FULTON ADVERTISER

Vol. 2 No. 29

FULTON, KY., JUNE 11, 1926

R. S. Williams, Publisher

Signs of Prosperity Loom Up at This Industrial Plant.

ANOTHER INCREASE AT FULTON'S LARGEST FACTORY

270 Are Now Employed at the
American Cigar
Factory.

Few citizens of Fulton realize what a public benefactor the American Cigar Company's factory is to the town. Started in September, 1923, with only a fairly large number of operatives, the number has steadily grown until the weekly payroll has stood for the past year or so at about \$1,800 to \$2,000 with steady work for all employees.

This ever-growing payroll has been of inestimable benefit to the business men of Fulton, as well as to the farmers of the surrounding country, for the great majority of the women employees are daughters of farmers, and there is no way of calculating how much these daughters have assisted in helping their fathers in tiding over the hard pulls that are bound to come to them under the present, or rather, the past seasons of poor crops and low prices.

Last week Manager McGinnis installed 36 more machines and on Monday morning he increased his working force by fifty new girls, which brings the total of the employees up to 270. And while it is a fact that every one of them is a wage earner, with potentialities of rapidly increasing their earning capacity to the point where they will be of considerable benefit to the community individually as well as collectively.

One of the striking features of the personnel of the factory under the management of Mr. McGinnis, is the good feeling between the workers and himself, and the loyalty to the company and one another that is apparent at all times.

Much has already been written of the many sanitary and comfort installations of the factory, and it is only fair to state that these conveniences are thoroughly appreciated by the employees.

Mr. McGinnis treats his people as if they were all one large family, and the health and morals of this big family are constantly before his mind's eye, so that there is almost no chance for any undesirable character to enter the employ of the company, but if such should be inadvertently admitted, at the first sign of anything wrong, the matter is immediately investigated and proper steps taken to remedy the matter. Under these circumstances, there is no reason why the parents of girls wishing to obtain work at the factory should hesitate about the propriety of allowing their young people to do so.

Many of the employees are making fine salaries and the limit to the amount that may be earned by the operatives is very largely governed by the desire of each one to do so. Thirty or more dollars per week may be earned, although there are not many who attain that figure, but the work is there to be done and only the personal aptitude and desire need be considered.

The output of the Fulton factory is being constantly shipped to all parts of the United States and only recently a large order was received for the new "Panatela" shape to be shipped to Denver, San Francisco, Seattle and other west coast points. Large shipments have been made to Honolulu and other Pacific cities. The factory is always behind with orders and there is work for at least five hundred girls right here in Fulton, and Manager McGinnis

is constantly working to obtain more capable employees.

To the writer, this situation should appeal to the Woman's Club, departments which have charge of public matters, and to church organizations working for the betterment of young women and girls, as here is an all-year occupation, conducted under thoroughly sanitary and moral conditions, where a girl who is obliged to leave home for the purpose of earning her living, may earn good wages, and learn a trade that will be capable of securing employment in nearly any section of the country, should necessity compel them to leave Fulton.

CHAMBER OF COMMERCE MEETING

An all-year road from Fulton to Dukedom is now virtually assured as the Chamber of Commerce took steps last Tuesday to maintain the section from Boaz's Chapel east, that in past years has caused so much trouble to traffic.

Amos Colley was appointed a committee of one at the May meeting to get this section graded and dragged, and his report at the last meeting was such that the further improvement was decided upon and he was re-appointed, with P. T. Jones and Enoch Browder, as his associates to put the road in proper shape and keep it so, being empowered to contract for the dragging and upkeep of this section.

The report of Mr. Colley was discussed thoroughly, and every speaker was decided in his belief that the road was absolutely necessary for the entry of farmers of the eastern section of our territory to get into town, and the motion to do this work was seconded by several voices. Work will be started immediately in cleaning out the ditch and raising the grade so that an overflow will be impossible in the future.

The Harris Creek Committee made a report on the work already done on that stream and the further work that will be done in order to make the creek safe from any further floods. All willows and weeds have been removed for about a mile and a half below town, and the largest of the bad high spots in the bed have been dynamited, and the cleaning within the city limits is being done by the city and I. C. railway. Old piling will be removed and such spots as need it will be dynamited, so as to remove any obstructions to the flow.

Chairman McGinnis of the soliciting committee for the funds to be used for the work on Harris Fork reported a good response to the request for funds, and said that if the present rate was maintained, there would be sufficient to leave a balance after the present work was finished, with which to keep the creek clear for some time to come. A number of people who should, and undoubtedly will contribute, have not yet been seen, as the members of the committee are all men who have their own affairs to look after, and so, have not been able to make a thorough canvass as yet.

A resolution was passed, asking the Fiscal Court of Fulton county to take over the improvement and maintenance of that section of the Jefferson Davis Highway from the point where the new work joins State Line west of the overhead bridge, to the creek in Fulton. It was the sense of the members that this was a proper work for the county, as this section of the highway is not within the city limits, and therefore properly, the duty of the city.

A letter from Leslie Heine-

man of Clinton, asking about the committee from Fulton which will go to Frankfort to obtain a concrete surface for the Mississippi Valley Highway, and wishing to know if the Chamber of Commerce thought it advisable for a committee from Clinton to also go. Squire Hagler received the letter and on motion, he was instructed to request the Clinton people to send as large a delegation as possible. The exact date of the meeting of the highway commission will be given later.

The surfacing of the Fulton-Hickman highway from Cayce to Hickman will be let on June 28, and it is planned to have a delegation of Fulton men present to make every effort to have this concreted, instead of graveled, as now proposed by the commissioners.

A general discussion was had on the subject of financing the Chamber in an adequate manner, and many members voiced their opinion that the present mode of financing was neither modern nor efficient, and the auditing committee and finance committee were instructed to immediately hold a joint meeting and formulate plans for obtaining sufficient funds to meet the requirements of a modern chamber of commerce.

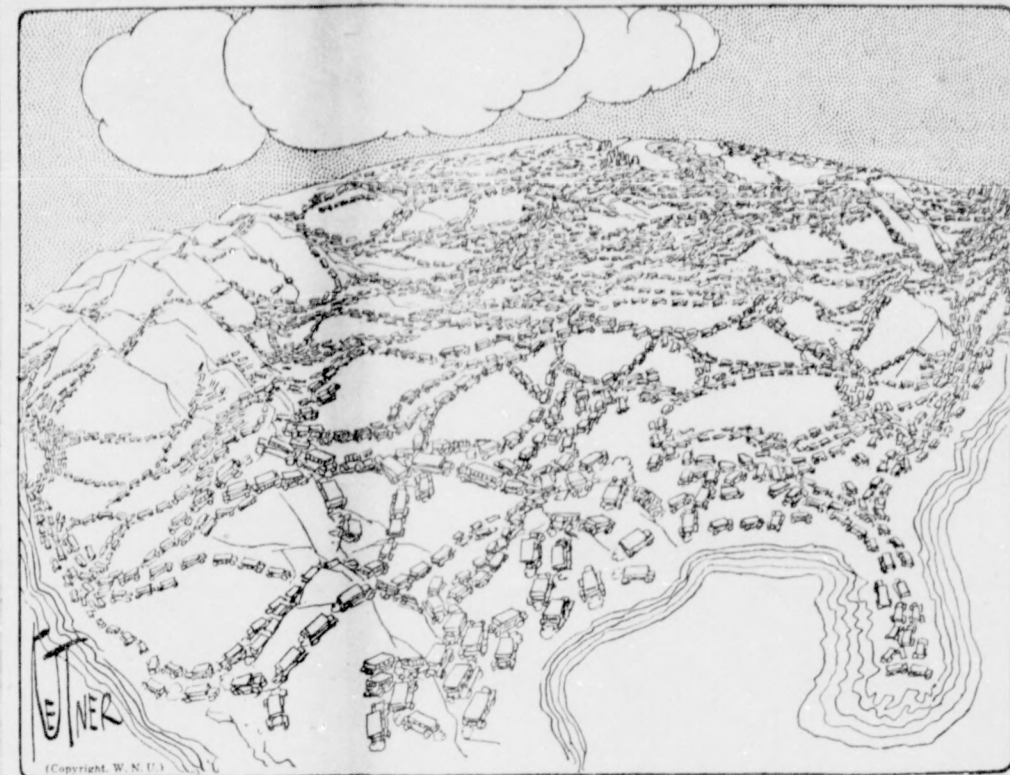

Mayor Shankle was present and stated that the plans and specifications for the sewer work were ready and that after the necessary 30 day advertising for bids, these would be opened and bids awarded, and that work would probably be started shortly thereafter. In his remarks he said he had visited some 43 towns in the past two or three weeks and that in every one, with one exception, the building of new houses was noticeable, and the single exception was soon to start a \$25,000 church. "Prosperity is all around us and we must get in the game if we wish to keep up with the procession."

A. W. McAllister, recently moved here from Milan, was present and told of his work in assisting in dynamiting the creek, and of the many things he saw in Fulton that make it a desirable place for a home. He also told of a number of ways in which it might be decidedly improved. His remarks were listened to with attention and applauded. The rules were suspended and he was elected and he was elected a full member, unanimously.

Owing to the hot weather of July and August, there will be no regular meetings of the Chamber during that time, but the president will call a special meeting should occasion arise making immediate action necessary.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

June Bugs

B. P. O. E. BANQUET

The Usona Hotel was the scene of a lovely banquet on Thursday evening, June 3, when Fulton Lodge No. 1142, B. P. O. E., entertained their members and invited guests. The beautiful dining room was elaborately decorated for the occasion with cut flowers and club colors of purple and white and never looked more gay than on this occasion.

Covers were laid for 125 and the splendid menu was faultlessly served and greatly enjoyed.

Hon. Heber Finch acted as toastmaster and by his side was seated that prince of good fellows, Exalted Ruler, Roy Pickering.

During the evening many brief talks were enjoyed, principally by Past Exalted Rulers Ed Hannephin, Carl Croft, Eugene DeMyer, Rupert Stillely, and Ed Paschall. Other short talks were made by Hoyt Moore, R. S. Williams, Hal Caldwell, Roy Pickering and Ed Wade.

The banquet was a fitting climax to the recent membership drive when fifty-six antlers were added, swelling the lodge membership to 225. The honor and credit for this splendid increase in new members was given Herman Cole and M. K. Chowning, they leading the forces during the drive.

The splendid music during the banquet was furnished by the club's orchestra.

The feature entertainment of the evening was given by the Kumalae Hawaiian entertainers in singing, dancing and music of the highest class. This was an unexpected treat and greatly enjoyed.

CLEAN UP PREMISES AND ALLEYS

Weeds, filth and tin cans make breeding places for flies and mosquitoes which spread disease. One yard or lot that is not properly cared for affects the health of the entire community. Weeds must be cut down and premises cleaned up. Anyone failing to do so, will be cited to city court.

W. O. SHANKLE, Mayor.
County Health Dept.

CARD OF THANKS

To the kind friends and neighbors who so willingly assisted us during the illness and death of our beloved child, we wish to express our heartfelt thanks, also to those sending flowers. May the Lord bless you all and spare you such sorrow, is our sincere wish.

Mr. and Mrs. Charlie Finch.

CHAPPELL-LATTA

Dan Cupid laid well his cunning plans for a pretty June wedding which took place at eight o'clock last Sunday morning at the residence of the Rev. W. B. Cunningham, in Union City, the officiating minister, uniting in marriage, Miss Lola Marian Chappell and Mr. Harry Moss Latta. They were attended by Mr. and Mrs. Donald Stokes, of Union City, and the impressive ceremony was witnessed by a few special friends.

The bride is the pretty and accomplished daughter of Mr. and Mrs. W. H. Chappell, of South Fulton, where she has relatives and many friends who wish for her a happy married life.

Mr. Latta holds a responsible position in Farmers Bank of this city and is a young business man of sterling qualities, and has many friends who congratulate him upon winning the heart and hand of the fair one he has chosen for his life mate.

The Advertiser joins in wishing for them a happy and contented life together.

WEBB-SHEPHERD

One of the most interesting weddings of the season was quietly solemnized at the First Christian church in Paducah, Thursday morning, June 3, when Miss Mary Webb, of this city, became the bride of Mr. Winfree Shepherd, the Rev. U. R. Bell, officiating.

The bride was born and reared in Fulton and is a most attractive and charming young lady. She comes from one of the oldest families and is endeared to a wide circle of friends. She is a niece of Mr. and Mrs. Geo. T. Beadles.

Mr. Shepherd, son of Mr. and Mrs. Walter Shepherd, is well known throughout Western Kentucky, and holds a responsible position with the Illinois Central railroad.

The bride wore a becoming model of blue crepe with accessories to harmonize.

Shortly after the wedding, Mr. and Mrs. Shepherd left on their wedding trip to Hot Springs, Ark., arriving in Fulton Monday night to receive congratulations from their large circle of friends.

The happy couple will make their home with the groom's parents, Mr. and Mrs. W. J. Shepherd, corner Eddings and Third streets.

Mr. and Mrs. Lee B. Rucker arrived home from Memphis Sunday night where Mrs. Rucker had been confined in the hospital several weeks. Her many friends rejoice in her improved health and wish for her complete recovery.

Fulton Will Be Served By Bell Telephone Company After July 1.

The Cumberland Telephone Company will be incorporated into the Southern Bell Company on July 1, under the name Southern Bell Telephone and Telegraph Company, the plan having been approved Monday by the stockholders of the Cumberland Company.

There will be no change in official personnel, and the state organizations and personnel will continue as before. The two companies have had the same general executives and officials, and have been operated as one group of the Bell System for a number of years. It is expected that the elimination of duplicate records and duplicated effort will result in important economies.

The Southern Bell Telephone and Telegraph Company will operate in the nine states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee, forming one of the large companies of the Bell System. In magnitude it will properly represent the growing South when compared with telephone companies in other sections.

The name of the company will be descriptive of the Southern section in which it operates, it will identify the company with the Bell System, of which it is an important part, and will indicate the kind of service which it renders.

President Ben S. Read, who is a native of Tennessee, has realized the desirability of one, strong telephone company which would represent this territory adequately and be great enough to expand the system and the service to care for the constantly growing greater needs of the greater South.

The change brings this about in a logical way, according to Mr. Read, and will enable the company to expand in response to the growth of this section, in a concerted manner and to the mutual advantage of the entire south and of the company.

This was accomplished when the Southern Bell Company acquired the properties of the Cumberland Company, paying for them with its own stock in the exact amount of the issued and outstanding Cumberland stock. No financing was involved, inasmuch as the book value of the property of the two companies will be added together by accounts and this will be the exact book value of the combined property.

The enlarged company now has assets of more than \$170,000,000, more than 800,000 stations and more than 21,000 employees.

The big DOLLAR SALE now in progress at Reynolds' Store is attracting the attention of economical shoppers. Read the page ad in this paper.

SUGGS-FIELDS

A wedding of much interest to the people of Cayce, and to many people in this city, will be that of Miss Pattie Mae Suggs, of Cayce, and Mr. Thos. Roper Fields, of Hickman.

The wedding will be solemnized on the evening of Saturday, June 12, at the home of the bride's parents, Mr. and Mrs. John Calvin Suggs, near Cayce. The wedding will take place at seven o'clock, with the relatives and immediate friends of the two families attending. The bride is a talented young lady and a teacher in the Cayce schools. She is member of one of the best known families of that part of Fulton county. The groom is bookkeeper for the Farmers and Merchants Bank in Hickman, which position he has held since last August. He was born and reared in the Cayce vicinity and is well known. Immediately after the ceremony they will leave for Memphis for a short wedding trip, after which they will be at home to their friends in Hickman.

AIR DRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and air dried clothes from a modern power laundry?

It means that at last the only remaining barrier between the housewife and the laundryman has been broken down. Because, now the modern laundry not only washes clean whatever you choose to send, but also duplicates in every respect the method of drying that the housewife has employed for time immemorial, namely, the hanging of the washing on the old-fashioned clothes line, to bask and dry in the glorious sunshine.

The greatest development in years and years, comes to this steadily growing industry in the perfection of a natural drying process. This new method of drying by air eliminates for all time that unmistakable odor which has branded the work of the power laundry in the past.

Thousands and Thousands of Cubic Feet of Concentrated Sunshine

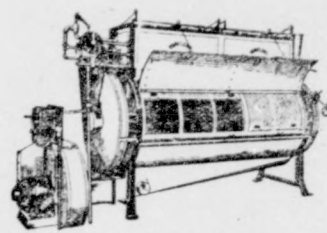

The scientific application of air as a drying agent in the power laundry is accomplished by the perfection of the Vorclone Drying Tumbler. This most wonderful machine harnesses clean fresh air in such great volumes that it almost entirely eliminates the necessity of heat to dry clothes with. It dries clothes by air, evenly and gently, ventilating them thoroughly, freeing them entirely of all lint, leaving them soft, fluffy and perfectly odorless. Clothes dried in this manner are never shrunk, discolored or left with a harsh feel.

The Vorclone Tumbler used in our laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundering process. It puts the work of the power laundry on par with that of the housewife's own private laundry.

Be sure to see this wonder machine in our laundry anytime, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

Phone 130

When you see the pleasing results, the economy and the convenience of this complete service, you are going to put a ban on "home wash days" throughout the year.

The council approved the deed for land in South Fulton, Tenn., for sewerage disposal site recently purchased of Mrs. Susie Morris.

Other routine business was transacted and following the completion of same, upon motion of Councilman Phillips, duly seconded by Smith Atkins, the body adjourned to meet subject to the call of the mayor.

Thomas H. Chapman,
City Clerk and Auditor.

BOYD McWHERTER SUC- CUMBS AFTER STROKE OF PARALYSIS

After a brief illness, Boyd McWherter died Sunday morning at his home on Vine street, of paralysis. Funeral services were held Monday afternoon, conducted by Rev. Pinkstaff and Rev. G. T. Mays, interment following at Fairview.

Mr. McWherter was born January 19, 1873, in Weakley county, near Palmersville, Tenn. For the past sixteen years he has made his home in Fulton. He has been a member of the Primitive Baptist church at Palmersville, since early manhood. He was married to Mintie Lewis on March 28, 1897, and two children blessed this union.

The deceased is survived by his grief-stricken widow, a son, Harold, and daughter, Mary Grey. Also two brothers, W. R. McWherter, of Dresden and J. F. McWherter, of Palmersville; four sisters, Mrs. R. M. Biggs, of Palmersville, Mrs. C. N. Kilgore, of Martin, Mrs. Clem Milton of Mounds, Ill., and Mrs. Marvin Clark of Arizona.

The groom is a young busi-

McFadden News

Mrs. D. H. White and children spent Sunday afternoon with Mrs. C. J. Bowers.

Mr. and Mrs. H. H. Stephens were Sunday guests of Mr. and Mrs. Gus Paschall.

Mr. and Mrs. Tom Henry Howell, Mr. and Mrs. Herbert Howell, Mr. and Mrs. Jim Cardwell and family, Mr. and Mrs. Jim Bard and daughter, Mr. and Mrs. Cleveland Bard and family, Benard Pickering, and Mr. and Mrs. Jim Walker and family attended the children's exercises at Wesley, Sunday.

Misses Patricia and Mignon Newton spent Monday afternoon in Union City.

Miss Evelyn Williams is visiting her aunt, Mr. and Mrs. Sam Bard.

Mr. and Mrs. L. D. Bard, of Fulton were Sunday afternoon guests of his mother, Mrs. Lula Bard.

Mr. and Mrs. R. S. Bard and daughter, and Misses Kathryn Taylor and Anna Lee Godfrey and Mr. and Mrs. Cleveland Bard and family spent Sunday evening with Mr. and Mrs. Sam Bard.

Miss Laura Mae Pickering spent Saturday night and Sunday at the home of her uncle, Mr. Clay Merrill.

Mr. and Mrs. Cleveland Bard and children of Fulton spent from Wednesday until Sunday evening with Mr. and Mrs. Jim Bard and Mr. and Mrs. Cleveland Bard.

JUNE WEDDING
On Saturday evening, June 5, Miss Celia Irvin and Mr. Virgil Douglas surprised their friends when the Rev. J. V. Freeman, pastor of the First Methodist church, said the words uniting them in the holy bonds of wedlock.

The bride is an attractive young lady and a daughter of Mr. A. J. Irvin, of Van Lear, Tenn. For some months she has been employed at the Division office as operator and by her affable disposition, has made a host of friends in Fulton.

The groom is a young busi-

ness man of Paducah, son of Mr. and Mrs. W. P. Douglas, of Harris, Tenn.

Shortly after the ceremony, the happy couple left for their home in Paducah amid showers of congratulations.

BILLY HERRING SUFFERS STROKE OF PARALYSIS

The friends of Billie Herring regret to learn that he suffered a stroke of paralysis several days ago and was in a serious condition when found. He was conveyed to the county home near Hickman where he is receiving medical attention.

The big DOLLAR SALE now in progress at Reynolds' Store is attracting the attention of economical shoppers. Read the page ad in this paper.

Advertis- ing a Sale!

YOU don't leave your rig in the middle of the road and go to a fence-post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your sale. One extra buyer often pays the entire expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after. Bills may be a necessity, but the ad is the thing that does the business.

Don't think of having a special sale without using advertising space in this paper.

One Extra Buyer
at a sale often pays the entire expense of the ad.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals. The next time you want to eat away from home, bring your family here.

Senour's FLOOR PAINT

"It Penetrates"

In the word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel. Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will withstand repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

A color card is yours for the asking.

PRISONERS ASSAULT JAILER OF FULTON, CO.

Slug Him With Blackjack in Attempt to Escape.

Hickman, Ky., June 6. — Tobe Jackson, Fulton county jailer, had a narrow escape this morning and a jail delivery was narrowly averted when Jim Lane, a prisoner, struck him in the head with a blackjack. Four men had framed to knock him in the head, stow his body in a back cell, take his keys, money and pistol and make a getaway but they got to carry out only their first intention. They all take baths on Sunday morning, and Lane was returning from the bathroom. Mr. Jackson put his hand up to open the lock and had pushed the lever down when Lane struck, but he did not have the lock open and this alone saved him. The other three had planned to charge on him as he unlocked the door. Jackson fell, partly unconscious, but rallied quickly, calling for help. His assistant, Mr. Knight, rushed to the door with a pistol. Lane backing off into a corner, but not until after he had grabbed Jackson by the neck to choke him. Jackson carries the finger bruises on his neck and a scratched face. He was at first thought to be dangerously hurt. Albert Bolin, another prisoner, had learned of their plan and said he tried to give Jackson a signal, but could not get his eye and was afraid to warn for fear they would turn on him. Lane is in jail on a charge of rape and the others for housebreaking. The blackjack was made with a sock, having dug concrete and rocks out of the concrete floor, and in the center had a piece of iron they had torn from their bunk, making a heavy, formidable weapon. The other three men are Tom Simpson, Charlie Carter and Charlie Austin, the latter an 18-year-old boy. After Bolin told what he knew of the plot he was removed to another part of the jail so the prisoners could not hurt him.

PUBLIC HEALTH NOTICE

Summer brings more or less dysentery and bowel trouble, especially among babies. See that your baby gets plenty of clean milk from clean bottles and that your milk is obtained from tuberculin tested cows. Consult your family physician on first symptoms of bowel trouble. County Health Dept.

SICKLY, FEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is a positive destruction to the worms but harmless to the child. Price 85c. Sold by Bennett's Drug Store, Fulton, Ky.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the traducer.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

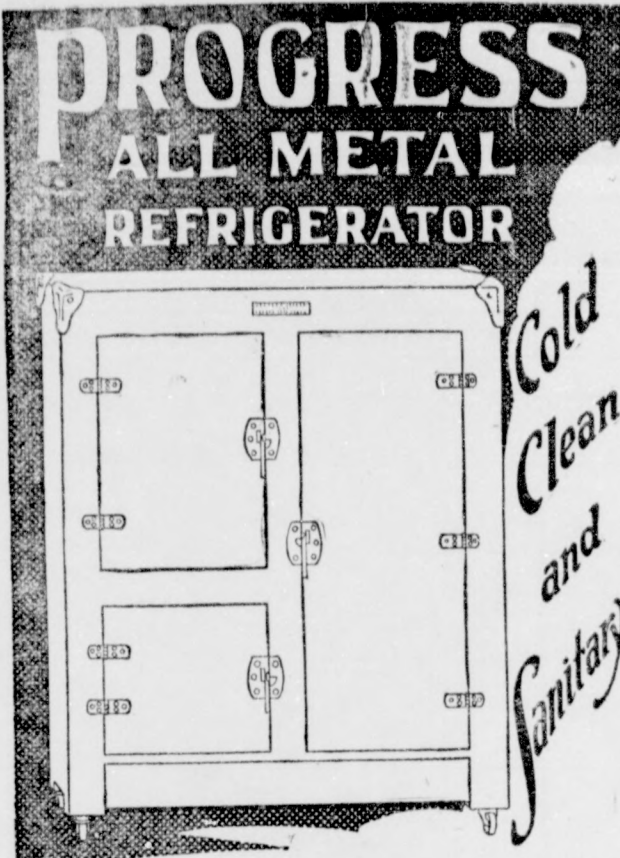

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

Every progressive citizen of Fulton should be a member of the Chamber of Commerce

A. HUDDLESTON & CO.

AMERICAN Zinc Insulated FENCE IMPLEMENTS

MOREHOUSE GIVES PLAN TO PROTECT PEOPLE FROM WILD-CAT PROMOTERS

American Bankers Association Official Who Has Exposed Fraudulent Schemes for Robbing Savers Draws Up Set of Rules to Foil Crooks.

By W. R. MOREHOUSE,
Public Relations Commission, American Bankers Association.

ARTICLE NO. IV

THE solution to the great problem of protecting savings depositors from losing their money in fraudulent schemes is largely in the hands of our bankers. If they will co-operate with those who save they can make it hard for these plunderers to continue business. Hasten the day when our bankers without exception will gladly welcome interviews with depositors who contemplate making investments, will urge an investigation or recommend in the stead of little-known securities investments of unquestioned responsibility. In every case where customers call at the bank excited and nervous over some scheme where by investing a few hundred dollars they expect to make thousands any banker will at once sense the situation.

W. R. Morehouse

The banker knows that the depositor is being rushed off his feet, with "Hurry, hurry and get in on the big clean-up!" and it remains for the banker to caution the depositor against such tactics. In order to prevent this all that our bankers have to do is to suggest that their customers make it a rule always to bring high-pressure salesmen to the bank to be interrogated regarding their promotions. This will break up sales nine times out of ten, for high-pressure salesmen invariably avoid being questioned too closely by bankers who know investments.

Rules to Follow

Our bankers should urge this investment slogan: "Investigate before you invest. Consult your banker first," and so indelibly impress it on the minds of their depositors that they will always be guided by their banker's advice in making investments. Salient points which should be kept before the investing depositor are:

- (1) There are three cardinal points to all good investments, namely safety of principal, certainty of income and salability.
- (2) Safety of principal is more important than a high yield; the promise of big returns is usually a sign of a risky speculation.
- (3) It is like taking a leap in the dark to invest in promotions which are an unknown quantity and for this reason a thorough investigation should always be made.
- (4) It is morally wrong, if not criminally so, for any person to invest in any proposition he feels is a skin-game, or which is tainted by trickery or fraud or opens the way for a favored few to "get in on the ground floor," clean up and get out from under before the scheme collapses. Usually the depositor finds he is not in on the ground floor, there is no chance for him to clean up before the scheme collapses and so he loses all that he has invested.
- (5) If a promotion is as good as claimed, it would not be necessary for high-pressure salesmen to resort to all sorts of questionable methods. It would not be necessary to rush a victim off his feet and sign him up before he could interview his banker, but he could be given time to consult others before investing.
- (6) The only reason high-pressure

pirates go to those who are inexperienced in finance for funds is because they can palm off on them so-called investments which in the eyes of men of experience are valueless.

(7) The glib-talking promoter is not a true friend of the savings depositor but is a wolf in sheep's clothing, he will resort to any kind of trickery to exchange a certificate of stock for the depositor's cash, his glittering promises are fictitious and he is planning how he can entrap his victims and relieve them of their savings and not how he can make good dividends for them.

(8) For every oil well that pays dividends there are many dry holes and abandoned drilling rigs, and for every profitable mine there are many abandoned shafts, and for every successful promotion there are a thousand failures, and because of these facts the savings depositor's chance of winning is too small to justify the great risk involved.

(9) Savers should steer clear of stock, shares or units in world revolutionizing inventions which are peddled in front of empty stores or sold from house to house or through the mails.

(10) Every novice investor should remember that, as in all lines of business, black sheep have invaded the investment field. They must be shunned, while investment firms and salesmen of responsibility and integrity should be supported.

Let our banks unite in a movement designed to protect the depositor against the schemes of the wild-cat promoter—in a movement that will save our savings depositors from despair and from poverty as a result of having lost all—in a movement that will turn into legitimate investment channels the millions of dollars which are now wasted on fraudulent schemes of one kind or another. The best service a bank can render a novice investor is to keep him from making poor investments by helping him to make good ones.

Health and Home

THE WOMAN WHO WORKS

In this new order of things, with women, both married and single, broadening their business activities, a very serious problem arises. It is the problem of what, when, and where to eat.

Breakfast is always a hurry-up meal for the men but much more so for the woman who goes to business. Lunches, of course, are taken in the lunchrooms and restaurants in the business districts and are no problem. But how about dinners? Shall they, too, be restaurant meals or can they be so planned that business women may enjoy the home cooking of which they are so fond? Take away the element of haste and anxiety and in its place put carefully thought-out menus, well planned and easily prepared, and home dinners will again regain their high favor with the working housewife.

One of the big worries is frequently with the milk. Did it come? Is it fresh? Is it frozen? Has the milkman been paid? Are the bottles washed and set out? However, there is no cause for worry about milk. Why not keep a dozen cans of evaporated milk in your pantry? There are large cans, equal to a quart of milk and smaller cans that will meet the lesser needs.

For evaporated milk is just pure, fresh milk with more than half the water missing. This water can be replaced in a jiffy, if you so desire or you can use it as cream if rich and creamy foods are desired.

Here are a few recipes that may be used by "The Woman Who Works" for forming her plans for self help and good home cooking.

Scalloped Ham and Potatoes.

1 pound smoked ham 1 1/2 cups water
1 green pepper
6 medium potatoes (may be omitted)
1 1/2 cups evaporated milk
Flour

Cover the bottom of an oiled baking dish with sliced, raw potatoes. Sprinkle with flour and pieces of ham 1/2 inch square. Repeat until dish is full. Fill dish 3/4 full of diluted milk. Bake until potatoes are tender.

Eggs en Casserole.

6 hard-boiled eggs 1/2 cup evaporated milk
2 tomatoes 1/2 cup water
2 tbsp butter 1/2 cup grated cheese
2 tsp salt Buttered crumbs

Cut hard-boiled eggs in half and arrange around the edge of a greased casserole. Slice tomatoes in center of dish. Make a white sauce of the milk, water, fat and flour. Add cheese and stir over a low fire until cheese is well melted and smooth. Pour over tomatoes and eggs. Cover with crumbs and bake twenty minutes in a moderate oven.

Rising Young Star Fond of Cooking

Claiborne Foster, that clever little lady who makes Barry Connors' play "Applesauce," the outstanding comedy success of the year, is an extraordinary young woman. She is generally recognized as one of the rising young stars of the American stage and her services and company are always in demand but such is her nature that she shuns the "bright lights" and leads a simple and unostentatious life wherever she may be. She is essentially a home girl, being passionately fond of cooking, an art at which she is very adept, and much of her leisure time is spent in the modest little kitchenette of her apartment. When not playing in some production, Miss Foster may be found at her home a short distance from New York City, where she revels in the joys of cooking for the whole family and her friends and spends her vacations doing the work of the ordinary housewife.

There are two dishes which are regarded with more favor by Miss Foster than are any others. These are Bronk shrimps and chicken en casserole. She uses the simplest of formulas but insists upon the purest of ingredients, using pure butter, and evaporated milk. The recipes that she uses are:

Bronk Shrimps.

2 cups shrimps, Toile 2 eggs
canned or fresh 1/2 cup evaporated milk
4 tbsp fat 1/2 cup water
1/2 tsp salt 1/2 cup flour
Few grains cayenne 2 tsp lemon juice

Clean the shrimps, and cook in half the fat for 2 minutes; add seasoning and lemon; cook 2 minutes longer. Remove shrimps and make a white sauce of the remaining fat, flour and milk; when thickened add yolks of eggs slightly beaten, stirring in quickly and cooking two minutes; add the shrimps.

Chicken en Casserole.

1 tender chicken 1 cup evaporated milk
for roasting 1 tsp
2 tsp butter 1 tsp chopped parsley
2 tsp lard 2 cups chopped mushrooms
Salt and pepper 2 cups chopped mushrooms
1 pint hot water
Clean chicken, split down back, and lay breast upward in casserole. Spread fat over breast, dust with salt and pepper, add hot water, cover closely and cook in hot oven one hour. When nearly tender put in evaporated milk, mushrooms and parsley. Cover again, and cook 20 minutes longer. Serve hot in casserole.

HUDSON COACH

\$1259

"At Your Door"

Nothing Else to Pay

Brougham - \$1519

7-Pass Sedan 1750

All prices include freight, tax and the following equipment:

Hudson holds first advantage because of its patented Super-Six—the world's most famous motor. More than 800,000 have been built by Hudson under its exclusive principle. For 11 years it has been outstanding because of distinctive smoothness, wide flexibility, power, speed and reliability.

And today's Hudson Coach is not only the best ever built. It also is priced lower than ever before.

Kramer-Maupin Motor Co.

Headquarters MAUPIN MACHINE SHOP, Fulton, Ky.

A WORD TO HOUSEWIVES.

With the call of Spring in the air, it reminds one of the many outdoor activities in which the home should partake and enjoy. Surely the Housewife should be allowed this pleasure as well as other members of the family.

You have at your command an institution which, with its modern equipment, makes it possible to give you an extra holiday in each week of the year. "The Home of Cleanliness" cares for your family wash in a clean, modern, sanitary way—no hanging of the clothes outdoors to catch germs circulating in the air, or in rooms where sleeping and eating are done, but clean tables and assorting bins care for your clothes until they reach you spic and span.

This extra precaution and insurance toward cleanliness costs no more. Why not take advantage of this extra day each week by sending the family wash to "The Home of Cleanliness?"

Choose one of our family wash services and make a holiday out of the wash day, with a guarantee for every precaution in safeguarding your clothes.

DRY WASH SERVICE

For those who prefer to do their own ironing at home we now take the family washing and return it home clean and dry (not ironed) for 6 cents a pound. You will find many of the pieces so perfectly washed and dried that ironing will be unnecessary.

The Vorelone Tumbler used in the O. K. Laundry is the only drying tumbler that does not depend solely on heat to dry clothes, it is the missing link in an otherwise perfect laundrying process. Be sure to see this wonder machine at the O. K. Laundry any time, feel and smell the clothes it dries, notice how fresh and sweet smelling they are.

ROUGH DRY SERVICE

Clothes washed, flat pieces, such as table cloths, sheets, towels, pillow cases, napkins, bedspreads, ironed and ready for use. Starch pieces starched and dried ready for ironing. This service for 10c per pound; 50c minimum package.

FINISHED FAMILY SERVICE

Clothes washed, all pieces ironed and pressed ready for use. This service 10c per pound, with an additional cost of 10c per pound for the ironing of the starched pieces.

Choose the service best suited for your need and let us prove the economical way of answering your wash day problems. Don't be burdened with that worry.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of betterment by doing all your trading at home. It will be profitable to you as well as to the entire community.

Entered as second class matter Nov. 25, 1924, at the Post Office at Fulton, Kentucky, under the Act of March 3, 1879.

BETTER HOMES

Fulton has always taken great pride in its homes. Beyond question the exterior of Fulton homes is as attractive to the eye as those of any city of its size to be found. The thing that first appeals to the stranger here is the beauty of our homes.

The same may well be said of the interior of Fulton homes. A pride that manifests itself by beautifying the outside of the home and the premises also finds expression inside the home.

Local business men cater to the tastes of the type of home lover which Fulton boasts. They carry in stock a high class of merchandise for home beautification and one does not need to go outside the boundaries of his or her home city to find every requirement for a modern home.

The instinct to own a home is strong in the breast of everyone and the means that are provided by local agencies make the owning of a home a goal that every one, by thrift and industry, can some day attain.

Fulton will become more substantial and a more desirable place to live as its percentage of home owners grows. This is a movement in which every good citizen may well take an interest because it is a form of community betterment that is of inestimable value.

Send the Advertiser to a friend one year—only \$1.00.

THE OPEN SEASON

The open season for reckless automobile drivers has arrived as the casualty lists in the newspapers reveal. There's the reckless driver who never pays any attention to railroad or interurban crossings and the reckless driver who has no regard for the other fellow when he meets him on the road. The pity of it is that comparatively few of the reckless drivers ever have to pay for their recklessness. So often they escape and innocent people are sacrificed.

The National Bureau of Casualty and Surety Underwriters has perfected a plan which is the first workable idea that has been developed to curb the driver who is heedless of the consequences his actions may lead to.

In the future, when licenses have been denied automobilists or when the right to drive has been revoked by duly authorized persons thus affected will be unable to obtain automobile insurance through any of the principal casualty and surety companies which comprise the National Bureau.

Motor vehicle commissioners in different states will furnish immediately to the National Bureau the names of all persons whose licenses have been revoked. This information will be distributed to the companies, and further insurance to reckless drivers will be refused and existing insurance will be canceled.

It is an established fact, say the Bureau officials, that many serious accidents are caused by those who continue to operate even after their licenses have been revoked for good cause.

Insurance carried by an irresponsible and reckless driver simply makes him more careless. The action of the casualty companies is a move in the right direction, and if all states would cooperate with

these companies in weeding out undesirable drivers, the ultimate result would be fewer accidents.

It is a strange fact that there are always some smart Alecks who, no matter where they are or where they go, they always try to make it unpleasant for others. If they are on the road you must poke along and take their dust or run auto races with them. If you are on the street you must listen to their filthy remarks, if at church or in a place of amusement, then you must put up with the annoyance of their brilliant thoughts delivered in a stage whisper. In society their wit and puns must be endured. We imagine that our readers have met all this genio and with us will say they are about as great nuisances as the Creator ever clothed in flesh and endowed with the spark called life.

THE NATURAL WAY

Wide-awake retail business men advertise because they want the people of their trading area to know about their goods they have for sale; they want to extend an invitation to people to call and see them.

People read the advertisements because they want to know what and where they can buy to the best advantage, and these facts can be determined only after knowing what the merchants have to offer. They haven't the time to make the rounds of all stores and compare prices and merchandise, so they rely on the advertisements.

The local newspaper is the logical and natural medium between buyer and seller. It is a means by which the merchant speaks to his customers and the customers do their buying.

The one should use it, and the other should read it. Both profit from the transaction.

EXTENDING THE LAW'S ARM

The president has issued an executive order empowering the federal prohibition enforcement officer to appoint local officials to assist in enforcing the Volstead law.

As might be expected, there has been a storm of protest against this so-called encroachment upon state authority, but most of it has come from the modificationists and those of more pronounced wet tendencies.

If the men who want the Volstead law made less severe on the theory that it can't be enforced in its present form, are sincere in their arguments, they should not object to this extension of the law's arm to determine whether prohibition can be made more effective.

The criticism that the order violates the rights of states is not well taken, inasmuch as no coercion or force will be applied by the federal government to get state co-operation.

The order says that the appointments may be made in states where there are no statutes forbidding state officers to accept such appointments, and none will be made except without the acquiescence of the appointee.

Surely no one can consistently object to this attempt on the part of the federal prohibition officer to extend the operations of the Volstead Act. It at least should be given a fair test.

A SPLENDID FEELING

That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by

Value of Cow's Yearly Work Shows Gain of 81 Per Cent

THE VALUE of a cow's yearly production of dairy products in 1909 was \$54. Today it is \$98, an increase in 15 years of 81 per cent, according to the Blue Valley Creamery Institute. During the same period, however, total milk production increased 51 per cent, the number of dairy cows 10 per cent and the purchasing power of their products 17 per cent. The average amount of milk produced by each cow increased from 3,434 pounds in 1909 to 4,908 at present, or 27 per cent, which shows that the average production of milk gained with the larger numbers of cows and that both increased at a greater rate than the purchasing power of each cow's production. In other words, the institute points out, the value of each cow's production has not kept pace with the value of commodities the farmer must buy. As cows producing 4,908 pounds of milk a year are low-profit makers, the importance of high-producing animals is emphasized by the institute's experts. Better breeding, better feeding and the elimination of low-producing cows will make more profitable dairy herds and increase the value and purchasing power of each cow's products, the institute concludes.

Railroad News

TIMELY CAMPAIGN

June marks the beginning of the summer campaign conducted by the railroads to further the prevention of accidents at grade crossings. With highway travel at its height during the summer months, it is indeed timely for C. H. Markham, president of the Illinois Central System, to bring the subject of safety at grade crossings to the attention of the public in his monthly statement.

"The railroads are safer to work for and to ride on than they used to be," he writes. "With more employees and more passengers, there are fewer accidents at grade crossings and more passengers. But accidents at grade crossings are increasing instead of decreasing. More persons were killed in grade-crossing accidents in 1925 than in any other year but one on record."

"Grade-crossing accidents in 1925 resulted in the loss of 2,206 lives and the injury of 6,555 persons, an average of one person killed or injured every hour of the year."

The importance of this campaign is being stressed in schools by teaching children the habit of safety. Classes are being conducted by civic and community organizations. For all such cooperation, Mr. Markham points out, the railroads are extremely grateful.

Crisp Sports Dress of Radium Silk

A crisp sports frock of white radium silk, with blue radium applique trimmings, is to be recommended. It will keep its freshness all summer, since it can be laundered and is altogether practical.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

Chestnut Glade

The writer had new cabbage and gooseberry pie for dinner, Saturday, which resulted in acute indigestion that lasted through Sunday. I missed a perfectly good P. T. A. meeting Saturday evening, a sermon Sunday morning and singing Sunday afternoon. Not any more for me.

P. T. A. met Saturday evening. The audience was rather good, considering the busy week preceding. Arrangements were made and committees appointed to care for details incident to the giving an ice cream supper at Chestnut Glade.

Saturday evening, June 19, the P. T. A. will give an ice cream supper on the campus. Everybody invited to come. There probably will be a musical program arranged. Look for further details next week.

Rev. Ratliff, of Bardwell, preached his annual sermon at Oak Grove last Sunday morning to quite an interested audience of old friends of the surrounding country. He will preach at Bible Union, near Latham, the third Sunday.

Sunday morning, while driving on the State Line road near Oak Grove church, Mr. Bob McClure ran his car into the bank, breaking the windshield, a piece of glass striking Mrs. McClure, cutting her throat rather badly. It was thought the jugular vein was cut but the doctor arrived and succeeded in stopping the blood. It is hoped it will not prove serious.

Mr. and Mrs. Haze Bowden, of Detroit, are visiting relatives and friends here.

Mrs. Emma Grissom and daughter will go back with them for a visit with her children and other relatives there. They leave next Saturday.

Mrs. H. N. Finch is very ill at the home of her daughter, Mrs. Joe Croft. She has recently returned from Florida.

Singing at Chestnut Glade is growing. An immense crowd came Sunday with quite a number of visitors.

Come again and bring some one with you. We are glad to welcome you to Chestnut Glade.

CARD OF THANKS

The members of Palestine church want to express their thanks and appreciation to Mrs. Alvin J. Burrow for the gift of a nice, large pulpit Bible to be placed on the pulpit in the church. May her life be long and useful in the service of the Master.

A. N. WALKER, Pastor.

A nice gift. Send The Advertiser to a friend one year—only \$1.00.

IN MEMORY OF MOTHER

In memory of my dear mother, Mrs. Cora Browder, who passed away five years ago.

While the midnight stars are gleaming
On a cold and silent grave,
Beneath it sleeps my mother,
Whom I loved but could not save.

Her weary hours, her days of pain,
Her troubled nights are past,
Her ever patient, worn-out frame
Has found sweet rest at last.

When the evening shades are falling,
And we are all alone,
In our hearts there comes a longing,
If you only could come home.

Our home is not the same, dear mother,
Since you left us here alone;
Our hearts are ever lonely,
Our life is drear and sad.

For 'twas our dear mother only
That made our lives seem glad;
Our loss is great, but won't complain—
We trust in God to meet again.
Her daughter, CLARA.

America Leads Nations In Use Of Ice Cream

If any one food may be considered as America's national dish, it is ice cream.

Ice cream is a food particularly adapted to the needs of individuals of all ages, giving as it does the best type of nutrients for the repair of bone, teeth, blood and muscles and for energy.

Today thousands of housewives make their own ice cream. As a consequence, the making of this highly nutritious food at a reduced cost, yet without in any way impairing the product, is of importance.

Home economists have found a means to this end in the use of evaporated milk. There are three important reasons why evaporated milk

makes the best ice cream, they point out. Because 99 per cent of the natural water in evaporated milk has been removed by evaporation, there is over twice the percentage of solids present in this type of milk than there is in ordinary market milk—and, since it is the solids that give ice cream its pleasing flavor, this fact is of moment.

Then, the composition of evaporated milk is constant, for the reason that it has been put through an homogenizing process, which breaks up the fat globules into tiny particles and distributes them evenly throughout the milk. This attribute makes for an ice-cream mixture of uniform quality and fine texture.

Finally, experts agree that the use of evaporated milk in ice cream contributes to its hygienic qualities, for the reason that evaporated milk is entirely sterile. Health authorities declare that milk and cream should be treated to a heat of 150 degrees F. for half an hour in order that a product may be produced free from infective organisms. Evaporated milk is processed at 240 degrees for 30 minutes, and, therefore, its introduction into an ice-cream mixture increases its purity in proportion to the amount of evaporated milk used.

Disease is an Effect;
It has a CAUSE.

A FARM WAGON THAT IS GUARANTEED

The amount of satisfactory service that a wagon will give depends entirely upon the material and skill the manufacturer puts into it. We want to show you a wagon that is built of the best materials by men who know how—

THE JOHN DEERE WAGON The Wagon That is Guaranteed

A special machine automatically measures the inside of the skin of the John Deere farm wagon and shapes the axle to fit accurately. The skin is set in red lead under high pressure. It has exactly the right pitch, and the axle has the right gather to make the John Deere wagon run lighter than other wagons. With the John Deere sand- and dust-proof skins there is no wearing of bearing surfaces—the oil stays in—the wagon is always smooth-running and light-pulling. Only carefully-selected oak and hickory are used in the

Come in and see this wagon—read the guarantee on the tool box. Let us explain the many fine points embodied in it.

STRAIGHT TALKS WITH AUNT EMMY

On How to Lose Your Inheritance

"It is so hard for me to get along on what John left me," complained Mrs. Norris to Aunt Emmy. "Junior wants to get a job, but I always wanted him to go to college."

"Yes, yes, I know," interrupted Aunt Emmy, "but what about this mining stock?"

"I'm coming to that. You see I thought I could invest some of those bonds John left, they yield such a tiny income, in something that would bring real money. I needed more money, so when the telephone rang that day and a man, he had the nicest voice, said he had been referred to me by a friend and wanted to talk over some gilt-edged investments, I told him to come right up."

"His name was Mr. Stanhope. He was so nice. He told me all about the big money people are making in platinum mines. Platinum jewelry is so fashionable now. He said he could let me have some stock in a wonderful mine, and that the company would buy the stock back if I ever wanted my money."

"Have you a statement signed by one of the officers of the mining company to the effect that the company will repurchase your stock?" asked Aunt Emmy.

"Why no—"

"Well, you will have trouble getting your money back. A company cannot be compelled to buy its own stock back."

"Oh, I don't know. Anyhow, I got out my bonds and showed them to him—"

"What, you keep your bonds in the house instead of at the bank?" exclaimed Aunt Emmy.

"Why, yes, but in a box that locks—"

and Mr. Stanhope said that he was surprised that a woman with the good business judgment I had should be getting such a small income as those bonds paid—scarcely anything. He said that I should make my money work harder for me. He knew I must have good business judgment, he said, because I brought my children up so beautifully. He offered to take the bonds and change them for his stock."

"Oh, Lord!" exclaimed Aunt Emmy. "Did he give you a receipt?"

"Why, of course, he was the nicest man. But Junior said after he left that he didn't like him. He said he looked slick. Boys are so funny. Well, I got the platinum stock but Mr. Barnes at the bank says it's no good. He must be mistaken. But I want my bonds back so I came to you for help. And you're always so lucky about investments."

"Not lucky, just sensible," corrected Aunt Emmy. "Why, oh, why, don't you consult your banker, who understands finance before you risk your money? This is not your first loss. Remember that piece of land you bought that was under water?"

"That was different," said Mrs. Norris blushing. "And anyway, Mr. Stanhope is honest, I can tell that."

"If he were honest, he would not have promised you the things he promised. Reputable houses don't send out representatives who make promises about repurchase of stock. Why don't you 'phone your Mr. Stanhope?"

"I did, but he's out of town. I've written, too, but I suppose I shall have to wait until he gets back. It's been several weeks now, so he should be back soon."

Just then the evening paper came. Aunt Emmy glanced at it, then read it intently. Her expression grew serious. She handed the paper to Mrs. Norris. On the front page was an account of a financial scandal. The house that sold Mrs. Norris her mining stock was involved and the men who ran the business had been indicted for fraud.—A. B. Ayres.

AMERICAN YOUTH

Elizabeth ("Betty") Clark, 12, of Cedars, Delaware, is one of that state's girl candidates for the American Youth Award, established by the directors of the Sesqui-Centennial International Exposition, to be held at Philadelphia from June 1 to December 1 in observance of 150 years of American Independence. If "Betty" is finally chosen to represent Delaware she will be given a week's trip to the Exposition and to Washington and the White House, where she will receive a medal from the hands of President Coolidge.

You Can Share Our Pride In This Big Task

THE big job which the telephone organization in Kentucky is performing is one in which you have more than a casual interest. This is a year of construction and expansion to care for the present demand for service and provide for the needs of the immediate future.

During the five-year period, including 1926, our plans require an expenditure of \$15,946,000 in Kentucky for additions and replacements. Practically all of this is new money, which must be secured from investors.

The interest of the telephone subscriber and of the telephone stockholder, in this undertaking, is practically the same. If we serve the owners of the

property wisely and efficiently, we shall render the largest benefit to the public.

We must give the best and broadest service possible. We must provide a service which will not only keep pace with the growth of the State, but also with the constantly increasing use of the telephone.

We must have rates low enough to enable every person who ought to have a telephone to have one, but sufficient to pay the cost of producing the service and earn enough to attract capital to take care of this growth.

This is what your telephone organization is trying to do.

But our success depends, in large measure, upon the good will and friendly interest of the entire community.

THE BANKER-EDUCATOR PLAN TO PROMOTE BETTER AGRICULTURE

By D. H. OTIS,
Agricultural Director, American Bankers Association

Whenever bankers desire to promote actively agricultural improvement in their communities, the state agricultural colleges stand ready to show them the way and to give expert assistance. The purpose of this article is to illustrate the way in which the colleges are getting in contact with the banks, and the kind of assistance they render.

As soon as the college has a list of the banks in the state desiring to adopt plans to aid agriculture as indicated by project blanks sent out to all the banks in the state, by the State Bankers Association Agricultural Committee, it gives practical suggestions to each banker on the list as to what he can do to stimulate, organize, and conduct the

work in the particular project he has selected. Then either a department specialist from the college or the county agent gets in personal touch with the banker to assist him in an advisory capacity.

Samples of the project outlines are given below to illustrate the details of the procedure the college takes in accomplishing its plan.

College Provides Expert Advisers
In counties with no county agent a list of the banks desiring to carry on a project is sent to a specialist at the state college, according to the project listed. For instance, the banks desiring to carry on the farm accounts project are assigned to the farm management specialist, those desiring to carry on the legume project to the agronomy specialist, those interested in boys' and girls' club work to the junior extension specialist, and so forth.

In counties that do have a county agent a list of the banks and the projects in which each is interested is sent to him with a request that he get in touch with the bankers and help them in regard to the various projects.

The next step by the college is to write to each banker on the list sending him project outlines and informing him that the county agent or a specialist from the college will get in touch with him. If there is no agent in the county this letter reads as follows:

Union State Bank,
Bankville.
Gentlemen—You will find enclosed a brief outline of the farm accounts project in which you have indicated your interest to your State Agricultural Committee and to the Agricultural Commission of the American Bankers Association. I am sure that the specialist from the agricultural college will be pleased to assist you in carrying out the suggestions indicated. We have asked him to get in touch with you.
Director, Agricultural Extension.

The letter to bankers in counties that do have a county agent informs them that he will get in touch with them.

Suggests Things the Banker Can Do
The project outlines sent to each banker give specific suggestions as to the things he can do to organize the work in his project, and the part he can take in carrying out the work. The more simple and concrete these

suggestions are the more valuable they are to the banker. Following are samples of such project outlines:

Farm Accounts Project

1. Banker can select group of farmers who can and should undertake the work of farm accounts.
2. Arrange with county agent or specialist from agricultural college for first meeting of the group and select an account book.
3. Assist individuals at their request with information relative to entering accounts and other data properly.
4. Act as or select leader for the group.
5. Assist in checking inventories as a means of securing individual financial statement at close of the year.

Boys' and Girls' Club Work

1. The banker can arrange with the county agent or the specialist of the agricultural college for organizing a club.
2. Plan to present various types of club work at the next meeting and perfect the organization of a local club.
3. Banker may act as local leader of the club.
4. Cooperate with county agent or specialist in annual "Achievement Day."
5. Banker may offer prizes for club work or otherwise assist in financing same.

Legume Project

1. The banker can get information from county agent or specialist from agricultural college on the value of alfalfa, soy bean, or sweet clover crops to farmers of the community.
2. Arrange for meeting of interested farmers with county agent or specialist to discuss the value of legumes.
3. At this meeting county agents, specialists, or others will discuss:
(a) Value of crop.
(b) Seed supply and varieties.
(c) Methods of handling the crop.
(d) Use and disposition of crop.
4. Plan with county agent or specialist meetings and demonstrations on plots or fields.
5. Secure exhibits for community or county fair.

Cow Testing Associations

1. The banker can arrange with county agent or specialist from agricultural college for meeting of interested group of farmers in the community for the purpose of organizing a cow testing association.
2. Banker may act as leader, and with county agent or specialist plan to visit prospective farmers who may join the association.
3. Organize for work and assist in securing testing equipment and other materials whenever necessary.
4. Call meetings periodically to discuss association business and hold picnics or tours.
5. Banker with county agent or specialist may arrange for C. T. A. booth at community or county fair giving testing demonstrations and explaining work of association.

This constitutes the preliminary work by the college which paves the way for constructive work by the bankers in banker-farmer projects.

Society.

MRS. FALL ENTERTAINS WITH BRIDGE

Mrs. Ernest Fall, with her customary graciousness, entertained with a bridge party Wednesday afternoon and again Thursday evening. The rooms were charming with vases of roses, lilies and floor vases of field daisies.

Four tables were in play for the afternoon game, and Mrs. Trevar Wayne secured the highest score and won silk hose, Miss Royster making the fortunate consolation cut, was given lovely hand-worked linen towel.

For the evening party seven tables were in play and Mrs. B. D. Mauphin secured French powder for high score, while Mr. Earl Karmire won a deck of cards for the gentleman's high score, and Mr. Bob White cut consolation.

At the conclusion of both games a beautiful as well as delicious ice course was served.

PRETTY BRIDGE PARTIES

An attractive affair of Thursday was the morning and afternoon parties given by Mrs. Floyd Irby in her apartment on Carr street. Lilies and sweet peas nodded gay welcome to the guests while the game was played at three tables.

Mrs. H. T. Alexander won high score for the morning bridge while Mrs. Leon Browder and Mrs. Julian Scates made high score for the afternoon.

Following the games a beautiful plate luncheon was served.

THURSDAY BRIDGE CLUB

Mrs. Jake Huddleston was the charming hostess to the Thursday club at her home on Eddings street.

Bright garden flowers gave a touch of color to the rooms where the game was in play. Mrs. Don Hill made the high score for the afternoon while Mrs. Culver won the favor for low score.

A lovely two-course luncheon was served at the conclusion of the game.

JUNE WEDDINGS GALORE

S. A. McDade, Fulton's famous "Marrying Squire," is having his usual run of June weddings. He reports the following:

- June 5—Perry Rogers of Hickory, Ky., to Mrs. Fronie McAdoo, of Mayfield, Ky.
- June 5—Joseph S. Mullins of Wingo, to Mrs. Uriel Gray, of Mayfield.
- June 6—Otis Simons of Crutchfield, to Miss Roelle Pruitt of Fulton, Route 4.
- June 6—Julian Love, of Fulton, Route 6 to Miss Marie McNatt, of Dukedom, Tenn.
- June 6—Isaac Gilbert, of Water Valley, to Miss Mary Lee Coldthorp, of Ruthville, Tenn.
- June 6—Ben Allen of Mayfield, Ky., to Miss Imogene Sanderson, of Mayfield.
- June 6—Harry Viverett, of East St. Louis, to Miss Mamie Bruce of Dublin, Ky.

The big DOLLAR SALE now in progress at Reynolds' Store is attracting the attention of economical shoppers. Read the page ad in this paper.

CONTRACTS WILL BE LET JUNE 28 FOR SURFACING ROAD

Grading of the new highway between Fulton and Hickman is practically completed and contracts will be let on June 28 for surfacing the road between Cayce and Hickman. We understand gravel will be used, notwithstanding the desire for concrete.

McCracken county has had a wonderful strawberry crop to harvest this season—the largest in its history. Two hundred and thirteen carloads already shipped with good prospects for several more cars to close the season.

REFRESHING DRINKS

Orange Julep, Grape Julep, Cherry Julep, are some of the refreshing summer drinks being served at Smith's Cafe. Here you get the pure fruit juices ice cold for five cents.

Blouses for Summer Pretty and Practical

One cannot say "blouse" without thinking of crepe-de-chine, the fabric and garment have been so long associated. Black and white, cross-barred crepe, with white collar, cuffs and jabot, acquit themselves handsomely in the pretty and practical blouse illustrated.

Beelerton News

Miss Ludean Bryan spent Sunday with Miss Pauline Brown.

Misses Kathleen and Adeleia Shelton of Mayfield, were the Sunday guests of Miss Mary Swan Bushart, Mrs. E. S. Hicks and family spent Saturday night with Mr. and Mrs. J. B. Pharis.

Several of the students who have been away to school have returned home for the summer vacation. They are as follows: Miss Irene Bockman and Mr. Cayce Pillow from the Murray Normal.

Mr. Harold White from Bethel College, McKenzie, Tenn. Glynn Bushart, from Louisville and Ward Bushart, from Lexington, both of these boys have been attending the Medical school.

There was a large crowd at Wesley, Sunday waiting to hear the little children say their pieces and those who heard them were very proud of the ones who recited for "everything was good." In the morning there was children's service and in the afternoon, the pastor, Bro. Walker, delivered a fine sermon on "Christian Education."

Mr. Richard Mobley has returned home from Detroit, and now they have moved back to their home.

BIG REVIVAL MEETING IN PROGRESS AT HICKMAN

Hickman is in the midst of the greatest revival effort she has undertaken for years. The Baptist and Methodist churches united in this effort and built a large tabernacle down in the business section. The crowds have been unusually large and interest is being widely manifested. The preaching in the tabernacle is being done by Rev. Herman A. Butts, the pastor of the First Methodist church here. Butts is evangelistic in his style of preaching and has conducted more successful revival meetings than any Methodist preacher in the Memphis conference.

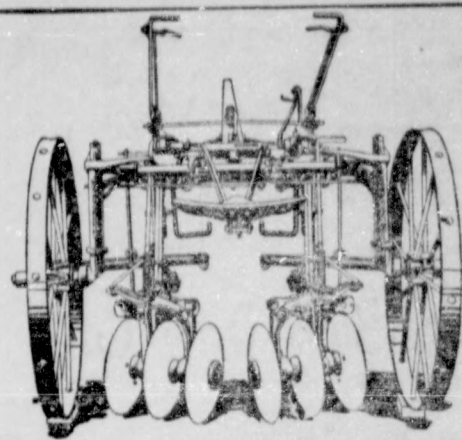

Come over and enjoy and "Old Time Religion" revival meeting. You are cordially invited. There have been about 200 conversions to date.

Smart Spring Frock With Matching Scarf

This is one of those simple and smart spring frocks, with a small, bright scarf, bordered with matching material and tied close up about the neck. It is very wearable in light woollens, silk crepe or other soft fabrics, in the season's favored colors.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

Three Cultivators In One

You have been wanting to buy a disk cultivator that you can use equally well with shovel and spring-tooth cultivator gangs—one that will dodge quickly and easily on crooked side-hill rows with any one of the three gangs—one that is easily and quickly changed from one style of gang to another.

You can get it now in the new

JOHN DEERE JF

The John Deere JF with interchangeable gangs is adaptable to any field need. Handy grip levers make gang changes simple and easy.

Disk Gangs—strong, long-wearing, easily adjusted for in-throw or out-throw.

Shovel Gangs—can be furnished with either four or six shovels.

Spring-Tooth Gangs—strong, tough steel teeth that do good work always.

Master Lever—raises both sets of independent levers adjust depth of rigs—even work in any field.

Easy Dodge—light pressure on foot pedals causes wheels to pivot, quick dodging on crooked rows. Any one can do good work with the JF.

Be sure to stop at our store next time you're in town and see the JF.

Lesson for June 13

JOSEPH'S FIDELITY

LESSON TEXT—Genesis 39:1-23.
GOLDEN TEXT—Reck thou a man diligent in his business; he shall stand before kings.—Prov. 22:29.

PRIMARY TOPIC—A Noble Slave

BOY TOPIC—How Joseph Became a Slave

INTERMEDIATE AND SENIOR TOPIC—Passing Severe Tests

YOUNG PEOPLE AND ADULT TOPIC—Triumphing Over Trials

I. Joseph, the Well Beloved Son (37:33)

He was Jacob's favorite son, partly due to the fact that he was the son of the wife of his first love and the son of his old age, but mainly because of the superior qualities he possessed.

II. Joseph's Fidelity as a Son (37:12-17)

Joseph's brethren had gone to Shechem, some fifty miles from Hebron, where there was plenty of pasture for their flocks. After a time Jacob became anxious as to their welfare and dispatched Joseph, now about seventeen years old, for the purpose of finding out their condition. He did not allow the envious hatred of his brethren to deter him from his duty, but willingly responded, "Here am I." He no doubt realized that his mission was fraught with great perils—exposure to wild beasts, robbers, and the murderous hatred of his brethren. His fidelity is shown in two ways.

1. The fact that his father sent him on such a long and dangerous journey to bring back word concerning his brethren shows that he had proved himself to be a trustworthy character.

2. His brave and glad response to his father's request. He responded to his father's confidence.

III. Joseph's Fidelity as a Slave (39:1-19)

1. Sold to the Ishmaelites (37:28).

At the sight of Joseph, the murderous envy of his brethren was stirred up. They first proposed to kill him in order to prevent his dreams coming true. Finally, the prudent suggestion of Judah to sell him to the Midianites prevailed and he was carried to Egypt and sold to Potiphar as a slave.

2. His prosperity while a slave in Potiphar's house (39:2-16).

The secret of Joseph's prosperity was that the Lord was with him (v. 2).

This prosperity consisted:

(1) Of being accorded the privilege of Potiphar's house, i. e., his private residence instead of his fields or public buildings.

(2) He became Potiphar's personal attendant (v. 4). Observing Joseph's fidelity Potiphar chose him to give attention to his personal affairs.

(3) He was made overseer over Potiphar's house (v. 4). As a personal attendant he proved himself to be so capable that he was made administrator over his estate including his household. He no doubt purchased all supplies and had charge of the servants.

(4) He brought prosperity to Potiphar (v. 5).

The Lord blessed Potiphar for Joseph's sake.

(5) He possessed an attractive personality (v. 6). His fine physique and commanding personality were gifts from God. All our gifts should be consecrated to the Lord who gave them.

3. His temptation (vv. 7-17).

His very attractive person became his peril. Potiphar's wife became infatuated with his handsome slave, and attempted to induce him to commit adultery with her. He resisted this temptation because yielding would have been to sin against his master and his God. The man who is faithful to God will be faithful to his fellowmen.

IV. Joseph's Fidelity as a Prisoner (vv. 18-23)

Being defeated in her wicked purpose, Potiphar's wife accused Joseph falsely. Because of her charge he was thrust into prison. Potiphar must not have really believed his wife or else he would have put Joseph to death. He did to him the least that was possible under the circumstances. Because of his purity and unflinching loyalty to God and man, God was with him even in the prison.

1. The Lord gave him favor in the sight of the keeper of the prison (v. 21). This keeper was none other than Potiphar himself (40:3, cf. 39:1).

2. He was given charge of the prisoners (v. 22).

Potiphar knew Joseph's ability and faithfulness, therefore gave him employment in this new place.

3. The Lord made him prosperous (v. 23).

Joseph's success was due to the hand of his God upon him.

Ordinary Duties of Life

If there be anything, in fact, where in the views of God and the impressions of men are apt to be at total variance, it is in respect to the solemnity and importance of ordinary duties.

—Horace Bushnell.

Methodist Church

J. V. Freeman, Pastor

Sunday school, 9:30 a. m. T. J. Kramer, Supt.
Epworth Leagues, 6:15, Jr., 6:30, Sr.

Prayer meeting, 7:45 each Wednesday evening.

Preaching 11 a. m. and 7:45 p. m. by the pastor. The public is cordially invited to attend. The services of last Sunday were splendidly attended. At the morning hour the sacrament of the Lord's Supper was observed and Miss Mozell Hill sang sweetly, "I am a Pilgrim." The pastor preached a forceful sermon at the evening hour on "Jacob and his Ladder." Mrs. Eldridge Grymes of Memphis, rendered a solo.

The Yo-Pe-Mi-So had their regular meeting Monday, at the home of Miss Dorothy Granberry. After a short business session the meeting was turned over to the leader, Miss Mary Milner. She was assisted

Aroma Invites Taste.

The Mere smell of

Goldbloom Coffee

begets a desire to taste it, after which you naturally become a regular customer of it. We invite you to try a tin. If you can resist the combination of aroma and taste, you differ from other coffee lovers.

At All Grocers.

First Baptist Church

C. H. Warren, Pastor.

June 11 to 17

Friday, 7:30 p. m.—Opening devotional Brotherhood meeting, followed by lecture on "Training in Christian Service" by the pastor.

11:00 a. m.—Sermon by the pastor.

6:45 p. m.—All B. Y. P. U's.

8:00 p. m.—Sermon by the pastor.

Tuesday—7:30 p. m.—V. L. S. Orchestra practice.

Wednesday—7:00 p. m. Teachers' meeting, Room No. 4, at the church.

7:45 p. m.—Prayer meeting.

Thursday—Choir practice. Miss Goldsby, director.

We are glad to welcome a number of college boys and girls back to our city and the church life. It is a fine advertisement for any college for its students to return to their respective homes and take active parts in the various activities of the church of their belief during vacation season.

Mrs. Martin Nall was with us in our B. Y. P. U. last Sunday evening and gave a number of interesting readings during the opening devotional.

Mrs. Nall is an excellent reader and we appreciate her contribution to the program very much. We hope to have her with us again in the near future.

Trinity Episcopal Church.

104 Washington St.

Dr. A. C. Boyd, Rector

Second Sunday after Trinity.

7:30 a. m.—Early Communion.

9:45 a. m.—Church School. H. S. Stansbury, Superintendent.

11:00 a. m.—Matins and sermon.

7:30 p. m.—Evening prayer and address.

Everybody cordially invited to attend these services.

Church News.

Dr. Boyd will go to Clinton next Sunday for services at 3:30 p. m. Hereafter the regular service will be held every second Sunday at 3:30 p. m.

Mr. Wm. Coulter and wife motored to Tiptonville Sunday afternoon, taking Dr. Boyd and family for a drive.

Bob Binford returned from the State University last week and will spend the summer vacation with his parents.

"Chuck" Binford will attend the summer school at Murray this year.

Mrs. Don Taylor, while much improved, was not able to attend church last Sunday.

Ed Wade was again able to be at his post last Sunday, after several days of illness.

Miss Hattie May Godfrey spent last week visiting out of town. She returned in time to preside at the organ Sunday.

Bob Hubbard varied his usual busy week by superintending the dynamiting the Harris Fork creek-bed, last week.

While Bob is a busy man, he can always find time to "lend a hand."

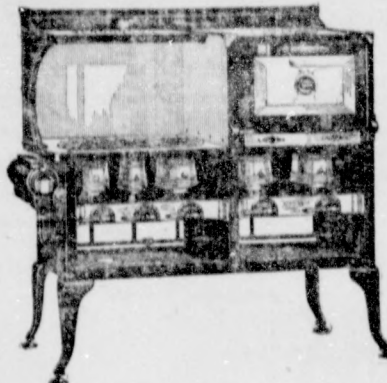

Dr. Boyd lectured on church architecture and customs of worship in the church last Sunday. Next Sunday evening he will lecture on the construction of the chancel and sanctuary and the customs of worship in the same.

The Woman's Guild has suspended activities until the first Monday in October. This is in accord with the usual custom to suspend during the very hot weather.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Bennett's Drug Store, Fulton, Ky.

When you buy John Deere implements you are sure of prompt repair service throughout their long life

Do Better Work With Less Effort

Many thousands of farmers know of the good work, easy handling and simple adjustment of the John Deere DG Cultivator. So easy to operate that your boy will do mighty good work with it.

You can cultivate all row crops with the DG, for the simply-adjusted arch permits a variation of 16 inches in the wheel tread.

The hugging device aids in holding the rigs to the row when hilling or "laying by" the crop, counteracting the tendency to drift either to or from the row. This does away with the hardest work of cultivating.

Simple depth control insures even cultivation—just a turn of the tail bolt does it.

Your DG is ready at our store. Come in and see it.

Improved cone coupling—no adjustment required except to take up wear.

Wheels have oil-tight, dust-proof bearings.

Pole does not extend behind axle—plenty of room for adjusting arch, rigs or shovels; provides good view of work.

Hang-up hooks attached to arch and are adjustable, up or down, in or out.
