The churches composing Circles No. 7 and 8 will meet, by messengers, with the Mt. Zion Church, at Kelly's Station, on Saturday and Sunday next, from 10 a. m. to 2 p. m., each day, with dinner on the ground at noon. Rev. J. T. Barrow will preach an introductory sermon on Friday evening. Messengers from churches from a distance will be entertained.

Republican County Convention.

The Republicans of this county will hold preliminary to select, but not instruct, delegates to attend the county convention, the following Monday which will nominate candidates for State Senator and representative. In connection with the race for the former office we have heard the names of E. G. Seaborn, James Breathitt and A. H. Clark mentioned, and for representative Seaborn, Ned Campbell, James Breathitt and Ed. Glas, col. have been mentioned.

The Callis Railroad.

The seven gentlemen of Callis, whose wealth aggregates over half a million and who recently went to Dr. Kelley of the O. V. railroad about sending his road through that place, have received the following reply:
"Thos. H. Grimmer, W. C. White, Jno. L. Street, and others—Gentlemen: I am in receipt of your esteemed favor of the 7th, which has been carefully considered.
Our engineers, who are familiar with the country, report that it will be very expensive building a road to Callis; but before definitely locating the line, we will have more thorough examination made by our engineers, and if warranted in doing so, will have a survey made to determine how near we can run to Callis.
Very truly,
F. G. KELLEY."

"New Era" Machine.

By a special contract with the manufacturers we have arranged to furnish subscribers to the New Era with a first-class sewing machine at net factory prices. The combined prices for the two styles of the machine, \$18 and \$20, with a year's subscription to either "The Weekly" or "The New Era," are from \$15 to \$30 cheaper than such a machine alone can be bought. We have them made to order, advertise them extensively and knock off the dealer's profit for the benefit of our subscribers. Why do we do this? Simply and solely to swell our subscription list. If you want a sewing machine why not come in, save money on the machine and get the New Era—and a ticket in our big drawing—thrown in? We have the machine on exhibition at our office. Call and see it before you buy one. If you like it, take one, if not there is no harm done. See advertisement.

Monument Medals.

Howe & Galbreath have on sale the beautiful "Monument Medals" which they are rapidly disposing of at 25 cents apiece. The proceeds of the sale are to go into the hands of the executive committee to defray the necessary expenses of the unveiling. The medals are made of white metal exquisitely designed. The whole is a bar beautifully decorated with wreaths. The medal is suspended from the bar by a ribbon of the national colors. The medal itself is a host the size of a silver dollar. On one side is a cut of the monument with the inscription "Erected to the Unknown Confederate Dead" by a surviving comrade, Hopkinsville, Ky., May 19, 1887. On the other side are the words "History will preserve the heroic record of the dauntless spirits to whom this monument was erected."
Everybody should purchase one of these beautiful souvenirs.

A United States Deputy Marshal with a posse of picked men and the deputy Collectors of this district have bivouaced in Metcalfs' county to make a raid on some bold and dangerous moonshiners. Messrs. Gus Moore and Tom Buckner are with the party.

We were handed yesterday a card signed by Hon. U. A. C. Holt in which he denies "being in any way connected with the alleged conspiracy to defeat Gen. Buckner and denounces the whole story as a 'campaign lie' trumped up for election purposes."

Owensboro Inquirer: "Thos. W. Gunn, of Trigg county, was appointed a storekeeper-gauger in the Second district about a week ago. His first assignment was to go to post in Barren county, a place which the revenue men consider next door to nowhere. Mr. Gunn's resignation has just been handed in."

The Republican convention meets next Saturday. The nominees for Representative and State Senator are well known. Lige Seaborn will be the candidate for the former office, and either J. W. Lunford, of Hopkins, or James Breathitt, of this city, will be put out for the latter.

Prof. W. S. Shackelford, one of Kentucky's famous artists, died at his home, in Clarksville Wednesday night at 9 o'clock. He was 75 years old. Mr. Jas. F. Garrity, who has for some time been connected with the express office in this city, has been promoted to run out of Montgomery, Ala. He is a clever and competent young man, and deserves the confidence and consideration of the company. His place in the local office will be filled by Mr. Boone McReynolds, of Newstead.

They are having lively times in political circles in Henderson. A special from that place Wednesday says: "War to the knife, and hell to the victor." The cry in the light between the prohibitionists and liquor dealers here. The latter in a secret meeting of their association, adopted resolutions boycotting all goods and services of the prohibitionists, and to-day boycotted J. L. Ruby, dealer in stoves and tinware, and the Roberts & Kitchell Tobacco Manufacturing Company. The fight is going to be a bitter one, and from now until election day in August, there will be no let up on either side."

Callis Telephone: The Nashville Iron, Steel & Coalbrook Company have contracted with several land owners in this county bordering on the Cumberland river for iron ore. Mr. G. A. Shoemaker, of Canton district, has been employed by the Company to superintend the raising of the ore. The work will begin in about two weeks. The Company will pay only 10 cents per ton, which, at first sight, appears to be an insignificant price, but when it is remembered if every owner of ore lands in Trigg county could sell their ore at ten cents a ton, there would be several hundred millions in Trigg. The Company will employ about 100 or more hands to labor, for which they will pay cash.

Tobacco Leaf: A reliable gentleman from Palmyra, states that a most remarkable monster has made its appearance in the Cumberland river. That point, several parties have seen it on various occasions and different opinions are expressed as to its genus. Some claim that it is a sturgeon, others that it is a shark, while our informant is decidedly of the opinion that it is a veritable whale. It is described as being eight to ten feet in length, with exceedingly broad fins and tall and measuring four feet between the eyes. It was first caught on a trot line and after playful pulling the fishermen from shore to shore a few times the monster quickly broke the hook and went its way rejoicing.

Mr. Nimrod Long, of the well-known banking establishment of N. Long & Co., died at his home in Russellville about midnight Saturday night. He was one of the oldest as well as the richest men in Logan county, where he was born in the year 1814, and where he has ever since lived his long and useful life. He was the founder of the Bethel College, and to his successful management of its financial affairs is due most of its success. His funeral services will be conducted at the Baptist church, of which he was an honored member, this morning at 10 o'clock by Dr. Broadus, of Louisville, assisted by Dr. Sears, of Clarksville, and Rev. S. M. Province, of Madisonville. Martin J. Bigwood, who was cruelly murdered at Edgelyville by one Hyland Skinner, a worthless, profligate character, a few days ago, was buried at Edgelyville. The funeral of this place, and a cousin of Mrs. J. E. Ruby and Mrs. Zeno F. Young. Bigwood was a quiet, unassuming man, and his murder was most cold-blooded and unprovoked. He left a wife and four children. In his death, and had not been arrested at Edgelyville, he would have been a great loss to the community. He was a man of business with the avowed intention of provoking a difficulty, and wreaking vengeance on him.

The Little Rock Clipper makes the following pleasant notice of a former citizen of this city: "Mr. E. F. Hendley, the decorative artist for Mills, Blue is doing a great deal of beautiful work on the bill boards about town in advertising the distinguished star he represents. Mr. Hendley's method of heralding the coming of Blue is novel and the designs he places upon the bill boards are original and so attractive that they catch the eyes of every passer-by. In some places he has Blue done in such a manner that the letters are so arranged as to be in great danger of being cut off or transposed in such a manner as to defeat the object of the artist who painted the scene."
