Fair Fulton

Fulton is a fine eight feet proud of its water supply. That from few feet from which samples admitted to the city water supply, says, in a purplish and up to the road standard.

The wholesale company in the water plant was thoroughly cleaned and tested for no more than the best and lowest price.

The purchase of the water plant brought a popular water for the lowest amount, but the future of the city's interest determined for many years.

The water is free of all costs, but for the present the best rate will be imposed for the first time.

The cost of the water will be billed to the city at a lower cost per gallon, and the city will be charged for the water supplied.

FINISHING TOUCHES TO ELDORADO FUTON CUT OFF BEING MADE

The Fulton End Has Practically Been Completed and Seaholmes and Mills of Slade LDed

The W. H. Noyes Company is to be congratulated on the completion of the underway bond. The Central cut off line is now the only route for the roadster and the railroads.

The work of the roadster was completed on the Columbia line.

Starting the work in January, 1925, the roadster, the railroad, and the railroads were completed on the Columbia line.

The work of grading, siding, etc., at the end of the line was practically completed on the Columbia line.

The work of the roadster was completed on the Columbia line.

STATE AGRICULTURAL COLLEGE DONATES TO Fulton POST OFFICE BUILD

The Agricultural College has made a donation of $500 to the Fulton Post Office, and the money will be used for the purchase of the Post Office building.

The officers of the Post Office Association, particularly Superintendents W. H. Noyes, M. A. Holm, and others, wish to express their appreciation of the donation, and will endeavor to make the purchase of the Post Office building as soon as possible.

FOOLISH SEASON IS HERE

The Fulton County Fair association has declared the Foolish Season is here, and will be open to all who have purchased passes for the event.

The association has the best water supply of any county in the state, and the municipal water works system has always been in good condition.

AIRDRIED CLOTHES

Do you realize what it means to receive a bundle of thoroughly washed and aired clothes from a "modern" power laundry?

It means that not the only remaining barrier between the housewife and the laundromat has been broken down. Because, now the modern laundry not only washes cleaner whatever the result of the drying that is done, but also dries at a lower cost. It's like having your own private dryer at home. And the best part is that you don't have to worry about shrinking or staining your clothes anymore.

The scientific application of air is drying agent in the Power laundry is accomplished by the perfecting of a new dryer, the Vorclone Drying Tumbler. This dryer uses the scientific application of air as both a drying agent and as a source of heat, which results in clothes that are perfectly dry and perfectly clean. The dryer dries clothes os by air, evenly and gently, in this manner they are never shrunk, discolored or left with a harsh feel.

The Vorclone Drying Tumbler in your laundry is the only drying tumbler that does not depend solely on heat to dry clothes; it is the missing link in an otherwise perfect laundry process. It provides a perfect combination of washing, drying and cleaning in one machine, making laundry day a breeze.

Be sure to see this wonder machine in one laundry anytime, and smell the clothes it dries, notice how fresh and sweet smelling they are.

The Advertised Article

One ExtraBuyer at a sale often pays the other fellow more than he is worth. The boy who pays more than he is worth is a customer; the fellow you want to make a sale is not a customer at all. He is a prospective buyer. To get a prospective buyer to pay the right price for a thing, he must be convinced that it is worth the price he is asked to pay. He must be convinced that it is better than any other thing he can buy. He must be convinced that it is just right for him.
In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business. If every person in this community were to use the stores only for emergencies there would soon be no more places to buy those urgent needs.

You should do your part to keep your local business alive and in a constant state of betterment by doing all your trading at home. It will be profitable to you as well as to the entire community.

FOOD LIKE YOU GET AT HOME.

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between main meals and the meals they get at home. That’s the reason they come here as frequently as to eat. Years of catering to the appetites of particular people makes it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

Hickman News

Hickman, Ky., June 21.— Rev. L. H. Hanks, who was pastor of the Christian church of Hickman for nine years, is leaving here just about three years ago, has taken charge of the Church of Christ in Union City, Kentucky. Mr. Hanks, who is interested in the work at Union City, is a member of the Board of Directors of the Christian church in Union City, succeeding G. W. Daniel, who went from Union City to Springfield, Tenn. Rev. Miley the Christian church in Union City. 

Crutche/filed, Ky. 
Mrs. Frank M., in giving up the office of Mrs. M. L. Johnson, the women's Christian organization class, on the 15th inst. had a surprise gathering in her honor. Miss O. J. Johnson is a member of the Baptist church and a member of that church. He more than doubled the membership while she was director of the Hickman church in her present position. 

Surprise Birthday Party 

Surprise birthday party for the 78th birthday of Rev. H. D. Davis, pastor of the First Methodist church, Hickman, Ky., was held in the city on June 15. Two of the Methodist women's circles had been organized, which had already been paid for, and after a few more careful investigations in Hickman was in session. On the opening of the church service, Rev. H. D. Davis received a number of cards from the women of the church. He more than doubled the membership while she was director of the church, making an excellent record.

Fulton Advocate

E. W. WILLIAMS

Fulton, Ky., July 28, 1925.

To the Editor:

Your letter of July 28, 1925, regarding the future of the Fulton Advocate, is somewhat discouraging. It is true that the news media have become more competitive in recent years, but I am not convinced that the Advocate is in serious trouble. The newspaper has a long history of serving the community and has maintained a loyal readership. I hope that the new owner will continue the tradition of quality journalism and community service.

Sincerely yours,

An Unfortunate Affair

RAYMOND CARVER TERRIBLE
BECOMES THE ROBBINS

The manner of the death of Mrs. Leonora Robbins,
who was shot down into a state of excitement Saturday
night when Raymond Carver,
the robust, brawny eighteen-year-old boy,
visited the home and killed the unfortunate girl,
was revealed to the public yesterday.

Reports say that Mrs. Carver,
who had broken for several months over her
husband's infidelity, was in a state of
euphoria when she entered the home and
visited the children. All
the children had finished
their dinner and were
playing in the yard when
she entered. She started
off with one of the little
boys and when interfered
with, while laughing with
him, began shooting.
None of the children
knew what was happening
and it may be that the shooting
more to disturbances and
not out of anything else.

Carver left the premises but was
soon apprehended by au-
other boy, who had been
walking around the
outside world to your midst.

First 24 Hours of Life
Baby's Hardest Time

THE FULTON ADVERTISER

The First 24 Hours of Life

Baby's Hardest Time

BY MABLE E. JOHNSON

Pharmaceutical literature emphasizes the fact that the
first 24 hours of life is the baby's hardest time. The
baby is born to the world, and the infant, for the
first time, has to become accustomed to the new
sensory impressions and new experiences it has to
face daily. The baby is an organism in the process
of adjusting to the world. It has to make changes in
its digestive system, its muscular system, its nerve
system, its blood supply, its respiratory system, its
circulatory system, its nervous system, and its
sensory system, and all these changes must take
place in the first 24 hours of life.
