Pewitts Receive Telegram

Mr. and Mrs. Harvey Pewitt, Rt. 1, received a telegram from the War Department stating that their son, S. Sgt. James H. Pewitt, had been wounded over Austria on February 21. The telegram arrived Wednesday, but they had already received word from Sgt. Pewitt about his having been wounded. Yesterday they received a card from the hospital, stating that he is showing normal improvement.

Jack Walters Here

Jack B. Walters S-1 class arrived yesterday from Long Beach, Cal., to spend a 16-day leave with his mother, Mrs. M. E. Schmidt, on Bates street. Seaman Walters has spent the past six months in Australia and India.

JAP FORCES ON LUZON SPLIT INTO EIGHT SEGMENTS

Manila.—The critical and seemingly hopeless position of the Japanese on Luzon, main island of the Philippines and hub of Nippon's crumbling greater east Asia co-prosperity sphere, was heavily emphasized by Gen. Douglas MacArthur in his Tuesday communique.

What remains of the formidable army Japan had on the island when American forces hit it through Lingayen Gulf last Jan. 9, has been split into eight different segments. These are being forced into ever narrowing sectors by persistent Yank doughboys.

MacArthur's disclosure that six divisions of Japanese—probably between 90,000 and 100,000 men—have been destroyed together with their supporting elements and main supply depots, heavily underscores the great disaster the rising sun army has suffered on Luzon. Originally the invaders were estimated to have had 10 divisions on the island.

The Japanese who survived the dashing surge of Americans down the central Luzon plains to Manila and the great guerrilla victory in Ilocos Norte province on the northwest tip of the island, are being hammered from the air. Their only possible avenues of escape by sea to Formosa or China are under the watchful eyes of powerful American naval units and fliers.

ARMY DOESN'T WANT FRANKIE; RATED 2 A-F

Jersey City, N. J.—Frank Sinatra has been disqualified for military service, his local draft board said today.

Ira W. Caldwell, chairman of local Board 19, said he had received a letter from Washington this morning advising him that the crooner was classified 2A-F until September. The classification was described as an occupational deferment for a man not physically qualified for military service.

Yanks Across Rhine River In Force; Surprise Move Sends U. S. 1st Army Troops Across

German Resistance Light; Final Great Battles Of War At Hand

With The U. S. First Army Across The Rhine.—By capitalizing on one of the greatest battlefield breaks in history, American troops are across the Rhine today in a power dash, confident that the final great battles of World War II are at hand.

They think their audacious gamble—details of which cannot yet be told because of security reasons—has shortened the war by weeks and perhaps months.

"We will beat those Russians into Berlin yet," shouted one grinning doughboy as he planted his foot on the eastern banks of the river which military men have regarded as the greatest remaining barrier to Allied victory.

After 24 hours—the first soldier crossed at 3:30 p. m. yesterday in broad daylight—Lt. Gen. Courtney H. Hodges' bridgehead has been established firmly.

With The First Army On The Rhine.—Veteran doughboys of Lt. Gen. Courtney H. Hodges' First U. S. Army poured across the Rhine south of Cologne today and deepened their one-day-old bridgehead, established with dramatic speed and extremely light casualties after the fall of Cologne.

The first infantryman across reached the eastern shore at 4:30 p. m. yesterday—a pathfinder for others who have raced across since and seized a good field for the assault.

This sudden crossing of the most formidable natural barrier on the western front gave the First Army a firm toehold on enemy territory which most military experts did not think could be reached for days.

J. R. Milner Dies In Glendale

Former Fulton Resident Succumbs After Brief Illness

J. R. Milner, former Fulton resident, died Wednesday night in a Glendale, Calif., hospital following a brief illness, according to word received here last night.

Mr. Milner suffered a stroke about a week ago. He is survived by a son, James Milner of Chesapeake, Ohio, and two sisters, Mrs. Allie Roper and Miss Pearl Milner.

Marines Drive Two Salients Into Jap Lines On Iwo Jima

U. S. Pacific Fleet Headquarters, Guam.—In hand to hand combat, United States Marines drove two 500-yard salients Wednesday into the rocky, intricately fortified north end of Iwo but the Japanese still showed no signs of cracking on the 17th day of the invasion.

All three Marine divisions on the second day of a renewed offensive to end the bloody operations, registered gains but they were spotty and officers were not inclined to regard them as significant.

Enemy resistance continued heavy.

Adm. Chester W. Nimitz announced the progress in a communique today.

The Nipponese resistance was with "small and machine gun fire." There was no reference to mortar and artillery opposition.

The big gain Wednesday was registered on the west side by Maj. Gen. Keller E. Rockey's Fifth Marine Division.

Maj. Gen. Graves B. Erskine's Third Marine Division also punched ahead in the center where the Leathernecks are getting into position to cut the Nipponese in two.

DIVORCE SUIT FILED BY 13-YEAR-OLD WIFE

Tazewell, Tennessee.—Thirteen-year-old Mrs. Wilma Jean Buchanan has filed suit for divorce.

She charged her 55 year-old husband with beating and abusing her. She asks that her marriage annulled or else that she be given a divorce.

The child bride was eleven when she married Walter Buchanan in 1942.

Joe Hall Re-Elected Head Of Fulton Country Club

Plans For 1945 Made At Business Meeting Last Night

Joe Hall was reelected president of the Fulton Country Club for 1945 at a meeting of the members held at the Fall and Fall Insurance Office, last night. Other officers elected were: Rube McKnight, vice president and Ward McClellan, secretary-treasurer.

Plans for the coming golfing season were formulated, and a drive will be held to get the club ready for the operation of the club.

STRING QUARTET TO BE PRESENTED AT BANQUET

A string quartet, under the direction of Prof. Kesler, of Murray State College will be on the features of the program at the annual Rotary Ann Night, Tuesday, March 13, at the school cafeteria. A most interesting program has been planned for the occasion.

ROOSEVELT SPENDS 4 DAYS AT HYDE PARK

Washington.—President Roosevelt returned today from a four-day visit to his home in Hyde Park, N. Y., and almost immediately went into conference with Democratic Congressional leaders.

Those calling at the White House were Vice President Truman, Speaker Rayburn, Senate Leader Barkley and House Leader McCormack.

Marines Drive Two Salients Into Jap Lines On Iwo Jima

Mr. J. Gen. Clifton B. Cates' Fourth Marine Division scored gains up to 200 yards.

Reports received at headquarters were vague as to the specific locations of the new gains.

The progress was stepped up over that of Tuesday when the all-out offensive to crush the last Japanese organized resistance was opened. Tuesday's gains were measured in meager yards.

Carrier planes continued to neutralize Japanese bases in the Bonin north of Iwo, hitting Shichi and Haha with rockets and bombs.

The rugged terrain and a slice of the northeast shoreline still held by the enemy prevented general use of American tanks.

Employing flame throwers to clear out the Nipponese from their pillboxes, the Devil Dogs pushed forward slowly against enemy fire that sometimes came from several directions with pre-registered aim.

Although out-numbered, the enemy remnants fought back bitterly from behind every crag, from thick-walled pillboxes and in gullies and ravines.

Cub Scouts Busy Making Preparations For Carnival

About the busiest place in Fulton last night was Science Hall, where Nelson Tripp and his Cub Scouts, along with the Den Mothers and Dads, were getting ready for Fulton's first Cub Carnival. The Carnival will begin tonight at 7 p. m. and the public is invited.

The cubs and their helpers were busy last night building booths for the fish pond, ring the duck, cock-a-roach-a-pace, shooting gallery, fortune telling, Tripp Around the World, etc.

This afternoon each den will set up its den booth and have a display of its handiwork.

Everyone is invited to come and enjoy an evening with the cubs and to vote for his favorite den. At the close of the program the Den received the highest number of votes will be awarded a prize.

Ohio Crest Of 50.5 Feet Expected Wed.

Paducah Outlook Brighter As Pumps Empty Storm Sewers

The Ohio river flood picture brightened Thursday, with a forecast that no rains in sight coupled with a prediction by the U. S. Weather Bureau that the Ohio will crest at Paducah early next Wednesday, March 14 at 50.5 feet.

At 10 p. m. the river had reached a stage of 49.2 feet, a rise of 1.1 in 24 hours. This was exactly the rate of rise during the previous 24-hour period. From 3 p. m. to 10 p. m. the increase was only .23 of a foot.

J. F. McGrider, Weather Bureau meteorologist at Cairo, Ill., told The Sun-Democrat Thursday that the river will continue to rise slowly until it reaches a crest next Wednesday. He forecast a stage of 50.5 feet here for Monday, March 12.

Encouraging news also came to Paducahans from the floodwall front, where operation of pumps at a pumping station at Second and Clark streets quickly demonstrated their ability to pull backwater from storm sewers from Paducah and throw it over the wall.

Other pumping stations are being connected with sewers and are expected to be in operation today.

Sandbagging of openings in the floodwall continued at a rapid rate. The work was facilitated by trucking of sand to the openings by city and state highway department trucks, where it is being shoveled into bags by German prisoners of war from Camp Breckinridge.

"F" CLUB TO INITIATE NEW MEMBERS MONDAY

Eleven Boys To Be Initiated In Athletic Organization

The "F" Club, athletic organization at Fulton High School, made up of the freshmen of the school, will hold initiation for eleven boys Monday morning. New members include: Football—Billy Gordon, Edward Crutchfield, Jerre Lowe, W. O. Jones, Billy Mac Bone, Johnny Campbell, L. C. Bone; Basketball—Eugene Pique, Jimmy Green and Cecil Burnett.

A meeting will be held this afternoon at the Shop to discuss plans for the coming year. After initiation Monday, officers will be elected and plans for a party for the new members made.

PLANES DROP BOMBS ON TWO SWISS CITIES

Bern.—Foreign planes bombed the suburbs of Zurich, Switzerland's biggest city, and Basel at the frontier today. American bombers attacked in near-by southwest Germany today.

Twenty-five bomb craters were counted in the Basel freight yards. Warehouses were wrecked, and a crashing bomber started numerous fires.

Several persons were injured in Basel and in Zurich, where the suburban Agricultural School was wrecked.

WILLIAM H. DAVIS TO SUCCEED VINSON

Washington.—The White House announced today that President Roosevelt is appointing William H. Davis, chairman of the War Labor Board to succeed Fred M. Vinson as economic stabilization director.

Vinson has been named federal loan administrator, taking the position formerly held by Jesse Jones before President Roosevelt ousted Jones to make way for Henry Wallace as secretary of commerce.

The White House also announced selection of George W. Taylor, vice-chairman of the War Labor Board to succeed Davis.

As economic stabilization director, Davis will be responsible in a sense for some of the same sort of problems with which he has dealt exclusively as War Labor Board chairman—problems of trying to keep a balanced relationship between wages and prices.

ISLAND BRIDGES ARE A FURNITURE MAKER'S DREAM

Marine Base in The South Pacific.—Although luxuries on Pacific islands are almost nonexistent, the furniture makers of Grand Rapids would go into ecstasy over one convenience—the bridges—on this one. They're made from thick, heavy mahogany, and would be valued at anywhere from \$15,000 to \$20,000 in the States.

Mrs. Ella Guyn Dies Thursday After Long Illness

Funeral Services To Be Held At Rock Springs Saturday

Mrs. Ella Nora Guyn, 66, died yesterday at 4 o'clock at her home on Highway 51, after a long illness. Funeral services will be held at 11 o'clock Saturday morning conducted by Rev. Ed Hall at the Rock Springs Church, with interment by Hornbush Funeral Home in the church cemetery.

Mrs. Guyn leaves two sons, Ed Ray Guyn and Mitchell Guyn and one brother Henry Leip of St. Louis. Her husband preceded her in death in 1916.

SABU AWARDED DFC FOR AIR COMBAT DUTY

U. S. Thirteenth Air Force Headquarters, Somewhere in Pacific.—Sabu, the former elephant boy of the movies, was awarded the Distinguished Flying Cross today.

His award was for taking part as the tail gunner in an attack by a Single Liberator on a Japanese convoy off Borneo. The bomber flew through heavy antiaircraft fire. It sank a freighter-transport and a freighter, damaged two cargo ships, and scored a near miss on a fifth ship.

Other crew men also awarded the D. F. C. included 2nd Lt. Richard A. Paul, 1817 Locust St. Quincy, Ill.

Few Japs Leaving Relocation Centers Going Back To Coast

Denver.—Few of the Japanese leaving war relocation centers are returning to the Pacific coast, H. Rex Lee, chief of the WRA relocation division in Washington, disclosed today after a nationwide survey.

Of the 28,541 Japanese who had reported their resettlement, only 1,495 were in California, Oregon and Washington on Feb. 1, the survey showed. Only 1,938 of the 60,397 Japanese remaining in the eight centers had definite plans to return to the Pacific slope.

If the trend continues, WRA officials said, the west coast will have a postwar Japanese population numbered in the low thousands, compared with the 110,000 living there Dec. 7, 1941.

Illinois has attracted 7,900 of the resettlers, more than twice as many as any other state. South Carolina is the only state in which there have been no resettlements.

Most of the Japanese are establishing homes in the vicinity of large cities, with Chicago, Cleveland and Cincinnati especially favored. Rural families, particularly those which own land, constitute the bulk of those planning to renew coast residence. Few city families have shown interest in returning there.

Not all Japanese, the WRA says, are eligible to return to the Pacific states. The Army has barred on

London.—Russian troops fought their way within 25 miles of greater Berlin today in an all-out frontal assault which the Germans said had reached the junction town of Seelow in a 16-mile advance in two days west of the broken Oder river defense line.

The Soviet high command communique again ignored the vital sector but announced that other Soviet forces had rolled within seven miles of the Pomeranian capital of Stettin, main port for Berlin, and within 12 miles of the former Free City of Danzig far to the northeast.

Berlin announced that Russian troops in a new offensive also had crossed the Nogat river boundary from East Prussia, reaching Neuteltch, 19 miles southeast of Danzig, in a seven-mile advance inside Danzig territory north of fallen Marienburg.

The First and Second White Russian Armies together captured 360 towns and villages during the day, including the Pomeranian stronghold of Butow, and the "Polish corridor" bastions of Kosciernya and Skarszewy to the east the Soviet communique said. Berlin said the Pomeranian junction town of Schlawe also had fallen.

Marshal K. K. Rowssovsky's Second Army captured 2,000 of the 5,000 German prisoners taken during the day and overran 300 localities on a 100-mile front between Schlawe in the west and the Vistula river in the east. A total of perhaps 200,000 Germans were caught in the trap around Danzig, original estimates said.

Enemy broadcasts told of "terrific fighting in the field of Berlin" as Marshal Gregory K. Zhukov's tank-led First White Russian Army infantry surged forward in an all-out assault covered by broadside from massed Red army artillery.

LEAVE FOR KANSAS

Mrs. James E. Koon left this morning by way of Kansas City, for the Naval Base in Hutchinson, Kan., to spend two weeks with her husband, James Edward Koon, who is with the Naval Transportation Department.

undisclosed number from coastal areas, and others are not free to leave WRA supervision. The relocation centers will be closed this year, and those who are not permitted to resettle probably will be transferred to the segregation camp at Tule Lake, Calif.

The WRA census showed the present Japanese population of the United States, including those in the armed forces, approximately 133,000. The eight relocation centers and the Tule Lake camp have about 79,000 inhabitants, and almost 57,000 have left the centers. The results of the census showed that 17,000 are Japanese who were living outside the Pacific coast military zone on Pearl Harbor day and who were not affected by the WRA program.

Whereabouts of approximately 4,500 of the Japanese who have left the centers are not definitely known. Of the 33,000 who have resettled, 28,541 reported voluntarily. The Army has more than 2,000 others, and another 2,900 are on indefinite leave from centers.

Births at the eight centers, at Tule Lake and at the Jerome, Ark. center, which has been closed, totaled 4,837 through January; there were 1,375 deaths.

State-by-state resettlement figures for the 28,541 Japanese reporting through Feb. 1 include Kan-

PROPHETIC WORDS

More than ten years ago Gustav
Cassel, of Sweden, one of the world's
most distinguished economists, wrote:

"The leadership of the State in
economic affairs which advocates
of planned economy want to es-
tablish is, as we have seen, neces-
sarily connected with a bewildering
mass of governmental interferences
of a steadily cumulative na-
ture. The arbitrariness, the mis-
takes and the inevitable contradic-
tions of such policy, will, as daily
experience shows, only strengthen
the demand for a more rational
coordination of the different mea-
sures and, therefore, for unified
leadership. For this reason planned
economy will always tend to de-
velop into dictatorship."

"The existence of some sort of
parliament is no guarantee against
planned economy being developed
into dictatorship. For this reason
planned economy will always tend
to native bodies are unable to ful-
fill all the multitudinous functions
connected with economic leadership
without becoming more and more
involved in the struggle between
competing interests, with the con-
sequence of a moral decay ending
in party—if not individual—cor-
ruption. Examples of such a de-
grading development are indeed in
many countries accumulating at
such a speed as must fill every
honorable citizen with the gravest
apprehensions as to the future of
the representative system. But
apart from that, this system can-
not possibly be preserved, if parlia-
ments are constantly overworked by
having to consider an infinite mass
of the most intricate questions re-
lating to private economy. The
parliamentary system can be saved
only by wise and deliberate re-
striction of the functions of parlia-
ments."

"Economic dictatorship is much
more dangerous than people be-
lieve. Once authoritative control
has been established it will not al-
ways be possible to limit it to the
economic domain. If we allow eco-
nomic freedom and self-reliance to
be destroyed, the powers standing
for liberty will have lost so much
in strength that they will not be
able to offer any effective resis-
tance against a progressive ex-
tension of such destruction to con-
stitutional and public life generally.
And if this resistance is gradually
given up—perhaps without people
ever realizing what is actually go-
ing on—such fundamental values
as personal liberty, freedom of
thought and speech and independ-
ence of science are exposed to im-
minent danger. What stands to be
lost in nothing less than the whole
of that civilization that we have
inherited from generations which
once fought hard to lay its founda-
tions and even gave their life for
it. —Dyersburg Gazette."

3,300 POUNDS OF SHELLS PARACHUTED TO MARINES

7th A. F. base in the Marianas,
—Ten C-47 converted airliners
dropped 3,300 pounds of mortar
shells by parachute to Marines on
two Jima today in the largest de-
livery of that kind yet made by
troop carrier planes in the central
Pacific.

The Japanese attempted unavail-
ingly to interfere with the de-
livery by keeping the landing strip
under fire, said Lt. Peter Book,
