FULTON FAIR— FIVE BIG DAYS

August 24, 25, 26, 27 and 28,
1926

As the time draws nearer for holding our county fair, many are busily engaged in planning their displays to capture the premiums offered. In the poultry department this year, the Fulton Poultry Association will offer added premiums sufficient for chicken raisers to make a special effort to exhibit thoroughbreds worth while.

The horticultural department will also be a pleasing feature this year and we hope to see many improvements over past years.

The floral hall also promises to surpass all former displays and will be an exposition within itself worthy of coming miles to see.

The big night show will be something new for Fulton, but with a full determination to give the public FIVE BIG DAYS AND NIGHTS, entertainment, August 24, 25, 26, 27 and 28, the fair directors will keep the big gate open from the time it opens Tuesday morning, August 24, until the curtain goes down on the last act, Saturday night, Aug. 28.

There will not be a dull moment during the entire five days meet of 1926. The exhibits will be grander, the races, faster and the entertainment the most enjoyable and of a higher class with several big free acts to keep things lively all the time.

You can't afford to miss this year's fair. Come and bring the family, tell your friends about it and all meet in Fulton for one glorious big time.

CERTIFICATES HIGHLY PRIZED BY POULTRY RAISERS

The merchants of Fulton have responded liberally to the request for contributions to the Fulton Poultry Association fund to be used this fall for prizes for winners at the county fair.

Last year the Poultry association did splendid work in obtaining a large list of entries, and there were more birds exhibited than ever before. This year it is hoped that the showing will be so far in excess of the last that the added room in the poultry pavilion will again have to be increased.

The prize list last year amounted to over a hundred dollars, and this year it will be considerably increased, while the giving of diplomas or certificates will be adhered to as was the case last year.

In several cases last year, the certificates seemed to be more greatly prized than the cash prizes, several exhibitors having declared their intention of framing these certificates.

The annual dues are now due and the secretary, H. S. Stansbury, will issue certificates of membership to all who renew their membership.

Prospective exhibitors should remember that their entries should be sent the secretary well in advance of the opening day, so that ample arrangements may be made for the proper display of all birds entered, and at the same time avoid the rush and annoyance of last minute entries and arrivals, which will have a tendency to make a proper display of the birds unsatisfactory. Watch the papers and send for your entry blanks as soon as it is announced that they are ready.

ENJOYS READING THE AD- VERTISER AT EIGHTY- FIVE

Mrs. M. J. Caldwell, of McConnell, was a pleasant visitor at The Advertiser office the past week and ordered the paper sent to her address for a year. Mrs. Caldwell is a fluent conversationalist and it is interesting to hear her tell some of her early experiences in this vicinity. Notwithstanding her advanced age of 85 years, she is as spry as most young women, and remembers distinctly when the first postoffice was established in Fulton. During the 60's she had some harrowing experiences of which she enjoys relating to her friends of the younger generation. She often wonders how she managed to escape with her life, but says the Lord was with her and she is here today enjoying His blessings. We wish for this good woman many happy days of sunshine.

MEETING

The East Fulton Circle of the W. M. S. met Tuesday afternoon, June 8, at the home of Mrs. A. H. Mohandro on Vine street. For the occasion the house was beautifully decorated with pot plants and cut flowers consisting of roses and lilies. The winners in a recent Ford and Dodge attendance contest were entertained by the losing side, the Fords, with a social. After a short business session, the entertainment committee presented a very pleasing program, consisting of two piano duets by Misses Gladys Bell and Maudelle Jones, several humorous readings by Miss Maurine Taylor and a vocal solo by William Irving Beil. A motor contest was then indulged in, eleven members tying for the prize. A drawing was necessary to determine the winner. Mrs. P. R. Binford drew the lucky number and was presented with a miniature Ford car. At this time the members were called on for their talent money. Twenty-seven dollars and ninety cents was received by the treasurer, this amount being raised by the talents of individual members. Mrs. J. V. Freeman and Mrs. Ben Norman contributed the largest amounts. At the close of the meeting, delightful refreshments, consisting of tea and sandwiches were served by the hostesses at which time Miss Gladys Bell at the piano and Miss Luella Wood with ukulele, rendered several musical numbers. Each member was presented with a bunch of sweet peas as a favor. Fifty three members, including several visitors were present and expressed themselves as having spent a very enjoyable afternoon.

Fred Brown, well known insurance agent of Fulton, son of Mr. and Mrs. J. H. Brown, died Monday morning at the Illinois Central hospital in Paducah where he was taken several days ago for treatment. It is said that while en route to the hospital, he suffered several severe hemorrhages from which he did not recover.

The remains of the deceased were brought to Fulton Monday evening and conveyed to the home of his brother, Leonard Brown, on Central avenue, from where the funeral was held Wednesday morning at 10:30. The Rev. L. E. Robinson of Dresden conducted the services, interment following in at Fairview cemetery.

The Fulton Undertaking Company had charge of funeral arrangements.

FRED BROWN PASSES AWAY

The concert on the street Tuesday evening given by Band No. 45, with director Sebra Evans in charge, was greatly enjoyed by a large crowd who listened to the program.

Some familiar airs and new selections were played. The members of the band are to be congratulated on the beautiful numbers rendered, and it can safely be said that Fulton has one of the best twenty-piece brass bands in Western Kentucky.

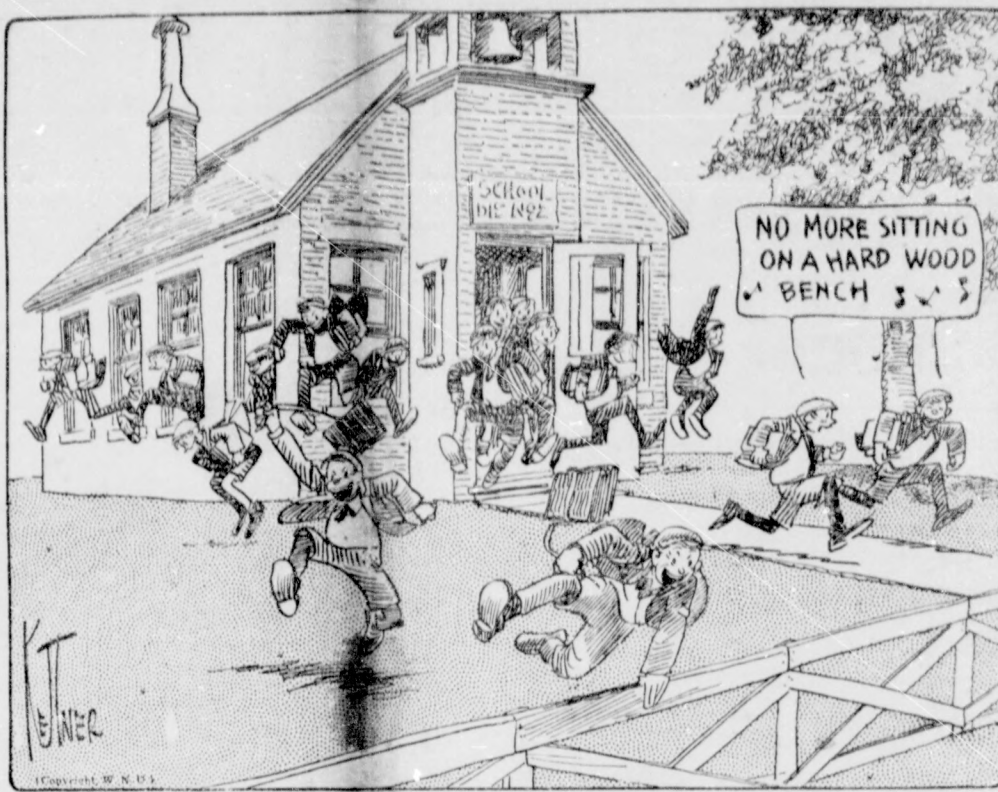

MARGARET CALDWELL ACCIDENTALLY KILLED

News reached Fulton Tuesday evening that Margaret, the pretty little 5-year old daughter of Luther Caldwell, of McConnell was instantly killed earlier in the day when some crossties fell on her while at play. The friends of the grief stricken deeply sympathize with them in the loss of their child.

Mr. and Mrs. T. J. Kramer, A. M. Nugent and T. M. Franklin, left Saturday night for Denver, Colo., where they go to attend the National Rotary Convention.

The Parisian Cleaning and Dyeing establishment is a new firm in Fulton located on Fourth street opposite the cigar factory. R. C. Peeples, son of Mr. and Mrs. D. J. The firm has a Hoffman pressing machine and other up-to-date equipment with which to turn out good work.

Mr. Peeples is well known in Fulton and has worked in some of the larger cities. He says he has a diploma and guarantees perfect satisfaction. All work is done promptly and at very reasonable prices. He asks that you telephone 14 when in need of cleaning, dyeing and pressing.

BAND CONCERT TUESDAY NIGHT GREATLY ENJOYED

WILL COMPLETE CONTRACT OCT. 1st

W. M. Hill & Sons, who have the contract for building the concrete bridges on the new highway between Fulton and Union City, report that they are progressing nicely with the work. It is a \$38,000 contract, and they have around 35 men employed on the job. There are five bridges to build, all of reinforced concrete. Three with forty-foot span, one with 30 foot span and one with 22 foot span. They figure on completing the entire contract by October 1.

This firm is not only large concrete contractors, but does an extensive brick manufacturing business. Their brick yards are located in the suburbs northwest of the city. More than 100,000 bricks were shipped out to neighboring towns during the past month, two carloads going to Clinton.

They manufacture an extra good brick which is largely in demand. This is one of Fulton's industries that brings in the cash and circulates it at home.

W. R. KETCHAM SUCCEUMBS TO STROKE OF PARALYSIS

After a long and busy life, William Redfield Ketcham died Saturday night in his seventy-third year, the victim of a stroke of paralysis, which he suffered June 2.

The deceased was born in Weakley county, Tenn., Aug. 13, 1852. He had been a consistent member of the Baptist church for many years and was highly esteemed by a large acquaintance. For some time, Mr. Ketcham had made his home with his daughter, Mrs. George C. Hall, on Eddings street.

Besides Mrs. Hall, deceased is survived by Mrs. A. L. Johnson, McKenzie, Tenn.; Mrs. F. A. Lewis, San Francisco, Cal.; Carol T. Ketcham, Leno, Ark., and C. J. Ketcham, of Fulton.

Funeral services were conducted by the Rev. T. F. Moore, Monday afternoon, at Concord church, near McKenzie, Tenn., interment following in the church cemetery.

CARD OF THANKS

We wish to thank the many friends and neighbors for their help and sympathy during the illness and death of our beloved aunt, Mrs. Callie F. Pirtle. Especially do we thank Dr. Wright for his faithful attention, also the Fulton Undertaking Company for their efficient service.

For the floral offering, we shall ever be grateful.
MRS. W. E. SMILEY,
MRS. J. E. WRIGHT.

PALESTINE CHURCH REBUILT

The first service held in the new church at Palestine was conducted Sunday by Rev. A. N. Walker. It was a beautiful day and a large crowd was in attendance. Rev. Walker was at his best and preached one of his soul-stirring sermons.

Some of the best people in this vicinity are members of this church and when their house of worship was destroyed by fire last November, immediate plans were made to rebuild on the same grounds, surrounded by beautiful giants of the forest. Sanders Brothers, of Fulton, were the contractors, who are being highly complimented by the church building committee for their excellent work. The building was practically completed several weeks ago. The seats will probably arrive this week and be installed before the next service.

BOY SCOUTS ARE ACTIVE IN THEIR WORK

Associated Press dispatches from Denver, Colo., on Monday carried the news that Boy Scouts were assisting the Rotarians of that city in handling the large crowds of delegates to the annual convention. Camps of Scouts and Highlander Boys have been established on all auto routes leading into the city and whenever a tourist car of Rotarians stops, a scout mounts the car and guides the traveler to his hotel or private house where he is to stop.

While we all know of the efficiency and adaptability of the Scout, this seems to be an added activity for these live boys, and it must bring a thrill to every one of the boys living in other towns and cities, to learn that the great organization of which he is a member, is assisting in making the visit of a stranger more pleasant in this way.

Some day, when we have hard roads through Fulton this particular line of activity may be utilized by the Scouts of Fulton, and just so much as these boys help in directing tourists, they will help in making Fulton known to the tourists of the country.

There seems to be no end to the splendid work that the Boy Scouts are doing all over the world. From the assisting of an elderly person in crossing a crowded street, to acting as policeman on the streets, directing traffic during some big celebration, or helping some doctor in an emergency operation. Hats off to the Boy Scouts.

The handsome new Mormon machine being driven by Mr. Sam T. Butler is admired by all who see it. Its speed limit is 90 miles per hour.

FULTON HAS AN OIL BOOM

Not since the derricks were taken down and drilling machinery removed from Fulton has the citizens given much attention to oil as it did last week when the entire city was thrown into a spasm and great excitement prevailed. When traces of the black fluid was noticeable in every direction. For hours, the operators at the telephone exchange were literally swamped with calls, the city officials were rushing hither and thither wondering what it was all about. Oil, oil, nothing but oil could be heard on the streets and in the homes. Stockholders of the oil corporation began searching for stock certificates in eager anticipation of big dividends. The oil craze was only overshadowed by the gigantic oil investigation at Washington. But Fulton had the real stuff, 85 per cent pure asphalt and black as the ace of spades, and it was not in spots, but trickling through the main arteries of our city water supply. Those who failed to get their share of the black fluid were fortunate when it finally leaked out that the source of supply was coming from the water plant.

The city had purchased a car of oil for street purposes, but the demurrage on the car growing larger and larger before it could be used, it was decided to use an old abandoned well or reservoir at the water plant to store it in. It happened that a pipe in the old well led to the reservoir in use and when the oil was emptied in the old well trouble began sure enough. However, with promptness and hard work the water mains over the city were thoroughly cleaned out and today no traces of oil can be found in the water and not a great deal that was spread over the streets, as the recent rains have caused it to vanish.

Evening services 8 p. m.
Prayer meeting, Wednesday 7:45 p. m. Lectures on the Old Testament.

This Sunday morning, the church will face its building debt. We owe \$4,000 on the new Sunday School annex. If this can be reduced to \$2,500 a loan from the United Christian Missionary society can be obtained at 4 per cent interest with five years to meet payment. This loan was procured some time ago but because of the extra indebtedness owing to installing new furnaces in both the old building and the annex, we have been unable to take advantage of the offer. However, the time has come when all indebtedness above \$2,500 must be paid off as the day of grace expires the first of August. Cash, or a promise to pay by August 1 will be solicited at the morning services with the understanding that no pledge is binding unless \$1,500 is obtained or promised by June 27. The committee in charge of the solicitation expresses its confidence in the church's liberality to meet the situation and pledge the required amount. A program of special music has been arranged for this service.

The subject of the sermon for Sunday evening will be "The Four Baptisms." This will follow the line taken in the sermon of last Sunday night.

The Sunday school attendance is holding up well. The Red Line on the attendance chart continues to move along above the Green line of last year's attendance. The summer season is always a problem to church workers and Sunday School officials. It takes every teacher and pupil working every day in the week to get out the scholars on Sunday. We are counting on our forces.

Senour's FLOOR PAINT

"It Penetrates"

The word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel. Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will withstand repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

SICKLY, PEEVISH CHILDREN

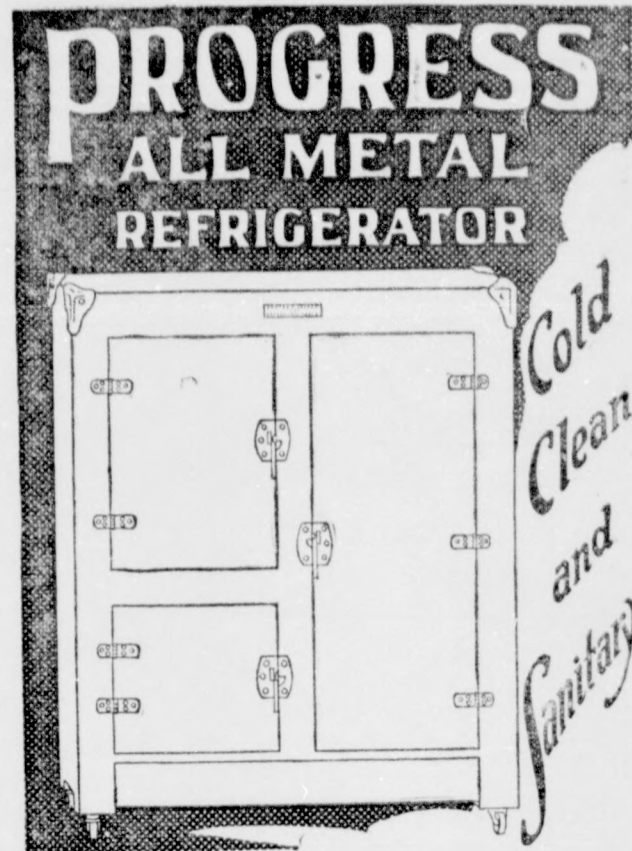

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 85c. Sold by Bennett's Drug Store, Fulton, Ky.

MRS. BURROWS BUTTER- WORTH HONORED

Mrs. Burrows Butterworth,
a recent bride, was honored
Monday afternoon with a
bridge-shower given by Mrs.
Guy Gingles at her home on
Fourth street.

Masses of daisies, sweet peas
and butterfly roses gave a
bright touch of color to the en-
semble and a soft light was cast
over the rooms by delicately
tinted lights.

The honoree received with
Mrs. Gingles, wearing a girlish
frook of peach georgette with
touches of lace and blue rib-
bon, with a large picture hat of
pastel shades.

Four games of bridge was
played, the bride's place being
marked by a beautifully de-
corated chair in pink and white.
Tallies were cupids with
bridal veil, sitting on wedding
rings, and the nut cups were
pink baskets with wedding
bells on the handles.

Mrs. Floyd Irby made high
score and was given a pretty
yellow boudoir pillow, while
the queen of hearts was cut by
Miss Ruth Fields, who received
an attractive vanity cushion.

Little Miss Mary Virginia
Wayne entered wearing a
frook of ruffled pink crepe de
chine, with Master Guy Gin-
gles, Jr., carrying a huge rose
which they presented to the
honoree, who extracted from
the heart of the rose the lovely
gifts and displayed them to the
guests.

Iced fruit punch was dis-
pensed during the game, and at
the close of the afternoon fro-
zen hearts, with cupids and in-
dividual cakes iced in pink

were served.
Miss Blanche Waggener and
Mrs. R. S. Williams assisted
the hostess in doing the hospi-
tality honors.

AFTERNOON BRIDGE

Mesdames L. O. Bradford
and Sarah Meacham were
charming hosts to a delight-
fully planned bridge party
Thursday afternoon at the
home of Mrs. Bradford on
State Line Street.

Mesdames H. T. Alexander
and B. F. Evans served deli-
cious iced punch on the porch
which was very attractive with
bowls of garden flowers. The
beauty of the lawn was en-
hanced by the beautifully ar-
ranged baskets of field daisies
where seventeen tables were
placed for the game. In the
final count, Mrs. Don Taylor
held high score, received a
hand made luncheon set; Mrs.
Ed Crockett won a pretty bou-
doir pillow for second high;
Mrs. Ray Graham was given a
telephone screen for low score,
while Mrs. Gideon Willingham
made the fortunate cut, secured
a boudoir pillow. At the
close of the game a lovely ice
course was served.

COMPLIMENTARY BRIDGE SHOWER

Mrs. Harry Murphy charm-
ingly complimented Mrs. Win-
free Shepherd, a recent bride,
with a beautiful bridge-show-
er, Friday afternoon, at her
home on Second street.

The rooms were a bower of
exquisite summer blossoms,
transforming them into a flow-
er garden by large baskets,
vases and bowls placed at ev-
ery vantage point. The colors
blended beautifully. Large
white wedding bells and pink
hearts finished the artistic
touch to the surroundings.

The central attraction in the
reception room was a beauti-
fully decorated chair with pink
streamers of tulle from a large
white bell, suspended from the
chandelier in which was seat-
ed the queenly honoree.

In the game of bridge, silk lin-
gerie was the prize for high
score, went to Mrs. F. G. Schae,
second high score, a beautiful

vase, went to Mrs. Don Taylor;
Mrs. Eugene DeMyer cut con-
solation, pretty hand made
handkerchiefs. Following the
game, Master Clyde Williams,
Jr., dressed in expressman's uni-
form, delivered an order and
key for the "Webb-Shepherd"
special car consigned to Mrs.
Winfree Shepherd. On arriv-
al, the car was opened, display-
ing the many beautiful gifts to
the admiring view of the com-
pany assembled. Miniature
wedding bells were drawn
from the heart of a large pink
rose as favors. The honoree
was charming in a model of
peach crepe remain. The host-
ess wearing pink lace with
touches of blue. Mesdames
Walter Shepherd, Arch Hud-
leston and George Beadles
served delicious punch in a
cozy corner of the porch.

In the late afternoon a lovely
ice course was served. About
sixty-eight friends enjoyed the
charming hospitality.

BYRN-ROSS

A wedding of much interest
was solemnized by the Rev. W.
T. Stubblefield at the First
Methodist Church, at Mason
Hall, Tenn., on Wednesday,
June 3rd, at 9:30 a. m., when
Miss Ardie B. Ross became the
bride of Mr. Aubrey L. Byrn,
of Memphis.

Preceding the impressive
ring ceremony a program of
nuptial music was rendered by
Mrs. E. L. Price of Jackson.
The bridal party entered to the
strains of Mendelssohn's Wed-
ding March. The bride was
lovely in a powder blue dress,
with hat and accessories to
match, and carrying an arm
bouquet of Sweetheart roses
and Sweet Peas, entered with
her matron of honor, Mrs. G.
T. Holland. The best man
was Mr. G. T. Holland.

Immediately after the cere-
mony an informal reception
was held at the home of the
bride, after which the happy
couple left for a motor trip to
Chatanooga and Atlanta. Af-
ter June 10th they will be at
home at 2539 Princeton ave-
nue, Memphis.

The bride is the attractive
daughter of Dr. and Mrs. Tom
Ross, of Mason Hall, while the

groom is a splendid young busi-
ness man, holding a respon-
sible position with Binswanger
Glass Company, of Memphis.

Mrs. Samuel Bennett At Home

The outstanding event on
Tuesday's social calendar was
the At Home of Mrs. Samuel A.
Bennett at her home on Vine
street, the hours were from
three till six o'clock.

A pink and lavender color note
appeared in the decorations with
the colorful lights and huge bas-
kets of graceful gladioli and
vases and bowls of sweetpeas,
with pot plants used in the back-
ground.

Mrs. Bennett's cordial greet-
ings were made in a frock of
peach crepe. Receiving with the
hostess were Mrs. R. S. Gregory,
of Greenville, Ky., Mrs. R. N.
Phipps of Jackson, Tenn., Mrs.
Otis Howard of Chicago, Mrs.
Boyd Bennett and Mrs. J. V.
Freeman.

The tea table was especially
attractive with an exquisite cover
of lace, silver baskets filled with
pink and lavender sweetpeas,
flanked by pink tapers in silver
holders and tea dainties in silver
dishes.

Mrs. Addie Nolen and Miss
Georgia Pierce were assisted in
serving ices by Misses Mary Niel
Carr, Mary Elizabeth Beadles,
Hazel Ridgeway.

An enjoyable musical program
was given by Misses Mayne
Bennett, Gladys Bell, Maudell
Jones, Louella Wood.

On the spacious porch chilled
punch was served by Mrs. Robert
White and Miss Sarah Catron
Smith.

In the library Mrs. R. M.
Belew and Mrs. Herman Snow
presided over the register.

Other ladies assisting were
Mesdames Sam Mathews, J. C.
Brann, Dick Bard, Will Whit-
nell, Chas. Burrow, Ernest Bell.
All of the ladies assisting were

beautiful frocks that vied with
the gay summer flowers and it
would be a difficult thing to say
which added most to the bril-
liancy of the scene.

About one hundred and twen-
ty-five called during the after-
noon.

Miss Evelyn Alverson arrived
home for her vacation and was
welcomed with outstretched arms
by her many friends. Miss
Alverson is a social favorite in
the smart set.

Mr. and Mrs. Russell Travis
and pretty little child, of Montic-
ello, Fla., are the guests of
Mr. and Mr. T. J. Travis on
Eddings Street.

DO YOU LOVE YOUR TOWN?

Do you love your town? Do you have any concern for its future? Would you like to see it grow, prosper and extend its trade and influence? If you do, then ask yourself these questions: "Do I help support and maintain its institutions? Do I encourage every movement looking to the upbuilding of the town? Do I speak a good word for the town and the people at every opportunity? Do I lend assistance to its industries? Do I patronize them? Do I fully understand the duties devolving upon me as a citizen?" If you cannot answer these questions in the affirmative, then you are not only a stumbling block but a detriment to any community.

Ignorance covers a multitude of sins that always find a fellow out in Fulton.

If automobile thieves flourish much longer they will soon have to begin stealing the same cars over again.

If you pine for a happy home give your wife an occasional opportunity to complain.

Of course, there is no law against fattening chickens on booze and then eating them.

In these days you can't make a man out of a monkey, and neither can you make a re-

spectable member of society out of a brainless idiot who gapes around on street corners and makes vulgar remarks about every woman who passes. Feeble minded degenerates should be in asylums for imbeciles, where they belong.

When a peppery old duck told his wife she had no sense, she meekly pleaded guilty to the charge and pointed to him as the greatest evidence of the fact.

The loud mouthed bully is heard—the gentleman is seen and known.

We thoroughly approve of Mrs. Coolidge when she says that the first duty of a wife is to look after her home and the comfort of her husband. That comfort stuff will sure catch the men.

Effective But Simple Dishes Now In Vogue

Something simple yet effective is the housewife's ideal for week-end dishes.

During the warm summer weather, women should not be compelled to spend hours in the preparation of meals, when minutes would accomplish the same purpose. Planning week-end menus should be a congenial task, not a bore. At this time of the year there are a variety of nutritious vegetables and fruits to choose from in preparing meals and the modern house manager takes advantage of them. The housewife plans her summer menus so that they will suggest coolness, while at the same time taking into consideration their dietary value. A delicious cream soup made from fresh vegetables, or an omelet, a fresh fruit dessert, or a custard, a dish of ice cream, or a pudding, are nourishing items that should find high favor in the week-end menu.

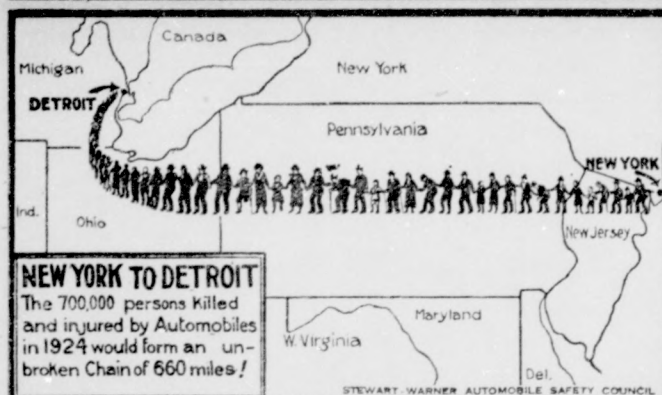

The home manager enjoys her week-ends 100 per cent more when she has a few moments of leisure. And in this connection the following recipes may prove an aid.

Creamy Salad Dressing.
1 cup boiled or milk
1/2 cup cream
1/2 cup mayonnaise
1 tsp. sugar
1/2 cup evaporated 1/2 cup fruit juice
Combine evaporated milk and cream, chill and whip. Add sugar and juice, then fold into salad dressing. Especially nice for fruit salads.

Chocolate Velvet Cream.
1 1/2 tsp. gelatin 1 tsp. butter
1/2 cup cold water 1/2 tsp. salt
2 eggs, beaten 1 tsp. flavoring
separate 1/2 cup evaporated
1/2 cup sugar milk combined
2 squares (oz.) with whipping
chocolate 1/2 cup whipping
1/2 cup evaporated cream, chilled
milk diluted with and whipped
1/2 cup water
Soak gelatin in water five minutes. Mix beaten egg yolks and sugar, pour heated, diluted milk over slowly, put in double boiler with gelatin, butter and salt. Cook until the mixture thickens. This takes about 15 minutes. Strain, beat 2 minutes, let cool. Melt the chocolate over hot water, let cool a little, then add the chocolate and vanilla to the mixture after it has cooled. Fold in the stiff egg whites, then the whipped cream. Turn into a mold and chill at least 3 hours. It may be chilled in individual dessert glasses.

Caravan of Death 660 Miles Long Is Nation's Auto Story

A CARAVAN of death and suffering 660 miles long is what the annual automobile casualties of the United States would form if placed in one continuous line. From New York to Detroit, painful mile on painful mile, this ghastly and pathetic human chain would reach. This graphic picture, prepared by the Stewart-Warner Safety Council for the prevention of automobile accidents, tells its own story. Twenty-two thousand killed annually by automobiles, and 690,000 injured is the present toll caused by thoughtless drivers and careless pedestrians. Only a small per cent of the accidents are due to defects in the cars or can rightly be called unavoidable.

FULTON'S BIG BUSY STORE

The Franklin Dry Goods & Clothing Co.

Incorporated

The Franklin Store Gains Prominence As Fulton's Trade Center.

It is needless for us to say that the above picture is a good likeness of the beautiful store building of The Franklin Dry Goods & Clothing Company, incorporated, on Main street, as practically every man, woman and child in a radius of twenty-five miles of Fulton know it at a glance, because they have visited it so often.

Measured by the excellence of its merchandise, The Franklin store is without a peer in this entire section of country. The principles upon which this store has been reared and nourished, which have given it its giant stature and sound constitution, are: straightforward dealing, fairest prices, best goods, and a civil and obliging store service, backed by alert enterprise and intelligent direction and management.

What The Franklin Store means to our city can hardly be estimated. We do know that hundreds of people of fastidious tastes come here from neighboring towns and quite a distance to do their shopping.

The amount of merchandise moved by this store every year would be marvelous indeed, were it not that people have grown accustomed to it. Sixteen thousand square feet of floor space is occupied, and around fifteen to twenty salespeople employed.

A great many visitors to Fulton make it an especial point to see this store, even if they are in the city but a day or two. They all declare it is among the most interesting "sights" to be seen in the city. Patrons having friends visiting them will find it pleasant for their guests to include a visit to Franklin's as a part of their entertainment. Many of out-of-town people are thus shown through this store every month.

Franklin told you so! And the rush to get ready for hot

weather commenced June 4, when they broadcasted their great June Expansion Sale, and thousands tuned in and took advantage of their opportunity and the rush is now on. Of course, the character of the goods and splendid values have something to do with the rush, but summer hung her banners in the skies and the response was instant. This is a glad world if you will only tune in. It is the time for June brides; the roses are in full bloom, and the laughing daisies say "Cheer up! Cheer up!" This is the merchandising mood of the Franklin store, and you will find it as profitable to trade here as it is pleasant.

The season's newest novelties are here, many of them—and many more are coming in daily. The store is crowded with shoppers. A tacit acknowledgment of the style leadership of this store, and which has been won on merit alone.

Judging by past achievements, expectancy prophesied great things at the Franklin store this season and expectancy has not been disappointed. Today this store invites to a display of fashions as distinctive, as exclusive, as irresistibly charming and beautiful as can be seen anywhere. More lavish displays may be found in New York, but none that have been selected with greater discrimination, and in more thorough attune with the tastes of a refined and cultured clientele than at this store. No wonder the special program broadcasted for their Great Expansion Sale during the entire month of June is attracting attention for miles around.

For value-giving it is a challenge to the surrounding country and especially to the lovers of the beautiful.

The Franklin store is a tremendous asset to Fulton. It is one of the leading mercantile establishments of Western Kentucky. There is a note of refinement and taste from the ground floor to the skylight. The stocks in every department

possess three great essentials—individuality of style, quality and reasonable prices, and all persons who shop there cannot help but be richly rewarded for their visit, because the high values and pronounced savings are indeed remarkable.

"Satisfaction guaranteed or money promptly refunded." That is the principle that has built this business and established this store in the confidence of the buying public. They satisfy their customers, no matter what the cost, nor how much the trouble. The matchless values they are constantly offering, the efficient service that they place at your disposal, the liberal assortment that they lay before you, are all important factors in the success of the Franklin organization. Still, none is of such great importance as the fact that they guarantee you satisfaction, or failing in that, which is exceedingly rare, refund your money without quibble or delay.

The Franklin store is not a new mercantile establishment in Fulton. On September 14, 1901, T. M. Franklin established a dry goods, clothing and shoe store in the Meadows block, and in 1909 perfected the organization and incorporated the Franklin Dry Goods & Clothing Company, moving into their handsome new home on Main street, September 10, 1916.

During these years of prosperity and growth, Mr. S. T. Butler, vice-president of the company, and Mr. C. W. Binford, secretary and treasurer, have been closely identified with Mr. Franklin, in every laudable movement undertaken by the firm—all working in unison with the same ideals of serving the public to perfection.

Every day this store wins new friends—discriminating buyers who have been taught by sheer force of values and qualities, that it is to their interest to trade here, and to familiarize themselves with new fashions, new fabrics, and other new wear-things and home-things for the season that

reigns with the dawn of tomorrow.

In passing through the store and viewing the beautiful surroundings, we chanced to meet Mr. Franklin and questioned him as to the gigantic growth of the business. He was busy making preparations for a few weeks' vacation in Colorado, but took time to say, "There is room for such a store in Fulton or we would never have grown so large. Growth in our case is not simply expense—keeping thousands of the same thing, but growth in novelty and variety, the paradox of growing large, yet exclusive. Just merchandise—else this week's great throng of customers would not have been able to move about comfortably. Just merchandise—yet in every section of the store there is something that everybody is especially anxious to see; for the new things are pouring in. Just merchandise—though embracing so much of novelty; revealing so many new ideas; illustrating so diversely the outcroppings of genius; embodying so fully the beauties of the world's work, that all is resolutely into an educational institution. Whatever is to be learned of modes and fabrics, of colors, of design, of art and utility—in short of correct things for personal or home use—is best learned here. To show the freshest and best the world produces, to show it with most careful regard for the enjoyment and convenience of our visitors, to sell it at the lowest possible prices and serve promptly and intelligently—this sums up our method of storekeeping. As for the store-home itself, comfort above everything. If need be, architectural beauty is sacrificed to this. Our growth has been great, the increase steadily cumulative—simply through the right buying and selling of good merchandise."

No one can possibly doubt Mr. Franklin's assertions after visiting the "Big Busy Store," and seeing the crowds taking advantage of the good values

in their June Expansion Sale. Listen! Tune in!

A FOURTH OF JULY 'WEEK'

The Fourth of July will have an added significance this year on account of the Declaration of American Independence, and the centennial of the death of its author, Thomas Jefferson.

For patriotic communities that wish to commemorate fittingly the unusual occasion, the Fourth of July is to be more than a day, as a whole week is to be devoted to the celebration, covering all phases of the memorable occasion.

More thought ought to be given to the meaning of the Fourth of July because the celebration has come to be meaningless to a large majority of the people—just an opportunity for a holiday and a chance to make noise.

Beginning Monday, June 28, Patriot's Pledge of Faith Day will be celebrated in honor of the 150th anniversary of the day the Declaration, drafted by and in the handwriting of Thomas Jefferson, was first presented to the Continental Congress. While the mayor of Philadelphia is ringing the Liberty Bell at 11 a. m., it is suggested that governors and mayors throughout the land ring bells as the "Echo of the Liberty Bell."

Tuesday will be Universal Education Day in honor of the great American system of free education which Jefferson aided in establishing and Wednesday is Founders' Day, in recognition of the noble efforts of those who built upon a solid foundation the beginnings of a government destined to lead the world.

Thursday will be Greater America Day to celebrate the Louisiana Purchase by Jefferson, and Friday will be Signers' Day, in honor of the memory of the brave signers who proclaimed to the world a new doctrine of government—the immortal Declaration of Independence.

Saturday is to be Monticello Day to commemorate the establishment of the home of Jefferson as a national memorial to the author of the Declaration of Independence. Sunday has been designated as Jefferson Centennial Day, as this is the hundredth anniversary of his death, and Monday, July 5, is to be known as Sesqui-Centennial Independence Day in honor of the 150th birthday of the nation.

This is a program that is deserving of the best efforts of every community as it gives an opportunity to impress upon the young generation our obligation to those who built so wisely that we might enjoy liberty and happiness to the extent never before known in the history of the human race.

CROSSROADS OF MANHOOD

Young men budding into manhood should remember that it is just as easy to go straight as it is to be crooked. There is everything to gain by going straight and everything to lose by being crooked.

Parental influence has its effect, but a youth approaching the crossroads of manhood makes his own choice as he enters the great maelstrom of life. He has reached the age of self determination and is resentful of interference with his desires.

At this age it is well for him to remember that the man who is successful and honored today is the one who chose the straight path and denied himself the fictitious indulgencies of youth, while the one who is without honor and without fortune followed the gilded will-o'-the-wisp to the destruction of his manhood and of his hopes.

There is no middle of the road course.

No, sister, the gink who put the jazz into music didn't put it in after all. He just crowded the music out.

Know Your Cook Book, Girls, Advice of Diva

Margery Maxwell, prima donna with the Chicago Civic and Ravinia opera companies, and who enjoys the distinction of being among the first American girls to be recognized in grand opera circles, takes particular pride in her culinary skill. Cooking, in her estimation, is a fine art which is rapidly being lost.

Margery Maxwell

"Doubtless one of the big reasons for this condition is that modern young men don't expect the girls they marry to know much about cooking," said Miss Maxwell.

"In the future, before man pops the question, he's going to find out whether the girl knows what calories are and whether she's wise to the elements of a balanced diet."

"A few questions before the minister asks, 'Do you take this woman?' would save a thousand recriminations later."

There are certain dishes to which Miss Maxwell is partial. As she explains them, they are readily prepared. Miss Maxwell uses for:

Maryland Chicken.
Two 2½ lb. chickens (broilers)
Salt
Pepper
1 cup evaporated milk diluted
2 tsp. flour

Dress, clean and cut up chickens. Sprinkle with salt and pepper, dip in crumbs, egg, and crumbs. Place in a well-oiled dripping pan, and bake twenty minutes in a 450-degree oven, then reduce the temperature to 350 degrees F. and cook until tender about twenty minutes longer. Baste every ten minutes during cooking with ½ cup melted butter. Remove to platter and pour around a cream sauce made of fat in dripping pan, the flour, diluted milk, salt and pepper.

Asparagus en Fri.
1 bunch fresh asparagus
6 rounds toast
½ cup evaporated milk diluted
½ cup grated cheese
1 tsp. salt
2 tsp. butter
2 tsp. flour
1 tsp. salt

Prepare a white sauce of the butter, flour, salt, pepper and diluted milk. Cook the asparagus in boiling salted water. Drain and add to white sauce. Place a poached egg in center of toast. Pour asparagus around the egg and 2-milk grated cheese over top of all. Serve at once. Serves six.

CARE OF CONVALESCENT IN SUMMER

For those who are just recovering from a serious illness the problem of food is a serious one. The patient, though well on the road to recovery, is usually weakened by the rigors of disease and the excessive heat is wont to sap his energy. Hence, the foods that are consumed during this period should be considered carefully as to digestibility, food value, ease of assimilation, purity and sterility. These are important in any food but especially so when the consumer is not strong and healthy.

In most cases, the one who is convalescing consumes milk in large quantities. This food contains all of the elements that are essential to the body. If milk is pure and germless, it is easily digested and assimilated.

Where the milk supply is uncertain or the quality not of the best, evaporated milk should be employed. It is sterile; it is just pure milk with about sixty per cent of the water removed. Its double richness may be modified, if desired, by the addition of water or it may be used just as it is, where rich, creamy dishes are desired.

Many people make the mistake of confusing evaporated milk with condensed milk. They are not at all similar in appearance, composition or taste. They cannot be used for the same purposes; condensed milk is a combination of sugar and milk; evaporated milk has no added sugar, being pure milk of double-rich quality and food value.

Following are recipes of easily prepared dishes and foods that are well suited for the invalid and the convalescent.

Loganberry Cream.
½ cup evaporated milk
½ cup water
½ cup loganberry juice
2 tsp. lemon juice
Pinch salt

Put all ingredients in a Mason fruit jar and shake thoroughly. Chill and serve in glasses filled ¾ full of ice chips. Raspberry, blackberry, and cherry juice may be used instead of the loganberry.

Iced Cocoa.
1 tsp. cocoa
1 tsp. sugar
½ cup water
Pinch salt
½ cup evaporated milk diluted
½ cup water
½ tsp. vanilla

Mix cocoa and sugar thoroughly and add the ½ cup water and boil over a low flame for 15 minutes. Scald the diluted milk and add cocoa syrup and salt. Continue cooking for 15 minutes in double boiler. Add vanilla. Chill and serve with whipped cream.

MARTIN HAS BIG JULY 3 CELEBRATION

Martin will have a big independence day celebration, Saturday, July 3, which is the seventh annual celebration of this kind. Each year 15,000 or more people go to Martin on this day. This year they have for July 3, three rides—Ferris wheel, midway thriller and merry-go-round, together with 45 shows and concessions to interest visitors. A 35-piece band will entertain the crowd, and free daylight fireworks will be fired at 9:00 a. m., and big night display of fireworks.

The celebration opens at 7:00 a. m., and at 8:00 a. m. o'clock 500 free tickets to the rides will be sent up in balloons to drop for the children. The celebration is being held in the Illinois Central Community Park and Playgrounds, six acres of shade and seats with drinking water and ladies' waiting room. All playground apparatus, including wading pool, will be open to the children. Other features are the big baseball game at Harmon Field, and the patriotic speech of W. W. Craig, of Ripley, Tenn., calling attention to our sesqui-centennial celebration of Independence.

Martin expects 20,000 people this year, and it is a good place to go to spend the day. All rides and shows will be there the week of June 28 to July 3, and Saturday, July 3, will be the real celebration day.

Let Us Show You What We Can Do

Eat Less and Live Longer, Says Lawyer

By W. W. O'BRIEN

(Noted Criminal Lawyer of Chicago.)

Business and professional men working under high nervous pressure do not live as long as men whose pursuits keep them out of doors and active. Examine the records of longevity and you will find that on the average the longest-lived men are soldiers, sailors and farmers, all vocations which tend to keep a man at his physical best.

Man, in general, rolls down the hill of life fastest when his figure is rotund. "Leanness and longevity" is a good axiom for business men to remember. If office workers would eat a little less, they would add years to their lives.

Overfeeding is as dangerous to adults as underfeeding is to children. Foods difficult to digest, or which overstimulate, should be avoided by persons whose work does not require any particular amount of physical exercise. Yet thousands of business men eat as much as or more than men who do manual labor. And, inevitably, nature rebels and sickness results.

Many of the country's foremost executives eat but two meals a day—breakfast and dinner in the evening. They seek to keep the organs of the body from becoming clogged. Thousands of other business men engulf themselves at noontime to enormous buffets, soups and other sustaining dishes made with milk or evaporated milk, which is milk in its most sterile form, from which 60 per cent of the water has been removed by evaporation. Such a diet is light and readily assimilated.

There is no more necessary lesson to be learned by the brain worker than how to keep well and healthy by proper attention to food habits.

Sunday School ' Lesson '

(By REV. F. M. FITZWATER, D.D., Dean of Day and Evening Schools, Moody Bible Institute of Chicago.)
(C. 1924, Western Newspaper Union.)

Lesson for June 20

JUDAH'S PLEA

LESSON TEXT—Genesis 44:18; 45:15.
GOLDEN TEXT—A broken and contrite spirit, O God, thou wilt not despise.—Ps. 51:17.

PRIMARY TOPIC—Judah's Love for His Brother and His Father.
INTERMEDIATE TOPIC—Judah's Unselfish Offer.

INTERMEDIATE AND SENIOR TOPIC—Standing True to Our Home Folk.
YOUNG PEOPLE AND ADULT TOPIC—Loving Devotion to Our Kindred.

The lesson subject should not be, as suggested by the lesson committee, Judah's plea, but rather Joseph's forgiving love. The emphasis should not be primarily upon the sinning and penitent brothers, but upon the magnanimous and forgiving brother, Joseph. 1. Joseph's Elevation to the Premiership of Egypt (41:1-44).

The circumstances which led to his elevation from prison to the position of prime minister were:

1. The dreams of Pharaoh's butler and baker (ch. 40).
Those were two very important officers in Pharaoh's court. Their business was to provide the drink and food of the ruler and of his household. It was most important not only that proper food and drink be provided, but that the monarch should be protected against poisoning. These officers had disturbing dreams. He interpreted their dreams.

2. Pharaoh's dream (41:1-13).
For two full years Joseph remained in prison forgotten by the butler. Pharaoh's dream of the fat kine and the lean one and the full ear of corn and the blasted one brought to Joseph the great opportunity. The failure of the wise men of Egypt to interpret this dream caused the chief butler to remember what Joseph had done for him, whereupon Pharaoh brought Joseph out of the prison. He made known to Pharaoh that it meant seven years of plenty, followed by seven years of famine, and suggested that a part of the produce of the land be stored up during the years of plenty, that there might be food for the people in the famine period. The plan appealed to Pharaoh as feasible. Therefore he assigned the task to Joseph and invested him with authority to execute it.

II. Joseph's Harsh Treatment of His Brothers (42:1-4; 43:17).

Driven by sore need his brethren came to Egypt for food. To test them, Joseph

1. Accused them of being spies (42:9-17).

He cast them into prison and demanded that their youngest brother be brought as a proof of the truthfulness of their word.
2. He kept Simeon as a hostage. Because he feared God he sent the rest home with provisions for their families.

3. Benjamin's peril (44:2,12). By a clever device Joseph's cup was placed in Benjamin's sack and was used as an occasion for bringing them back on the charge of theft. Convicted of their sins Judah pleaded for the release of Benjamin.

III. Judah's Plea (44:18-34).

1. For turning away of Joseph's anger (v. 18). He recited the history of the family and their coming to Egypt and appealed on the basis of the effect upon Jacob, their father. If Benjamin was not permitted to accompany them home.
2. That he himself might be kept in slavery instead of Benjamin (v. 33).

IV. Joseph Reveals Himself to His Brethren (45:1-15).

1. He declares his identity (vv. 1-3). This act on the part of Joseph troubled them. It ought to have made them glad. This not only affords a beautiful example of forgiving love, but most beautifully illustrates Christ's dealing with His brethren, the Jews.

2. He bids his brethren come near (vv. 4-8).

When he revealed himself to his brethren, the remembrance of their sins pierced them through. Joseph's first question was about his father, showing that his desire was to put their thoughts far away from their crime. He invited them to come near to him and assured them that God had overruled their crime for their salvation.

3. Joseph sends his brethren away with good news (vv. 9-15).

As soon as Joseph's brethren knew him and were reconciled to him, they were sent with the glad tidings to their father. As soon as the Jews came to know Jesus Christ as their Messiah, He will send them away to the ends of the earth with the good news of His saving grace.

Better Feeding and Care of Hens Net More Profit

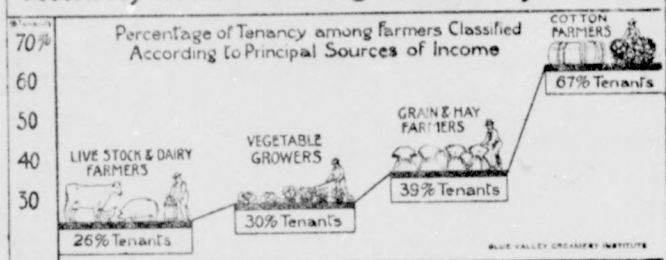

\$140 More Profit Per Hen Through Better Methods

THE HEN is one of the best money makers on the farm and the back yard of the country when she is well bred, well fed and comfortably housed. The Blue Valley Creamery Institute after a careful study of the 1925 poultry situation. The above chart, prepared by the Institute, tells its own story. It shows the results of culling poor layers from the flock, feeding them a balanced ration and keeping them in a modern type, fresh-air poultry house. Flocks of poultry properly cared for make three times as much profit per hen as flocks handled carelessly. The Institute experts state: Pure-bred flocks of known production ancestry should be used. Chicks should be hatched so they will be matured and laying before the high-price egg season. Only healthy, strong, high-bodied pullets and hens with deep bodies and widespread ribs and pelvic formation should be used in the laying and breeding pens. Skim milk has been found to be the cheapest source of egg-making proteins that can be obtained on the average farm.

Most Dairymen Own Farms, Tenancy Survey Reveals

Tenancy Lowest among Stock & Dairy Farmers

LESS tenancy is prevalent among dairy farmers than any other type of farmer, is the declaration of the Blue Valley Creamery Institute after a complete study of the percentage of tenancy among farmers classified according to the principal sources of income based upon census Bureau reports. One alarming element of the survey is that farm tenancy is increasing out of proportion to the total number of farms. According to the census of 1880, 25.6 per cent of all the farms were operated by tenants; in 1890, 28.4 per cent; in 1900, 35.3 per cent. During these forty years the total number of farms increased 61 per cent, while the number of tenant farmers jumped 139.6 per cent. The total number of farms operated by owners only showed a gain of 33.8 per cent. Cotton farming leads in the percentage of tenancy, the Institute finds, because of the large number of "croppers." The percentage is also high in the case of other cash crops, which require only a limited investment. The short term leases do not permit the tenant to engage in dairy, live stock or fruit farming to advantage. And the cream cow is, after all, the greatest friend that the tenant farmer can tie to. She produces ready cash, regularly every week. The larger investment also is a handicap, as the tenant usually has only a limited amount of capital. In live stock and dairy farming long-term leases are required.

Child's Health Maintained By Wholesome Diet

Modern educators are leaning more each year to the old Greek idea of rearing the citizens of the future. They are working on the principle of "a sound mind in a sound body."

Good health is built primarily on the foundation of right food. The sort of food the child has determines to a large extent the fitness of the man or woman.

Children have to be taught to like the foods that are good for them much in the same way that they have to be taught arithmetic and history. Boys and girls are not born with any particular desire for cereals or for bread. It's up to their parents to see that they learn the rudiments of a balanced diet and the reason for such a diet. Firmness and patience are often necessary in the teaching, but the job must be done.

Many mothers unconsciously put their children under health handicaps by allowing them to use their own discretion in the matter of eating candy, fruit, nuts and cookies. By so

doing they set a precedent in the matter of other foods and make the teaching of good nutrition harder.

One or two articles are not enough to supply a child's needs for a meal. In order that there be normal development, there must be variety.

Fresh eggs, whole cereals, fruits in season and leafy vegetables should occupy an important part in the growing child's dietary. Then, too, a certain amount of concentrated food is necessary for children, because rapid growth whets their appetites to a razor edge, so that they crave more food than their systems can well dispose of. Evaporated milk, diluted with orange juice as a drink, or in custards or other baked foods, is especially beneficial for the growing child for the reason that it is concentrated to double the richness of ordinary cow's milk and is entirely sterile as well. The can of evaporated milk solves the problem of obtaining perfectly pure milk, as well as the problem of lack of refrigeration facilities, since this type of milk will keep indefinitely in the can.

Foreign Dishes Bring Added Zest to Dinner

By MRS. WM. C. POST

Height of my culinary ambition always has been to make dinner each day a gastronomic poem, rounded and perfect like a stately rhyme. A meal that pleases eyes, nose and palate alike!

A well-turned dinner is like a pretty woman in that it unlocks men's hearts with a magical key. Exotic dishes give a tang of other lands to the dinner table. Things foreign awaken the romantic sense. Taste of codfish à la Benedictine transports one for the minute to the Montmartre in gay Paris. A dash of Piroshki and we are supping in a quaint cafe on the Nevsky Prospekt in Leningrad, while the crunch of English tea cakes may bring visions of the rolling moors of Saxony.

As an aid to the housewife in carrying out this new and fascinating idea in cooking, the following of my recipes may prove of particular interest:

Italian Polenta.

3 cups hot-boiled 1½ tsp. butter, rice or mush, or olive oil.

Beat the butter into the mush while hot. Turn onto a hot serving plate and pour over the following cheese sauce:

Cheese Sauce.

2 tbsp. fat ¼ cup evaporated milk diluted with ¼ cup salt ¼ cup meat stock ¼ cup grated cheese

Melt the fat, add the flour, salt and pepper, and stir until the mass is smooth. Add the diluted milk and cook in a double-boiler. Stir occasionally to keep smooth. Add grated cheese to the hot sauce and stir until melted or about three minutes.

Butterfren Kuchen.

1½ cups sugar ¼ cup flour ¼ cup butter 4 tsp. baking 2 eggs, separated powder 1-2 cup evaporated (grated rind of 1 milk diluted lemon with Chopped or sliced almonds

Cream butter and sugar, add yolks of eggs and the lemon rind, stirring constantly. Mix flour and baking powder, add to the butter mixture, alternately with the milk and heavily stir in the stiffly beaten whites of eggs. Place in well-greased shallow coffee cake tin, sprinkle with granulated sugar, cinnamon and a few almonds, sliced fine or chopped. Bake in a moderate oven.

This extra precaution and insurance toward cleanliness costs no more.

Why not take advantage of this extra day each week by sending the family wash to "The Home of Cleanliness?"

Choose one of our family wash services and make a holiday out of the wash day, with a guarantee for every precaution in safeguarding your clothes.

Buy across the Counter

WHEN you buy across the counter in the stores of this town, you are using good business judgment. Why? There are many reasons, but one of the most important is this:

You can buy what you want at the price you wish to pay! You are not obliged to accept "something just as good," because you are in a position to compare values and make your own selections.

When you trade at home you are helping your friends to help you! And there is no finer thing in life than neighborly co-operation. It always pays—in happiness and satisfaction as well as dollars and cents.

Epworth League, 6:15, Jr.; 7 p. m., Sr.

Prayer meeting, 7:45 p. m. each Wednesday.

Preaching 11 a. m. and 7:45 p. m. by the pastor. All are invited to attend. Special music by choir.

Sunday services were good, and well attended.

Miss Mary Elizabeth Beadles favored those present at the morning hour with a solo.

Rev. Williams, the conference Sunday school secretary, preached at the evening hour.

The Warner Blackbirds met Monday at the home of Mrs. S. L. Brown on 5th street, with Mrs. Sam Edwards, assistant hostess. The meeting was called to order by the president, Mrs. Scruggs, and opened with song, "What a Friend We Have in Jesus," followed with prayer by Mrs. Hardin. The minutes were read and approved and dues collected. Each officer and superintendent of departments gave splendid and encouraging reports for the quarter ending July 1.

91 members reported now on roll. Mrs. Graham McDonald assisted by Mesdames Payne and Robertson, presented interesting facts from the monthly bulletin. The meeting was then turned over to the leader, Mrs. Joe Beadles and the study of the Life of Christ was begun.

Mrs. Hattie Bullock Hall, of Clinton, sustained a fall a short while ago from which she is slowly recovering, being now able to sit up and be out on the porch.

Owing to the threatened rain of last Sunday, Dr. Boyd made the trip to Clinton by train, and as he could not return in time to open the evening service, Mr. Stansbury read the service, until the doctor's arrival.

Dr. Boyd held a quiet baptismal service at the church last Thursday.

Dr. S. C. Beech, chief sanitary officer of the Illinois Central, was a visitor at Trinity, Sunday evening.

Miss Kallena Cole substituted as teacher of Mrs. Miles' class, Sunday, as Mrs. Miles was absent.

There was a good attendance at the early morning Communion service, Sunday. This service will be continued as long as the attendance warrants.

The infant child of Mr. and Mrs. Alvin Shoup fell one day last week while holding a glass to its lips and badly cut the lower lip, two stitches being required.

Mrs. J. M. Hoar writes from Memphis that she is improving in health and hopes to be home soon.

Mr. and Mrs. David Johnson, of Clinton, visited friends in Fulton last week.

Mrs. David Johnson, of Clinton, is suffering from an acute

attack of sciatica.

Mr. George Hutcheson, of the Hutcheson Lumber Company, is spending part time in Fulton at the mill.

Work on the roof of the porch and study of Trinity was started this week, and it is hoped that the leaks will be permanently stopped and that Dr. Boyd will be able to occupy the study and get his large library unpacked, soon.

Mr. Steve Wiley and mother have returned from Atlanta, where Mr. Wiley has been in law school. We are glad to have them spend their vacation in our midst, and we appreciate their contribution to the church life; especially Mr. Wiley's place in the choir. We had the pleasure of hearing him in a solo last Sunday evening, which was very much appreciated.

During the morning devotional Mrs. Eldridge Grymes of Memphis, favored those present with a solo. Mrs. Grymes is a talented musician and it was a genuine pleasure for her many friends to have the opportunity of hearing her Sunday morning.

Mrs. C. H. Warren and children are spending this week with home folks. We miss them while away.

The members of the V. I. S. Sunday School class are doing quite a bit of work at the church this week, preparatory to moving into the new quarters. This is a wide-awake bunch of young men.

After an inspiring devotional service conducted by Mr. Walter Valentine, the Brotherhood heard one of Bro. Warren's most instructive lectures on "Making and Spending Money" on last Friday evening.

The concluding lecture of the study course was given Tuesday evening of this week, Mr. F. H. Hillyard directing the devotional. The Brotherhood will convene in its regular meeting on Friday of next week. All members urged to be present.

Do Better Work With Less Effort

Many thousands of farmers know of the good work, easy handling and simple adjustment of the John Deere DG Cultivator. So easy to operate that your boy will do mighty good work with it.

You can cultivate all row crops with the DG, for the simply-adjusted arch permits a variation of 16 inches in the wheel tread.

The hugging device aids in holding the rigs to the row when hilling or "laying by" the crop, counteracting the tendency to drift either to or from the row. This does away with the hardest work of cultivating.

Simple depth control insures even cultivation—just a turn of the tail bolt does it.

Improved cone coupling—no adjustment required except to take up wear.

Wheels have oil-tight, dust-proof bearings.

Pole does not extend behind axle—plenty of room for adjusting arch, ties or shovels; provides good view of work.

Hang-up hooks attached to arch and are adjustable, up or down, in or out.

Your DG is ready at our store. Come in and see it.
