiah in rebuilding the walls of Jerusalem, and in his application most forcefully admonished the class to meet and master the difficult tasks and problems of life which would ultimately reward them with success.

Professor Jones, president of the school, in a very appropriate brief address, presented the diplomas to the class and was in turn given a beautiful present by the class as a token of their high esteem and friendship. A handsome loving cup, as a gift from the school, and the members of the P. T. A., was presented by Prof. Chaney to President Jones in appreciation of his efficient service in the school work.

A vocal duet, "Diamonds and Gold," was given by the Matthews Brothers, with Mrs. R. S. Matthews, accompanist, and was received with a profusion of applause, after which the exercises were closed with prayer by Rev. C. H. Warren.

During the exercises a most bountiful banquet was being prepared in the Domestic Science kitchen by Mesdames R. Q. Moss, M. L. Rhodes, W. C. Porter, J. J. Gates and C. C. Parker, members of the P. T. A. The dining room was beautifully decorated in the class colors of pink and blue and cut flowers, and as favors at each plate were pink and blue baskets filled with cherries, and with hand-painted plate cards.

The banquet was given in honor of the graduating class, visitors and teachers and was served by the students of the Domestic Science Class directed by their teacher, Miss Lurline Wilkerson.

FINAL ARRANGEMENTS BEING MADE TO START WORK ON SEWERAGE SYSTEM

Engineer Wilcox was in the city last week making final arrangements to advertise for bids and letting the contract for Fulton's sewerage system. The outlet and right of way has been obtained and everything is now lined up for the work to proceed without further delay.

Here Comes the Bride

MISS ELIZABETH ETHRIDGE

Chattanooga Times Special
Cleveland, Tenn., May 29.—Miss Elizabeth Ethridge is a graduate of the class of 1926, Centenary College, Cleveland. She also won a diploma in expression, and had the honor of being editor-in-chief of Puffs and Patches, the college annual. Miss Ethridge is the daughter of Mr. and Mrs. S. P. Ethridge, of Fulton, Ky.

Class day exercises were held on the Centenary college campus Monday morning.

Miss Carolyn Bennett, of Atlanta, president of the class, occupied the seat of honor. The class history was read by Miss Willie Mae Tucker, the prophecy by Miss Elizabeth Ethridge and the will by Miss Isabel Seabey. The daisy chain and planting the ivy were features.

The board of trustees had a meeting in the college library, May 24. Two vacancies in the board were filled by the election of Dr. P. R. Knickerbocker, of Knoxville, and Dr. L. L. Evans of Chattanooga. The presence of the four advisory members, Mrs. J. E. Johnston, Mrs. Nell Varnell, Mrs. C. L. Hardwick and Mrs. E. F. Campbell, added to the pleasure of the meeting.

The forty-first annual commencement closed Monday night. The graduating exercises were held Monday evening in the chapel. Seventeen young ladies in cap and gown received junior college diplomas and twelve in white received high school certificates. Other certificates and diplomas were given in the various departments, amounting in all to forty-seven. The college chapel was full almost to overflowing with friends and relatives of the two classes. Miss Hazel Duff presided at the piano, playing for the procession, the hymns and a special piano number. Miss Edith MacMillan gave a vocal number. The speaker of the occasion was Dr. W. R. Blackard, pastor of the M. E. church, south, Fountain City, Tenn. His subject was, "Out of the Harbor, On to the Deep." Many pointed applications were made appropriate to a graduating class just entering upon life's voyage.

President Malone addressed the class briefly and awarded the diplomas and certificates. On the right side of the stage was an oil painting of George R. Stuart. This picture had been draped in mourning, as a slight token of the grief of the alumni and college at the death of the founder of the college. President Malone paid a tribute to this splendid man, who had been one of the best friends the college had ever had. This was followed by a

paper read by Mrs. J. E. Johnston on the life and character of Dr. Stuart.

The announcements for the coming year were full of hope for a greater Centenary. W. M. Bratton, of Louisiana, was added to the faculty. He will fill the chair of mathematics. Mr. Bratton is an experienced school man. The alumni association had an enthusiastic meeting from 7 to 8.

The slogan as announced by President Malone was "The Centenary filled to capacity, students from the town of Cleveland for 1926-27."

HICKS-KIRKSEY

On May 29 at 2:30 p. m., the beautiful country home of Rev. E. S. Hicks was the scene of a quiet and lovely home wedding, when in the presence of the family and close friends and relatives, his daughter, Miss Lucile, became the bride of Mr. John E. Kirksey.

The Rev. D. W. Fooks, of Nashville, Tenn., said the solemn words making them husband and wife, in which he used the impressive ring ceremony.

The bride, dressed in a lovely costume of grey georgette over rose, wearing a picture hat of soft pink, and carrying a shower bouquet of pink rosebuds, was led to the altar by the groom, to the soft strains of Mendelssohn's Wedding March, which was played softly throughout the ceremony, by Miss Boone Walker.

The only attendants were Miss Jewel Robey, who was dressed in a harmonizing costume, and Mr. Homer Neisz, of Dawson Springs, Kentucky, who is an especial friend of the groom.

After the ceremony the happy couple left on a short trip to places of interest in the state, after which they will be in school at Lexington for the summer.

Mr. Kirksey is a worthy young man of high ideals, and Mrs. Kirksey is a deserving young lady who possesses great talent.

Their many friends wish for them a bright and prosperous future as they sail through life's sea and all shall be glad to welcome them back to Beckett, this Fall. He, as High school principal. She, as his assistant, the same places they have so competently filled for the past two years.

ATTEND CHAMBER OF COMMERCE MEETING TUESDAY NIGHT.

The regular meeting of the Chamber of Commerce for the month of June will be held on Tuesday next at the Chamber of Commerce, at 7:30 p. m., at which time the report of the Harris Fork Committee should be ready and show what has been done to put that stream in condition to take care of the floods.

There will also probably be a number of other matters brought up that will be of interest, as for instance, the arranging for the committee to accompany the Fiscal Court to the June meeting of the Highway Commission, at which time the commission will decide as to what sort of surface the Fulton-Hickman highway is to receive.

This is a matter that is of vital interest to every citizen of Fulton county, and every person who possibly can should be at this meeting, in order that the representatives who go to Franklin can show that they voice the demands of every taxpayer in the county. Turn out and make this a big meeting.

WILKERSON-CHANEY

The marriage of Miss Dorothy Wilkerson to Mr. Frank Chaney was solemnized at the home of the bride in Union City last Sunday morning at 7:30. It was a very pretty home wedding and their attendants were Miss Gordon and Mr. Nichols of Union City and Mr. Dudley Smith and Miss Lurline Wilkerson, sister of the bride. The Rev. Jenkins, pastor of the Baptist church at Union City, officiated. Prof. and Mrs. Jones of Fulton were in attendance.

Breakfast was served in the home of the bride, after which the newly weds came to Fulton by automobile and took the 10 a. m. train for Carthage, Illinois, for a visit to the parents of the groom.

Mr. and Mrs. Chaney were teachers in the South Fulton school last term. Mr. Chaney has been chosen as teacher in the Fulton High school next term and Mrs. Chaney will teach again in the grades of South Fulton school.

Mr. and Mrs. Chaney have made many friends in Fulton and elsewhere, who will join in wishing them much happiness.

Fulton Officers Doing Splendid Work

Chief of Police Huddleston, Officer Hart and Deputy Sheriff Dunn brought into the courts Monday morning, seventeen men, charged with gaming. Of this number nine were white and eight were colored. The white men were caught Sunday morning between three and four o'clock, while the negroes were taken in about ten o'clock the same morning. All of them pleaded guilty and were taxed \$20 and the court costs.

Jimmy Ligon and Milton Clark, colored, are now in the Hickman jail, having waived their examining trials on charges of grand larceny. Ligon confessed to the larceny of \$63.00 from Mr. Lemon, night clerk at the Usona Hotel. Chief Huddleston and Officers Hart and Drysdale recovered \$50.00 of this money.

Clark was charged with stealing a suit of clothing from Homra Bros., and admitted his guilt. A check up on Ligon and Clark led to the recovery of three suits of clothing stolen from the Roberts Clothing Co. The value of the goods recovered was about \$140.00. Neither of the merchants were aware of their loss until called down to the police headquarters to identify the goods.

Collie Hayes, young negro, was sent to the Hickman jail to await trial upon the charge of stealing copper wire from the Kentucky Utilities Company. He admitted his guilt to the local officers.

Charlie Austin, young white boy, indicted by the last grand jury, upon the charge of breaking into the Roberts Clothing Company on May 1, seems to have a police record dating back some six years. On June 16, 1920, at the age of 13, he was sent to the Tennessee State Industrial School for delinquency. On November 26 following, he was recommitted by Judge J. T. Rothrock. On May 14, 1924 he was indicted for housebreaking and larceny. This charge was reduced to petit larceny. Austin pleaded guilty and was sentenced to one year in the State Training and Agricultural school at Nashville.

Whisky selling seems to have slowed down somewhat in Fulton. Only one "drunk" was arrested in April and he claimed to have used "canned heat." During this month only one arrest has been made for drunkenness. No arrests have been made for violation of the automobile laws this month.

PIONEER MERCHANT OF WATER VALLEY BURIED

Funeral services for the late E. G. Stokes, aged 70 years, pioneer merchant of Water Valley, were held Friday at the Methodist church in that little village, the pastor of the church being in charge. A large crowd of the friends of the esteemed citizens was in attendance.

Mr. Stokes died May 26, following a lengthy illness of complications, and following one or two slight strokes of paralysis. He is survived by his widow, Mrs. Lucy Stokes, and three sons, Gordon Stokes, of Louisiana; Glenn Stokes, Jr., of Mayfield; and Fred Stokes, of Hickman, Ky. Many other relatives also survive.

The deceased had been in business in Water Valley for over forty years and was well known throughout the county, and was highly respected by all.

A HIGHER STANDARD

Federal taxes are going down, as very pleasantly demonstrated in the recent reduction of income taxes, but state and local taxes, as a general rule, are going up. There is nothing unnatural about either movement. They are both inevitable.

Federal taxes are lowered as war expenses are diminished. But many a community has found peace more expensive than war, as far as local public expenditures are concerned. And this doesn't always mean extravagance, though on occasion it does. It does mean living up to new standards which have been set up since the war. Often it means a wise facing of new problems and the courage to meet them.

More money is needed nowadays for the average American community, per capita or per dollar of valuation, because the community demands more than it used to. Taxpayers insist on better roads, better bridges, better public buildings, better parks, better schools, better sewers, better sidewalks, better water supply. The community is not content with the simple, frugal old standards, any more than the individual is. And in some aspects, in things affecting traffic for instance, the community cannot very well help itself. Traffic has to be taken care of. There are other needs almost as big, obvious and imperative.

So the trend of local taxes in most communities is upward, and may continue so far some time. It hurts, but usually it cannot be helped and should be borne as ungrudgingly as possible. The real question is not the number of dollars spent, nor even the tax rate itself, but the wisdom of the particular expenditures and the care with which the money is handled.

Well spent taxes, especially when devoted to public investment in long-lived or permanent improvements, nearly always pay big dividends, not only in public use and enjoyment but in the creation of new wealth which helps to pay the cost.

A BILLION FOR ROADS

Highway construction and maintenance in 1926 will equal and possibly exceed the progress made in any other year, according to estimates from the various States compiled by the bureau of public roads of the United States department of agriculture. A total of \$1,030,286,948 is available for the construction and maintenance of all rural roads.

This is one of the ways in which the nation is paying for the privilege of using automobiles. It is commonplace to say that the automobile is playing an ever increasing part in our every day existence. And its general influence is for good. Traveling about the country may cost money and time, but it is making the average American healthier by keeping him out in the open air, and better than all, is giving us real national unity. As he travels back and forth, the average citizen of the west is finding that the average citizen of New England think and acts about as he thinks, and the typical southerner is finding that he doesn't differ very

much from the typical northerner. In short, we are learning by contact that, as good Americans, we are all pretty much the same, that we depend upon one another, and that our rise or fall can only come with the rise or fall of the entire country.

If the automobile can wipe out sectional prejudice, as it gives promise of doing, it will be worth all that is spent on it. The future of America depends upon our national feeling which is but another word for patriotism. So long as we think and act as Americans there is little danger of our getting into serious trouble as a nation. With the east and the west, the north and the south, thinking and acting alike, in time of national danger, Uncle Sam does not have to be greatly in fear of anybody.

And too, while the automobile costs money, it is bringing additional pleasure to millions of our people in every walk of life. Let us see, therefore, by sound national legislation, to keep our prosperity at high tide, so that we can keep our automobiles. For it is difficult to make a revolutionist out of a working man who can afford to spend his holidays skimming over perfect roads, taking his fill of fresh air and sunshine.

FUTURE BECKONS
YOUNG AMERICANS

Achievements of Past Only Show
Great Opportunity Ahead.

Great events of the past quarter century which lead some young men to complain that all the big things have been done, leaving no opportunity for them, as a matter of fact only go to show that even greater opportunity today lies ahead of them. F. N. Shepherd, Executive Manager of the American Bankers Association, recently told members of the American Institute of Banking in New York. After reviewing the outstanding accomplishments in science, industry and finance during the last twenty-five years, Mr. Shepherd emphasized the reward given men of achievement in America, especially in the financial field.

"The achievements of the past are the groundwork for the opportunity of today and tomorrow," he said. "There never was a time when so great were the potentialities of the individual. The world was never so ready and able to pay well for what it wants. For superior service to society under competitive conditions, whether through invention or production or organization or distribution of useful articles, no reward is begrudged, particularly here in America."

"Adding to human comfort and human needs, these things make life finer and better. The world has shared, but it is in America that they have reached their highest development and utilization. The American spirit of useful enterprise, however, does not confine itself within our own borders. It permeates the entire world and renders great service to peoples other than our own."

"Let us pass over America's service to humanity in the war and consider what is being done now. Largely to rebuild the economic life of a world shattered by the war and its devastating after effects, America has, since the war, loaned other peoples over ten billion dollars. Last year alone a billion and a half in foreign financing was consummated in the United States. American financial genius has so far readjusted our banking machinery to meet enlarged international obligations that stupendous foreign loans, such as the \$100,000,000 Dawes plan credit to Germany, are concluded and the books closed after being open to public subscription only a few minutes."

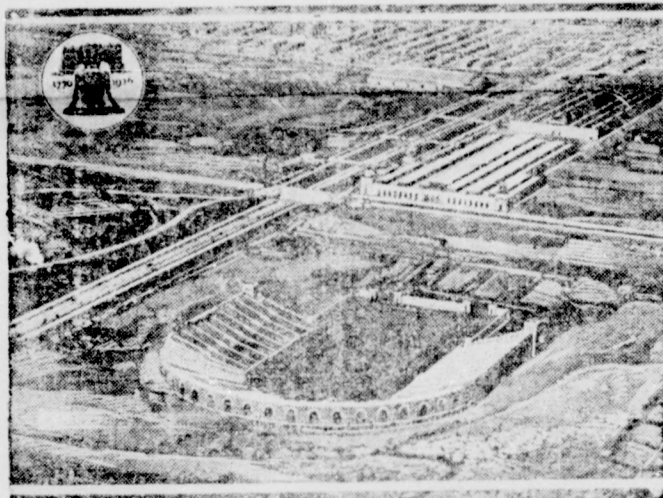

"With our new world viewpoints we in America have many great things yet to do. These things are typical of the broadminded world viewpoint of American finance. It shows the vision necessary to the men who guide our business affairs today. Certainly there is an inspiration in this and the great opportunities which await us."

Bankers and business men of the leading towers of Taylor county, Texas, employed a county agent last spring, and requested that he vigorously promote boys' and girls' club activities. As a result of his work over 300 club members were enrolled. Work is being concentrated this year on poultry culling and grain sorghum seed selection. This fall there will be exhibits and contests, for which the business men are contributing generous prizes.

An idea of the size and scope of the Sesqui-Centennial International Exposition, which will be held in Philadelphia from June 1 to December 1, to commemorate the 150th anniversary of the Declaration of American Independence, is given in this photograph. In the foreground is the great Municipal Stadium, which seats 100,000 persons. North of the stadium can be seen two of the vast exhibition buildings. The first is the Palace of Agriculture and the second the Palace of Liberal Arts. Opposite the latter building is the big auditorium, which seats 20,000 persons on a single floor. To the left of the stadium can be seen the world famous Indian building, the Taj Mahal.

A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

THE JOHN DEERE WAGON

The Wagon That is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skins there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling. Only carefully-selected oak and hickory are used in the

John Deere Wagon, and every piece of wood is air-seasoned under cover in our own yards for at least two years. The tires are set hot under hydraulic pressure and under a gauge that assures proper dish—the load is always carried on plumb spokes.

And don't forget this other big feature—the heavy malleable fifth-wheel with corrugated coupling—no bending or breaking of kingbolt—bolster does not get out of line and rock—no danger of tipping when handling large, top-heavy loads.

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

ONLY A COLD

Miss Lucille La Verne, the American actress, tells an excellent story of a negress maid who once came to her indignantly and said: "I've lost my instinct, miss."

"But," said Miss La Verne, agitated, "you must be mistaken. You can't have lost your instinct."

"Oh, yes I have, miss," repeated the colored lady tearfully, "I can't smell anything at all."—Sporting and Democratic News.

Times Have Changed

"Did you ever have your wife look you in the eye when you came home, and ask you if you had not forgotten something?" asked the young husband.

"Only a time, my boy," answered the old married man. "She does yet in the early days if used to moon a kiss. Now it is usually a reference to wiping my shoes."—Stray Stories.

Getting One Over

The young maiden was indignant, accusing the grocer of charging her too much.

"You're a very small potato, is what I think," she snapped.

"Perhaps," the grocer remarked, "but I never let myself be skinned."—The Progressive Grocer.

Not the Fashion

"Well, what's this?" Inquired Maudie, as she brought out her husband's winter coat.

"It looks to me," replied Maudie, "like an eaten jacket."—The Bill (London).

Her Complaint

"Your honor, he's never at home." "He must make you pretty home some."

"Not that! It leaves no one there with the baby."

CROWDED COURT

Customer—I don't know. We couldn't get our teeth far enough into it to catch the real flavor.

Just Like Mother

"Mother, what did you do when a boy first kissed you?"

"Never mind."

"I did the same thing, mother."

BUT HIS GUESTS DID

"So you had a house full during the holidays? Did you have a fine time?"

"No; but our guests did."

Get Plenty of It

"I need some exercise," remarked El Silver.

"So I think I'll stroll out And dodge some drivers."

What It Was

Lacy (anxiously)—Do you love me? Fred (with fervor)—Madly.

"Would you die for me?"

"Er—no. Mine's an undying love."

All for Her

"When you have an argument at your house, does your wife take part?"

"No, she takes all of it."

What About Ice Cream As a Food—Especially For Children

1. It is the only food given in both health and illness, to athletes and invalids.

2. It is one of the first foods to be given a patient in the hospital.

3. It will come nearer pleasing every member of the party or family than anything you can serve.

4. All of the elements necessary to health and growth are found in milk. A quart of Culver's Ice Cream has the food value of several quarts of milk.

5. Young children should have more milk, in the form of ice cream, instead of the customary milk-naks.

6. You have often seen children refuse milk, but you have seldom seen them refuse ice cream.

7. Nature has endowed children with a taste for sweets. Guide this tendency into a habit of eating

health-giving, strength-producing CULVER'S Ice Cream. It will be a good investment in health.

8. It is not the children alone who benefit from the food properties of ice cream. Certain elements in milk and hence in larger quantities in ice cream improve the complexion and eyesight and add luster and life to the hair.

9. Using the best of ingredients in the home freezer you will find it hard to equal the results in smoothness and texture made possible by our power machinery and proper refrigeration. The smoother the cream the more easily digested.

10. Rare indeed is the individual, young or old, who does not welcome the invitation to have a dish of ice cream. Please all by serving CULVER'S.

RICH—HEALTHFUL—REFRESHING CULVER'S ICE CREAM

Compare Culver's Quality With Others

A daily supply of fresh milk from inspected dairies and a factory as clean as your kitchen insure the purity and safety of CULVER'S.

There is a Culver dealer near you who will give you good service. Call him, compare the richness and flavor with other makes and we know you will always say Culver's.

Novelties for Parties and Banquets

The service of ice cream, flowers, emblems, or individuals makes a fitting climax to a wonderful party. You may be surprised to know that we have many different molds, and that we can put many designs in the center of brick cream. We can also make special flavors colored to suit the occasion. The price is reasonable, in fact very much so, considering the decorative features, coupled with such a delicious dessert.

SAFETY AT GRADE CROSSINGS

We are entering upon the time of year when greater use is made of the public highways than at any other season. Highway traffic over railway grade crossings is at a peak during the summer months. It is therefore especially timely to call attention to the tragic results of being careless in crossing railway tracks.

The railroads are safer to work for and to ride on than they used to be. With more employees and more passengers, there are fewer accidents to employees and passengers. But accidents at grade crossings are increasing instead of decreasing. More persons were killed in grade-crossing accidents in 1925 than in any other year but one on record.

Grade-crossing accidents in 1925 resulted in the loss of 2,206 lives and the injury of 6,555 persons, an average of one person killed or injured every hour of the year.

The tragedy of such a record is that caution could have prevented every one of those accidents. The careful person is safe at any railway grade crossing, but to the careless person every crossing is dangerous. Safety or danger does not lie in the crossing; it lies in the person using it.

It is particularly difficult for the railroads to cope with the problem of safety at grade crossings. Their employees are constantly on the alert to prevent accidents, but the nation's business must be moved without delay, and railway trains cannot be stopped at every grade crossing without strangling the commerce of the country. Since the railroads are under the necessity of operating their trains over nearly a quarter of a million highway crossings—almost one for every mile of line—it is obvious that the final responsibility for safety at such places must rest upon those who cross the tracks.

Four out of every five accidents at grade crossings involve automobiles. The automobile ought to be an agency for safety at crossings. It can be controlled by a careful driver much better, for example, than a spirited horse can be controlled. But in the hands of an indifferent driver the automobile is an agency of destruction instead of an agency of safety—at grade crossings as elsewhere.

Every year the railroads carry on during the summer months a campaign for carefulness at crossings. Their 1926 campaign begins today. It should have the fullest possible measure of public support. Individuals and organizations can be of great help both by stirring up public opinion and by setting an example of carefulness. Much good work is being done by teaching habits of safety in the schools and among civic and community organizations. The press has given its powerful support. For all such cooperation the railroads are extremely grateful.

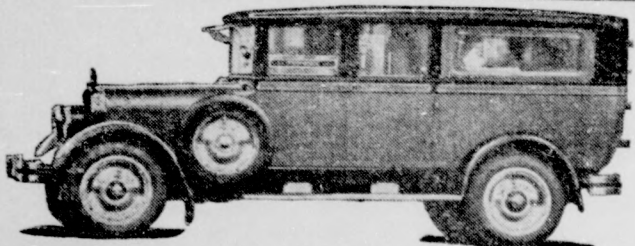

The Illinois Central System appeals to its patrons, employees and friends to cooperate in this campaign. The toll of life, health and property which carelessness collects from the American people at grade crossings is great, and the effort spent on the practice of caution is a wise investment.

Constructive criticism and suggestions are invited.

HISTORY IN CAKE

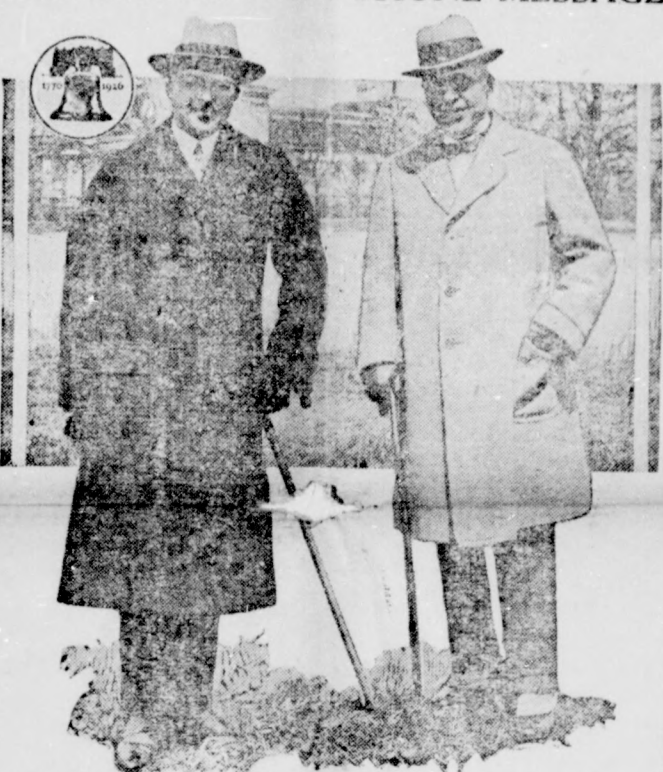

This replica of historic Independence Hall in Philadelphia is a fine example of the baker's art. It was made by the chef of one of Philadelphia's leading hotels to advertise the Sesqui-Centennial International Exposition which will open in that city June 1 and run to December 1 to celebrate the 150th anniversary of American Independence. The "State House" stands on a table at the entrance to the main dining room of the hotel.

Federal Commissioner

Rear Admiral H. O. Stickney, retired, who has been appointed by Secretaries Hoover and Kellogg as Federal Commissioner to the Sesqui-Centennial International Exposition commemorating the 150th anniversary of American Independence and which will be held in Philadelphia from June 1 to December 1. Admiral Stickney will be in full charge of the United States Government exhibit, which will be the largest of its type ever made.

SITE OF THE FIRST PHONE MESSAGE

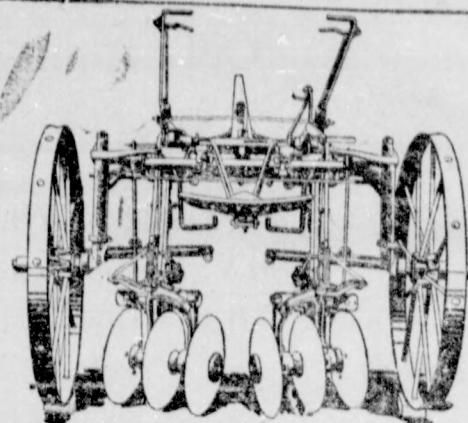

Walter S. Gifford (left), president of the American Telephone and Telegraph Company, and Leonard H. Kinnard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 29-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. The exhibits to be staged by the organization these men represent will be one of the great features of the Sesqui-Centennial International Exposition, which opens in Philadelphia June 1 and continues to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence.

HERBERT HOOVER TURNS SPADEMAN

The Secretary of Commerce turns up first spadeful of dirt at groundbreaking ceremonies for emergency hospital on the grounds of the Sesqui-Centennial International Exposition in Philadelphia. The exposition will commemorate the 150th anniversary of the signing of the Declaration of American Independence. At the cabinet member's right is Mayor Kendrick of Philadelphia. The hospital will be conducted by physicians and nurses from the Philadelphia General Hospital.

AFTERNOON BRIDGE

A very lovely party was given last Thursday afternoon by Mrs. Gideon Willingham at her home on Carr street.

A profusion of pink roses decorated the rooms where the seventeen tables were placed for the game. Mesdames Walter Shepperd and Lon Jones served delicious frappe from a beautifully rose decorated table on the attractive porch.

After five interesting games Mrs. Harry Murphy obtained a lovely picture for high score. Mrs. Guy Snow won second, a beautiful vase, while Mrs. Leon Browder cut consolation, a shoe horn.

A pink and green color note was carried out in the game accessories. A delicious ice course frozen in the chosen colors was served. Vases of pink rose buds adorned each table.

The out-of-town guests were Mrs. Claggett Martin, of Martin, Tenn., Mrs. Loyd Emery, Paducah, Mrs. S. W. Booth, Charlotte, N. C., Mrs. R. S. Gregory, Greenville, Ky., Mrs. R. I. Taylor, Hayti, Mo.

FISHER-BUTTERWORTH

Mr. and Mrs. E. S. Fisher, of Panther Burn, Miss., announce the engagement and approaching marriage of their daughter, Ethel to Burrows Butterworth, of Fulton, Ky., the wedding to take place June 9. For the past two years Miss Fisher has been an efficient teacher in Fulton High school and has many friends here. Mr. Butterworth is an employee of I. C. railroad company at the Division office.

ENTERTAINS AT BRIDGE

Mesdames F. G. Schoe, Ed Thomas, Earl Karmire's bridge party Friday afternoon in the attractive home of Mrs. Schoe on Green street, was one of the delightful affairs of the week.

Quantities of pink and white roses were arranged in baskets, vases and bowls to enhance the beauty of the rooms where the ten tables were placed to play.

Mrs. Ed Heywood won high score prize, a pretty pair of cutwork pillow slips. Mrs. Martin Nall, obtained second high, hand painted card table cover with score pad to match. Mrs. Herbert Carr received a hand decorated plaque for low score and Mrs. Ernest Fall cut consolation, a pretty bed light.

Refreshing iced punch was served during the game. At the conclusion of the afternoon frozen lilies and individual cakes were served. Mementoes of the occasion were pink and white rose buds.

ENTERTAINS WITH LUNCHEON

The attractive home of Mrs. Eli Bynum, on Fourth street, was the scene of a happy party when she entertained with a buffet luncheon, Friday.

The spacious living room was bright with vari-colored garden flowers, and the morning hour was spent in needlework.

The luncheon table was very attractive with its pretty cover and had for the central decoration a crystal vase filled with pink radiance roses.

A delicious two-course luncheon was served to the twenty-four guests, and the afternoon was spent in various contests. Mrs. R. S. Gregory, of Greenville, Ky., received first prize, a dainty handmade handkerchief, while Mrs. Sam Matthews won the booby.

BENEFIT BRIDGE

The benefit bridge party, under the auspices of the Junior Woman's club, Monday evening, in the late evening deliriums of the American Legion on Lake street, was an exceptionally delightful event. The beauty of the rooms and the

graciousness of the members made one forget the inclement weather outside.

Twenty tables were placed for the game, and favors for high score went to Mrs. Don Hill, and Mr. Morris Chowning. In the late evening delicious refreshments were served.

RECITAL GIVEN BY MUSIC CLASS

Miss Dorris Huddleston presented her piano class in an attractive program Friday evening at the home of Mr. and Mrs. W. R. Butts. Miss Mabelle Hill, assisted, and her numbers are always a welcome part of any program.

Miss Huddleston's class is composed of some of the most brilliant musical talent in Fulton, and each number was skillfully given. Those taking part on the program were: Jane Grimes, Maurice Bailey, Herbert Williams, W. R. Butt, Jr., Paul Pickering, Jr., Almeda Huddleston, Elva Davis, Blount Trevathan, Daltie Cleveland, Mayne Bennett, Margaret Allen, Mary Hughes Chambers, Elizabeth Butt, Agatha Gayle, Sarah Butt.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

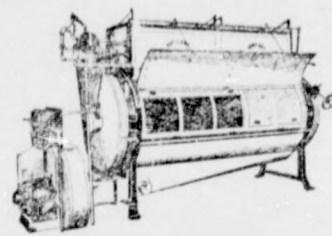

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

Chestnut Glade

Mr. Crit Matheny has something like rheumatism affecting his left arm and wrist.

Mrs. Schenk Halliday is visiting her parents, at Rector, Ark.

The meeting at Ruthville was well attended. Six preachers and quite a number of visitors were present.

Rev. West preached Friday evening. Saturday morning, Rev. Taylor, brother of the pastor of the church, and Rev. Roberts each preached, after dinner served on the ground.

Two more sermons were delivered, another Saturday evening and Sunday morning. Rev. Hooker delivered an address at eleven. The good ladies of the community again served dinner. Owing to the threatening weather, the sermon for the afternoon was called off. Among the visitors were Revs. Taylor, West, Roberts and Hooker. Mr. and Mrs. Eular Rawles of Dresden, Mr. and Mrs. Cunningham, Mr. and Mrs. Charlie Ross, Mr. and Mrs. Clifford Thompson, of Martin vicinity.

Decoration day was observed at Mt. Moriah, Sunday. Many came with flowers for the graves of their dead. An impromptu program was arranged.

Mr. Tom Lamb assisted with the music. Rev. Letie Clement gave a talk, which was followed by Mr. Orr, who made a plea for the support and upkeep of the cemetery.

Children's service at Mt. Moriah Sunday morning, June 13.

Child welfare day is meeting with quite an enthusiastic reception by the mothers of the community and I predict a large attendance.

The literary society was re-organized Friday evening. Officers elected were Prof. Barrax, secretary; Mrs. Barrax, Atty. General Guy Finch; Critic, Orton Oliver. Program committee, Wane Lamb, Orton Oliver and Ruby Taylor.

The subject for debate, "Resolved that money has greater influence over man than woman." Affirmative, Vasco Simp-

son, Leon Nix; Negative, Orton Oliver, Clay McConnell.

Readings, and music by orchestra will also be features of the evening. We invite you to come out to this meeting, Saturday evening, June 12 and help make it a success.

Don't forget, the P. T. A. meeting Saturday evening, June 5.

Prof. Barrax is spending this week in Nashville in conference with the educators of the state and we expect him to have a great message for us. So let us be there to receive it.

Mrs. Barrax is spending the week with her parents at Fruitland, Tenn.

The school board wishes to announce that there will be a community fair at Chestnut Glade next fall. So if you have some farm or garden product which is unusually nice, prepare it carefully and save for this event, which we hope to make one of the most interesting of the year's work.

Tomatoes are progressing nicely. Some report them as large as a dollar with the second crop starting.

Mr. and Mrs. Charley Finch's baby, Ernest, died Wednesday of last week and was laid to rest beside his twin brother at Rock Spring, Thursday. The services were conducted by Rev. Cooley of Cayce. Lowe and Stubblefield were the undertakers. We sincerely sympathize with all the bereaved and can only say, be ready when the summons comes for you and you will again see little Ernest more lovely than when you held him in your arms. "The Lord gave and the Lord hath taken away. Blessed be the name of the Lord."

Mr. and Mrs. Yancy Millner went to see her daughter, Mrs. Lon Brown, last Friday. Mr. Bryant Williams had a horse to die last week.

Mr. Wade Gwyn's house burned last Wednesday night. He was not at home and if the neighbors had not seen the blaze and got there as quickly as they did, his wife and children would have burned with

the house, as they were asleep, and did not wake till waked by them.

The storm Sunday was pretty bad, as it raised a flood and hailed quite a bit and Punched creek was higher than I ever saw it.

Robert Gilliam spent Sunday with Mozelle Brown.

Mr. Paul Williams and family and Mrs. Sally Williams and son, Fletcher, left here Sunday to visit relatives in St. Louis for a few days.

Herschel Brown is home from St. Louis for a visit with his parents, Mr. and Mrs. David Brown.

Mrs. Lee Seat, while getting out of Mr. Miller's car at her home, fell and was hurt about the hips. Drs. Gourley and Whitehead of Fulton attended her together with Dr. Henry. They couldn't decide whether it was a fracture or a bad sprain.

Letcher Watkins went to Paducah Monday to be at the rural letter carriers' meeting there.

Mrs. Torney has gone to Dr. and Mrs. Ross' to be present at the wedding of her niece, Miss Artie B. Ross which occurred June 2.

HIGHWAY WAS SLICK SUNDAY, AFTER RAIN

A trip over the new highway from Fulton to Hickman shortly after Sunday's rain will undoubtedly make a convert of anyone to the idea of the necessity of a concrete surface. The way in which an auto skidded and performed other unusual stunts on the slippery surface left by the rain is enough to make one wish for almost any other kind of service.

Another glaring lack is signboards telling where roads leading off the highway will take one. In many instances the road so leading off, is not near any habitation, and a stranger is in doubt which direction to take.

For instance, where the road branches to Enon Church, there should be some sort of marker to direct the traveller who is not acquainted with the route.

Then there are innumerable other roads leading off from the highway that have no marker of any sort to indicate where they go, and the loss of time and annoyance in finding some one who can give the inquirer directions, takes all the pleasure out of the trip.

There are likely to be many tourists passing through Fulton this summer and it would seem to be a good idea for the Rotary, Lions or the Chamber of Commerce to take up the matter of getting markers put up so that the travelling public can see at a glance where the road leads, and thus make the way easier for the traveller to reach his destination.

AN ARTIST AT SHOEMAKING

A. J. Wright, the well known shoe rebuilder, 318 Walnut street, called us in to look at a pair of shoes he had just finished Tuesday and we were surprised to learn that he had actually cut the leather and made the finished product in his own shop. They were of the latest model and had all the characteristics of the highest grade shoes, complete with rubber heels.

Mr. Wright is a first class shoe maker, having been in the business for more than fifteen years, and at his present location on Walnut street for some time. He makes a specialty of shoe repairing, but can make shoes to order that fit like the "paper on the wall."

Church News.

The opening of a mission of the church at Clinton, Ky., last Sunday was attended by a representative congregation, despite the fact that memorial services were being held at Bardwell and Moscow. Dr. Boyd went to Clinton by train, returning by auto. Mr. and Mrs. W. J. Coulter, Mrs. Boyd, Clara Elizabeth and Mr. H. S. Stansbury motored over in the Coulter car, but owing to the heavy rains, the roads were so bad they did not reach there in time for the services. The return trip was made in good time, the roads having dried out so as to make riding enjoyable.

Dr. Boyd has secured a grant of prayer books from the National Council of the Church, and will supply Trinity and associated missions with these prayer books, which are very much needed.

Mrs. John Miles has returned from a several weeks' visit out of town, and was in charge of her class at school, Sunday.

Mrs. Don Taylor was ill Sunday and not able to attend the Church school. Mrs. Stansbury taught her class.

Mrs. J. J. Shepherd, accompanied by her daughter, Mrs. Bessie Shepherd Clifton, and Mr. Clifford, returned to Fulton last week. Mrs. Shepherd has been visiting her daughter in Louisville for the past few months.

Dr. Boyd received word last week that he had been made a member of the National Pological Society of Washington, D. C.

Repairs to the roof of the porch and study of Trinity will be begun soon, under the supervision of the committee approved by the Bishop when here last. The committee is composed of Dr. Boyd, chairman, Robert Hubbard and H. S. Stansbury.

Regular services will be held at Clinton each second Sunday in the month, at 3:30 p. m. Services will be held in the public library building, and it is hoped that as many as possible of the Fulton people will attend these services.

Dr. Boyd put in a rather strenuous day last Sunday, holding three regular services beside the Church school.

Music Class Recital.

One of the prettiest and most entertaining recitals of the season was that of the music pupils of Miss Ivora L. Cantrell given Tuesday evening at the South Fulton High School. The stage was tastefully decorated with lilies, sweet peas and ferns, and by eight o'clock the auditorium was practically filled, and each number as rendered by the pupils was most thoroughly appreciated as was evidenced by the repeated applause.

The graceful touch and expression with which the pupils gave their respective numbers showed the splendid training and instruction in the art which had been given them by their instructor. The numerous compliments and favorable comment which was expressed by those who attended was well merited by the instructor and her large class of pupils, and the splendid progress of the pupils in the art thus far should be an incentive to strive to attain greater accomplishments.

Do Better Work With Less Effort

Many thousands of farmers know of the good work, easy handling and simple adjustment of the John Deere DG Cultivator. So easy to operate that your boy will do mighty good work with it.

You can cultivate all row crops with the DG, for the simply-adjusted arch permits a variation of 16 inches in the wheel tread.

The hugging device aids in holding the rigs to the row when hilling or "laying by" the crop, counteracting the tendency to drift either to or from the row. This does away with the hardest work of cultivating.

Simple depth control insures even cultivation—just a turn of the tail bolt does it.

Your DG is ready at our store. Come in and see it.

Improved cone coupling—no adjustment required except to take up wear.
Wheels have oil-tight, dust-proof bearings.
Folds does not extend behind axle—plenty of room for adjusting arch, rigs or shovels; provides good view of work.
Hang-up hooks attached to arch and are adjustable, up or down, in or out.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

Senour's FLOOR PAINT

"It Penetrates"

IN the word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel. Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will withstand repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

Kentucky Utility Company Honored

First honorable mention among all electric light and power companies of the United States competing for the Charles A. Coffin prize annually awarded "for the most distinguished contribution to the development of the industry during the previous year," was given to the Kentucky Utilities Company, according to a notification received today by E. C. Hardesty, local manager.

Announcement of the award came from J. E. Davidson, president of the National Electric Light Association, New York, under whose auspices the competition is held. The gold medal and \$5,000 purse for the employees' fund went to the Commonwealth Edison Co., of Chicago. Practically all the important electric utility companies in the country competed for the prize.

Completion of the 30,000 horsepower Dix Dam hydro-electric plant and a 40,000 horse power steam-electric plant at Pineville, purchase of 3,000 horsepower modern steam-electric plants in western Kentucky and construction of more than 100 miles of high power transmission line in 1925 contributed heavily to the points scored.

The company's standing was further strengthened by a considerable replacement of obsolete equipment, by elimination of waste and by higher efficiency in the use of fuel, which materially reduced the cost of producing electricity. The number of customer owners of preferred stock increased 124 per cent during 1925. The number of large industrial customers increased 50 per cent. The number of communities served increased from 101 to 124.

Conditions governing the award were: (1) The particular initiative, skill and enterprise, which has been manifested in popularizing the general use of electrical energy. (2) Accomplishment in the development of efficiency in organization. (3) Improvements in construction work which have resulted in greater reliability of service. (4) Marked increases in efficiency of generation and distribution. (5) Methods adopted to interest customers in stock ownership. (6) Methods and practices used to create better public relations.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 25c. Sold by

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the trader.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

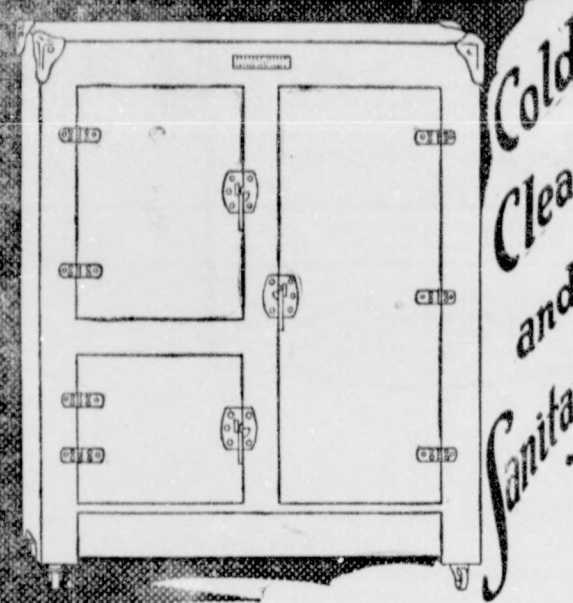

It is a composite picture of a city as its citizenship would have it.

Mrs. W. Freeland Kendrick, wife of the Mayor of Philadelphia, who also is president of the Sesqui-Centennial International Exposition Association, organized to stage a great celebration to commemorate the 150th anniversary of the signing of the Declaration of Independence. Mrs. Kendrick is shown beside the historic Liberty Bell, which she tapped at a recent broadcasting event when the world was told of completion of plans for the big exposition.

FROM PALETTE TO MORTAR BOARD

Young women artists turn from their jars of color and paint brushes to assist plasterers in setting ornaments in place atop huge pylons which adorn the main entrance to the Palace of Agriculture and Food Products, of the vast exhibition buildings which form a part of the great Sesqui-Centennial International Exposition being staged in Philadelphia from June 1 to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence. Climbing ladders and walking along rickety scaffolds is nothing new to these young ladies, but each time they do it they get a thrill.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of betterment by doing all your trading at home. It will be profitable to you as well as to the entire community.

The Best Buying Policy

At a recent meeting of directors of the Farmers Exchange Bank at Union City, Chas. W. Miles, Jr., was elected president of that bank to succeed the late Harris Parks. Edward Parks was elected cashier, succeeding Mr. Miles.

Fire at Clinton last week destroyed the big warehouse of the Star Milling Co. Manager W. M. Ringo estimated the company's loss at \$8,500.

At a preliminary hearing of Roy Conn, Roy McConnell, white, and Alec Johnson, Negro, held before Squire T. A. Lewis, at Dresden, Tenn., for the murder of Amos Price, near Palmersville, May 18, the defendants were held without bail to await the action of the grand jury which convenes in August. It is alleged that the trio bought a quantity of liquor from Price and when he demanded pay for same, was shot to death.

The Obion County Fair Association, a new organization at Union City, will hold their first fair on Thursday and Friday, September 23 and 24, 1926. It will be conducted more on the order of a community fair. Prizes will be given for the best community displays, but there will be no entry fees or admission charge. It is purely a cooperative effort of the citizens.

Last Friday night when returning home from Tiptonville, Tenn., a car filled with prominent Hickman people narrowly escaped when their car was sideswiped by another car which rushed by them, turning their car over three times and slightly injuring all members of the party. Miss Ruth Walker, who was driving the overturned car, sustained a bruised shoulder, arm and back. Others in the car with Miss Walker were Mr. and Mrs. Jack Perry, Misses Olivia Bausche, Lynn Jonagin and Jack Buck. Those in the car causing the wreck, escaped.

The Redpath Chautauque will open their 7-day engagement at Union City, Monday, June 21.

Reports from Greenfield, Tenn., say that around \$50,000 worth of strawberries have been shipped from that little town during the season.

Work on the new N. C. & St. L. passenger depot at Murray is progressing nicely. The new building will be of brick and stucco, and about 26x100 feet.

A fire which destroyed the two-story dwelling and a barn on the farm of F. C. Chambers, near Lynnville, in Graves county, did damage of approximately \$6,000.

Twenty carloads of strawberries valued at \$47,000 were shipped out of McCracken county last Friday. Another shipment was made of 22 cars valued at \$35,000, Saturday night. Twelve or fifteen thousand pickers are employed gathering the crop. It is estimated that McCracken will ship out 200 cars this season.

Reynolds Theater, at Union City, suffered a fire loss recently, of \$10,000 to \$12,000, partially covered by insurance.

From all over the country, Gov. Fields is being showered with messages of commendation on his promptness in ordering the release of Miss Martha Bates from the Letcher county jail. Miss Bates, 20-year-old, bobbed-hair girl, was placed in jail for slapping the Rev. Arlie Brown because he said that all women who wear bobbed hair are lewd. The slapping almost caused a general fight in the church by friends of the girl and minister. "We are proud that Governor Fields interceded to save the state from the stigma of punishing so brave an apostle of woman's rights," says the News-Democrat.

Miss Bates is also being showered with messages of commendation for her timely act.

A WORD TO HOUSEWIVES.

With the call of Spring in the air, it reminds one of the many outdoor activities in which the home should partake and enjoy. Surely the Housewife should be allowed this pleasure as well as other members of the family.

You have at your command an institution which, with its modern equipment, makes it possible to give you an extra holiday in each week of the year. "The Home of Cleanliness" cares for your family wash in a clean, modern, sanitary way—no hanging of the clothes outdoors to catch germs circulating in the air, or in rooms where sleeping and eating are done, but clean tables and assorting bins care for your clothes until they reach you spic and span.

This extra precaution and insurance toward cleanliness costs no more. Why not take advantage of this extra day each week by sending the family wash to "The Home of Cleanliness?"

Choose one of our family wash services and make a holiday out of the wash day, with a guarantee for every precaution in safeguarding your clothes.

DRY WASH SERVICE

For those who prefer to do their own ironing at home we now take the family washing and return it home clean and dry (not ironed) for 6 cents a pound. You will find many of the pieces so perfectly washed and dried that ironing will be unnecessary.

The Vorelone Tumbler used in the O. K. Laundry is the only drying tumbler that does not depend solely on heat to dry clothes, it is the missing link in an otherwise perfect laundrying process. Be sure to see this wonder machine at the O. K. Laundry any time, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

ROUGH DRY SERVICE

Clothes washed, flat pieces, such as table cloths, sheets, towels, pillow cases, napkins, bedspreads, ironed and ready for use. Starch pieces starched and dried ready for ironing. This service for 10c per pound; 50c minimum package.

FINISHED FAMILY SERVICE

Clothes washed, all pieces ironed and pressed ready for use. This service 10c per pound, with an additional cost of 10c per pound for the ironing of the starched pieces.

Choose the service best suited for your need and let us prove the economical way of answering your wash day problems. Don't be burdened with that worry.

Sunday School Lesson

(By REV. F. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(C. 1928, Western Newspaper Union.)

Lesson for June 6

JACOB AND ESAU

LESSON TEXT—Genesis 31:1-11.
GOLDEN TEXT—He is kind one to another, tender hearted, forgiving one another, even as God for Christ's sake hath forgiven you.—Ephesians 4:32.

PRIMARY TOPIC—Two Brothers Make Up a Quarrel.
JUNIOR TOPIC—Esau Forgives Jacob.

INTERMEDIATE AND SENIOR TOPIC—Brotherly Love and Forgiveness.
YOUNG PEOPLE'S TOPIC—A Lesson in Reconciliation.

I. Their Birth (25:21-26).
In answer to Isaac's prayer, seed was given unto him. Before the children were born God revealed unto Rebekah the fact that the elder should serve the younger. God reversed the ordinary law concerning the position of the elder son.

II. Esau Sells His Birthright (25:27-34).

1. It was right that Jacob should have the birthright and the blessing, for it was according to God's plan which had been preannounced, but his scheme to get them is to be condemned. He took advantage of a brother's weakness to drive a sharp bargain.

2. Esau the profane (Heb. 12:16, 17).

Many think that profanity is only swearing, but swearing is not the most common profanity. To be under the sway of appetite is to be a profane person. Esau was a supreme example. He sold his birthright for a bowl of pottage. This birthright was the right of being at the head of the patriarchal family, a position of honor and influence, as well as being the inheritor of a double portion of the father's estate. This being a gift of God, it should not be despised. In the moment of his distress he thought only of that which would bring him some carnal satisfaction. He was willing to relinquish all claims on the future if only his present desire could be gratified. A profane person, therefore, is one who for the enjoyment of the present will forfeit all claims upon the future.

III. Jacob Secures the Blessing (Gen. 27).

1. Esau requested to get venison for his father (vv. 1-4).

Isaac loved Esau because of his venison (Gen. 25:28). He ought to have loved him because he was his son. It is a sad commentary upon a father that his love for his son had such a sordid basis as that of his stomach.

2. Rebekah's scheme (vv. 5-33).

God had said to her that the elder should serve the younger. It was His plan that Jacob should be at the head, but God was able to bring His own plans to pass.

3. Esau's remorseful cry (vv. 34-35). When he came to realize that he had not only lost his birthright but the blessing, his conscience smote him and he earnestly begged for a blessing, even seeking it with bitter tears.

IV. Jacob Meets Esau (Gen. 33:1-11).

1. As a result of Jacob's cunning and deceit he was obliged to flee from home to save his life. In spite of his selfishness and sin God appeared to him at Bethel.

2. Prayer for deliverance from Esau's wrath (32:9-12).

He was about to meet his brother, whom he had wronged some twenty years before.

(1) He made his plea on the basis of God's covenant. Jacob came in line with the Abrahamic covenant, so he had a right to plead that relationship.

(2) He pleaded that he was in God's way. We should assure ourselves that we are going according to God's will, then make our pleas before Him on that ground.

(3) He made a definite plea. He told God plainly of his danger. He said, "Deliver me from the hand of my brother."

3. The angel wrestles with Jacob (32:22-30).

Observe that it was not Jacob wrestling with the angel, but the angel wrestling with Jacob. Jacob did not get the blessing because he wrestled, but he was not blessed until he had been crippled and in his helplessness clung to God.

4. Jacob gets a new name (32:27-30).

This experience at the ford of Jabbok wrought a mighty change in Jacob. "Jacob" with his cunning and deceit was left behind and "Israel," "a prince with God," entered the land.

V. Esau and Jacob Reconciled (33:1-11).

At Jabbok Jacob got right with God, so now he easily got right with Esau. It is easy to get right with our brother after getting right with God.

In a Trackless Wilderness

He who sees no star can never be stable. He wanders vainly in a trackless wilderness.—G. H. Morrison.

Ill Thoughts Leave a Trail
